Students Answer Call to Fight Fire
In State Forest.—Struggle Back
For From After Grilling Twenty
Hours at Fire.

A serious fire, resulting from the
backfiring of a truck engaged in
hauling cordwood from the woods
started last week in the vicinity of
Eastford, and it was not until two
days later that the blaze was finally
extinguished. Over twenty-five hund-
dred acres, nine hundred of which is
state forest reserve, were burned
and the damage, although not yet estimated, will run into many
thousands of dollars.

About twenty student volunteers
were called out Thursday, and these
led by Professor Moss, assistant sta-
tivist, spent the entire night and a
great part of Friday, endeavoring to
keep the fire under control. Several
of the students and Professor Moss
worked constantly for nearly thirty
hours fighting the terrific blaze which,
fanned by a fresh wind, seemed to
swamp everything in its path. On Fri-
day morning about thirty more stu-
dents answered the second call for
volunteers and went to the relief of
those who had been on duty all night.
By this time the fire had become so
serious that two gangs of laborers from
the state road had been con-
scripted into the small army of farm-
ers and students, and soon afterward
the fire was gotten under control.

DEPARTING BOARD
HAS CLEAN SLATE

Pay All Debts Financial Report Shows:
—Wipe Out Hangover Debt

This year's Campus Board leaves
The Campus with a clean slate, a sur-
vey of the financial report made pub-
lic by the business manager indicates.
Next year's Board will be able to take
over the responsibility of running The
Campus without being hampered from
the outset by a hangover debt, as has
often been the case in previous years.

This year's Board took upon itself
the task of clearing up a debt of $179
incurred by previous years' Boards.
In the course of the year it has done
this, thus entirely wiping out the
hangover debt which has been saddled
upon Board after Board in the past
few years.

A glance at the financial sheet re-
veals the fact that the total receipts of
the year have been $1,283.54, as
against a total expenditure of
$199.42, leaving a balance of $884.12.

Another interesting fact is that nearly
three hundred dollars is still due The
Campus from admissions.

The report, which covers this past
year from September to May 1, is as
follows:

<table>
<thead>
<tr>
<th>Receipts</th>
<th>$625.42</th>

R. O. T. C. MEN GO
TO CAMP DEVENS

Junior Members of Local Unit to Re-
port For Summer Training on
June 18.

Orders have been received by Cap-
tain C. E. Crin from the War De-
partment instructing the junior offi-
cers of the local R. O. T. C. unit
to report at Camp Devens on June
18 for a six weeks' training course.
This course is one of the requirements
which must be fulfilled before the men
enrolled in the advanced Military
Science course can be granted their
commissions in the reserve army.
The men who will attend Camp
Devens are this summer seniors D.
Anderson, L. Richard Belden, Rudolph
A. Billip, Nelson T. Hoadley, Herman
Guaguer, Arthur L. Loretoto, Ronald
Mason, Cecil R. Smith and William
Bendokas.

Horace Murphy and Francis A.
Ryan will meet the summer camp re-
quirement at the close of their sopho-
more year by attending Camp Meade
this summer.
Makofski pitched a two base hit with two men on. He retired two clean hits and got a two base hit with two men on. Mulligan was Mahnkin, 1b 6 Newsholme hit to out the next two men to face. Makofski took a AHEAD games that has been seen on the darkness and the approaching storm.

WILLISTON NOSES OUT CONN. AGGIE YEARLING

Williston Academy baseball team defeated Con. Aggies freshman here in a contest that was marred by loose batting play by Conn. Aggies.

Score by innings:

Trinity 4; base on balls, Off Makofski Schofield 1 in 3, Gates 4 in 2; winning pitcher Beech; losing pitcher Rust, two base hits, Off Makofski. Time, 2:20.

FROSH TRACK MEN DEFEAT DEAN

The Freshman track team opened their season with a hard-fought victory over Dean Academy at Franklin last week. The meet was close throughout, but the Frosh winning through their strength in the field events. Their weakness lay in the short dashes. Connecticut took eight first places.

The stars for the Frosh were Schildgen and Ellioth. They scored nine and eight points respectively. Schildgen's javelin throw was the outstanding feature of the meet, as he threw it 154 feet, 2 in., which is only six feet less than the varsity record.

The summary:

120 yard hurdles—Emerson (D), Newnan (D), Time, 16.2 sec.

220 yard low hurdles—Hewitt (C), Cameron (D), Time, 20.4 sec.

100 yard dash—Austen (D), Drugg (C), Haversat (C), Time, 10.5-2.5 sec.

220 yard dash—Dortheren (D), Haversat (C), Austen (D).

Hammer throw—Ellioth (C), Schildgen (C), Sayers (C). 115.9 ft.

Shot put— Carmichael (D), Ellioth (C) (Gilman (D), 48.25 ft.)

440 yard dash—Katzman (C), Auston (C), Dotteren (D). 55.4 sec.

Javelin—Schildgen (C), Carpen ter (C), Stone (C), 2 in.

Mile run—Shanly (C), Hackett (D), Poley (C). 5 min. 42.2-2.5 sec.

Discus—Carpenter (D), Schildgen (C), Schildgen (C). 94 ft. 4 in.

High jump—Callahan (C), Carpenter (D). 6 feet, 4 in.

Broad jump—Drugg (C), Haversat (C). Tied for first, 19 feet, 4 in.

Connect. Frosh, 62; Dean, 49.

FROSH DEFeated BY POMFRET NINE

The Freshmen emerged on the short end of a 7-3 score in a game played with Pomfret last week end. Erratic playing, coupled with the inability to hit when hits meant runs, caused the downfall of the first teamers.

Metcalf, the Freshmen's star twirler, was not in his usual form, and issued a number of free passes. Pomfret connected for five hits from Metcalf's delivery, while the Freshmen hit a total of seven bases. Pomfret used two pitchers during the contest.

Schlegel and Ellioth high scorers—Frosh Take Eight Firsts

In place of the customary banquet for the entire girls' basketball squad. Coach Guyer has planned a series of three supper parties to be held in his home. The last of the three groups will include those girls who have earned their letters. They will elect the captain for the following season.
THE CONNECTICUT CAMPUS

NANFELDT LEADS AGGIE HITTERS

Prospects Bright For Successful Season

With six of the Aggie nine hitting over .300 Connecticut is expected to have the best season in baseball in the history of the college. The Aggies played five games, winning three and losing two. Brown defeated Connecticut in the first game of the season but the next three games were wins for the fighting Aggie nine. NANFELDT feated Connecticut in the first game of the season after a hard battle. "Jumbo" Nanfoldt is leading the batting with a .500 percentage but Schofield is right behind with .444. Schofield, Horne, Gilbert and Nanfoldt are at the top of the fielding percent age, having gone through five games without an error. The team's hitting power is .320 and their fielding strength .937.

FORESTRY CABIN SITE CHANGE

Due to the death of the owner of the land on which the Forestry Club was erecting a shack for college camping parties, and the probability of the land changing hands, plans for its completion in that location have been dropped. The shack was nearing completion, Professor Moss and the club members having put in much work with the intention of finishing the camp on Connecticut Day.

A new site has been located on college property, near the dam on the Fenton River. On Connecticut Day the Forestry Class and Club, under the able direction of Professor Moss, started work on the new building. It is expected that the camp will be completed by the end of this week.

The cabin is being built of logs hewn from the forest. It is an open front structure, facing the south, with a porch on the north. A small shed containing a wood stove and numerous springs in the vicinity, real camp life can be enjoyed. A fire- place which will provide good cooking facilities, besides adding a cheery aspect to a chilly evening, has been con- structed.

All faculty members and students will be allowed to use the cabin for parties, and it is hoped that cooking utensils will be added to the equipment. One restriction is made, however; all parties using the camp must have a fire permit. This may be ob- tained from Professor Moss.

Besides furnishing the community with a cabin, the Forestry Club, on Connecticut Day, built three fireplaces for the college picnics. One was built in the grove behind Holcomb Hall, one in Gurneyville near the Fenton River, and another on the road to Eagleville. These will be great conveniences to everybody, and reduce the fire hazard.

FACULTY HEADS INTERCLASS BASEBALL

Interclass baseball games started last week. These games are played each Monday evening, and are being featured this year by the entrance of the faculty in the competition. The faculty are quite successful to date, winning all of their games. The ac- tivity, after winning the class basket ball championship, are trying to an- nex the baseball title, as it is their last opportunity to show their excellence in sports.

The standing to date is as follows:

AGGIES ACT AS FIRE FIGHTERS

(Continued from page one)

The drenching rain, which began Fri- day forenoon, was a great boon to the fire-fighters, but even with the rain there were many danger spots which persisted in smoldering, and men were kept on patrol duty during Friday af- ternoon and evening.

The efficiency of the new portable pumps was thoroughly tested and proved exceedingly satisfactory. With much of the fire in thick timber or some of which was of coniferous type, beating the fire out was impos- sible; and the pumps were used exten-sively, although in some cases water had had to be carried from long dis- tances.

Mr. Austin F. Hawes, state forester, commended the work of the students very highly, and stated that the fire was handled most efficiently. He considered the fire to be by far the most serious in the state this year.

MAGAZINE, "TAURUS" ISSUED LAST WEEK

Copies of the second issue of the "Taurus" were distributed last Fri- day. The "Tauri" is the result of an attempt to create a Co-ed literary magazine at C. A. C. The first issue was published in January, and at that time plans were made to have the sec- ond number ready for distribution Ju- nior Week. Those on the present board are: Editor, Flora A. Kaplan; Associate Editor, Estelle N. Cohen; Business Manager, Sally Ellenoky; Advertising Board, Esther Lash, Eth- rathy Dudley, and Julia Sklarinsky.

THE STUDENTS’ PART

As the Community House nears completion, announcement is made of the $10,000 gift of Mrs. William H. Hall and Miss Rosa M. Hall of Wil-lington, which comes as a memorial to the late Colonel William Henry Hall. It is the wish of the donors of this gift that it be entirely used for the furnishing of the Community House. In accepting the gift, the Trustees agreed to comply with the request of the donors, and plans are well under way for the furnishing of the new building.

It had been estimated that the amount necessary to furnish the Community House would be approximately $15,000. Many different groups had been given the opportunity of raising the necessary funds. To the student body was given the opportunity of furnishing the Social Room of the new building; the amount asked for was $2,500. Of this sum, approximately $1,500 was promised by the classes in college last year, leaving a sum of $1,000 to be raised before the goal was attained. The present freshman class has not yet been solic- ited, but it is expected that they will pledge a good part of the amount yet to be raised, as the benefits which they will receive from the Community House and Church will be greater than that of any other class now in the college.

Since the Hall gift has been made, the Trustees have found it necessary to make several changes in their plans in regard to the furnishing of the Community House. Inasmuch as the $10,000 has been promised with the request that it alone be used for the furnishing of the Community House, the money being raised by certain groups for that purpose must be em-

ployed for some different projects. Those in charge of the Community House Fund are now faced with the question as to just what the money included in the Hall gift can be used for. Among the suggestions made is one which appeals to us, and that is that the funds pledged by the student body be used for purchasing a clock to be placed in the steeple of the new church. This clock would be placed in the steeple from any angle on the campus. We believe that all will agree that the college is in need of a central time piece, and that the majority of the students would welcome their support to this suggestion. There may be some who, however, at first will not be inclined not to favor the plan, since the suggestion is that the clock should be placed in the church and not in the Community House. But when one considers that the clock would be more serviceable if placed in the higher altitude of the church steeple and that the entire community would be benefited by it, we urge that all who are concerned with the suggestion give it their attention and support.

CO-EDS ENTERTAINED AT COLUMBIA LAKE

A group of fourteen Co-eds spent the week-end at Columbia Lake as guests of Mr. Samuel Chesboro of Bridgeport. The trip was arranged by the Hon- imistic, with Miss Keyes as Councillor. Mr. Chesboro, due to his interest in dramatics, offered the use of his boat to the students and the entire goal was attained. The present plant of the Narragansett Electric Company is the sole survivor of any other class now in the college.

PETITION FOR OLD CHURCH

A movement has been started by dramatic enthusiasts of the college to buy the Storrs Church building and convert it into a college theatre. Last week several petitions were circulated among the students, asking their support of the project. More than four hundred names were affixed to the petition.

If the proper authorities agree to sell the building to the State College for Agriculture, plans will be made to move the interior of the structure so that it may be used next fall. The building will probably be moved to a site opposite the Dairy building.

ALPHA TAU PHI ELECTS TWO

John R. Horne of Lynn, Mass., and Charles W. Phelps of Andover, Conn., were recently elected to the honorary fraternity. Alpha Tau Phi. Both men are members of the Class of 1927 and Sigma Phi Gamma Fraternity.

CO-EDS ELECT BASKET BALL MANAGER

Dorothy Hughes, who has been as- sistant manager of Co-ed basketball, was chosen manager for the 1926-27 season at a recent meeting of the Athletic Association. Margaret Torrey was elected assistant manager.
You'll need no Pick and Shovel
To unearth this TREASURE

MAYBE, when you heard about the fellow who found a gold mine in his back yard, you wondered why you were cheated when the rabbit's foot was passed around.

But wait! You're going to have the thrill of a bit of easy treasure-finding, too.

Without the need of a map, a compass or a pick and shovel, you're going to walk around the corner and find a wealth of OLD GOLD— that new treasure of cigarettes—

— with a charm as alluring as a chest of bright gold guineas

— waiting for you — for 15¢ — at the nearest cigarette counter in your own neighborhood.

OLD GOLD represents 166 years of tobacco-blending "know how".

But we don't intend to spoil your surprise party by revealing all of its delights. You're entitled to your own OLD GOLD adventure.

So we simply say: Buy a package of OLD GOLDS today—and smoke out the evidence. You'll agree they are truly OLD GOLD, the highest possible standard in quality and cigarette value.

OLD GOLD
THE TREASURE OF THEM ALL
20 for 15¢

The Product of P. LORILLARD CO., Established 1760
DO NOT BELIEVE WHAT HAS BEEN JUDGED

by Romain Rolland

From the Fourth Anniversary of The New Student, reviewing four years of writing on student problems, by students and authors.

The first piece of advice I give you is beneficial enough. Do as Descartes did before recording your own "Tabula Rasa." Revise by yourselves all the beliefs you have heard and read.

A long time I was a member of a university where I watched my life in preparing for and passing examinations—the whole series of college and the Universities and the Ecoles Superieures—then in my mind I kept the university at the Ecole Normale in Paris and at the Sorbonne.

The implication of the word, war—military, economic, diplomatic and understand the environment in which war is waged. Those who shall guarantee this standard? We want all men to be free and strong. Above all, on certain social beliefs, want to judge ourselves and others. Considering, I beg of you, the way in which the history of today is written. It is because we shall never see tradition; we can never state history.

Tradition is a past already known by others, expurgated, systematized. And who shall guarantee this choice for us? On what is it based? Above all, on the spiritual beliefs, tacit or expressed; on certain formulas, family, and the nation.

Consider, I beg of you, the way in which the history of today is written today. Barely is the war terminated when it is in Europe, in every nation, men rushing to write the political, economic, and intellectual history of these years of war—men who were statesmen, diplomats, generals, financiers, and politicians for war. That is, the men most interested in the war make themselves its judges—judges and partisans...

Even in good faith, how is it possible for them not to falsify the truth? What is done today has been done and always human passions, consciously or not, have guided the hand of history.

What then is to be done? What is to be known? To begin with a new and untutored skepticism, not frivolous and lazy, but virile and serious, a faith which looks honestly for a solid heritage, but which refuses to come to a conclusion before gathering the elements of an honest judgment. Before reaching this point you will have to strip yourselves of all particularity. Try to climb out of yourselves and your prejudices. Seek on all occasions to understand those arguments which differ from yours, the arguments of your opponents. All history will excite me for returning to this subject, but I was a historian by profession before I became a novelist—history is the history of conquerors, of victorious races, of victorious classes, and victorious men in these races and classes. For these races, these classes, these men of victory we have officially fabricated a special morality. In our people and the heroes of our people we

THE CONNECTICUT CAMPUS

DRUIDS MAKE FIRST APPEARANCE

The seven seniors who make up the Druids, the secret society of college, were distinguished at the dance last week by the red sashes which they wore. The Seniors who comprise the present Druids are Gerald A. Allard, Milton Moore, Earl Jaco, Sidney Lewis, Harry Wardle, Paul Biggood and William Makefoz. These men were chosen because of their prominence in student activities. Harry Wardle, who completed his college course last semester was the Editor-in-chief of the "Campus," a member of the Student Senate and a regular member of the base team. He is a member of Theta Sigma Chi. Milton Moore edited the "Nutmeg" last year and was president of his class. He belongs to the Phi Mu Delta fraternity. Gerald Allard is a better man in three major sports, president of the Athletic Association and a member of Theta Sigma Chi. Earl Jaco is president of the senior class; he was business manager of the "Nutmeg" last year. His fraternity is Alpha Gamma Rho. Sidney Lewis is the president of the Student Senate and the Student Organization and took an active part in other student activities. He is a member of Phi Epillon Pi. Paul Biggood and William Makefoz are both three letter men. Biggood was the only man who held this honor last year. They have both played important parts in other college activities and are members of the Eta Lambda Sigma fraternity.

Rene Fonck, the "Ace of Aces," who is credited with having brought down seventy-five German planes during the war, will come for the $25,000 offer made to the first non-stop airplane flight from New York to Paris. At this time. Willimantic Connecticut.

I've just been informed that the students should down seventy-five German planes during the war, and military tactics, it is perfectly natural that the students should cut into these two fields are the most important to the country at this time.

The following list is as near correct as possible:

- Army: 27, 14.89%
- Extension: 19, 10.44%
- Farming: 96, 53.84%
- Forestry: 14, 7.68%
- Miscellaneous group 24, 13.15%

The Connecticut Agricultural College closed formally at noon, Saturday, May 12. The demand upon the student body for men trained in agriculture has been so heavy that the supply of men has been practically exhausted and no one was left to attend classes.

The Extension Department in cooperation with the United States Department of Agriculture has secured the services of Mr. J. A. Simms of West Raleigh, N. C., for Pig Club work in Connecticut. Mr. Simms will also handle some Extension work in Iowa.

- B. A. Brown '16, has been recently appointed superintendent of the experimental plots for the Extension Station.

The following provisions regarding withdrawal from college were put into effect:

Voted by the Faculty:
1. That except in the case of senior students in college or school all credits be withheld until the fall semester. At this time each case shall be investigated and judged on its merits.
2. That a committee be created to secure appointment or evidence of appointment to positions in productive work for students; that such students as secure work approved by the committee be allowed to leave for immediate service.

Rules of the Committee:
- Any student may withdraw from school or college at once under the following conditions:
  A. That he present to the registrar satisfactory evidence of productive employment.
  B. That he make in writing a monthly statement concerning his work, such statement to be signed by his employer.
  C. That he present to the registrar before leaving a statement of honorable discharge from the Military Department.

Note 1—Credit will be determined on the basis of present standing and the record of summer's work.

Note 2—Students in Home Economics are required to take one week's course in canning unless excused by the head of the department of Home Economics.

The following will show, in detail, just what the students are doing since C. A. C. teaches both agricultural and military tactics, it is perfectly natural that the students should cut into these two fields which are the most important to the country at this time.

The following list is as near correct as possible:

- Army: 27, 14.89%
- Extension: 19, 10.44%
- Farming: 96, 53.84%
- Forestry: 14, 7.68%
- Miscellaneous group 24, 13.15%

The Connecticut Agricultural College closed formally at noon, Saturday, May 12. The demand upon the student body for men trained in agriculture has been so heavy that the supply of men has been practically exhausted and no one was left to attend classes.

The Extension Department in cooperation with the United States Department of Agriculture has secured the services of Mr. J. A. Simms of West Raleigh, N. C., for Pig Club work in Connecticut. Mr. Simms will also handle some Extension work in Iowa.

- B. A. Brown '16, has been recently appointed superintendent of the experimental plots for the Extension Station.

The following provisions regarding withdrawal from college were put into effect:

Voted by the Faculty:
1. That except in the case of senior students in college or school all credits be withheld until the fall semester. At this time each case shall be investigated and judged on its merits.
2. That a committee be created to secure appointment or evidence of appointment to positions in productive work for students; that such students as secure work approved by the committee be allowed to leave for immediate service.

Rules of the Committee:
- Any student may withdraw from school or college at once under the following conditions:
  A. That he present to the registrar satisfactory evidence of productive employment.
  B. That he make in writing a monthly statement concerning his work, such statement to be signed by his employer.
  C. That he present to the registrar before leaving a statement of honorable discharge from the Military Department.

Note 1—Credit will be determined on the basis of present standing and the record of summer's work.

Note 2—Students in Home Economics are required to take one week's course in canning unless excused by the head of the department of Home Economics.
TO NAME DOORWAYS IN NEW DORMITORY

Will Place Tablets In Honor of Six Deceased Alumni

Doorways of the New men's dormitory now under construction will be named for six deceased graduates of the college, according to an announcement of President Charles Lewis Beach.

Over the six doorways will be placed tablets suitably inscribed, one for each of the following: Arthur Joseph Pierpont '96; Herman Deane Edmond '04; William Alonso Stocking '05; Ralph Davis Gilbert '97; Martin Moore Frisbee '06; and Charles Warren Bohen '08.

The new dormitory will be named for the late William Henry Hall of Willington, a former trustee of Connecticut Agricultural College.

SHEEP SHEARING CONTEST HELD

The college entrants in the Connecticut Sheep Breeders' Association's shearing contest made a creditable showing, Sam Dorrance 28, taking third place in the open hand shearing class and tying for second in the professional's class. Charles Baker '26, a novice at the game, took third place in machine shearing, being beaten by G. Storrs, a former student here. Storrs also placed in the professionals' class. Joseph B. Pritchard, sheepherd of the flock at the college, took first places in both the hand shearing and professional classes.

Among those attending were President Beach, Director Ellis, Commissioner of Agriculture Platt, J. C. Fawcett of M. A. G., J. H. Frandsen and Professor H. L. Garrigus of Storrs.

ATTEND HOME ECONOMICS CONFERENCE

Several members of the Home Economics faculty and members of the senior nutrition class attended a meeting of the State Home Economics Federation held at New London last Saturday. An interesting program was arranged by Mrs. Marlon Dakin, president of the association. The morning session consisted of three short talks and a trip to the New London Children's Clinic. Following a luncheon served by the school cooking classes, Mrs. Mary S. Rose of Teachers' College, Columbia University, lectured about recent advances made along nutrition lines.

SOPH CO-EDS HOLD SUNRISE PICNIC

Last Sunday morning the Sophomore Co-eds hiked down the Garley ville road to the Fenton river, where they held a sunrise breakfast, consisting of frankfurts and rolls, bacon, pickles and coffee.

The return trip was made by way of Cole-Dal Falls and Horsebarn Hill. Plans had been made to go to Fifty-foot for the picnic, but a fire permit could not be obtained on account of the dry weather.

VISITORS PRAISE COLLEGE STOCK

During the last week the high quality of the live stock kept by the College was again recognized, when two more student groups made an inspection of the stock and poultry of the college. A class of the fairer sex from Windham High School spent an afternoon at the college and showed much interest in the birds and buildings. Mr. Moroland acted as guide.

The second group, from New Mil ford High, under the leadership of George Wells '25, spent the week-end on the Hill examining the stock and, upon leaving, seemed exceptionally enthusiastic about the college.
