CAMPAIGNS HELD THROUGHOUT STATE

Community Church Drives Being Held In Various Cities—Trustees Hope To Reach Amount Needed Soon.—College Organizations Assisting Those In Charge.

One hundred and fifty thousand dollars of the required $300,000 have been raised towards the erection of the new Storrs church and community house. Intensive campaigns are now being held in the important cities in Connecticut to secure the remaining amount needed.

The campaign was opened in New Haven last week. Rev. M. C. Alling talked at several business men's luncheons and explained the need for a church and community house. At a Storrs entertainment in New Haven last Friday evening, President Beach and Mr. Alling spoke to the assembled guests, and four minute talks in twelve New Haven churches: C. L. Beach, R. E. Dodge, E. H. Gumbart, H. K. Denlinger, S. P. Hollister, G. H. Lamson, E. W. Stott, A. T. Brundage, and G. C. White. Approximately 2,500 people were addressed in the course of these talks. This week about sixty people consisting of college alumni and interested volunteers are conducting an intensive campaign in New Haven. More than seven hundred influential persons will be interviewed. Sidney Lewis, president of the Student Senate, will visit New Haven and will speak to several prominent men.

Rev. M. C. Alling and Professor R. E. Dodge have opened up the campaign in Hartford this week, and have already appeared at several business men's luncheons. Friday, Jan. 15 there will be a New Storrs entertainment, this time at the Hartford Club. There will be two one-act plays by the Dramatic Club, a musical program by the school orchestra and speeches by President Beach and Mr. Alling. On Sunday, many of the faculty will appear at Hartford congratulation at the churches and next week intensive campaigning will be begun throughout the city.

Bridgeport will be the scene next week's operations and various other towns will be visited in turn. Among these towns are Waterbury.

SEYMOUR HIGH MAN AT N. Y. POULTRY SHOW

Creates New High Score In Inter-collegiate Poultry Judging Contest

At the 15th annual competitive inter-collegiate poultry judging contest in conjunction with the Madison Square Garden Poultry Show held in New York last week, Marshall L. Seymour obtained the highest individual score yet recorded. The reward of this achievement is a gold medal given every year by the New York World to the winner of this event.

Out of a possible 400 points to win, Seymour scored 330.4 points. The competition consisted of judging four types of chickens for egg-laying qualities and four types for exhibition possibilities. The types selected were Rhode Island Reds, Barred Plymouth Rocks, White Wyandottes and White Leghorns. The judging of the college students was compared to the results reached by the regular judges of the show and points were given for the students' approximation of the scoring of the regular judges.

Among the colleges in the competition were the agricultural colleges of New York, New Carolina, West Virginia, New Jersey, Connecticut, Massachusetts and Pennsylvania. Out of

CAMPUS STARTS NEW YEAR WITH ALL DEPTS PAID FINANCIAL REPORT SHOWS

GRATIFYING RESULTS ATTAINED

College Paper Out of Debt For First Time In Several Years.—Report Indicates Most Successful Year

It speaks well for the present Campus Board to note that The Campus has been put on its feet financially. It may be safely concluded from the present financial status that the end of the school year will find The Campus with all its outstanding debts paid up, and a favorable balance in the credit column. Next year's Campus Board will be able to start without a handicap in the form of a debt of several hundred dollars.

As far as it is known, it is the first time in the history of The Campus that it has been a paying proposition. There was a time when the paper was subsidised by the college. Although this has not been true of late years, yet it is a fact that each new Board has of a debt of $175 incurred by last year's management. A glance at the financial sheet of the present Board reveals the fact that at the close of 1925 there was a total receipt of $919.53 as against a total expenditure of $782.52, leaving a balance of $137. Another interesting fact is that nearly a thousand dollars is due to the Board from contracted advertisements. The present standing is as follows:

Receipts to date: $725.00
Advertisements 194.53

Total receipts to date $919.53

Expenditures to date:

Putnam Press, Inc. $445.75
Gane & Son (last year's debt) 178.62
Envelopes 24.61
Mailing envelopes 34.61
Special printing 6.85
Cuts 9.29
Miscellaneous 23.96
Garage 8.75

Total expenditures to date $782.52

APPOINT G. C. WHITE DEAN OF AGRICULTURE

Head of Dairy Department Succeeds W. L. Slate.—Two Other Appointments Made

Professor George Cleveland White, head of the Department of Dairy Husbandry has been appointed Dean of Agriculture. He succeeds Professor W. L. Slate who resigned when he was made director of the Storrs Experiment Station.

Professor White is a graduate of the University of Missouri, receiving the degree B. S. A. in 1910. In 1912 he received the degree of M. A. from the same institution.

Since his appointment as Professor of Dairy Husbandry at Storrs in 1913, he has done much towards the building up of the dairy industry throughout the state. Through his efforts the herd of dairy cattle at the college has steadily been built up until today it is recognized as one of the leading herds in the country.

As Dean of Agriculture, Professor White will supervise the agricultural courses offered by the institution.

Mr. L. V. Tirrell has been appointed Sheep Specialist, succeeding Mr. Begg who resigned on November 1, 1925. Mr. Tirrell comes to Connecticut from the University of New Hampshire where he was Assistant Professor of Animal Husbandry. He is a graduate of the Massachusetts Agricultural College, 1920.

Mr. Alfred A. Doppel, has been appointed Extension Specialist in Forestry. Mr. Doppel will also devote some time to teaching in the Forestry Department. He is a graduate of Cornell, 1924, and has a Master's Degree in Forestry from the same institution.

Mr. Tirrell's appointment was effective January 1, 1926 and Mr. Doppel is effective January 15, 1926.

FROSH FIVE PLAYS FIRST GAME TOWARD EASY VICTORY

Meet Strong Tufts Freshman Quintet
In Opening Game of Season

The Freshman basketball team five will open their season Saturday evening against the fast and aggressive Freshman five from Tufts.

The Tufts Freshman five is rated as one of the best frosh fives in New England. They have one of the biggest centers in college circles in Fitzgerald, who stands six feet three and weighs one hundred and ninety-eight pounds. Ellis, who starred against the Aggies yearlings in football, plays one of the forward positions.

The Aggie yearlings look promising and should have a successful season. The actual lineup is undecided, but it is expected that White and Cross, both of whom played four years for Bristol, will play the forward positions, while Hewitt, captain of last year’s Chapman Tech five, will take care of the tap position. Sahagian, formerly of Worcester, will play one guard berth and either Dall of Hartford or Schildgren of Naugatuck will play the other. Anderson, Callahan, Fasset and Garber look promising and will probably get into the game.

JUNIORS LOSE FIRST GAME TO FRESHMEN

The freshmen opened the inter-class schedule by defeating the juniors in a rough game Monday night. The yearlings brought out some scintillating passing, while Ajello’s brilliant shooting kept his team in the running. Fasset, left guard, for the freshmen played a clever floor game and led his team in scoring.

CONNECTICUT EASILY DEFEATS NORWICH IN FIRST GAME OF THE SEASON

FINAL SCORE 48-16

Makofski and Schofield Lead Scoring
— Team Looks Good—Norwich Unable to Make Field Basket in First Half.—Dole Substitutes Entire Second Team.

Opening the 1926 court season with an exhibition of brilliant playing, Captain Makofski and his mates overran the Norwich University five on Hawley Armory floor last Friday night with a 48-16 score.

Displaying a brand of ball that surpassed anything seen here in recent years for a first-night contest, Coach Dole’s charges looked good. Providing the reserves can be strengthened, Connecticut should have another strong team this year, and a successful season.

Captain Makofski at center, and Schofield at left forward, were Connecticut’s scoring aces, with 18 and 15 points respectively. These All New England stars more than justified their ranking for that honor, their shooting, passing and all-around work being excellent. The game was more than an exhibition of individual playing, however, as teamwork, in which Bitgood, Allard and Eddy also contributed, was the greatest factor in the impressive showing made by the team in its initial contest.

Fast and sure passing in working the ball down the floor, accuracy in shooting, and a tight five-man defense is briefly the story of Connecticut’s victory over Norwich. The Vermonters were present for the game.

Makofski made two baskets in the first minute of play, giving his team a lead that was never lost. Norwich promptly took time out as the Aggies went into a four-point lead, but on the resumption of play, Makofski connected for another double decker. Norwich roughed matters somewhat at this stage of the contest, drawing a number of fouls. Schofield made two from the foul line and Makofski added another, bringing Connecticut’s score to 9, and Norwich had yet to make a point.

Not until ten minutes of play had elapsed did Norwich break into the scoring column, and then it was on a foul shot by Alexi, making the score 9-1 in favor of the Aggies. This seemed to spur Connecticut more than it did Norwich, for the Aggies started a scoring spree. Makofski, Schofield and Eddy, aided by clever passing on the part of Allard, sank five baskets in a row. This brought the score to 19-2 in favor of Connecticut, Alexi having made another basket from the foul line for Norwich.

Then with only three minutes left in the half, Coach Dole sent in his entire second team. While lacking in the offensive strength of the varsity, the seconds checked every attempt of the Vermonters to score from the field. The half ended with Connecticut leading 19-3. Bedell adding another point for Norwich from the foul line.

Setting a stiff pace with the start of the second half, Connecticut rapidly increased its lead. Makofski and Schofield continued to feature in the Aggie attack, outwitting the Vermont defense time and again. It was at this stage of the game that Norwich resorted to long shots, their efforts to penetrate the Aggie defense having failed. Bedell, a former Stratford High athlete, made three from half-court, and starred throughout for his team. Schofield’s tricky passing was a feature of the game, the former Crosby star outwitting his opponents several times. While closely guarded and on his knees, Schofield threw one to Makofski that went half the length of the floor, which Makofski was able to convert into an easy basket.

A GOOD START

The financial report of The Campus showing a credit balance with which the Board will start the new year is indeed gratifying. It is the first time for a number of years that The Campus has really been a paying proposition even for a half year, the period covered by the report.

In analyzing the report we find that the Board has accomplished more than the report shows at first glance. For instance, the debit balance of the two-year-old debt, which was not entirely paid by the student assessment of last year, has been wiped out. Last year's debt of nearly two hundred dollars has been assumed by this year's Business Board. Likewise, the report shows that there are no longer any outstanding commitments, and, although the payment of these debts must have been a heavy drain on the receipts of the new Board, still they have all been shouldered and paid.

The receipts as presented show a distinct gain over last year. The gain has evidently come through additional contracted advertising, for the student body did not offer the support it should have through subscribing to the paper this year. Also additional advertising of nearly a thousand dollars has been contracted for this January-June period to cover printing and general costs.

From the report, therefore, we can safely assume that at the close of the college year in June a credit balance similar to the one now enjoyed from last semester will still exist, and that the new Campus Board will never have to shoulder the debts which the present Board has had to face.

We congratulate the Business Board on its efforts to free the paper from debt, which it has done. The student body should feel secure that their paper is a financial success.

VARIES BASKET BALL

As the Campus goes to press, Coach Dole's team is putting the finishing touches on its preparation for the Tufa's contest to be played here Saturday after which the four difficult games will be played during the remainder of the month.

Captain Makofski and his mate got away to a good start in defeating Norwich in the first encounter of the year, and their playing shows that Connecticut will this year be represented by one of the best teams in its history.

It is not too early now to urge students to back the team. Playing one of the most difficult schedules ever attempted, and with a lack of experienced reserve material on the squad, Connecticut's 1926 five has a hard road to travel. Real support from the entire student body will help the team to victory. Let all of us attend every game, sit with the student body, and cheer. So far as criticism of the player's efforts are concerned, it may well be left to the discretion of the coaches. It is part of their work, and further, he who takes his basketball in the scrum of a bleacher seat has precious little right to find fault with the efforts of another who is doing his best to play the game.

As in the past, let opponents and officials be given every courtesy by the student body. Captain Makofski and the team will take care of the game.

THE UNION MAN

Criticism of the college orchestra for refusing to play for dances without being paid for their services has recently been heard in connection with the securing of an orchestra for the dance which the Athletic Association is planning for the Saturday night in Hawley Armory. As the dance is given to reduce the A. A. deficit, members of the student body feel that the college orchestra should play gratis.

One authority expresses the view that a college musician owes as much to Alma Mater as an athlete does who gives his time and energy to the sport. This view, we should say, depends entirely on how the athlete views his sport. If the athlete is out for publicity, then it is for personal gain, and theorchest may be paid. If it is for the love of the sport, then perhaps in a case like this, or say in the case of the Varsity Club Injury Fund Dance, the musician ought to seriously consider what his duty is, and either give his time or accept a lower wage for it.

But regardless of the criticism and the viewpoint, the fact remains that the A. A. needs an orchestra for tonight. It cannot afford to hire an outside band at regular rates. And the college orchestra cannot be augmented by college men who have joined the Willimantic Union to give a concert for a big dance. The Union, although a local one, refuses to allow college men, who have joined it, to play even in the college band.

What we do need here at the college is more loyal musicians who do not need the money they earn by joining the Union. And yet it is obvious that the boys who play instruments for college expenses must eat! Therefore, whatever the A. A. should do is to pay our orchestra tonight, and blacklist the Union leader and his orchestra from Willimantic until such a time as he will allow the men who play with him to play at the college here also, and either give us their time, or ask a wage, so that a deficit dance may be a success.

CAMPAIGNS HELD THROUGHOUT STATE

(Continued from Page One)

Work on the community house is progressing rapidly. The roof is now being constructed. Thirty thousand dollars, or nearly half of the contractor's fee of $66,700 have already been paid.

Several noteworthy gifts and contributions have been received towards the completion and furnishing of the new building.

Mr. G. C. White, who is chairman of the Board of Trustees, expressed the belief that much of the social life of the college will be centered around the community house.

SEYMOUR HIGH MAN AT N. Y. POULTRY SHOW

(Continued from page one)

SEYMOUR MURF HIGH MAN at the poultry show as a whole. Seymour is a member of the senior class and is majoring in poultry. He is also an all around athlete, playing basketball, baseball and football. He has won his varsity "C" in basketball for the past two years, and for the last three years he has made his letter and is captain elect of this year's nine.

SAFETY VALVE

To the Editor:

In a recent issue of the "Campus" there appeared a criticism of the so-called shortcomings of our college library. The writer would readily grant that to critic the fact that our library does not compare with that of Harvard, Yale, Princeton or even many other colleges in its facilities and resources. But C. A. C.'s library is no comparison to the average town high school, for it is much the larger; not of course including the library of a city high school like Hartford or New Haven.

We all will agree that our library is lacking in resources, but what is lacking? The English Department was mentioned as being exceptionally critical, and we have all heard it criticized by them. But how many students come to C. A. C. to major in English or even History. This institution does not confer such a degree. It was founded as an agricultural institution and such it is today. Then if it is to be criticized, why not criticize it from an agricultural viewpoint? Nowhere in the state can you find such an accumulation of agricultural material as can be found in the library at Storrs; Agriculture Experiment Station Publications, extension and state department, are excellently represented here at Storrs. C. A. C.'s library is fully as complete in its agricultural branches and reference books as any other eastern agricultural college does.

Does Brown University or even Yale have its shelves filled with books on sheep and swine? Does Worce ter Tech or M. I. T. have its shelves filled with books on Dairy and Animals? Husbandry? Naturally, they do not. C. A. C. is an agricultural college; then why should its library compare to those of other colleges except those which are agricultural!

Of what value would greater resources be to that student who boasts of having not been in the library? And it was stated that such a boast was often heard. I would say that if those students are not desirous enough of an education to use what they already have at their disposal, C. A. C. has no place for them.

Now turn from the volumes of our library to the use of its resources. If

HAVE A SMILE AND SMOKE

GOING DOWN

I'd hate to be an angel And never do a thing But practice on that damed old harp And sing, and sing, and sing. But if I were a devil I'd quite enjoy my doom, And raise old Hades with the boys Down in the smoking room.
the library is not conducive to study at six o'clock at night whose fault is it? Is it not the fault of those students who assume no responsibility for maintaining proper conduct and consideration for their fellow students? Few students are at the library at six o'clock at night to look up an outside assignment or do any other work; and little thought do they give the student who is there for work.

As college students isn't it possible for us to make our library a consideration for their fellow students who assume no responsibility for being open all hours of the day? Few students are at the library until the students learn that learning to use the library is a part of one's education, and if this were applied to learning to use its resources, I fear there are many at C. A. C. whose education is being very much neglected.

We do need a new library, and with it I believe conditions would improve. But they would not improve with a new building until the students learn that the library is a place to study and they learn to use it for such.

—R. P., '28

STUDENT SENATE HOLDS INTERESTING MEETING

At a recent meeting of the Student Senate a number of important questions were discussed.

President Lewis reported that with the aid of Mr. Seckerson, twenty-eight ($28) dollars' worth of books and magazine subscriptions were procured and have been sent to Mr. Reynolds as the Christmas present from the student body.

A letter from the student council at C. C. N. Y. was read, pertaining to the fight against compulsory military training. The Senate moved to do nothing regarding this problem, not feeling qualified to question an act of Congress now in force at this college.

Students are cautioned against the accumulation of room demerits. A list of those who have received ten of these is now posted on the bulletin board.

Owing to the many complaints received from students, the Senate has notified the buildings department of the lack of hot water in the showers in Knox Hall.

The Student Senate this year is aiming to take a stand on all matters affecting the welfare of the students in any way. With this end in view the members of the Senate are observing dormitory conditions, curricular changes, courses, faculty, conditions of buildings, and the attitude of the students, in order to present their conclusions and recommendations to the President at an early date. The Senate feels that this is one of the best ways in which it can be of service to the student body which it represents.

Ten or twelve hours a day toils the coolie. If he carries all he can, he moves one ton one mile in one day. For that he receives twenty cents.

Cheap labor! Yet compared with our American worker, receiving at least twenty-five times as much for an eight-hour day, the coolie is expensive labor. In America we move one ton one mile for less than one cent. The coolie, working by hand, accomplishes little; while the American, with electricity's aid, accomplishes much.

Plenty of electricity and cheap electricity—these are two great advantages which America enjoys over the rest of the world. While our present generating capacity is 20,600,000 kilowatts, new developments call for 3,000,000 kilowatts more per year.

To college men and women—potential leaders—will fall the duty of finding more and still more work for electricity, with less and still less toil for our workers. For the task is but begun!
The Connecticut Clique

What is "The Clique," "tis a body of men
Who attend every meeting, not just now and then,
Who don't miss a meeting unless they have to.
These are the men that the grouch calls "The Clique."
Who don't make a farce of that magic word "Work."
Who believe in the motto—"Not a job will I shirk."
Who never resort to an underhanded trick.
These are the men that some call "The Clique,"
The men who are seldom behind in their dues,
And who from the meeting do not carry the news.
Who attend to their duties and don't seek a kick,
These are the men the crank calls "The Clique."
We all should be proud of members like these—
They can call them "The Clique," or whatever they please,
But there are some people who always find fault,
And most of this kind are not worth their salt.
They like to start trouble but seldom will stick—
And leave all the work to be done by "The Clique."
—Exchange.
CO-ED BASKE BALL TEAM DEFEATED BY N. Y. U. GIRLS

The girls' basketball season was officially opened Saturday, January 9, when the Co-ed Sextet played N. Y. University at New York. Although defeated by the large score of 38-15, the team put up a good fight in this, their first game. Captain Helen Grant scored well for Connecticut, while Miss Metz was the high scorer for the opponents. At half time the score was N. Y. U. 18, C. A. C. 14, which indicates that with a little more practice and better organization, the team is on its way to make a better record than last year. Besides, Capt. Grant those making the trip were Barbara Case, Christine Buell, Elizabeth Battle, Irene Ellis, Frances Hopkins, Beatrice Healey, and Eileen Kennedy. The summary:

GIRLS TO GIVE TEA DANCE TOMORROW

The Montieth Arts Society and the Girls' Glee Club will give a joint Tea Dance on Saturday, January 9th, from three to five o'clock, at Holcomb Hall. This is the first dance of this type to be given at the Dormitory, and Miss Margaret Demander '26, who is in charge of arrangements, has planned many plans for the affair. The rooms will be attractively decorated, and a buffet supper will be served. The music will be furnished by the Peerless Orchestra of Willimantic.

FRESHMEN, SOPHOMORES, JUNIORS, SENIORS, ATHLETES

Do You Know? 'HOW TO STUDY'
The Students' Hand-Book of Practical Hints on the Technique of Effective Study

BY WILLIAM ALLAN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy, and fatigues.

ESPECIALLY RECOMMENDED for over-worked students and athletes engaged in extra curriculum activities and for average and honor students working for high scholastic achievement.

Some of the Topics Covered

- Scientific Shortcuts in Effective The Athlete and His Studies.
- Preparing for Examination.
- Writing Good Examinations.
- Developing Concentration and Efficiency.
- How to Cram.
- How to Study College.
- After College, What?
- Notes.
- How to Take Lecture and Reading Notes.
- How to Diet During Athletic Training.
- How to Study Modern Languages.
- How to Study Science, Literature, Brain and Digestion in Relation to Study.
- Developing Concentration and Efficiency.

Why You Need This Guide

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine." Prof. G. M. Whipple, U. of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked." Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain." Prof. G. F. Swan, M. I. T.

"To students who have never learnt "How to Study," work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment." Prof. A. Ingris, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort.

Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.

WE ARE LOOKING FOR

BUSINESS
THROUGH THE HOOP

It was an auspicious beginning, to say the least!

Captain Makofski certainly led his team in every sense of the word. Only 8 from the floor and 2 from the foul line for 18 points, besides playing a great floor game. That's setting a good example with vengeance!

Connecticut's killing pace had Norwich tired in the second half. The way the Vermonters stalled at that stage was refreshing—to them, we hope! It may be good basket ball to stall when slightly in the lead with only a minute or two to go, but they were only twenty-odd points behind.

Connecticut's five-man defense is going to spoil more than one beautifully planned offense before this season is over, or we miss our guess.

Moving the playing court to the center of the armory is a decided improvement, as is the new score board. We understand that Walford's Student Orchestra will play between the halves. Moving the playing court underneath. With all fashion, variety without stint, whatever mirrors the latest in quality without extravagance, prices that make you forget all forms of the quality and value, we're noted for that.

The way they take a ball down the floor counts heavily in Connecticut's representative on the Connecticut varsity and freshman teams. 28 Church Street, Willimantic, Conn.

We have seen some aggressive quintets in our day, but few of them had much on the second team when it came to sheer aggressiveness and fight. Daly and Molter suffered a heavy spill under the Norwich basket; a rather unusual performance for two football captains at this time of year.

Tufts varsity and freshman teams invade Storrs Saturday, and advance dope on the Jumbo fives indicates that the Aggies quintets will face real tests.
