Football.

Before a crowd of 3000 and in the presence of President Butler, Columbia beat Boston College in a very rough game that was featured only by a fifty-yard run by McCarthy who intercepted a forward pass and ran for our touchdown. The Columbia team played an open game and their two touchdowns came as a result of long forward passes that our team were unable to break up. Cochrane, Columbia’s star halfback, was carried from the field, having sustained a fractured ankle that will keep him out of the game for the rest of the season.

In the last game of the season our team lost to the fast Boston College team on Storrs Field by a margin of one point. The team was playing its best in the last game, and gave the visiting team a surprise, as they were only beaten by 20-12. Andy Toomey and Boston College . . . . . . . . . 7

Football Hop.

The Football Hop was a distinct social and financial success. On the evening of November 15, the dance held forth in Hawley Armory and about forty couples assembled there to make it what it was, and the atmosphere that prevailed that evening can only be described by comparing it to the June Prom of last year. Terpsichore was king, and his subjects tripped the light fantastic through a program of twenty dances.

The Armory was effectively decorated with fixings appropriate to the season. The running track was draped with tinsel and faced with white streamers, and by means of these the unfinished ends were cleverly concealed. The fact that the orchestra was practically concealed from view on the dais in the center of the floor by the tall palms which surrounded it, together with the coziness of the boxes, gave the affair a distinctly Bohemian aspect. College pennants were in prominence, and formed the greater part of the decoration for the boxes. Refreshments were served during the intermission.

The doubts in the minds of some of the seniors on the Hill as to the advisability of holding a college dance at this season of the year, especially if it was formal, have been disproved. The present instance vouches for the popularity of the Football Hop by the manner in which it brought out the undergraduates in droves. R. I. Henry, chairman of the committee, finds there is a balance to the good, in spite of predictions to the contrary.

To intensify the social aspect of the weekend of November 12-14, the Entertainment Committee engaged the Harvard Quartet to hold a concert on the campus on the evening of Friday, the 12th.

The concert was well attended, and really merited support. The program was well selected, rendered and appreciated. The quartet was assisted by Miss Ada Phillips, as reader, and her recitations met with the favor of all present.

The program was as follows:

Alumni Attention.

It will be the policy of the Campus, so far as is practical, to publish the Alumni Notes by classes. For this reason all are requested to send notes and notices for publication to Walter T. Clark, Sec. and Treas. of the Alumni Association.

An Alumni Department is never successful unless all cooperate to make it so. If each and every one of the Alumni will do his best this feature of the Campus will be a success.

Alumni Notes.

SECOND ANNUAL CORN AND FRUIT SHOW.

The Agricultural Club of the College holds its second annual corn and fruit show Dec. 9 in the Haywood Armory.

The big feature is the judging contest open to all students and to the winner of which a fine silver cup is offered. Premiums are offered in all classes of medals and ribbons with cups for the sweepstakes in each division. From 9 to 11, an Old Fashioned Barn Dance is advertised and promises to be a big feature.

The classes are for corn, grain, potatoes, nuts, squash, and apples. The divisions provide for selected and home-grown specimens. Special classes are arranged for, and the Home Economics and Greenhouse Management classes will exhibit. The show last year was a pronounced success and the committee in charge, Ries, '16, chairman; Minor, '16, Smith, '17, Horne, '18, Hale, '19, Many, '19, and Swofford, '19, promise that this year will far surpass in both the exhibits and features.

The Better Way.

A worthy acknowledgment of the better way to do dairy cleaning is found in the recognition given

by Dairy Colleges and Dairy Authorities.

Almost to the man, State Dairy Authorities and other authorities advise the use of this special dairy cleaner.

The better way, made possible by the sanitary cleaning ingredients of Wyandotte Dairyman’s Cleaner and Cleanser, Exchanges or on Easy Payments, of all butter and cheesemakers. Hundreds of dairymen, milk dealers, and creamery patrons likewise approve of the better way for they, too, depend upon “Wyandotte” for their dairy cleanliness.

If you are not acquainted with the better way, why not ask your dealer or write your supply man for Wyandotte Dairyman’s Cleaner and Cleanser. They will gladly supply you with the understanding that it will prove to be all that is claimed for it. Otherwise the trial will cost you nothing.

SHORT COURSES ANNOUNCED.

The usual short courses given by the College will be held this year from January 3, to February 28, 1916. Courses will be given in Agronomy, Dairy Husbandry, Poultry Husbandry, and Horticulture. A descriptive bulletin may be had by applying to the President.

In past years these courses have attracted a considerable number of men who take advantage of the opportunity to attend the college while work on the farm is slack. All have declared the courses of insuperable value to those who cannot afford a longer time at the institution.

LOOK BEFORE YOU LEAP.

The following is an extract from the Rhode Island State Beacon and is a portion of a letter to the Editor of the paper from the Secretary of the Rhode Island Club of New York City. "• • •• When the writer was in college the football schedule consisted of games with Storrs (Connecticut Agricultural College), East Greenwich Academy, Bulkeley High School, and usually a game or two with some Church team from Providence. Is that the kind of a schedule you fellows want to go back to just for the sake of winning? The last time we played Storrs we decided to drop them; we wanted bigger game. And now we are going to take them on again. Unless they have made greater progress than we give them credit for, athletics at Rhode Island have taken a long step backward by this move."

"Better lose every game and play with落在 in good standing than to win all from secondary schools. Better to win with credit and honor than to win without well-earned glory."

How about it, Mr. Drummond?

International Harvester Oil Engines—Mogul—Titan

Why buy an International Harvester engine? To stop the hours of back-breaking labor over a saw buck. To save the hours spent pumping water for thirsty stock. To save the wife the labor of washing, charging and cream separating. To make the farm a pleasant place for your self, your wife and your boys and girls. And, if these are not reasons enough—to save money. Considering the amount of hard work it will do, and the time it saves, an International Harvester engine is just about the best money maker on an American farm. Write to us for our books that tell what an engine will do, what it costs, and why it will pay you to buy our engine in the right size and style.

Or, your local dealer may tell International Harvester engines. See him, and ask him to show you one—a Mogul or a Titan, from 1 to 50 H. P. If he don't tell them write to us and we'll tell who does handle them. You can't go wrong when you buy an International Harvester engine.
