CONNECTICUT MIGRATES TO RHODE ISLAND NOV. 14

ENTIRE STUDENT BODY TO FOLLOW TEAM TO KINGSTON

Plana Nearly Completed For Annual Game With Engineers—President Beach to Declare Holiday.

With the coming of the annual football game between Rhode Island State and Conn. Aggies at Kingston November 14, the Hill will be entirely deserted. The committee in charge of the game have announced that they have done all in their power to make this one of the biggest events of the year.

The entire student body will follow the team to Kingston and upper-classmen who went two years ago know what a good time the Rhode Island game assures.

Breakfast will be served as usual in the Dining Hall on the day of the game, following which the students will form in front of the Dining Hall and from there they will march to Eagleville to take the train. The football squad will not accompany the students, but will be conveyed to Eagleville in buses. The train will leave Eagleville at 8:30 and all students and faculty are asked to be there on time so as not to have too much congestion in getting started.

In a conference with railroad officials, the train committee has chartered a train from New London to

STUDENT SENATE VOTES TO OUTLAW INEBRIATES

Senators Present Activities Calendar

—To Advise Admission Charges For Saturday Dances

At a recent meeting of the Student Senate a number of important subjects were discussed and some decisions reached.

A permanent calendar for regular meetings of the various activities was drawn up as follows:

Monday, Campus Board; Tuesday, Fraternities; Wednesday, class meetings, Nutmeg Board, and debating: Thursday, Student Senate, Ag Club, and dramatics; Friday, A. A., mass and Student Org.

The subject of Saturday night entertainment was brought up, and the pleasure of liquor anywhere on the

ASSEMBLY AUDIENCE HEARS THOMAS CURTIN

Popular Speaker Tells of Experiences In Europe

The college assembly was once more delightfully entertained last Wednesday by Thomas Curtin, special correspondent for the Boston Post, who spoke on the conditions in Europe as he saw them during his visit there recently.

Mr. Curtin told the assembly something about the people of Europe and how they lived. In Graz, Austria, one of the places he visited, Mr. Curtin found that three out of four homes had radios, and that France, Germany, Austria, and England had as many radios in proportion to population as we have. The automobile situation, however, was different in Europe. For instance, a man in Vienna engaged by the Vacuum Oil Company, and who would have driven in a fine car had he been in America, did not have one because of the social scale which would have required chauffeur in his country.

The most important part of Mr. Curtin's speech was that in which he discussed the economic and political conditions in Europe. Starting with England with forty millions of people, there are one and a quarter million people who cannot get a job and have been continuously out of work ever

(Continued on Page Eight)

SAHAGIAN CHOSEN FROSH CAPTAIN

Birch Sahagian was elected to captain the Freshman eleven at a recent meeting. Sahagian hails from Worchester, Mass. When they defeated Tufts for the first time in four years, 3 to 0. The score wasn't made until the last few minutes of the fourth quarter when Moreland made good a drop kick from the seventeen yard line.

Two earlier opportunities of scoring had been lost by the Aggies when a disastrous fumble stopped a sure score and when a forward pass was grounded behind the goal line. Both opportunities came in the second quarter.

Connecticut outscored the Tufts eleven, scoring fourteen first downs to five for Tufts.

The Aggies have played Tufts for four years in varsity football and not until this year have they been able to defeat the Jumbos. Last year the Aggies played Tufts a no-score contest and the two previous years they lost to the Medford College.

The game started with Nanfeldt of Connecticut kicking off to Tufts, who ran it back twenty yards. In quick order the Jumbos made a first down, but after three tries at the heavy Connecticut line, McDonnell punted to Moreland. The Aggies started with a rush, breaking through the Tufts line for a first down. Connecticut could not gain any ground so Moreland punted. The remaining time of the quarter was a punting duel between Moreland and McDonnell, the Tufts kicker. As the quarter ended Tufts was in possession of the ball on Connecticut's thirty-yard line.

The first play of the second quarter Tufts fumbled and Connecticut recovered. On a forward pass, Moreland to Schofield, the Aggies advanced the ball twenty-five yards. Connecticut cut the ball to the twelve yard line, where a forward was grounded in the end zone. Tufts ball on the twenty yard line and after three tries at the Connecticut line, McDonnell punted to Morland on his forty-yard line. A pass from Schofield to Morland was good, for eighteen yards. Substantial gains were made through the Tufts line and Eddy on a run around left end fumbled as he was

THE CONNECTICUT CAMPUS

Dr. Denlinger Completes Assembly Schedule

Notable Speakers Selected.—November 11 to Be Activities Day

An unusually fine program of President Hour speakers has been arranged by Dr. Henry K. Denlinger, head of the History Department. These speakers entertain the entire undergraduate body at the chapel service which is held every Wednesday morning. The students in this manner receive a closer contact with the outside world, and many notable entertainers and speakers are heard by the undergraduates. Attendance at the assembly service is compulsory as is the case at most Colleges. Students who do not attend the assembly have one tenth of a credit deducted by the undergraduates.

The remaining dates on the assembly calendar that have been so far filled by Dr. Denlinger follow:

November 4 Dr. Edward B. Garrison of the State College faculty will speak on "His Experience With Airplanes." He spent considerable time in Dayton, Ohio, this summer and is well fitted to talk on this subject.

November 11 is Activities Day. On this date students who are leaders in the various undergraduate activities will deliver five minute addresses on their particular activity, urging the students to support them.

On November 18 the undergraduate body will bear a very good ora tor. Henry Haines Hawn, president of the Packard Theatre Institute of New York, will address the students on that date. Mr. Hawn has the reputation of being one of the best half dozen orators in the country. His lecture, "The Soul of Things," which will be given is reputed to have left many an audience spellbound as the theme is lofty and his delivery may be compared with the paintings of the old masters.

After the Thanksgiving recess Professor Irving Fisher of Yale University will speak on "The Interpretation of the World Court."

Three one act plays will be put on the stage by the State College Players on the following date.

Count Ilya Tolstoy, son of the great Russian Count Leo N. Tolstoy, will speak on the conditions in Russia as he knew them before and during the recent World War. Tolstoy is a strict vegetarian and does not believe in the killing of any living thing. At present he is living in this country and his coming to Storrs will be awaited with interest.

Senor Moreno Lecelle, Dean of the Spanish School of Middlebury, Vermont, will also be heard before the end of the first semester.

FINANCES

In the early part of last year's first semester a plea was made to the student body by both the Nutmeg and The Campus for financial aid. The result of this combined plea was that the Student Organization, upon recommendation of the Student Senate, voted to help finance these organizations by collecting through the Business Office $3.00 each semester this sum to be added to the regular registration fees as a "publication fee."

The result of the vote was then placed before President Beach who in turn referred the matter to the Student Affairs Committee. This body acted favorably on the student vote placing their action before the faculty at one of the winter meetings. The faculty, however, returned a negative vote on the matter thus leaving the two student publications in the same predicament in which they found themselves last year at this time, namely, without enough funds through subscriptions to pay the cost of printing.

One of the arguments in favor of assessing each student $3.00 as a "publication fee" each semester was that the college was too small to put out a weekly and yearly publication with only half the student body behind them for financial support. The thought was brought out that these publications are really the two big advertising mediums of the institution, and as such should be backed by the student body one hundred percent.

If we look into the matter a little more closely perhaps we can see why it will be necessary for The Campus, for instance, to ask for more support from the upperclassmen, and why it seems unfair that the faculty should have returned a negative vote to the Student Senate. First let us consider the sources of income. These in the case of The Campus come in two ways: from subscriptions and from advertising. This year we have received to date only about 300 subscriptions which will bring in an income of $600. The cost of printing the issue, even at the figure secured after receiving bids this fall, will amount to at least $1,700. This leaves the remainder of $700 to come from the second source of income, advertising, and at the present rate—running all the ads that appear in the paper which you will agree are almost too numerous already—we will fall far short of the printing cost. This then is the condition which The Campus now faces. We need more subscriptions from the upperclassmen, the freshmen having gone over the top 100 cent. Does it not seem reasonable to you that we have to get your college paper, and if so, do you feel that it was unjust to appeal to you in last week's issue, as we did, for more support?

THE COLLEGE BAND

For the first time in the history of the institution we have a band which made its first college appearance at the frosh game last Friday afternoon, and its first public appearance at the Mass. Aggie game last Saturday. It indeed was a big surprise to the alumni, who came back for "Homecoming Day," and the comments expressed by them were of the best order.

Each year an attempt has been made to organize a band that would be an asset to our cheering section, but always this has failed, and in a last desperate attempt to provide some sort of music for our big games, an outside band or drum corps, was secured. These musical organizations were never much of an asset, for the music provided was not of a character that would have issued forth from a college band. In fact in most instances the musicians were out of tune that brought ridicule from our opponents, and, much as we try to overlook this side of life, it still came in such strong measure that it could not be swallowed with any degree of ease.

Therefore, when our student band made its appearance this year, it met with unbounded enthusiasm, for it is "our" band. Considering the short period of time it has been organized, the band gave an exceptionally good performance. We should give it our hearty support in every way from now on.

MR. A. G. SKINNER

With the coming of a new college year came not only new faculty membership changes but also changes with in the faculty itself. We refer particularly to the change made in the chairmanship of the Social Committee, that organization perhaps criticized the most and appreciated the least.

The Social Committee here at the college had for its chairman last year a man, who did his utmost to foster entertainments both during and at the end of the week, that were of high caliber. His duties were to secure the best entertainment within reach, and this he did. In fact he was intrusted with the entertainment of this whole almost isolated community, and to say that he fulfilled his position well in the face of the obstacles and criticism showered upon him is putting it mild indeed.

The change made in the chairman of the Social Committee placed Prof. E. H. Patch in Mr. A. G. Skinner's position. The change made relinquishes Mr. Skinner from a position which he served well and faithfully, and the thanks of the student body and the community go to him for his tireless efforts.

SAFETY VALVE

To the Editor:

Courtey is a common art which most of us enjoy at all times. There are a few on the campus who appreciate the attitude of the present freshman class. They may not all be up to scratch in the fandangles of present day ball-room etiquette and are therefore healers, as we read in last week's Campus. Many think the class is to be congratulated on its manhood. On the whole their everyday campus behavior is fine. Certainly they are ready with a smile as pleasant and willing a greeting as anyone could wish; in fact they have far surpassed other classes in the art of tipping the hat. During their first three weeks here they have well honor ed the old custom of greeting every one they meet and in that respect might well be an example to many upper classmen, some of whom frequent Holcomb Hall.

An Observer on the Campus.

OBERVER COLUMN

The football team came through with a double win last Saturday. It seems like old times. Aggie football teams always have plenty of fight.

If the whispering and murmuring of the pines were intelligible, we would forsake our habit of occasion ally buying a copy of Breezy Stories.

Some co-eds smoke because it makes them feel free, others smoke to be stylish, and a few smoke because they enjoy it. Burn few, though.

The hashful sex? Has anyone noticed the horde of male wall flowers that adorns the northern side of the armory at the Saturday night dances?

There is talk about this college being too small to support a four dollar year book. Printing an individual picture of every student would greatly increase the circulation.

The new ruling passed by the Student Senate has one good feature. It will necessitate the hiring of a breath sniffer. Our application is already on file.

The cigarette bumm ers are busy. It's hard to have to buy two packages of cigarettes a day, but it's harder to be able to smoke only one of them.

Manhattan's fullback, who will play here tomorrow, is named Kramel Hasen. It sounds like a cigarette ad. He is a Turk and wants to add three co-eds to his harem. Here is your chance to marry a real Turkish prince, girls.

What's wrong with this sentence? Greer at the door of Holcomb Hall, "Let me out, let me out."

Sentence for the week—"How pitiful are little folks, they seem so very small, they look at stars and think they are denominational."—Wattles.

I read with awe that awful law that the Senate has instigated, that inorderates or intoxicatees will no longer be tolerated. To be feeling gay, our Senators say, will lead to degradation. The penalty you know, for out you go on a forced and prolonged vacation.

Oh, what will I do, when I'm feeling blue.

And time is hanging hard, without my beer to add the cheer, and gin to tempt this bard? The old milk shake and radio cakes may please the parlor born, but for the regular girl, I offer this cry.

"Oh give us our Barleycorn."
STUDENT SENATE VOTES TO OUTLAW INEBRIATES

(Continued from Page One)

Senate decided to recommend to the Student Org., that on those nights when there are to be no movies but just dancing, an admission of twenty-five (25) cents be charged for the men, girls free, any profits resulting from this arrangement to be used for the purchase of a new piano. As this will be referred to the Student Org., everyone is asked to think it over and vote accordingly.

A committee consisting of three members of the Senate and three Sophomores was formed for the purpose of devising means of punishing violators of Freshmen rules.

Realizing that the problem would have to be met sooner or later, and acting in accord with powers granted in Article IV section 4, the Senate drew up the following recommendation:

"For anyone found under the campus, the penalty shall be suspension for two weeks." This notice has appeared on the bulletin board and will be read at the next meeting of the Student Organization.

Mr. John Visny was welcomed to the Senate as the representative of the Two Year men.

KAMPUS KLIPS

We know a fellow so avaricious for cigarettes that he even asks the goat for a butt.

An Ag student inadvertently swallowed some fertilizer. A day or so later he felt peculiar growing pains.

A certain man in N. Y. owned a restaurant, called the "Bluebird." A certain friend of his came into possession of a yacht, and invited him to spend a week-end upon it. When Sunday night came around, he asked the restaurant owner what he should call the boat.

"Why," answered the R. O., "judging from your silver, you already have named it "Bluebird."

_Sung to the tune of "Alabama Bound."

Chorus:
Because we're Rhody bound,
There'll be no Aggie slackers hangin' round.
Just spent the last, lone dollar that I owned,
To goin' to get somethin' to eat and somethin' to eat.
Our men will pile that score
We know that now we're going to win once more.
And then we'll boister over so the team will know.
Here we go.
For we are Kingston Bound.

The Farm Electrical

Of the six and a half million farm homes in this country, only half a million have electricity.

Still, the advantages of electricity are widely known. But there is more to farm electrification than the installation of motors, lights and heaters. Current must be brought to the farm, and that means many miles of transmission line, supporting poles, transformers, and adequate generating equipment.

Slowly but surely the electrification of American farms is taking place. As farmers learn how to use electricity, rural service lines reach out farther and farther into open country.

Six million farms to be electrified! Here is a vast and virgin field for the application of electricity, with countless opportunities for college-trained men in the technical and commercial phases of this undertaking. And for the agricultural college student and others planning a future life in rural sections, it means a better, bigger, happier life-time now in the making.
To further increase the appreciation of good music among the club members, Mrs. Alling has been successful in getting at a greatly reduced rate, season tickets for the Kellogg Concerts to be held in Hartford during the winter. Mrs. Alling will escort thirty of the club members to each of these concerts.

**ENROLLMENT APPROACHES FIVE HUNDRED MARK**

(Continued from Page One)

In the regular four year course the freshman class numbers 205, the largest entering class in the history of the Connecticut Agricultural College. Of this group, 156 are men and forty-nine are women.

Of the remaining three upper classes, sophomores, juniors and seniors 181 are men and seventy-five are women, which gives a total of 250 upperclassmen.

---

**CONNECTICUT INTERESTED IN CONFERENCE GAMES**

With the exception of New Hampshire, which tied Springfield 10-10 every team in the New England Conference won their games yesterday.

New Hampshire and Massachusetts Aggies are undefeated to date, though the Granite Stater's record is marred by the tie contest with Springfield yesterday.

Despite this, however, New Hampshire should rank with Massachusetts and these two elevens are apparently the best in the New England Conference. Unfortunately, they do not meet this year, which will make it impossible to settle definitely which should be adjudged the best Conference team.

The result of the New Hampshire-Connecticut Aggies game to be played at Manchester, N. H., Nov. 7, and the Massachusetts Aggies-Springfield game to be played at Springfield, Nov. 26, should give a fair index as to whether New Hampshire or the Massachusetts Aggies can be considered the best team in the New England Conference.

If Connecticut defeats New Hampshire, M. A. C. will take top honors by virtue of a 15-0 victory over the Nutmeggers last week, especially if Massachusetts can turn back Springfield later on. On the other hand, if the rugged Granite Staters overwhelm the Connecticut team, and Springfield manages to defeat M. A. C first honors must go to the New Hampshire eleven.

The Connecticut Aggies, which last year defeated every Conference team is out of the running this season, having sustained defeats already at the hands of Massachusetts Aggies and Maine. Two Conference games with New Hampshire and Rhode Island are yet to be played by the Nutmeggers, however, which if won, will considerably improve the standing of the Storrs team.

Maine came from behind yesterday to defeat Bates 16-7, in a game that showed the Pine Tree Staters could stage a strong comeback after their Conference honors. However, Rhode Island was eliminated by a 26-0 defeat at the hands of New Hampshire.

---

**FRESHMEN TAKE ANNUAL TRACK MEET FROM SOPHS.**

Yearlings Run Away From Second Year Men By 72-48 Count.—McLaughlin Shows Up Well For Freshmen.

In the annual track meet between the two lower classes which was held Monday on Gardner Dow Field, the Freshmen defeated the Sophomores by the score of 72 to 48. While the times of the races were not exceptional, the showing of both teams augurs well for future varsity strength. Without a doubt the outstanding performer of the day was McLaughlin of the freshman class, who garnered three first places for his team. The next highest scorer was Pop Williams of the second year men, who took thirteen points in the field events for 28. Moll for 28 and Drugg for 29 also showed up well in their events.

The score:

- 220-yard Hurdles—Kallstrom, 28; Goodwin, 29; Guberman, 29; Watson, 28; Drugg, 29.
- One-mile Run—Moll, 28; Walford, 28; Williams, 28; Shot Put—Williams, 28; Morrill, 29; Dorrance, 29.
- 100-yard Dash—McLaughlin, 29; Watson, 28; Drugg, 29; Williams, 28; Dorrance, 28.
- 220-yard Dash—McLaughlin, 29; Watson, 28; Drugg, 29; Williams, 28; Dorrance, 28.
- 440-yard Dash—McLaughlin, 29; Skinner, 29; Saltusky, 29; Dorrance—Williams, 29; Mortill, 29; Dorrance, 28.
- Hammer Throw—Morrill, 29; Williams, 28; Dorrance, 28.
- 26-0 de

---

**A Protein Feed That Pays**

Corn Gluten Feed—23% Protein

"Almost Wholly Digestible"

Corn Gluten Feed is a profitable protein ingredient for every ration. Successful feeders in 32 States are feeding it regularly. These practical men know its value. It pays them to feed it.

One or more feeding experiments with Corn Gluten Feed in the ration will make your school work more interesting and profitable to you. There are several good reasons why this is so.

Corn is grown in all the States. It is worth more than any other farm crop. We need corn more than anything else grown on the farm, and without it we would almost starve.

The product of corn most needed by the farmer and feeder is Corn Gluten Feed. A ton of it contains as much protein as 2½ tons of corn and also the natural salts of five tons of the whole grain.

Corn Gluten Feed is palatable and safe. It is never given as medicine nor has it ever caused abortion or blindness. Some dairymen feed it straight for high production tests.

You are going to help the farmer get the most out of his corn crop. This Research Bureau can be of great service to you, and we want to tell you about it.

Wrote us today and we will send you our bulletin and show what we are doing in our nation-wide campaign for better feeding.

Associated Corn Products Manufacturers

Feed Research Department

196 South La Salle St., Chicago, Ill.
MONTEITH ARTS SOCIETY GIVES NEW OFFICERS

The Monteith Arts Society held its first meeting of the new school year on Wednesday, October 21. Election of officers was given the first attention, and the officers for the coming year are as follows:

Miss Margaret Demander, president; Miss Dorothy Hughes, vice president; Miss Mildred Carlson, secretary and treasurer; Miss Carrie Main, chairman of the executive committee.

A discussion followed the elections as to whether or not freshmen should be eligible to membership in the society. At present it is a rule of the society that no freshman is eligible until, by high scholastic standing during the course of their freshman year, they have proved themselves worthy of the honor of being admitted. This ruling was upheld by a subsequent vote with the amendment that all women students be invited to any meeting which might be of interest to them.

It was also voted that in the event of a meeting which might in any way concern or interest the Faculty, they be invited also.

For the benefit of the freshmen—The Monteith Art Society was formed to promote interest in the fine arts among the girls of the institution and was named after Professor Monteith who was a patron of the arts himself. The society has a room in Holcombe Hall in which are hung the paintings which have been presented to the group and where may be found several current magazines to which the society subscribes.

For this year the president and executive committee are working on a series of very interesting programs which are to be divided between Literature, Art and Music. The first of these programs will be presented on Monday, October 26, when the society will have the pleasure of hearing three prominent musicians: Anne Deblass, cellist from New York; Eric Demander, violist, and Signe Norton, accompanist, from New Haven. It is hoped that all the members will take advantage of this opportunity to be present.

JUNIOR GIRLS GIVE FROSH GHOST PARTY

The annual Junior-Freshman party was held last Friday night in Holcombe Hall assembly room, when the Junior girls entertained the Freshmen girls with a Ghost Party.

The Junior girls escorted their Freshmen sisters into the assembly room where the girls were pleasantly surprised to find Miss Edwina Whitney, whose ghost stories are loved especially among the upper-classmen. The entertainment began with the reading of weird ghost stories by Rosary Broughel, Lilly Larsen, Grace Holcombe and Sally Croll. Everybody was feeling the effects of the stories at this time, and after Miss Whitney had told in her "scariest" fashion one of her most blood-curdling stories all were ready for refreshments of sandwiches, doughnuts and cider.

The party then sang college songs and the new "Rhody" song composed by Sally Croll and Flora Kaplan was sung and resung. The ghastly effect was successfully carried out in the decorations, lights being dimmed and "spooky" skeletons hung around the room.

MR. WINTHROP TILLEY SPEAKS ON JOURNALISM

Mr. Wintrop Tilley of the English Department gave a very interesting talk on journalism to the Co-eds who are writing for the College publications.

He brought out that conditions on the Hill are almost ideal for news-writing since there are no outside influences. There are no "big advertisers" to be contended with.

The important points to be considered in becoming a good news writer, he showed, are primarily a desire to write, plenty of hard work, and a literary environment.

HALLOWE'EN DANCE TOMORROW NIGHT

A real Halloween dance given by the Girl's Social Committee will take place tomorrow night in Hawley Armory. Extensive plans have been made in connection with the decorations of the Hall. The color scheme will be that of the usual black and orange. Prizes will be awarded for the most original costumes. The committee feels that this will stimulate the variety of costumes. All those attending are asked to go in costume. There will be several novelty and stunt dances, making this affair unique in the college program.
since the war. They are living on the dole system and must continue to do so or get out of the country. England must get the idea out of her head, said Mr. Curtin, that she can import all her food and send out manufactured goods, there is too much competition from other countries. Mr. Curtin believes that the unemployment in Great Britain is due to the outlook upon the unrest in Europe which does not give the industries confidence to operate to the fullest extent.

In France there is still the fear that Germany will invade the world and France is determined she shall not. Then there are Germany, Austria, Hungary, and Bulgaria, with eighty millions of people who believe that the war took away what rightfully belonged to them and, on the other hand, France, Poland, Czecho-Slovakia, and Roumania with one hundred twenty millions who gained something from the war and who think they gained it rightly.

The conference at Locarno, Switzerland, at which Germany, England France, and Italy were represented accomplished a large step toward world peace. France and Germany agreed and promised not to make war. France, Poland, Czecho-Slovakia signed that if one is attacked the other will help.

But there is a desire for peace and the best way is to get together or the present basis and build things up economically. The debt to the United States is helping to unite Europe for they see that the United States of America is getting richer and richer at the expense of the dis-united states of Europe.
