RED OWL MYSTERY REMAINS UNSOLVED

INSANITY CLAIMS SLIGHT

Demonic Ravings May be Clue—Campus Puts New Man on Case—Solution of Enigma May be Within State College Players.

The mystery of the red owl remains unsolved. The efforts of the campus to find the key to the puzzle received a severe setback last Saturday night when the detective who had been working on the case, in his dosing, followed a suspect into Hawley Armory and who, after about ten minutes of the movies, was carried tenderly from the hall, sobbing and struggling. Prominent doctors have pronounced him incurably insane.

The exact cause of the tragedy is unknown. It is reported by those who were closely in touch with the detective's work, however, that he was on the verge of making a final report and that he lacked only scattered bits of evidence. He is alleged to have been nervous in a highly nervous—almost pathological condition. It had been his biggest case, one of the most cryptic and unintelligible that any detective had ever been called upon to handle. Its solution would have placed him in the front rank in detective circles and brought him international fame. But it misled him into discrediting his own work.

And his work died with the death of his marvelous brain, for the great man worked alone.

But the work of the world must go on in spite of personal tragedy and misfortune. As soon as the news that the detective was hors-de-combat reached the campus office, a new man was immediately put on the job. From listening all through the night to the demoniac ravings of the sick detective, he made a man to deduce along what general lines the work had been going on. Among the disjointed bits uttered the names "Seckerzon" and "Tilley" and the date "May 9" occurred again and again. It is thought that the ultimate solution of the enigma may be found to lie somewhere with the organization of the state college players.

SENIORS APPEARED IN CAPS AND GOWNS

Following the custom inaugurated by the Class of '24, the seniors marshaled into Assembly Wednesday morning wearing their caps and gowns. It was a sight that should have earned the stamp of approval of the gods. One thing was lacking—the occasion (Cont. on page 2 col. 4)

DOCTOR S SINTNOT AND DUNN AUTHORS OF NEW BOOK

"Principles of Genetics" Title of Recent Work.—Book Follows Present Genetics Course.—Has Many Valuable Features.

"Principles of Genetics" is to be the name of the book now being written by Dr. E. W. Simnott, Dean of the Division of Agricultural Science of the College, and Dr. Dunn, geneticist of the Storrs Agricultural Experiment Station, which will be published in the early fall. The book will be completed in a few days and will be sent immediately to the publishing company.

This book will deal with material which is similar to the course in genetics as it is now offered by Dr. Simnott, and will contain knowledge of the laws of variation and inheritance and problems involving such knowledge. Attention will also be directed to human heredity and eugenics.

At the end of each chapter, there will be a summary of the chapter and several problems which involve in the course is almost direct application of the laws with worked

COMMITTEE ANNOUNCES JUNIOR WEEK PROGRAM

COVERS THREE DAY PERIOD

Junior Parade Opens Festivities—Junior-Senior Banquet Thursday Night—Two Ball Games and Track Meet to Entertain Visitors.

Junior Week, the greatest event of the year, is nearly here. The affairs promise to be as colorful as ever it has been and with fraternal committees working in close cooperation with Mr. James Conkin, chairman of the decorating committee, Hawley Armory is sure to look its best for the finest occasion of the year.

All plans for the Week are practically complete. The Junior Week Executive Committee announces the following program of events:

Thursday, May 14

Junior Parade 2:30 p.m.

Baseball—Clark Univ. 3:00 p.m.

Junior-Senior Banquet 7:30 p.m.

Friday, May 15

Competition Drill of R.O.T.C. Units 8:00 a.m.

Baseball—Rhode Island 1:00 p.m.

Track Meet—New Hamp. 2:30 p.m.

Junior Prom 8:00 p.m.

Saturday, May 16

Distribution of Nutsmegs 9:00 a.m.

Tea Dance 2:00-4:00 p.m.

Junior Play 7:30 p.m.

The baseball team will have the honor of opening Junior Week, on Thursday afternoon at 3:00 p.m., when, after the Junior Parade, and the presentation of the Horse Shoe to Capt. Ahearn, it will play Clark University with that unquenchable spirit which prevails throughout Junior Week.

At 7:30 p.m., the seniors will be the guests of the juniors at a banquet (cont. on page 5, col. 1)

LIEUT. BUNTING TO FILL R.O.T.C. VACANCY

L.T. PASSMORE LEAVES POST

Captain C. R. Crim to Remain Another Year—Newcomer Graduate of Southern Collegiate Institute—Three Men Served in Germany.

Lloyd D. Bunting, First Lieutenant in the 5th Infantry stationed at Fort Williams, Portland, Maine, will replace Lieutenant George H. Passmore of the local unit, who has been granted leave of absence to take the officer's course at Fort Benning, Georgia. It is the policy of the War Department to change only a part of (Cont. on page 3, col. 1)

ELECTIONS

Next week the members of the student body will cast their ballots to elect for the ensuing year the officers of the Student Organization and the Athletic Association. Undoubtedly, there will be several men nominated for each office and in voting for the nominees each student will need to carefully consider the candidate’s particular qualifications for the office he has elected to serve government next year.

The following officers, for the second semester, were elected at the last meeting:

President: W. S. Belden, '27
Vice-President: Iren M. Cooke, '25
Secretary: C. E. Demond, '27
Treasurer: J. R. Jacoby, '25
Editor-in-Chief: George Warack, '25
Assistant Editor: C. J. Diemand, '25
Business Manager: A. G. Grady

JUNIOR WEEK

Students should not be too hasty in condemning the attempt of the faculty to find a more suitable date for Junior Week next year. Though we may on first thought not favor a change, we cannot lose sight of the fact that we are here in college primarily for our studies, and of course, it is the duty of the faculty to so regulate social activities that they will not interfere with classroom work. Junior Week is, occurring as it does about the middle of May, comes at a time when, judging from past experiences, the letting up on study practically means the breaking of the morale, and the consequent result that little or no work is accomplished during the last few weeks of the college year.

The three plans for a change have been suggested. One is to have Junior Week come at the beginning of the second semester as it does in a large number of colleges. The Mid-Year Formal would thus be eliminated but a Senior Prom would take its place. Another plan is to have Junior Week after the Mid-Year Formal. And still another plan is to have Junior Week activities come at Commencement, which will help the much needed elaboration of the Commencement festivities.

Each of these plans has its weakness as well as its good points. However, it is time for a change to be made and one of these plans will have to be adopted. Think these plans over, talk them over, and when the time comes to act there will be a crystallized sentiment in the student body.

Glee Club Tenders Party to Mrs. Farrell

Gift of Appreciation Presented During Evening—Club Left Without Advisor.

Last Thursday night the members of the Glee Club met for the last time with their coach, instructor and advisor, Mrs. M. J. Farrell. For the last four years, she has been under her instruction, and it is due to her untiring efforts that the club has grown to its present organization.

To show their appreciation for the services rendered to the club, the girls gave a surprise Cocoa Party, at which Mrs. Farrell was presented with twenty-five dollars in gold, and an electric toaster. Although this hardly can repay Mrs. Farrell for all that she has done for the organization to the club’s problem, but her whole hearted spirit remains, as can be seen in her offer to help the club at any necessary time.

To close the year the club is planning to give a picnic some time in the very near future, probably after Junior Week.

JUNIOR WEEK TEA DANCE

IN CHARGE OF CO-EDS

From Orchestra to Furnish Music—Decorations Simple and Dance Informal—Refreshments Served During Afternoon.

The junior girls are doing their part in preparing for Junior Week activities by planning and making all arrangements for the Tea Dance which is given on Saturday, May 17, from three to five.

The orchestra which plays for the Prom will also be on hand for the Tea Dance. The dance will be informal to all.

The decorations will be very simple and all personnel will probably be asked for the privilege of using the furniture which they use in their own boxes after the Prom.

Refreshments in the form of punch and cakes will be served during the afternoon. The committee in charge is made up of Miss Helen Grant, chairman, Miss Margaret Hutton and Miss Carrie Main.

Plans are being made for competition drill on May 15. This has become an important feature of Junior Week for the past few years. There will be competition between companies, platoons, squads and individuals with an award of medals for the best freshman and for the best squad leader, and cups awarded the best platoon and the best company. This drill will take place in the afternoon of the last week and it will be watched very closely.

(Cont. from page 1 col. 1)
the personnel of the unit at one time in order to retain continuity and efficiency, therefore, Captain Crim will remain with the unity for the coming year. Lieutenant Bunting is an old friend of both Lieutenant Passmore and Captain Crim, all three having served in the same regiment in Germany. Lieutenant Bunting is a graduate of the Southern College and University of Illinois, 1916. He was commissioned second lieutenant in the National Army in 1918. In 1919 he served overseas in the 5th Infantry and has been with that regiment ever since, attached to the machine gun company, being especially well trained in this line. He is a member of the Sigma Alpha Epsilon, Phi Delta Phi, and Theta Nu Upsilon. His home is in Albion, Illinois.

And he has lived to see it

Back in 1885, Thomas A. Edison succeeded in transmitting electricity at 270 volts for one mile - an achievement and a promise. Now five billion dollars are invested in electric power plants. A stupendous figure that testifies to the capacities of thousands of college-trained men who have been leaders in the production and use of electric power.

Pitfalls Edison encountered on the way to his present achievement were well worth the time and the experiment of transmitting electricity at 220 volts for one mile. Now there are U.S. power stations with transformers that will raise electricity from 220 volts to a million volts and keep it working at the same tension. Science has put electricity in seven-league boots.

If you are interested in learning more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.

Back in 1881 Edison shipped to the Paris Exposition his "Jumbo" dynamo - eighth wonder of the world. It could light 1000 lamps. Now there are G-E generators large enough to supply current for over a million lamps, each with four times the candle-power of the lamp of 1881. The General Electric Company produces other electrical apparatus which makes it possible to transmit power over great distances.

The electrical era has only dawned. Each year some new machine or discovery makes it possible to apply electricity in unexpected ways. The graduate of today will find electricity directly or indirectly a means for even greater accomplishments, no matter what his calling in life may be.
Colby wins first home baseball game

Costly errors turn tide

Aggies lose 16-4—Conn. Scores first and leads 4-0 up to seventh inning—Wells replaced by Nanfeldt—Cold weather Hampers play of team.

Colby came from behind to defeat Connecticut 16-4 today in the first home game of baseball. After having a four run lead, with the game well in hand, the Aggies in the seventh inning committed three costly errors, which coupled with three Colby hits, allowed the Maine team to shave 6 runs across the plate. Colby bunched four more hits in the next seventh, allowing them but 2 scattered hits. His teammates accored him splendid support, and Colby was unable to do anything against Wells’ pitching and the fast fielding of the Connecticut nine.

In the seventh, however, with two away, Callaghan singled and Mason was passed. Wells fumbled O’Brien’s fast grounder and the bases were filled. ‘Brien fumbled Hannifin’s drive to short, and Callaghan scored Colby’s first run. Mason and O’Brien scored next when Gilbert muffed McGowan’s high fly to right field, enabling McGowan to take second. R. Francel lifted a Texas leaguer over short, scoring Hannin. E. Francel followed with another single, scoring McGowan and R. Francel. The inning ended when Peabody got out at first by Captain Ahearn. Colby batted around in this inning, making three hits, which with the aid of three Connecticut errors, were converted into 6 runs.

Connecticut was unable to do any scoring in the last half of the seventh but at the next turn at bat, Colby showed four more runs across. Chase and Callaghan got on bases on errors by Seymour and Riernan. Mason, next man up struck out. O’Brien was safe on a fielder’s choice, but Callaghan was forced at second, Schofield to O’Brien. Hannin followed with a single, scoring Chase and sending O’Brien to second. McGowan followed with another single, sending O’Brien home and advancing Hannin to second. He scored a moment later on R. Francel’s single. At this point,

Coach Dole substituted Nanfeldt for Wells. E. Francel made it four hits in a row when he singled, filling the bases. Peabody was walked, forcing McGowan across for another run. Chase fouled out to Wardle, ending the inning.

The Aggies worked hard to score and overcome the lead acquired by the Colby outfit, but to no avail. Mason, the colored moundsmen in the box for the Maine team did not weaken, and the Aggies were unable to hit his offerings consistently.

Connecticut scored first, when in the fifth inning, with two away, Makofski singled, scoring Wells on a sacrifice. In the sixth inning, with one down and men on first and second, Gilbert doubled, sending Seymour home and Tiernan to third. Wells struck out but O’Brien followed with a single to center field scoring both Tiernan and Gilbert. Makofski flew out to E. Francel, ending the inning.

Except for the two innings when Colby bunched its hits, the Aggies looked good, and after a couple more games the team will probably put over a steakder game. Weather conditions Tuesday were altogether too cold for fast baseball and the team will undoubtedly show up better with warmer weather.

**YEARLYD DROP FIRST GAME TO SUFFIELD PREP**

Eddy and Heller Star at Bat—Suffield Takes Early Lead—Aggie Frock Unable to Solve Swarthout.

Coach Alexander’s freshman baseball team lost its first game of the season Wednesday, when they came out on the short end of a 5-2 score in a game with the Suffield School team at Suffield. Suffield took the lead in the first inning when they shoved one run across, and they added one more each in the second and third innings. Connecticut scored in its half of the third and once again in the sixth.

Eddy connected for a three base hit, while Heller made a double and a single. Hadley and Emerson also made hits, but otherwise the yearlings were unable to do anything with the offerings of Swarthout, the Suffield twirler.

The score:

**BUSY WEEK AHEAD FOR CONNECTICUT TEAMS**

FIVE CONTESTS SCHEDULED

Varsity Baseball Games with Trinity and Springfield—Frosh at Rhode Island—Varsity Track in Intercollegiate—Dean to Meet Frosh Here.

Next week will be a busy one for both the baseball and track teams of the college, as five contests are scheduled for the Aggies. Coach Dole’s varsity baseball team will meet Trinity at Storrs next Monday, and Springfield at Springfield on Friday. The freshman baseball nine will play its second game of the season next Saturday, when it journeys to Kingston to cross bats with the Rhode Island State yearlings.

In track, both the varsity and the freshman teams have meets scheduled. The varsity will enter the Eastern Intercollegiates held at Springfield, while the freshmen will engage in a dual met at Storrs next Monday with the Dean Academy team from Franklin, Mass.

Connecticut will play its fourth baseball game with the Trinity nine, which thus far, this season, has not made a very creditable record. On the basis of the work shown by the two teams to date, the Aggies seem to have a slight advantage, especially in fielding. Trinity, however, can always be depended on to play a good game against Connecticut and the contest should be an interesting one.

In three starts to date, the varsity has lost two and tied one. Except for the two disastrous innings in which the Colby game was lost, the varsity has looked especially good, and the work of the team has shown a great improvement over the Aggie baseball teams of recent years.

In meeting Springfield, the Aggies will find themselves up against a better team than Trinity, for the Physical Directors have been playing good baseball this year. A victory over the Springfield team of the Eastern league is one of the accomplishments of the Physical Director’s team of this season.

“They say your wife eloped with the coachman. I’m sorry, old man.”

“So am I. James was a darn good coachman.”

Alice: “I hear Joe likes only brunettes.”

Alice: “So they say. I’m dying to meet him.”

He: “How are you going to vote, my dear?”

She: “In my green velvet walking suit with a hat to match.”

The College Dairy Milk
No. 6

What would the city dweller have to pay for the milk that Storrs is getting? The College Dairy milk is the equivalent of milk for which the city dweller pays from 25 to 35 cents per quart. Your patronage is solicited, since volume of sales will help us to maintain our prices at the present low level.

The other products, cream, ice cream, butter and cheese, receive the same attention as the milk. They are handled in sterilized containers, pasteurized, carefully blended, and thoroughly refrigerated which insures good and uniform quality.

Massage Razors Honed

(Cont. from page 1 col. 4)
which will be held at the Dining Hall. The hall will be tastefully decorated for the occasion, good music will be furnished, and a fine menu served.

The speakers will be Professors Wattles and Manchester, advisors of the junior and senior classes respectively, President Beach and Dr. H. E. Denlinger.

On Friday, May 15, at 9:00 a.m., there will be a competitive drill of the R.O.T.C. unit. A baseball game with Rhode Island State in the afternoon at 12:30, followed by a track meet with New Hampshire, which is called at 2:30, will be added attractions.

The gala event of the week, the Junior Prom, is scheduled to be held on Tuesday, May 18, after the 1925 Nutmegs will perform at the Co-ed Formal. "Wattles" this orchestra has been arranged. A unique pocket case of grey suede stamped in gold with the College design has been selected by the Dance Committee for favors. The favors are very neat and attractive, as well as useful and show taste on the part of the Dance Committee in its selection.

On Saturday, May 16, at 9:00 a.m., the 1925 Nutmegs will be distributed, followed by the tree dedication by the class of 1926 at 10:00 a.m.; Tea Dance from 2:00 to 4:00 p.m., music by Cavallero's Orchestra; and last but not least, the Junior play at 7:30 p.m. The program of events for Junior Week close with a dance following the play, but memories of the week will continue on for many a year.

The Junior Play, "Expressing Willie," by Crothers, promises to be a good one. It is a light farce in three acts and had a very successful run in New York.

An announcement comes from the Registrar's Office to the effect that the dormitories will be closed for the summer at 10:00 a.m. on June 13, and will be reopened on July 28. All classes will continue to meet during that period unless they consist entirely of juniors.

Summer camp orders for Camp Devens have not as yet been published but instruction will start on June 18 and will be completed on July 28. Junior officers with the exception of Mr. F. L. Girouard will attend this year. Mr. Revere Beebe who did not attend last summer will also go this year. All these men have recently been innoculated for typhoid by Dr. Simonds thus saving them the necessity of going through this procedure upon reaching camp.

Rifle practice on the outdoor range started Wednesday for the freshmen. The juniors will also fire a short course soon to get into practice before going to camp this summer. The juniors received some practice in outdoor machine-gun fire last week.

Make Autos Go 49 Miles
On Gallon of Gasoline
An amazing new device has been perfected by James A. May, of 7020 Locust Blvd., Sioux Falls, So. Dak., that cuts down gas consumption, removes all carbon, prevents spark plug trouble and overheating. Many cars have made over fifteen miles on one gallon of gasoline. In five minutes, Mr. May wants agents and is offering an award not from the same owner in each locality. Write him today.
