MINUTES OF THE MEETING OF THE BOARD OF TRUSTEES THE UNIVERSITY OF CONNECTICUT

Held at the Bartlett Arboretum, Stamford May 16, 1973

In the absence of the Chairman, Mr. Gordon W. Tasker, the meeting was called to order at 10:15 a.m. by the Vice Chairman, Mr. Joseph R. McCormick. Trustees present were: Mesdames Jones and Kronholm and Messrs. Bishop, Lupton, Macdonald, McCormick, Nielsen, Sanders, Stroh and Waller. Messrs. Kozloski and Taylor joined the meeting at a later time.

Also present were: President Gant and Vice Presidents Patterson and Wilson. All actions taken at the meeting were by unanimous vote of Trustees present except as otherwise noted.

1. Mr. McCormick called upon Mrs. Doris Hibbard, President of Bartlett Arboretum Association and Dr. Edward Duda, Associate Professor of Plant Science for comments relative to their role at the Arboretum. Mrs. Hibbard and Dr. Duda, in their words of welcome, reminded the Trustees that the Arboretum was purchased by the State in the fall of 1965 under the Open Spaces Program and was turned over to the University in January of 1966. They also commented briefly on cooperative efforts leading to the recent developments at the Arboretum. Dr. Duda, in his closing remarks, invited the Trustees to a tour of the Arboretum at the conclusion of the Board meeting.

Mr. McCormick also acknowledged the presence of Dr. Robert Wyllie, Director of the University's Stamford Branch. Dr. Wyllie acquainted the Trustees with the latest developments in the construction of the library at the Branch and cordially invited members of the Board to visit the Branch at their convenience.

2. THE BOARD VOTED to approve the minutes of the meetings of April 18 and April 24, 1973.

3. Mr. McCormick called the Board's attention to a letter from Mrs. William Benton, expressing her appreciation for the statement entered into the Board's minutes of March 23rd "noting with sorrow the death of Trustee Emeritus William Benton."
4. President Gant referring to the report, Cooperative Program Planning For the New England Land Grant Universities which had been mailed to all Trustees, called attention to the summary identifying possible cooperative programs and projects.

During the discussion, Mr. Stroh expressed his interest in the University of Connecticut's involvement in a program for veterinary studies. It was agreed that the Board would devote special attention to this particular item at the June meeting of the Board.

5. Mr. McCormick read the following communication from Governor Meskill to Chairman Tasker relative to a CONN-PIRG program at the University:

Dear Gordon:

Several students from the University of Connecticut have visited with my staff regarding a program at the University entitled CONN-PIRG.

While I would not be able to comment regarding its operation and programming, it does seem to me that its goals are very important for the educational community. In particular, I believe that practical experience in the areas of research, public education, community groups, legislative bodies, and government agencies is worthwhile and important in the academic setting.

I know that there is at present an issue regarding the collection of fees for CONN-PIRG, and I do not want to comment on that part of this matter except to say that the goals of this program seem to be reasonable and useful.

With best wishes,

Sincerely,

Governor Thomas J. Meskill

President Gant, reminding the Trustees that they had referred the matter to the TAFS Committee, reported that the TAFS Committee has been unable to agree on the issue. The President also indicated that the University's fee bills for the fall semester have already been programmed and a separate card would be the only way to include a positive or negative check-off for a CONN-PIRG donation.

Mr. Macdonald proposed a tentative approval of a CONN-PIRG donation card which would be added to the fall semester fee bill envelopes to be mailed in June. Mr. Macdonald noted that this
proposed funding method was limited to one semester pending further Board evaluation of the CONN-PIRG issue.

Mr. Macdonald withdrew his motion after the Trustees heard objections to this method of collecting the voluntary payments expressed by University of Connecticut CONN-PIRG coordinator Malcolm Cummings.

Acting on Mr. Lupton's motion, THE BOARD VOTED to postpone Board action at this time and return the matter to the TAPS Committee and the administration for more study and recommendations which are to be presented at the June meeting of the Board.

Trustees Kronholm, Lupton, Macdonald, Nielsen and Stroh registered in favor of the motion. Trustees Bishop, Jones and Sanders opposed the action.

6. In a progress report, President Gant informed the Board that the University is revising its affirmative action plan for subsequent presentation to the United States Department of Health, Education and Welfare. The Trustees will hear a further report at their meeting in June.

7. THE BOARD VOTED to correct the minutes of December 15, 1972 (page 5059) to reflect approval of the creation of the Master's of Public Affairs program.

8. President Gant reporting on a recent Master Plan Management Policy Committee meeting, distributed copies of an interim list of proposed theses and supplements to the interim list. President Gant indicated that each institution had been asked to react to the twelve supplementary theses. The President noted that the Board may wish to devote some time in the near future to a full discussion of these items.

The Trustees expressed a willingness to meet in special sessions for further Board considerations of this proposed melding of higher education.

9. In a report on admissions for next fall, President Gant, noted that as of this date paid fees by new students totaled 3483 as compared with 3212 paid fees at this time last year. Freshman paid fees totaled 2727 this year in comparison with 2600 for this time last year. Transfer student paid fees this year amounted to 677 as compared with 554 paid fees a year ago. Paid fees at the Branches also reflect an increase over last years figure: 1255 vs. 1104.

10. President Gant noted that all Trustees had received a copy of the Final Report of the Commission on University Governance.

11. Mr. McCormick commented favorably on the University's recent commencement exercises. The Trustees were reminded of the special exercises to be held on Sunday, May 27th for the graduates of the School of Law.

Mr. McCormick also reported that President-elect Glenn W. Ferguson may be arriving at Storrs in mid-August.

12. Mr. Taylor, noting that his committee has not had an opportunity to go over the special committee report, The Cost of Instruction and Faculty Performance Accountability, indicated that a presentation of the study would be made at the next meeting.

Copies of the Special Committee Report and a Summary prepared by Mr. Lupton were distributed to the Trustees. Mrs. Kronholm suggested, with Mr. Lupton concurring, that as a preliminary step to the Board's consideration of the presentation next month the five sections of the report be assigned to individual Trustees for reporting purposes. Trustee assignments of the contents of the report were agreed upon as follows:

Section I -- Mr. Stroh  
Section II -- Mrs. Jorgensen  
Section III -- Mr. Kozloski  
Section IV -- Mr. Nielsen  
Section V -- All Trustees

It was further agreed that the overall aspects of the report would be readied by Mr. Taylor.

13. Mr. Taylor, as Chairman of the Finance Committee, recommended favorable action on the following contracts and agreements:

(I) President Gant, referring to "Consortium" considerations, urged Trustees or at least a portion of the Board to attend the meeting of interested group representatives for a discussion of the proposal scheduled for May 17th. The results of this informative session will be reported to the Board.

(J) Responding to Mr. Taylor's request at the Board meeting last month, Vice President Wilson distributed material depicting Branch and Community College locations and comparisons of 1972-73 course offerings.

(K) Mr. Taylor, reporting on the status of certain utility projects, indicated that the releases to bid for two projects, the Water Supply System and Repairs to Steam System, were expected within the week. The Sewage Treatment Plant Expansion project remains in the frozen status.

(L) Mr. Taylor reported that the Finance Committee is keeping track of the bad debt situation at McCook Hospital. President Gant and Mr. Taylor expect to meet with Commissioner Carlson for a discussion of ways and means of improving the recovery of bad debts. It is also possible that a solution may be obtained to offset the anticipated deficit at the end of this year. The Trustees may expect a project report at next month's meeting.

(M) Mr. Taylor informed the Board that construction delays may have extended the completion date of the hospital facility at Farmington to approximately September 1974. The concept of partial occupancy by January 1 is being explored by the administration.

(N) President Gant commented briefly on a report being prepared by Mr. Evans regarding recent personnel problems in Physical Plant. The Board may expect additional information at a later time.

Mrs. Kronholm asked that the minutes record the gratitude of the Trustees for Trustee Waller's report on the Association of Governing Boards Conference in San Francisco which was most informative, showing his fine representation was a favorable reflection on the University.

The Trustees were brought up to date on developments relating to the disposition of the Bracken property.

18. No further business appearing, the meeting was adjourned at 1:15 p.m.

Respectfully submitted,

Carl W. Nielsen
