VOL. XII STORRS, CONNECTICUT, WEDNESDAY, SEPTEMBER 30, 1925 NO. 1

FRESHMAN CLASS JOINS RANKS OF CONNECTICUT'S INITIATES

SOPHOMORES GET YEARLING'S GOAT

Traditional Pajama Parade Welcomes Frosh.—Rules Presented and Explained to New Men.—Froshmen Distinguished by Distinctive Hats

Encouraged by the Sophomore class, the class of 1929 experienced the first of Connecticut's traditions last Tuesday night when the second year men exhibited the yearlings to the community in the annual pajama parade. Led by the Sophomore class the Frosh were brought, as a class, under the critical eye of the student body for the first time since their arrival on the "Hill" a week ago.

Preceding the initiation the Freshmen were ordered to Storrs Hall by the Sophomore, where they were offered many words of kindly (?) advice. The presentation of the Hand- book or Freshman Bible and the distinctive Freshman hats followed. After being relieved of the necessary money to cover the books and hats, the pajama clad and wondering freshmen were lined up in front of Storrs Hall. That none should be denied the privilege of participating in the time honored procession, the roll of the yearling class was called.

The formalities being over and the Freshman goin in possession of the 28 men, the parade started amid the enthusiastic shouts of the enthusiastic Sophomores and the pathetic but familiar chant of Freshmen. The goal was the practice house on the roof of the house, but the route selected for the class of 1929 was anything but direct, and the route was a long one. The Campus were covered before the objective was reached. Marching in lock step, the Frosh were allowed to stumble through the pines at the north of Storrs Hall, and then were led around the pond.

Meanwhile a large crowd had collected at Valentine House to await the coming performance. The porch of the house was filled to capacity with expectant Co-eds, while the overflow of the audience were found draped on the roof of the house. Even the nearby trees were used to advantage, the proofing that Darwin was not altogether wrong and that not all the monkeys are in the Freshman class.

The first of the performers of the evening to arrive was the Frosh goat, led by its somewhat disturbed dairy guardian. The goat appeared the least troubled of any of the initiates, and displayed the least concern and most intelligence of any of the performers that were called forth by the crowd. Soon the green hats made their appearance, and were called upon to show their talents to the onlookers. The usual demonstration followed, the

REGISTRATION PRACTICALLY COMPLETE REACHES LIMIT

DORMITORIES CROWDED

Practice House and Barracks to Be Used.—Dining Hall Filled With Students.—Over Two Hundred Freshmen Enrolled.

With the registration of students at the college for the fall semester practically complete, the total registration exceeds four hundred and seventy-five, with prospects that the registration of the School of Agriculture will bring this up to the quota of five hundred students. This number is the maximum registration allowed at the college at any one time; the state legislature having limited the enrollment in agriculture to five hundred.

Of this number approximately two hundred are enrolled in the three upper classes, while the remainder are students in the incoming class. In the incoming class, there are one hundred and seventy-eight male members and fifty-eight women. This class is practically the same size as the initial enrollment of the present sophomore class. The Freshmen are well distributed in the various collegiate divisions of the institution. The Division of Science and the Agricultural Division contain the largest number of registrants, while the Engineering and the Home Economics Divisions are also well represented. Because of the limiting of the enrollment, no special students were admitted this fall.

As usual dormitory accommodations are scarce, and the overflow are being placed in the barracks for want of better rooming facilities. At Holcomb Hall the situation is the same, and even though several of the women are doubling up in single rooms, still it is necessary to use the Practice House as a dormitory.

At the dining hall, the increasing of the student body is felt more keenly at an exact place on the hill, but so far Miss Carr is handling the situation very well. If the college continues to grow in the future, as it has in the past few years, it will not be long before the erection of new classroom buildings, dormitories and dining facilities will not be a dream of the faculty and students, but an actuality.

SHAKESPEAREAN CLUB ADOPTS GREEK LETTERS

Theta Sigma Chi Terminates Long Discussion.—New Fraternity Pin to Appear.—Old Status Unchanged

Announcement comes from the College Shakespearean Club of the adoption of the Greek letters, Theta Sigma Chi as the name by which fraternity will be known from this time on. The adoption of Greek letters terminal a long and careful discussion as to the advisability of holding to the original name of the club or adopting the Greek letters which more properly characterize the fraternity.

The adopting of Greek letters in no wise changes the significance of the name of the "Shakes." However, a new fraternity pin will be worn emblematic of the new name. The new Greek letters are set on a maroon shield entirely surrounded by pearls and the whole set on a green gold wreath.

The College Shakespearean Club originating in 1892, as a small literary club, has steadily grown from thework of the Connecticut line, which is the most intelligence of any of the alumni. The present social fraternity, having limited the enrollment in agriculture to five hundred, makes a pretty field goal from the 37 yard line ending the scoring for the freshman class.

Of the yearling class was called. The presentation of the Freshman goat followed. As usual dormitory accommodations are scarce, and the overflow are being placed in the barracks for want of better rooming facilities. At Holcomb Hall the situation is the same, and even though several of the women are doubling up in single rooms, still it is necessary to use the Practice House as a dormitory.

MAKOFSKI SCORES WINNING TALLY

-3 Score Comes In First Half.—Line Presents Strong Defense.—Banquet Tendered Team by Alumni

In a close, hard-played game, the Aggie eleven won the opening encounter of their 1925 season by defeating Wesleyan 7-3 at Middletown last Saturday. Both teams scored in the first half of the game, Connecticut's touchdown coming soon after Captain Brink and Fieneeman broke through the Wesleyan line and blocked Captain Phillips' punt. Wesleyan recovered, but the ball was given to the Aggie machine on downs.

With a fast running attack the Aggie eleven carried the ball down the field, Makofski scoring a touchdown on a line plunge through the "R and Black" line. Eddy kicked a drop-kick on the try for point after touchdown making the score Connecticut 7-Wesleyan 0.

Wesleyan's score came in the second quarter. Phillips then intercepted a forward pass in the middle of the field and the worked the ball in the Aggie territory. Captain Phillips of Wesleyan then dropped back and kicked a pretty field goal from the 37 yard line ending the scoring for the afternoon;

Connecticut 7, Wesleyan 3.

For the rest of the game the play was fairly even with Weslyan threatening the Aggie goal line in the last half.

The feature of the game was the work of the Connecticut line, which smeared Wesleyan's plays time and again. Daly at roving center was effective in backing both sides of the line of scrimmage under the leadership of John E. Damon of the line, and Schofield proved a successful forward pass combination, completing the four Aggie passes.

Four fifteen minutes periods were played, Wesleyan using 21 men in the fray, while Coach Dole used only 14. The periods proved to be a little long for the sultry afternoon, however, and both teams were of necessity slowed up in the last quarter.

The game started with Wesleyan kicking off to Connecticut's 15 yard line. Connecticut immediately returned the kick placing the ball in scrimmage in the center of the field. Here the Aggie team held Wesleyan for downs receiving a punt on the 85 yard line. Two first downs were then made by the Aggie eleven. After the second one Captain Brink and Fieneeman broke through and blocked a Wesleyan punt. Then Captain Phillips, with a punt, plowed a 20 yard field which resulted in our touchdown.

In the latter part of the first half Wesleyan was able to work the ball into the Connecticut end zone, the Aggies giving up a first down for a penalty. The ball was not advanced, and Wesleyan was forced to punt, giving the Aggies full possession of the ball.

Wesleyan then had a great chance to score, but Knapp was unable to break through the Connecticut line to kick a field goal.

In the second half, Wesleyan was unable to make anything of its possession of the ball at the Connecticut 29 yard line.

At the Connecticut 10, Wesleyan turned for a touchdown, but were unable to make anything of the possession.

In the third quarter, Wesleyan was again downed at the 40 yard line and punts were taken at the Connecticut 21 yard line.

During the fourth quarter the Aggie eleven was in possession of the ball at the Connecticut 21 yard line, and was downed at the 20 yard line for a touch down, the score being 7-3.
FIFTY-FOUR MEN ANSWER FRESH FOOTBALL CALL

FIRST GAME WITH KENT

New York University on Saturday's schedule.

Bill—Rensselaer Added to List. —Resume Material Lacking

With the Wesleyan game out of the way, and the score chalked up in Connecticut's favor, a glance at the games on the schedule shows that the Aggies have a difficult road ahead.

Rensselaer Poly was added to the schedule this week, taking the November 21 date. This means that eight games remain, none of which can be considered easy.

On Saturday of this week Coach Dole takes his squad to New York to meet "Chick" Meehan's New York University eleven, and on successive Saturdays Maine, Massachusetts, Aggies, and Tufts will be met. Then the Yale eleven is played at home while the team may be able to let up somewhat in this game, a tough contest is promised for the following week when New Hampshire is played at Manchester, N. H. To these must be added the Rhode Island State and Rensselaer games, all of which makes Connecticut's 1925 schedule one of the most difficult ever attempted by the Aggies.

To face the situation, Dole has a squad of twenty-one men. Of this number, eleven are "C" men, and seven regulars from last year's undefeated team. This in itself will be a big help, for with so many veterans available, Dole does not need a large squad. His chief worry this year will be his lack of reserve material in case he loses any veterans through injuries. While the first string lineup is practically all veterans, the substitute list contains few men with much experience in varsity competition. The situation may be acute if a number of the first string men are forced out of the sidelines by injuries, and it is hoped that more candidates will report this week.

Connecticut's line this year looks especially good, with every position filled by a letterman. Captain Brink at left end, and Finnenman at right end, make an ideal pair of wingsmen. This is their third year as regulars.

Nanfield at left tackle starred against Wesleyan Saturday, and big things are expected of him this year. He is the team's heaviest man, weighing 198 pounds, and also one of the fastest, being especially good covering punts. This is also his third year as a regular for the Aggies. Zollin, who teams up with Nanfield at tackle on the other side of the line, has had considerable experience, making his letter last year and capturing the frosch eleven two years ago.

Bigfoot, left guard now starting his third season, is outstanding. His defensive work is of the best, and in swinging out of his position to form interference he is one of the best ever seen at Storrs. It is not too much to say that he is one of the best guards among the football teams of the small New England Colleges today. In the other guard berth, Coach Dole alternated McAllister, a letterman for two years, and Lorentzen, who starred for the 1923 frosh eleven. Both men are strong consistent players who are certain to see plenty of action this season.

In the center of the line, Coach Dole has Daly, who filled that berth regularly on the varsity last year, and for the freshman team in 1923. Daly was pulled back of the line on defense against Wesleyan, Saturday, and showed up especially well.

As the situation shapes up at present, Coach Dole will find his big worry among his backfield candidates. Makofocki, Filmer, Schofield and Moreland are all lettermen, but except for these there are no others who have experienced any considerable amount of varsity competition. There is Eddy, however, sophomore halfback, who started against Wesleyan and of whom great things are expected this fall.

Coach's chief worry this year is that New England Colleges today. In the other guard berth, Coach Dole alternated McAllister, a letterman for two years, and Lorentzen, who starred for the 1923 frosh eleven. Both men are strong consistent players who are certain to see plenty of action this season.

In the center of the line, Coach Dole has Daly, who filled that berth regularly on the varsity last year, and for the freshman team in 1923. Daly was pulled back of the line on defense against Wesleyan, Saturday, and showed up especially well.

As the situation shapes up at present, Coach Dole will find his big worry among his backfield candidates. Makofocki, Filmer, Schofield and Moreland are all lettermen, but except for these there are no others who have experienced any considerable amount of varsity competition. There is Eddy, however, sophomore halfback, who started against Wesleyan and of whom great things are expected this fall.

Coach Dole looks forward to the next game with ground to meet the varsity squad over the next two weeks. Maine, Massachusetts, Aggies, and Tufts will be met. Then the game is scheduled to start at 2:30 P. M., and will be played at Ohio field.

The match promises to be a hard one, for both teams are evenly matched in games played; N. Y. U. and Connecticut both winning their initial encounters. Press dispatches of the week seem to indicate that Meehan has developed a fast and strong squad with which to meet the Blue and White team. This is borne out by the scoring of the varsity squad over the second test of last week's practice sessions; the latter was reported as being daily victors. However, the Aggie varsity squad has shown the same fiber, and will be ready to meet New York with the same fight which characterized the Wesleyan game.

The results of Saturday's encounter will be eagerly watched from a coach's standpoint, as both Meehan and Dole have former teammates.

SEYMOUR ELECTED BASEBALL CAPTAIN

Following Connecticut's victory over the Mass. Aggie nine last June, the letter men elected M. Seymour '26, to pilot the Blue and White team in 1926. Seymour has been on the baseball squad for three seasons, receiving his letter as a varsity player during his sophomore and junior years. In his second year he held down a regular position at second. This past season he was shifted to left field to strengthen the left wing of the team. "Mushy" has not only fielded well, but his work with the stick has been a great asset to the team.

Besides his baseball activities Seymour has been active on the court, playing forward for two years, and making his letter as a varsity man during the 1924-1925 season. He is a member of the Eta Lambda Sigma fraternity.

AGGIES MAKE GOOD SHOWING AT CAMP

Kuhl Lands Camp In Rifle Shooting Nelson Gives Expert Pistol Qualification

Fifteen Aggies, men of the R. O. T. C. Advance Courses, attended the R. O. T. C. summer camp held at Camp Devens, June 14th to July 28th. In rifle range by making an expert rifleman the "Hill" showed especial ability. J. R. Kuhl, '26, paved the way on the rifle range by making an expert rifleman qualification, and incidentally the highest score of the camp. Eight other Connecticut men qualified as marksmen, giving us a 66 per cent qualification compared with a camp qualification of approximately 42 per cent. Again with the pistol, E. Nelson '26, leading an expert pistol qualification; five others as sharpshooters; and two as marksmen, the Aggies came through with 53 per cent qualification, as compared to a camp qualification of 50 per cent.

When final ratings were published at the close of camp, the Aggies were again found in the front rank. Students were rated on their work in camp as satisfactory, average, or above average. No members from our unit were rated below average, while five were given above average ratings. While no official data was published on final ratings, as to schools, it is believed that the 55 per cent above average rating of the Connecticut unit was the highest of any school represented.

The camp as a whole was very instructive and was characterized by hard work. Capt. Crim expressed himself as very well pleased with the "esprit de corps" shown by the Connecticut cut men. The next honor wanted on the program is, "Distinguished Unit," for C. A. C.

NEW COMMUNITY HOUSE UNDER CONSTRUCTION

Exterior Work to Be Finished by Cold Weather—People of State, Storrs' Community and Students Contribute.

The construction of the new Community House was formally started on August 27, when the H. Wales Lines Company of Meriden, who were the low bidders on the new structure, began the removal of the old church sheds to make room for the building which is to become the center of Connecticut's college life.

Work has progressed rapidly since that date, the foundation walls bearing witness to the fact that the builders expect to finish enough of the exterior so that they may continue to finish their contract during the winter months in time to complete the building sometime in February. To date the company has not only finished the foundation walls, but has begun to erect steel floor supports on which will be laid the ground floor of cement. At this rate the side walls and roof should be in place in plenty of time to close in the structure for interior work before the extreme cold weather sets in.

The money, which is backing the new Community House, has been pledged and given not only by the people of the State, who have answered the call made through the Connecticut Federation of Churches, but has also been liberally contributed to by the faculty and members of the Storrs' community. Some help came from the students last year, and more is expected this year, when the new college students have had an opportunity to contribute what they may wish to give.

From the deposits collected the Business Board received enough to pay all but $1.75 over a hundred dollars for the amount of the debt. The remainder will be paid from the proceeds of a skilful to bear which was run during the summer in the interest of the new Church and Community House.

The Campus wishes to thank those who were willing to contribute to the debt, for it was a true expression of Aggie spirit, and showed, not only a willingness to support the paper, but also a knowledge: that without us, a weekly, a college would soon be lost to our outside friends and loyal supporters.

RUSHING RULES

On Friday last the freshmen were presented with the rules which govern a side of college life quite new to them — fraternity. The rules thus set forth by The Mediator—an organization composed of two representatives from each recognized fraternity on campus—will be in effect until the first rushing season draws to a close in the second semester.

These rules will be strictly adhered to by the fraternities, and should be by the freshmen. A thorough knowledge of them by the latter will make it easier for the fraternities to live up to their part of the rules.

The Mediator exists as an organization to promote the interests of the fraternities. Each member of it is sworn to observe its objectives, and the president contains a member of it, the vice-president of the freshmen body. As such student body
cases, and houses after the Thanksgiving vacation.

HISTORIC SPOTS FOR STORKS HIKERS

A Campus reporter dug up the following material from sundry, bulky and meath-eaten volumes in the college library, under the guidance of Mr. Fuller, and lays before the general public a few facts which may be of interest from a historical standpoint and should 1 discuss the size of the house now occupied by Mr. Brown.

In THE STORK FARM, a history of this famous family, we gather that "Mansefield was originally a part of the Township of Windham, Conn., a tract of land which was given in 1675 by Joseph, Chief of the Mohicans, to the captain John Mason and others." In the cemetery at Mansfield Center lie buried Samuel Storrs, and his two sons, Samuel and Thomas Storrs, the other son, is buried in the little cemetery opposite to the old manse.

The city was once a part of the Shawangunk Mountains, and from here a stage coach to New York was run. The stage coach was taken when only a few miles south of the present city.

The old Mansfield Cemetery is one of the most interesting in the vicinity, but there are many others within a comparatively short distance that should be visited for the reading of the epitaphs alone. Besides the two here at Storrs, there is one on the road to Gurneyville; another in the Pink Cemetery near the church.

The first silk mill on the continent was established about 1760 in the town by Nathaniel Palmer, who, with the noted Indian chief, Dan'l. Willimantic and will be readily pointed out by any of the inhabitants. He is buried in the old town cemetery.

ORANGE FLAME BURNS WESLEYAN ELEVEN AS AGGIE TEAM REGISTERS INITIAL VICTORY

(Continued from page one)

to the Aggie 30 yard line. Here they met stiff opposition and Captain Phillips of Wesleyan dropped back to the 37 yard line, making a pretty field goal.

In the second period after intercepting a Wesleyan pass in mid field, the team worked the ball down to the

CAPTAIN BRINK

"Red and Black" 35 yard line. Here they missed an opportunity to score when Eddy missed a field goal.

After intermission the play was fairly even despite the fact that Coach Sam Hill of Wesleyan kept inserting fresh players into his lineup while the Aggie eleven, which started the game was kept intact.

Wesleyan threatened in the last period when they completed two long forward passes, but Coach Doles' eleven held them for downs on the twenty-yard line. The final whistle found the Aggie team in possession of the ball in mid field.

A large student and alumni representation were present at the initial game of the season and were pleased with the team's showing. After the game a banquet was tendered by the Middletown Alumni Association to the members of the team at the Hotel Aragoni.

The lineup and summary:

WESLEYAN CONNECTICUT.

Steele, le, Captain Brink.
Phillips, lt, Nanfeldt.
Briggs, lg, Bitgood.
Nelson, e, Daly.
Thordyke, rg, McAllister.
Dunn, rt, Zollin.
Piper, re, Fienneeman.
Wieland, qb, Scholfield.
Lester, lhb, Eddy.
Niviling, rhb, Moreland.
Boyd, fb, Makofski.

Point from try after touchdown.

ley for Dunn. Steffen for Steele.

A day's work in a minute

Mesabi Range, renowned iron ore deposit, is yielding its mineral wealth at the rate of 16 tons for every bite of an electric scoop.

A man with a shovel would work a whole day to mine and load eight cubic yards of iron ore which this 300-ton electric giant moves in one minute.

Of course, all mining is not done on the surface. But there are many mines in which electricity has changed our conception of mining operations. Wires, penetrating even to the deepest shafts and galleries, have brought light, power, ventilation and added safety to those who must work in the very bowels of the earth.

Electrty's contribution to mining may be of particular interest to the student of mining engineering, but it is of general interest to all college men as still another example of how electricity is simplifying the world's work.
**THE CONNECTICUT CAMPUS**

**MEDIATOR FORMALLY OPENS FRESHMEN RUSHING SEASON**

—First Pledging Date in Second Semester.

The Mediator, an organization composed of two representatives from each accredited fraternity on the hill, has formally opened the 1925-1926 Rushing Season with the publication of "Fraternity Rushing Rules." These rules are lived up to by each fraternity who has representation on the Mediator, and are therefore publicly published for the benefit of the new freshmen who do not know under just what sort of a system the fraternities here at Connecticut work.

Any infraction of these rules is dealt with by the Mediator, and should be reported to that body. The rules are as follows:

We, the undersigned, acting as representative fraternities, do hereby agree to observe the following rules concerning the rushing of freshmen:

1. No freshman shall be pledged to a fraternity until Friday, February 19, 1926.

2. No freshman shall be pledged after the first pledging date until a date set by the Mediator in the second semester.

3. All bids must be in writing and given out on the day and hour designated by the Mediator.

4. A man shall be considered pledged only when having given a written affirmative answer to his bid, and he wears the pledge insignia of his fraternity publicly. No verbal promises shall be valid.

5. The wearing of the pledge insignia publicly binds the wearer to join his fraternity whose insignia he wears, and by this he shall never be eligible to another fraternity at the Connecticut Agricultural College unless released by the fraternity to which he is pledged. No more than one initiated member shall be released by one fraternity in any one year and after being released from one fraternity as member or pledge no man shall sign a pledge of another fraternity at the Connecticut Agricultural College until a year has elapsed from the date of release.

6. No campus freshman will be allowed to sit at a table with a fraternity man in the college dining hall until after the first pledging date.

7. No fraternity once signing these rules shall withdraw until February 22, 1926.

8. A schedule of fraternity smokers shall be drawn up by the Mediator and posted on the college bulletin board in the Main Building immediately after its ratification by the fraternities. On the night which any fraternity has its scheduled smoker, no campus freshman shall be allowed in any of the other fraternity rooms.

9. All freshmen are excluded from fraternity rooms and houses and all personal rooms in Koons Hall until after the Thanksgiving recess, November 28th, and after this date on all times except those specified by the rules.

10. After November 28th each fraternity shall have one night in one week in which they can informally entertain; a schedule of such nights to be made by the Mediator. On Sundays after November 28th the fraternity rooms, houses and personal rooms of Koons Hall shall be open to all freshmen.

11. No fraternity shall give written invitations to visit them on any other night than the authorized night for their smoker. No organized entertainment that in any way resembles a smoker shall be given by fraternities except upon the invitation by the Mediator for their smoker.

12. Bids will be distributed to the freshmen by and in the presence of the Mediator at 5:00 o'clock P. M. on the pledging date in Hawley Armory. Twenty-four hours previous to this time no freshman shall confer in any way with any upper classman or fraternity man. From the time that a freshman enters the hill until he leaves, he must maintain absolute silence, and he must return his bid signed or unsigned before leaving the Armory.

13. There shall be no verbal pledges asked of a freshman by an upper classman until twenty-four hours after the last smoker.

14. Any form or attempt at rushing on any other time than is definitely stated above shall be a direct violation of these rules.

15. In any case of violation of the offense and the offender shall be brought to the attention of the Mediator, which shall deal with the situation accordingly.

16. A printed copy of these rules shall be posted on the main bulletin boards and given to each new man.

**NEW MEMBERS ADDED TO COLLEGE FACULTY**

Five Changes Mark Opening of Academic Year.

The opening of the academic year 1925-1926 finds several new changes among the members of the Faculty. Members of the Faculty who will be missed this year are Willard A. Wattles, Assistant Professor of English; Richard C. Fisher, Assistant Professor of Dairy Husbandry; Lieutenant George H. Passmore, Assistant Professor of Military Science and Tactics; Miss Ella J. Rose, Professor of Home Economics; and Miss Marion Gardner, Instructor in Art and Design.

Mr. Wattles resigned his position here to go to Oregon Agricultural College, where he is connected with the English Department. Professor Fisher is located in Cincinnati, where he is engaged in research work. Lieutenant Passmore is this year stationed at Fort Benning. Miss Rose is teaching at the University of Minnesota, and Miss Gardner is at Simmons College.

Five new members have been added to the Faculty to take the places of those who are not returning. Mr. E. O. Anderson comes from the Nebraska Agricultural College as Assistant Professor of Dairy Husbandry. Miss Wilma B. Keyes replaces Miss Gardner as Instructor in Art and Design. She is a graduate of the New York School of Fine and Applied Arts, and last year taught at Ames, Iowa. Miss Knappenberg, who also comes from Ames, will be Assistant Professor of Home Economics. Mr. H. T. Mercer will be connected with the English Department as Instructor in Freshman and Sophomore English. He is a graduate of the University of California, and last year was Instructor in English at Butler College. Lieutenant Lloyd Bunting will be Assistant Professor of Military Science and Tactics for the coming year, and will have charge of Freshmen and Sophomore classes.
most noticeable of which was the lack of interest shown by the spectators. Whether such demonstrations had lost their flavor for the members of the two upper classes or not, Tuesday night's exhibition was judged by the majority as being a rather tame affair. But whatever the opinion of the upper classes, it is needless to say that the Sophomores enjoyed themselves, and that memories of the affair will linger long in the minds—if they are so fortunate—of the Freshmen.

Following the demonstration the parade was resumed, and after again traversing various selected parts of the Campus, the Sophomores brought their charges back to Storrs Hall, and with a friendly tap of reassurance sent them to bed.

The second and more serious phase of the initiation was held last night. The yearlings were again lined up, but this time were marched to the top of Cemetery Hill. There they listened to words of advice and wisdom from the leaders of the activities on the Campus. Student life and the traditions of Connecticut were explained to the Frosh by Sidney Lewis, president of the Student Organization. After other activities were spoken of, President Lewis explained the Freshman rules to the new men, and the penalties inflicted for their violation. The following are the rules which are to be followed by the yearlings for the coming year:

YE SHALL NOT:
1. CRAB.
2. Smoke anything but a corn cob pipe outside of the dormitories until after the Christmas vacation.
3. Throw refuse of any kind upon the Campus; nor deface the walls of any of the college property.
4. Enter the Dining Hall except at the prescribed hours during the year.
5. Escort any female connected with the college within a radius of the Main building, until after the Christmas vacation.
6. Venture forth upon the Campus during the first semester without the badge of your ignorance, your skull caps.
7. Wear numerals, letters, or insignia of any other institution.
8. Wear knickers of any sort until after the first semester or white or fancy trousers until after Junior Week.
9. Interrupt the conversation of upperclassmen for any reason whatever.
10. Walk, creep or in any other way trespass upon the Campus lawns.
11. Be seen on the walk in front of Koons Hall during the first semester, nor rise above the basement of Koons Hall; which implies that you shall always enter Koons by the rear door and stay out of the rooms of upperclassmen.
12. Ever absent yourselves from Freshman class meetings.
13. Adorn your baby faces with any ornaments of hair.
To all who show neither anger nor resentment but obey these rules with a heart of contrition, we say, ye shall pass through purgatory and enter the Kingdom of Sophomores.

To those who heed not our words, unto them we solemnly deliver this sinister warning: Beware of the just and mighty wrath of THE CLASS OF 1928.

YE SHALL:
1. Show proper respect to all members of the faculty, and to all members of the upper classes.
2. Respond willingly and immediately to all requests of upperclassmen, A. A. managers, etc.
3. Attend all athletic contests on the Campus; sit in the cheering section.
4. Attend all Student Organization, A. A., and Mass Meetings, and be present at all Freshman Labor work.
5. Join the Athletic Association, and subscribe to the Campus and Nutmeg.
6. Greet everyone with a cheery "Hello."
7. Wear coats and ties to all meals and ties to all classes throughout the year.
8. Carry a box of matches at all times during the year, and respond willingly to all requests for their use.
9. Wear the prescribed identification tag during the first two weeks of the year.
10. Assemble in front of Storrs Hall 15 minutes before each home football game, and then march in lock step to the A. A. field under the direction of a committee from the Sophomore class.
11. Uncover your empty heads when passing any member of the Faculty as long as you wear the Freshman hats.
12. Do as the professors tell you to do, but do not do as they do.
13. Write all Freshman rules in your feeble intellects, and learn all the college songs and cheers. This ye must do within two weeks of your insuspicious arrival.

PLANS BEING COMPLETED FOR NEW DORMITORY

Construction to Start Soon.—Building to Face Dining Hall.—Room Plans Similar to Koons and Storrs Halls.

The long hoped for and much needed new dormitory for men comes nearer to being a reality as the plans for the building approach completion. According to the latest report the plans for the construction of the new dormitory will be completed about the middle of October. At that time bids will be advertised, and it is the hope of the trustees of the college that construction of the building will be commenced this fall. It is expected that the building will be ready for occupancy in the fall of 1926.

As announced in the Campus last spring, the new dormitory will be erected to the east of the Dining Hall, and at right angles to Koons Hall. The front of the building will face the Dining Hall. The building, which will be of brick construction, will be three stories high and will be divided into four sections. In the basement of each section there will be club rooms which may be used by fraternities. It is possible that the building will be occupied by four fraternities, each fraternity occupying one section of the dormitory.

The plan of the rooms will be similar to those in Koons and Storrs Hall, being separated into suites of three rooms each. Choice of rooms in the new dormitory will first be offered to members of the upper classes.

The plans for the dormitory are being drawn by D. K. Perry & Company of New Britain, architects.

COLLEGE STORE UNDER NEW MANAGEMENT

Students returning to the "Hill" this fall will find the College Bookstore under new management. Mr. Wayland Chapman has replaced "Connie" Ma- honey, who resigned last spring to enter business in Willimantic, as manager of the bookstore. Mr. Chapman was formerly connected with the American Thread Company.

Several changes have been made in the bookstore during the past summer. The fountain, ever popular with the students, especially with late sleepers, has been improved, and all metal fixtures have been revarnished. A complete line of student supplies has been put in stock with the exception of a few textbooks which have been delayed in arriving. New and attractive signs in the college colors have been placed about the store.

Assisting Mr. Chapman will be "Jimmie" Rowan, the wonder salesman, who guarantees every purchase made. During the rush hours "Red" Schred and "Billy" Schofeld will be on deck to assist in slogging out the milk shakes. To please the demands of the "Aggies" is the motto of the Bookstore this year, "everything perfect, and plenty of free air," says "Jimmie."

The President's Reception to the class of 1929 will be held this Saturday evening, October 3, in the Armony.
