BULLETIN HOUSE GETS STRANDED

Students Find Ancient Structure Assuimg Prehistoric Airs In Center of Swan Lake.

The old bulletin house, which is now being moved across the duck pond to its new position beside the cemetery, has been an object of much interest among the students for the past few days. Its uncertain progress has been the cause of many comments and waggers as to the probability of its ever reaching the other side of the pond safely. The ice is thawing rapidly, and, unless the work is speeded up a little, it looks as if the historic old house will furnish a fine home for the mythical ducks which are supposed to inhabit the pond. Some have suggested that, had the work been delayed until the ice was out of the way, the workmen would have experienced less difficulty in trying to float the future hen coop over the muddy water.

"MIDNIGHT" RESIGNS AS WATCHMAN

Peculiar Character Leaves Storrs For Better Position

Students on the "Hill" will be privy to learn of the departure of Simon Gladhill, night watchman at the college and popularly known as "Midnight." He has left to take a position in a neighboring town. It was with some difficulty that his real name was ascertained because of the fact that everyone knew him by his nick-name. It was a familiar sight on the "Hill" to see "Midnight" with a lantern in his hand and his faithful dog at his heels bobbing around the campus. The bowling alley in the armory was因而 named in honor of the deceased, and the die-hard group of bowlers will be sorely missed. Gladhill's departure will cause the college to lose a valuable feature of campus life, and everyone will regret his departure.

Litchfield And Terryville Win Way To Tournament Finals

CHAMPIONSHIP GAME SCHEDULED FOR TODAY

School Boys In Annual Tournament at Storrs. — Competition Seen as High School Teams Strive For Interscholastic Championship

The first round and semi-finals of the interscholastic tournament for class C and D high schools took place last Friday and Saturday. Four teams were eliminated in the first round and two in the semi-finals.

On Friday afternoon three games were played and some fast basketball was shown. In the first game the Litchfield High School defeated the Collinsville High School in a close game, 20 to 24. The Guilford High School won easily from Ridgefield High School, 53 to 13. The fastest game took place late in the afternoon when the Leavenworth High school of Waterbury defeated the Shelton High School in the last minute of play, 25 to 19.

As a preliminary to the Connecticut and Rhode Island Freshman game, Branford High School was eliminated by Terryville 23 to 17. Litchfield and Terryville came through in the semi-finals on Saturday morning. The Litchfield High School defeated the Guilford High School five to three, 30 to 20, and the Terryville High School won the Leavenworth High School of Waterbury in the quarter finals, 14 to 11.

Captian Crutch was the outstanding star of the tournament to date scoring seventeen points in these two games. The Litchfield star displayed a neat floor game and his work alone kept the Litchfield High in the running. Bancroft was expected to come through this year as they had defeated the best high school fives in the state. They met a tar in Terryville and went down to defeat.

CO-ED FORMAL

Plans Well Under Way For Annual Dance

Friday, April 16, has been set as the date for the Co-Ed Formal, and plans are well under way which will make this one of the feature dances of the year. According to Miss Hutton, Chairman of the Co-Ed Formal Committee, the girls and boys will meet at the end of the week to make plans for the formal. There are to be sixteen numbers with two extra, four being moonlighters. A novel plan is to be included in regard to the moonlight effects, as well as to the entire decorative schemes in which jade and sable green with pastel shades of other colors will be used. As usual the programs will be individual, each girl making her own. Patrons will be from the Home Economics Faculty. Many old alumni are expected to return for the dance.

PLANS COMPLETED FOR ATHLETIC NIGHT

John Kuhl, chairman of the committee in charge of the Athletic Night which is to be given tonight, has concluded the following program:

The principal speaker of the evening will be Dr. Henry K. Denlinger, who will speak on the "Intelligent Athlete." Coach Dol and Mr. Hollister, President of the Alumni Association, are also scheduled to give short addresses. President Charles L. Beach will act as toastmaster. The College Orchestra and the male quartet will furnish music for the occasion.

FRESHMEN LOSE TO RHODY CUBS

Yearlings Show Fight—Superiors Team Takes Second Game of Season.

Connecticut Aggie freshman basketball team closed its season last Saturday night when they lost a hard fought encounter to the Rhode Island State yearlings by the score of 24 to 16. The visiting quintet took the lead at the beginning of the tussle, and despite the efforts of Coach Alexander’s players, they were never headed during the game. The Aggie “Fresh” put up a fighting brand of basketball, but could not locate the hoop with any degree of regularity. Rhode Island piled up seven points in the first quarter, while the Aggie freshmen failed to register in the scoring column. In the second quarter Rhody maintained their lead, while the Nutmeg cubs counted with six points. The score stood 14-6 at intermission.

In the second half the Blue and White yearlings scored in scoring ten points and keeping Rhode Island to the same number of points. The lead was too great, however, and the final count found Rhody in the lead by the score of 24-16. This is the second victory of the season that the Rhode Island freshmen have registered over the Connecticut freshmen.

Summary:
Connecticut: Callahan, Tarling, rf, Epstein, White, lf, Trumbull Ellovich, c, Connolly, Dall, lg, Hurwitz, Schildgren, rf, Fleming Field goals: Tarling 2, White 3, Ellovich 2, Epstein 2, Connolly, Fleming 2, Hurwitz 2, Foulks 2, White 2, Ellovich, Dall, Hurwitz 2, Connolly, Fleming, Referee, Shea of Springfield.

MAINE GIRLS WIN FROM C. A. C. CO-EDS

Nutmeg Sextet Lose by Seven Points

Connecticut Co-eds lost to the Maine University basketball team last Saturday, at Orono, by seven points, the final score being 25-18. In the first half Maine was far in the lead with a half-time score of 13-5; but in the second half Grant, at right forward, played a fast game, bringing up the Connecticut score.

The lineup was as follows:

Over Forty Candidates Report for First Practice

Spring football practice began in an auspicious manner last Monday, when forty candidates for the 1926 Aggie football team reported to Coach Summer A. Dole.

The following men reported for first Spring football practice: Kennedy, Fin, Bergren, Gillette, Whitney, Acherman, Knaut, Powers, Gilman, Snyder, Usser, Bjork, Gestler, Donauen, Aaron, Lundberg, Schaefer, Anderson, Haddon, Roden, Eddy, Callahan, Sturtivant, Noonan, Hooper, W., Haversat, Root, Brown, Peak, Bushnell, Achenback, Reeve, Williams, Libutsko, Schofield, and Logan. Several other candidates have since reported.

CO-EDS PLAY DEAN TOMORROW

The Co-ed Basket ball season will close tomorrow afternoon when they will play Dean Academy at Storrs. The lineup for the game will probably be the same as that of the Maine game.

FRESHMEN WIN FROM JUNIORS

School of Ag. Swamped by Freshmen—Sophomores Remain in Lead

William Schofield, recently elected captain of the basket ball team for the 1926-27 season by a unanimous vote, proceeded to demonstrate that his reputation was no false alarm. He made his numeraux in football, basketball and baseball. He also had the distinction of being captain of the 1927 freshman baseball team.

Schofield is also active in non-athletic activities, being a member of the Mediator, Vice-President of the Varsity Club, and Vice-President of the A.A. He is a member of the Alpha Gamma Rho.

The Secret of How This Graduate Made a Five Figure Income In Five Years

LIVED in Newark, Ohio.
His folks wanted him to go into some business around home.
WASN'T a thing in the town that he wanted to drool over.
Figured that having spent four years at college, he didn't exactly cotton to tying himself down to "just a job."
Neither did he want to go into his father's old business.
So you see, it was the same old story so many of you college fellows have to have sooner or later.
Being a red blooded, two fisted kind of a fellow, with lots of pep and go, he wanted to get into something where he wouldn't have to keep all bottled up.

Looked around a lot during his college days, and finally decided he would build some greenhouses and grow lettuce and tomatoes.
From the very start he made money.
That was 15 or 20 years ago.
Now he and his Dad have a fine residence on top of a hill, and from their porch now lock down on acres and acres of greenhouse-covered fields of lettuce and tomatoes.
Both of them are having the time of their life.

If interested write to the Manager of our Service Department, Upper Building, Cleveland, Ohio; who will give it his personal attention.

DR. LANDAUER TO ADDRESS CO-EDS

Dr. Walter Landauer, a member of the Genetic Department of the college, will speak to the Montieth Society, Monday, March 22, at seven o'clock in Holcomb Hall. The subject of Dr. Landauer's talk will be Mr. Wellner, whom he considers to be the greatest woman artist. During the course of his lecture he will exhibit several of the artist's etchings.

TO IMPROVE CHURCH GROUNDS

Plans are being made to completely obliterate the two roads which pass by the Community House and Storrs Church. The only part of these highways, which will be retained will be a short passage leading up to the Community House. This action is taken in an attempt to make the grounds about the buildings more beautiful. Expert landscaping will be employed to bring the best effect. Since the removal of the bulletin house and school building, greater possibilities for a pleasing terrace have made themselves evident.

The roads are to be replaced by a more efficient highway which will pass at the foot of the hill upon which the Main building stands.

STEPHEN A. LACKO

Stephen A. Lacko, '26, a senior in the School of Ag., died suddenly at his home in Wallingford, Conn., last Friday evening. He had been in ill health for some time and upon contracting pneumonia failed to recover from the attack.

Here at Storrs he was well liked by his fellow members and made many friends. Had he lived, he would have graduated with his class on the 27th of this month.

He was a member of the Two Year Club and held the office of secretary. His presence will be missed about the campus.

FRESHMEN CLOSE COURT SEASON

Win Four and Lose Six Games.—Scholastic Difficulties Hamper Team.—White Tops Scorers.

To the Editor:

The freshmen seem to have conducted a habit of beating strong teams and losing to comparatively weaker teams. This was particularly noted when the Tufts freshmen went down to defeat in an overtime game, and when Trinity Junior Varsity came through with a surprise win.

Captain White was the outstanding star of the team, turning in some brilliant performances on the court. He effortlessly topped the scoring list and proved himself an able leader for his fellow teammates.

SAFETY VALVE

To the Editor:

The article in last week's issue of The Campus in favor of military training covers the field pretty thoroughly but here are a few points that should be brought up. We all recognize many benefits that we have through the possession of a large armory, such as Hawley Armory, but we do not stop to realize that if we were not for military training at C. A. C. we would not have it. The armory is state property and has in it one of the largest and best equipped gymnasiums in New England.

The history of the world shows that at certain periods of time, wars occurred and this fact must be accepted as true. Since there will be more wars preparedness is an absolute necessity, as was shown in the last war. There are two ways of doing this: one is to have a large regular army, and another is to keep a citizen army. The great objection to the first method is that it would cost too much and that it has monarchical features. During the last war there was an enormous number of men killed because of their lack of training. One of the greatest needs was for men who had had training enough to be officers. During the last war it was found impossible to produce an officer by a few months' training in a training camp. The aim of military training here at C. A. C. is to train men in this kind of leadership so that during time of war they will be able to fill the officer's job. Before closing I should like to quote a few lines from an address made by President Campbell of the University of California which covers quite a lot of ground. He said in part, "Compulsory military training needs no apology or defense. The student who may be called upon to defend his country should know something about the ways and means of defense for the same reason that a student of engineering should know some calculus or a student of history should some geography. The compulsory feature seems to be disliked by a number of people some of whom have good American names but many of whom have thoughts as well as names which hail from Russia or elsewhere." We Americans are not warlike, war has no attraction whatsoever for us, in fact we abhor it. The facts remains, however, that war does come and it is better to be prepared for it than otherwise.

A FRESHMAN.

Boy's Composition on Ducks: The duck is a low, undershing, heavy-set bird, composed mostly of meat, bill and feathers. His head sets on one end and he sets on the other. There ain't no between to his toes, and he carries a toy balloon in his stomach to keep from sinking. The duck has only two legs and they are set so far back on his running gear that they come down near missing his body. Some ducks when they get big are called drakes. Drakes don't have to set or hatch; just lost, go swimming and eat. If I had to be a duck I'd rather be a drake every time. Ducks don't give milk, but eggs, and as for me, I give liberty or give me death.

J. B. Fullerton & Co.
From the Lookout and Campus

A new burglar alarm and fire whistle was installed at the pump house in the rear of the Main Building. It was tried out every Saturday noon.

Statistics showed that the earning capacity of every man graduating from a university was increased by about $20 a day for every day of the four years he is ordinarily in college as to the extent of $24,000 for his lifetime earnings period. These figures are based on public school training providing a life-earning ability of $32,000, high school training, $48,000 and University training $72,000.

"Thousands of young people were asking: 'Can I get into college'? It would be well for them to ask: 'Will I be able to stay in college after I get there'?

The trouble with many boys when they enter college is not that they have had bad habits, but that they have no habits at all; not that they are going wrong, but that they are not going anywhere.

They are versatile, attractive and aimless. They cannot focus their minds for an hour on any object or subject. They are distracted minds, bundles of scattered energies. They know a hundred things on the surface, nothing down to the roots.

They have ten times as much information as their father had at the same age, and yet do not know the meaning of work.

They can tell the name of every automobile that whizzes by the front door, but cannot solve any problem that demands twenty minutes of honest thinking.

They are not 'self starters;' they must be cranked by some teacher, or they cannot move.

To be prepared means to have acquired a real ambition. It means the power to say 'no' to foolish things and 'yes' to the big things of life."

OUR FLAT-CHESTED FLAPPER

I like our flat-chested flapper
With hardly a skirt at all,
Her lips are painted; her breath is tarnished,
But she's queen of Holcomb Hall.

She has a shape, she shows a figure,
She drinks, she chews, she smokes.
Her knees are bare; she has no hair,
She's not like other folks.

She lures the men from far and wide,
She vamps them; and they fall.
But she'll never make a farmer's bride
For that was not her call.
Miss Knappenberger, Mr. Hypes and Mr. Gentry, of the faculty, recently attended the Federal Board of Vocational Workers' Conference held in Washington, D. C. This conference was attended by representatives of the northeast region of the United States. It was divided into three separate divisions, Agricultural, Home Economics, and Trades and Industry. These three divisions met together in a general conference, and considered part time education in agriculture for boys of the ages of 16 to 20, who were out of school. Many addresses were given by prominent speakers. Senator Ferris of Michigan gave a talk on "Avoiding the Lock Step in Education"; Senator Capper of South Carolina on "Pending Proposals for Farm Legislation"; ex-Gov. Cooper on "Work of Farm Loan Board," and Mr. Christiansen on "Cooperation Among Danish Farmers."

Basket Ball Squad to Hold Banquet

Celebration Planned to Climax Successful Season

As a fitting termination to a successful season, a banquet for the basketball team will be held in Coventry on Saturday evening, March 27th. It is expected that approximately forty guests will be present, and preparations are being made for a gala evening. The athletic council, coaches, players, and managers will attend, and invitations have been sent to many of the former captains of basketball teams at Connecticut. President Beach will be present as guest of honor. Contrary to custom, it has been planned this year to have a mixed gathering, and the wives of the coaches and members of the athletic council, as well as the female guests of the players, will be present. Dinner will be served at six-thirty, after which a program of speeches and short talks will be enjoyed. Following the speeches, the College Orchestra will furnish music for dancing, and tables for bridge will be set for those who do not care to dance.

Listen Girls!

We have a Co-ed fair to meet,
She has figure, form, and grace;
We think she's mighty nice
And yes, we like her face.
But oh her disposition,
Her haughty ways and airs,
Have crushed her charm and beauty
To where no Aggie cares.
We want the charm of sex
In soul as well as form,
And that is what we're after
When you see us at the dorm.
Oh Kid, please hear our plea,
And give us just one date;
Now Kid just crack a smile
And can that glassy stare.
