ENGINEERING TRIP
TO COME MARCH 15

The annual engineering inspection trip to New York which will come the week of March 15 has already been planned. Many places of interest and educational value are to be visited. The itinerary for the trip is as follows:

March 15—An inspection of the power plant and elevator system, both hydraulic and electric, of the Metropolitan Life Building at Madison Square.

March 16—Jersey City and Kearny, New Jersey, to inspect the new eastern plant of the Western Electric Company. The students will be extremely interested in seeing this plant because those who went on the trip last year saw the building in the process of construction. It is now complete.

March 17—The trip Wednesday is not as yet definitely decided upon. In all probability it will be a visit to the De La Vergne Machine Company at New York City.

March 18—Will find the students at Harrison, New Jersey, where there will be an opportunity to inspect the glass blowing works of the new miniature lamp manufacturing process. Arrangements are being made here to listen to several lectures given by the Lichtin Institute of Edison Lamp Works.

March 19—A special permit has been granted by the Canard Line to

FRATERNITIES HOLD ANNUAL SMOKER

Smokes and Entertainment Climax Rushing Season

Dances, pantomimes, monologues and specialty acts were in order at the Interfraternity Smoker held in Hawley Armory last Wednesday evening. The committee, which was composed of Nathaniel Holstein, chairman, Randolph Whaples, and Vincent Doolittle, were able to arrange a varied and rollicking program to the great delight of the upperclassmen who attended.

The first act consisted of a dancing, singing, and piano combination by Luey, Doty, and Rosenberg. Luey was formerly with a leading review, and Rosenberg has often entertained over the radio. Their number was followed by a sister act. The third number was composed of monologues by Yorker Monjesky, a live-wire entertainer, who had a large number of stories which he told in his original manner. Willis and Spenser, who recently broadcasted from WTIC at Hartford, were favorably received.

82 Men Pledged As Rushing Season Comes To A Close

EIGHT FRATERNITIES REPRESENTED

Yesterday's Pledging Terminates the Longest Rushing Season at Storrs In Recent Years.—Eleven Freshmen Return Bid Undeclined

Eighty-one freshmen and one sophomore were pledged to the eight fraternities at Connecticut Thursday afternoon, when the mediator distributed bids to bring the longest rushing season in recent years to a close.

Bids to the following eleven freshmen were returned unsigned: Richard Ackerman, John Callahan, Carl Carlson, Glen Champion, Albert Clark, Louis Dixon, Owen Frying, Henry Irwin, George McCulloagh, William Monstream, Jack Young.

Following is a list of men that were pledged to the fraternities:

- Alpha Gamma Rho
  Edward Calacurchio
  Elmer Anderson
  Irving Keeler
  Warren Metcalf
  F. Daniel Lindahl

- Theta Sigma Chi
  Nelson Smith
  Kenneth Wilson
  Elmer Watson

MASS. AGGIE Five

SCORE 30-26
Take Fast Game From Bay State Aggies.—Connecticut Practically Decides New England Conference Championship.

Last Monday evening at South Manchester the Connecticut Aggies defeated the crack Massachusetts Aggie quintet by a 30-26 score.

Although Connecticut was behind 20-14 at half time, they came back strong after the rest period and outplayed the Bay Staters. The M. A. C. five had won twelve games and lost one and that to Springfield by the smallest margin of two points.

Schofield was the individual star for the Connecticut five, scoring five field goals and three foul goals. His dribbling and outside shots from the side of the court were the features of the game.

Allard and Bilgout kept the M. A. C. forwards in check at all periods during the game. Allard scored five foul goals and one field goal during the engagement.

Captain Makofsik's floor work was of a high order. He scored twice from the court and once from the free throw line. Eddy played his usual good game, scoring twice from the field.

For the Massachusetts Aggies: Smiley was the individual star, accounting for three baskets from the center of the floor and three points

(Continued on Page Six)

COLONEL INSPECTS COLLEGE R. O. T. C. UNIT

Col. R. S. Wells, Cavalry, visited the college last Tuesday and inspected two classes of the military department. Colonel Wells is in charge of R. O. T. C. affairs in the First Corp Area which includes all the units of the R. O. T. C. in New England colleges. His appearance marked the usual preliminary inspection which takes place each year. Colonel Wells was unable to be here on Friday because he was scheduled to survey the R. O. T. C. unit at Yale University. He will try to be here for the final spring inspection after the colonel had viewed the unit he expressed his satisfaction over the manner with which it is handled. H's inspection included an appraisal of the records of the unit, the method of training, the administration of the unit and the manner in which classes are conducted. A conference with Fremont Beach finished his day's program.

At attempt will be made to secure instruments for the establishment of a regulation band. The present band will serve as the nucleus for such an organization should the proposed endeavor to secure instruments prove successful.

Connecticut Expected to Win From Rhode Island at Kingston

One of the feature games of the year will be played between the Connecticut Aggie quintet and the Rhode Island

The game was fast and closely contested in the first year men. At half time, the Connecticut yearlings held the lead 14-9. During the second half Suffield spurted and evened the count at 19 all. From this point on, the Freshmen forged ahead and had a five point lead at the final whistle.

Captain White's shooting and Dally's defensive guarding for the Freshmen while Caputo's all around work was outstanding for Suffield.

score: Field goals: Connecticut, 12; Suffield, 9.

The Freshmen meet RHODY TOMORROW

The Yearling five plays the fast Rhode Island State Freshmen Saturday at Kingston, R. I. One of the fastest games of the season is predicated.

The line up was:

Murdock, rg
Griffen, lg
Kennedy

Substitutions: Dr. Arnold, Smith for Skeels, Ayers for Ritcher, Smith for Griffen; C. A. C; Murphy for Case, Hopkins for Murphy, Brown for Kennedy, Murphy for Brown, Healey for Murphy.

Nearly six hundred foreign students are enrolled at the University of California. Among the six hundred representatives are students of nearly every country in the world. There is no race that has not sent at least one of its number to the University of California.
FORESTRY CLUB IS
NEW ORGANIZATION

Brooks Elected President—Club to
Build Cabin and Plan Outings

About thirty students interested in
forestry met with Messrs. Moss and
Dottel of the faculty at a smoker Post
February 17, for the purpose of or-
ganizing a Forestry Club. The ob-
jects of the club as outlined by Mr.
Moss will be: To foster the interest
in forestry, to give the students in-
terested in forestry a chance to be-
come better acquainted with each
other, and to provide a suitable out-
in headquarters where the members
will be able to meet.

Permission has been received to
build a cabin on a tract of woodland
about three miles from the campus.
There is much state forest land with-
in a radius of ten miles of the college.
It is hoped that the club will be able
to have a cabin in each one of these
forests with a woodland trail connect-
ing them. This will give the mem-
bers a chance to spend weekends in
the woods, and will make it possible
to form a college outing club. Arthur
Brooks ’28 was elected president of
the club.

COLLEGE MALE
QUARTET REORGANIZED

The membership of the College
Male Quartet has been changed and
now includes the following men:
Harman Gunzer ’27, Harold Kall-
strom ’28, Willis H. Pratt ’29, and
Charles Anderson ’29. They are prac-
ticing a number of songs at present
and rehearsals are being held every
Monday night. The Quartet has been
done as a great help during the Community
House Campaign and has rendered en-
tertainment whenever needed.

AN OPPORTUNITY

Because it wishes to be a true reflection of undergraduate thought and opinion, The Campus this week is urging a more general use of the “Safety Valve” column on the part of the student body. Studying our files for the current work in turning back both the “overhead,” their money was expended. Mr. Lorenz, as chairman of the Mid-Year Formal Committee, is to be congratulated for his willingness to publish the report of his committee. And as previously announced, The Campus will gladly give the space necessary for similar reports in the future. In all probability, the majority of our business managers and committee members will welcome the opportunity to place their reports before those whom they are serving; as for others, the student body can draw their own conclusions.

A GREAT TEAM

Congratulations are due Captain Makofski and his team for their excellent rank in turning back both Vermont and Massachusetts Aggies in the short space of four days. This feat, coming after the recent northern help when Maine and New Hampshire were defeated, stamps this year’s five as one of the greatest in the history of the court game at Storrs. The pressure over Massachusetts Aggies is particularly gratifying to Connecticut followers, many of whom feel the games at Manchester more than removed the sting of the defeat sustained at Amherst last year. Only three more games remain on the varsity schedule, two with Rhode Island and one with Trinity. A repetition of form displayed in the Vermont and Massachusetts games is all that is needed to add three more games to the total of Aggie victories. May the good work continue!

STUNG AGAIN!

Yes, and speaking of the Interfraternity Smoker, that just describes it! This is not an attempt to discredit the committee in charge; they arranged the best program possible with the limited amount of time and money available. But aside from the entertainment provided by volunteers from the students present, the affair was an entertainment in name only. Narcotizers, the professionals from Hartford were flat failures. All they gave was a third rate “amateur night” performance, for which they received professional rates.

By this time the Mediator should realize that it is a waste of money to hire outside talent, if it can be termed such, for an Interfraternity Smoker. The smokers of 1925 and 1926 were ample proof of this assertion. If the Interfraternity Smoker is a necessity, and that is debatable, then by all means a program that will utilize the talent in the student body. The preliminary program which was given by students while the “feature artists” were coming from Hartford completely eclipsed the main act. It was proof enough that future programs for these affairs should include Connecticut students, and that it is a waste of money to import professionals. After all, seventy-five cents is too much to pay for a dish of ice cream and a couple of wafers!

Knackers have blossomed forth with the advent of the second semester as the latest thing in the freshman’s wearing apparel. The lifting of the ban which prohibited the first year student from wearing these abbreviated trousers has been taken advantage of by not only the male element of the college but by the co-eds as well. Appearances have been disregarded in the display of this new vogue, and the style of knickers has varied from the baggy collegiate interpretation of clothes to the lumberjack’s “special.” Winter has also taken its toll as far as changes in the day’s program of the student is concerned. Skiing, one of winter’s greatest aids, has contributed generously to the number of dry-scope falls, soaking wet clothes, and bruises sustained by many. Of course the many snowball fights are too common occurrence to mention, but so far the casualties on windows are not very great.

LAUGH

Build for yourself a strong box. Fashion each part with care. Fit it with hasp and pad-lock. Put all your troubles there. Hide therein all your failures, and each bitter cup you quaff:

—Author Unknown

J. B. Fullerton & Co.
HERE AND THERE

The Harvard Student Council wants professional head waiters at Gore Hall, one of the freshman dormitories, discharged, and their place taken by upperclassmen, whose presence it believes would relieve friction. Under graduates are being used as waiters for the first time in an experiment made to help needy students, that was to be extended to the other fresh man dormitories if successful.

The Vassar self-governing Student Association decided by a large majority to permit their students to smoke. The right to two indoor smoking places has been extended to all students wishing to smoke.

The Geology Department of Princeton University will give what is believed to be the first university course ever offered on wheels, next term. It is to be extended to the other upperclassmen, whose presence it hopes will relieve friction.

Hall, one of the freshman dormitories, making a study of the Geology and Quantity in extra-curriculum activities for the first time in an experiment that they have shown exceptional ability in extra-curriculum activities other than on the field of sports.

The Tufts College student council has voted to have the students rate the members of the faculty on the following points: Knowledge of the subject, ability to teach the subject, general intelligence, and personal force and personality.

Through arrangement with the English department, work done for the "Tech News," undergraduate publication of the Worcester Institute of Technology, will receive credit the same as any English course.

The "Granite," yearbook of New Hampshire University, will be out by the first of April.

A turtle found on the football field, during practice at Lehigh University last fall, was adopted as the team mascot. It was named "Knock-em," and each game scored was carved on its back during the season.

An organization has been formed at Northwestern University to study the forces on the campus which change the personality of a man during his college career.

The Charleston dance craze caved in the floor at the gymnasium of the Georgia State College for Women. Nearly 500 girls were prancing furiously in attempts to learn the new step when the floor collapsed with a loud crash.

Columbia students, according to Professor Moore of Dartmouth, who has made a nation-wide survey of student views, are the most radical in the United States.

Decorate yourself with the degree of P.A.

THAT means "Pipa Amoroso" in the Latin, or "pipe-lover" in plain campus English. P. A. has certainly endeared a pipe to more men than any other letters in the smoke-alphabet. Because Prince Albert lets a fellow smoke all he wants to—and makes him want to!

Cool as the stare of a marble Venus. Sweet as the approach of vacation. Fragrant as spring blossoms. Think up your own similes, Fellows. You will when you pick P. A. and a jimmy-pipe for permanent roommates. Prince Albert is great tobacco, and that's not blah.

Get yourself a tidy red tin of Prince Albert today. Fill the bowl of that old jimmy-pipe to the brim and borrow a match. Then you're set for some great smoke-sessions, as sure as you're a foot high.

PRINCE ALBERT

—no other tobacco is like it!
from the foul line. Partenheimer also helped the M. A. C. five in their effort to attain their mythical championship of New England by scoring three field goals and two foul goals.

The Bay Staters scored first when Griffin dropped a foul goal. Connecticut went ahead when Captain Makofski scored a field goal from the side of the court. Partenheimer then tied the score, but soon after Schofield made an overhand shot. Allard followed with a point from the free throw line.

Smiley dropped the ball through the net from the center of the court. Schofield scored from the fifteen foot line. Partenheimer scored from underneath the basket and Smiley tied the score with a free throw making the score even at all. The Bay Staters went ahead when Partenheimer and Griffin scored from the field. Connecticut called for time and immediately after the two minute rest Schofield dropped a field goal. Smiley also scored from the field, while Temple, Partenheimer and Griffin scored from the field in the last five minutes. The score at half time was 29-14 in favor of M. A. C.

The second half opened with Jones fouling Schofield. At this time Jones had to leave the game as he had four personals, and Murdoch took his place. Schofield scored twice from the foul line and Allard scored from the field. Allard was fouled and he made his shot good. Captain Makofski dropped the ball through the basket putting Connecticut ahead.

The M. A. C. five called for time out and directly after play was resumed Allard got the Bay Staters in the lead by scoring two pretty shots from the center of the floor. Allard scored from the foul line and Schofield dribbled the length of the floor tieing the score with one of his far fanned over hand shots. Smiley and Allard both made good their foul shots. Bitgood scored from the foul line. Schofield missed his foul shot but Eddy tapped it in for two points. The game ended as Thomas made good a foul shot.

PUBLIC HEALTH COURSES POPULAR

Lectures Given Every Wednesday Evening

About 140 students and members of the community about the college attended the two lectures of the Public Health courses which have thus far been given. Dr. Millard K. Knowlton, Director of the Bureau of Preventable Diseases, gave the first talk on Wednesday, Feb. 17. His subject was the Relation of Disease to Mankind. Dr. Stanley H. Osborn, State Commissioner of Health, spoke last Wednesday on Your Health and Mine. The following speakers will address the people who are continuing with the public health courses:

Dr. Millard K. Knowlton, Dr. Stanley H. Osborn, Dr. Daniel E. Shea, Dr. Mary G. Haskins, Dr. Mendell, Dr. A. Elizabeth Ingraham, Dr. Greenberg, Mr. Warren J. Scott, Professor Hiccock of Yale University, Mr. William C. Welling, and Dr. Winlow.

The list of subjects will include nearly every phase of health hygiene, and many problems of everyday life will be discussed in these talks.

DRAMATIC CLUB PLAYS POSTPONED UNTIL MAR. 13

The Dramatic Club has been forced to postpone the performance of the three plays, “The Bracelet,” “The Cloc,” and “The Daughters of Oude” which were scheduled for Friday, February 26 until Saturday, March 13. There are several reasons why this action became imperative. One was because three or four changes in the cast had to be made last week. Since the plays call for elaborate set­ings, the stage manager has requested that the production of the plays be postponed for a week or two longer. Then, too, examinations, basket ball games, and the beginning of the second semester have all combined to pamper the necessary number of rehearsals.

COLLIN MADE WIRE
EDITOR OF JOURNAL

Former Managing Editor of The Campus Making Good In Newspapers Game.

Eli Ives Collins, ex-25, has been made telegraph editor of the New York Journal, Jersey City, New Jersey, in the absence of Arthur D. Mackie, regular editor of wire news. The Journal employs more than forty men and women on its news staff. Collins resigned as managing editor of The Campus and relinquished other student activities in February, 1924, to start newspaper work in Stamford, Connecticut. In addition to his work on the Journal, Collins is employed by the Associated Press, covering all day news out of Jersey City and Hudson County. He declined an offer recently to become editor of the Nyack, New York, Daily News, a position for which he was recommended by United States Senator Royal S. Copeland, a former editor of the News. The former Aggie man has worked for the Journal since last June, when he left the Meriden Record.

In a letter recently received by a member of The Campus Board, Collins gives the following description of newspaper work:

"You will get a lot of punch and in some ways and some times a lot of satisfaction out of it, but unless you are the long shot that rides home on der wraps, you will never gain more financially in the newspaper business than a truck driver or a longshore man.

"You will age prematurely; you will rub elbows with those whom the world considers big-timers, but whom you know are not; you will go broke each Sunday and exist until the next Friday; and like as not when you begin to slip you will be shoved off the sheet. But, and here's the big kick in it, you will, if you are a born newspaper man and a good one, get the real stuff out of life as you go along.

ENGINEERING TRIP
TO COME MARCH 15

(Continued from page One)

Inspect the engine rooms of the S.S. Aquanautica which will be in dock at New York on that day.

The trip is arranged in conjunction with courses M. E. 3 and M. E. 19 and M. E. 20. Students with good standing in the first two courses are allowed to go, and those taking the latter are required to go. One full credit will be allowed for the trip.

Anyone outside the Engineering class who desires to go on the trip may get full information from Mr. Dreessen who has made arrangements and is in charge of the trip.

FRATERNITIES HOLD ANNUAL SMOKER

(Continued from page one)

and their songs and stories especially delighted the audience. The program was concluded by a three-round bar-que boxing exhibition put on by Boro and Slivers, the famous panto- mime actors.

Before the main part of the program was put on, several of the fraternity men gave some short sketches of their own making in a truly artistic manner. Music by the college orchestra and refreshments helped to make the evening a success.

An epidemic of scarlet fever caused classes to be suspended for a short period. All the dormitories and class rooms were thoroughly disinfected and fumigated during the absence of the students.

After a lay-off of four weeks, C. A. C's basketball team came back strong and trounced their old rivals, Rhode Island State, to the tune of 39-11.

The Connecticut Campus and Lookout increased the size of their issue from four to six pages. The paper was a semi-monthly publication.

Due to the fact that only $300.00 was allowed by the Advisory Board for arranging the baseball schedule, several games with excellent teams had to be refused.

The college financial report showed that the Book Store service had cost the college a large sum during the year.

The installation dinner of the Upsilon Chapter of Phi Epsilon Pi was held in Hartford. Phi Epsilon Pi is a non-sectarian organization founded in 1902 at the City College of New York for the purpose of bringing the New York City Colleges closer together. It announced as its purpose to take "men of character regardless of creed."

Equal rights for men is the subject of much discussion among the students at the University of California. The following article appeared in the "New York Times" a short while ago in connection with this argument on equal rights.

Berkeley, Cal., Jan. 30—The principle of equal rights for men has been established at the University of California. Professor Ira B. Cross recently expressed annoyance at the time taken from studies by feminine students powdering their noses and freshening their countenances. He said boys had an equal privilege and rights if they desired them.

Two men appeared yesterday with shaving equipment and when Professor Cross started his lecture they lathered and shaved. Professor Cross led the applause, saying that if they would make their names known to him—he was unable to recognize them under the lather—he would see that they received a grade of "A" for the term.
