MINUTES OF THE MEETING
OF THE
BOARD OF TRUSTEES
UNIVERSITY OF CONNECTICUT

Held at the University of Connecticut at Storrs
Bishop Center, Room 7 Storrs, Connecticut
January 8, 1993

The meeting was called to order at 10:35 a.m. by Chairman Rome. Trustees present were: Mrs. Carrozzella, Messrs. Altschuler, Blum, George Brown, Otha Brown, Canzonetti, Dowling, Lawrence, Leone, Mika, Saslow and Taylor.

Trustees absent were: Messrs. Carter, Ferrandino, Kleban, and Rich.

University staff present were: President Hartley, Vice President and Provost Tighe, Interim Vice President and Provost for Health Affairs Cutler, Vice Presidents Wiggins and Jones, Attorney Shapiro and Mr. McFadden.

All actions taken were by unanimous vote of the Trustees present, except as otherwise noted.

Ms. Kathy Usher from the UConn Development Office addressed the Board regarding the success of the solicitation for Nutmeg Scholarships.

Chairman Rome noted the passing of a beloved Trustee, Charles Stroh, and the Board observed a moment of silence in his memory. Chairman Rome then called upon Dr. Canzonetti who offered the following memorial resolution:

UNIVERSITY OF CONNECTICUT
BOARD OF TRUSTEES
CHARLES STROH
1972-1993

WHEREAS, our good friend Charles Stroh has served on the Board of Trustees since 1972, and;

WHEREAS, he has lent his personal expertise as a Trustee and has helped oversee the growth of the University of Connecticut towards its present stature as a major public research institution, and;

WHEREAS, he has served as a member of the Health Affairs Committee during his entire tenure on the Board and also as a member of the Special Committee on Herds;

THEREFORE, BE IT RESOLVED, that the Board of Trustees of the University of Connecticut marks with regret and deep respect the passing of a Renaissance man whose intellect and judgment, and compassion and wit were ever directed to the welfare of his

state, his University, and his community with patient, thoughtful, and sensitive leadership;

THEREFORE, BE IT FURTHER RESOLVED, that this resolution be spread upon the minutes of the Board with a copy sent to the Stroh family.

Chairman Rome reminded the Board that this meeting was a Meeting of the Whole of the Institutional Policy Committee, and turned the meeting over to the Chair of the Institutional Policy Committee, Trustee Altschuler.

Mr. Altschuler reported on the items discussed in the previous committee meeting. He then called upon Provost Tighe for his presentation regarding Academic Program Planning, Evaluation and Goals. Provost Tighe unveiled a process for planning and evaluating academic success at UConn that would offer external accountability through internal goal-setting and assessment. He described the process as the most complete model of its kind in the nation, one that allows faculty, department heads, deans, and administrators a substantive way to set individual and group goals, then measure progress toward meeting those goals. 7810 a

Provost Tighe's presentation identified the complexity of the University's mission and focused on three of the most important questions facing the University; i.e. its primary goals, progress toward those goals, and the meaning of excellence in teaching, research and service.

Dr. Tighe described a carefully developed model for measuring progress of academic programs towards goals in research, teaching and service, and identified a variety of strategies to be used which included the establishment of a set of advanced research centers. The Executive Summary of this presentation, listed as agenda Attachment A, is attached to the file copy of the Board minutes.

Chairman Rome, President Hartley, and members of the Board expressed their appreciation to Provost Tighe for his informative and creative presentation. Trustee Altschuler resumed the committee report which contained one action item.

On a motion by Mr. Altschuler, seconded by Mrs. Carrozzella, THE BOARD VOTED to approve the Creation of a Single Bachelor of Music Degree to Replace Three Existing or Discontinued Degrees. Background information listed as agenda Attachment B is attached to the file copy of the Board minutes. 7810 b

4. Chairman Rome advised that the UConn Marching Band, which had been invited to march in the Inaugural Parade to represent the State of Connecticut, had been successful in raising the necessary funds to finance the trip to Washington. The Chairman and the President thanked Dean Gray for his leadership in raising the necessary funds, and noted that many Connecticut citizens, individuals and corporations, also responded to the call for donations. Everyone is very proud of the UConn Marching Band, and looking forward to watching the parade.

B. The report of the President included the following:

2. The President shared with the Board his recent activities that included the following:
 - a. The annual Day of Pride dinner held recently to honor outstanding high school minority students was a very successful event. The University continues to be a leader in providing opportunities for the success of minority students.

January 8, 1993

- b. President Hartley reported that he and Chairman Rome had met with the Governor recently to convey the needs of the University. President Hartley also attended a reception at the Governor's residence recently during which he was able to speak with others in State government about the needs of higher education.
 - c. Throughout the Christmas break, President Hartley has been working on the biennial budget. On December 23, the President met with Secretary Cibes to discuss UConn's needs and budget planning for the the biennial budget for 1994-95.
 - d. The President reported that he had attended the first lecture given by Professor John Davis, the chairholder of the Emiliana Pasca Noether Endowed Chair in Modern Italian History at the Historical Society Building in Hartford. Lieutenant Governor Fauliso and other government officials were also in attendance.
 - e. The Alumni Association hosted an orientation for new and alumni legislators on campus on December 10. President Hartley noted that he appreciated legislators visiting the campus personally to discuss the needs of UConn. The President expressed his thanks to Chairman Rome and the Trustees who attended.
 - f. President Hartley reported that he continues to Chair the New England Council of Presidents, a group which is made up of the six land-grant university presidents, which meets monthly to review issues relevant to public higher education.
3. The President called Trustee attention to a very brief update on the budget for fiscal year 1994 which had been distributed to Trustees. President Hartley noted that it was not designed to be a comprehensive document, since we have not yet received the Governor's budget and do not know what the Governor's recommendations will be.

President Hartley noted that we are anticipating a shortfall of approximately \$14.5M dollars. Most of that amount is the 1993 shortfall built into next year, plus the allotment recision which we received this year. Our actions continue to be those authorized by the Board which include a draw down on cash balances, a proposed tuition increase of 10%, a continuation of a hiring freeze with selective exceptions, and a target of \$14.5M in recommended cuts by the Provost's Program Review Committee. The

recommendations of the Program Review Committee are expected by February and will be widely distributed.

The Governor will present his budget on February 3, and UConn administrators will continue to keep everyone informed of the implications of those recommendations for UConn.

An additional handout, a newspaper article, which linked state funding with enrollment, emphasized President Hartley's concern for the possibility of decreasing enrollment. Also attached was a cumulative summary of lost dollars and positions. In the past five years UConn has lost \$50M dollars in current services general fund dollars and 18% of its faculty and staff.

The President concluded by reiterating that UConn is the best investment that the state has, and we deserve general fund support both at the University and at the Health Center.

- C. The report of the External Relations Committee was presented by Chairman George Brown and included the following items:
1. The Committee met on December 15 and heard a status report from Scott Brohinsky, Director of Governmental Relations, on the Husky license plate bill.
 2. The remainder of the meeting was devoted to a report presented by Roger Thalacker, Director of the Alumni Association, from the committee on a magazine for parents, alumni and friends of the University. The Magazine Committee recommended the following:
 - a. that a University magazine be distributed twice each year to parents of students, alumni and friends of the University. The magazine should be similar to the quarterly publication now being produced by the Health Center, and the cost for producing such a publication should not exceed \$40,000 per issue. The External Relations Committee would serve as the editorial board.
 - b. Mr. Brown requested that Board members give consideration to this recommendation from a concept standpoint. He indicated that with the Chairman's approval and direction, the committee would bring a detailed recommendation to the March Board meeting for action.

January 8, 1993

Mr. Brown emphasized that the production of this publication would not be carried out at the expense of other publications already being produced. He indicated that this action would be a proactive step in recognizing Trustee responsibility for supporting development efforts at the University.
