SPECIAL TELEPHONE MEETING OF THE BOARD OF TRUSTEES
UNIVERSITY OF CONNECTICUT

AGENDA

University of Connecticut              August 21, 2008
Gulley Hall
Storrs, Connecticut

OPEN SESSION

Call to order at 8:30 a.m.

1. Public Comment (limited to agenda items)

2. Chairman’s Report
   (a) Items requiring Board discussion and approval:
      (1) Project Budget (Final) for Northwest Quad Code Remediation  (Attachment 1)
      (2) Project Budget (Revised Final) for Nayden Clinic Relocation (Attachment 2)

3. Adjournment

The next meeting of the Board of Trustees is scheduled for Tuesday, September 23, 2008 at 1:00 p.m. at the Avery Point Campus, Groton, Connecticut.

PLEASE NOTE: If you are physically challenged and require special accommodations, please call the Board of Trustees Office at 486-2333 prior to the meeting.

RE: Project Budget (Final) for Northwest Quad Code Remediation

RECOMMENDATION:

That the Board of Trustees approve a Final Budget for code remediation at the Northwest Quad in the amount of $706,650. An exception to the three-phase budget process is also requested due to the compressed construction schedule related to this code correction project.

BACKGROUND:

The original UCONN 2000 Northwest Quad project, completed and occupied in 2000, consisted of the demolition of one dormitory building, construction of a new dining hall and renovations to the six existing dorms.

The UCONN 2000 code review and re-inspection program has resulted in a code correction project which is now underway and scheduled for completion in September 2008. The University negotiated with the original contractor and design architect to correct certain code discrepancies at no cost to the university and both the contractor and the design firm have returned to the project are resolving reported discrepancies.

Design investigation and design resolution led to certain construction tasks and related costs that were not necessarily the responsibility of the original project architect and/or contractor. The original budget for this cost was less than the $500,000 threshold requiring Board approval. Over the past two months, the University and the original project architect and contractor have negotiated and resolved responsibility for each task on a case-by-case basis. These negotiations, as well as final determination regarding code discrepancies by code officials, during the past two months, have resulted in a projected cost to complete of $706,650. One significant issue remains subject to code interpretation; depending upon the outcome the determination may reduce the projected cost to complete to $606,650.

The Final Budget is attached for your consideration and approval.

RE: Project Budget (Revised Final) for Nayden Clinic Relocation

RECOMMENDATION:

That the Board of Trustees approve the Revised Final Budget for renovation of the Nayden Clinic in the amount of $892,000.

BACKGROUND:

The existing Nayden Clinic is located in the old Fleet Bank Building on the east side of the Route 195, behind the University Commercial Block. This location is included in Phase I of the Mansfield Downtown Partnership’s Storrs Center Development. The building housing the clinic is scheduled to be demolished to make way for the development. The Nayden Clinic will be relocated to the first floor of the Human Development Building located at the end of Bolton Road. The Board of Trustees approved a Revised Final Budget on June 24, 2008 for this project in the amount of $741,000.

The project is under construction and scheduled for a September 2008 completion. During the design phase certain assumptions and decisions were made regarding the scope of renovation, existing conditions, building and fire code requirements and electrical capacity. As renovation proceeded, certain additional needs have been determined, including a new energy lighting system, new electrical panels, replacement of some ceilings in lieu of repair, added duct work for more efficient air distribution and related insulation. The increased cost of these changes requires Board approval in order for work to continue uninterrupted. Board action will enable the University to finish construction on schedule.

The Revised Final Budget is attached for your consideration and approval.
