MINUTES OF THE MEETING  
OF THE  
BOARD OF TRUSTEES  
THE UNIVERSITY OF CONNECTICUT

Held in Storrs

January 20, 1971

The meeting was called to order at 10:15 a.m. by Chairman John J. Budds. Trustees present were: Mesdames Jones and Kronholm, and Messrs. Benton, Bishop, Budds, Gill, Holt, Marcus, McCormick, Nielsen, Tasker and Waller.

Also present were: President Babbidge, Provost Gant and Vice Presidents Evans and Patterson.

All actions taken at the meeting were by unanimous vote of Trustees present.

1. Chairman Budds speaking for his colleagues extended a warm welcome to Mrs. Louise Kronholm who succeeds her mother, Mrs. Barbara Bailey, as a member of the Board of Trustees.
2. Chairman Budds referring to a copy of the Board Minutes dated January 17, 1951 congratulated Mr. Bishop for his twenty years of service on the Board. Mr. Bishop was presented with a desk set from his fellow members in recognition of his untiring efforts on behalf of the University.
3. President Babbidge presented the following recommendation by the Committee on Naming University Buildings:
  - (1) That the Continuing Education Center now nearing completion near Shippee Hall be named the MERLIN D. BISHOP CENTER.

The Committee notes the requirement that such buildings may bear the names of living persons only if they have distinguished themselves through service to the University. In Mr. Bishop's case this hardly requires comment. Mr. Bishop is just now completing 20 years of continuous and dedicated service as a member

of the University's Board of Trustees. For eight years he has served as Secretary of the Board, and since the establishment of the State's Commission on Higher Education he has been the University's representative on that important body. He has been an enthusiastic and intelligent supporter of the University before the general public, and a consistent dependable source of sound advice internally. Your Committee feels, moreover, that Mr. Bishop's long and distinguished activity in the fields of labor relations and adult education make it particularly fitting that the continuing education center bear his name. We commend this suggestion to your serious consideration.

Disregarding further observations by Mr. Bishop, THE BOARD VOTED to approve the Committee's recommendation.

4. THE BOARD VOTED to approve the minutes of the meeting of December 16, 1970.
5. Acting on the recommendation of Provost Gant, THE BOARD VOTED to authorize the granting of the Master of Fine Arts degree. The Provost explained that students would be able to qualify for the M.F.A. on the basis of their performance in dramatic arts.

The Provost also noted that no additional staff or resources would be required in offering the M.F.A.

6. On the recommendation of Provost Gant, THE BOARD VOTED to approve an "allied" agreement between the School of Medicine and Sharon Hospital.
7. Acting on Provost Gant's recommendation, THE BOARD VOTED to approve an "affiliation" agreement with St. Mary's Hospital in Waterbury.
8. Chairman Budds called the Board's attention to a letter from Mr. Robert Finch, Counsellor to President Nixon enclosing a copy of President Nixon's letter to Governor Scranton relative to the report of the Governor's Commission on Campus Unrest. It was understood that copies of the communication would be mailed to all Trustees.
9. THE BOARD VOTED to approve the following revisions relating to Article XK2a of the Board's Laws, By-Laws and Rules, as presented at the Board meeting on December 16, 1970, (See Item 17, Page 4511 of the Minutes of the meeting of December 16, 1970):

Membership in the academic community imposes on students, faculty members, administrators, and trustees an obligation to respect the dignity of others, to acknowledge their right to express differing opinions, and to foster

and defend intellectual honesty, freedom of inquiry and instruction, and free expression on and off the campus. The expression of dissent and the attempt to produce change, therefore, may not be carried out in ways which injure individuals or damage institutional facilities or disrupt the classes of one's teachers or colleagues. Speakers on campus must not only be protected from violence, but given an opportunity to be heard. Those who seek to call attention to grievances must not do so in ways that significantly impede the functions of the institution.

Students are entitled to an atmosphere conducive to learning and to even-handed treatment in all aspects of the teacher-student relationship. Faculty members may not refuse to enroll or teach students on the grounds of their beliefs or the possible uses to which they may put the knowledge to be gained in a course. The student should not be forced by the authority inherent in the instructional role to make particular personal choices as to political action or his own part in society. Evaluation of students and the award of credit must be based on academic performance professionally judged and not on matters irrelevant to that performance, whether personality, race, religion, degree of political activism, or personal beliefs.

It is a teacher's mastery of his subject and his own scholarship which entitle him to his classroom and to freedom in the presentation of his subject. Thus, it is improper for an instructor persistently to intrude material which has no relation to his subject, or to fail to present the subject matter of his course as announced to his students and as approved by the faculty in their collective responsibility for the curriculum.

Because academic freedom has traditionally included the instructor's full freedom as a citizen, most faculty members face no insoluble conflicts between the claims of politics, social action, and conscience, on the one hand, and the claims and expectations of their students, colleagues, and institutions, on the other. If such conflicts become acute, and the instructor's attention to his obligations as a citizen and moral agent precludes the fulfillment of substantial academic obligations, he cannot escape the responsibility of that choice, but should either request a leave of absence or resign his academic position.

10. THE BOARD VOTED to approve the following additions to the appropriate sections of the Board's Laws, By-Laws and Rules, as presented at the Board meeting on December 16, 1970 (See Item 16, Page 4511 of the Minutes of the meeting of December 16, 1970):

- (1) A minimum of one full week, excluding time when the University is in recess, shall be allowed between the distribution and collection of ballots for University Senate elections.
- (2) At all Senate elections, persons eligible for election who feel they would be unable to serve shall be given an opportunity to withdraw their names from the list of candidates for nomination. The names of those persons who have withdrawn, as well as the names of persons who have served two consecutive terms, shall be indicated on the nominating ballot.

The ballot for the second vote (election ballot) in any Senate election must indicate the number of votes each nominee received. In addition, there must be listed the names of those persons who were not nominated but who received at least 70% of the number of votes received by the nominee with the fewest votes.

After the election, the number of votes received by those persons who were elected and the number of votes received by nominees who were not elected must be made public.

13. President Babbidge informed the Board that his recent meeting with Governor Meskill resulted in a very cordial and extended discussion without touching on specifics. The President indicated that the Governor has a substantial interest in the University and hopes to visit the campus and attend board meetings in the near future.
14. On the recommendation of Provost Gant, THE BOARD VOTED to change the name of the Clothing, Textiles, and Related Arts Department to Clothing, Textiles, and Interior Design.
15. President Babbidge called the Board's attention to Senator Benton's latest gift to the University, a Chinese ink drawing by Reginald Marsh titled "Amusement Park." The President indicated that the Marsh drawing will be added to the University's permanent collection in the Museum of Art for exhibition and study.
16. Chairman Budds referring to recent news releases on the Health Center called upon Dr. Patterson for a status report.

Dr. Patterson informed the Board that construction delays are the experience of new medical centers all over the country and furthermore the problem is not confined to educational or public institutions. Progress on the building according to the contractor should permit the initial phase of occupancy in February. Dr. Patterson was inclined to set the date for some time in April. However, despite the delays, Dr. Patterson explained that significant progress as previously planned was taking place in other areas of the Health Center. He described in some detail current and future efforts to educate students on four fronts; the MD-DMD level, the intern-resident level, the Ph.D. program for medical-dental scientists and continuing education for practicing physicians and dentists. Following a lengthy question and answer period, the Trustees commended Dr. Patterson for a most informative presentation.

17. Mr. Gill's motion to go into executive session, seconded by Mr. Holt, was approved unanimously. While in executive session, the Board took the following actions:

- (A) THE BOARD VOTED to approve, for purposes of the State auditors, a formal list of actions already taken on matters of re-assignments, appointments and salary increases. The lists were authorized to be signed by the Secretary of the Board.
- (B) Provost Gant distributed copies of the following proposed salary scale for teachers at the E. O. Smith School:

- (C) Provost Gant recommended that the annual tuition at E. O. Smith High School be increased from \$1,085 to \$1,218 per student. The Provost indicated that the increase would offset the added cost of the new salary schedule and furthermore would be acceptable to the school boards involved. THE BOARD VOTED to approve the annual tuition fee of \$1,218.
- (D) Provost Gant reported on a request from the faculty of the E. O. Smith High School for professional leaves similar to the regular University sabbatic leaves.
