ENGINEERS PLAY

AGGIES TOMORROW

Connecticut Expected to Win From Idaho at Kingston

One of the feature games of the year will be played between the Connecticut Aggie quintet and the Idaho Ignite, at Kingston Saturday afternoon. The two rival "fiveos" will clash at Lippett Gymnasium for the first game of the series. The regular lineup for both teams will start the game. The Idaho Island State out-fit will be led by Captain Hill as right forward. His running mate Achen will play left forward. Haslem will do the jumping at center, while Jensen and Halve will cover the guard positions. The team to date has broken even in its victories and defeats, the greatest defeat being by Yale, who defeated the Rhody hoossers by a score of 34 to 14.

Connecticut with a string of nine victories and two defeats, and boasting victories over some of the best teams in New England, is a runner up for the conference championship. Connecticut up to date has one of the best teams of ball tossers in this part of the state.

The Connecticut team will start the game with Captain Makofski at center, with Schofield and Eddy in the forward court, and Allard and Bilgoy will play the guard positions. Eddy happens to be the only man in the veteran lineup who did not play against Rhody a year ago.

CO-EDS LOSE TO NEW HAVEN NORMAL

The Co-ed basketball team was defeated by New Haven Normal School Saturday, February 20, in one of the fastest Co-ed games seen in Haywood Armory. Grant was high scorer of the game with 22 points; Lincoln scored 20 points for the opponents.

The line up was:

C. A. C.  McGowan, rf Lincoln, lf Skeels, c Ritcher, se Barlow, rg Marquis, lg Kennedy Substitutions: Dr. Arnolds: Smith for Skrews, Ayers for Ritcher, Smith for Griffen; C. A. C.; Murphy for Case, Hopkins for Murphy, Brown for Kennedy, Murphy for Brown, Healey for Murphy.

Nearly six hundred foreign students are enrolled at the University of California. Among the six hundred representatives are students of nearly every country in the world. There is no race that has not sent at least one of its number to the University of California.

SUFFIELD PREP BOWS TO AGGIES FROSH 32-27

Connecticutraphed to Win From Rhone Island at Kingston

Last Saturday night the Freshman five journeyed to Suffield and played a return game with Suffield Prep. The game was fast and closely contested throughout, resulting in a 32-27 victory for the first year men. At half time, the Connecticut yearlings held the lead 14-9. In the second half Suffield spurred and evened the count at 19 all. From this point on, the Freshmen forged ahead and had a five point lead at the final whistle.

Captain White's shooting and Dally's guarding fueled the Freshmen while Capulo's all around work was outstanding for Suffield.

FRESHMEN MEET RHODY TOMORROW

The Yearling five plays the fast Rhode Island State freshmen Saturday at Kingston, R. I. One of the fastest games of the season is predict- ed, for both teams are about evenly matched according to reports. The lineup for the Rhode Island team probably will be: Captain Epstein at right forward, Trumbull at left forward, and Mageun at center. Hus- wits and Flemming will cover guard positions.

The Rhody team has a good record to date and has formulated a passing game of high standard.

Owing to the recent reorganisation of the Connecticut team Coach Alex- ander has announced the probable lineup for Saturday's game: Captain White, right forward; Anderson left forward; Callihon, center; Dall and Tarling, guards.

The "chess craze" is a new fad which has made itself evident in some of the fraternity rooms in Koons Hall. Students have been known to neglect even pool and cards for this fascinating game. The latest dance steps are more eagerly discussed than the newest movement of the rock and the queen's mate is considered the best of them all. Victims of the chess bug are continually raging about their queens who have been seized by a bishop in a castle and of the king's sight who has pawned his horse.

VERMONT DOWNED BY CONNECTICUT

SCORE 47-41

Aggies Take Exciting Game From Northerners In Overtime Contest

Playing one of the fastest games seen here in years, the Conn. Aggie quintet defeated Vermont University in basketball in a 47-41 score, but only after an extra five minute period had been played. With the lead alter- nating between the contesting fives, the final outcome of the game was in doubt until the referee's whistle de- clared the game over.

After the contest was over, Coach Dole described it as one of the fastest basketball games an Aggie five had participated in since he came to Storr's in 1923.

It was an uphill battle for Connecticut in the first half, as Vermont swung into an early lead, and outplayed the Aggie combination in the first minutes of the fray. Past, the Vermont left forward, received the tapoff and made good the basket. Captain Makofski then shot a foul. In the next play, Prentice, the Vermont right forward, caged a pretty basket from mid-court. Allard, the Connecticut left guard, intercepted a Vermont pass and dribbled down the floor to the basket. Schofield then shot and tied the score. Marvin then connected for two points. In a clever play from the tap-off, Prentice found the hoop for two more points with the Aggies leading. With four and a half minutes to play, the Aggies were forced to call time out. In the next play, Schofield caged a pretty one. Price then made good two fouls, as did Schofield for the Aggies. Eddy then got a basket, tying the score at 15. The Aggies went ahead after eleven and a half minutes of play the Aggies took the lead on Eddy's basket, the score reading 19-14. Connecticut increased the lead when Makofski made a good shot, Prentice then shot a foul. Williams star of last year's freshman team, in- creased the Aggie score by two points, Vermont came back into scoring when Marvin caged one from the side court, but to have Makofski increase Con- necticut's lead with two more points Post then shot a foul for Vermont. Eddy then made good a free throw for Connecticut. Prentice then added two more points to Vermont's score with Price aiding with a free throw. The flashy Connecticut forward, connected for two baskets, put- ting Connecticut in the lead at the end of the half by a score of 25-18.

With the opening of the second half, the game got under way with a furious pace and Connecticut's defense worked smoothly until the second half 31-25 in their favor. Vermont rallied with an exhibition of fast and clever basketball, but, however, and retarded the game, and then tied the score finally forged ahead. Ten minutes of the last half had been played when a basket by Prentice, Vermont, sent his team into a 32-31 lead. The Aggies then called time out.

Play was in order even more after this, Vermont trying to keep its lead, and the Aggies fighting desperately to come from behind. Price then made a basket, Vermont, but also a foul shot.

Trying to take advantage of this lead, Vermont started to stall as the game approached its closing minutes. The Depressed look of Vermont possibly a proved disasters for Vermont, how- ever, as Eddy intercepted a pass in the back court, dribbled in and set up a basket which put Vermont into the lead with the score 36-37. Eddy dupli- cated the same thing on the next play and sent Connecticut into a 37-36 lead. Vermont came back, however, when the Aggies tried to stall, Post intercepted an Aggie pass to cap- ture another basket and put his team in the lead again.

Eddy seemed to be the man of the day. He added one to the other basket, and once more the Aggies led, this time 39-38. But with 10 seconds left to play, Schofield fouled Price while he was shooting the basket. This gave him two free throws and Schofield left the game with four personal fouls. It was an exciting moment when Price took his place at the foul line, and although the Ar- mor was packed with exciting root- ers, still remained as he made ready to shoot. He made good his first try, and the score was tied 38-all. His next shot missed by a fraction of an inch and time was called, ending the regular playing period.

In the overtime of the opening peri- od, Connecticut came into her own immediately and put the game on ice. Baskets in succession by Makofski, Allard, and Eddy, two fouls by Makofski and Eddy increased the Aggie total to 47, while Price made a basket for Vermont, thus end- ing the game with a score 47-41 in fa- vor of Connecticut.

FORESTRY CLUB IS
NEW ORGANIZATION

Brooks Elected President—Club to Build Cabin and Plan Outings

About thirty students interested in forestry met with Messrs. Moss and Dottel of the faculty at a smoker the other day. This club is active in forestry a chance to become better acquainted with each other, and to provide a suitable outlet in headquarters where the members will be able to meet.

Permission has been received to build a cabin on a tract of woodland about three miles from the campus. There is much state forest land within a radius of ten miles of the college. It is hoped that the club will be able to have a cabin in each one of these forests with a woodland trail connecting them. This will give the members a chance to spend weekends in the woods, and will make it possible to form a college outing club. Arthur Brooks ’28 was elected president of the club.

COLLEGE MALE QUARTET REORGANIZED

The membership of the College Male Quartet has been changed and now includes the following men: Herman Gunder ’27, Harold Kallstrom ’28, Willis H. Pratt ’29, and Charles Anderson ’29. They are practicing a number of songs at present and rehearsals are being held every Monday night. The Quartet has been a great help during the Campus Campaign and has rendered entertainment whenever needed.

THE CONNECTICUT CAMPUS
AN OPPORTUNITY

Because it wishes to be a true reflection of undergraduate thought and opinion, The Campus this week is urging a more general use of the "Safety Valve" column on the part of the student body. Studying our files for the current college year we find a total of six "Safety Valve" articles and this from a student body of almost five hundred!

Does this mean that Connecticut's undergraduates lack ideas and opinions on the problems we are facing daily here at Storrs? No, decidedly not; one needs only to observe and listen to the groups of students that may be seen about the campus to dispel that belief. Matters affecting the welfare of the student body and the college, from the "overhead" to the rank-and-file system, all receive no small amount of comment in those informal gatherings.

Many excellent ideas and opinions are advanced, many of which are worthy of consideration as we try to solve the problems confronting us. Such ideas and opinions should have a more general presentation to the student body, and for this reason The Campus wants the "Safety Valve" used more.

Among other topics, The Campus would like particularly to obtain student opinion on the present ranking system, on compulsory military courses, on the "overhead," on the freshman dormitory, on fraternity rushing rules, and on the accounting of accounts of student activities. For students who have constructive criticism on these, or other matters affecting the college, The Campus will gladly give the space necessary to expand such criticism.

A GOOD EXAMPLE

The report of the Mid-Year Formal Committee, of which Mr. Arthur L. Lorenzen is chairman, will be found in this issue of The Campus. In submitting their report for publication, the committee is setting a precedent that might well be followed by the committees in charge of similar events in the future. As has already been mentioned in this column, the lack of satisfactory financial reports covering various activities has undermined student confidence in those activities. This creates an unfortunate situation, not only for the activity in question and those in charge, but for the college and entire student body as well.

To remedy the situation, our various business managers and committee members should be prepared to submit complete financial reports that will satisfy the curiosity of the students as to how their money was expended. Mr. Lorenzen, as chairman of the Mid-Year Formal Committee, is to be congratulated for his willingness to publish the report of his committee. And as previously announced, The Campus will gladly give the space necessary for similar reports in the future. In all probability, the majority of our business managers will welcome the opportunity to place their reports before those whom they are serving; as for the others, the student body can draw their own conclusions.

A GREAT TEAM

Congratulations are due Captain Makoffi and his team for their ex ample achievement in turning both Vermont and Massachusetts Aggies in the short space of four days. This feat, coming after the recent clerical help from Maine and New Hampshire that were defeated, stamps this year's five as one of the greatest in the history of the court game at Storrs. The victory over Massachusetts Aggies is particularly gratifying to Connecticut followers, many of whom feel that a game at Manchester more than removed the sting of the defeat sustained at Amherst last year. Only three more games remain on the varsity schedule, two with Rhode Island and one with Trinity. A repetition of form displayed in the Vermont and Massachusetts games is all that is needed to add three more games to the total of Aggie victories.

May the good work continue!

STUNG AGAIN!

Yes, and speaking of the Interfraternity Smoker, that just describes it! This is not an attempt to discredit the committee in charge; they arranged the best program possible with the limited amount of time and money available. But aside from the entertainment provided by volunteers from the students present, the affair was an entertainment in name only. Certifiers, the professionals from Hartford were flat failures. All they gave was a third rate "amateur night" performance, for which they received professional rates.

By this time the Mediator should realize that it is a waste of money to hire outside talent, if it can be termed such, for an Interfraternity Smoker. The smokers of 1925 and 1926 are ample proof of this assertion. If the Interfraternity Smoker is a necessity, and that is debatable, then by all means have a program that will utilize the talent in the student body. The preliminary program which was given by students while the "feature artists" were coming from Hartford, merely eclipsed the main act. It was proof enough that future programs for these affairs should include Connecticut students and that it is unwise to spend money and import professionals after all, seventy-five cents is too much to pay for a dish of ice cream and a couple of wafers!
HERE AND THERE

The Harvard Student Council wants professional head waiters at Gore Hall, one of the freshman dormitories, discharged, and their place taken by upperclassmen, whose presence it believes would relieve friction. Under graduates are being used as waiters for the first time in an experiment made to help needy students, that was to be extended to the other freshman dormitories if successful.

The Vassar self-governing Student Association decided by a large majority to permit their students to smoke. The right to two indoor smoking places has been extended to all students wishing to smoke.

The Geology Department of Princeton University will give what is believed to be the first university course ever offered on wheels, next summer. A party of twenty-two professors and undergraduates will travel about 10,000 miles in a Pullman car, making a study of the Geology and natural resources of the United States.

At Boston College, "The Heights," student newspaper, publishes an honor roll weekly. Men so distinguished by the paper receive a diploma stating that they have shown exceptional ability in extra-curriculum activities other than on the field of sports.

The Tufts College student council has voted to have the students rate members of the faculty on the following points: Knowledge of the subject, ability to teach the subject, general intelligence, and personal force and personality.

Through arrangement with the English department, work done for the "Tech News," undergraduate publication of the Worcester Institute of Technology, will receive credit the same as any English course.

The "Granite," yearbook of New Hampshire University, will be out by the first of April.

A turtle found on the football field, during practice at Lehigh University last fall, was adopted as the team mascot. It was named "Knock-em," and each game scored was carved on its back during the season.

An organization has been formed at Northwestern University to study the forces on the campus which change the personality of a man during his college career.

The Charleston dance craze caved in the floor at the gymnasium of the Georgia State College for Women. Nearly 500 girls were prancing furiously in attempts to learn the new step when the floor collapsed with a loud crash.

Columbia students, according to Professor Moore of Dartmouth, who has made a nation-wide survey of student views, are the most radical in the United States.

from the foul line. Partenheimer also helped the M. A. C. five in their effort to attain their mythical championship of New England by scoring three field goals and two foul goals.

The Bay Staters scored first when Griffin dropped a foul shot. Connecticut went ahead when Captain Makofski scored a field goal from the side of the court. Partenheimer then tied the score, but soon after Schoefield made an overhand shot. Allard followed with a point from the free throw line.

Smiley dropped the ball through the net from the center of the court. Schoefield scored from the fifteen foot line. Partenheimer scored from underneath the basket and Smiley tied the score with a free throw making the score seven all. The Bay Staters went ahead when Partenheimer and Griffin scored from the field. Connecticut called for time and immediately after the two minute rest Schoefield dropped a field goal, Eddy scored from the field, while Temple, Partenheimer and Griffin scored from the field in the last five minutes. The score at half time was 20-14 in favor of M. A. C.

The second half opened with Jones fouling Schoefield. At this time Jones had to leave the game as he had fouled two persons, and Murdoch took his place. Schoefield scored twice from the foul line and Allard scored from the field. Allard was fouled and he made his shot good. Captain Makofski dropped the ball through the basket putting Connecticut ahead.

The M. A. C. five called for time out and directly after play was resumed Smiley and the Bay Staters in the lead by scoring two pretty shots from the center of the field. Allard scored from the foul line and Schoefield dribbled the length of the floor tying the score with one of his far famed over hand shots. Smiley and Allard both made good their foul shots. Bitgood scored from the foul line. Schoefield missed his foul shot but Eddy tapped it in for two points. The game ended as Thomas made good a foul shot.

Lectures given every Wednesday evening

About 140 students and members of the community about the college attended the two lectures of the Public Health courses which have thus far been given. Dr. Millard K. Knowlton, Director of the Bureau of Preventable Diseases, gave the first talk on Wednesday, Feb. 17. His subject was the Relation of Disease to Mankind. Dr. Stanley H. Osborn, State Commissioner of Health, spoke last Wednesday on Your Health and Mine. The following speakers will address the people who are continuing with the public health courses:

Dr. Millard K. Knowlton, Dr. Stanley H. Osborn, Dr. Daniel E. Shea, Dr. Mary G. Haskins, Dr. Mendell, Dr. A. Elisabeth Ingrahm, Dr. Greenberg, Mr. Warren J. Scott, Professor Hicock of Yale University, Mr. William C. Wellin, and Dr. Win. Sow. The list of subjects will include nearly every phase of health hygiene, and many problems of everyday life will be discussed in these talks.

COLLIN MADE WIRE
EDITOR OF JOURNAL

Former Managing Editor of The Campus Making Good In Newspapers Game.

Ell Ives Collins, ex-'25, has been made telegraph editor of the Jersey Journal, Jersey City, New Jersey, in the absence of Arthur D. Mackie, regular editor of the campus journal. The Journal employs 74 men and women on its staff. Collins resigned as managing editor of The Campus and relinquished other student activities in February, 1924, to start newspaper work in Stamford, Connecticut. In addition to his work on the Journal, Collins is employed by the Associated Press, covering all day news out of Jersey City and Hudson County. He declined an offer recently to become editor of the Nyack, New York, Daily News, a position for which he was recommended by United States Senator Royal S. Copeland, a former editor of The Campus. The former Aggie man has worked for the Journal since last June, when he left the Meriden Record.

In a letter recently received by a member of The Campus Board, Collins gives the following description of newspaper work:

"You will get a lot of punch and in some ways and some times a lot of satisfaction out of it, but unless you are the long shot that rides home under wraps, you will never gain more financially in the newspaper business than a truck driver or a longshoreman. "You will age prematurely; you will rub elbows with those whom the world considers big-timers, but whom you know are not; you will go broke each Sunday and exist until the next Friday; and like as not when you begin to slip you will be shoved off the sheet. But, and here's the big kick in it, you will, if you are a born newspaper man and a good one, get the real stuff out of life as you go along."

ENGINEERING TRIP TO COME MARCH 15

(Continued from Page One)

Inspect the engine rooms of the S. S. Acquitania which will be in dock at New York on that day.

The trip is arranged in conjunction with courses M. E. 3 and M. E. 19 and M. E. 20. Students with good standing in the first two courses are allowed to go and those taking the latter are required to go. One full credit will be allowed for the trip.

Anyone outside the Engineering course who desires to go on the trip may get full information from Mr. Dreessen who has made arrangements and is in charge of the trip.

FRATERNITIES HOLD ANNUAL SMOKER

(Continued from page one)

and their songs and stories especially delighted the audience. The program was concluded by a three-round boxing exhibition put on by Bezone and Slivers, the famous panto-mime actors.

Before the main part of the program was put on, several of the fraternity men gave some short sketches of their own making in a truly artistic manner. Music by the college orchestra and refreshments helped to make the evening a success.

Storrs 10 Years Ago

An epidemic of scarlet fever caused classes to be suspended for a short period. All the dormitories and class rooms were thoroughly disinfected and fumigated during the absence of the students.

After a lay-off of four weeks, C. A. C.'s basketball team came back strong and trounced their old rivals, Rhode Island State, to the tune of 39-11.

The Connecticut Campus and Lookout increased the size of their issue from four to six pages. The paper was a semi-monthly publication.

Due to the fact that only $300.00 was allowed by the Advisory Board for arranging the baseball schedule, several games with excellent teams had to be refused.

The college financial report showed that the Book Store service had cost the college a large sum during the year.

The installation dinner of the Upsilon Chapter of Phi Epilon Pi was held in Hartford. Phi Epilon Pi is a non-sectarian organization founded in 1902 at the City College of New York for the purpose of bringing the New York City Colleges closer together. It announced as its purpose to take "men of character regardless of creed."

Equal rights for men is the subject of much discussion among the students at the University of California. The following article appeared in the "New York Times" a short while ago in connection with this argument on equal rights.

Berkeley, Cal., Jan. 30.—The principle of equal rights for men has been established at the University of California. Professor Ira B. Cross recently expressed annoyance at the time taken from studies by feminine students powdering their noses and freshening their countenances. He said boys had an equal privilege and rights if they desired them.

Two men appeared yesterday with shaving equipment and when Professor Cross started his lecture they lathered and shaved. Professor Cross led the applause, saying that if they would make their names known to him—he was unable to recognize them under the lather—he would see that they received a grade of "A" for the term.
