THE BOARD VOTED to refer the proposal to its special committee (Messrs. Watson and McCormick) for study and report to the Board.

7. The President submitted to the Board a recommendation from the Faculty Committee on the Naming of Buildings that the new dormitory which will be opened next fall on Hillside Road be named in honor of the late Brien McMahon of South Norwalk, Connecticut, who served this state and nation with distinction as a Judge of Norwalk's City Court, as special assistant to the Attorney General of the United States, and as a member of the Senate of the United States. Senator Benton, who had served with Senator McMahon in the Congress, expressed his great personal pleasure in and his enthusiastic support of the recommendation. THE BOARD VOTED to approve the recommendation.

8. The Board discussed the wisdom of granting honorary degrees, and asked the President to review with the Commencement Committee that committee's report on the matter and subsequently to bring to the Board his personal recommendations.

Chairman Budds urged Board members to plan to attend the University's Commencement Exercises on June 14, at which Governor Dempsey will be the main speaker.
10. Mr. Bishop called the attention of the Board to recent relationships between freshman students at this University and students at the University of Alaska. As a consequence of these relationships, students at the University of Alaska had provided a "Husky" dog to be used as mascot at the University of Connecticut, and subsequently our students had raised funds for the relief of earthquake sufferers in Alaska. THE BOARD VOTED to commend those of our students who had been involved for their noteworthy and imaginative performance.

11. President Babbidge presented proposals for a master plan for the development of the University's property in West Hartford. The plan, which had been developed by Hollis W. Kinkaid and Associates, Architects, and Morton S. Fine and Associates Landscape Architects, shows the location of the building now being completed for the School of Law, the location planned for the building which will soon be started to house the School of Social Work; proposed future buildings, not yet authorized, for administration, student activities, auditorium, library, cafeteria, etc.; a large area reserved for parking; and sufficient space for a number of additional future buildings now unspecified. THE BOARD VOTED to designate the University's holdings on Asylum Avenue in West Hartford as "The Greater Hartford Campus."

THE BOARD VOTED to approve the plans in principle with the understanding that future specific projects will be presented to the Board as they develop.

12. Professors Wilson and Spengemann of the Department of English were introduced to the Board by President Babbidge. They described a limited pilot honors program which has been approved by the University Senate and which will be inaugurated for a small number of entering freshmen on the Storrs campus in September. The Board learned of the development with keen interest, and felt that it is a forward step for which those responsible should be commended.

13. THE BOARD VOTED to go into executive session for the consideration of matters of personnel and other matters which, in the public interest, required private discussion. While in executive session, the Board took the following actions:

a.) President Babbidge introduced Mr. Joseph C. Palamountain, the Provost of Wesleyan University, and Mr. Richard B. Erickson, Executive Director of the Southeastern Connecticut Regional Planning Agency. Mr. Palamountain reported on the status of the study by a special commission, of which he is chairman, established by the last session of the General Assembly to study, in conjunction with the University Trustees, the need for a branch of the University in Middlesex County. Mr. Erickson reported on a study which his agency has made for the Board of Trustees of population trends and other factors which might influence the location of a University branch in New London County. A preliminary draft of a report on this matter had been circulated to Trustees prior to today's meeting. After long discussion of both reports, it was the sense of the Board that a single new branch could not serve both the New London and the Middlesex areas, and that the New London site should be selected without reference to needs in New London County.

President Babbidge and Mr. Budds reported that communications had been received, either orally or in writing, from a number of communities which were anxious to attract the new branch.
Mr. Driscoll raised a number of questions concerning the procedure which had been followed by the Southeastern Connecticut Regional Planning Agency in collecting their data, and in the types of data which had been procured. He suggested the importance of considering, in the selection of a site, the availability of library and recreational facilities, etc. Mr. Erickson was asked to explore these matters further.

THE BOARD VOTED to ask Mr. Evans to ascertain the availability of certain site or sites and their possible prices.

THE BOARD VOTED to authorize the President to release the first part of the report received from the Southeastern Connecticut Regional Planning through the middle of page 20 of that report, with the addition to the five criteria there mentioned for site selection of two further criteria, the availability of the site, and the nearness to cultural facilities.

THE BOARD VOTED that it will attempt to make a final selection of a site for the branch in New London County at the May meeting of the Board. Since the matter has already been the subject of long public discussion, the Board does not intend to hold public hearings nor to solicit statements from interested parties, but persons wishing to do so may file written factual statements with President Babbidge prior to the meeting on May 20th.

b.) THE BOARD VOTED to approve the list of appointments and salary increases presented for signature at the request of the State Auditors. The list has been signed by the Secretary of the Board, Mr. Bishop.

The matter will be brought back to the Board for final action if and when satisfactory terms are arranged.

k.) The Board took from the table a proposal for the establishment of a Council of Deans (See Minutes of March 18, 1964, p. 3256) and THE BOARD VOTED to amend its By-Laws by adding a new Section E' to appear between sections E and F of Article X of the By-Laws, to read as follows:
