10. Mr. Shippee, as Chairman of the Board and Chairman of the Liaison Committee, reviewed the preliminary report of the Liaison Committee's functions, deliberations, conclusions and recommendations to date. The report highlighted the important and also the difficult questions and issues.

THE BOARD VOTED to endorse the preliminary draft of the Committee's report. Several matters yet under consideration are to be presented to the Board for discussion and decision as the work of the Committee progresses. Mr. Watson expressed to the Chairman the appreciation of the Trustees for the tremendous amount of work and for the judicious consideration of the problems presented to the Committee.

11. Mr. Brock, Chairman of the Board's Special Committee on Finance, reported on the analysis of the budget for the current fiscal year which was approved at the May meeting of the Board. The Board accepted the report and VOTED to reaffirm its approval of the budget for the ensuing year.

Mr. Brock also advised the Committee of a coming meeting with the auditors for the purpose of discussing the type of report to fairly cover University financial operations in accordance with established University policies.

Mr. Brock reported on the change in the financing of the University's
summer session. The summer sessions of 1955 and 1956 are being financed out of tuition fees. This change in policy was recommended by the administration to the Board of Trustees and approved, which resulted in returning to the General Fund funds appropriated for the financing of the summer session. The funds thereby returned to the General Fund amounted to $60,000 for each year of the biennium. A communication prepared by L. C. Riccio, University Comptroller, regarding the matter is made a matter of record in these minutes.

THE BOARD VOTED to approve the procedure outlined for financing summer session instruction from tuition, recognizing that it may be necessary to have the present University Extension Fund Special Act amended in the next session of the General Assembly.

12. THE BOARD VOTED to take the Faculty Senate report on sabbatic leaves from the table. THE BOARD THEN VOTED to approve changes in the sabbatic leave policy of the Board as indicated in a communication prepared by Provost Waugh for consideration by the Board.

13. The President reviewed briefly the matter of salary adjustments for the academic year 1956-57, the adjustments to be effective October 5, 1956. The President had presented to the Trustees a copy of the salary communication addressed to all department heads, directors, and deans by Provost Waugh. All recommendations for salary adjustments recommended by department heads, directors, and deans having been carefully reviewed by the President and the Provost and in line with the directive, THE BOARD VOTED to approve the recommended salary increases effective October 5, 1956.

The President referred to the Faculty Senate's report on faculty salaries and indicated that the administration is making a careful study of faculty salaries and will prepare for Trustee consideration a new salary schedule indicating the adjustments needed to restore the University to a more favorable competitive position in retaining and securing acceptable teaching and research personnel.

At the March meeting of the Board, it was decided not to consider promotions and related matters since, in most cases, they would involve salary adjustments, The President is having prepared a complete list of these matters. Copies of this material will be forwarded to each Trustee for filing and for use by the Trustees.

The President will also prepare a complete roster of professional personnel indicating name, rank, date of appointment, and salary. This information will be mailed to each Trustee for each Trustee's files for purposes of reference and study.

14. THE BOARD VOTED to approve the following additions under Item III (Page 26) of Capital Construction Requirements for presentation to the 1957 session of the General Assembly:

18. Additional telephone switchboard position, trunk lines, and telephone cable $3,700.

19. Sewage treatment plant, trickling filter (recommended by the State Board of Health) $50,000.
15. The President presented copies of biennial budget summaries to the Trustees. He advised the Trustees that in previous years biennial budget requests were due on October 1 prior to each legislative session. However, this year the Budget Department requested the material by September 1, which shortened the working period by a full month. It was not possible to prepare the budget summaries for mailing to the Trustees in advance of the Trustees' meeting.

THE BOARD VOTED to refer the biennial budget matter to the Special Finance Committee with authority to act.

Chairman Brock then advised the members of the Special Finance Committee that a meeting would be scheduled for Monday, July 30, for the purpose of reviewing with the chief administrative officers of the University the biennial budget requests.

16. THE BOARD VOTED to approve the third and final increment of $600 in salary for the President, in accordance with the Board decision of three years ago.

17. The President distributed copies of the following to the Trustees:

a) State and Local Taxation in Connecticut, published by the University's Institute of Public Service, February, 1956.

b) Fine Arts Festival - 1956 at the University of Connecticut.

Respectfully submitted,

--s- J. Ray Ryan
