"NEW DORMITORY ABOUT TO BE REALIZED"

VOL. XII
STORRS. CONNECTICUT, FRIDAY, DECEMBER 18, 1925
NO. 10

GROUND BEING BROKEN FOR NEW DORMITORY

New Building to Be Ready by Next September.—Contract Awarded to Builders of the Community House

The contract for building the new dormitory has been awarded to the H. Wales Liss Co. of Meriden, Conn., whose bid of $146,427 was the lowest of ten submitted. The contract states that the dormitory is to be completed by Sept. 15, 1926. It is to be constructed of Connecticut Harvard brick with granite trim similar to that now being used in the construction of the community house. It will accommodate eighty-four students and will be divided into four sections. Monday saw the appearance of surveyors for the purpose of staking out the land.

Funds for the new building were provided in the $168,000 appropriation made by the last Legislature

AG. CLUB HOLDS SUCCESSFUL FAIR

Many Interesting Exhibits Presented.
—Forestry Department Wins Second Cup For Second Successful Year.

The Ninth Annual Ag. Club Fair took place last Friday and Saturday and it came to a successful conclusion with the Third Annual Barn-warming Saturday evening.

The fair opened Friday noon with all booths in readiness. The armory was decorated with evergreens hung from the running track. The following departments had exhibits: Home Economics, Agriculture, Bacteriology, Forestry, 4H Clubs, Dairy, Agronomy, Genetics, Military, Chemistry, Floriculture, and Horticulture.

The student judging contests took place Friday. The winners of the contests are as follows: Dairy: first, C. H. Roth; second, L. Wilcox and E. Danard; third, C. E. Abrahamson.

Animal Husbandry: first, Garrigus; second, Young.

Crops: first, R. Whaples; second H. E. Hill; third, H. Greer.

Horticulture: first, H. Whaples; sec...

DEBATING CLUB HOLDS INTERESTING MEETING

Freshman Dormitory Subject of Discussion.—To Debate With Spring Field in Near Future.

An open meeting of the Debating Club was held last Thursday. The main purpose of the meeting was to pick the men who are to go to Springfield. The most important feature of the meeting was a debate on: “Resolved, The Freshman Dormitory is to the Best Interest of the College.” The speakers who upheld the resolution were Gallant and Calacurcio. Those on the negative side were Gifford and Agello. Gallant was the first speaker of the evening. He brought out the fact that a freshman rooming with other freshmen could work together and thereby get a better start. Whereas if a freshman roamed with upperclassmen he would be in the midst of continual nagging and rigid discipline, and he also stated the friendship formed by rooming together would go far towards unity.

For the negative side Agello spoke first. He reminded the audience that the freshman needed a guiding hand and a freshman rooming with upperclassmen could benefit by their experiences. He also pointed out that more freshmen flunked under the present plan than ever before.

Gifford and Calacurcio ably supported their colleagues and brought out many interesting facts. After the debate the subject was opened for general comment, and a very interesting discussion resulted.

FIREARMS

The attention of all students is called to the dormitory rule prohibiting the possession of firearms in the dormitories. Several violations of this rule have already been reported. Anyone having in his possession firearms of any description must leave them with the commandant at Hawley Armory at once.

CURRICULUM CHANGES TAKE EFFECT IN SEPT.

Many Changes Made by Committee on Courses of Study.—To Raise Scholastic Standing of College.

Several changes in the curriculum of the College have been adopted by the faculty to take effect in September, 1926. The main features of the adopted change provide for widening the agricultural courses and interlocking it with the agricultural science course, giving the students a better opportunity to proceed along those lines that are best adapted to their needs. The plan is intended to give the maturing college student better instruction and to prevent a tendency to transfer to agricultural science after a semester or two in agriculture.

The committee on courses of study which includes Professor George H. Lamson, Doctor Edmund Sinnott, Professor Allen W. Manchester, Professor Charles B. Gentry, and Professor George C. White, has worked out this plan with the following views in mind. The plan of requiring students to take at least one course in each of several agricultural departments will be continued, but the students will be required to delve into quite so many departments. Some elective courses or alternate elective courses are to be offered to students below their junior year; more basic science courses are to be required; and the total amount of work of the freshmen and sopho...

THE CAMPUS BOARD WISHES ALL A MERRY CHRISTMAS AND A PROSPEROUS NEW YEAR

NEW DORMITORY UNDER CONSTRUCTION
JOHN J. DALY TO CAPTAIN 1926 FOOTBALL TEAM

Elected at Banquet Monday Night—Letters to Twenty-One.—Coach
Dole Receives Sweater and Gold Football.—Jack Rothacher of
Springfield Speaks.

Football held full sway on the campus last Monday night, when the
varsity squad was banqueted in the college dining hall; John J. Daly '26
of Hartford, was elected captain to lead the 1926 eleven; the names of
twenty-one lettermen of this year's varsity were announced; and Jack
Rothacher, head coach at Springfield College, spoke informally on football
and its value.

John J. Daly was the popular and
almost unanimous choice of his team
mates for the captaincy. Daly played
center regularly on the varsity for
two years, and in his first year he
filled the same position on the fresh-
man eleven. His playing has been of
a constantly high brand during his
three years at Storrs, and he is con-
sidered as one of the best pivot men
who ever represented Connecticut.

Daly is a brother of Maurice F.
Daly '22, who played center for the
Army in the season just closed, and
who in his senior year captained the
Aggie team from the fullback posi-
tion.

In addition to the football squad others present at the banquet were:
Professor Allan W. Manchester, chair-
man of the athletic council; Professor Roy J. Gayer, Jack Rothacher of
Springfield College; Head Coach
Sumner A. Dole; Professor David E.
Warner, Jr.; Assistant Professor Al-
bert E. Moss; Freshman coach Louis
A. Alexander, Walter T. Clark '18
Norwich; Elmore G. Ashman '23
Storrs.

Speaking for the student body are the team, Captain Brink took Coach
Dole completely by surprise in pre-
senting him with a blue Connecticut
"C" sweater, and a gold football, the
gift of the student body as a mark of
the esteem in which Coach Dole was
held. Mrs. Dole was also remember-
ed; the team giving Coach Dole a
box of chocolates with instruction

DALY PLAYS STRONG GAME FOR ARMY

Former Aggie Captain Stars at U. S
Military Academy

Cadet Maurice F. Daly of the class
of 1927, United States Academy, West
Point, former Connecticut Aggie foot-
ball ace, has played a great game the
past season while holding down the
pivot position on the Army eleven.

Against the Army's hereditary foe, the
Navy, Daly's playing surpassed that of any other player at the pivot
position during the entire season. In
other games, playing on the offensive,
his passing of the ball was faultless; and on the defensive he managed to
get in practically every play.

During his four years at Storrs, athletic
to be strong. For
three years he was Varsity fullback
and his consistent playing won him the
captaincy during his senior year. In
the class room "Mo" was a hard work-
er, and for this he was rewarded with
membership in the Gamma Chi Equis-
fraternity.

Because of the skill he exhibited during the past season, Daly was men-
tioned as an All-American possibility
by many of the foremost football ment-
ors of the season.

that it should not be opened until he
returned.

Announcement of the letter award
to twenty-one men, fourteen of whom
are seniors, was made at the ban-
quet. They are Captain Carl Brink '26,
New Britain; Oscar M. Nanfeldt '26,
New Haven; Paul E. Biggoun '20
Danielson; John J. Daly '27
Hartford; David L. McAllister '26
Cromwell; Arthur E. Zollin '27, Ar-
lington; David L. McAllister '26
New Britain; Willard C. Eddy '26
Simsbury; Wallace E. Moreland '26
Selam, Mass.; William F. Makofsky
'26, Scheneectady, N. Y.; Charles
Baker '26, North Grotononsense; Wal-
lie J. Johnson '26, Middletown; Ar-
thur Lorentzen '27, Naugatuck; And-
tonio A. Longo '26, Danielson; Peter
Z. Hohn '26, New York; Louis Logan '28, New York; William F.
Donovan '26, Middletown; Gerald D
Allard '26, Putnam; Robert T. Fil-
er '26, Stratford; William K. Scho-
field '26, Waterbury; and Manager
John R. Kuhl '26, Storrs.

CLASS BASKETBALL

STARTS JAN. 11th

Schedule Announced

Beginning the week of January 11
the interclass basketball tournament
gets under way. Two games a week
will be played until each class has met
each of the others twice. Twenty
games will be played in all. The
School of Ag will also send a team in
to the fray. Each class is determined
to capture the coveted laurel wreath
this year. The class of '26 has cap-
tured the mythical cup for the lasi
two years. Whether they will suc-
cedd in doing the same again this year
is a matter of conjecture.

The weekly schedule, according to
Mr. Guyer, is as follows:

First Round
Senior vs. Frosh.
Seniors vs. Sophs.
Seniors vs. Juniors.
Frosh vs. School of Ag.
Seniors vs. Juniors.
Frosh vs. School of Ag.
Seniors vs. School of Ag.
Frosh vs. Sophs.
Frosh vs. Sophs.

FROSH FOOTBALL MEN AWARDED NUMERALS

At a meeting held last Wednesday evening in Hawley Armory, it was
toished an A. A. benefit dance to
make up the deficit caused by the ex-

censes incurred by the band at Rhode
Island.

The committee appointed by Presid-
ent Allard is as follows: Arthur
Lorentzen, chairman; John Daly; and
Arthur Zollin.

Mr. Manchester, president of the
A. A. council, spoke on the future
plan of freshman football schedules. He
expressed his belief that the plan
providing for two schedules, one for
the fresh varsity, and the other for
the fresh scrubs, would uncover goo-
d men or u ure vars
would otherwise be overlooked.

At the conclusion of the talk foot-
battle numerals were awarded to the
following freshmen: Callahan, Me-
Nameara, Gilman, Brown, Brews,
Wilson, Dixon, Cox, Knaut, Bushnell,
Hewitt, Calburd, Sahagian, Peck
Sturtevant, Cimbie, Usher, Williams,
Sayers, White, Matt, Schulgren, Hoo-
per.

HIGH SCHOOLS PLEASED
WITH C. A. G. OFFICIALS

Appreciate Work Done by Members of Advanced P. E. Class

A recent interview with Physical
Director Guyer brought to light some
very interesting facts regarding the
work accomplished by the men enroll-
ed in the advanced P. E. course this
fall.

Students in the course affiliated at
all the football games played in the
high school league composed of Nor-
wich, Stonington, Chapman Tech, and
Westery. The men handled the Frosh
games, as well as several for the Wil-
limantie, Danielson, and Woodstock high schools. In all, a total of twenty-
three games were handled. Three
officials were furnished for each game.

The object of the advanced P. E. course is to turn out men thoroughly
trained in football, basketball, and
baseball officiating, especially for ser-
vice in small communities. That
end is being accomplished may be
proven by a letter received recently
by Mr. Guyer from the secretary of
the league mentioned above. It stated
that at a recent meeting of the league
representatives, the officials furnished
by the State College were given a un-
animous vote of appreciation for their
high type of officiating. The College
was requested to furnish the officials
for next year's football season, as well as two officials each Saturday for the
baseball games of the league in the
spring.

VARSITY BASKET BALL

After an enforced absence of two
weeks because of illness, Coach Dole

took over the varsity basketball squad
Monday and has held long daily sermons. He believes that he will
turn out a team that will hold up the
reputation of former fives but recog-
nizes the scarcity of the reserve ma-
terial. The squad numbers only six-
eteen men and after a varsity team is
picked the reserve strength will have
to come from men that are in
experience and new at the game.

Billy Schofield, who was picked as
an all New England forward last year
has returned but the squad is
bothered by a knee injury receiv-
ed in football.

Coach Dole has used many combi-
nations in order to give every man
a chance to show his wares. The com-
bination most used was, Makofsky and
Schofield forwards, Eddy center and
Biggoun and Allard in the backcourt
FRESHMEN, SOPHOMORES, JUNIORS, SENIORS, ATHLETES

Do You Know?

"HOW TO STUDY"

The Students' Hand-Book of Practical Hints on the Technique of
Effective Study

WILLIAM ALLAN BROOKS

A GUIDE containing hundreds of practical hints and short cuts
in the economy of learning, to assist students in securing MAXIMUM
SCHOLASTIC RESULTS at a minimum cost of time, energy, and
failure.

ESPECIALLY RECOMMENDED for overworked students and
athletes engaged in extra curriculum activities and for average and
honored students working for high scholastic achievement.

Some of the Topics Covered

Scientific Shortcuts in Effective The Athlete and His Studies.
Writing Good Examinations. How to Study Modern Languages.
Brain and Digestion in Relation to etc. Study.

Wry Go to College? How to Take Lecture and Reading After College, What?
Notes.

Advantages and Disadvantages of etc., etc., etc., etc., etc., etc., etc., etc., etc., etc., etc.
Cramming.

Why You Need This Guide

"It is safe to say that failure to guide and direct study is the weak
point in the whole educational machine." Prof. G. M. Whipple, U. of
Michigan.

"The successful men in college do not seem to be very happy. Most
of them, especially the athletes are overworked." Prof. R. S. Cashby,
Yale.

"Misdirected labor, though honest and well intended may lead to
naught. Among the most important things for the student to learn
is how to study. Without knowledge of this his labor may be largely in
vain." Prof. G. F. Swain, M. L. T.

"To students who have never learnt "How to Study," work is very
often a chastisement, a flagellation, and an insuperable obstacle to con-
tentment." Prof. A. Ingles, Harvard.

HOW TO STUDY will show you how to avoid all misdirected
effort.

Get a good start and make this year a highly successful one by
sending for this hand-book and guide NOW.

You Need This Intelligent Assistance

American Student Publishers,
22 West 43rd St., New York.

Gentlemen:
Please send me a copy of "How to Study" for which I enclose $1.00 cash; $1.10 check.

"We don't think enough Chicagoans go to the show. It is a good show for the city folk to see, particularly the lawyers, secretaries, reformers, brokers, preachers, editorial writers, bankers, bond salesmen, accountants and the rest of the white collar workers who live in an artificial world prosper by daily contact with reality and come down to earth only when they die.

"We do not insist upon attendance by engineers, laborers, mechanics and architects. They spend their lives in touch with such genuine things as lathes, stones, and rivets. Most of the rest of us do not. We pass our days adding up figures which are only symbols for men, gold, lumber or something else. We forget that there are realities. We buy and sell bits of paper standing for wheat and factories which neither the seller nor the buyer has ever seen or ever will. We launch great movements to make men holier or happier because we come in very much natural surroundings may appear more to children; the stock show for grownups, every time."

GROUNDBEING BROKEN
FOR NEW DORMITORY

(Continued from Page One)

The surplus is to be consumed in paying the architect's fees, water and sewage connections, dormitory furnishings and other expenses. The erection of this new dormitory will be of great help in relieving the present condition of congestion now existing in Koons and Storrs Halls. The Alumni Association has petitioned the Board of Trustees to name the new dormitory for the late William Henry Hall, a Southport, Conn. resident, a former trustee of the college.

STUDENT POLLS FAVOR
WORLD COURT ENTRANCE

The result of the Student Poll held at college assembly last week showed that most of the students were in favor of the entrance of the United States in "The World Court." Of the total number of votes cast, 43 students opposed the first proposal on the ballot. A surprise came when the results showed a greater number favoring the complete outlawing of war under the second plan, than the first. Only 28 votes were cast for C. S. Murphey, our current president. The number of votes cast was 336 or about 65 per cent of the student body.

COLLEGE BOOK STORE

MONEY TALKS

"I don't care a rap," replied the Penny. "I may be poor but am honest heart beats beneath this vest and I am a good friend of all common folk."

The Gold Piece, swelling with pride, said: "People of my standing do not care to mix with ordinary folks. I am dignified. The Government has the highest respect for me. Bankers and Merchants seek me. I am good—always good."

"What you say may be true and you may think you are better than I am," retorted the Penny, "but one thing is sure. I go to church oftener then you do."

J. B. FULLERTON & CO.
AG. CLUB HOLDS SUCCESSFUL FAIR

(Continued from Page One)

ond, H. E. Hill; third, Andy Parks Jr., and W. B. Weed.

Dairy products: first, B. Harrison; second, L. Logan; third, Farrell and Kennedy.

The winners of each contest were presented bronze medals by President Dodge of the faculty Friday evening in the armory.

The display of the Forestry department won first place for its second leg on the silver cup offered by Edward Peple. Mr. Dodge presented the silver cup to the forestry committee. The exhibit was not as attractive as last year's.

One leg on the silver cup offered by Mr. Doolittle and Miss Sprague judged the exhibits and Friday evening, Mr. Dodge presented the silver cup to the forestry committee. The exhibit presented a miniature saw mill, and on each side were examples of good and bad forestry. One side showed how the average logging concern did its work while on the other side scientific forestry was shown. The committee in charge of the exhibit were as follows: R. A. Parks, D. Young, A. Brooks and L. Gilbert.

The Home Economics and Chemistry displays were second and third places. The exhibit of the Home Economics department showed the difference in the house-hold of today and "Ye Olde Days." The Chemistry department displayed the preparation of Paris Green. The other displays were very attractive and caused much comment.

Friday evening the C. A. C. Dramatic Club presented two short plays: "The Robbery," by Clare Kummer and "The Girl," by Edward Peple. The cast which produced the two plays is as follows:

The Hurley-Grant Company

Sherwin-Williams Paints

WILLIMANTIC, CONN.

Addie Upton, a daughter of Robert Hamilton, a son of Mr. Sullivan Fielding, a butter Mr. Tilley

Scene: Sitting room of Upton house in New York.

Fredie Cawley Mr. Bilip

Saunder Connell Mr. Gatchett

Kreb's

Scene: The Bachelor Quarters of Cawley's in New York.

Time: Present.

Between the plays Mr. Dodge presented the prizes to the winners of the different contests. Mr. White of the Dairy department then introduced Mr. Milton Danzyger, assistant manager of the Eastern States Exhibition, who spoke on the value of the Exhibition to the people of Connecticut. He also spoke very highly of the Aggie judging team, saying that much credit of its winning was due to the fine coaching of Mr. White.

The team, he stated, won first in judging milk, butter and ice cream. The members of the team were, Smith, Kuhl, Larentzen, and Woodford.

On Saturday evening the Third Annual Barnwarming was held, and it proved to be the best ever held by the Ag. Club. The feature of the dance was the costumes worn by guests. Miss Barbara Spinke of the freshman class won first prize for the best costume. For refreshments ice cream, hot dogs and cider were sold. Music was furnished by the Peerless orchestra of Willimantic.

The success of the fair and dance were largely due to the efforts of the following committees: the Fair chairman L. A. Wilcox, R. S. Ames C. C. Smith; the Barnwarming, Chairman L. W. Smith, V. Doolittle, D. A. Anderson, D. Gaylord.

HERE AND THERE

Dr. Boring in an address before Worcester Polytech made the statement that in the army intelligence tests during the war the engineering corps invariably came out with the highest rating.

We quote from an editorial in the

Johns-Hopkins News-Letter: "Silence please, silence in the library! Our attention has been called lately to the amount of unseemly noise created by the whisperers of the so-called co-eds and numerous freshmen who have not as yet graduated from the high school stage of their development. It appears that the co-eds are the worst offenders against the tranquility of the haven of knowledge. It seems that the freshmen have not learned the first lesson of college, how to curb their tongues. And it is rumoured that some upperclassmen reverting to type, are the partial cause of the uproar."

New Hampshire is having a novelty Saturday night dance. To be admitted persons must show signs of adult behavior.

Wanted

Several students in Hartford and vicinity to take orders for certified Christmas trees. Can make an excellent paying offer to right fellows.

For Ladies' Ready-to-Wear
Machinery works: Man thinks

According to college tests, man develops one-eighth horsepower for short periods and one-twentieth in steady work. As a craftsman—a worker who uses brains—he is well worth his daily wage. But as a common laborer, matching brawn against motorized power, he is an expensive luxury.

With a fifty-horsepower motor, for instance, one man can do the work of 400 common laborers. He is paid far more for his brains than his brawn.

The great need of this and future generations is-for men who can plan and direct. There is ample motorized machinery for all requirements of production and construction. But motorized machinery, no matter how ingenious, can never plan for itself.

And that is precisely where the college man comes in. Highly trained brains are needed more and more to think, plan, and direct tasks for the never-ending application of brawn-saving electricity.
Go-Es Have Annual Christmas Party

Wednesday evening the annual Christmas party for the girls was given in Holcomb Hall by the Co-Ed Social Committee. The Home Economics Faculty was invited to share the fun. Following the custom of previous years, "Santa Claus" was present to distribute gifts to each girl from the Christmas tree, a witticism being enclosed with each gift. This year the festival was planned on the order of a "kid's" party with suitable games and appropriate refreshments. The singing of Christmas carols brought the evening to a close.

Student Faculty Tea Held at Holcomb Hall

Members of the Home Economics Department and the Co-Es were "at home" for the annual Student-Faculty Tea last Sunday afternoon. There was entire "Open House" to the staff and student body.

The dormitory was decorated to radiate the Christmas spirit by means of holly, pine, and poinsettias. Wreaths were hung at every door. Large red candles to light the Reception Room carried out the red and green color scheme.

Tea was served in the small living-room. The wafer and Christmas candy were in line with the holiday decorations. Members of the Senior Class poured, and were assisted in serving by Junior Girls.

Miss Margaret Demander arranged a delightful musical program for the afternoon. Miss Helen Kline played several piano solos. Misses Rena Cohen and Julia Sklarinsky gave four piano and violin duets, and Mrs. Morris Alling sang three of her favorite vocal selections.

The Home Economics faculty, the President of the Women's Student Government Association, and representatives of the various activities and classes assisted in receiving.

An interesting feature in the girl's athletic program, the interclass bowling meets, have already begun with two of the meets having taken place last week. On December 7, the sophomores defeated the juniors, and on December 9, the juniors defeated the freshmen. The match between the sophomores and freshmen will take place at a later date.

Christmas Vespers Held at Church

Christmas Vespers were held at the church on Sunday afternoon, December 13. The church was effectively decorated with greens and many candles were the only source of illumination. The program was as follows:

Prelude
In Dulci Jubillo
J. S. Bach
Christmas in Sicily
Yon
Chorale
Good News from Heaven J. S. Bach
Sentences from the Scripture
Hymn 106, Adestes Fideles J. Reading

CURRICULUM CHANGES

TAKE EFFECT IN SEPT

(Continued from page one)

The curriculum of the college will be in fact changed so that it t u r n s o r locks with the agricultural science course, and the freshman and sophomore years in agricultural science will not be any more or any less attractive in the way of electives than the regular agricultural course. Students who have better training or greater capacity to take more studies will be allowed to do so. Statistics show that there is a greater percentage of failures in physics yearly than in any other course, and so the faculty has voted to put physics in the sophomore year instead of the freshman year. Also a preparatory course in mathematics will be given the freshmen in preparing them for physics course in the second year.

BOOK STORE CONTRACT

The attention of all students is directed to a clause of the contract, which exists between the Athletic Association and the Book Store, relative to the selling of articles of wear ing apparel, books, magazines, post cards, etc., in the dormitories. The clause states that as long as the contract exists between the students and the Book Store that no person or persons have the right to sell anything on the campus without permission from the Book Store.

We've anticipated, admiringly, the wants of our patrons in everything that men will need for the

Fall or the Winter Wear

There's an unrestricted choice of selection, too. From Headwear to Handkerchiefs, Shirts to Socks, you'll find just the item you want in just the shade you prefer. And of course, there's no need to remind you of the quality and value, we're noted for that.
