TO: Members of the Board of Trustees
FROM: Jeremy Teitelbaum, Interim Provost
RE: Appointment of Professor Amir Herzberg to the Comcast Chair for Cyber Security Innovation in the School of Engineering

RECOMMENDATION:
That the Board of Trustees approve the appointment of Professor Amir Herzberg to the Comcast Chair for Cyber Security Innovation in the School of Engineering.

BACKGROUND:
Comcast pledged this Chair in May of 2015, and the Board of Trustees established the Chair in August of 2015.

The appointment of Dr. Amir Herzberg follows a national and international search to fill the Chair, which was conducted during academic year 2016-2017. Dr. Herzberg is an internationally recognized researcher, scholar and teacher, and has made significant contributions in the field of cyber security.

Dr. Herzberg received his Ph.D. in Computer Science from the Technion, Israel in 1991, and he joined IBM at T.J. Watson Research Center as a Research Staff Member that same year. In 1994, he became the Manager of the Network Security group at IBM Research, and in 1996 the Manager of the E-Business and Security Technologies at IBM Research, Haifa Research Lab. In 2001, he served as the Chief Technology Officer at NewGenPay. In 2002, he joined the faculty of Bar Ilan University, Israel. Dr. Herzberg joined the University of Connecticut as a Professor of Computer Science and Engineering on August 23, 2017.

Dr. Herzberg is an international expert in cybersecurity research with emphasis on network security, and contributions to applied cryptography and distributed systems. He has been referred to as a “pioneer” and a “thought leader” in several areas of security and cryptography, and his research results combine deep theoretical contributions with a major impact on practice. He holds 24 patents, and while at IBM he won the coveted title of IBM Master Inventor and four IBM Invention Achievement Awards. His academic research has been continuously funded since 2002, including two prestigious awards from the US-Israeli Binational Science Foundation (BSF). He is an author of over 120 research papers and 5 book chapters, and his work has been cited more than 8,000 times.

FROM:      Jeremy Teitelbaum, Interim Provost
RE:        Bachelor of Arts in Art in the School of Fine Arts

RECOMMENDATION:

That the Board of Trustees approve the Bachelor of Arts in Art in the School of Fine Arts.

BACKGROUND:

The Department of Art and Art History currently offers a Bachelor of Fine Arts degree in Art. The Department proposes to add a Bachelor of Arts degree in Art to offer flexibility for students who wish to combine their interest in art with a greater range and increased number of other UConn course offerings. By combining experience in the Department of Art and Art History with coursework offered by other departments, students will learn analytical, practical and critical thinking skills, preparing them for entry into careers that may include positions in museums, galleries, community arts centers, and non-profit arts organizations. Some students who complete the B.A. may plan to pursue post-graduate degrees. The B.A. in Art may serve as an alternative to the B.F.A. degree for students who wish to complete a double major. With the B.A. requiring fewer courses in Art and Art History, students will have more flexibility to pursue an additional degree outside of Art.

The program will be structured to enable students to gain basic competencies through foundational coursework, followed by intermediate and upper level classes in a range of studio art areas. Rather than concentrate on a single medium, an interdisciplinary approach will provide for flexibility in the exploration of ideas, approaches, media, and techniques. Along with studio art study, B.A. students will be required to take courses that address historical and theoretical aspects of art.

**Background & Description**

The B.A. degree in Art will serve those whose educational goals include a broader range of academic coursework in addition to a focus on studio art. By combining experience in the Department of Art and Art History with coursework offered by other departments, students will learn analytical, practical and critical thinking skills, preparing them for entry into careers that may include positions in museums, galleries, community arts centers, and non-profit arts organizations. Some students who complete the B.A. may plan to pursue post-graduate degrees. The BA in Art may serve as an alternative to the B.F.A. degree for students who wish to complete a double major.

The program will be structured to enable students to gain basic competencies through foundational coursework, followed by intermediate and upper level classes in a range of studio art areas. Rather than concentrate on a single medium, an interdisciplinary approach will provide for flexibility in the exploration of ideas, approaches, media, and techniques. Along with studio art study, B.A. students will be required to take courses that address historical and theoretical aspects of art.

**Reasons for the Proposed Program/Modification/Discontinuation**

From the National Association of Schools of Art and Design (NASAD) - "The bachelor of arts (B.A.) is a liberal-arts degree that focuses on the study of art, design, and art history in the context of a broader program of general study. The bachelor of fine arts (B.F.A.) is a professional degree that focuses on intensive work in visual art and design supported by a program in general studies. The latter degree is normally intended to prepare students to pursue a professional practice on a global level.”

The Department of Art and Art History presently offers a B.F.A. degree in Art. The department intends to add a B.A. degree in Art for the following reasons:
The B.A. in Art degree will offer flexibility for students who wish to combine their interest in art with a greater range and increased number of other university course offerings.

The B.A. in Art will likely increase the overall number of majors in the Department of Art and Art History. Increased enrollment is part of our current academic plan.

The B.A. in Art, with fewer course requirements in Art and Art History, will facilitate the completions of an additional degree outside of Art.

B.A. in Art students will enrich and diversify the Art Department cohort, as it attracts students with a wide-range of interests and academic pursuits.

The current number of Studio Art Minors is 60+. The B.A. in Art will offer an additional degree choice for students interested in studying art at the university level.

Learning Outcomes

1. Students will have developed fundamental studio practice and principles upon completion of the B.A.

2. Students will be able to utilize skills in creative thinking and problem solving, visual thinking, and perceptual and imaginative abilities.

3. Students will be able to demonstrate the ability to use appropriate and pertinent technologies within the discipline. These technologies evolve and may include two-dimensional, three-dimensional, digital and performative media.

4. Students will learn to critique works of art through analysis of their own and others’ artwork.

5. Students will become familiar with the historical achievements, current issues, processes, and directions in the field of art.

6. Students will comprehend the place of art in culture, and locate themselves within this larger context.

7. Students will develop the power to use creative expression and critical response to pursue their artistic vision in ways that will contribute aesthetically, ethically and socially to the larger culture.

Enrollment & Graduation Projections

Based on numerous conversations with students, parents and department faculty, we’ve found that some students who would like to focus in studio art are not always interested in committing to the in-depth, professional B.F.A degree program. The B.F.A. degree prepares students as professionals, and as candidates for Master of Fine Arts degree (the terminal degree for studio art). Some students would like to broaden the scope of their studies to prepare for a variety of life and career options. We feel that by offering an additional baccalaureate program that focuses on studio art, but also offers a broader program of general studies, we will attract additional students. It is difficult to project how numbers might increase. Some students who would not have chosen the B.F.A. because of its curricular depth might flock to the department if they have more flexible options in the B.A. On the other hand, some students who would normally enroll in the B.F.A. program may instead choose the B.A. There are currently 60+ Studio Art Minors. Students who would have considered an Art Minor may decide to enroll in the B.A. program instead.

Anecdotal evidence suggests we might increase the number of students in the Department of Art and Art History by 20%. Students will be able to complete degree requirements in four years.
Financial Resources

While the Department of Art and Art History is continually underfunded for what we aim to accomplish, we feel that with our dedicated faculty and staff, we can accommodate the new major with existing budgetary funds.

Facilities//Equipment/Library/Special Resources

The students in the B.A. program will utilize the same facilities, resources and equipment that we currently offer our B.F.A. students. The studios are equipped with an appropriate range of available technology. The department provides safe, secure working spaces suitable for specialized and complex work by students and faculty. The library offers ample materials and resources.

Program Administration

The Department Head will oversee the administration of the program, assigning special advisory faculty to ensure students get appropriate and useful advising.

Faculty

The faculty will be the same as those currently teaching in the Department of Art and Art History B.F.A. in Art and B.A. in Art History programs. The full-time, continuing members of the faculty are all qualified with the terminal degree in their fields. They produce high-quality creative and scholarly work, and have solid professional profiles. Adjunct instructors and Graduate Teaching Assistants also are required to demonstrate their qualifications with appropriate degrees and instructional efficacy.
The following faculty members will be teaching in the proposed program

RE: Bachelor of Science in Computer Science at the Stamford Campus

BACKGROUND:

The Bachelor of Science in Computer Science is offered exclusively at the Storrs campus. Offering the major at the Stamford Campus will provide access to an important major that fits within the Campus’s focus on technology and innovation. Increased enrollment at the Stamford campus will contribute to the anticipated success of the program.

The University intends to offer all required course of the Computer Science major at the Stamford Campus, including sufficient elective courses to allow students to complete the entire plan of study while at Stamford. The academic rigor of the Computer Science program at Stamford will be equivalent to the rigor of the Storrs campus. The Stamford campus currently offers required courses in lab sciences, Calculus, English, and introductory Engineering and Computer Science and Engineering.

Four additional in-residence faculty positions in Stamford and a half-time staff position in Storrs are needed to ensure a consistent and equivalent program at Stamford with Storrs.

RE:       Adoption of Procurement Policies Pursuant to Public Act No. 17-130

RECOMMENDATION:

That the Board of Trustees adopt the procurement policies, pursuant to Public Act No. 17-130, to provide the University of Connecticut with the option to enter into certain contracts for the purchase of goods and services or to lease personal property using procurement procedures that differ from those otherwise prescribed in Conn. Gen. Stat. § 10a-151b(b). Copies of the proposed policies are attached to this memorandum.

BACKGROUND:

On September 27, 2017, UConn notified the public that it is considering the adoption of such policies. The notice invited interested persons and the general public to comment on the proposed policies. A copy of the notice is attached.

On October 2, 2017, Procurement Services posted the proposed policies and began accepting comments through its webpage and by mail. The comment period closed after thirty days, at 5:00 PM on October 31, 2017.

RESOLUTION:

BE IT RESOLVED, that the attached procurement policies be approved and become effective immediately. In the event that any prior policies or practices conflict with these new procurement policies, the new policies shall control.

• Proposed Policy: Purchases Made Using Outside Funds
• Proposed Policy: Purchasing Through Collaboration Contracts
• Notice: Board of Trustee’s September 27, 2017 Resolution Titled: Notice to Board of Trustees and the Public that the University is Considering the Adoption of Procurement Policies
REASON FOR POLICY

Most of UConn’s purchases are made in the United States or are made overseas for use in the United States. But UConn is a global research University that sponsors, or participates in, teaching, research, and other programs around the world. These programs provide important educational opportunities for students and support research and service by faculty and students.

This Policy is established pursuant to Section 2(b)(1)(B) and Section 3 of Public Act 17-130, which authorizes UConn to develop policies for the purchase of equipment, supplies or services, or the lease of personal property (i) to be used outside of the United States, and (ii) where the other party to the contract is located outside of the United States. These purchases are referred to in this Policy as “Overseas Purchases.”

The purpose of this Policy is to establish a framework for procedures pursuant to which UConn can make Overseas Purchases. Overseas Purchases are used to assist UConn in pursuing its teaching, research, clinical, public service, and economic development missions. Making Overseas Purchases effectively and prudently will help UConn to fulfill its missions.

APPLIES TO

Faculty and staff on all campuses, including UConn Health.

DEFINITIONS

“Overseas Purchase” is a Purchase (i) to be used outside of the United States and (ii) where the other party to the contract is located outside of the United States.

“Partner Institutions” are any of the following that are located outside the United States and with which UConn jointly supports teaching, learning, or research programs: research institutes, laboratories, government agencies, quasi-governmental agencies, non-government organizations, members of a consortium of which UConn is a member, colleges, and universities.

“Purchase” is the purchase of equipment, supplies, or services, or the lease of personal property.

“Simplified Acquisition Threshold” is a threshold set by the Federal Government for purchasing goods and services in a manner that, as stated in Section 13.002 of the Federal Acquisition Regulations, “[p]romote[s] efficiency and economy in contracting” and “avoid[s] unnecessary burdens.” The Simplified Acquisition Threshold is set in Subpart 2.1 of the Federal Acquisition Regulations and is currently $150,000.

POLICY STATEMENT

A. The President or the President’s designee shall adopt procedures for entering into contracts for Overseas Purchases, including identifying vendors for Overseas Purchases. Such procedures shall be consistent with this Policy.

B. UConn shall make Overseas Purchases in a manner consistent with applicable law, provided that the following shall be exempt from CGS §10a-151b(b) and regulations adopted pursuant to CGS §4e-47:

(1) Overseas Purchases from Partner Institutions, or from vendors located outside the United States identified by Partner Institutions, if such Purchases serve jointly-supported teaching, learning, or research programs.

(2) Overseas Purchases up to the Simplified Acquisition Threshold. UConn shall request quotations from at least three prospective vendors before making such purchases.

(3) Overseas Purchases entered into consistent with the following:
• UConn shall attempt to identify as many prospective vendors as is practical and cost effective, considering the challenges associated with each purchase. Such challenges may include geographic limitations, language barriers, the availability or absence of technology, the ability to identify vendors that are reliable and safe, and local laws and regulations.

• When more than one prospective vendor is identified, UConn shall conduct an appropriate competitive process. The competitive process shall take into consideration the challenges of participating in a formal procurement process, including the factors set forth above.

C. The procedures adopted pursuant this Policy shall include a method for reporting any contract exempted under Paragraph B of this Policy that is entered into or amended. As required by Section 3(b) of Public Act 17-130, not later than January 1, 2018, and annually thereafter, such report shall be submitted to the joint standing committees of the General Assembly having cognizance of matters relating to higher education and government administration.

ENFORCEMENT

Violations of this Policy may result in appropriate disciplinary measures in accordance with University Laws and By-Laws, General Rules of Conduct for All University Employees, applicable collective bargaining agreements, and the University of Connecticut Student Code.

PROCEDURES/FORMS

POLICY HISTORY
Most of UConn’s purchases are made with State and Certain Other Institutional Funds (defined below). But some purchases are made with funds that come from other sources. This Policy is established pursuant to Section 2(b)(1)(A) and Section 3 of Public Act 17-130, which authorizes UConn to develop policies for purchases that do not involve the expenditure of State and Certain Other Institutional Funds. Funds other than State and Certain Other Institutional Funds are referred to in this Policy as “Outside Funds.”

Outside Funds include federal and philanthropic grants, sponsored research and other sources.

The purpose of this Policy is to establish a framework for procedures pursuant to which UConn can enter into contracts using Outside Funds. Outside Funds are used to assist UConn in pursuing its teaching, research, clinical, public service, and economic development missions. Those missions are vital to discovery, innovation, and job creation in the State of Connecticut. Using Outside Funds effectively and prudently will help UConn fulfill its missions. It will also help UConn more successfully compete with other institutions for Outside Funds.

APPLIES TO

Faculty and staff on all campuses, including UConn Health.

DEFINITIONS

“Funder” is the provider of Outside Funds to UConn.

“Outside Funds” are funds other than State and Certain Other Institutional Funds.

“Purchase” is the purchase of equipment, supplies, or services, or the lease of personal property.

“Simplified Acquisition Threshold” is a threshold set by the Federal Government for purchasing goods and services in a manner that, as stated in Section 13.002 of the Federal Acquisition Regulations, “[p]romote[s] efficiency and economy in contracting” and “avoid[s] unnecessary burdens.” The Simplified Acquisition Threshold is set in Subpart 2.1 of the Federal Acquisition Regulations and is currently $150,000.

“State and Certain Other Institutional Funds” has the same meaning as in Section 2(a)(5) of Public Act 17-130, which meaning is (i) funds appropriated or bonds authorized by the General Assembly; (ii) revenue generated from tuition; (iii) funds collected from student fees, housing fees or dining services; (iv) revenue generated from athletic sponsorship deals or ticket sales; and (v) revenue collected from the clinical operations of The University of Connecticut Health Center and the John Dempsey Hospital.

POLICY STATEMENT

A. The President or the President’s designee shall adopt procedures for entering into contracts for Purchases with Outside Funds, including identifying vendors for such Purchases. Such procedures shall be consistent with this Policy.

B. UConn shall make Purchases with Outside Funds in a manner consistent with applicable law, provided that the following shall be exempt from CGS §10a-151b(b) and regulations adopted pursuant to CGS §4e-47:

(1) Purchases from vendors selected through a process prescribed by the Funder. The procedures adopted pursuant this Policy shall include a method for documenting the Funder’s prescribed process in advance of purchases.
(2) Purchases up to the Simplified Acquisition Threshold. UConn shall request quotations from at least three prospective vendors before making such purchases.

C. The procedures adopted pursuant this Policy shall include a method for reporting any contract exempted under Paragraph B of this Policy that is entered into or amended. As required by Section 3(b) of Public Act 17-130, not later than January 1, 2018, and annually thereafter, such report shall be submitted to the joint standing committees of the General Assembly having cognizance of matters relating to higher education and government administration.

ENFORCEMENT

Violations of this Policy may result in appropriate disciplinary measures in accordance with University Laws and By-Laws, General Rules of Conduct for All University Employees, applicable collective bargaining agreements, and the University of Connecticut Student Code.

PROCEDURES/FORMS

POLICY HISTORY
REASON FOR POLICY

Most of UConn's purchases are made simply to acquire good or services. But in some instances purchases are made in the context of a broader collaboration with another higher education institution, a nonprofit organization, or an industry partner. This Policy is established pursuant to Section 2(b)(1)(C) and Section 3 of Public Act 17-130, which authorizes UConn to develop policies for purchases that are made as part of a Collaboration Contract (defined below).

The purpose of this Policy is to establish a framework for procedures pursuant to which UConn can enter into Collaboration Contracts. Collaboration Contracts assist UConn in pursuing its teaching, research, clinical, public service, and economic development missions. Those missions are vital to discovery, innovation, and job creation in the State of Connecticut. Making purchases effectively and prudently in the context of Collaboration Contracts will help UConn to fulfill its missions. It will also help UConn more successfully compete with other institutions for Collaboration Contracts.

APPLIES TO

Faculty and staff on all campuses, including UConn Health.

DEFINITIONS

“Collaboration Contracts” are contracts described in Section 2(b)(1)(C) of Public Act 17-130, which are contracts in which the other party agrees to provide UConn with at least two of the following: (i) philanthropic support, (ii) sponsored research, (iii) research collaborations, (iv) employment opportunities for students, or (v) some other substantial value to UConn or the state.

“Collaborator” is UConn's counterparty under a Collaboration Contract.

“Purchase” is the purchase of equipment, supplies, or services, or the lease of personal property.

“Simplified Acquisition Threshold” is a threshold set by the Federal Government for purchasing goods and services in a simplified manner that, as stated in Section 13.002 of the Federal Acquisition Regulations, “promote[s] efficiency and economy in contracting” and “avoid[s] unnecessary burdens.” The Simplified Acquisition Threshold is set in Subpart 2.1 of the Federal Acquisition Regulations and is currently $150,000.

POLICY STATEMENT

A. The President or the President's designee shall adopt procedures for entering into Collaboration Contracts, including identifying Collaborators. Such procedures shall be consistent with this Policy.

B. UConn shall enter into Collaboration Contracts and make Purchases from Collaborators in a manner consistent with applicable law, provided that the following shall be exempt from CGS §10a-151b(b) and regulations adopted pursuant to CGS §4e-47:

   (1) Purchases through a Collaboration Contract under which both (i) the Collaborator's contributions have substantial market value and (ii) such market value, plus any other benefits the Collaboration Contract will provide UConn, is expected to exceed UConn's expenditures.

   (2) Purchases up to the Simplified Acquisition Threshold. UConn shall request quotations from at least three prospective vendors before making such purchases.

C. The procedures adopted pursuant this Policy shall include a method for reporting any contract exempted under Paragraph B of this Policy that is entered into or amended. As required by Section 3(b) of Public Act 17-130, not later than January 1, 2018, and annually thereafter, such report shall be submitted to the joint standing committees of the General Assembly having cognizance of matters relating to higher education and government administration.
ENFORCEMENT

TO: Members of the Board of Trustees

FROM: Scott A. Jordan
Executive Vice President for Administration and Chief Financial Officer

RE: Notice to Board of Trustees and the Public that the University is Considering the Adoption of Procurement Policies Pursuant to Public Act No. 17-130

RECOMMENDATION:

It is recommended that the Board of Trustees adopt procurement policies, pursuant to Public Act No. 17-130, to provide the University of Connecticut with the option to enter into certain contracts for the purchase of goods and services or to lease personal property using procurement procedures that differ from those prescribed in Conn. Gen. Stat. § 10a-151b(b). Drafts of the proposed policies are attached.

This memorandum is to notify the Board, interested persons, and the general public that the University is considering the adoption of the proposed policies and will be accepting comments.

BACKGROUND:

On June 30, 2017, Public Act No. 17-130 ("Act") was signed into law. The Act authorizes the Board of Trustees to adopt policies that would allow UConn to enter into certain contracts for the purchase of goods and services or to lease personal property using procurement procedures that differ from those prescribed in Conn. Gen. Stat. § 10a-151b(b). UConn supported this legislation during the 2017 Regular Legislative Session, as did the Board of Regents for Higher Education. The purpose of the legislation was to enable certain contracting activities undertaken by higher education institutions to be performed more efficiently and effectively.

The proposed procurement policies would cover contracts for the purchase of goods and services or the lease of personal property that (1) are made outside the United States and used abroad; (2) are made as part of a collaboration agreement; or (3) do not involve the expenditure of state or certain institutional funds.
The Act requires the Board to provide “a reasonable opportunity for interested persons to present their views on such policies prior to adoption.” This requirement is similar to the process used to amend UConn’s By-Laws, which requires that notice be provided at one Board meeting and action be taken at a subsequent meeting.

The proposed policies have been, or will be, posted to the Procurement Services webpage. Anyone interested in commenting on the proposed policies can submit written comments on the webpage or by mail to an address provided on the webpage. Comments will be accepted for thirty days following posting.

NOTIFICATION

The Board of Trustees invites all interested persons to review the proposed policies and submit written comments through a Procurement Services webpage developed for this purpose (http://contracting.uconn.edu/draft-policies-comment-submission-form/) or by mailing their comments to the address listed on the webpage.

The administration will collect and summarize the comments. The administration may, after reviewing the comments and making any appropriate changes, present the policies to the Board for adoption at one of its regularly scheduled meetings. Prior to adopting the policies, the Board will allow the public to provide additional comments during the public participation portion of that meeting.

A copy of this notice will be posted on UConn’s Procurement Services website no later than noon September 28, 2017 and will remain posted until the Board puts the approval of such policies on the agenda for a regular Board meeting.

RE: Project Budget for UConn Bookstore in Downtown Hartford  
(Revised Final: $1,831,000)

RECOMMENDATION:
That the Board of Trustees approve the Revised Final Budget of $1,831,000 for construction services related to a new retail facility in downtown Hartford that will be used to operate a campus bookstore and café.

RESOLUTION:
“Be it resolved that the Board of Trustees approve the use of $1,831,000 in University funds provided from the guaranteed Barnes and Noble revenue for the construction of the new downtown Hartford bookstore and café.”

BACKGROUND:
Barnes and Noble (B&N) was selected last year to operate UConn’s bookstores. After considerable due diligence, analysis and negotiation, the retail space at 20 Front Street, Hartford, CT was selected as the site for the bookstore and café, which is located immediately across the street from the new downtown UConn Hartford Campus. UConn will lease the retail facility from FSD Apartments, LLC (“FSD”). FSD is the owner of the facility and an affiliate of HB Nitkkin Group, the developer of the main building of the new UConn Hartford campus. The Board previously approved the terms of the lease of the retail space and estimates of the initial construction were included in that resolution.

The full cost of the project is $3,500,000. UConn’s portion is $1,831,000. The revised final budget is approximately $300,000 more than the final budget due primarily to unforeseen field conditions, customizing the Starbuck’s Café to the allowable space and premium time to complete and open the project with the balance of the campus. FSD is responsible for delivering
the leased premises to UConn in agreement upon “vanilla box” conditions. B&N will provide $1 million towards the capital investment, and FSD will contribute $669,000. UConn is responsible for reimbursing FSD for any additional costs above this amount associated with this work, which will not exceed $1,831,000. Per our contract with B&N, UConn is guaranteed $3.5 million of operating funds for the first two years of the contract. In addition, UConn will receive an additional $1 million in guaranteed operating revenue for the first two years the downtown Hartford store is open. The guaranteed bookstore revenue proceeds will be used to pay UConn’s portion of the construction costs for the downtown Hartford bookstore and café.

RE: Naming of Jerry Yang Road

RECOMMENDATION:

That the Board of Trustees approve the naming of the access road to the UConn Dairy Bar, Jerry Yang Road.

BACKGROUND:

Xiangzhong (Jerry) Yang (1959-2009) was a professor in the department of Animal Science and founding director of the Center for Regenerative Biology at the University of Connecticut. Scotland was famous for Dolly the cloned sheep. The U.S. was equally well known for Amy, the first cloned bovine calf produced in North America; a feat achieved by Jerry Yang and his research team in 1999. His pioneering work in nuclear reprogramming and stem cell research positioned UConn’s agricultural biotechnology research as a worldwide leader. In recognition of Jerry’s research and its broader promise, the University approved construction of a second floor in the Advanced Technology Labs and the hiring of five new faculty members from across the University to advance its promise in stem cell research by forming the Center for Regenerative Biology.

As a visionary leader, Jerry’s contributions to humanity extended beyond laboratory science to include exchanges for the benefit of improved communication and collaboration. As a Ph.D. student at Cornell University, he established the society of Overseas Chinese Agricultural Students, organized its first conference and published its official journal. In 1994, he obtained funding from the Rockefeller Foundation and established “China Bridges International,” a scholarship program to support overseas Chinese scientists to conduct short-term research in China. Shortly after arriving in Storrs, he led a UConn presidential delegation to China’s Ministries of Agriculture and Education. In 2004, he funded and led a delegation of editors and representatives from the premier science journal, Nature, to visit the labs of accomplished scientists who had returned to China following their overseas educations. Subsequently, Nature published a special issue “China’s Voice” featuring articles of ground-breaking science from this group of scientists.
Jerry Yang was revered as a scientist by his home country and this provided access to China’s Premier for enhancing the lives of others. Jerry recommended three key advancements that were implemented and that helped millions:

1. Having been educated in a one-room school in rural China, Jerry never forgot the harsh life of local teachers who had to farm to support themselves. He contributed to the establishment of salaries for rural teachers nationwide.

2. Seeing the lack of dairy products in the Chinese diet, Jerry worked with the Premier to gain approval for importation of American cattle genetics, subsidies to farmers to improve China’s dairy industry, and for free “student milk” for all school children.

3. Recognizing the underdevelopment of science and technology in China, Jerry recommended that the Premier introduce a Chinese version of SBIR/STTR research grants which focus on public-private partnerships.

Jerry’s final recommendation, which was funded but stopped short in its implementation by the progression of his salivary gland adenocarcinoma, was to establish a world-wide human stem cell hub in China.

In his memory, his hometown, Hebei Province, carved him and his cloned calf on the stone wall in their provincial park, erected his statue in their best elementary school, and is renovating the home that Jerry grew up in as a museum. The naming of the Storrs campus road that runs behind the very building that Jerry worked in day and night, as “Jerry Yang Road”, is appropriate and well-deserved to honor an internationally known scientist, leader, educator and visionary.

At its October 23, 2017, meeting, the Institutional Advancement Committee recommended approval to the full Board.

RE: UConn Foundation Update & Fundraising Report FY18 First Quarter

We’re pleased to report that the Foundation’s fundraising total for this fiscal year, as of September 30th, is approximately $30 million and we’re making steady progress toward our goal of $85 million for the year. Last year at the same time the Foundation had raised $10.7 million, so there is ample reason to be excited about the improvement year-to-date.

One giving level where the Foundation is seeing especially robust growth is with gifts between $10,000 and $25,000. An additional 26 donors have come forward this quarter compared to the 1st quarter of FY17. The long-term success of our major and principal gift programs is dependent on a strong pipeline, so an increase in this giving level is encouraging.

Looking back at the last fiscal year, the portfolio returned 11.74% during the year compared to a Market Value Weighted benchmark return of 10.45%, for an outperformance of 1.29%. That makes seven out of the last eight years that the portfolio has had positive returns, with an annualized return of 7.51% during that period.

Another very positive result of this year’s investment performance is that each endowment experienced growth of at least 5.27% after taking all distributions into consideration. The Foundation’s long-term investment portfolio, at the end of FY17, totaled $365.8 million. UConn’s total endowment, which includes the Foundation’s endowment, endowed gifts to the University, and the Law School Foundation finished at $421.9 million and has grown by $176.1 million, or 71.6%, since March of 2009.

Finally, I want to provide an update on recent activity from the Foundation Board’s Executive Committee (EC). As a result of the Campaign Readiness Assessment that was conducted over the past year, a number of recommendations were made by the consultant. Both the internal and external analysis conducted by the consultant were reported on in detail at our February and June board meetings this year. Many of the recommendations contained in those reports were addressed and implemented immediately. There were three topics – Budget, Campaign, and Governance – which required more in-depth discussion.

The EC and the Foundation’s Senior Management Team gathered at a retreat in mid-September to engage in a focused discussion on those three critical issues. Over the course of two days the group reviewed the consultant’s recommendations on these three topics in detail. The goals were to ensure effective governance, secure our financial health, and increase overall fundraising. Following the retreat we utilized the October board meeting to also update and engage the full board regarding these topics.

Thank you for your partnership and continued support.

RE: Fifth Supplemental Indenture Authorizing $185,000,000 of
Special Obligation Student Fee Revenue Bonds and Amending the Special
Obligation Indenture of Trust

RECOMMENDATION:

That the Board of Trustees approve the Fifth Supplemental Indenture, substantially in the form
attached hereto, authorizing University of Connecticut Special Obligation Bonds secured by
Student Fees in an amount not to exceed $185,000,000 plus costs of issuance, any capitalized
interest, and any required reserves, to fund the UCONN 2000 Project listed in the Act as
“Intramural, Recreational and Intercollegiate Facilities” for certain projects including a Student
Recreation Center and related projects to include athletic stadia on the Storrs Campus and
amending the Special Obligation Indenture of Trust as described below, provided that prior to
issuance of the bonds, the Chief Financial Officer shall submit a Plan of Finance for approval to
the Buildings, Grounds, and Environment and the Financial Affairs Committees of Board of
Trustees, which will include the final scope and cost, and the sources and uses of funds to be
used to finance such related projects; and provided, further, that the Plan of Finance for the
Student Recreation Center and such related projects shall not include the use of funds from
tuition payments or state appropriations.

BACKGROUND:

The University of Connecticut’s (the “University”) Special Obligation Bonds are authorized by
the UCONN 2000 Act and issued pursuant to a Special Obligation Indenture of Trust by and
between the University and U.S. Bank National Association, dated as of January 1, 1997, as
amended (the “Master Indenture”) which provides that each new issue of bonds be issued
pursuant to a supplemental indenture.
The Fifth Supplemental Indenture authorizes the issuance of bonds in the maximum amount of $185,000,000 plus costs of issuance, any capitalized interest, and any required reserves to finance the UCONN 2000 Project listed in the Act as “Intramural, Recreational and Intercollegiate Facilities” for certain projects including a Student Recreation Center and related projects such as Athletic Stadia on the Storrs Campus.

The Fifth Supplemental Indenture also contemplates that the exact amount of the bonds to be issued will be determined at the time of issuance. Appendix A of the Fifth Supplemental Indenture lists the UCONN 2000 projects that may be financed by the bonds.

The Fifth Supplemental Indenture also amends the Master Indenture, which is now twenty years old, for certain updates and clarifications consistent with current market practice and regulations. The changes include clarification that “Assured Revenues” do not include patient revenues or any other revenues derived from clinical operations; allowance for use of a debt service reserve fund to secure the bonds; updating the continuing disclosure process consistent with regulatory and market changes; making certain delegations concerning disclosure to the Executive Vice President for Administration and Chief Financial Officer; adding Phase III of the UCONN 2000 program and providing that the renewal and replacement fund created under the Master Indenture is held by the trustee bank and spent at the direction of the University; and adding to the definition of “Pledged Revenues” the Athletic Stadia FIT Fee and the Student Recreation Center Fee.

This recommendation, as approved as provided above, will serve as the Board of Trustees’ resolution for approval of the Fifth Supplemental Indenture and for the series of bonds to be issued in accordance therewith. The resolution as finally approved as provided above, with supplemental information, as appropriate, will be sent to the Governor for approval. If the Governor chooses not to exercise his statutory authority to approve or disapprove the resolution within 30 days of its submission, it will be deemed approved in accordance with the Act.

It is expected that the bonds will be issued in March 2018 by the University with the approval and assistance of the State Treasurer. The term of the bonds will be 30 years. The proceeds of the bonds will be used as follows: $100 million for the construction of the Student Recreation Center, $25 million for infrastructure necessary of the Student Recreation Center and up to $60 million for athletic stadia and related projects. With respect to the issuance of bonds to fund the Student Recreation Center and related projects, the Board of Trustees is expected to take no further action. With respect to the issuance of bonds to fund athletic stadia, the Chief Financial Officer is required to submit a Plan of Finance to the Buildings, Grounds, and Environment and the Financial Affairs Committees, which the Committees will review and approve prior to issuance of the bonds.

The Treasurer shall file a Certificate of Determination with the University and Secretary of the State Bond Commission on or before the date of delivery of each series of the Bonds setting forth the details and particulars of the series of Bonds determined by her in accordance with this delegation. Such Certificate of Determination shall be delivered to the Trustee on or before the date of closing of each series of the Bonds.

The _____________ Series _ Bonds maturing in any one year are issuable in registered form, without coupons, in denominations of five thousand dollars ($5,000.00) or any integral multiple thereof not exceeding the aggregate amount of ____________ Series _ Bonds maturing in such year.
The __________ Series _ Bonds are authorized pursuant to The University of Connecticut 2000 Act, being Sections 10a-109a to 10a-109y, inclusive, of the General Statutes of Connecticut, as amended to date (the “Act”) and are issued pursuant to a resolution adopted by the University’s Board of Trustees on ___________, a Special Obligation Indenture of Trust entered into by and between the University and State Street Bank and Trust Company, as original trustee (predecessor to U. S. Bank National Association), as Trustee (such trustee and any successor thereto under the Special Obligation Indenture being herein called the “Trustee”), dated as of January 1, 1997, as amended, (the “Special Obligation Indenture”), the Fifth Supplemental Indenture by and between the University and the Trustee dated as of ___________ (the “Fifth Supplemental Indenture”) (together, the Special Obligation Indenture and the Fifth Supplemental Indenture are herein referred to as the “Indenture”), and other proceedings had and taken in conformity therewith, or determined pursuant thereto, including a Series Certificate of Determination relative to the __________ Series _ Bonds dated as of ___________ executed by the State Treasurer and filed with the Secretary of the State Bond Commission and with the University. Reference to the Indenture and any and all supplements thereto and modifications and amendments thereof and to the Act is made for a description of the pledges and covenants securing the ____________ Series _ Bonds, the nature, extent and manner of enforcement of such pledges, the rights and remedies of the owners of the ___________ Series _ Bonds with respect thereto and the terms and conditions upon which the ____________ Series _ Bonds are issued and additional bonds may be issued, including for the purpose of refunding outstanding bonds. Terms not defined herein shall have the meanings set forth for such terms in the Indenture. Certified copies of the Indenture are on file in the office of the Trustee and in the office of the University.

The __________ Series _ Bonds maturing on and after _____________ will be subject to redemption prior to their maturity, at the election of the University at any time, on or after ____________, in whole on any date or in part on any interest payment date (each herein the “Redemption Date”), from time to time, and in such maturity or maturities (but by lot within a maturity among bonds bearing the same interest rate) as the University shall determine at the respective redemption prices (expressed as percentages of the principal amounts of bonds to be redeemed) set forth in the following table, together with interest accrued and unpaid to the Redemption Date:

In the event any of the __________ Series _ Bonds are to be called for redemption, notice thereof shall be given, by first-class mail, postage prepaid to the registered owners of __________ Series _ Bonds which are to be redeemed, at their last known addresses, if any, appearing on the registration books of the University at least thirty (30) days but not more than forty-five (45) days prior to the Redemption Date and a second notice of redemption shall be sent by registered or certified mail at such address to any registered owner who has not submitted his __________ Series _ Bonds to the Trustee or Paying Agent for payment on or before the date sixty (60) days following the date fixed for redemption. Such notices shall specify the maturities of the __________ Series _ Bonds to be redeemed, the redemption date and the place or places where amounts due upon such redemption will be payable and, if less than all of the __________ Series _ Bonds are to be redeemed, the letters and numbers or other distinguishing marks of such __________ Series _ Bonds so to be redeemed, and, in the case of registered __________ Series _ Bonds to be redeemed in part only, such notice shall also specify the respective portions of the principal amount thereof to be redeemed. Such notice shall further state that on such date there shall become due and payable upon each __________ Series _ Bond to be redeemed the Redemption Price thereof, or the Redemption Price of the specified portions of the principal thereof to be
redeemed in part only, together with interest accrued to the redemption date, and that from and after such date interest thereon shall cease to accrue and be payable.

The failure of any ____________ Series _ Bondowner to receive notice shall not affect the validity of the proceedings for the redemption of ____________ Series _ Bonds. If, on the redemption date, moneys for the redemption of all the ____________ Series _ Bonds or portions thereof, together with interest to the redemption date, shall be held by the Trustee and Paying Agents so as to be available therefor on said date and if notice of redemption shall have been given as aforesaid, then, from and after the redemption date, interest on the ____________ Series _ Bonds or portions thereof so called for redemption shall cease to accrue. If said moneys shall not be so available on the redemption date, such ____________ Series _ Bonds or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption and, except with respect to any mandatory redemption, shall not be deemed to be in default hereunder.

This ____________ Series _ Bond is transferable only upon the books of the University, which shall be kept for that purpose at the principal corporate trust office of the Trustee, by the registered owner hereof in person or by his attorney duly authorized in writing, upon surrender hereof together with a written instrument of transfer satisfactory to the Trustee duly executed by the registered owner or his duly authorized attorney. Upon such transfer, the University shall issue in the name of the transferee a new ____________ Series _ Bond of the same aggregate principal amount, tenor and series and maturity and interest rate as this _____________ Series _ Bond.

The University, the Trustee and each Paying Agent may deem and treat the person in whose name this ______________ Series _ Bond is registered upon the books of the University as the absolute owner hereof, whether this ___________ Series _ Bond is overdue or not, for the purpose of receiving payment of, or on account of, the principal or Redemption Price, if any, of and interest on this ___________ Series _ Bond and for all other purposes, and all such payments so made to any such registered owner or upon his order shall be valid and effective to satisfy and discharge the liability upon this ______________ Series _ Bond to the extent of the sum or sums so paid, and neither the University nor any Fiduciary shall be affected by any notice to the contrary.

Anything contained herein to the contrary notwithstanding, so long as the ____________ Series _ Bonds are held by The Depository Trust Company (“DTC”) or its nominee Cede & Co. (or a successor depository or nominee) pursuant to a Letter of Representations between the University and DTC (or a successor depository or nominee) as the same may be amended (the “Letter of Representations”) which was entered into to effect a book-entry system to evidence ownership and transfer of the ____________ Series _ Bonds, if any terms of the ____________ Series _ Bonds (other than the Principal Amount, Interest Rate, Maturity Date, Record Date or payment dates) are inconsistent with the terms of the Letter of Representations, the terms of the Letter of Representations shall prevail. The right of DTC to discontinue providing services as securities depository, the right of the University to discontinue the book-entry system with DTC and the terms and conditions of the obligation of the University to deliver replacement bonds to the beneficial owners of the ____________ Series _ Bonds are all set forth in the Letter of Representations, counterparts of which are on file with the University and DTC.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the University and the rights of the holders of the ____________ Series _ Bonds at any time by the University with the consent of the holders of not less than two-thirds in aggregate principal amount of the ____________ Series _ Bond at the time outstanding thereunder. Any such consent shall be conclusive and binding upon each such holder and upon all future holders of each _____________ Series _ Bond and of any _____________ Series _ Bond issued upon the transfer or exchange thereof, whether or not notation of such consent is made thereon. The
Indenture also contains provisions permitting the Trustee to waive certain past defaults and their consequences. The holder of this __________ Series _ Bond shall have no right to enforce the provisions of the Indenture, to institute action to enforce the provisions and covenants thereof or to institute, appear in or defend any suit or other proceedings with respect thereto, except as provided in the Indenture.

This __________ Series _ Bond is issued pursuant to and in full compliance with the Constitution and laws of the State of Connecticut. It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this __________ Series _ Bond do exist, have happened and have been performed in due time, form and manner as required by law and that the issuance of this __________ Series _ Bond and of the issue of which it forms a part, together with all other obligations of the University, do not exceed or violate any constitutional or statutory limitation.

Neither the officers of the University nor any person executing this _________ Series _A Bond shall be liable personally or be subject to any personal liability or accountability by reason of the issuance hereof.

After issuance, pursuant to the Act this __________ Series _ Bond shall be conclusively presumed to be fully and duly authorized and issued under the laws of the State of Connecticut, and any person or governmental unit shall be estopped from questioning its authorization, sale, issuance, execution or delivery by the University.

This __________ Series _ Bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Indenture until the certificate or authentication hereon shall have been signed by the Trustee.
IN WITNESS WHEREOF, THE UNIVERSITY OF CONNECTICUT has caused this Series Bond to be executed in its name by the manual or facsimile signature of its President and its official seal or a facsimile thereof to be hereunto impressed or imprinted hereon and attested by the manual or facsimile signature of an Authorized Officer all as of the bond date set forth above.

EXECUTIVE SESSION (As Needed)
November 1, 2017

TO: Members of the Board of Trustees
FROM: Scott A. Jordan, Executive Vice President for Administration and Chief Financial Officer  
       Jeremy Teitelbaum, Interim Provost and Executive Vice President for Academic Affairs

RE: Authorization of Amended and Restated Twenty-Third Supplemental Indenture  
    Authorizing University of Connecticut General Obligation Bonds

RECOMMENDATION:

That the Board of Trustees approve an Amended and Restated Twenty-third Supplemental Indenture, substantially in the form attached hereto, authorizing University of Connecticut General Obligation Bonds secured by the State of Connecticut’s (the “State”) Debt Service Commitment in an amount not to exceed $200,000,000 plus costs of issuance, plus amounts carried forward from the Twenty-second Supplemental Indenture. The State Budget has been approved with a revised authorization of UCONN 2000 Debt Service Commitment Bonds for Fiscal Year 2017-18 in the amount of $200,000,000. This Amended and Restated Twenty-third Supplemental Indenture increases the authorization for the Fiscal Year 2017-2018 Debt Service Commitment Bonds from $147,750,000 to $200,000,000. Following Board approval of this Amended and Revised Twenty-third Supplemental Indenture, the University will seek the Governor’s approval to authorize the revised full $200,000,000 bond allotment. Once this Amended and Restated Twenty-third Supplemental Indenture is approved by the Governor, the Twenty-third Supplemental Indenture approved by the Board on August 2, 2017 will no longer be in effect.

BACKGROUND:

The State Budget has recently been approved by the legislature and the Governor with a revised $200,000,000 of UCONN 2000 Debt Service Commitment authorizations for Fiscal Year 2017-18. Following Board approval of this Amended and Revised Twenty-third Supplemental Indenture, the University will seek the Governor’s approval to authorize the revised full $200,000,000 bond allotment.
On June 28, 2017, the Board of Trustees approved the Twenty-third Supplemental Indenture, which authorized bonds in the then maximum statutory principal amount of $295,500,000 (the "Original Supplement"). Subsequently the State Budget was not approved and this supplemental indenture was not sent to the Governor for his signature. Following advice from the Office of Policy and Management, on August 2, 2017, the Board of Trustees approved a revised Twenty-third Supplemental Indenture, which authorized bonds in the maximum principal amount of $147,750,000 which the Governor approved on August 25, 2017. At that time we advised the Board that while that amount was sufficient to maintain cash flow on capital projects for a period of time, the University would seek additional Board of Trustees approval when a State Budget was determined and the State Debt Limit set. Once this Amended and Restated Twenty-third Supplemental Indenture is approved by the Governor, the Twenty-third Supplemental Indenture approved by the Board on August 2, 2017 will no longer be in effect.
