ARMORY TRANSFORMED INTO OLD-FASHIONED GARDEN

Hawley will be transformed into an old-fashioned garden for the Co-ed Formal tonight. The hollybobs and wisteria, against a jade green background, will make a brilliant setting for the multi-colored dresses and the black tufts of the co-eds and their guests.

Cavallerio’s Cinderella Ballroom Orchestra will give a concert between eight-thirty and nine. The grand march will start promptly at nine. It will be led by Margaret Button, chairman of the social committee, and Ernest Speers, of Gamma Epsilon. Dancing will continue until two-thirty. There will be sixteen dances and two extras. Four of the dances are moonlight waltzes.

The patroneses will be the members of the Home Economics faculty. The program will be:

1. Fox-trot—Sweet and Low Down.
2. Fox-trot—I Love My Baby.
3. Fox-trot—Bargandy.
4. Waltz—Blue Italian Skies (moonlight).
5. Waltz—Song of the Flame.
9. Waltz—What Do We Care (moonlight).
10. Fox-trot—Monkey Doodle Do.
11. Fox-trot—Thanks For the Hugger Ride.
12. Waltz—Middle of the Night (moonlight).
15. Fox-trot—Lulu Belle.
16. Fox-trot—Say It Again.

Extra dances will be:
1. Fox-trot—Blondie.
2. Fox-trot—Blondie, with Ronny Mason.

The program will also feature a Co-eds’ Cabaret at 10:30, consisting of six items: The Great Awakening, Old French Song, Romance Sans Paroles, Straws, Welleria, and Welleria, arranged by Mrs. Putnam.

At the close of the Co-eds’ Cabaret, a special feature will be given by the Tea Dance Committee.

Glee Club, assisted by Grace Preston Naylor and College Trio to give program.

The concert given by the G Cleff Club on Saturday night comes as an appropriate finish to the Co-ed Week activities. The program which will begin promptly at eight-thirty o'clock, has been arranged by Mrs. Morris Allen, supervisor of the Girls' Glee Club, as follows:

CO-EDS FEATURE

GARDEN-PARTY

Saturday afternoon, April 17, the hours from three to five will be given over to a tea dance to be held in the old-fashioned garden in Hawley Armory. The Co-eds add this as a new feature in the week’s schedule.

Cavalerio of New Haven, who is playing for the Formal Dance, has agreed to stay over with the entire orchestra to furnish the music for this function as well. The dance is informal, but may be either a program dance or not, as the girls desire individually.

Mr. and Mrs. Dole and Mr. and Mrs. Putnam as Patrons and Patrons, and Miss Margaret Hutton, Chairman of the Social Committee, assisted by the Tea Dance Committee, will receive.

HUTTON ENGAGED

Mr. and Mrs. John Spellman of Somers have announced the engagement of their daughter Dorothy to William A. Hutton '25 of Southington, Connecticut. Mr. Hutton is instructor of agriculture in the Enfield High School.

"Pete" is a former Aggie student, graduating with the Class of 1925. While in college he took an active part immediately following the Glee Club concert on Saturday night. The patrons and patrons, all members of both Glee Clubs, and their escorts are invited. All arrangements are in charge of the club president. The purpose of the reception is to permit the members of both clubs to meet the patrons and patrons of the daughter Dorothy to instructor in Somers.

RECEPTION TO FOLLOW CONCERT

A reception given by the G Clef Club will be held in Holcomb Hall immediately following the Glee Club concert on Saturday night. The patrons and patrons, all members of both Glee Clubs, and their escorts are invited.

NEW FAMILY IN PRACTICE HOUSE

Monday, April 26, the girls who are now in Practice House will return to the dormitory and a new group will join Miss Landberg. As the House is not large enough to accommodate the entire Senior group, the class is divided into two small sections, each spending six weeks in practice. The new group consists of the following: Elizabeth Service, Irene Ellis, Margaret Demander, Helen Grant and Hilliard Scholander.

When and spring are thrilling to the opening game of the year—and your favorite player drives out a homer—as the stands rock with cheering—have a Camel!

WHEN the first ball game is here. And the heavy hitter cracks the ball shrieking into deep center for a home run—here's a Camel!

For Camel adds the magic of its own fragrance to life's most festive days. Camels are of such choice tobaccos that they never tire the taste or leave a cigarette after-taste. You'll get more contentment, more pleasure out of Camels than any other cigarette.

So on this fair spring day as a salutatorian batter floats a line that seems will never stop flying—oh, then, taste the smoke that means completed enchantment.

PUBLICATIONS

First of all, please let it be stated that this article is not for the purpose of putting ourselves on the back, but rather to prove to certain doubting Aggies that the co-eds are not and have not been merely ornaments in the life of C. A. C.

For three years, the girls have made it a custom to take over the entire publication of The Campus for Co-Ed Week each year. The couples will be found on the "bill" Sunday morning. The Co-eds have so handled the week's affairs that all of the attention received is very necessary. Why not have each co-ed individually handle her escort in the same way Sunday morning.

Every man is knocked down at least once. It is the getting up that tests him—so co-eds, get him up Sunday morning. Yeah, it does take a long time for a man to sink through some of their skills, and if among them there is one that can raise any eyebrows, it will raise one womanly tact. The responsibility of entertaining rests on the co-ed's, and surely all the escorts, whether dragged or not, will receive much cheer from the preaching. Religious feeling gives man the power that he is above all, and has freed him from many things. It is the highest expression of imagination and imagination is man's force.

SHAKES" PARTY HELD APRIL 6

On the evening of April sixth the annual "Shakes" Party was held at the Theta Sigma Chi House. Forty-eight couples attended, including several co-eds who were back on the Hill for the dance. The fraternity rooms were attractively decorated with flowers and banners. Dainty little bon-" doo" lamps bearing the fraterity seal were given as favors. At midnight refreshments of ice-cream and waters were served. The "Peppy Cpy Babes" of Hartford furnished music for dancing until two-thirty. Many patrons and patronesses for the evening were Mr. and Mrs. George H. Lamsen, Dr. and Mrs. Newton H. Wheeler, Mr. and Mrs. Moss, and Mr. and Mrs. Brundage.

J. EUGENE AYER

J. Eugene Ayer, age 27, died at his home in Ayer's Gap, Franklin, Massa- chusetts, on Saturday, March 27, 1926. He had been ill for several months, and after surgery was found to have influenza and pneumonia. Mr. Ayer was a graduate of the School of Agri- culture of Connecticut Agricultural College, in the class of 1917. He is survived by a wife and two small sons.

The patrons and patronesses for the evening are as follows: Mr. Charles H. Prutting, Mr. and Mrs. Arthur H. Prutting, Mr. and Mrs. Victor Biart, Mr. and Mrs. Ralph L. Baldwin, Mr. and Mrs. Robert K. Merri, Mrs. Charles O. Ostergren, Mr. and Mrs. William D. Miller, Mr. and Mrs. Fred A. Vinton, Mr. and Mrs. Willard Farrington, Mr. and Mrs. Donald Chub, Mr. and Mrs. Charles T. WHEELER-MATTHEWS

Storrs, April 9

Announcements of the marriage of William H. Wheeler of Storrs, son of Professor and Mrs. Charles A. Wheeler, to Miss Ruth Gertrude Matthews of Marion, South Carolina, have been received here this week. The marriage took place March 30, in the First Methodist church at Marion.

Mr. Wheeler is a graduate of Yale in the class of 1923, where he was a member of Franklin Hall and Theta Chi. He is now associate in York Yale Club. By profession he is a civil engineer, and for the present his work will keep him in the South.

Connecticut people present at the wedding included Prof. and Mrs. Charles A. Wheeler of Storrs, parents of the groom. Mr. Wheeler is professor of mathematics at Connecticut Agricultural College. Professor William F. Kirkpatrick of Storrs, uncle of the bride; Misses Minnie and Dorothy Wheeler of Storrs, sisters of the groom; and Charles Gery of New Haven.

Among the Alumni returning to the Hill for the Co-Ed From are Eunice Dillon, of the class of 22, who is teaching Home Ec. in Wilby High School, Waterbury; Marion Morris, also a member of the class of 22, who is head of the History Department of Meriden High School; Christine McMenamy, of the class of 20, and several others.

Among the Economics at Bacon Academy, Chead- eseter; and Mrs. Louis Alexander, '22, of Storrs.
TAURUS BOARD

MAKE DONATION

Prof. H. A. Seckerson to Make Choice of Books

Professor Howard A. Seckerson of the English Department received the sum of twenty dollars from the Taurus Board to be expended on books for the library.

It was the feeling of the members of the Board that since the money represented the profit of a literary endeavor, it should most fittingly be used for the buying of books for the English Department.

The first issue of Taurus, semi-annual co-ed publication, appeared in January. It represented the initia attempts on the part of the women students to publish a magazine.

Having succeeded in its purpose "Taurus" has become established as a regular semi-annual publication of the college. The next issue will be published in June.

VICTOR BIArt

INTERPRETS SCHUBERT

Vctor Biart, introduced by Dr. Deeninger as a member, ex officio, of the faculty because of his many welcome visits here, entertained in Assembly Wednesday. Franz Schubert was the subject of his interpretation. After a brief biographical introduction Mr. Biart interpreted, very ably, four of Schubert's pieces. The first number was an "Impromptu in B flat" which was characteristic of Schubert in its variety. This was followed by a set of waltzes, a series containing expressions of a variety of emotions. An "Impromptu in A flat" concluded the program but Mr. Biart gave an encore the "Spinning Song" from the great opera, "The Flying Dutchman."

The Ox Woman

On an East Indian farm, where the crop is tea, a wooden plow turns up the rich black soil. A woman drives, another woman pulls—and a black ox pulls beside her.

Six hours under a tropical sun, a bowl of cold rice—and six hours more. Then the woman goes to her bed of rushes, and the beast to his mud stall. Tomorrow will be the same.

The American home has many conveniences. But many American women often work as hard as their Oriental sisters. They toil at the washtub, they carry water, they churn by hand—all tasks which electricity can do for them at small cost, in half the time.

The labor-saving possibilities of electricity are constantly becoming more widely recognized. And the social significance of the release of the American woman from physical drudgery, through the increasing use of electricity in and about the home, will appeal instantly to every college man and woman.

football. He played regularly on the

and the year before he was a member
of the freshman eleven. He was also
a member of the varsity basket ball
squad.
Daly was not present to receive his
certificate, as he withdrew from col-
lege at the beginning of the second
semester to work on the poultry farm
of Fellows Brothers in Norwichtown.
He was able to do this, because he
has through his excellent class work
already made credits enough to be
classified in the registrar's office as
a senior. When the call for football
practice is sounded next September
however, Daly will return to Storrs
to make up his credits.
Daly is a younger brother of Maurice
Daly '23, regular center on the 1925
West Point football team, and of his
class was judged: three of beef, three of
sheep, and three of swine.

FRESHMAN HAVE
FIRST WORKOUT

Last Saturday afternoon Coach Al-
exander's nine had their first real
workout of the season. Playing against
the regular Varsity nine for a few
innings gave Coach Alexander a good
chance to see how his yearlings acted
in a game.

The Frosh pitching staff, consisting
of Hooper and Metcalf, looks very
promising. E. Watson on the receiv-
ing end showed exceptional ability in
handling both pitchers.

Havercat, playing second base and
Callahan at left field showed good
form and their handling of the ball
was of high order. Both of these men
loom up as heavy hitters.

Coach Alexander used the follow-
ing men from his squad of thirty-five:

.. to this, he is a member of the Stu-
dent Senate, and of his class swim-
ning team.

Charles Worthington Phelps, while
not a participant in student activities,
had made an exceptionally good sche-
lastic record, being one of the ranking
men in his class.

Charles A. Clark is at present
photograph editor of the "Nutmeg"
vice president of his class; was a
member of the "Blue and White
Club"; is a member of the Medici;
and also of his class swimming team.

AMHERST JUDGING
TEAM VISITS AGGIES

On Saturday, April 10, ten Animal
Husbandry students, four of whom
were girls, from Mass. Aggies visited
here. They were training for fall
judging teams and were accompanied
by Prof. Rice. It is from the group
that judging teams in Dairy and Gen-
eral Live Stock will be selected.
It is interesting to note that they
considered the stock here sufficiently
important to spend a day here. Twelve
classes of stock were judged: three of
horses, three of beef, three of sheep,
and three of swine.

Here we have another example of
woman stepping over the threshold of
home life. In a judging contest at
Chicago University, the high man
turned out to be a girl who took first
place among 120 contestants.

PICTURES ADDED TO BEACH COLLECTION
A group of pictures, presented to the college by President Charles L. Beach as an addition to the Louise Crombee Memorial Collection, will be hung in Holcomb Hall Friday, April 16. The group consists of the following pieces: "Mantle of Winter," by Guy Wiggins; "Drying Sails," by Oscar Anderson; "Venice by Moonlight," by George Bogue; "Path of the Axe," by Albertus E. Jones; "When Winter Wanes," by John E. Costigan.

There are in the collection at present two landscapes: "Winter Evening," by Daniel F. Wentworth, and "Swiss Landscape," by James Wills Champney, and one marine scene, "Rockport Harbor," by Edith Stevens. There are also two portraits by Ellen Emmet Rand, one of President Beach, presented by the Alumni, and one of Mrs. Beach presented by him.

HEALTH LECTURES DISCONTINUED
The Public Health Lectures which have been held on Wednesday evenings are to be discontinued for the remainder of the semester. This has been found necessary since the room, Main seven, in which they were held is no longer safe to accommodate large gatherings; and the next largest room which would be in anyway possible is up in the Poultry Building, but is considered to be at too great a distance to warrant a large attendance. Many people will be disappointed because of this, but it is hoped that another such opportunity will be afforded next year.

Twenty-five freshman are candidates for the 1926 Connecticut Aggie yearling track team and are practicing daily.

Coach Daly says that the freshman track squad has the best natural ability of any class that has ever entered the college. The prospects for the remainder of the season are so far, and the men are rapidly hitting their stride preparing for the coming meets with Dean Academy May 13, and with Rhode Island State May 20.
Conference to Be Held at Bates College

Three years ago the W. S. G. A. of C. A. C. became a member of the Conference of Woman Student Government Associations of the Co-Educational Colleges of New England. Every year a three-day conference is held at one of the member colleges. This year it is to be at Bates College, in Lewiston, Maine, on April second, third, and fourth.

Miss Elizabeth Service, president of the Connecticut Association, and Miss Barbara Case, president-elect, will represent Aggie Co-eds.

An interesting program of lectures on organization and honor systems, and of discussions of disciplinary problems has been arranged. Much benefit to the individual associations is derived by the interchange of ideas.

**CLASSROOMS IN MAIN CONDEMNED**

During Easter Recess the second and third floors of the Main Building were condemned for use as class rooms for classes with more than ten or twelve members. This is because of the weakness of the building due to the removal of the original supports in the basement from time to time. The South wing and the center of the building have been affected. The North end is still safe for use as class rooms. The defects found were sagging of floors and pulling away of the South wall of the South Wing. This wing is particularly insecure since the main wall has moved away from its proper place. Pulling away of these walls has caused the roof to sag since there are no collar beams in the framing. The floors and the two upper stories are all out of level. The plaster on the ceilings is cracking, particularly in the large class room, and is considered unsafe.

It is thought that steel beams and lally columns may be used to reinforce the upper floors and a brace put against the South wall. If such is the case, classes will again be held in "Main." Fire exits for the upper floors are also recommended.

The Main Building was built in 1890. The North End was used as a chapel and later a floor was built into the basement so that there might be a second floor in the wing. This is at present a Chemistry Laboratory. The remainder of the building served the needs of the student body of one hundred and fifty.

At present the building houses the library, department offices, offices of the President, Registrar, and Treasurer, laboratories for Chemistry and Zoology, Book Store, Post Office, Mail Room, Museum, and storage rooms for College Supplies.

**NEW OFFICERS OF W. E. C. ELECTED**

Frances Hopkins '27 was elected president of the Women's Executive Council, and Mildred Carlson '28 secretary-treasurer at the meeting on April 8. These girls will not take office until next September, but will sit in at the rest of the meetings this year.

The Executive Council is a body which consists of a president, a secretary-treasurer, and chairman of all organized groups for a consistent regulation of affairs at Holcomb Hall.
