The meeting was called to order at 10:09 a.m. by the Chairman, Mr. Budds. Those present were: Mesdames Bailey and Sterling; and Messrs. Bishop, Budds, Driscoll, Gill, Holt, McCormick, and Watson. Also present were President Babbidge and Vice Presidents Waugh and Evans.

All actions at today's meeting were by unanimous vote of those present with the exception noted in section 8h.

1. The minutes of the meeting of October 21, 1964, were approved.

2. Mr. Babbidge commented on the report and recommendations of a special commission concerning the establishment at the University of an Institute for Advanced Training and Research in Metallurgy and Materials Sciences. Such an Institute would combine both theoretical and practical appeals, and would be of significant value to the University. Mr. Watson, speaking for the Finance Committee, stated that the budgetary officers of the State feel that it would be wise for the budget requests for such an Institute, be submitted by the University as an addition to the requests already submitted for other University programs. The Board voted that, in conformity with the recommendations of the special commission to conduct a planning study of a center for education and research in the fields of Metallurgy and Materials Science at the University of Connecticut, which recommendations have the enthusiastic support of this Board, and at the request of the State's fiscal authorities, the Board of Trustees authorize the submission of the following budget request to put that Commission's recommendations into effect:

3356
(Commission's Recommendations, Cont'd.)

a.) For capital expenditure $1,845,000
b.) For equipment 1,250,000
c.) For operating cost, 1966-7 349,000

3. Mr. Budds commented on the history of the University's branches, and indicated that the Board is not contemplating any change in its policies affecting branches, at least not prior to the release of the report of a special commission which is studying problems of higher education in Connecticut. It had been anticipated that the Board would discuss today the report of a landscape architect concerning the proposed site for a branch in Waterford, but the report has not been received. Members of the Board expressed a desire to receive copies of the landscape architect's report and of the earlier engineering report at least a few days prior to the meeting at which they would be discussed. It was the sense of the Board that the landscape architect's report should be kept confidential until after it had been discussed at a Board meeting.

4. Mr. Watson, reporting for the Finance Committee, discussed the relative advantages of buying and operating versus leasing facilities for connecting the main campus and the branches by closed circuit television. THE BOARD VOTED to approve the leasing of facilities rather than their purchase, and authorized Mr. Evans to proceed on this basis as funds become available.

5. THE BOARD VOTED to accept the following scholarships, financial aids and gifts and instructed the President to write appropriate letters of appreciation:

(3) E. R. Stephan, Associate Professor of Mechanical Engineering, sabbatic leave for first semester of academic year 1965-66. Research.
Leave of Absence, Cont’d.

(4) Patricia Timmins, Research Assistant I, Animal Diseases, leave without pay for period of November 16 through November 30, 1964. Grant requested not for educational purposes.

(5) Kenneth Wilson, Professor of English, sabbatic leave for one year starting September 16, 1965. Advanced study and writing.

f.) Mr. Budds announced that President Babidge has recently received from President Lyndon B. Johnson, an appointment as Chairman of the Advisory Committee on Educational and Cultural Affairs of the Department of State. President Babidge was congratulated by the Board on this high honor.

g.) Mr. Evans reminded the board that $250,000 was appropriated to the University for the acquisition of land in the current biennium. He recounted some of the difficulties which had been faced in getting land on terms advantageous to the State in the face of various restrictions. This led the Board to discuss again the urgent need for University autonomy. There was discussion of handicaps which had been faced in the orderly operation of the University in connection with a contract for professional consultation in planning the Medical-Dental Complex (Gorsline) and in employing members of the professional staff as well as in land acquisition. The Board recalled the interest which Governor Dempsey has taken in such matters, and his invitation to the Board to call such problems to his personal attention. Mr. Budds offered to keep in touch with President Babidge on this matter, and at some early opportunity, discuss it with Governor Dempsey. It was suggested that it might be advantageous to have a few other trustees present for the discussion with the Governor.

h.) President Babidge discussed a land problem involving the Yantic Grain Company, owner of the Universal Food Store on Dog Lane. THE BOARD VOTED to authorize the President to continue to negotiate with the Yantic Grain Company with a view to arranging an exchange of land, if possible, or the sale of a small strip of land to the Company if an exchange cannot be arranged. Mr. Driscoll asked to have the minutes show that he had not participated in the discussion nor in the vote on this item. The Yantic Grain Company is one of his clients, and he wants to make it clear that there has been no conflict of interest.

i.) The President informed the Board that objection had been raised to his signing of contracts for the purchase of personal services on the ground that the Board had never specifically authorized him to do so. The pay of Mr. Rohrbach and of two or three other persons is being held up pending the signing of contracts.

THE BOARD VOTED to authorize the President to enter into contracts for the purchase of personal services on behalf of the University.
j.) On two earlier occasions (see pp. 3318 and 3353 of these minutes), the Board had discussed the possibility that the University might receive a gift of property from a long-standing friend of the University. President Babbidge notified the Board that this particular gift would not be forthcoming, although the prospective donor retains a cordial interest in the institution.

k.) Mr. Gill described tentative plans which his department has for developing a property in Stamford as part of his open-spaces program, and advantages which might thereby accrue to our Stamford Branch. The Board expressed its appreciation to Mr. Gill for his imaginative leadership in the matter.

9. Mr. Budds announced that the Board's December meeting will be held at the Law School in Hartford.

10. No further business appearing, the meeting adjourned at 12:47 p.m. after adjournment, the Board members attended lunch, followed by the dedication of the periodicals reading room in the Wilbur Cross Library, to the memory of Mary Hannan Mahoney, who served with distinction as a devoted member of the Board from 1951 until her death in 1959.

Respectfully submitted:
