8. THE BOARD VOTED to receive resolutions from the faculty of the College of Arts and Sciences on the retirement of the following staff members:

   Arsene Croteau
   WM. Fitch Cheney
   Walter L. Kulp

   IT WAS FURTHER VOTED to request the faculty of the College of Arts and Sciences to file these resolutions with the minutes of the College of Arts and Sciences faculty.

9. THE BOARD VOTED to approve the resolution regarding security clearances as requested by the Armed Forces Industrial Security Regulation.

10. The Board discussed the purchase of the residence constructed by and owned by Associate Professor Stephen S. Friedland. This residence is located in the faculty development known as "Ledgebrook."

    THE BOARD VOTED to purchase the Friedland residence under the conditions set forth in the deed arrangement, with consideration given to the two appraisals secured with reference to the property.

    THE BOARD FURTHER VOTED to authorize Mr. L. C. Riccio, University Comptroller, to rent or to sell this residence to a member of the University faculty.
11. THE BOARD VOTED to receive the resolution of the School of Engineering regarding a method for electing members to the University Senate.

THE BOARD FURTHER VOTED to request the President to refer the resolution of the School of Engineering faculty to the University Senate for discussion and report to the Board of Trustees.

12. Messrs. Brock and Ryan, serving as a special committee, reported on a recent conference with Mr. David T. Langrock of New Haven. The conference was concerned with proposals presented by Mr. Langrock for the development of the University into areas of industrial development and methods for developing an all-University museum and for its later expansion.

THE BOARD VOTED to receive the report and the recommendation of the committee to the effect that the University was not ready at this time to give such consideration as Mr. Langrock's proposals warranted.

THE BOARD FURTHER VOTED to request the President to convey to Mr. Langrock the appreciation of the Board for his interest and helpful ideas and to explain the inability of the Board to adequately consider his proposals at this time.

13. Mr. C. Raymond Brock, Chairman of the Board's Special Committee on Finance, presented a report of capital projects in progress as of November 15, 1955. A copy of the report is made a matter of record in these minutes.

14. The Board requested the President to report on the Trustees' action of September 21, 1955 regarding compulsory attendance. The President indicated that he had no report to make other than to explain that at the meeting of the University Senate on October 10, 1955, the matter was discussed and referred to the Committee on Scholastic Standards for further information.

THE BOARD VOTED to instruct the President to secure through Provost Waugh the report of the Scholastic Standards Committee, this report to be presented to the next regular meeting of the Board.

15. As a result of an inquiry from Mr. Elmer Watson, the President advised the Trustees that he had already prepared a priority schedule for the construction of capital projects as authorized by the 1955 session of the General Assembly and that this schedule of priority has been forwarded to the Commissioner of Finance, the State Budget Department, and to Mr. R. I. Longley, Chairman of the Committee on capital projects authorized by the 1955 session of the General Assembly.

16. Mr. E. Lea Marsh discussed with the Trustees the matter of fines for parking and other motor vehicle violations on the campus of the University. After considerable discussion, Mr. Marsh indicated that he thought it would be relatively easy to prepare a recommendation for the later consideration of the Board.

17. The President called to the attention of the special committee on agriculture that the livestock inventory would soon be available.
and that this inventory would be referred to the special committee for review and report to the Board if a report seems indicated.

The President also suggested that the same committee be requested to consider the matter of milk vending machines or milk dispensers. To assist the committee, the President indicated that he would be willing to prepare a folder of information on the subject. The President's suggestion was accepted.

18. Mr. C. Raymond Brock, Chairman of the Board's Special Finance Committee, requested the President to read to the Trustees a communication dated November 21, 1955 from Attorney General John J. Bracken addressed to Mr. Lester E. Shippee, Chairman of the Board of Trustees. The President read the communication which was then received by the Board for record in the minutes.

19. The President called to the attention of the Board a communication addressed to the President on November 16, 1955 by Attorney General John J. Bracken. This communication was received and made a matter of record in the minutes and also the letter addressed by the President to the Attorney General on October 20, 1955.

The Trustees discussed the construction of the University Junior-Senior High School authorized by the 1955 General Assembly. The General Assembly in authorizing $1,200,000 for this project recognized the need for this building for the following reasons:

(1) For the training of teachers for the schools of Connecticut.

(2) To meet the needs for secondary education in the Town of Mansfield resulting from the problem created by the absence of any industrial wealth and by the presence of the two large state institutions located in the Town of Mansfield.

The Mansfield Training School and the University of Connecticut are both located in the Town of Mansfield. The recent and future growth of these two state institutions involve increases in personnel and will continue to contribute to the elementary and secondary school problems of the town. The Town of Mansfield must plan immediately for the addition of elementary school facilities which will exhaust the bonding debt capacity of the town. The Town of Mansfield has been notified by the Town of Windham that high school pupils from Mansfield will no longer be accepted after September, 1957.

(3) The University is having difficulty in attracting and retaining high quality teaching and research staff people because of the uncertain secondary school situation in the Town of Mansfield.

Since the Liaison Committee, representing the State Board of Education and the University of Connecticut, have accepted the fact that the University of Connecticut has been and is the agency for the training of teachers of Home Economics and Vocational Agriculture and since the statement from the Liaison Committee of May 13, 1955 concludes that the University of Connecticut should train these special teachers...
19. required in the State, THE BOARD VOTED affirmatively to include vocational agriculture in the program of the new University Junior-Senior High School.

THE BOARD FURTHER VOTED to request that one of the eight regional vocational agriculture centers to be established by the State Board of Education be located at Storrs and made a part of the Junior-Senior High School and operated regionally and in connection with the teacher training program of the University.

IT WAS ALSO FURTHER VOTED that the matter should be brought to the attention of the Liaison Committee for discussion and to determine such corrective legislation as would be necessary to locate one of the regional vocational agriculture centers at Storrs.

20. Mr. Elmer Watson reported on the status of the student health and accident insurance plan. He indicated that bids would be reviewed by him, after which he would discuss the matter with Comptroller L. O. Riccio prior to making a report to the Board of Trustees at a later meeting.

Respectfully submitted,

-s- J. Ray Ryan
