MINUTES OF THE MEETING
OF THE
BOARD OF TRUSTEES
THE UNIVERSITY OF CONNECTICUT

Held at Storrs April 21, 1971

The meeting was called to order at 10:05 a.m. by Chairman John J. Budds. Trustees present were: Mesdames Jones and Kronholm, and Messrs. Benton, Bishop, Budds, Holt, Macdonald, Marcus, McCormick, Nielsen, Tasker, and Waller.

Also present were: Provost Gant and Vice Presidents Evans, Wilson and Patterson.

All actions taken at the meeting were by unanimous vote of Trustees present.

1. Chairman Budds, on behalf of his colleagues, extended a cordial welcome to Mr. John Macdonald, the new Commissioner of Agriculture and Natural Resources. Mr. Budds noted that the current membership of the Board reflects a total of six alumni.

2. THE BOARD VOTED to approve the minutes of the meeting of March 17, 1971.

3. Acting on Mr. Tasker's recommendation as Chairman of the Finance Committee, THE BOARD VOTED to approve the following contracts and agreements and authorized the President, the Provost, the Vice Presidents or the Assistant Vice Presidents to sign the necessary documents on behalf of the University:

HEALTH CENTER

(1) Contractual agreement with Ernst & Ernst
Amount: $11,500 (paid by the University)
Effective Dates: June 1, 1971 through May 31, 1972
Purpose: To renew the auditing contract for McCook Hospital. The effective date is established at June 1, 1971 so that Ernst & Ernst may carry out an interim review of progress since the audit period ending September 30, 1970, as well as provide for the audit for the year ending September 30, 1971.

(2) Transfer of Funds
From: Personal Services $200,000
To: Hospital Fund $200,000
Purpose: To provide authorization for the Health Center to implement the remaining fund transfers required to overcome the McCook Hospital deficiency problem for the remainder of the 1970-71 fiscal year. This, together with prior authorizations, will permit a total of $870,000 to be provided for the hospital from Health Center appropriated funds and in accordance with current estimates will meet remaining hospital problems for the rest of the year.
Mr. McCormick, noting that the University was one of the few agencies that had not requested a deficiency appropriation, commended the administration for staying within their budget. Chairman Budds added a note of thanks to Gordon Tasker for the personal time and attention he has devoted as Chairman of the Finance Committee.

4. Mr. Tasker reported to the Board that the present Health Center library needs to be relocated shortly to another temporary location. The new location would be the Farmington Industrial Park in a separate building constructed specifically for this purpose. Mr. Tasker also informed the Board that the Finance Committee, in effect, has approved the direction of the Health Center efforts in the search for a new library location.

5. Chairman Budds called the Board's attention to a communication from Mr. Jack Paull of West Hartford regarding the student parking at the Greater Hartford Campus. The Trustees expressed their concern and urged the administration to look into the parking situation.

Mr. Budds also called the Board's attention to recent correspondence from Mr. John Driscoll, President of the Connecticut State Labor Council, AFL-CIO, Mr. Stephen Favreau, Secretary-Treasurer of the Connecticut State Council of Machinists and Mr. John Bannan, President of the Connecticut State Federation of Teachers recommending an independent status for the Labor Education Center. Provost Gant informed the Board that a special committee is reviewing all extension service programs at the present time. It was agreed that the communications would be turned over to the study committee for further consideration.

Chairman Budds circulated, as a matter of information, a letter received from Dr. Samuel Zahl, Associate Professor, Department of Statistics, regarding the University's transportation problems.

6. After calling attention to recent statements of opposition to the imposition of a tuition at the University by the Alumni Association and the Executive Committee of the University's Council on Human Rights and Opportunities, Mr. Budds called upon Dr. Dorothy Goodwin, Director of Institutional Research, for a brief summary of the February study on sources of funds available to students to finance their education. Miss Goodwin indicated that it was difficult to make generalizations in estimating the impact of the tuition proposal. About 57 percent of the full time undergraduates were identified as financially dependent on parents and 18 percent receive no cash support from their families. Some 2.5 percent of the students, not only receive no help from home, but they must contribute to the family income. Miss Goodwin noted that the median family income of $13,200 for students' families would rise if a tuition charge was established since the low income families would be virtually
She also pointed out that 7.7 percent of the students were not only first generation college students, but also first generation high school. In summarizing her presentation Dr. Goodwin underscored the difficulty of making generalizations about the financial needs of University students.

During the discussion that followed, Mr. Macdonald called for a study of the ability of the students to pay for their education. He felt that the University was attracting students because it was an educational bargain and questioned the advisability of expanding the institution on this basis. Mr. Waller remarked that the University should try to attract more students and to make education available to all who could benefit. Senator Benton, referring to his years at Yale, recalled that sacrifice was expected of the students and urged the consideration of the Yale plan of graduates returning a percentage of their yearly income to the institution. After further discussion, it was agreed to explore payment programs such as the Yale repayment plan and to obtain additional data on student contributions toward the cost of their education.

7. Provost Cant presented Mrs. Ruth Kirschbaum's proposal to establish the Edward H. Kirschbaum Library Memorial Fund for the Waterbury Branch with a contribution in the amount of ten thousand dollars. The conditions of acceptance were explained and THE BOARD VOTED to accept Mrs. Kirschbaum's most generous proposal. At the same time, the Provost called the Board's attention to a communication from Miss Anna Kirschbaum expressing her wish to donate one thousand dollars for the purchase of a permanent print collection to be housed in the Edward H. Kirschbaum Library. The Trustees expressed their approval of the suggestion and asked that a letter of appreciation be sent to Miss Kirschbaum.

8. THE BOARD VOTED to approve the following appointments to the Student Union Board of Governors:

    STUDENTS

Stephen Zielinski
Sally Ann Bartosik

David Howlett
Lauri Denberg
NON-STUDENTS

Miss Judith Hirsch
Mrs. Helen Watson
Mr. Vincent Bernardi

9. Mr. Evans distributed a listing of University fines and charges applied for damage to property. Mr. Marcus expressed his concern with the absence of "due process" and appropriate channels for appeals. In further discussion, Mr. Nielsen indicated that it was unfair to assess all dormitory occupants for thefts from the public areas of the units. It was agreed that the administration would review their present system of assessing fines.

10. Noting that the Commission for Higher Education has recommended the creation of a Higher Education Center in Waterbury, the Board was reminded of the resolution adopted at the Trustees' meeting on December 20, 1967:

RESOLVED: That the Board wishes to place itself on record as favoring meaningful cooperation at all levels among the University Branch and other institutions of higher education in the Waterbury area, including the development of possible programs and facilities to be shared in common; that the Board recognizes areas in which joint activity may yield substantial advantages, and welcomes cooperative developments in these areas which will at the same time preserve the essential characters of the several institutions.

Following a brief discussion, the Trustees reaffirmed their previous action.

11. Provost Gant referring to Walter Stemmon's "History of Connecticut Agricultural College," noted that the first meeting of the Board was held 90 years ago, almost to the same day of this Board's session. After a reading of the names of the initial Board, it was suggested that their descendants be informed of the historical reference.

12. Upon introduction by Vice President Wilson, Mr. Robert Harvey, Dean of the School of Business Administration and Mr. Phillip Wright, Director of the New England Research Application Center, acquainted the Board with the purpose and operation of the Center. Dean Harvey reminded the Trustees that the program was initiated as a part of the National Aeronautics and Space Administration's concern that the civilian economy benefit from the spin-off of its research efforts. NASA originally funded the University's Center with contracts totaling $1,100,000. The Dean described the Computer based operation of the Center as an information storage and retrieval clearinghouse. During its span of five years, the
list of clients includes 220 different industries and 30 public service organizations. Mr. Wright, in response to Trustees' questions, elaborated on the types of problems resolved by the Center and the cost to the clients.

13. Mr. McCormick expressed his pleasure with the recent recognition by the Alumni Association in granting their annual $1,000 awards to three faculty members who have compiled outstanding records in teaching, research, and public service. The recipients this year were: Dr. Irene Kirk, Associate Professor of Germanic and Slavic Languages; Dr. Hamilton Eaton, Professor of Nutritional Sciences, and Henry Hansen, Associate Director, Cooperative Extension Service. As a matter of information, background material on the award recipients will be sent to the Trustees.

14. Acting on a recommendation by Dr. Patterson, THE BOARD VOTED to approve an allied agreement between the School of Medicine and Winsted Memorial Hospital.

15. THE BOARD VOTED to accept the following scholarships, financial aids and gifts and requested the President to write appropriate letters of appreciation:

Mr. Marcus distributed, as a matter of interest to the Board, copies of two recent news articles relating to University investment and social responsibility. Mr. Marcus reiterated his hope that future Board meetings would provide a related series of information about the University which would enable the Trustees to obtain a comprehensive review of the institution's programs and operations.

18. No further business appearing, the meeting was adjourned at 1:20 p.m.

Respectfully submitted,

Merlin D. Bishop
Secretary
