ASSEMBLY COMMITTEE ANNOUNCES SPEAKERS

REV. JONES OF MANSFIELD ON "AFRICA" NEXT WEEK

List includes Many Interesting Men
—Victor Biart to Return March 11
—College Players on Roster.

Although the Assembly Committee is not yet able to outline all the speakers for the coming semester, it has already secured a very attractive schedule.

On February 18, Reverend Jones of Mansfield will talk about the customs and manners of the inhabitants of South of this well known region. He has traveled widely, particularly in Africa, and is therefore well versed in his topic. February 25 is still an open date.

On March 4 Professor J. W. Toumey, a member of the Yale Forestry School, will talk. He is a speaker of some note and intends to include in his lecture not only the technique of forestry, but the great out-of-doors.

On March 11 Victor Biart, the accomplished musician, who so ably interpreted Grieg at President's Hour this week, will come again to give "An Interpretation of Macdowell". Macdowell is already acclaimed as America's greatest composer.

On March 18, the College Players, who need no introduction, will again entertain with one of their one-act plays.

Doctor Denlinger, who arranged the interesting and instructive program of speakers last semester, is certain of the engagements with those men already mentioned and is at present corresponding with Frank Tannebaum, the nationally known sociologist, with John Lomax of Kentucky, whose subject is "Negro Spiritualists"; and with Clement Wood, the poet, who might come here in May.

DEBATING NEWS

The Debating Club has passed from its period of darkness into a state of renaissance. Its members are recognizing and instilling a new spirit and interest in the club as well known activity. Debates with Springfield College and with Rhode Island State College have been arranged, and plans are now under way for a debate with Clark University.

The Club is very anxious to give all students who are interested in debating a chance to participate in one of these debates, and urges all candidates to come to the next regular meeting.

The time of this meeting will be posted on the bulletin board of the Main Building.

GAMMA CHI EPSILON

In a few weeks the election of Juniors and Seniors to Gamma Chi Epsilon, the honorary scholastic fraternity at Connecticut will be announced in the weekly assembly.

The election of a man to Gamma Chi Epsilon signifies that he has stood well up in his classes beginning with the senior freshman year. There is second consideration determining whether a man will be entitled to wear the coveted key is his character. The third consideration is of the activities in which the student has participated outside his schedule of classes.

The three factors listed above are weighed and compared in the process of determining members; so that the election is somewhat automatic, based on merits, and leaving out personal prejudices.

It is considered that election to Gamma Chi Epsilon is one of the highest honors a student can receive from his fellows and should be the aim of every freshman in college. The key cannot be won by a final spurt in the junior or the senior year but must be gained through consistent plugging and participation in activities starting in the first year in college.

The fraternity is not one for mutual admiration, but one which has for its purpose the furthering of activities in the interest of the college. A cup has been awarded each year to the fraternity on the Hill having for its entire membership the highest average in scholastic standing. Also, each year there is a scholarship to the junior having the highest rating based on scholarship, character, and activities.

Let it be added in conclusion that the men who win the honor of the key are not often, in fact are seldom brilliant students or sensational speechmakers, but are consistently good students and dependable men in activities.

SEVENTEEN REGISTER FOR SECOND SEMESTER

School and Co-eds Claim New Students

Attendance Increase Slight—Co-ed Students Show Largest Gains—Many Former Students Back.

Registration for the second semester shows no great increase in the attendance at Connecticut, for the number of new students, or returned former students, barely equals the number of those who have been dropped since the beginning of the year. Complete figures are not available at the Secretary's office at this early date.

There have returned this semester five former students. Four of them are in the Science division: Salvatore Listro of Hartford, Benjamin Glazer of Stanford, Burrows R. Park, Jr., N. Stonington, Edward A. Collins, of Branford, and Donald Barrett of Hartford.

There are only three male additions to the freshman classes:

Waldo W. Kuhl of Lawrenceville, Pa., Science.

Edward S. Walford, Montreal, Canada, Agriculture.

Frank C. Whitney, Jr., Hartford, Science

The most important addition to the freshman class is Edward S. Walford, Montreal, Canada.

LITERARY ANNO\i\ses

INTERESTING BOOKS

APPRECIATION INCLUDED

Books Chosen by Specialists.—General Books Also Included.—Many Fields Covered in Long List.

From the library comes the announcement of a long list of new books recently added in the interests of the entire body. They have been selected by specialists and should be reviewed by them. The books pre dominate in the fields of agriculture, science, economics, and education. A few others of general interest have been added.

The story of "The Little French Girl" by Anne Sedgwick is slight in plot and light in touch. But it is beautifully and sympathetically told and delights discriminating readers. The charming French girl, Alix, set down in the midst of a sturdy middle class English family, and the graceful English lad, Miles, who returns her with her vivacious and aristocratic even if somewhat un-Portuguese mother, makes an unusual study of contrasts. Mrs. de Selincourt is at home both in France and in England, and carries her readers with her.

Forster's "A Passage to India" is a strange book and a strong one. It is written with a genuine motive, a presentation of a genuine theme, and is very well written.

The following will attend the formal:

Alpha Gamma Rho
Raymond Keeler, '25, with Miss Margaret Root, Belmar; William K. Schofield, '27, with Miss Lily Larsen, Greenwich; Homer Hadley, '27, with Miss Catherine Charters, Waterbury; L. Richard Belden, '27, with Miss Margaret Demander, New Haven; Donald Young, '27, with Miss Florence Wilkes, Meriden; Arthur Lorentzen, '27, with Miss Henrietta Castle, Plainville; Revere Beebe, '25, (cont. on page 4 col. 3)
CAPT. BALOCK AND COMPANY
OVERTHROW CLARK UNIV. 42-26
WORCESTER TEAM WEEKENED BY LOSS OF VETS

Captain Baylock is High Scorer of the Game with 16 Points—Aggies Jump to Lead and Hold it Throughout—Form Best Seen This Year—Five Man Defense Responsible for Clark's Low Score.

Playing in rare form, Captain Baylock and his mates overwhelmed Clark University at Worcester last Saturday night in basketball with a 42-26 score. The game marked the half-way point in the Connecticut schedule, and the offensive work of the team was the best seen in some time. Captain Baylock played a game that was easily his best of the season, and the Clark team found it impossible to stop him.

The Worcester team did not give the Aggie quintet the close game that was expected, as faculty rulings on two of the Clark stars, and the withdrawal from college of a third left the team greatly weakened. Although their score indicates a wide margin of superiority in favor of the Aggies, the game was hard fought throughout, and the Connecticut five earned all that it made.

Taking the lead at the start, the Storrs team held it throughout the game, and the Clark team never seriously threatened the Aggies advantage. Captain Baylock scored early and often, and ran wild through the Clark defense throughout the entire game. Eddy, Makofski and Baylock started things for the Aggies in the early minutes of the fray, and at the end of the first ten minutes of play Connecticut was out in front 15-4. Connecticut maintained its lead throughout the first session and at half time was leading 20-11.

In the second half, Clark came back fighting desperately, but they were unable to penetrate the Connecticut five-man defense to any great extent. The Aggie attack, however, swept on as before, with Captain Baylock, Eddy and Makofski doing the bulk of the work. The diminutive Aggie captain gave a pretty exhibition of clever floor work and passing which fooled the Clark guards time and again. Connecticut maintained its lead over the Clark five and in the closing minutes of play, speeded up and started what had all the appearance of a runaway. The Aggies were piling up the points with great regularity, and the final whistle was all that saved Clark from a still greater defeat.

Five score for Captain Baylock was the high scorer of the game, making 7 baskets from the floor, and 2 from the goal. (Cont. on page 3 col. 1)

VARIETY AT MASS.
AGGIE NEXT WEEK

Ninth Game of Season Expected to be Close—Many Students to Follow Team.

The Variety will travel to Amherst next Wednesday to play what shapes up as one of the toughest games on this year's schedule. "Kid" Gore's Massachusetts Aggies will be met on that night, and without a doubt the game will be the most severe test of the Connecticut five up to the present time.

On the face of things, it would seem as though the Massachusetts team had the advantage for the Aggies, if comparative scores are to be considered. Massachusetts Aggies defeated the Wesleyan quintet on its own floor at Middletown, shortly after the Red and Black had given the Aggies their first set back of the season here at Storrs. This might be taken as an indication of superiority on the part of the Bay Staters, but Captain Baylock and his men are conceding nothing to the Amherst collegians. A win over the highly rated Massachusetts farmers at this stage of the game would send the Connecticut stock soaring, and the Aggie five will be out to play the game of the season Wednesday.

The Mass. Aggie team has played 10 games to date, winning 8 and dropping 2.

The most noteworthy win of Gore's team was that over Dartmouth at Hanover, when the Intercollegiate League leaders were defeated by a 11 point margin. Other teams that fell before the Bay Staters are Trinity, Clark University, New Hampshire, Norwich, Williams, Wesleyan and Northeastern. Games were lost to C. N. Y. and Harvard.

NEW LONDON HIGH TEAM
VICTORS IN CLOSE GAME

In view of the change in the regular line-up, Connecticut was no match for Longfellows, and the Aggies were out of the game before the half had finished with a record of 15-13 for Connecticut. Good shooting and skillful passes on the part of the "robes of New England" reversed the score in the third quarter and, although the co-eds fought (Cont. on page 3 col. 1)

CAPT. HADLEY AND HIS MATES
CONTINUE THEIR UNDEFEATED SEASON

FROSH WIN FROM WESTMINSTER AND SPRINGFIELD

Coach Alexander's Charges Show Excellent Teamwork and Good Form.—Clever Passwork and Close Guarding Features Both Games.—Run Up Score on Westminster but Springfield Win is Close.

In a thrilling game Wednesday night, the freshman quintet chalked up its sixth consecutive victory by nosing out the Springfield College yearlings with a 24-21 score. The game, though clean and well played, was a battle royal throughout, with neither team showing any decided advantage. By winning Wednesday, the Aggie yearlings are still undefeated, and their brand of play as displayed against Springfield was easily the best shown during the season.

Springfield scored first when Nor­dyke sank two from the free throw line, and followed with a double-decker. Menlo posted a wide lead in the first quarter, the Aggies maintaining their lead but scoring only 3 and 4 points respectively.

Westminster made its score at the end of the first period, winning 8 and 12 points respectively.

The most noteworthy win of Gore's team was that over Dartmouth at Hanover, when the Intercollegiate League leaders were defeated by a 11 point margin. Other teams that fell before the Bay Staters are Trinity, Clark University, New Hampshire, Norwich, Williams, Wesleyan and Northeastern. Games were lost to C. N. Y. and Harvard.

Field Foul Tot.
Hadley rf 5 1 11
Eddy rf 12 2 27
Williams e 3 4 7
Hiller lg 1 0 2
Donahue rg 0 0 0
Bigtoe if 0 1 1
McKnight if 21 4 26
Springfield loses 24-21

In this period the score was tied and at half time Connecticut was leading 12-11.

Springfield came back strongly in the second half, but not strong enough to overcome the slight advantage that Alexander's men were showing at this time. The Aggies maintained their lead, but at no time were they more than 3 points ahead of Springfield, and most of the time but 1 or 2 points separated the two teams. In the closing minutes of the game, Springfield resorting to long shots in an attempt to come from behind, but to no avail.

For Connecticut, the work of Captain Hadley on the offense, and the guarding of Hall and Donahue was a feature. Connecticut's guards were at a great disadvantage in playing the tall and husky Springfield forwards, but they overcame this disadvantage to a great extent by their hard playing.

James and Nordyke showed to the best advantage for the Physical Directors, scoring 8 and 12 points respectively.

Referee, Callaghan, Windham High: score at half time, Conn. Freshmen (Cont. on page 6 col. 4)
Juniors Still Lead Interclass Basketball

Sophos Close Behind and Pushing the Leaders Hard—Fresmen Still in Cellar Berth

As a result of the game played in the interclass league Monday night, slight changes in position have been made by the teams entered. The juniors retained their grip on first place by defeating the School of Ag. 17-10. The School dropped down to third place as a result of their defeat Monday. The sophomores, by defeating the freshmen, now have the undisputed right to the second position in the interclass race, and on the face of things it would seem as though the final battle for high honors will be between the juniors and sophomores. The freshmen are present in the cellar, and unless the yearlings show an improved standard of play they are likely to remain there.

Dates for Inter-Frat Tournament Set

Pool Tournament to Start February 16—Bowling Starts March 4—Last Year's Champs Out to Win Again.

The interfraternity pool and bowling tournament will start on February 16 when the first pool match will be played between representatives of the Phi Mu Delta and the Alpha Gamma Rho fraternities on a neutral table. On the 19th the Eta Lambda Sigmas and the Sigma Phi Gammas will meet, with the winner of this match playing the winner of the Phi Mu Rho match on February 27. The evening of the 20th will see the Phi Ep and the Shakes cross cues with the victor, meeting Alpha Phi on the 26th. The final match will be played off on the night of March 2.

Before the chalk dust of these battles blows over, the patrons of the wooden pin will take the stage, with all games being rolled on the alleys of Hawley Armory. As is the custom the freshmen will act as pin boys. The first match will be on March 4 between Sigma Phi and Phi Ep, and the Shakes and Phi Mu will follow it up on the 6th. The X-Rhos will keep the balls rolling on the 9th, while the winners of the first two games will meet on the 11th. The winner of the X-Rho encounter will roll against the Alpha Phi boys on the 12th, with the finals being rolled off on the evening of March 16.

The Alpha Phi boys, champions of both leagues last year are determined to repeat, but the other fraternities are just as determined to get their hands on a cup or two. The action will start on the 16th of this month with no admission charged. Every Aggie is welcome to come and see the boys do their stuff.

FOR
ATTENTION! STAGS!

It has become the custom for a large number of stag's to make a club-room of the hallway leading into the Armory, at the time of the formal dance. Many times these stag's are poorly dressed, their cigarettes fill the lobby with smoke, and their language is not of the best. These things tend to cheapen the dance; and what is more important, they make it very embarrassing for the women who have to pass through this hallway in order to meet their waiting partners. Naturally everyone likes to listen to the music and view the colorful spectacle; but if you are not attending the dance, the proper place to watch stag's upstairs on the rear of the Armory and NOT in the entrance to the Armory.

CRIBBING

Perhaps the prevailing educational system is most open to criticism for its failure to make the student do original work. Facts are handed out to him in lectures and all that is required is that he memorize and repeat them parrot-like in a little blue book at exam time. Students are as well as faculty, naked in their efforts. Only by efforts of the student can real education be achieved.

Students, themselves, defeat the real purpose of education when they "crib". If they would stop to think for a moment, they would realize that by "copying" they do not in the long run deceive anyone but themselves. When they get out into the world, they will have to deal with the goods or fail. There is no alternative. "Crib-cards" will then be of no value to them.

To use a " crib-card" and slip one over on the prof may appeal to the curious nature of some students. However, it is a poor way to get a kick out of life. "Cribbing" substitutes deceit and dishonesty for real effort; it weakens the moral fibre of the offender and hinders the obtaining of a true education. But above all this, the "cribber" is cheating his classmates who do not stoop to such tricks. He has shown little in his esteem. In fact, in college where men are supposed to be men, the "cribber" should have no place.

MEDIATOR SETS SECOND SEMESTER PLEDGING DATE

The second semester fraternity rushing season is now in progress and will continue until the last Friday in March. While of course the rushing is not carried to the extent it was during the first part of the year, it nevertheless gives the seniors a chance to look around for prospective members whom they missed.

Pledges this year will be given out on Friday, March 27.

The CP notes with pleasure that we have two future Aggies who are not as yet registered at the Secretory's office. Nevertheless, well and thriving. We feel proud of them and extend sincere congratulations to the proud parents.

A short visit to the Armony the other afternoon convinced the CP that the art of Self-defense is not lost by any means to the Aggies. Woe be unto the brawling idiot that crosses our Aggie for an easy mark! The Aggie is a man of the underworld as well as the social world; he is a man amongst men.

The poultry team placed the college on the map in the world of rea for the last three months. Most of the cups which the show furn were. In the old days, they might have had a bit of use for them, but since the advent of Volstead, we suggest that they be used as punch containers.

The "outcasts of Skipper Johnson's and Ma Brown's" are actually enjoying their cogne and evidently think that a full stomach is a sufficient reason for abandoning the "Palace of Nutrition." They too have a caste system which is comprised of intelligent and dumbest. These men are "tapped" at the Prom of their junior year and their identity remains unknown until the year following when they again appear at the Prom wearing a red ribbon across their breast.

Of the honors that Connecticut can bestow upon a man, this one is the greatest. Freshmen and sopho­ nomere cannot wait until their junior year to enter activities and then expect the prized distinction of being tapped into the Druids. It is necessary that you start early in your college career to show that you have the essential qualities of leadership before you can hope to be one of the chosen seven.

CLASS DUES

It is said that money is the root of all evil. And that statement may be true! But let us not forget that the root furnishes the means of continuing the life of nearly all organi­ tions. Classes prove to be no ex­ ceptions to this rule for they need a definite amount of money to carry on their activities.

Due to reasons, another the class treasurers, from senior to freshman, are having difficulties this year in collecting class dues. At the most, class dues are only a few pennies a month if they are kept paid up. The treasurers cannot be ex­ pected to spend their time in continuously seeking you out to collect what you owe. Let us all give our respec­ tive class treasurers an even break from now on by keeping our dues paid up.

(Cont. from page 1colm.)

The CP believes that they will compare favorably with the fair im­ portance. "Familiarity breeds contempt" but it is not the case when we call on the residents of Holcomb Hall to take care of our fair impor­ tees and cultivate their good whims.

We again cry "on with the dance and let joy be unconfined." We have no charging army to contend with, but we have the problem of a cut­ charging faculty. We care not "if we spill a few grains from the sack, or a few drops from the cuse", for these are the price of our happiness.

Winning the West

Irrigation by electrically driven pumps has made hundreds of thousands of acres of desert land in the Intermountain West blossom like the rose.

For a few cents a month per acre, electricity—the giant worker—brings the life-giving water from distant lakes and rivers to rainless valleys, producing rich harvests of fruits and vegetables, cereals and forage.

What electricity is doing for the farmer is only a counterpart of what it is doing for Industry, Transporta- tion, City and Country life or any of the professions. It is a tool ready for your use and which, wisely used, will make the impossible of today an accomplished fact tomorrow.

How electricity does these things is important to the student in a technical school—but what electricity can do is important to every college man or woman, no matter what their life's work may be.

Probably Your Prof. . . .

has some cows of his own. If he has, you can bet he's feeding them for the largest milk production consistent with good health and economy.

Because he knows how to feed cows; the chances are that his grain mixture is getting considerable protein from one or both of these economical sources:

Diamond Corn Gluten Meal
and Buffalo Corn Gluten Feed

Ask him anyway. When you're an alumnus, with your own milking herd, you'll do well to follow the feeding methods your Prof. uses now.

RIFLE TEAM HAS BUSY SCHEDULE

Four Important Matches in Next Two Months—Rhode Island Here on February 28—William Randolph Hearst Match on April 15.

With hard work on the part of the College Rifle Team and its coaches, the team is now coming into shape for four important matches to be held at different dates throughout the present month and April.

The first of the four matches will be a three countered match with Nebraska and Washington, to be held some time during the latter part of the week ending February 21.

On the afternoon of February 28, the team will fire a shoulder to shoulder match against a picked team from the Rhode Island State College. The match will be held on our own indoor range.

The third match to be fired at some date before April 15 is the William Randolph Hearst match. This is a national match under the supervision of Mr. Hearst and in which there is much competition.

The last meet, the date of which is not yet definite, is the Corps Area match. This meet will involve nine competitive teams, the winner being entitled to shoot in a national match.

We offer below what we believe to be a harsh but not entirely unjust criticism of the American colleges to-day.

Speaking before a group of freshmen recently a prominent member of the student body characterized the successful college career as one in which the undergraduate cultivated a wide acquaintance on the campus and devoted himself largely to the pursuit of extra-curriculum activities. College undoubtedly, is the place to make those friendships which will endure and mean something all through life, but that campus activities should rightfully form so important a part of the undergraduate life as they seem to do at present we do not agree.

The college was originated back in the Middle Ages as a place of study and research. Since that time, however, it has gradually been growing more and more to resemble a playground. Athletics, college newspapers, musical clubs, usurp the time which should really be spent in study. We do not believe that extra-curriculum activities in themselves are harmful, we do not believe that they should be abandoned, but we do feel that they should be indulged in with moderation.

The situation on this campus today is such that the student who devotes the greater part of his time to class work and private reading is looked upon as a "grind." The modern American undergraduate has forgotten why he ever came to college in his adoration for the stalwart athlete and the "big man around college."

JUNIOR GIRLS HOSTESSES
IN ABSENCE OF SENIORS

Valentine Party Proves Attractive
Event—Fine Menu Served—Sopho-
mores as Waitresses.

While the seniors are away prac-
tice-teaching, it is the custom for the
junior girls, in honor of their being
the house leaders, to give a party. On
Wednesday evening the co-eds of '28 entertained their men at a dinner
and social.

The guests were received in the
large living room of Holcomb Hall.
At six o'clock the couples adjourned
to the assembly room which had been
transformed into a Valentine bower.
The table was placed beneath lan-
toons of hearts and cupcakes. Covers,
with heart-shaped place cards, were
laid for ten couples. There was much
laughter and joking over the favors,
bun-bons, and comic valentines that
decorated the table. The delicious
menu, which was prepared by the
girls, consisted of fruit cup, escallop-
 celery, rolls, ice cream, hearts of
thy Hughes of the sophomore class

A. C. Aggies.

The Glee Club, under the direction of
Mrs. Farrell, has been rehearsing
faithfully in preparation for the mu-
ical program to be given the night
after the Co-ed Formal. There is a
good deal of secrecy about the actual
program which will be given, but it
is whispered that it is to be a depart-
ure from former customs, in that it
is to be presented in a novel way. The
performance will last about one hour.
At present the Glee Club has an
enrollment of twenty-five. This is
an improvement over last year in
the quality as well as the number of
singing voices. The officers this year are:
President, Christine McMenemy; Vice-
president, Hildur Scholander; Secret-
tary and Treasurer, Priscilla Swan;
Librarian, Jildred Carlson.
Miss Margaret Demander has been
appointed pianist, and is doing much
toward helping the club with this
musical program.

SWIMMING MEET AROUSES
LOWER CLASS RIVALRY

Sophomores Defeat Frosh 19 to 11—
Many Events Add Interest.

The girls' interclass swimming
meets, arranged by the Co-ed Athle-
tic Association, are arousing keen
class spirit. In the recent contest
between the freshmen and the sophs,
the latter captured the honors, scor-
ing 19 units against the freshmen's
11. The order and results of the
events follow.

The freshmen won first and second
place in the long distance swim. In
the second event, under-water endur-
ance, '27 made first and third places
and '28 third place. The sophomores
took first place in the plain dive. The
final event, the backward swim, re-
sulted in the frosh capturing first and
third, and the sophomores second
place.

The girls who did especially com-
mandable work were Lille Larson, '27,
Priscilla Swan, '27, Fayette South-
wick '28, and Ruth Watrous, '28.

GOTHIC SQUAD TO MEET
AGGIE QUINTET

When the New York University
girls basketball team steps out on
the floor of Hawley Armory at two-
ثرity on February 21, they will be
welcomed with a boom—Ah—Aggie in-
stead of a Root-te—toot. The cheer
leaders for the game will be Sallie
Croll, '27 and Flora Kaplan, '27, who
have been organizing a cheering sec-
tion that should show some genuine
enthusiasm.

As yet the players for the day have
not been picked, but it is probable
that the old dependables will be on
deck and that the open positions will
be filled soon enough to constitute a
permanent team so that C. A. G.
Coeds can send out a confident an-
tette.

The N. Y. U. visitors will be en-
tertained over the week-end by the
local manager, Peg Hutton, '29.

SUNDAY SERVICE

The service of the Storrs Community Church on Sunday, February 8, was attended by a large number of the faculty and students.

Mr. Alling devoted a portion of the service to the Legend of St. Christopher, given as a story-sermon for the benefit of the children of the community. The remainder of the hour was given over to the topic, "Patience in Preparation for Leadership." The interesting fact was noted, that the Bible has all personal contrasts made to the farmer. He stated that the cultured man and the one who could properly conduct himself about his own home and with his own family, was bound to make a success of anything he attempted.

Rev. Emerson Taylor, Educational Secretary of the Episcopal Church for the Province of New England, will preside at the pulpit on February 15.
