Connecticut Invited To Join National Student Federation

MEMBERSHIP INCLUDES 248 COLLEGES AND UNIVERSITIES

To Be Brought Before Student Organization For Undergraduate Action. Federation Formed at Princeton—Will Influence National and International Affairs In College.—To Promote Closer Unity Between Colleges of Country.

Connecticut Agricultural College has been asked to join the National Student Federation of the United States of America, an organization of 248 colleges and universities, according to the statement made yesterday by Sidney Lewis, president of the Student Organization.

This student federation was formed at a conference held at Princeton University last December, when student representatives from 248 colleges and universities of the country met and went on record as being in favor of the entry of the United States in the World Court. At the same time the conference went on record as favoring the establishment of a National Student Federation of the United States of America. A working agreement for the federation was drawn up, and plans made for the second annual meeting which will be held at the University of Michigan next fall.

The invitation for Connecticut to join the federation, received by Mr. Lewis, was from Frederick V. Field the organization increases in numbers and thereby gains in power. The following is the working agreement drawn up by the conference:

of Harvard University, and Miss Dorothy Mason of Wellesley College, New England members of the executive committee. Mr. Lewis stated that a vote would be taken at a Student Organization meeting in the near future.

The College Male Quartet rendered a pleasing program last Sunday night at the new Methodist church in South Manchester. The quartet at present consists of Herman Gauger '27, Willis Pratt '29, Carl Carlson '29, and John Jacoby '25. A movement was started to raise $5,000 in Manchester for the Community Church campaign. John Jensen, father of Hannah Jensen '25, will head the movement. Mr. Webster, head of the Business Club, is secretary and the Manchester Trust Co. is treasurer.

REligIOUS EDUCATION COURSES POPULAR

Courses in religious education are with the beginning of the second semester open to all undergraduates. Lewis B. Patton, Professor of Old Testament Literature, and A. C. Purdy, Professor of Homiletics, both of the Hartford Theological Seminary, were here Friday for the first meeting of their respective classes.

Professor Patton is teaching the course on "Religious Problems of Life," for which twenty-five seniors and juniors have enrolled. Professor Purdy is teaching a course on "Life and Teachings of Jesus," for which forty freshmen and sophomores have enrolled. This gives a total of sixty-five Connecticut State students taking courses in religious education, and it is expected that this figure will grow in the next two weeks.

These courses are being given under the auspices of the Connecticut Federation of Churches, working in cooperation with the committee on religious education of the Storrs church. It is the second year that Connecticut students have been given the opportunity to take work in religious education, and already the enrollment is three times above the figure of a year ago.

Professor Patton is a graduate of New York University and Princeton Theological Seminary, and is recognized as one of the foremost Biblical scholars in the country. Professor Purdy is a graduate of Penn College at Osksoonsa, Iowa. He took his doctor's degree under a fellowship from the Hartford Theological Seminary, studying abroad and at Harvard.

ANNUAL WINTER DANCE TO BE COLORFUL EVENT

The night of nights! For tonight witnesses the most colorful and brilliant social event of the season at the college—the Midyear Formal. Hawley Armory has been transformed into a scintillating ballroom where Prince Charmings will glide over the waxed floor with fascinating partners in time with the bling strains of an orchestra.

In a recent interview Chairman Larentson said that everything was in readiness for the Formal. Cavallaro's Cimbrilla Ballroom Orchestra has been procured to furnish the music for the occasion. The programme will consist of sixteen dances and two extras. There will be five moonlight dances, two of which will be waltzes.

The patrons and patronsesses will be Captain and Mrs. C. R. Crim, Lieutenant and Mrs. L. D. Bunten, Mr. and Mrs. H. D. Newton and Mr. and Mrs. G. B. Saull.

The following will attend the dance:

Sigma Phi Gamma
Raymond S. Amex and Miss Marion E. Wells of New Milford, Arnold Grif
Sen and Miss Catherine Welch of New Haven; Ronald Mason and Miss Anna
P. M. Alling, Secretary

H. Hitchcock and Miss Gunner Ben

CONNECTICUT FLOWER JUDGING TEAM WINS

Take First Place at Massachusetts Agricultural Building, Boston

At the third annual New England Intercollegiate Judging Contest held by the American Carnation Society at the Massachusetts Horticultural Society Building in Boston, January 29, the Connecticut Azalea Flower Judging Team was awarded first place.

The team was composed of Raymond Ames '26, V. M. Dolittle '27, and E. J. Kelley '27. The competing teams were Rhode Island State College, which finished second, and Massachusett Agricultural College, which placed third.

Dolittle was the high man of the team in scoring and was also the high-

FRESHMEN PLAY TWO GAMES THIS WEEK
Meet Trinity Juniors at Hartford.—Holy Cross Frosh Here Tomorrow Night.

The yearling five plays two games this week-end, one away and one at home. The Frosh go to Hartford Friday to play the Trinity Junior Varsity while on Saturday evening the Holy Cross Freshmen will play at Storrs.

Very little is known about the Trinity Junior Varsity, but the freshman five is expected to come through with another win. The Holy Cross Freshmen will come here Saturday but the yearlings will probably take them into camp as the Springfield Freshmen defeated them easily.

The regular lineup will probably start both games for the Aggie Yearlings. Silverman and Elloivich from Hartford have entered college and much is expected of them. Silverman played with the Hartford High school and captained the team in his last year. Last year he played with the Dukes of Hartford while this year he has been playing with the Meriden Redees. Elloivich has played with the Weaver High school five for the last three years.

CONN. TAKES THREE OUT OF FOUR FROM HARVARD
In the past five years the Harvard and Connecticut quintets have met four times, the Aggies emerging victorious on three of these occasions. Each of these contests was staged on Harvard’s court, which makes Connecticut’s victories all the more impressive.

The first Connecticut victory was chalked up in 1922 when Louis Alexander, now Freshman Coach, led his championship team to the first win over Harvard. In 1923 this feat was again duplicated. There was no game scheduled the following year, but in 1925, Harvard with one of her most powerful teams turned C. A. C. back for the first defeat in three starts against her. This year the Aggies again found their strength to won the fourth game of the series from Harvard.

Following is a record of the basketball games played to date between the two teams:

SPRINGFIELD WINS FROM AGGIE FROSH
Cub Directors Take Close Game From Connecticut Yearlings

Connecticut Frosh lost their first basketball game of the season to Springfield frosh at Hawley Armory January 30. It was a tight contest, the score being 25-22.

The lead alternated in the first two quarters. Sahagian’s long shots from mid-court were the feature shots of the game, and kept the Aggies running at this stage. Hewitt and White were Connecticut’s high scorers, with eight points each. Springfield from lead 14-12 at the half time.

The last two quarters were exciting and close throughout. The score was 23-18, Springfield in the lead and four minutes to go. Hewitt made a difficult shot from the side court— the score being 23-22, Springfield still in the lead and only one and a half minutes to go. Then Gustapher skillfully made a clean shot, thereby settling the issue.

Conn.-Mass. Game To Be Played At Manchester
The Connecticut Aggies-Massachusetts Aggies basket ball game, originally scheduled for Hartford, Feb. 22, will instead be played at Manchester, Conn., according to the announcement of Coach Sumner. A. Dole. Inability to secure a suitable playing surface in Hartford was given as the reason for the change.

Manchester’s new state armory will be the scene of the battle which is expected to draw a record crowd.

CONNECTICUT DEFEATS TRINITY 32-27
HARTFORD TEAM KEEPS SCORE LOW
Aggies Miss Many Shots.—Trinity Shows Up Well In First Half—Williams Makes Two Field Baskets—In His First Varsity Contest For the Aggies.—Dole Shifts Lineup In Second Half.—Frosh Initiated Between Halves.

The Connecticut Aggie five defeated Trinity College at Storrs Tuesday evening, 32 to 27. The Aggie five was not up to form and Trinity displayed a fighting aggregation which held Connecticut throughout the game.

The shooting of the Connecticut team was way off and during the first half Trinity seemed to hold the edge although the Aggies led at half time 12 to 11. During the second half the Connecticut team found the basket more regularly and displayed better floor work than the Trinity five. Schofield found the net for six field baskets during the evening and his floor work was of high order. Capt. Makofski scored five goals while Eddy made three. Williams playing his first varsity game scored two field goals. He played both guard and center. Both Allard and Bigood played their usual strong defensive game.

Thompson playing center for Trinity scored six field and three free goals for a total of fifteen points. The whole Trinity scoring power was centered around the tall center and he proved to be the individual star of the Trinity five. Captain Bart also carried himself well scoring seven points for Trinity.

During the first half Trinity out played the Aggie five and came with in one point of the Aggies at the end of the period. The pass work of the Hartford team was far better than that of the Aggie five and through out the first period they carried the ball down the court only to lose it to the Connecticut guards. Even though the Trinity five seemed to play the (Continued on Page Four)
After the dance

... a pipe

and P.A.

WHEN you've kicked off the pumps and tossed the collar on the table, while the music is still singing in your brain and memories of one dancing deb in particular crowd your thoughts, fill your pipe with Prince Albert and light up. Make it a night of nights.

P. A. is so genuinely friendly. It hits your smoke-spot in deep center right off the bat. Doesn't bite your tongue or parch your throat, because the Prince Albert process said "mix on the rough stuff" at the very beginning. Just cool contentment in every perfect puff.

Don't put off till tomorrow what you can smoke today. Get a tidy red tin of P. A. now. Snap back the hinged lid and release that wonderful fragrance. Tamp a load into the bowl of your jimmy-pipe and light up. Now you've got it ... that taste. Say—isn't that the goods now?

PRINCE ALBERT

—no other tobacco is like it!

STUDENT FEDERATION

Elsewhere in The Campus will be found a working plan for the National Student Federation of the United States of America. Undergraduates are urged to study this plan, as it is to be brought to their attention at the next meeting of the Student Organization, when the question of Connecticut Agricultural College joining the Federation will be voted upon. An invitation to join the Federation has recently been received, and The Campus is reprinting its more important points that the student body may become familiar with the aims and methods of the Federation. This will provide the subject matter from which all interested may form an intelligent opinion as to whether or not this college should become affiliated with this movement.

The purposes of the Federation, two in number, are commendable. The first is to secure a greater interest and influence upon national and international affairs in the colleges and universities in this country. The second is to achieve a closer unity between colleges of the United States, and to promote a better understanding between the students of this and other countries. A comprehensive working plan has been drafted, which when in operation should effectively secure the results desired.

Connecticut students should endorse this plan when it is presented to them at the next Student Organization meeting, and vote to become a member of the National Student Federation. There are thousands of college students in this country, and the National Student Federation offers them a medium for concerted action that heretofore has been impossible. Connecticut, as one of the many smaller colleges of the country, should join the Federation and do its part to attain the purpose for which this organization was formed.

CAMPUS AUDITING

Announcement is made that from now on, the business accounts of The Campus will be audited at the end of each semester, after which the papers will carry in its columns a complete report showing its financial status.

The decision to follow this procedure was made only after careful consideration of the plan at a recent Campus board meeting. At that time it was voted to amend the constitution, thereby making the new plan permanent one which future members of the Campus board would be called upon to observe. Mr. M. E. Snow, chief accountant in the college business office will audit the campus books, assenting readily to assist The Campus when approached on the subject.

The Campus is taking this action because in the opinion of its board members, the student body has the right to know how the money necessary to run the paper is expended. A start was made in this direction several weeks ago, when announcement was made that the Campus would this year make a profit, the financial statement up to that time being printed. Next week the Campus will carry a complete report showing the amount of money received, and expended during the first semester.

Space is available in The Campus at any time for like reports of other organizations and committees. It is a matter of common knowledge here that the failure of various business managers and chairman of committees to render satisfaction reports has undermined student confidence in the activities represented by these men. This is true today, and it has been true in the past. There should be no secrecy in the disbursement of funds of any student organization, and as already mentioned, the Campus will gladly give the space to business managers or committees who desire to let the student body know just where and how their moneys are expended.

CONNECTICUT DEFEATS TRINITY 32-27

(Continued from Page One)

- makofski was playing guard. The floor work of the Connecticut floor was this point was the best of the evening. During the latter part of the half Trinity came within three points of the Aggies but as the game ended Makofski scored from the field making the final score 32 to 27.

The game started with Thompson of Trinity making good a free try in the first minute of play after Allard had fouled him. Connecticut took the lead soon after when Captain Thompson scored a field goal from the side of the court. Eddy scored again for Connecticut on a shot from under the basket. Thompson then scored for the Hartford team. Schofield tallied from the court but Thompson scored again making the score 6 to 5 with Trinity but one point behind. Makofski called time and after the two minute rest he immediately scored from the court. Captains Burr and Thompson both scored from the field putting Trinity ahead for the second time. Schofield pushed the Aggies ahead with a field goal but Thompson tied the score with a free throw. Trinity went into the last again when Thompson scored another free try. As the half ended Eddy made a field goal putting Connecticut ahead at half time 12 to 11.

In the second half Williams was back in center and Makofski was playing guard. Williams got the jump from Thompson and Eddy and Schofield made a field goal apiece before Burr scored for Trinity with a fouled goal. Williams then made two field goals in a row putting Connecticut ahead by six points. Riley and Burr each scored a foul before Eddy and Schofield scored field goals for the Aggies. Thompson scored for Trinity and Schofield for Connecticut as time was called out. Makofski went back to center and Allard reentered the game at guard. Riley scored a field goal for Trinity. Schofield scored again for the Aggies but at this point Thompson scored two field goals and Burr a foul goal making the score 36 to 27. With only two minutes left to play Trinity tried to score by long shots but they could not sink the big shots. Makofski scored a field goal in the game making the final score 32 to 27.

Between the first and second periods the Aggies displayed their cleverness before the large crowd. They sang, danced and played basketball which was more like football.

Bigger Generators—Cheaper Electricity

A 70,000 horsepower hydro-electric unit recently installed at Niagara Falls utilizes the same amount of water as seven former 5,000-horsepower units, yet does the work of fourteen such units. And it saves 700,000 tons of coal yearly for the nation.

As more and still more uses are found for electricity, larger and more economical generators are installed. At the power plant, as well as at the consumer's end, important changes and startling developments have steadily reduced the cost of electricity for light, power, and heat.

And wherever electricity has blazed its trail—in towns, cities, industrial centers, and rural communities—comfort and progress have come to stay.

Generating and distributing electricity concern the technical student. But electricity's application in the betterment of industry, the professions, and home life concerns every educated person. Cheap electricity means many startling achievements today, but countless and unbelievable possibilities tomorrow.
AGGIES TAKE CLOSE GAME FROM HARVARD

(Continued from Page 2)

Starting with the first whistle, the game was a hard fought and closely contested battle throughout the forty minutes of play. Neither team showed any appreciable advantage over the other, and at no time were the contenders separated by more than four points. At half time, Harvard was leading Connecticut 13-12.

After twelve minutes of play in the final half the Crimson began stalling tactics in their backcourt, when the score was 22-21 in their favor. In this way they were playing the same type of game that brought them victory on the same floor from Connecticut in 1925, only this was another year. The Aggies closed in to break up the stalling game, and in the melee Schoefield was fouled.

The Waterbury boy, who incidentally played a brilliant game, cut the strings with a perfect shot, and the score was knotted at 22 all. With but one minute left to go, Harvard lost any appreciable advantage over the Aggies, the ball finding its way through the rim of the hoop, but the referee's whistle ended the game.

Bitgood and Allard played their usual game, or in other words, some game! Bitgood made a pretty shot from the sidecourt, which incidentally is his second basket in the last two contests. He also connected for two from the foul line, all of which is more or less of a scoring rampage for the Danielson boy.

RIFLE TEAM RECOGNIZED AS MINOR SPORT

At the meeting of the Athletic Council on February 3, it was voted to recognize the rifle team as a minor sport.

The question of awarding a letter to a man who makes the rifle team is one under much discussion about the campus. This matter will be brought before the members of the A. A. at the next meeting.

Owing to the fact that the team is meeting with such success, the question now arises whether they should receive a Varsity "C." It has been suggested that a letter be presented with an R. T. attached.

HUMBLING HARVARD

Our congratulations to the team and may the good work continue. Ed. Wachter, the Crimson coach, told Sumner Dole that the combination representing Harvard this year was the best he ever had to work with. No doubt about that, and no question but what the 1926 Aggie quintet is one of the best he has ever seen perform at Cambridge.

Connecticut and Harvard have met four times in basket ball, all games being played on the Remenway Gym at Cambridge. And Connecticut have won three of the four contests, a record that few small colleges can equal.

And incidentally, "Mac" played his usual star game. For all-around endurance and consistency, coupled with skill and ability, one would have to go a long way to find Makofski's equal.

It was Harvard's second defeat of the year in basket ball, Colgate earlier in the season taking the measure of the Crimson five.

The Connecticut students who journeyed to Cambridge for the game were well repaid for their travel. They were reinforced by a group of alumni and former students, who altogether made a fair sized cheering section.

For the benefit of those not fortunate enough to see the contest, Schoefield played as he did against Spring-
NEW STUDENTS ENTER FOR CURRENT SEMESTER

Eleven Former Students Return to College.—Ten New Freshmen Admitted.

The Registrar's Office reports that twenty-one new students have been enrolled for the current semester. Eleven students are returning, and the remaining ten are registering for the first time as freshmen.

The students returning to college include Arthur H. Myer, Seymour; Beatrice Harger, Seymour; Ruth Coleman, Seymour; Henry Bigelow, Hartford; Frederick Lebutzke, Hartford; Lewellyn Dibble, Old Saybrook; Marden Prentiss, Plainfield; John Wells, East Hampton; Edwin Lundenberg, Ct; Clarence Way, Bridgeport; and Clifton Dosain, Willimantic.

Charles Reynolds, who was injured in the freshman initiation last fall, has registered as a campus freshman. The following have also registered as freshmen: Esther Beach, New Haven; Lois Savage, Storrs; Doranne Merriam, Meriden; Sidney Mass; Hartford; David Goldschmidt, Hartford; Meyer Ellioch, Hartford; Solomon Johnson, Hartford; John Lemberd, Hartford, and Raymond Sledjesky, Mansfield.

These new students do not quite bring the total enrollment up to the maximum of five hundred which the State Legislature set. No students have as yet been refused admission because of overcrowding; however, this law has enabled the faculty to require a good grade of high school during the summer to study the entrance examinations. First: The establishment of scholarships between colleges of America and Europe similar to the Rhodes and Davison scholarships which now exist. These scholarships would be for the duration of one year and would be held by Juniors who could return to their own colleges after being abroad.

Second: Student tours to Europe during the summer to study the social, political, and economic conditions of Europe and to promote sympathy and understanding between the students of this country and those of the rest of the world. The actual means for attaining these ends will be:

1. The establishment of scholarships.
2. Student tours to Europe.

Annual Circus at Holcomb Hall

Friday, January 29, Holcomb Hall was the scene of the annual circus for the Co-eds. The Home Economics Faculty joined with the girls in viewing the performances, being relieved of regulating duties by the several "Cops." This year the carnival took the form of a Village Fair, the entire Dorm being used. It began with a feature parade which started from the living room and traversed the principal "streets," breaking up in the assembly in the basement, which served as the fair grounds. The decoration committee had done its work well, giving the assembly hall the atmosphere of a three-ring main tent. The program here included selections by the "imported band," acts by illustrious tight rope walkers, strong men, a horse race and other attractions. The corridors were well stocked with booths and side shows.

Connecticut Invited to Join National Student Federation

(Continued from Page One)

CONNECTICUT INVITED TO JOIN NATIONAL STUDENT FEDERATION

At which time it would be determined whether or not Connecticut would become a member of the federation.

The purposes of the federation, as stated in the letter sent Mr. Lewis, are as follows: First, to secure an increased interest and influence upon national and international affairs in the colleges and universities of this country; second, to achieve a closer unity between the colleges of the United States, and to promote sympathy and understanding between the students of this country and those of the rest of the world. The actual means for attaining these ends will be:

First: The establishment of scholarships between colleges of America and Europe similar to the Rhodes and Davison scholarships which now exist. These scholarships would be for the duration of one year and would be held by Juniors who could return to their own colleges after being abroad.

MODERN FLOWERS TELEGRAPHED TO LOUIS in foundation of a National Students' Federation: We would achieve a spirit of unity among students of the United States to give consideration to questions affecting students' interest; we would develop an intelligent student opinion on questions of national importance; we would foster understanding among students of the world in furtherance of enduring world peace. This conference gives effect on the following articles until January 1, 1927, unless before that date a constitutional convention shall have perpetrated or replaced these articles in permanent form:

Article 1, Section 1—The name of the organization shall be the National Student Federation of the United States of America.

Section 2—The officers of the Federation shall be a President, Vice President, Secretary, and Treasurer, and an Executive Committee of fourteen members representative of the United States areas, namely, New England, Middle Atlantic, Southern, North Central, South Western, Mountain, and Pacific, to be elected at this meeting upon the report of a nominating committee.

Section 3—The Executive Committee shall designate an official depository of funds and the accounts of the treasurer shall be audited by a certified public accountant and reported at proper intervals. The terms of all subscriptions to the funds of this Federation shall be made public.

Section 4—The general parliamentary practice shall govern the meetings of the Executive Committee and of the Constitutional Convention.

Article 2—Functions of the Federation: (a) To make a survey of the possibilities for carrying out the purposes mentioned in the preamble of these articles. (b) Provisional affiliation with the international student associations. (c) Preparation for, and the call to a constitutional convention for the approval of a permanent constitution.

Article 3—(a) The constitutional convention shall be called by the President of the Federation. (b) He shall, in consultation with the Executive Committee, determine the eligibility and invite the delegates. (c) He shall act as temporary chairman of the constitutional convention, and he shall appoint the appropriate organization committees and the time and the place of the meeting.

Article 4—The undersigned do not commit their respective colleges in signing these articles.

We've anticipated, admirably, the wants of our patrons in everything that men will need for the
Fall or the Winter Wear
There's an unrestricted choice of selection, too. From Headwear to Handkerchiefs, Shirts to Socks, you'll find just the item you want in just the shade you prefer. And of course, there's no need to remind you of the quality and value, we're noted for that.
