GRADUATION FOR TWO-YEAR AG. MEN

Seniors in School of Agriculture to Receive Diplomas Tomorrow

Tomorrow at 11 a. m., the graduation exercises of the Two-Year School of Agriculture will be held in the church at Storrs. The following program is to be given:

Music, Hungarian Dance: Johannes Brahms
Invocation: Address by John D. Willard, Director of Extension, Massachusetts Agricultural College
Presentation of Diplomas by President Charles L. Beach
Music, 'Entr'acte, Valse': Director of the Massachusetts Cultural College Experiment Station

and is an intensely interesting speaker.

The number of students graduating from the School of Agriculture is decreasing as this year there are but five, compared with eighteen in 1925, those receiving diplomas this year are:

Carl Everett Abrahamson, New Britain; Daniel Nichols Beard, Shelton; Lloyd Eaton, Union; Frederick Raymond Smith, Hazardville; John Vlasto Vinyo, Newtown.

PLAN FOR NEW WATER SYSTEM

The State Legislature, at its last meeting, appropriated the sum of $200,000.00, and appointed a commission to investigate and develop new and independent water supply systems for the Connecticut Agricultural College and the Mansfield State Training School. Both of these institutions are now being supplied from the same system, and it has steadily been growing more adequate. Several streams in the vicinity of the college have been surveyed and already test wells have been sunk in the Fenton river valley. It has been decided to use this valley as a source of water, and a pumping plant will be erected beside the river, probably near the point where the old abandoned highway crosses the river in the vicinity of Codfish falls. The system will consist of four wells with the necessary pumping equipment, and 7,000 feet of pipe line will be used to transport the water into the present system. The State Board of Health reports that water supplied from the gravels of the Fenton River valley is derived from pure springs and will require chemical treatment. It is estimated that the cost of this system will come well within the appropriation.

ANNUAL TEA TO BE HELD SUNDAY

All Students Invited to Meet Faculty at Informal Gathering

On Sunday from 3:30-5:30 in Hawley Armory, The Annual Faculty-Student Tea will be held. The main purpose of this event is to give the students, especially those that entered the college this year, an opportunity to meet the Faculty. This gathering has been originated in the last few years, but this year more extensive plans have been made. Thus committee in charge has arranged a delightful musical program of entertainment that has been selected for the affair.

The various committees are:

Refreshments: Mrs. Hendrickson, Mrs. Putnam, Miss Margaret Hutton, and Mr. Young.
Program: Mr. Manter, Mr. Schwengel, Mr. Nelson.
Publicity: Mr. Patch, Mr. Tong.
Decorations: Mr. Dorsey, Mr. Guyer, Mr. Tong.

This function will be a strictly informal affair in all respects and all students are cordially invited to attend.

TRACK MEN TRAIN FOR WESLEYAN MEET

Preparations for the fast approaching track season are rapidly nearing completion. The first meet will be with Wesleyan University at Middle-town on April 24. Wesleyan has had a strong outfit for the past few years and Coach Daley's charges anticipate strong opposition. Although no individual stars have made an appearance as yet, the entire squad is in perfect form and eager to start the outdoor training, which will begin as soon as the Easter recess is over.

The contemplated a 220 yard straight away and a new location for the jumping pit has been abandoned for the present.

STORRS CHURCH

GOAL IN SIGHT

Money Necessary For Completion of Community House and Church Practically Assured.

Financial reports from those in charge of both the Community house and Storrs church show that the $225,000 necessary to complete the work on the new edifices is well in sight. Already $115,569.09 has been pledged and an additional sum of $45,000 has been promised by people who have taken it upon themselves to raise the money. $84,068.43 has already been collected from those who have pledged although no request has as yet been made for this money.

It is planned to have an endowment of $75,000 which will be deposited in a bank and the interest from this amount will go towards covering any miscellaneous expenses which may occur.

The Connecticut Federation of Churches has employed an assistant secretary to relieve Rev. M. E. Alling. This was done to enable Rev. Mr. Alling to devote most of his time soliciting donations from favorable prospects. The assistant secretary appointed is Mr. Barnett who has charge of the Storrs campaign in the city of New York.

Total pledges $135,569.09
Cash received on pledges $84,068.43
Expenses $20,678.88
Cash in bank $14,899.35
Additional pledges $45,500.00

PHI MU DELTA BANQUET TONIGHT

Phi Mu Delta Fraternity will hold its tenth annual banquet and alumni reunion of the Chapter at the City Club, Hartford, this evening. The banquet will be held in conjunction with the Alumni Association. Music will be furnished during the evening by the Chapter cornet orchestra. Everett D. "Brub" Dow '20 is chairman of the banquet committee.

QUARTET TO SING AT STUDENT-FACULTY TEA

The College Male Quartet has been rehearsing the past week and has prepared several interesting song numbers that will be given at the Student-Faculty Tea in Hawley Armory next Sunday. The appearance of the Quartet should help to make the affair a success.

At Athletic Night held last Friday night, the singing of the Quartet met with repeated applause and several encores were necessary to satisfy those present.

It won't in any way affect our plans to use the overhead game.

"I do not believe the rule governing intensional safeties is a good one. It will do away with a weak-kneed team stalling off a stronger team's attack, for the latter will now have a chance to score that would otherwise be lacking."
CO-EDS WIN TWO AND LOSE SIX GAMES

Defeat Terreylle to Take First Place in Store Sports Tournament For Second Season

LITCHFIELD WINS CHAMPIONSHIP

The class championship in basketball ball will be decided next Monday night, when the senior and sophomore fives meet on the Hayley Armory court.

A fifteen cent admission charge will be made, with the understanding that the entire proceeds shall be turned over to the Varsity Club, which will use the money for the purchase of gold athletic emblems for seniors.

SENIORS MOVE IN TO FIRST PLACE

Frosh Spring Surprise and Defeat Sophomores

\( \text{W L Pet.} \)

Seniors 6 2 .750
Sophomores 2 .714
Freshmen 4 3 .571
Juniors 3 4 .428
School of Ag. 5 .625

The Sophomores lost first place in the inter-class league to the Seniors, when the Freshmen defeated the 1929 fives 15 to 11. The Freshmen produced a dark horse in the person of Hewitt, who formerly held down a regular position with the Freshman varsity.

In the second game the Seniors defeated the School of Ag. fives, 29-2. At the end of the first quarter the School of Ag. was leading, 2 to 0, but soon after the Seniors offense got going and scored well.

Only two games remain to be played in the league, and the final standing will probably bring the Seniors and Sophomores together for an extra game to break the unexpected tie. The Sophomores play the School of Ag. while the Juniors meet the Freshmen. If the Sophomores win, they will be tied for first place with the Seniors. If the Juniors defeat the Frosh, they will be tied with the class of 1929.

The Freshmen outplayed the Sophomores throughout the thirty-two minutes of play and should have run up a larger score. Hewitt was the main cog of the Freshman machine, and his fine playing featured. The last year, but who is a capable catcher of the long type.

FROSH, SOPHOMORES, FRESHMEN

Mr. Moreland, Mr. Wallen, Miss Hopkins, and Mr. Wallenberg, Putnam, were outstanding in nearly every game with Murphy a close second.

Before half the season's game had been played the team lost Class, as forward on the team. "Bobby" sprained his finger severely in the New Haven game, which prevented her from participating in any of the games following.

Taking everything into consideration, the games were considered as successes rather than failures due to the fact that the schedule was an exceptionally hard one in comparison with those of previous years.

Coach Guyer expressed the opinion that the past season's team was one of the best of those which he has had at Connecticut.

GALLANT CHOSEN BASKET BALL MGR

James F. Gallant, '27, of Worce- ter, Mass., was elected basket ball manager for the 1926-27 season, at the athletic association meeting last Wednesday.

During his freshman year Gallant was captain of the freshman team and in addition to this was a member of the freshman and class cross-country teams.

In his sophomore year, Gallant was selected to serve on the I. L. Football Pin Committee and was a member of last year's rifle team. Gallant was also a member of the sophomore swimming team which won the inter-class swimming tournament last year.

He is on the Editorial Board of the Nutmeg, and is a member of the college debating Club. He was a part- icipant in the recent I. L.-Conn. debate His fraternity is Phi Mu Delta.

DR. GREENBURG TO SPEAK AT HEALTH LECTURE

The next health lecture will be held on Wednesday evening, April 7, at which time Dr. Greenburg of the Undergraduate Public Health Service will give an illustrated lecture on "Industrial Hygiene." Dr. Greenburg has been giving several courses at Yale Medical School during the past year, and is an authority in his field.

BASEBALL MEN HOLD OUTDOOR PRACTICE

Weather Hampers Use of Diamond—First Game Only a Month Away.

Connecticut Aggie varsity baseball squad held the next practices of the current season Monday under the direction of Coach Sumner A. Dodge. Gardner Dow Athletic field is not in shape for practice because of the continued rainy spells that have turned the baseball diamond into a quagmire. For the varsity squad will have its daily workout on the campus between Koons and Storrs dormitories until the weather permits the squad to move to the regular baseball diamond.

Coach Dodge is confronted with the problem of building up a practically new baseball nine to represent Connecticut this season because of the dearth of Varsity men and the failure of some of the regular players who led the 1925 team to return to college. George Wells, the mainstay of the 1925 pitching staff, has graduated last year. Makofski, a first baseman, and other two twirlers who have had varsity experience. The pitching coach will have his work cut out to solve this problem, but some of the Sophomore twirlers are expected to show up this year. Eddy and Brooks of the 1925 team are a good bid for the pitching staff of the Aggies.

The other varsity men who are available this season are Ahern, capti- tan of last year's team who has held down the dizzy corner for two years; Gilbert, who played in the outfield last year, but who is a capable catch- er and may be used behind the bat this year; Schiefold, regular second baseman, and Captain Seymour regular left fielder. The Aggie captain has just returned to the Hill after undergoing a successful operation at the Hartford hospital and will be able to play ball until late in the sea- son.

Substitutes from the 1925 baseball squad include Horn and Ajello, out- fielders, and Yardsley, infielder. The loss of Wardle, varsity catcher and Timeran, center fielder, will be felt. It is likely that college this semester, will be felt so these two men were good hitters and were expected to fill their old positions.

Among the candidates that are showing up are Williams, first base- man, and Watson and Kennedy, out- fielders. Those three men were on the freshman baseball last year.

Daily practice sessions will be held up to Easter so that Coach Dodge will be able to line his material. Batting sessions will be stressed as the team last year was weak with the willow. After Easter reverse the baseball toss- ers will practice on the baseball dia- mond if the weather permits. Few of the positions on the 1925 baseball nine are clinched and every candidate will be given a chance to show his ability in the spring practice sessions. The first game of the season will be March 27 season, and is an authority in his field.
THE CONNECTICUT CAMPUS

To the Editor of the Campus:

Dear Sir:

Will you, through the columns of the Campus, call attention to the soft condition of our grounds? In our last visit during the next few weeks damage can occur more easily than at any other season of the year. I would call attention particularly to the parking of automobiles close to dormitories, the driving of cars on the lawns, and the short cuts used when the ground is soft.

Contrary to popular opinion, those of us who have charge of lawns do not want to prevent or forbid people from walking across them, provided they do not walk where it will tend to erode the soil. As the late Professor Guilley used to say, "It will not do any harm to walk on the grass if you go where no one else has apparently walked." This is simply wrong.

Another way, Don't go into paths or worn places. Fences are unobtrusive and they are put up simply to prevent the few thoughtless ones that they are requested not to cross at all.

I may also express through you my dissatisfaction of the attitude of the majority of the student body in keeping the campus attractive. There is need for more walks and better drives and as fast as funds are provided these will be constructed.

Sincerely yours,

S. P. HOLLISTER

Professor of Horticulture

To the Editor:

The Dining Hall waiters hereby challenge the dish-room plate wreck er to play an inter-department basketball game. The game to be played in Hawley Armory whenever the scullions see fit. The waiters have a sensational team, probably one of the best of its kind in the East. They are confident that they can easily whitewash any team sent against them by the dish-room gang.

Signed, E. E. S. '26, Mgr.

AN INTERPRETER

It is perhaps significant for the College that Dr. Denlinger is in such constant demand as a speaker at various functions. Last week he spoke on "The New Individual," at the Blue Regiment of New Britain's celebrated 1400 member Bible Class. The next night he addressed the Grange at Union. On Saturday night he spoke to Roxbury School at Cheshire, and this week he addresses the Woman's Club of Somers. America is growing the Beautiful. He says he refuses many invitations because he is carrying conscientiously and zealously the task of this summer. In our interview he called himself an "Interpreter of America." This is the burden of his writing and speaking. It is the burden of this retaliation that Dr. Denlinger will carry round the Chautauqua Circuit in connection with his supper-lectures this summer. This Circuit will be carried to New Jersey, then run rapidly into New England up through Canada, the Provinces of Quebec, New Brunswick and Nova Scotia, and then back through New England and ending in New York State.

R. L. M. '28

Storrs 9 Years Ago

The honorary fraternity, Gamma Chi Epsilon, was established at C. A. C. The purpose of the fraternity is to encourage scholarship, and especially among undergraduates who are interested in athletics or non-athletic activities on the Hill. Membership in the fraternity is granted to a limited proportion of each class, by recommendation of the faculty and election by the fraternity.

The charter members number thirteen, and are as follows:

Facility members: Professor Charles L. Beach, Professor H. E. Monograph, Professor H. F. Judkins.

Class of 1918: T. H. Beich, J. S. Hilding, S. E. Morse, P. L. Sanford, F. B. Thompson.

Living up to old time tradition of orderliness of the student body, the Campus, the Class of 1920 held the customary Freshman banquet at the Hotel Bond, on Monday, March 19.

The banquet was perhaps the most successful recorded in the annals of the College.

The flight from the Hill was made in six automobiles and every vehicle was carried off in a most systematic manner. The Sophomore charters cars and followed immediately. The Sophomores succeeded in capturing only one Freshman after a day of warfare. The Freshman Co-eds were captured early in the day by the Sophomores but succeeded in breaking loose. However, they did not reach the Hotel Bond in time to partake of the banquet.

Professor Ewen, head of the Biology Department, set the world's record for an economical diet by living on eight cents a day.

Professor H. L. Gorhous was appointed official judge for the American Percheron Horse Breeders' Association of New England.

MONTIETH ARTS HEAR DR. LANADAUR

Dr. Landaur spoke to the Montieth Arts Society, Monday, March 22, bringing to the attention of the club the art of Kaebo Kollwitz, whom he knows personally and regards as one of the foremost German artists and one of the greatest woman artists. Dr. Landaur is a member of the Genetics department of the college, and besides being a scientist of great merit is keenly interested in art and letters.

He exhibited eight original etchings and many reproductions representative of Kaethe Kollwitz. These will remain in the assembly room of Holcomb Hall for several days.

A group of seven etchings, "The Wavers' Revolt," is the best kind of Kaethe Kollwitz's art. Among those exhibited are reproductions from another series, "The Weaver's Revolt." These will run into woods of the war. Of the originals two are self portraits, others bearing the significant titles, "Unemployment," "Death," and "Woman Thinking." "Woman and Dead Child."

A few weeks' rest and

M and lement of amplifiers is to be made so

Cl'responsibility for editing that issue. All those whose average rank in STATE COLLEGE PLAYERS
during Assembly hour is deplorable, our editorial duties, nevertheless, we are.

But it allows for about one more outstanding ability or an event of
great excellence such as the Louise Stallings Concert, each month.

For the events so far this year, we hear only praise on all sides, and the Assembly Committee should be praised for the kind of talent it has been bringing here. It happens now and

again that a speaker turns out to be not exactly and particularly interesting;

although probably no speaker has come who has not interested some and

would almost every instant instance
terest more if it wasn't for the discourting of inattention and unnecessary noise.

After all, apart from courtesy, such disturbances show a lack of loyalty to

the college. Often a speaker is invited to assist not because of his outstanding ability, but because of his deep interest in and value to the institution. Those who fail to give courteous attention to such a speaker are really hurting the interests of the college to which they are supposed to be devoted. It is a pleasure to note that the centers of these disturbances only involve a small percentage of the student body.

It is true, of course, that the acoustics are not the best. We are glad to learn on authority that an experiment of amplifiers is to be made so that this may be corrected. We will let us all think about this matter and see if we cannot achieve a better mor.

ale at our assembly hours.

CONNECTICUT NIGHT

"Connecticut Night" was successfully inaugurated last Friday in the college dining hall, when varsity certificates were awarded members of the football and basketball teams of the present college year.

The affair was well planned, the excellent program adding much to the occasion. Without question, "Connecticut Night" is a great improvement over the plan followed in other years, when certificates were awarded at President's Hour, and when many of the lettermen were absent.

Congratulations are due the committee that planned "Connecticut Night," and it is to be hoped their efforts have set a precedent to be followed in the future.

TIME OUT!

We take great pleasure in announcing that because of the Easter Recessional, there will be no further issues of The Campus until Friday, April 16.

And what is more gratifying to us; the women students will assume all responsibility for editing that issue. They will publish the Annual Co-Ed Issue on that week.

Possibly we should not be so glad for this rather extended vacation from our editorial duties, nevertheless, we are.

For in it we see an opportunity to catch up with our studies, which to date have been neglected in favor of pressing journalistic endeavors.

HONOR ROLL IS ANNOUNCED

Forty-eight Students Achieve Honors.

—Change Made In Method of Selection.

The Register's Office announces that the following have earned Connecticut, scholastic honors for the term from September, 1925, to February, 1926:

Honors of the First Grade

Ackerman, Richard A.
Clark, Charles A.
Cleveland, Harold W.
Collins, Edward R.
Daly, James M.
Daley, Raymond K.
Pratt, Willis H., Jr.
Raley, William
Rosenthal, Joseph
Root, Margaret
Shenberg, Samuel
Susselman, Max G.
Hall, Alice E.
Sullivan, John
Sachs, George
Watson, Mgr.
Withington, Elmer
Welsh, Catherine

Honors of the Second Grade

Bartle, Elizabeth M.
Bradtewieser, John L.
Carlson, Carl W.
Champion, Glenn
Clarko, Andrew J.
Coughlin, Edith
Coyne, Ruth
Daly, James M.
Daley, Raymond K.
Flagg, Lucy E.
Frederick, William H.
Horne, John R.
Johnson, John
Lamme, Lily
Matthews, Florence H.
Nelson, Edwin E.
Root, Margaret
Root, Frederick
Service, Elizabeth C.
Sherry, Israel
Sperber, Louis
Sullivan, John
Tonkin, Dorothy
Watson, Harold F.
Williams, Ray G.
Wolcott, Edward S.
Young, Harold

There has been a slight change in the method by which the rankings are computed. At present the standings are determined by multiplying the rank obtained in each course by the number of credits which each respective course is scheduled for. These are totaled up and the sum is divided by the total number of credits carried, giving the average rank of the student. All those whose average rank is placed between one and fifteen will receive honors of the first grade, and those whose ranks average between sixteen and twenty-five are entitled to honors of the second grade, nevertheless, we are.

Any student who may rank in the last quarter of a course will not be eligible to receive these honors even though his average is within the required limits.

ATHLETIC NIGHT VOTED A SUCCESS

Twenty-five Athletes Receive Certificates At Oceasion Tonight. It Kindly To Become Annual Affair.

Twenty-five Connecticut Aggie athletes were awarded their varsity "crescent" at a recent meeting of the athletic committee, which was held last Friday night at the college dining hall. The student body and members of the faculty at tended in considerable numbers to witness this function.

President Charles L. Beach presided at the banquet and presented twenty-nine varsity certificates to football and basketball letter men.

President Beach, in his short introductory talk, pointed out the importance of athletics in the life of the American today. He pictured Sportsman bay in the Cathedral of St. John the Divine as an expression of the fact that religion and the church do not frown on sport, but sympathize with it, recognize its worth, and relate it in its cooperation.

George Hollister, president of the Connecticut Alumni Association, was the next speaker on the program, and commended the college for the splendid record and high standard of sportsmanship which the Connecticut teams have upheld.

He stated, "the alumni were pleased with the rapid advancement the college is making in athletic and scholastic achievements."

Dr. Henry K. Denlinger delivered a splendid oration on the "Intelligent Athlete of Today." He connected education with athletics, and maintained that education should include that of the body as well as the mind. He maintained a man could be an athlete and yet be a scholar. Dr. Denlinger's anecdotes were greatly appreciated by the audience, and he was given great applause.

The dining hall was fittingly arrayed for the affair and an interesting musical program was given by the college orchestra. The male quartet, Anderson, Pratt, Kallstrom and Gasger, rendered a few selections.

With enthusiasm running high, Cheerleader Conlin led the student body in cheers. The recitation was long and loud in praise of the achievements of the athletic teams of the past sea

son. The event was highly appreciated by all and with the singing of the Alma Mater.

STATE COLLEGE PLAYERS ELECT OFFICERS

At a recent meeting of the newly organized State College Players, Al-

though only seven were elected presi-

dent of the organization. Other of-

ficers elected were Irene Ellis, vice-

president; George Reinhart, treasurer; Bessie R. Collister, secretary, and Lilly Larson, secretary.
R. O. T. C. UNIT DENIED PETITION

Request For Band Instruments Turned Down.—Possibility of Band Next Year.

Because Connecticut Agricultural College does not have 250 men in uniform in its R. O. T. C. Unit, the War Department has turned down the petition of Captain C. R. Crim for musical instruments for a twenty-eight-piece band. This was the statement of Captain Crim yesterday, who said that a recent change in army regulations was all that prevented C. A. C. from receiving a complete set of band instruments free.

This contradicts rumors heard locally in the past week to the effect that band instruments were to be furnished to the college. Captain Crim did say, however, that there is a possibility of the college obtaining instruments next year, when there should be 250 uniformed men in the unit. This year, the local R. O. T. C. had about 220 men when school opened. The value of the instruments that Captain Crim hoped to get for the college is $1,710.

FORESTRY CLUB TO CONSTRUCT CABIN

Members of the newly-organized Forestry Club have recently been engaged in the construction of an Adirondack type log cabin. The camp, advantageously situated near the pine plantation north of Four Corners, will provide a rendezvous for numerous excursions and outing parties. The lumber used in construction as well as the site, was donated by F. C. White of Coventry, who owns a large tract of woodland in the neighborhood. Professor A. E. Moss and Alfred Dopp of the Forestry department, under whose supervision the work is rapidly progressing, announce that the cabin will be available for all who wish to take advantage of its facilities by the middle of May. The plan is to establish similar structures about the surrounding country to serve as nuclei for hunting and fishing trips or over night hikes. Prospective sites for future camps are in Gurleyville on the tract of which the College is contemplating purchase, and in the Natchaug State Forest near Eastford. Support by students interested in the project, and particularly those who intend to make use of the cabins, is solicited.

A. G. R. BANQUET

The annual Alpha Gamma Rho banquet was held last Saturday at the Hotel Garde in Hartford. The banquet was held in conjunction with the annual meeting of the Alumni Association.

“SHAKES” PARTY

The annual “Shakes” party will be held Tuesday evening, April 6, the last day of Easter recess. Preparations are now under way to entertain a large gathering at the Theta Sigma Chi house for that night.

P. A. is sold everywhere in 10's, red tin, pound and half-pound tin barriers, and pound crystal glass humidors and boxes containing 25 pipes. The pipes are dried before dipping, the bite and patent removed by the Prince Albert process.

TALK about “alliteration’s artful aid” . . . the printer certainly raised the “p” box that trip. But let that go! The advice is just as serious and sound as though it were couched in the careful diction of an English prof.

Just get yourself a jimmy-pipe and fill the bowl to the brim with Prince Albert. Light up, and let the first fragrant whiff tell you that no other tobacco is like P. A.—or can be! Cool and sweet and fragrant, P. A. has everything a fellow ever wished for in a smoke.

P. A. can’t bite your tongue or parch your throat. The Prince Albert process settled that in P. A.’s freshman year. Get yourself a tidy red tin of Prince Albert today. The first load-up will tell you why pipes are so fashionable among young men today.

PRINCE ALBERT
—no other tobacco is like it!
ENGINEERS RETURN FROM ANNUAL TRIP

The annual engineering trip to New York took place last week and many interesting plants and processes were inspected by the M. E. students. Mr. Dresner conducted the party, which was made up of the following students: Beveridge, Billip, Evans, Eyre, Horne, Phelps, Williams and Yarney.

On Monday, March 16, the party visited the Metropolitan Insurance Building, where they were given the opportunity of viewing the city from the tower. Study was made of the elevator hoisting engines, after which the lighting, power and refrigerating facilities were inspected. Lunch was obtained in the immense dining hall, where the insurance company provides lunches daily for 9,000 employees free of charge.

Tuesday saw the group in Kearny N. J., where they inspected the power plant of the Western Electric Company. Here, also, they viewed with interest the manufacturing and testing processes of wire cables.

On Wednesday, at the plant of the De La Vergne Company in New York City, the group was offered the opportunity of studying the manufacture and assembling of Diesel engines. These immense mechanisms are all assembled, and most of the parts are manufactured in the New York plant.

The Edison Lamp Works next claimed the attention of the party, and Thursday was spent inspecting the various processes in the manufacture of electric light bulbs. Here on exhibition were seen the earliest and most modern types of bulbs and a very interesting history of the bulb industry was presented. Model rooms and window displays, with latest and most efficient lighting fixtures, were also studied and proved very interesting to the students.

Friday morning the group boarded the S. S. Aquitania, where they inspected the boiler rooms and the gigantic turbines which propel the huge ship through the sea at the rate of twenty-eight knots per hour. A thorough inspection of the boat was impossible, however, as she was scheduled to sail at noon.

THREE SPORTS IN ONE DAY FOR KENNEDY

Seldom is it that an athlete participates in baseball, football and basketball all in one day, yet that was the unique experience of a Connecticut Aggie student last Monday. Howard Kennedy ‘28, of New Haven, reported for work in the first outdoor session of the Connecticut Aggie baseball squad at 3:30. From 6:30 to 7:30 he was going through signals with the varsity football team, which is now in its second week of spring practice. Then with football practice over, he immediately donned a basketball uniform, and played a fast game for his class basket ball team. Kennedy is only a sophomore and close observers of his work expect to see him make varsity letters in all three sports before he graduates from Connecticut.

SPRING FOOTBALL COMES TO CLOSE

Spring football practice came to a close today and forty men, the largest group Coach Dole ever had to work with, are already anticipating the next season. Despite the large group of candidates which reported, Dole is faced with a difficult task in selecting the best. Study was made of the fourth order of candidates, and now football for this year is decided.

The epidemic grippe attack

Infirmary calls increased as mild flu epidemic visits campus

A mild form of influenza has been in existence on the Hill this year as evidenced by the fact that the number of Infirmary calls has increased from one-half to one-third more than in preceding years. According to figures obtained from Miss Peck, the number of students confined to the Infirmary has also shown a marked increase. The figures show that the total number of office calls up till May 15 was 247. The month of March has been an especially busy one at the Infirmary. The high point was reached on March 15 when a total of forty office calls were treated.

IN ENTERTAINMENT

Classes In Romance Languages Pro-
vide Interesting Program of Songs
and Recitations.
The French and Spanish classes of the
college presented a short program
of songs and recitations last Wednes-
day evening. There were interesting
short talks by Charles Dufresne of
Willimantic, and Father Bellec of Saint
Mary's church, Willimantic. Andre Roux,
who has often helped to make
Professor Croteau's programs enjoy-
able, sang in French.
The other musical offerings includ-
ed solos by Miss Rose Minklin, Miss
Henrietta Chateau, Miss Flora Kap-
lan, Miss Edith Coughlin, and group
singing by the Spanish Classes.

RIFLE TEAM HAS SUCCESSFUL SEASON

Win Twenty-two Out of Thirty Matches—Rhode Island Defeated in Shoulder to Shoulder Match.

The Connecticut Aggie Rifle team brought its season to a close by firing in the National Hearst Trophy Match, which included practically all the college rifle teams in the country. This season the team was matched against the best collegiate teams in the country. The local sharpshooters enjoyed a successful season, winning twenty-two out of thirty matches. The outstanding meet was with Rhode Island, when the Aggies defeated the Engineers in a shoulder to shoulder match.

Summary of the matches:
- Opponents C. A. C.
  - New York University Forfeit 3509
  - M. I. T. 3515 3655
  - University of Cincinnati 3578 3636
  - University of Pittsburgh 1849 1876
  - Virginia Military Academy 3592 3655
  - University of Ottawa 3592 3655
  - University of Kansas 3503 3610
  - University of Missouri 3545 3644
  - University of Illinois 3788 3602
- Opponents University of Maine 3327 3486
  - University of North Dakota 3572 3640
  - Oregon Agricultural College 3709 3640
  - University of Maine 3593 3725
  - University of Maine 3593 3725
  - The five high scores for the season were:
    - Lynch 4931 5200
    - Watson 4871 5200
    - Gauger 4782 5200
    - Hitchcock 4758 5200
    - Kuhl 4743 5200
  - Other men on the team were Sweeton, Logan, Griffin, Kielwasser and Bendelkow.

RIFLE TEAM MADE MINOR SPORT

Following a successful season, the rifle team was recognized as a minor sport by a vote of the Athletic Association, with the recommendation that a minor sports "C" be awarded members of the team. This year Connecticut's riflemen have been successful in their matches with other colleges, winning twenty-two out of thirty matches.
