Regular Connecticut's Campus

SEPTEMBER 30,

co-ordinating efforts of the enthusiastic Sophomores and the pathetic but familiar chancing of Freshmen. The goal for the freshmen was the gymnasium. The campus was covered before the objective was reached. Marching in lock step, the Frosh were allowed to stumble through the lanes at the north of Storrs Hall, and then were led around the pond.

Meanwhile a large crowd had collected at Valentine House to await the coming performance. The porch of the house was filled to capacity with expectant Co-eds, while the overflow of the audience was found draped on the roof of the house. Even the nearby trees were used to advantage, the proveing that Darwin was not altogether wrong and that not all the monkeys are in the Freshman class.

The first of the performers to the evening to arrive was the Frosh goat, led by its somewhat disturbed dusky guardian. The goat appeared the least troubled of any of the initiates, and displayed an interest and concern and most intelligence of any of the performers that were called forth by the crowd. Soon the green hats made their appearance, and were called upon to show their talents to the onlookers. The usual demonstration followed, the

REGISTRATION PRACTICALLY COMPLETE REACHES LIMIT

DORMITORIES CROWDED

Practice House and Barracks to Be Used.—Dining Hall Filled With Students.—Over Two Hundred Freshmen Enrolled.

With the registration of students at the college for the fall semester practically complete, the total registration exceeds four hundred and seventy-five, with prospects that the registration of the School of Agriculture will bring this up to the quota of five hundred students. This number is the maximum registration allowed at the college at any one time; the state legislature having limited the enrollment at its last sitting.

Of this number approximately two hundred are enrolled in the three upper classes, while the remainder are students in the freshman class. In the incoming class originating in 1892, as a small objective was reached. Marching in lock step, the Frosh were allowed to stumble through the lanes at the north of Storrs Hall, and then were led around the pond.

Meanwhile a large crowd had collected at Valentine House to await the coming performance. The porch of the house was filled to capacity with expectant Co-eds, while the overflow of the audience was found draped on the roof of the house. SHAKESPEAREAN CLUB ADOPTS GREEK LETTERS

Theta Sigma Chi Terminates Long Discussion.—New Fraternity Pin to Appear.—Old Status Unchanged.

Announcement comes from the College Shakespearean Club of the adoption of the Greek letters, Thetas Sigmas Chi as the name by which the fraternity will be known from this time on. The adoption of Greek let-
ners terminates a long and careful discussion as to the advisability of holding to the original name of the club or adopting the Greek letters which more properly characterize the fraternity.

The adopting of Greek letters in no wise changes the significance of the name of the "Shakes." However, a new fraternity pin will be worn emblematic of the new name. The new Greek letters are set on a maroon shield entirely surrounded by pearls and the whole set on a green gold wreath.

The College Shakespearean Club originating in 1892, as a small effort of those students who desired a club to give a home to the Shakespearean club, has steadily grown from that time until present, as one of the oldest fraternities on the hill, it owns its own home, being the only one which results in backing both the Connecticut's territory. Captain Phillips of Wesleyan then dropped back and kick-
ed a pretty field goal from the 37 yard line ending the scoring for the afternoon; Connecticut 7—Wesleyan 0.

Wesleyan's score came in the sec-

Second half.

FIFTY-FOUR MEN ANSWER FRESHMAN FOOTBALL CALL

Coach Alexander to Use Stiff Drills-Thirty-five Men For Line Material.-Backfield Strong With Ground Gainers.

Coach Alexander's last Saturday call for candidates for this year's freshman team, was answered by fifty-four men. This is the largest number of men that ever answered the call for candidates for a freshman football team at C. A. C. Among the material are many former high school athletes of note. With thirty-five men aspiring for positions as linemen there is bound to be some keen competition. Among the nineteen men trying out for the backfield are some who should prove good ground gainers.

With less than two weeks in which to prepare for the first battle of the season, Coach Alexander will hold stiff conditioning drills daily. Among those who were on the field Saturday were:

COACH ALEXANDER

Peck, Stodyll, Achanbeck, Anderson, Bushnell, Sheldon, Brown, Daly, Al­

lard, Sawyer, Usher, Wilson, Sahagian, Chromyck, Cox, Carlson, Callahan, Hewitt, Hooper, and White.

The performance of Coach Alex­

ander's last two freshmen football teams both being undefeated, attracted much attention throughout the state. Many school boy football players have been attracted to Storrs that they might be­

gin their college football career under what is fast becoming Alexander's powerful system.

AGGIE ELEVEN FACES DIFFICULT SCHEDULE

ELEVEN LETTERMEN ON SMALL SQUAD

New York University on Saturday's schedule.

Bill.—Rensselaer Added to List.—Re­
serve Material Lacking

With the Wesleyan game out of the way, and the score chalked up in Connecticut's favor, a glance at the schedule shows that the Aggies have a difficult road ahead.

Rensselaer Poly was added to the schedule this week, taking the November 21 date. This means that eight games remain, none of which can be considered easy.

On Saturday of this week Coach Dole takes his squad to New York to meet "Chick" Meehan's New York University eleven, and on succes­sive Saturdays Maine, Massachusetts, and Tufts will be met. Then the Aggie eleven is played at New Haven, while the team may be able to let up somewhat in this game, a tough con­test is promised for the following week when New Hampshire is played at Manchester, N. H. To these must be added the Rhode Island State and Rensselaer games, all of which make Connecticut's 1925 schedule one of the most difficult ever attempted by the Aggies.

To face the situation, Dole has a squad of twenty-one men. Of this number, eleven are "C" men, and seven regulars from last year's unde­feated team. This in itself will be a big help, for with so many veterans available, Dole does not need a large squad. His chief worry this year will be his lack of reserve material in case he loses any veterans through injur­ies. While the first string lineup is practically all veterans, the substitute list contains few men with much ex­perience in varsity competition. The situation may be acute if a number of the first string men are forced to the sidelines by injuries, and it is hoped that more candidates will re­port this week.

Connecticut's line this year looks especially good, with every position filled by a letterman. Captain Brink is at left end, and Fiennerton at right end, make an ideal pair of wingmen. This is their third year as regulars.

Nanfeldt at left tackle starred against Wesleyan Saturday, and big things are expected of him this year. He is the team's heaviest man, weigh­ing 198 pounds, and also one of the fastest, being especially good cover­ing punts. This is also his third year as a regular for the Aggies. Zollin, who teams up with Nanfeldt at tackle on the other side of the line, has had considerable experience, making his letter last year and capturing the frosh eleven two years ago.

Bigfoot, left guard now starting his third season, is outstanding. His defensive work is of the best, and in swinging out of his position to form interference he is one of the biggest men ever seen at Storrs. It is not too much to say that he is one of the best guards among the football teams of the small New England Colleges today. In the other guard berth, Coach Dole alternated McAllister, a letterman for two years, and Lorentzen, who star­red for the 1923 frosh eleven. Both men are strong consistent players who are certain to see plenty of action this season.

In the center of the line, Coach Dole has Daly, who filled that berth regularly on the varsity last year, and for the freshman team in 1923. Daly was pulled back of the line on defense against Wesleyan, Saturday, and showed up especially well.

As the situation shapes up at pres­ent, Coach Dole will find his big worry among his backfield candidates. Meeh­noki, Filmer, Schofield and More­head are all lettermen, but except for these there are no others who have experienced any considerable amount of varsity competition. There is Eddy, however, sophomore halfback, who started against Wesleyan and of whom great things are expected this year. He is heavy and fast, and like the rest of the team, is expected to tear off some long gains for the Aggies. Other backfield candidates who have shown up well to date are Donovan and Al­lard, at half and quarterback respect­ively.

SQUAD TO FACE HARD Tackle.—Mee­han's Team Strong and Fast, Says Dispatches.—Second Encounter For Both Ele­ven.

This Saturday Coach Dole's eleven will face "Chick" Meehan's strong New York University squad at New York. The game is scheduled to start at 2.30 P. M., and will be played at Ohio field.

The match promises to be a hard one, for both teams are evenly matched in games played; N. Y. U. and Con­necticut both winning their initial en­counters. Press dispatches of the week seem to indicate that Meehan has developed a fast and strong squad with which to meet the Blue and White team. This is borne out by the scoring of the varsity squad over the second team of last week's practice. The situations the latter was reported as being daily victors. However, the Ag­gie varsity squad has shown the same fiber, and will be ready to meet New York with the same fight which char­acterized the Wesleyan game.

The results of Saturday's encounter will be eagerly watched from a coach's standpoint, as both Meehan and Dole were former teammates.

SEYMOUR Elected BASEBALL CAPTAIN

Following Connecticut's victory over the Mass. Aggie nine last June, the letter­men elected M. Seymour '26, to pilot the Blue and White team in 1926.

Seymour has been on the baseball squad for three seasons, receiving his letter as a varsity player during his sophomore and junior years. In his second year he held down a regular po­sition at second. This past season he was shifted to left field to strengthen weak spot made so by graduation. "Mushy" has not only fielded well, but his work with the stick has been a great asset to the team.

Besides his baseball activities Sey­mour has been active on the court, playing forward for two years, and making his letter as a varsity man during the 1924-1925 season. He is a member of the Eta Lambda Sigma fraternity.

COACH DOLE

COACH ALEXANDER

Peck, Stodyll, Achanbeck, Anderson, Bushnell, Sheldon, Brown, Daly, Al­

lard, Sawyer, Usher, Wilson, Sahagian, Chromyck, Cox, Carlson, Callahan, Hewitt, Hooper, and White.
In the Intercollegiate Dairy Products Judging Contest at the Eastern States Exposition the Connecticut team won first place. Lawrence Smith '27 was high man for all products in the contest.
The team from C. A. C. was composed of R. Kuhl '28, L. Smith '27, and A. Lorentzen '28. Each of these men made creditable individual scores, Smith winning in ice cream and in milk scoring, and Kuhl getting second place on butter.

The leading colleges in the contest were: First: Pennsylvania; Second: Massachusetts; Third: C. A. C.

The team brings a trophy to C. A. C., which will become the permanent property of the college winning it three years in succession. Lawrence Smith received two medals and the team, received cash prizes of considerable value.

AGGIES MAKE GOOD SHOWING AT CAMP

Kuhl Leads Camp In Rife Shooting

Nelson Gives Expert Pistol Qualification

Fifteen Aggies, men of the R. O. T. C. Advance Course, attended the R. O. T. C. summer camp held at Camp Devens, June 14th to July 28th. In rifle range by making an expert rifle camp qualification, the "Hill" showed especial ability. J. R. Kuhl, '26, paved the way on the rifle range by making an expert rifleman qualification, and incidentally, highest score of the camp. Eight other Connecticut men qualified as marksmen, giving us a 66 per cent qualification as compared with a camp qualification of approximately 42 per cent.

Again with the pistol, E. Nelson, '27, leading an expert pistol qualification; five others as sharpshooters; and two as marksmen, the Aggies came through with 53 per cent qualification. As compared to a camp qualification of 50 per cent.

When final ratings were published at the close of camp, the Aggies were again found in the front rank. Students were rated on their work in camp as satisfactory, average, or above average. No members from our unit were rated below average, while five were given above average ratings.

While no official data was published on final ratings, as to schools, it is believed that the 66 per cent above average rating of the Connecticut unit was the highest of any school represented.

The camp as a whole was very interesting and was characterized by hard work. Capt. Crip expressed himself as very well pleased with the "extrait de corps" shown by the Connecticut men. The next honor wanted on the program is, "Distinguished Unit," for C. A. C.

JUDGING TEAM CLAIMS EASTERN STATES HONORS

Smith '27 High Man In Dairy Products—Trophy Comes to C. A. C.

The Dramatic Club at its first meeting held Monday evening, discussed various problems confronting the club for the coming year. One of the more important subjects discussed was the matter of membership. A special committee to devise new methods of selection was appointed and is due to report to the club on Friday. It is also possible that the new state movie tax will mean more dramatics on the "Hill" than heretofore.

An executive committee of the club, consisting of Milton Moore '26, Irene Ellis '26, Prielle Swan '27, Lilly Larsen '26, A. Ahern '27, and Prof. Seckerson, was formed to confer with the local committee regarding the possibility of staging groups of one-set plays, or possibly more ambitious productions on Saturday evenings.

It is expected that the club will soon put into rehearsal a play or plays for early production in the Armory.

PI ALPHA PI FRATERNITY MAKES PUBLIC APPEARANCE

(Continued from Page One)

fraternity. This room has been partially furnished and will be the home of Pi Alpha Pi for the present. The badge of the fraternity with the colors of the fraternity, blue and gold, is being recognized on the campus.

Through the medium of the Campus the members of Pi Alpha Pi wish to extend to all upperclassmen a cordial invitation to visit them in the fraternity room at any time and also desire the good will of the freshmen.

PROBLEMS DISCUSSED AT DRAMATIC MEETING

Executive Committee Formed—Membership Clause to Be Changed.

New Community House Under Construction

EXTERIOR WORK TO BE FINISHED BY COLD WEATHER. PEACE OF STATE, STORRS COMMUNITY AND STUDENTS CONTRIBUTE.

The construction of the new Community House was formally started on August 27, when the H. Wales Lines Company of Meriden, who were the low bidders on the new structure, began the removal of the old church sheds to make room for the building which is to become the social center of Connecticut's college life.

Work has progressed rapidly since that date, the foundation walls bearing witness to the fact that the builders expect to finish enough of the exterior so that they may continue to finish their contract during the winter months in time to complete the building sometime in February. To date the company has not only finished the foundation walls, but has begun to erect steel floor supports on which will be laid the ground floor of cement. At this rate the side walls and roof should be in place in plenty of time to close in the structure for interior work before the extreme cold weather sets in.

The money, which is backing the construction of this new Community House, has been pledged and given not only by the people of the State, who have answered the call made through the Connecticut Federation of Churches, but has also been liberally contributed to by the faculty and members of the Storrs' community. Some help came from the students last year, and more is expected this year, when the new college students have had an opportunity to contribute what they may wish to give.

The Manager of Football has issued the call for candidates for the position of Assistant Manager. With a large number of men on the Varsity and Freshman squads the management can use a number of men from the Sophomore class.

THE NEW YEAR

The college year, which opened last Friday, brings to Connecticut a fine and large class of new men and women. We bid them a warm welcome, reiterating the old saying that success rests first with the student himself, and that it is his duty to keep his mind open to all the possibilities and prospects that are open to him. The year is a fresh start, and all should be eager to make the most of it.

The confusion and uncertainty apparent in the first few days will soon be over, leaving in its wake disorganized problems and plans. How well these are overcome will spell in a way the success or failure of a start in college life. The right kind of a start should be uppermost in the minds of each entering student, for the rest of their college career will bring with it the pleasant memories which the upper classes now look back over with so much pleasure.

AN ACKNOWLEDGEMENT

The new Campus Board wishes to thank all the students who last year rolodexed a part of their brake...
to the Aggie 30 yard line. Here they met stiff opposition and Captain Phillips of Wesleyan dropped back to the 37 yard line, making a pretty field goal.

In the second period after intercepting a Wesleyan pass in mid field, the team worked the ball down to the 37 yard line, making a pretty field goal.

Phillips of Wesleyan dropped to the Aggie back field in mid field.

A large student and alumni representation were present at the initial game of the season and were pleased with the team’s showing. After the game a banquet was tendered by the Middletown Alumni Association to the members of the team at the Hotel Aragon.

The lineup and summary:

**WESLEYAN**

Touchdown, Makofski Point from try after touchdown.

Eddy, point from field, Phillips.

Among the largest one-man shovels in the world is this electric giant engaged in open-pit mining on the Mesabi Range in northern Minnesota. It picks up eight cubic yards of iron ore at a gulp, which it dumps into a waiting car.

A day’s work in a minute

Mesabi Range, renowned iron ore deposit, is yielding its mineral wealth at the rate of 16 tons for every bite of an electric scoop.

A man with a shovel would work a whole day to mine and load eight cubic yards of iron ore which this 300-ton electric giant moves in one minute.

Of course, all mining is not done on the surface. But there are many mines in which electricity has changed our conception of mining operations. Wires, penetrating even to the deepest shafts and galleries, have brought light, power, ventilation and added safety to those who must work in the very bowels of the earth.

Electricity’s contribution to mining may be of particular interest to the student of mining engineering, but it is of general interest to all college men as still another example of how electricity is simplifying the world’s work.
Many New Rules Govern Fresh Rushing Season—First Pledging Date in Second Semester.

The Mediator, an organization composed of two representatives from each accredited fraternity on the hill, has formally opened the 1925-1926 Rushing Season with the publication of “Fraternity Rushing Rules.” These rules are lived up to by each fraternity and are therefore publicly published for the benefit of the new freshmen who do not know under just what fraternity in any one year and after November 28th, and after this date on all other nights except those specified by the rules.

1. No fraternity once signing these rules shall have one night in one fraternity. No more than one fraternity shall have one night in one fraternity rooms. On any other time than is definitely scheduled smoker, no campus freshman shall confer in any fraternity rooms, houses and personal rooms in Koons Hall until after the Thanksgiving Recess, November 28th, and after this date on all times except those specified by the rules.

2. All freshmen are excluded from fraternity rooms and houses and all personal rooms in Koons Hall until after the Thanksgiving Recess, November 28th, and after this date on all other nights except those specified by the rules.

3. All bids must be in writing and given out on the day and hour designated by the Mediator.

4. A man shall be considered pledged only when having given a written affirmative answer to his bid, and he wears the pledge insignia of his fraternity publicly. No verbal promises shall be valid.

5. The wearing of the pledge insignia publicly binds the wearer to join the fraternity whose insignia he wears, and by this he shall never be eligible to another fraternity at the Connecticut Agricultural College unless released by his fraternity to which he is pledged. No more than one initiated member shall be released by one fraternity in any one year and after being released from one fraternity as member or pledge no man shall sign a pledge of another fraternity at the Connecticut Agricultural College until a year has elapsed from the date of release.

6. No campus freshman shall be allowed to sit at a table with a fraternity man in the college dining hall until after the first pledging date.

7. No fraternity once signing these rules shall withdraw until February 22, 1926.

8. A schedule of fraternity smokers shall be drawn up by the Mediator and posted on the college bulletin board in the Main Building immediately after its ratified by the fraternities. On the night which any fraternity has a scheduled smoker, no campus freshman shall be allowed in any of the other fraternity rooms.

9. All freshmen are excluded from fraternity rooms and houses and all personal rooms in Koons Hall until after the Thanksgiving Recess, November 28th, and after this date on all other nights except those specified by the rules.

10. No fraternity shall have one night in one fraternity. No more than one fraternity shall have one night in one fraternity rooms, houses and personal rooms of Koons Hall shall be open to all freshmen.

11. No fraternity shall give written invitations to visit them on any other night than the authorized night for their smoker. No organized entertainment that in any way resembles a smoker shall be given by fraternities except upon the night authorized by the Mediator for their smoker.

12. Bids will be distributed to the freshmen by and in the presence of the Mediator at 5:00 o’clock P. M. on the pledging date in Hawkey Armory. Twenty-four hours previous to this time no freshman shall confer in any way with any upper classman or fraternity man.

13. From the time that a freshman enters the Armory, until he leaves, he must maintain absolute silence, and he must return his bid signed or unsigned before leaving the Armory.

14. Any form or attempt at rushing on any other time than is definitely stated above shall be a direct violation of these rules.

15. In any case of violation of the offense and the offender shall be brought to the attention of the Mediator, which shall deal with the situation accordingly.

16. A printed copy of these rules shall be posted on the main bulletin boards and given to each new man.

NEW MEMBERS ADDED TO COLLEGE FACULTY

The opening of the academic year 1925-1926 finds several new changes among the members of the Faculty. Members of the Faculty who will be missed this year are Willard A. Wattles, Assistant Professor of English; Richard C. Fisher, Assistant Professor of Dairy Husbandry; Lieutenant George H. Passmore, Assistant Professor of Military Science and Tactics; Miss Ella J. Rose, Professor of Home Economics; and Miss Marion Gardner, Instructor in Art and Design.

Mr. Wattles resigned his position here to go to Oregon Agricultural College, where he is connected with the English Department. Professor Fisher is located in Cincinnati, where he is engaged in research work. Lieutenant Passmore is this year stationed at Fort Benning, Miss Rose is teaching at the University of Minnesota, and Miss Gardner is at Simmons College.

Five new members have been added to the Faculty to take the places of those who are not returning. Mr. E. O. Anderson comes from the Nebraska Agricultural College as Assistant Professor of Dairy Husbandry. Miss Wilma B. Keyes replaces Miss Gardner as Instructor in Art and Design. She is a graduate of the New York School of Fine and Applied Arts, and last year taught at Ames, Iowa. Miss Knappenberg, who also comes from Ames, will be Assistant Professor of Home Economics. Mr. H. T. Mercer will be connected with the English Department as Instructor in Freshman and Sophomore English. He is a graduate of the University of California, and last year was Instructor in English at Butler College. Lieutenant Lloyd Bunting will be Assistant Professor of Military Science and Tactics for the coming year, and will have charge of Freshmen and Sophomore classes.

Your Prof. will Confirm This:

The ingredients of a good dairy ration, containing 35% of Buffalo Corn Gluten Feed can be bought and mixed by the dairyman at a cost of about $45.00 per ton. Feed in the regular way to good grade Holsteins or other cows, a ton of such a ration will produce 8 tons of milk, which at $2 per cwt. amounts to $120; at $3 per cwt. $180.

This is economical feeding. It is possible because Buffalo, the milk-producing part of the ration, is low in cost but high in protein and total digestible nutrients. That’s why Buffalo will always be a part of EVERY LIVE DEALER’S STOCK AND EVERY GOOD DAIRY RATION Corn Products Refining Co. NEW YORK CHICAGO Also Manufacturers Diamond Corn Gluten Meal
FRESHMAN CLASS JOINS RANKS OF CONNECTICUT’S INITIATES

(Continued from page one)

most noticeable of which was the lack of interest shown by the spectators.

Whether such demonstrations had lost their flavor for the members of the two upper classes or not, Tuesday night's exhibition was judged by the majority as being a rather tame affair. But whatever the opinion of the upper-classmen, it is needless to say that the Sophomores enjoyed themselves, and that memories of the affair will linger long in the minds—if they are so fortunate—of the Freshmen.

Following the demonstration the parade was resumed, and after again traversing various selected parts of the Campus, the Sophomores brought their charges back to Storrs Hall, and with a friendly tap of reassurance sent them to bed.

The second and more serious phase of the initiation was held last night. The rations were again lined up, but this time were marched to the top of Cemetery Hill. There they listened to words of advice and wisdom from the Leaders of the activities on the Campus. Student life and the rules to the new men, and the penalties inflicted for their violation. The following are the rules which are to be followed by the yearlings for the coming year:

YE SHALL NOT:
1. CRAB.
2. Smoke anything but a corn cob pipe outside of the dormitories until after the Christmas vacation.
3. Throw refuse of any kind upon the Campus; nor deface the walls of any of the college property.
4. Enter the Dining Hall except at the prescribed hours during the year.
5. Escort any female connected with the college within a radius of the Main building, until after the Christmas vacation.
6. Venture forth upon the Campus during the first semester without the badges of your ignorance, your skull-caps.
7. Wear numerals, letters, or insignia of any other institution.
8. Wear knickers of any sort until after the first semester or white or rainbow runners until after Junior Week.
9. Interrupt the conversation of upper-classmen for any reason whatever.
10. Walk, creep or in any other way trespass upon the Campus lawns.
11. Be seen on the walk in front of Koons Hall during the first semester, nor rise above the basement of Koons Hall; which implies that you shall always enter Koons by the rear door and stay out of the rooms of upper-classmen.
12. Ever absent yourselves from Freshman class meetings.
13. Adorn your baby faces with any ornaments of hair.
To all who show neither anger nor resentment but obey these rules with a heart of contrition, we say, ye shall pass through purgatory and enter the Kingdom of Sophomores.
To those who heed not our words, unto these we solemnly deliver this sinister warning: Beware of the just and mighty wrath of

THE CLASS OF 1928.

Magnanimous Concession:
If ye be winners of the Pig Roast, ye shall be allowed to discord your Freshman caps. If ye be losers, ye shall carry a can attached to your persons by means of a string three feet long. This ye shall do for three days after your defeat.

FRESHMEN NOTICE!

All candidates who would like to try out for the Campus Board are requested to hand their names to the Managing Editor as soon as possible. Each department of the paper can use both men and women, no experience being required.

PLANS BEING COMPLETED
FOR NEW DORMITORY

Construction to Start Soon.—Building to Face Dining Hall.—Room Plans Similar to Koons and Storrs Halls.

The long hoped for and much needed new dormitory for men comes nearer to being a reality as the plans for the building approach completion. According to the latest report the plans for the construction of the new dormitory will be completed about the middle of October. At that time bids will be advertised, and it is the hope of the trustees of the college that construction of the building will be commenced this fall. It is expected that the building will be ready for occupancy in the fall of 1928.

As announced in the Campus last spring, the new dormitory will be erected to the east of the Dining Hall, and at right angles to Koons Hall. The front of the building will face the Dining Hall. The building, which will be of brick construction, will be three stories high and will be divided into four sections. In the basement of each section there will be club rooms which may be used by fraternities.

The plan of the rooms will be similar to those in Koons and Storrs Hall, being separated into suites of three rooms each. Choice of rooms in the new dormitory will first be offered to members of the upper classes.

The plans for the dormitory are being drawn by D. K. Perry & Company of New Britain, architects.

COLLEGE STORE UNDER NEW MANAGEMENT

Students returning to the "hill" this fall will find the College Bookstore under new management. Mr. Wayland Chapman has replaced "Connie" Ma-honey, who resigned last spring to enter business in Willimantic, as manager of the bookstore. Mr. Chapman was formerly connected with the American Thread Company.

Several changes have been made in the bookstore during the past summer. The fountain, ever popular with the students, especially with late sleepers, has been improved, and all metal fixtures have been revarnished. A complete line of student supplies has been put in stock with the exception of a few text books which have been delayed in arriving. New and attractive signs in the college colors have been placed about the store.

Assisting Mr. Chapman will be "Jimnie" Rowan, the wonder salesman, who guarantees every purchase made. During the rush hours "Red" Schred and "Billy" Schofield will be on deck to assist in sifting out the milk shakes. To please the demands of the "aggies" Mr. Chapman has been told by "Jimmie" to keep a "nothing but the best" stock of student supplies.

The President's Reception to the class of 1929 will be held this Saturday evening, October 3, in the Armory.
