Announcement To Subscribers.

If you are receiving this publication and have not paid your subscription for the year 1915-16 the paper will not be mailed to you after November 15.

The paper is sent as an exchange to High Schools and Colleges and will be continued throughout the year.

To newspapers the "Campus" is complimentary. Address all letters relative to subscriptions, failure to receive copies, etc., to ALBERT A. BUCELL, Circulation Manager.

Football Nov 13th.

The committee on decorating for the Football Camp has already begun its work by outlining the scheme which they intend to follow in preparing the Armory for the dance. The work is to be done by the members of the committee as far as possible. The general color scheme is to be blue and white on a green background, which is to be composed of junior, ground pine, and mountain laurel. These are to be faced with blue and white streamers and autumn leaves. The room is to be decorated with sheaves of cornstalks, pumpkins, and other seasonal incidentals.

As at the Junior Prom, last year the orchestra is to hold forth on an elevated platform in the center of the floor, and the musicians are to be concealed from view as far as possible by palms and ferns.

The committee has been sub-divided and one of those divisions is in charge of preparing and setting up the boxes. The boxes are all to be washed and touched up with paint where needed. It is the purpose of the committee to conceal as much of the gymnasium as possible, and to remove the unattached apparatus. One unsightly feature of the gymnasium at present is the unfinished ends of the running track. The committee intends to splice these ends with a few planks and to drape the planks with evergreens and streamers.

Football.

The Connecticut Aggies put up a hard fight against the strong Worcester Polytechnic team at Worcester on September 25, and held them to a 7-0 score. It was not until the last five minutes of play that the Tech. team, outweighing our men by twenty pounds to the man, blocked Hopwood's punt and by a series of line plunges carried the ball across. Ryan at end starred throughout the entire game. Harris deserves credit for his punting, and Hale at guard put up a fine game for a new man.

The eleven journeyed to Holoken October 2, to stack up against Stevens Institute. The score was 14-3 in favor of the Aggies. Those victories who outplayed and outplayed our men throughout the game. Hopwood, who kicked our field goal, and Clark were the stars for us.

On October 9, New Hampshire State defeated what the Granite State College paper calls its "old rival, Connecticut Aggies," to the tune of 19-0. The game was cut through unfortunate fumbles and the failure to deal with the forward passes of the other side in the proper manner.

The arrival of Mr. John H. Donahue last week to succeed in coaching the men greatly increased the spirit of the team. Donahue is a former Holy Cross and Boston College player and has had several years' experience in coaching around Boston. Last year he coached the Boston College team which had a very successful season. He comes well recommended and his work with the squad the past week proves him to be very competent.

The Connecticut Aggies team ventured a little outside of their class in tackling the Fordham University team at New York on the 16th. The game was played hard but was marked by spectacular plays or serious injury. The score was 35-0 in favor of the New York team who far outclassed our men in weight, speed, and knowledge of the game. Crowley, James and Renahan starred.

The resumption of athletic relations with Rhode Island State after a period of five years is very enthusiastically welcomed by the students and faculty. It has been announced that a game of football will be played with our neighboring institution on October 23 on Storrs Field. This means the postponement of the Fort Wright game to a later date. Basketball and baseball games will be arranged with the Rhode Island management, one game played at each place. It seems quite fitting that these two colleges, which are about the same numerically and in football, should meet in this way and the keen feeling of rivalry should be of the most helpful variety and beneficial to both institutions.

Louis J. W. McDonald, under the leadership of Barney McDonald, has been more successful than the first team in its games up to date. They defeated (Continued on page 8.)

Alumni Attention.

It will be the policy of the Campus, so far as is possible to do so, to publish Notes by classes. For this reason all are requested to send notes and notices for publication to Walter T. Clark, Alumni Editor, who will classify them for publication. The arrangement is never successful unless all cooperate to make it so. If each and every one of the Alumni will do his best this feature of the Campus will be a success.

Alumni Notes.

A. N. MacQuivey, '09, who is engaged in business for himself in Wendell, Idaho, with preliminary work at the college.

W. W. James, '09, is an assistant engineer in the Valuation Department of the Central Railroad Company of New Jersey.

Miss Dora House, ex-'16, is at the University of Washington.

J. H. Gamble, '09, is with the Bureau of Animal Industry of the United States Department of Agriculture.

Wesley O. Hollister, '09, is still with the Davey Tree Company, Kent, Ohio. He now has charge of their publication work in addition to being assistant manager, a director of the Company and secretary of the Davey Institute of Tree Surgery.

Mr. and Mrs. John Busch of Millerton, N. Y., have announced the engagement of their daughter to A. J. Borgen, ex-'10.

C. P. Harper, '13, was married to Miss Mildred Atwood of Watertown, Conn., on October 7.

W. R. B., ex-'16, is at work in New West, Mass.

C. W. Barnard, '08, and T. C. Winters, '06, are employed at the college.

S. F. Golley, ex-'16, has entered Tufts College as a freshman and is on the varsity football squad.

E. J. W. Smith, ex-'15, has entered the University of California for a course in mining engineering.

J. Herbert Wood, '13, has recently purchased a fruit farm in Newington, Conn.

W. T. Ackerman, '15, plans to move on his place at Rockville in a few weeks.

"Squash" Manning, ex-'18, has entered the Sheffield Scientific School.

A. E. St. Germain, ex-'18, has entered Brown University.

Miss Helen Bolan, '15, D. S., is instructor in Domestic Science in the City High School of Waterbury.

Miss Dorothy Hemenway, '15, D. S., is instructor in Domestic Science in the Baron de Hirsch School.

The Better Way.

A worthy acknowledgment of the better way to do dairy cleaning is found in the recognition given by Dairy Colleges and Dairy Authorities.

Almost to the man, State Dairy Authorities and Inspectors advise the use of this special dairy cleaner.

The better way, made possible by the sanitary cleaning innovation known as Wyandotte Dairymen’s Cleaner and Cleaner, meets the approval of 85 per cent. of the thousands of dairymen, milk dealers, and creamery Examiners on appreciative of the better way for one of the Wyandotte. They will gladly supply you with the understanding that it will prove to be all that is claimed for it. Otherwise the trial will cost you nothing.

The J. B. FORD CO. 
Secor Manufacturers, Wyandotte Drug Co. 
Indian in Circle every Package.

This Cleaner has been awarded the highest prize wherever exhibited.

IT CLEANS CLEAN!!
Welcome to the Wyandotte Booth 
Froozman-Pacific International Exposition, Agricultural Building, Block 6, corner Avenue A and 3rd Street.

Your wants in the JEWELRY LINE will receive prompt attention at J. C. TRACY’S 685 Main Street, Willimantic, Conn.

**WHAT ARE THE SIX BEST NOVELS?**

From the New York Times of September 19, 1915.

Believing that a discussion of a literary topic of the widest interest might be of interest, without some relief to minds which have constantly before them the tragic spectacle of the world’s great war, The New York Times recently asked a few of the most distinguished novelists of America and England to reply to this question:

*“Which, in your opinion, are the six best novels in the English Language?”*

The answers received have shown great diversity of opinion and indicate that the tastes of novelists is often at variance with that of the public for which they write. The letters have been printed in several installments and the opinions of their authors are here summarized.

Of the twenty-eight authors who replied to the request, a few were unwilling to commit themselves to any definite choice. Some of the others were careful to disclaim any wish to sit in judgment on the world’s literature, remaining entirely dissimilar novels.

RIFLE ASSOCIATION ELECTS OFFICERS.
The C. A. C. Rifle Association held its annual meeting, Wednesday evening, October 6, 1915, when the following officers were elected: President, C. E. Lee; Secretary, A. W. Miller; Treasurer, G. L. Prindle, Team Captain; R. Knight.

Plans were discussed for the coming year and much enthusiasm was shown over the prospects for the season.

A meeting of the executive committee was held after the regular meeting.

More Feed Per Acre

The cost of producing meat or milk would be much less if it required less acres to produce the feed.

Both the quantity and quality of the feed improve when the right plant foods are used to supplement the manure and clover. They improve enough to yield a handsome profit on the expenditure.

The right plant food includes enough

POTASH

in available form. Supplement the manure and phosphate with 50 to 100 pounds of Murate of Potash, or 200 to 400 pounds of Kainit, per acre, and you will raise big corn and fine clover and at the same time improve the fertility of the soil.

Try Potash sows alone on the swamp land pasture and note the clover that new year or the following year when the grass will grow out the wild hay. Write us for prices of Potash, one bag up.

GERMAN KALI WORKS, Inc., 42 Broadway, New York

REAL ECONOMY is never short-sighted. It never confuses PRICE with VALUE.

PRICE is what you pay for an article.

VALUE depends upon the amount and quality of service the article gives you.

YOU GET by far the greatest actual value for your money when you buy a De Laval—BECAUSE a De Laval will give you much better and longer SERVICE than any other cream separator.

From the standpoint of its greater durability alone the De Laval is

International Harvester Oil Engines—Mogul—Titan

THE buying of the right engine for the farm is a family affair. Your wife, the boys, the girls, the help—everybody about the place will be helped so much by the engine that it pays to buy carefully. Get a good engine, a Mogul or Titan, give it all the jobs it will do and handle it properly, and it will still be shouldering the drudgery years from now.

Buy an International Harvester engine—Mogul or Titan. In time the family will come to look on it as a faithful ever-reliable friend. It will keep down your fuel and repair bills, deliver the most power with least trouble, and save you more hard work than you can realize now.

International Harvester engines are made in all approved styles, sizes from 1 to 80-horse power, operating on low as well as high-grade fuels. Some local dealer near you handles Mogul or Titan engines. If you don’t know him, drop us a line. We’ll send you full information, and make it easy for you to see the best farm engine made.
