13. The President read to the trustees a letter received from Mr. Hagen which was in the nature of a report on placement activities of the placement office.
14. The President discussed with the Board registration figures of the University for this year which included both registration in credit courses and in non-credit courses.
15. The President reported that 1400 application blanks have been mailed out to date. On the average 15 are sent out each day. 800 completed applications have been received. Serious staff and enrollment problems now face the University. Post war problems were also discussed.
16. The President reported that union representatives have requested a flat increase for all employees. Since July 1, 1941, 133 staff members have received salary adjustments as follows:

Professional and administrative	\$14,300.00
Secretarial	2,900.00

Dining Hall	\$3,800.00
Laborers, including janitors	<u>11,250.00</u>
	\$32,250.00

The Legislature provided \$12,000.00 for increases for the present biennium. The Personnel Director now insists we pay new minimums set up by his department. No funds are available in the University budget.

17. The President reported that the 1942-43 budget will be presented at the May meeting.
18. The President informed the trustees that Commencement will be at 2:45 on Sunday, May 17. A brief dedication ceremony is scheduled for 4:45 on the same day. It is hoped all trustees will attend. The President's Office will provide caps and gowns if necessary.
19. The President invited the trustees to attend the military review and awarding of Commissions on 76th Division Day, Monday, May 4, at 3 p. m.
20. The President reported on the accelerated program of the University and also discussed a number of problems arising from the present war emergency, among which are:
 1. A request from Washington to place the College of Pharmacy on a twelve month basis.
 2. Acceleration of training for engineers.
 3. Navy V-1, V-5, V-7, and R.O.T.C. programs
 4. The President also reported on a number of requests for war service during the summer months: Ordnance School, Chemical Warfare School, Farm School, training of women for industry, continuation of Camp School program.
 5. Civilian Training of Pilots.
21. The trustees and the Governor discussed the need for University-owned and operated busses. THE BOARD VOTED to instruct the President to proceed immediately with the purchase of two Ford busses each to have a capacity of 27 passengers with the necessary luggage carriers, the busses to meet all of the requirements of the State of Connecticut. The Governor approved the action and urged the immediate purchase of the busses.
22. The Governor discussed with the Board the difficulty of securing approval for the construction of the Armory, the Ratcliffe Hicks Dormitory, the Ratcliffe Hicks Laboratory, and other buildings for which appropriations have been made. It was the judgment of the Governor that appropriations for these buildings were continuous appropriations and if not, that it would not be difficult to have the appropriations continued until such time as the buildings could be constructed.
23. THE BOARD VOTED to approve the re-appointment of all staff members who are on annual appointment in accordance with the policy of the Board with respect to appointments and tenure.

24. The President requested the Board to approve the expenditure of \$84.00 to cover the cost of printing galley proof of the Directory of Courses in order to take care of the scheduling of upperclass students which must be done at once. Delays in printing the catalog for reasons beyond the control of the University make this expenditure necessary. THE BOARD VOTED to approve the request and authorized the President to take the matter up with the Comptroller.
25. The trustees discussed with the Governor the necessity for acquiring three pieces of property contiguous to University property. The Governor advised the Board to take steps at once to acquire these properties. THE BOARD, therefore, VOTED to authorize the President to secure an outside appraisal of the value of the properties now owned by Ralph Walker, John N. Fitts, Vincenzo Mastrangelo, and the former Laura Rosebrooks. After the appraisal has been secured, an offer to be made to the property owners. If the property owners are unwilling to sell, the matter then to be referred to the State Referee for the filing of necessary condemnation papers. The Governor indicated his willingness to make funds available for the purchase of these properties.

R. M. Dadourian, Secretary
