RESOLVED, That, provided the Trustees for the University concur, Mr. Clark Bailey serve as the secretary to the Coordinating Council and to the Administrative Council and that Mr. Bailey continue to be solely in the employment of the University.

5. Following Vice President Wilson's presentation of the Building Names Committee recommendations, on a motion by Mr. Nielsen, seconded by Mr. Taylor, THE BOARD VOTED to approve the following:

(1) The naming of the School of Nursing Conference Room (Room 120) in honor of Dean Emeritus Carolyn Ladd Widmer

(2) The naming of the new gallery in the Benton Museum in honor of Mrs. Edith Mosler Feder

6. Vice President Wilson reminded the Trustees of the March, 1974 Board action authorizing the division of the Departments of Anthropology into two departments for an experimental period of two years with the understanding that unless the Board took action to continue the two separate departments, the single-department organization would be restored in the 1976-77 academic year. Mr. Wilson, at this time, reported the return to a single Department of Anthropology as of July 1, 1976.

Mr. Wilson also reported that in a communication dated April 22, 1976, the President and Dean Blumberg were informed of favorable action by the Accreditation Committee of the American Bar Association. Mr. Wilson explained that the accreditation is not now in question. The administration will be making further reports to the American Bar Association on progress throughout the year but there will be no formal procedures as were, at one point, likely to have happened.
Mr. Nielsen noted that the report was saying that the Law School was alright in every one of these areas: library, library space, library books, faculty salaries and space for offices. Mr. Wilson also added -- "They like our plans. They have asked us to report specifically on the space considerations that we reported as pending. We have to report on that within the year."

7. Mr. Jacobs, reporting on the recent meeting of the Institutional Policy Committee, called attention to two items requiring action by the Board. On Mr. Jacobs' motion, seconded by Mr. Nielsen, THE BOARD VOTED to approve a Masters' Program in Dental Science and a Masters' Program in Community Health.

During the discussion of the two programs, Mr. Rich pointed out that the proposals had been discussed in some depth at the Health Affairs Committee meeting and both programs were endorsed by that Committee.

Mr. Jacobs also alerted the Trustees to the possibility of a forthcoming proposal that the Roper Public Opinion Research Center be moved to the University.

8. Mr. Rich, reporting as Chairman of the Health Affairs Committee, stated that Mrs. Weinerman, Chairperson of the Health Center Advisory Council and Mrs. Shafer, a member of the Council, were present at the Committee meeting. Mrs. Shafer acquainted the Committee with the results of a study she had compiled with regard to the cost of medical and dental education.

Ms. Micocci suggested a similar compilation of cost data for the Law School and other undergraduate and graduate education on an annual report basis. The report could be presented at a time that would best provide current cost comparisons with other institutions.

Mr. Rich also reported on the Committee's discussion of the impact of mandatory tuition and the fee increase approved earlier this year by the Board. The Committee was agreed that no further action on this matter was necessary.

The Blue Ribbon Commission hopes to finish its task at a meeting in June or no later than July. Dr. Massey has met with the staff of the Legislative Program Review Committee for the purpose of giving them an overview of the Health Center and future meetings are anticipated.
In response to Mr. Rich's request, Mr. Leming gave a detailed report on the storage trailer rental situation at the Health Center. A copy of Mr. Leming's statement is attached to the file copy of the Board minutes.

Commenting on the status of the Burgdorf Clinic, Mr. Rich stated that, at this time, the program is operating according to budget and continuing to perform the educational and clinical services as projected.

The matter of energy consumption and the measures which the administration have taken to conserve energy were discussed by the Committee. The measures include the lowering and monitoring of thermostats, reductions during peak usage periods and reduced lighting.

9. Mr. Rich, on behalf of the Health Affairs Committee, moved the approval of the affiliation agreement between the School of Dental Medicine and Saint Francis Hospital. Following the seconding of the motion by Mrs. Kronholm, THE BOARD VOTED to approve the affiliation between the University and Saint Francis Hospital.

10. Mr. Rich noted that the Capitol Area Health Consortium Board had not held a meeting since the time of Mr. Kozloski's last report to the Board.

11. Mr. Rich, reporting as Chairman of the Health Affairs-Hospital Committee, indicated that the financial statements of the Hospital reflect some difficulties arising from the fact that the Hospital is operating below the projected census. During March the Hospital experienced a loss of $181,000. The loss resulted from a low census level of 72. The average census for April was 76 and for the first twelve days in May has averaged 91. The Committee is monitoring the situation very closely and taking all steps possible to reduce expenditures while hoping to encourage an increase in census.

In accordance with the Board's suggestion last month at the time of Mr. Kozloski's report on Consortium matters, the Committee compared house staff stipends at the various Consortium hospitals with the stipends paid by the Health Center. Parity will be reached, hopefully, by 1977-78 since it is essential to maintain parity between the stipends paid by the Health Center and those paid by other Consortium hospitals.

12. Mr. Rich informed the Board that the proposed staff appointments were reviewed and approved by the Medical Board in accord with the Hospital Bylaws. Acting on Mr. Rich's motion, seconded by Mr. Jacobs, THE BOARD VOTED to approve the current list of staff appointments. A copy of the approved list is attached to the file copy of the Board minutes.
13. Mr. Rich reported that the proposed contracts and agreements were discussed and approved at the Committee meeting. On Mr. Rich's motion, seconded by Mrs. Kronholm, THE BOARD VOTED to approve the list of contracts and agreements and authorized the President, Vice Presidents and Assistant Vice Presidents to sign the necessary documents on behalf of the University. A copy of the approved list of contracts and agreements is attached to the file copy of the Board minutes.

14. Mr. Taylor, reporting as Chairman of the Budget and Finance Committee, indicated that the Tenneco Chemical agreement was withdrawn and then suggested that Items 3, 4, 10, and 11 in the list of proposed contracts be treated separately during the Board's initial considerations. On Mr. Taylor's motion, seconded by Mrs. Kronholm, THE BOARD VOTED to approve contracts 1, 2, 5, 6, 7, 8, 9, 12, 13, and 14 and authorized the President, Vice Presidents and Assistant Vice Presidents to sign the necessary documents on behalf of the University.

Dr. Massey, commenting on Items 10 and 11, East Hartford Radiology Group and Cyto Medical Laboratory, Inc. agreements, stated that he was looking into the possibility of having some of these tests done at the Health Center laboratory, however, costs may be a factor. State laboratories still do some of the tests for the Health Service, but the number of tests are limited and declining each year. Hopefully, the x-ray service may be tied into the Health Center sometime in the future. At this time, it is necessary to go to private contract for both of these services. On Mr. Taylor's motion, seconded by Mr. Nielson, THE BOARD VOTED to approve Items 10 and 11 and authorized the President, Vice Presidents and Assistant Vice Presidents to sign the necessary documents on behalf of the University.

Mr. Taylor noted that Items 3 and 4, Whitman Bar Review Course and Hartford Graduate Center, involve some philosophy considerations since they relate to the use of University-owned facilities by private enterprises. The Finance Committee had asked the administration for a policy recommendation. At this time Vice President Hartley distributed copies of the following proposed statement of policy:

**USE OF UNIVERSITY FACILITIES**

University facilities are retained for purposes which further the statutory functions of the institution. Land and buildings may be made available to outside groups for a reasonable charge, providing this will not impede regular use for institutional purposes. Such availability is on a first-come, first-serve basis.

In accordance with the General Statutes, revenues generated by such use shall be deposited in the appropriate fund.
After a lengthy discussion of the possible implications of the above policy statement, Mr. Kleban moved that Item 4, the Hartford Graduate Center agreement, be approved and that Item 3, Whitman Bar Review Course agreement, be deferred; and further, that the President be requested to come back to the Board with a further analysis of the policy statement. Mr. Nielsen seconded this motion.

Further comments regarding Item 3 stressed the possibility that someone may have acted in reliance upon the proposal being approved by the Board. It was suggested, therefore, that final determination of this matter be left to the President and that the President be authorized to act accordingly.

Mr. Kleban requested permission to amend his original motion to read that the Board approve Item 4, the Hartford Graduate Center agreement, and authorize the President, Vice Presidents and Assistant Vice President to sign the necessary documents on behalf of the University; and that the approval of Item 3, Whitman Bar Review Course agreement, be left to the discretion of the President, with the understanding that neither one of the two agreements are to be considered as establishing a precedent as far as future policy was concerned; and further, that the President be requested to report back to the Board at the earliest possible date regarding a policy statement for future matters of this nature. Mr. Nielsen, accepting the amendments, also seconded this motion. THE BOARD VOTED to approve Mr. Kleban's motion. A copy of the approved list of contracts and agreements is attached to the file copy of the Board minutes.

Mr. Taylor informed the Trustees that the Committee had continued its review of the University's patent policy but the matter was not ready for any Board action at this time.

The question of requiring tenants to pay direct utility charges in University-owned rental properties was considered further and a fee has been added on to the rates for units using air conditioning. At present it is not feasible to determine and assess other direct charges for the individual consumption of electricity and fuel. It is a long range objective that will receive further attention.

The Committee received additional information pertaining to the University's endowment portfolio from two different investment firms. The statements are being evaluated by Mr. Hartley and the Board may expect to hear more on this matter at a later date.

Mr. Taylor noted that the Trustees had received the administration's budget submission to the Board. He added that in contrast to other years the Board would have an entire month to review the administration's request.
At the Finance Committee meeting in June, the Committee will be studying this item in detail and will be coming back to the Board in June with a definitive recommendation for adoption of a budget.

Mr. Taylor spoke of the budget as a program budget that deals with costs in terms of sources of money and the utilization of money. It deals in personnel, deployment of faculty in terms of function, students in terms of enrollment, course levels, faculty contact hours, class size information and a comparison of the 1977-78 proposal with prior years. At this point, Mr. Rich pointed out that it also serves a dual purpose. Since the document reflects the actual budget allocation for 1976-77, Mr. Rich anticipated the adoption of the official budget for the coming year at the June meeting.

Vice President Hartley distributed copies of a so-called executive summary of the administration's proposed 1977-78 operating budget. He then proceeded to identify the highlights of the document; invited the Trustees to forward any questions to his attention prior to the considerations in June, and repeated Mr. Taylor's invitation to all Trustees to attend the next Finance Committee meeting.

Mr. Jacobs, reporting on the recent meeting of the Commission for Higher Education, stated that the Commission voted to approve a series of contracts with independent colleges for programs, facilities or services with a few changes made from what the Advisory Committee had authorized.

Approval was given, subject to approval by the respective boards, of the tuition schedule for next year for part-time students.

Approval was voted to license the Katherine Gibbs School to award an Associate in Applied Science degree, the first example of such an action for a proprietary institution.

The Commission considered a recommendation from its subcommittee on Coordination of Planning that planning approval be given to a proposed M.A. in Community Psychology and a proposed M.S. in Administrative Service. Eventually the two new program proposals were tabled.

On a motion by Mr. Nielsen, seconded by Mr. Jacobs, THE BOARD VOTED to accept and/or approve the list of awards and donations. A copy of the listings is attached to the file copy of the Board minutes.
On a motion by Mr. Nielsen, seconded by Mrs. Kronholm, THE BOARD VOTED to go into executive session for the purpose of considering matters concerning personnel and collective bargaining. The Chairman stated that since the matters to be considered will require staff information, the minutes should reflect that President Ferguson, Vice Presidents Adams, Hartley, Massey, and Wilson, Mr. Bailey and Mr. Friedman were in attendance. Members of the Board present at this time were: Trustees Brown, Carlson, Cunningham, Jacobs, Kleban, Kronholm, Micocci, Nielsen, Rich, Stroh, Taylor, and Wiggins. While in executive session, the Board took the following actions:

(A) On a motion by Mr. Taylor, seconded by Ms. Micocci, THE BOARD VOTED to approve for purposes of the State Auditors, a formal list of actions already taken on reassignments, appointments, salary increases, and leaves of absence without pay. The lists were authorized for signature by the Secretary of the Board of Trustees. A copy of the list is attached to the file copy of the Board minutes.

(B) In the absence of Attorney Hill, Vice President Wilson commented briefly on the status of collective bargaining.

(C) The Board agreed that the congratulations of the Board of Trustees would be conveyed to the University's baseball team for the successful season coupled with the Board's best wishes in the forthcoming tournament.
