5. Mr. McCormick informed the Board that the General Assembly has

   the Health Center for use by the American Red Cross. The property
   which fronts on Farmington Avenue near the former Hartford Gun
   Club property may be leased to the Red Cross subject to the
   approval of the Board of Trustees and Governor Meskill. After
   a brief discussion, THE BOARD VOTED to approve the leasing of
   the prescribed area to the American Red Cross. The proposed
   land assignment and Trustee action will be presented to the
   Governor for further consideration.

6. Mr. McCormick reported to the Board that the Finance Committee
   has received a progress report regarding the implementation
   of the Associated Student Government Finance Policy Study Com-
   mittee's recommendation on ASG finance policy. Mr. McCormick
   expressed his satisfaction with recent progress and the direction
   of the student efforts to resolve their finance policy matters.

7. President Babbidge presented a recommendation by the Building
   Names Committee that the hospital being built as a part of the
   University Health Center in Farmington be named the JOHN DEMPSEY
   HOSPITAL. On the motion by Commissioner Macdonald, THE BOARD
   VOTED to approve the recommendation. The Trustees, in their
remarks underscored repeatedly former Governor Dempsey's distin-

guished service to the State and to The University of

Connecticut.

8. As a matter of information for the Trustees, Provost Gant dis-

tributed copies of Dr. Patterson's proposal for an administrative

reorganization of the Health Center related to the delivery of

patient care.

9. Acting on the recommendation by Dr. Patterson, THE BOARD VOTED
to approve an allied agreement between the School of Medicine

the reorganization and renaming of the following departments
within the School of Medicine:

(1) From the Department of General Pediatrics to the Depart-
ment of Pediatrics

to the Department of Medicine
(3) From the Department of Clinical Medicine and Health Care
to the Department of Community Medicine and Health Care

11. Dr. Patterson explained in considerable detail a proposal for
developing associated hospital agreements. The proposed associ-
ated agreement, which he described as an extension of an affili-
ation, would make it possible for the Health Center to relate on
a complementary basis with Community Hospitals for the benefit
of the State. Provost Gant indicated that the proposal was
presented for discussion purposes only and that no Board action
was involved at this time.

12. The Trustees discussed at length a proposal for the creation of
a School of Medicine Council to determine policy in matters of
student affairs, undergraduate and graduate medical education,
continuing education and research. After relating guideline
comments, THE BOARD VOTED to lay on the table until the July
meeting the proposed creation of a School of Medicine Council.
A copy of the memorandum of explanation and the proposal is
attached to these minutes.

13. Acting on Dean Patterson's recommendation, THE BOARD VOTED to
approve an affiliation agreement between the University's School
of Physical Therapy and Holyoke Hospital in Massachusetts.

14. THE BOARD VOTED to approve the deletion of Article XL12b of the
Board's Laws, By-Laws, and Rules, as recommended by the Division
of Student Personnel and presented at the Board meeting on
May 19, 1971 (See Item 8, Page 4585 of the Minutes of the Meeting
of May 19, 1971):
Student organizations adjudged by the University to be social fraternities or sororities shall be subject to additional requirements and regulations, as established in the constitution and/or by-laws of the Inter-fraternity Council, and of the Pan Hellenic Council, respectively, both of which constitutions shall be subject to the approval of the Board of Trustees.

Prior to the motion, Provost Gant reassured the Trustees that the deleting action would in no way throw any question on the legal existence of fraternities or sororities on campus.

15. Referring to the tabled statement on Government of Colleges and Universities, THE BOARD VOTED to adopt the following resolution:

A statement on Government of Colleges and Universities, jointly formulated by the American Association of University Professors, the American Council on Education, and the Association of Governing Boards of Universities and Colleges, is commended by the Association of Governing Boards to its member boards, by the A.C.E. to its member institutions, and, specifically, by the University Senate to the Board of Trustees.

As pointed out in a prefatory note, "It is not intended that the Statement serve as a blueprint for government on a specific campus ..." but rather "to foster constructive joint thought and action, both within the institutional structure and in protection of its integrity against improper intrusions." In this spirit the Board receives the Statement and adds its encouragement to the further development of cooperative action among the components of the institution.

16. President Babbidge thanked the Trustees for their participation in the Commencement Exercises this year. He also expressed his disappointment with the reduced number of graduates attending the ceremony. Chairman Budds and Mr. McCormick registered their concern over the separate exercise held by the Law School. Mr. Waller reminding the Trustees of his previous concern with creeping decentralization of graduation called for appropriate clarification and Board action. THE BOARD VOTED that there shall be one Commencement Day and that all graduation ceremonies shall be held at Storrs. On this motion, Senator Benton and Mr. Marcus asked to be recorded as not voting.

21. Chairman Budds read a communication from Mr. Morton Tenzer, Secretary of the Faculty for Rational Action, calling attention to the recent adoption of a resolution on freedom of speech at the University. THE BOARD VOTED to accept the resolution and requested that a copy be recorded in these minutes.

The Faculty for Rational Action takes note of the attempts by certain individuals and groups to violate academic freedom, particularly freedom of speech, during the past year at The University of Connecticut. We regret that these groups succeeded in preventing His Excellency Raoul Patricio, Foreign Minister of Portugal, from giving an address to an audience of students and faculty gathered to hear him, thus denying his freedom of speech and his audience's right to hear, learn, and evaluate positions from speakers representing all spectra of political opinion. We commend the action of the university in preparing more adequately to ensure that a speech given by a representative of the South Vietnamese government was not notably interrupted or otherwise broken up. It is unpleasant that heavy security measures must be taken to assure the freedom of such speakers, but the responsibility for creating conditions of stress lies with those who would deny freedom of speech, not those who act to defend it.

22. The Board discussed in considerable detail Miss Goodwin's follow-up study on the economic situation of students attending the University. Mr. Macdonald registered his preference for raw data which would enable him to draw his own conclusions as to the students' ability to pay. At the suggestion of Chairman Budds, discussion was held in abeyance pending forthcoming legislative action.

Mr. McCormick, speaking for the Finance Committee, reminded the Board that on September 17, 1969, negotiations were completed with T. Mr. Hirschfield has not secured the necessary zoning changes to permit implementation of his plan, nor has he presented a satisfactory alternative scheme. After further discussion, THE BOARD VOTED to terminate the University's relationship with Mr. Hirschfield and directed the President to notify him of the termination through failure of a condition in the agreement i.e., to construct in accordance with the specified plan.
(I) Provost Gant informed the Board that the Commission on Human Rights and Opportunities Tribunal has ordered the University to offer Dr. Abraham H. Baskin the position of staff physician at the University Health Center at the salary of $23,000 per annum. By way of background, the Provost explained that Dr. Baskin on June 9, 1970, filed a written complaint with the Commission claiming that he was rejected by the University of Connecticut for the position of Student Health Service Physician because of age.

Provost Gant indicated that the decision of the Tribunal would be appealed by the Attorney General's Office. The Board may expect to be informed of later developments on the matter.

Mr. Macdonald asked that the minutes indicate that he did not participate in any of the Board's discussion of this case.

(J) As a matter of information, Provost Gant distributed copies of a recent communication from Dean Sacks calling attention to the report of the Special Committee on the 3-3 Program. The Provost noted that further consideration of the combined degree program would take place next fall.

(K) It was agreed that the July meeting of the Board would be held at the Southeastern Branch in Groton.

24. No other business appearing, the meeting was adjourned at 1:30 p.m.

Respectfully submitted,
