M. A. C. AND N. H. TIED FOR CONFERENCE HONORS
Maine Surprises Sport Followers—Championship Yet to Be Decided

By defeating the Conn. Aggies Saturday, New Hampshire retains its position, along with Mass. Aggies, at the top of the heap in the scramble for first honors among the elevens of the New England Conference which includes all New England state colleges with the exception of Vermont.

MASS MEETING TONIGHT
The largest and most important Mass meeting of the year will be held in Hawley Armory this evening, when the students will re­lease cheers and songs for the last time before the big game with Rhode Island State tomorrow. Under the direction of Cheerleaders Conklin and Yardley, the students spread all the Connecticut cheers and songs to be used at Kingston tomorrow.

In addition to the cheer practice, lines will be speeches by Coach Doles, members of the team, former gridiron warriors of Connecticut, and other members of the Alumni.

Third Straight For Aggie Yearlings—Dixon Scores Twice

Coach Alexander's yearlings defeated Rhode Island State Freshmen last Saturday on Gardner Dow field 14 to 2. This year's Aggie team is the third successive Connecticut yearling eleven to defeat the Rhode Island State Frosh.

Starting off with a brand of football that swept the Rhode Island Frosh off their feet, Conn. carried the ball over for the first score of the game within three minutes. Again in the first period, the Nutmeg State yearlings ran wild through the Rhode Island line and scored the second touchdown. Dixon, Connecticut's fullback man, scored both touchdowns.

Starting the game Allen of Rhode Island kicked off to Sayers on his thirty yard line. By a series of line plunges and short end runs Connecticut soon carried the ball over for the first tally. Capt. Sahagian failed on try for the extra point.

Allen of Rhode Island kicked off to Usher. An exchange of punts gave Connecticut the ball on Rhode Island's 50 yard line. After runs by Sahagian and White, Dixon went around right end twelve yards for a touchdown. Sahagian again failed in his try for the extra point.

In the second quarter Rhode Island carried the ball from midfield to within yard of the Connecticut goal line where they fumbled, Conn. recovering. John of Rhode Island was responsible for most of the substantial gains through the Conn. line.

For we are Rhody Bound

CONNECTICUT LOSES
HARD GAME TO N. H.

Nutmeg Team Overcome In Final Period

Aggies Hold Lead For Three Periods

—Moreland's Field Goal Gives Connecticut Only Score.

Connecticut was defeated by a big powerful N. H. eleven on Textile field at Manchester, N. H., last Saturday afternoon. The Aggies held the lead during the first three periods, but due to a few breaks and some good running on the part of Captain O'Connor of N. H., they had a field goal and two touchdowns scored against them in the last ten minutes of play.

Nanfeldt kicked off for Conn, and O'Connor carried it from behind his goal line to his 25 yard line. N. H. rushed the ball to Conn. 45 yard line where they were stopped by the Aggies. O'Connor bent to Moreland, who ran it back 20 yards. Moreland bent to Davis on the first play and it was returned to Conn. 38 yard line.

O'Connor and Davis failed to gain and O'Connor bent to Moreland, who was stopped in his tracks. The Aggies' first rush of the game netted 8 yards. Filmer made it first down on the next play. Makofske recovered a fumble on the next play and then Schofield failed to gain. Moreland bent to Davis and then ran down the field and made the tackle, forcing Davis out of bounds on his own 27 yard line.

N. H. first chance to score came when on the next play Nieora tossed a long drive to Davis on Connecticut's 5 yard line. Logan replaced Capt. Brink, who had been playing a great game at end. The Aggies with their backs to the wall stopped O'Connor as he attempted to rush through tackle. Nieora made a yard at center. On a trick play Moreland spoiled Capt. O'Connor for a 4 yard loss. It was fourth down, nine yards to go. Capt. O'Connor tried a field goal that went short and was picked up by Makofske who carried it back to his 31 yard line. Lorentsen went in for Johnson at right guard for Conn. Moreland made 4 yards. Makofske made two and Moreland carried it to the 40 yard line with one yard to go for first down. Moreland bent to Davis, who fell on his 30 yard line. Stewart replaced Davis at quarter. Applin went in for Nieora. On the next play Applin attempted a forward, but had the ball knocked from his hand by Nanfeldt, who recovered for Conn.

This was the Aggies' first break and they made it good. Eddy replaced
THE CONNECTICUT CAMPUS

Filmer. Moreland made two on the first. Makofsks added two, as the quarter ended. On the first play of the second quarter Moreland kicked a pass to Makofski, who made it first down on their 17 yard line. Moreland made two yards and Schofield lost two on the next rush. Moreland dropped back to his 25 yard line and kicked a field goal. It was a beautiful kick and would have carried at least 30 yard back.

Nanfeldt kicked off for Conn. and for the remainder of the half the ball was rushed and kicked back and forth with neither team getting within scoring distance.

At the beginning of the second half Nanfeldt kicked off to N. H., who now had the same starting lineup that began the game. Prince received the ball and was tackled by Filmer. An exchange of punts netted the Aggies a gain of 8 yards. O'Connor then made 10 yards around left end. Nicora made eight. Steward rushed the ball to Conn.'s 38 yard line. Capt. O'Connor made it first down on the 20 yard line, and with a four and a six more on the next rush. Abbiati was stopped in his tracks and O'Connor lost two yards on the next rush, the ball going to the Aggies.

The next play of the game came after Davis ran back Moreland's punt from Conn. 35 yard line to their nine yard line, where he was tackled by Moreland. Nicora made four yards and O'Connor added two more. Then taking the ball for the second time he carried it two yards from the goal line. On a trick play O'Connor went around left end for a touchdown.

Captains O'Connor was the outstanding man for N. H. It would have been hard to pick an outstanding man for Conn. as every man on the team turned in a fine day's work.

FRESHMEN, SOPHOMORES, JUNIORS, SENIORS, ATHLETES

Do You Know?

- "How to Study"

The Students' Handbook of Practical Hints on the Technique of Effective Study

by WILLIAM ALLAN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy, and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curricular activities and for average and honor students working for high scholastic achievement.

Some of the Topics Covered

- Scientific Shortcuts in Effective The Athlete and His Studies.
- Preparing for Examinations.
- Writing Lead Examinations.
- Brain and Digestion in Relation to etc.
- Study.
- How to Go to College?
- How to Take Lecture and Reading Notes.
- Advantages and Disadvantages of etc.
- Cramming.
- Why You Need This Guide

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine." Prof. G. W. Whipple, U. of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked." Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain." Prof. G. F. Swain, M. T. Johnson.

"To students who have never learnt "How to Study," work is very often a chastisement, a flagellation, and an insuperable obstacle to progress." Prof. A. Inglis, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort.

Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.

You Need This Intelligent Assistance

THE DEPOSED EDITOR

We learn from the Hartford Times of November 2 that Malcolm Stephenson, former Connecticut student and present editor of "The Tripod," the weekly college paper of Trinity College, has been suspended from college for a month following his criticism of Dean Troxell's chapel address of several weeks ago. The Dean was quoted as saying that, "It is our duty in college to disregard the individual and to try for a Trinity type." "In commenting in a footnote on a letter published in "The Tripod," in which D. Troxell's statement was criticised, Stephenson stated that "Better a radical with a beard and a bomb than a type—aggressive type man without brains enough or courage enough to declare himself."

Stephenson merely answered Dean Troxell in a way that seems to be a perfectly fair criticism, when we consider, as The Times stated, that Dean Troxell had written "The Tripod," and wondered why that publication was dodging the issue in not commenting on his address, which he felt demanded some publicity. He answered the Dean in a letter and signed the letter—AN INDIVIDUAL.

The action of Dean Troxell seems on the surface to be most unjust. Stephenson was accused of dodging the issue, and like most red-blooded American college men, he had to answer the Dean in either agreeing with him, or taking the opposite viewpoint in order to hold the respect of his fellow students. It rather looks as though Dean Troxell either wanted publicity, or else felt that there was a man back of the college paper who was too free in expressing himself.

From the comment of the various newspapers, college papers, even the action of the Trinity student body itself in asking that Stephenson be reinstated, it would seem that perhaps the trouble lies not so much with the deposed editor and his criticism of the Dean, but with the Dean himself, in taking issue with "The Tripod" on a subject which in its essence needed no comment. Dean Troxell has a right to say what he believes, and so has an editor of a paper when his paper has been made a target for an answer to such a statement, the student body standing by as the gallery. It rather looks as if Dean Troxell was looking to start trouble.

ACTIVITY DAY

The second annual "Activity Day," held in college assembly last Wednesday, showed improvement over that of last year. Eight activities were presented to the student body in the hour's time with much interest manifested by the students, especially the Freshmen. The 1926 football team was victorious over the 1925, and we hope! Let's go!
THE CONNECTICUT TRAVELS TO RHODE ISLAND TOMORROW

(The Continued from Page One)

State, but he will make good use of his reserve material so as to save his regulars for the last game of the season with Rensselaer at Troy, N. Y., next Saturday.

CONNECTICUT'S 1925 VARSITY ELEVEN

L to R, line: Fienneman, Zellin, McAllister, Daly, Bitgood, Nanfeldt, Captain Brink.
L to R, backfield: Moreland, Makofski, Schofield, Filmer.

The athletic holiday that was declared by President Beach will be used to good advantage, as close to five hundred students and alumni are expected to follow the team to Kingston. The Aggie special will leave Engle at eight-thirty on Saturday morning with the Aggie rooters and the Varsity football team on board.

The Aggies are the favorites to win over Rhode Island because of their more impressive record. To date they have won from Wesleyan, Tufts, and Manhattan, while losing to N. Y. U., New Hampshire, Maine, and Mass. Aggies. Rhode Island has had a disastrous season, winning but one game out of six starts. They defeated City College of N. Y., and lost to Brown, Western, Maryland, New Hampshire, Worcester Tech, and Bates.

Rhode Island lost to New Hampshire 26-0, while Connecticut lost to the same team by the score of 17-0, and if comparative scores count for anything the Aggies should win by at least one touchdown.

THE COACHING STAFF

Left to right: Coaches Dole, Daly, Guyer, and Alexander.

MANAGER KUHL
EIGHTEENTH CONTEST
WITH R. I. TOMORROW

GAMES DATE BACK TO 1897

Engineers Ahead on Number of Games Won—Two Tie Battles

Rhode Island! To a Connecticut Aggie man that name conjures up visions of bitterly contested football games and desperately fought basketball games, in which Rhode Island and Connecticut Aggie teams battle for supremacy over each other. It is generally conceded that Rhode Island is Connecticut's oldest and most bitter rival.

Football relations with Rhode Island began twenty-eight years ago, available records reveal. We do not know much about that game played away back in the dim past, but it is on record that Connecticut emerged victorious with a 22 to 8 score. 1897, cultural College football team arrived from Tech. The Mass. Aggies had no game that will be played on Gardner Dow.

Rhode Island is credited with eight victories have been fully as gentlemanly, but they're always been out to annex Aggie scalps—just as the Aggies have always been equally determined to do some scalp-annexing themselves.

M. A. C. AND N. H. TIE FOR CONFERENCE HONORS

(Continued from Page One)

Only three conference elevens as action Saturday, Mass. Aggies and Rhode Island lying idle. New Hampshire defeated Connecticut Aggies 17-3 at Manchester, N. H., in one of the most important and hotly contested conference games of the year, while the University of Maine eleven downed Bowdoin 28-14 at Orono, Maine, thereby winning the championship of the Maine state series. Due to an early season cancellation by Stevens Tech. the Mass. Aggies had no game Saturday. Rhode Island was idle Saturday as they played Bates Thursday and lost by a score of 13-0.

New Hampshire showed its championship qualities in its game with C. A. C. by coming from behind in the fourth period to score seventeen points, and avert what looked like the dashing of its hopes for a Conference championship.

The rapid development and progress of the University of Maine eleven has furnished one of the surprises of the season in the Pines Tree state. In the Maine state series which involves Cobey, Bates, Bowdoin, and Maine, the state university eleven was not considered a strong contender for championship as the series opened. The hope was completely abated when the Maine team clinched the championship Saturday.

Maine has played only one conference game, defeating Conn. Aggies 7 to 0. New Hampshire has yet to be played, however, and the result of that contest will affect the final standing of the conference teams. New Hampshire must win in order to retain its position at the top with Mass. Aggies.

Sung to the tune of "Alabama Bound."

Chorus:
Because we're Rhody bound,
There'll be no Aggie slackers hanging round,
Just spent the last, lone dollar that I owned,
To get goin' To hear those old Rhode Island stunts grow.

Our men will pile that score We know that now we're going to win once more. And then we'lloller so the team will know.

If so we go. For we are Kingston Bound.

FRESHMEN MEET MASS.
AGGIE, TWO-YEAR TEAM

Coach Alexander's yearlings will play their last game of the season Friday afternoon, when they line up against the Mass. Aggie Two-Year Men. Mass. Aggie is not a stranger on the Connecticut gridiron, as they have been on the schedules ever since the one year rule has been in effect.

Little is known about the opponents this year, and Coach Alexander is taking no chances as to their ability and will send a strong team on the field to meet the invading aggregation. As the Frosh emerged from the Rhode Island game without any injuries, it is probable that the same team will start against Mass. Aggie.

This is not only the last game for the Frosh, but it is the last contest that will be played on Gardner Dow field this fall.

JUNIOR GIRLS GRANTED SPECIAL PRIVILEGES

The Junior Girls were granted the privileges for which they had previously petitioned, by Miss M. E. Sprague, D. am of Women, at a meeting called on Wednesday, November 4th, in Holcomb Hall.

These privileges included permission to entertain in Holcomb Hall on Wednesday evening as well as Friday evening; permission to stay out until seven-thirty P. M. instead of seven o’clock; and permission to go down to Willy unchaperoned.

Miss Sprague said that if at any time the Juniors should desire other privileges, they should petition for them, and she would grant them gladly if she thought them to be the right privilege.

FRESHMEN WIN FROM SOPHOMORE CO-EDS

The interclass hockey game between the Sophomore and Freshman Co-eds took place Thursday afternoon, November 5th. It was an interesting game and both teams showed up remarkably well. On account of darkness, the last half of the game was completed on Friday afternoon. The Freshmen were the victorious ones, and as the score made was 1-0 in their favor.

THE WOOLWORTH BUILDING

The Woolworth Building, a new seven-story building, is to be erected in the center of the city. It will be of granite and will be the tallest building in the city. The architect is Mr. Smith, and the contractor is Mr. Jones. The building will house a large department store, a hotel, and offices for various businesses.

THE MEETING OF THE WOMEN'S STUDENT COUNCIL

The meeting of the Women's Student Council was held Monday night, Nov. 2nd. This is the first meeting of the council as representative of the Faculty present development of airplanes.

To be successful, an airplane must be able to rise in the air, travel through the air, carry a load, be steered, and land safely on the ground again. The problem that confronts the early flyers was to get a machine that was light enough, said Dr. Gumbart, because the machinery was crude and heavy.

The different types of airships described by Dr. Gumbart were balloons, dirigibles, airplanes, including mono-planes, bi-planes, and tri-planes. The airplane, which is heavier than air, has proved to be the most satisfactory because it can rise quickly from the ground, make great speed in the air, be steered accurately carry a heavy load, and land safely on the ground again.

Dr. Gumbart's description of an airplane ride was very interesting. He said that when you get into a plane you have peculiar bodily sensations in the vicinity of the diaphragm. Only men with sense of balance are allowed to pilot machines. No other senses will help you while in the air, not even sight, hearing, or feeling. The plane seems to be standing still even while you are traveling sixty to ninety miles an hour. You can see the ground but you cannot tell how high you are or how fast you are going. The plane goes through the air and slides over the air.

There are currents of air, both horizontal and vertical, which are due to difference in the density of the air. The air over a green field is different than that over a wheat field in which the grain has been cut and crossing a road is like going over a high bump in the road with an automobile.

Accidents are very common. In the twin engine planes there is twice the danger of a single engine plane for if one engine stops the plane has to come down. The parachute has now become an auxiliary attachment in the air service and in one case a man jumped with a parachute strapped onto his back any more than he would think of going out in a ship without a life-preserver.

Dr. Gumbart believes that the possibilities of air transportation are so important that in the future we shall be able to travel as safely in airplanes as we now travel in automobiles.

everything that men will need for the
Fall or the Winter Wear
There's an unexhausted choice of selection, too. From Handkerchiefs, Shirts to Socks, you'll find just the item you want in
just the shade you prefer. And of course, there's no need to remind you
of the quality and value, we're noted for that.
