DEBATING TEAM MEETS R. I. TONIGHT

First Forensic Contest of Year to Be Held at Kingston.—Connecticut to Uphold Affirmative Side of Coal Mine Question.

Resolved: That the Government should own and operate the coal mines of the country, It is the subject of the debate with the Debating Club of the Rhode Island State College at Kingston tonight. A team composed of J. F. Gallant '27, W. D. Gifford '26, E. R. Collins '28 and E. B. Caldecott '29, will represent the Debating Club of the Connecticut Agricultural College.

The C. A. C. team, under the coaching of Dr. Denlinger, has spent considerable time in preparing for the debate. The Connecticut team will uphold the affirmative side of the question.

This is the first inter-collegiate debate of the season, the one that was to have been held with Springfield College having been canceled by them.

Two more debates are on the C. A. C. debating club schedule this year one with Trinity and one with Clark.

DRAMATIC CLUB IS REORGANIZED

State College Players Supplant Older Organization.—Membership To Be Limited.

Sensing the need of a more compact and efficient dramatic organization at the college, the members of the Dramatic Club recently voted to reorganize under the name of the State College Players. The name is not a new one, since under it, a few members of the Dramatic Club have staged several plays throughout the state in the past four years, and in doing so have built up a creditable reputation.

It has long been felt that the Dramatic Club was too loosely knit, and that it carried too many figures of students who were simply content to sit back and let someone else do the work. Entrance requirements were exceptionally easy, and the membership was unlimited. However, the requirements for admission to the State College Players do away with all this. Only persons who have taken part in productions of 150 lines in three respective plays may be admitted. In this way members will be trained in the organization automatically through a certain amount of work done. The plan which is similar to that of dramatic clubs in other schools, should add to the membership to those who manifest some dramatic talent and an active interest in the movement.

At the present time are only twelve persons who qualify for membership in the State College Players. Four more will possess the necessary qualifications after the presentation of the

C. A. C. TO CONDUCT TOURNAMENT

High Schools in C and D Class Here 12 and 13.—Final Round To Be Played March 19.

The Connecticut Interscholastic Athletic Conference has designated Storrs to conduct the Class C and D basketball tournament, the preliminary games of which are scheduled for March 12 and 13. The officials have ruled that the final round will be postponed until March 19. On this date the two teams remaining undefeated after the preliminary rounds will return to Storrs for the state championship of Class C and D teams. This rest of a week is calculated to allow the players to return to better condition and thus meet on more even terms. Although there are twenty-six high schools belonging to the Conference, it has been found impossible to accommodate more than eight teams. These will be chosen according to the percentage of games won this present season.

The Athletic Council has set aside in its budget a sufficient sum to pay all local expenses of the teams.

The purpose of holding the tournament is to promote good sportsmanship among the high schools of the state and incidentally to advertise the college. The teams that are to compete will be selected from the following high school members of the Conference: Class C: Terryville, Shelton, Lewis High of Southington, Hamilton High of Ridgefield, Leavenworth High of Waterbury, Windsor, Milford, Storrs, New Milford, Plainfield, Thomas Wethersfield, Bethel, Seymour, Branford, Portland and Putnam Class D: Torrington, North, Staples High of Westport, Woodbury, Litchfield, Bloomfield, Hand Academy and Madison.

KANE ELECTED ASSOCIATE EDITOR

Donovan Chosen Sports Editor to Succeed Allard.—Two New Additions Made To Associate News Board.

Edward K. Kane has been chosen to fill the position of Sports Editor. Other recent appointments include the election of Eli Lifshitz '28, and Samuel Susselman '29, to the Associate News Board.

Kane succeeds to the position left vacant when Moreland was chosen editor of the paper. He has been active on the Campus for the past two years, and last fall was elected a news editor. Donovan has been a member of the Campus Board for three years and last year was elected a news editor of the paper. He succeeds to the position left vacant by resignation of Gerald Allard. Lifshitz and Susselman became connected with the Campus last fall as reporters, and have in a relatively short time fulfilled the qualifications as members of the Associate News Board.

COMMUNITY CHURCH FUND INCREASING

The Congregational Church Building Society of New York have recently contributed $5,000 to the Community house fund. This donation is the second appropriation of the same amount made within the last two weeks. Since the first of January the coffers of the new church and community house have been increased by $25,000, and the goal for the total sum is gradually being reached.

Work on the Community House is progressing rapidly. Two of the three required coats of plaster have already been added to the walls of the house. When the last coat of plaster will have dried, the woodwork and finishing touches will take up most of the time of the builders.

SUMMER CAMP FOR O. R. C. AT STORRS

Seventy-Sixth Division to Hold Two Sessions at College in June and July.

The Seventy-sixth Division Officers' Reserve Corps will hold two summer camp sessions at Storrs next summer. The first camp will be from June 13 to June 28 and the second camp will be from July 4 to July 18. Each of these camps will be attended by forty Reserve Officers who are attached to this division. The camps are under the supervision of Lieutenant-Colonel John Randolph, who is stationed at New Haven as an instructor for the 76th Division.

Several of the cadet officers have been assigned to the first camp. Among these are John Kubel, Lyman Hitchcock, Reginald Putnam, Gerald Allard, Ernest Speers, Leland Ewans, Arnold Griffin, and Wright D. Gifford. These students will be commissioned June 12, 1926, and will be attached to this division for camp duty. The 76th Division O. R. C. includes all the reserve officers in Connecticut and part of Rhode Island, who are in the 304th, 385th, 417th, and 418th Infantry.

The establishment of the camp at Storrs was due to the efforts of Colonel Alvin S. Perkins, the Adjutant of the Division.

DEMONSTRATION IN ARMORY TONIGHT

The telephone will be the subject of a program to be presented tonight at 8:00 o'clock in Hawley Armory by the Southern New England Telephone Co. The object of the program, which is in the nature of a demonstration, is to acquaint the public with the workings of the telephone, the problems of the operators, and the faults of the users themselves, in order to encourage cooperation and consideration from the subscribing public.

The equipment and personnel used in the demonstration includes telephones, switchboards, operators, and various characters representing users of telephone service. This program which is of about one and one-half hours' duration, is given under the auspices of the Social Committee.

FACULTY-Student Tea To Be Held March 28

The annual Faculty-Student Tea will be held in Hawley Armory March 28 at 3:30. This event promises to be one of the best informal social gatherings given during the current school year.

The committee in charge of the affair have arranged a delightful program. Light refreshments will be served during the entertainment.
TRINITY SWAMPED BY CONNECTICUT

Outscore Hartford Team 51 to 24—AGGIE Game Throughout.—Lineup Shifted.

Trinity's hope for victory in their final game of the season with Connecticut at Hartford last Wednesday night received a terrible jolt, when playing in top form the Aggies completely swamped the Blue and Gold by a 51 to 24 score.

Perhaps it was memory of the close and hard fought Trinity game at Storrs early in the season, or perhaps it was memory of the Rhode Island game last week, but whatever it was Connecticut's five was in a fighting mood and was out to demonstrate that they could give Trinity a decisive licking.

The score shows how well the Aggie demonstration succeeded. Captain Makofski and his mates started to take the game with the first whistle and they continued to roll up the score as the game continued. At no stage of the contest did Trinity look dangerous even in the last part of the game when Coach Dole threw in his substitutes.

Bitgood, because of an injury received at Rhode Island, was unable to play against Trinity which made a few changes necessary in the Connecticut lineup. Williams jumped center and Captain Makofski went to right guard, Allard played the other guard berth, and as usual Schoefield and Edly played the front court positions.

Schoefield scored first with a field goal and then Thompson got possession of two free throws from the foul line. He threw the Trinity roosters into an uproar as he made good both throws, the score being tied. From then on, however, Trinity had little cause to get noisy Connecticut's offense got under way and laid down a barrage of shots of the Trinity basket and although many attempts rimmed the hoop and fell outside, the score read 26 to 7 in favor of the Aggies at half time.

The second half was more of less (Continued on Page Six)

FROSH FIVE MEETS YALE QUINTET

Coach Alexander has been putting his Yearlings through some stiff work outs in preparation for their game with Yale tomorrow at New Haven. According to newspaper reports, Yale has a fast team this year and the Frosh will have to exert themselves to the utmost to register a victory.

This is the second year that the Yearlings have met Yale. Last year they were defeated in a fast and close game.

The lineup will be as follows: White and Anderson, forwards; Ellovitch, center; and Tarling, Dall or Schild gren, guards.

In order to stimulate an interest in swimming as a sport at Connecticut, the Physical Education department has arranged to have an instructor in the pool every afternoon and evening from 3:30 to 3:45 and from 7:00 to 8:30. The pool is open during these hours on Monday, Wednesday, and Friday for women, and on Tuesday and Thursday for men. Interclass meets will be arranged and if there is any promising material, an attempt will be made to schedule meets with other colleges.

Rifle team wins from Rhode Island

Connecticut Sharpshooters Take Shoulder to Shoulder Match From Engineers.

The Connecticut Aggie Rifle Team emerged victorious over the Rhode Island State sharpshooters in a keenly contested match at Kingston last Saturday. The Aggie riflemen gained an advantage of 34 points over the Rhode Island team at the end of the match, scoring 1730 points to 1696 of their opponents.

The match was fired from four positions; prone, sitting, kneeling, and standing. At the end of the prone and sitting positions the score was tied at 918 points each. From the kneeling position the Connecticut men showed their superiority by winning this stage of the event by 48 points. Rhode Island staged a comeback from the standing position by getting 14 points more than Connecticut, but this was not sufficient to overcome the Aggie lead, which was registered from the kneeling position. In previous matches this year it has been the Aggies' kneeling that has brought them out victorious.

Lynch was high man for Connecticut with 360 points. Hitchcock and Watson were close seconds with 357 and 356 points respectively.

For Rhode Island E. K. Johnson shot well, getting 357 points.

RYHODE HERE TOMORROW NIGHT

CONNECTICUT LOSES TO RHODE ISLAND

SCORE 33-27

Winning Streak of Seven Successive Games Broken by Rhody in Rough Game.

Rhode Island State stopped the Connecticut Aggie basketball team's winning streak of seven straight games last Saturday at Kingston, R. I., when they defeated the Aggies by the score of 33-27. The usually fast offensive aggies were outplayed by the Connecticut Aggie quintet that lacked and Rhode Island held the upper hand throughout the forty minutes of play.

The game turned out to be a rough battle between the two teams, due to the laxity of the referee and umpire. Rhode Island completely outplayed the Connecticut five in the first half having a 23-9 advantage at intermission. One of the engineer's guards Mulcahey, was put out of the game in the first half having four personal fouls recorded against him. The work of Haire and Bosworth of the Rhode Island team was outstanding in the first half and it was due to their accurate shooting that the Kingston team had such a big advantage at half time.

In the second half Connecticut came back and outplayed the engineers, showing some of their customary fast offensive work. Field goals by Schoefield, Makofski and Allard bought the Aggies score up to the points of their opponents but they could not take the lead. The thirteen point advantage that Rhode Island held at intermission was too great to overcome and the Engineers were in the van by the score of 33-27 at the final whistle. Captain Makofski was the leading scorer for the Aggies Schoefield and Allard were close seconds in the scoring column.

RIFLE TEAM EXTENDS WINNING STREAK

The College Rifle Team made a good showing in the matches shot during the week of February 27, winning from the University of Missouri and the University of Illinois will be met. Two of the most important matches of the year will be held during the week ending March 20 and March 27. These are the Hearst Trophy match and the First Corps Area match. Competing in the latter will be teams representing all New England colleges.

During that week will be worn with the uniform. The new style

ARMY UNIFORMS MODIFIED

The new change in the officers' blouses of the United States Army has done away with the high "chocker" collar, and will require ties to be worn with the uniform. The new style is somewhat similar to that used by the English, but was developed by American tailors. The officers of the cadet battalion will for the remainder of the year continue to wear their present blouses, but next September the blouses will conform to the new regulation.

The Connecticut State score of 375. These are the Hearst Trophy match

When silvery moonlight falls on town and field—and the long, joyous tour home is ready to begin—have a Camel!

Camels contain the very choicest tobaccos grown in all the world. Camels are blended by the world's most expert blenders. Nothing is too good for Camels. In the making of this one brand we concentrate the tobacco knowledge and skill of the largest organization of tobacco experts in the world. No other cigarette made is like Camels. They are the overwhelming choice of experienced smokers.

© 1926

WHEN moonlight washes woodland and hills with platinum light. And the tour home is ready to begin—have a Camel!

For Camel makes every smooth tour smoother, adds of its own contentment to every delightful journey. Camels never tire your taste or leave a cigaretty after-taste. Pay what you will, you'll never get choicer tobaccos than those in Camels.

So this night as the forest-topped hills race by in moonlit procession, As the magic road curves through the colonnades of birches—have then the finest made, regardless of price.

Have a Camel!

OUR HIGHEST wish, if you do not yet know Camel quality, is that you try and compare Camels with any cigarette made at any price.

The ATS of the Mediator. They know how to work under them. In other words, it was apparent that the rules did not meet the favor of the men now in college who have had to work under them. In fact, some claimed it was almost impossible to enforce them. Judging from the results, one would be forced to agree with them.

Now that fraternity rushing is over for the present, the year’s work can begin. At last it will be the beginning for some. Yes, the emphasis on fraternities is altogether too strong for the good of the college.

Window breaking at Storrs is going to be a rather expensive pastime from now on. For those who didn’t do it, study the new rules now in effect for those who like to hear the tinkling of falling glass.

Our freshmen learn fast. They too, held an "Inter-fraternity Smoker," and although supposedly “green,” were not gogged to the extent of fifty-five dollars for their entertainment. And so far as “smoke” was concerned, the yearlings were by a wide margin!

The “Community Sing” at President’s Hour was great stuff. Let’s have more of it.

FRAUDS FOR THEIR ENTERTAINMENT

A REQUEST REPEATED

Once more the request is made for a more general use of the “Safety Valve” column on the part of the undergraduates. Last week, the first request was made and the three articles printed in this issue are the only contributions received. The Campus wants more than three contributions a week, it says from a student body of almost five hundred. With more articles coming in, only two or three columns could be used weekly under the heading of "The Student Forum." Such a department would be a real digest of student opinion, and it should prove valuable for the interchange of ideas.

SPORSMANSHIP

A few followers of the Aggie five who went to Kingston last Saturday believe the Rhode Island roosters displayed poor sportsmanship in their treatment of the Connecticut team. Some even went so far as to say that when Rhode Island plays here tomorrow night.

RESULT:

Radio listeners said that announcements were given in such a clear and interesting manner that they felt as though they were present at the basket ball contest.

RADIO FANS ENJOY AGGIE GAMES

Basket ball games broadcast from WCAI, the college broadcasting station, are very popular judging from the number of letters received from radio fans.

R. I. CO-EDS WIN FROM CONN. GIRLS

The Rhode Island team defeated their Hard fought contest Saturday, February 27th.

There is hope to hear Rhode Island State game tomorrow.

Dr. Poole to Address Assembly March 17

Dr. Frederick Poole of Philadelphia, a prominent lecturer, will speak before the assembly on March 17. The subject of his address will be "March of the Yellow Millions." Dr. Poole is a noted authority on this subject and will demonstrate his lecture by the use of costumes. This topic is of interest to all students a large attendance is expected.
The World’s Loudest Voice

On the rolling plains of South Schenectady, in several scattered buildings, is a vast laboratory for studying radio broadcasting problems. Gathered here are many kinds and sizes of transmitters, from the short-wave and low-power sets to the giant super-power unit with a 50- to 250-kilowatt voice.

Super-power and simultaneous broadcasting on several wave lengths from the same station are among the startling later-day developments in radio. And even with hundreds of broadcasting stations daily on the air throughout the land, these latest developments stand for still better service to millions of listeners.

Only five years old, yet radio broadcasting has developed from a laboratory experiment into a mighty industry. And alert, keen young men have reaped the rewards.

But history repeats itself. Other electrical developments will continue to appear. And it will be the college man, with broad vision and trained mind, who will be ready to serve and succeed.
by Connecticut

(Continued from page one)

a repetition of the first, with Connecticut outplaying their Hartford opponents in every department of the game. The Aggie five pierced the Trinity defense time and again connecting for field baskets with monotonous regularity. Trinity showed to the men's dormitories.

WINDOW PRICE LIST

President Beach has approved the following increase in prices of window price list:

- 10 x 14, $1.00
- 12 x 18, 1.50
- 17 x 32, 3.00
- 12 x 14, 1.20
- 12 x 20, 1.75
- 28 x 32, 6.40
- 5 x 36, 1.10

Charges against individuals will be made according to inspection reports submitted by Sergeant Zimmerman. Breakage that cannot be traced to individuals will be entered on a general breakage account, and an assessment made against each occupant of the men's dormitories.

HERE AND THERE

A poll of two thousand Harvard undergraduates shows 898 in favor of a repeal of the 18th amendment, 522 in favor of retaining it, and 480 in favor of light wines and beer.

Marty Silverman who defeated John Coolidge in a boxing bout at Amherst received an offer of $5,000 from the Pioneer Athletic club of New York, to box three bouts at that club. No date has been set for the bouts. Silverman has not yet accepted the offer.

The class of 1930 at Princeton will be limited to 600. This number it is felt will afford each individual the maximum educational advantages of the University.

A professor of psychology at Denver University states that nine out of ten women go to college to find a husband. He does not say how many men go to college to find a wife.

Amherst College has a larger percentage of its graduates in “Who's Who” than any other college.

Dr. Howard Edwards, president of Rhode Island State college, holds that intelligence tests are a “delusion” and do not permit an accurate measurement of ability.

The forward pass and point after touchdown, will be reconsidered when the football rules committee meets in New York March 19 and 20. Opponents of the open game urged legislation to curtail passing and place a greater premium on the fundamental basis of the game, kicking.

In spite of this opposition it is unlikely that the rulemakers will place any pronounced restriction on the use of the aerial game although the extra point may be abolished. Opponents of the extra point point to the forty-six intercollegiate games last fall that were lost by one point. They claim that the margin of difference is not enough to defeat a team. Proponents of this measure however, claim that the extra point eliminates many unsatisfactory tie games.

Four games were played in the inter-class league during the past week. The Sophomores strengthened their hold on first place by defeating the Freshmen in a close game. The Seniors were defeated by the Juniors, but in a second game the Seniors defeated the School of Ag. five. The Juniors by winning from the Seniors, went into second place tie with the Sophomores. The Freshmen and School of Ag. remain in the same places as they held last week.

In the Junior-Senior game, the class of 1927 outplayed the Seniors in the first half, leading 11 to 4. In the second half the Seniors came back strong and outscored the Juniors, but the early lead was too much, and at the final whistle the Juniors were leading by four points.

The Sophomores defeated the Freshmen in a fast game, 19 to 17. Play during the first half was slow and at half time the Sophomores were leading 7 to 6. Kennedy, center for the Sophomores, was high scorer of the evening, making five field and two foul goals for a total of twelve points, 20. The Freshmen and Seniors defeated the School of Ag. easily, the scores being 17 to 5 and 16 to 6 respectively.

ATHLETIC NIGHT

Plans have been formulated by the Athletic Association for an "Athletic Night." This event is to take place at the regular evening meal on Friday, March 19. The purpose of this feature night is to award certificates to varsity men who have won letters in major sports. All students will be invited to attend.

An interesting program for the evening has been arranged by the committee in charge. It will consist of a light banquet and short speeches by President Beach, who will act as toastmaster, and Dr. Denlinger. Music will be furnished by the college orchestra.

COLLEGE QUARTET

The College Male Quartet rendered a selection at the vesper services Sunday afternoon at Storrs Church entitled, "In Heavenly Love Aiding," by Spilniter.

The next appearance of the Quartet will be on March 19th, when several selections will be rendered at the Varsity basket ball banquet. An interesting program is being arranged for the occasion.

The men composing the Quartet are Herman Gauger '27, tenor; Charles J. Anderson '29, tenor; Harold Kallstrom '28, bass; and Willis H. Pratt '29, bass. They are being coached by Mrs. M. E. Alling.

AG. CLUB HEARS
DR. SINNOTT

At a meeting of the Ag. Club last night in Main 7, Dr. Sinnott gave his illustrated lecture on New Zealand and Australia.

Dr. Sinnott visited these sections of the globe in an expedition from Harvard University in 1911-12, and made a large collection of photographs. His talk included descriptions of the plants studied and discovered, as well as accounts of adventures and personal experiences.

SAFETY VALVE

To the Editor of The Campus:

There is considerable question among the students as to why the use of the swimming pool should be restricted to so narrow a limit of time. Too often those wishing to enjoy the benefits of a swim find the doors locked and the holder of the keys impossible to be found. Would it not be possible to have the pool open at least all day, with certain days for women, and to provide instruction during regular hours for those who wish it? C. A. C. has a fine, modern swimming pool. Why shouldn't the students be able to use it when they want to? Such must have been the desire of Mr. Dunham when he made his generous bequest.

From the New Student we learn of the Phi Beta Kappa's attitude toward the refusal of Floyd Simonson, University of Kansas, to accept a key.

Oscar Vorhees, secretary of the fraternity, says that the key award is not based entirely upon grades, and that few students have refused the key in recent years, and that Phi Beta Kappa "will not miss them."

Simonson refused membership in Phi Beta Kappa because he considered the prevalent system of grading "a false criterion of scholarship and a failure to appreciate the serious purpose toward intellectual achievement."

The salient parts of Secretary Vorhees' reply to the inquiry of the New Student concerning their attitude toward Simonson is as follows: "Phi Beta Kappa does not claim that grades are the final test of scholarship. It does believe, however, that men and women who are in college cannot claim to have made good use of their opportunities unless their work
