17. Chairman Budds called the meeting to order at 1:15 p.m.

18. Mr. Waller's motion to return to executive session, seconded by Mr. Nielsen, was approved unanimously by members present. While in executive session, the Board took the following actions:

(A) President Babbidge informed the Board that Dr. Harold G. Hewitt, Dean of the School of Pharmacy for the past 21 years, had asked to be relieved of his duties as Dean of the School of Pharmacy and Director of the Pharmacy Research Institute upon completion of this academic year, if possible, but not later than the end of the first semester of the 1969-70 school year. THE BOARD VOTED to approve the President's recommendations.

(B) Provost Gant alerted the Board to the possible acquisition of a 65' Navy vessel outfitted for oceanographic work. The University's request has been filed but final disposition to be determined later.

(C) Provost Gant presented the following proposals relative to the payment of full-time faculty members associated with one of the University's affiliated hospitals, the Veterans Administration Hospital:

(1) That faculty appointments be given to full-time physicians and dentists at the Veterans Administration Hospital whose appointments are initiated and approved by the University.

(2) That supplements be provided to the federal salaries for the teaching contribution of these individuals.

(3) That the amount of the supplement be such that the salary scales of those at the Veterans Administration Hospital are comparable to full-time employees of the University Health Center.
(4) That the aggregate amount of supplements for teaching contribution to the federal employees at the Veterans Administration Hospital be not more than federal training and institutional grants received by the appropriate School.

(5) That federal funds made available for specific designated projects be used to support these projects, and that state funds which may be freed up through this support be used to extend the total faculty group by providing a source of state funds for supplementing the salaries of physicians and dentists at the Veterans Administration Hospital.

(6) It is understood that employees of the Veterans Administration Hospital obtain their job security through the federal system and, therefore, their tenure is obtained through the federal system and not through the University.

THE BOARD VOTED to approve the above proposals.

(D) President Babbidge identified tentatively the following bills relating to the University that may be introduced for legislative considerations:

(1) The sale of beer and wine at the University.

(2) Giving the Board authority to purchase University equipment and supplies.

(3) Permitting accounts receivable to be used as assets.

(4) The use of the University's name in connection with parking violations.

It was the sense of the Board that the President should proceed on these matters.

(E) The Board devoted considerable time to a discussion of the Committee of Five report and the status of disciplinary procedures initiated against faculty members alleged to be involved in recent campus disturbances. It was agreed that extracts of the Committee of Five hearings would immediately be sent to members of the Board. THE BOARD VOTED to adopt the following statement:

A faculty Committee of Five has, in accordance with the By-Laws of the University, considered charges brought against four faculty members. The report of the committee has been made available to the faculty members concerned and to all members of the Board. The report was prepared
without the cooperation of the faculty members concerned, all of whom declined to appear before the Committee of Five. The report appears to the Board to present grounds for serious disciplinary action against the faculty members involved in recent obstructions. The Board will, however, before taking action, afford to the four faculty members a further opportunity to be heard. In accordance with the spirit of recommendations made by the American Association of University Professors, these hearings will not be public. A transcript of the proceedings will be made, and the faculty members concerned may, if they choose, be accompanied by counsel. Details concerning these matters are to be communicated directly to the faculty members concerned.

Provost Gant was requested to notify the four faculty members: Messrs. Brover, Colfax, Leggett and Roach, that a special meeting of the Board would be held on Saturday, January 25, 1969 in Gulley Hall at Storrs beginning at 10:00 a.m. to provide them with an opportunity to be heard.

(F) The Board also heard a report on disciplinary action by the University Committee on Student Conduct against eight students involved in disruptive activities on the campus. The Board was informed that six of the eight students declined an opportunity to be heard by the Committee and that, as of this date, more than one month after the penalties were imposed, no student has initiated an appeal under the procedures which are provided.

19. No other business appearing, the meeting was adjourned at 3:10 p.m.

Respectfully submitted,

Guy B. Holt
Secretary pro tem
