Fraternity Notes

ETA LAMDBA SIGMA.

On the evening of April 7th the as-

sistant Rosen- and instructors of the different departments were en-
tertained in the fraternity room. A very

enjoyable evening was spent playing pool, chess and cards. Among those present were: Messrs. Southwick.
Manter, Edmonds, Warner, Hughes, Card, Tower, Duffie and Campbell.

COLLEGE SHAKEPEAREAN CLUB.

R. I. Scoville, '13, is to receive his
M. K. Cadwell, '15, intends to come
forth for a few weeks this summer.
He is growing sugar cane for the
Francisco Sugar Co., of Francisco,
Cuba.

SIGMA ALPHA PI.

E. B. Scheif eld, '15, has joined the
ranks of the married men.
S. B. Hollis, '15e, is next in line
with an announcement of his engagement.
C. W. Hewett, ex '17, is on the Sunset
Hill Farm, Hampton, Conn.
R. A. Smith, '15, is testing on an ad-
vanced register-wheat. He has re-
cently taken charge of the Albida
Poultry Farm, Crescent Beach, Niant-
ic, Conn.
The following were with us on Alum-

ni Day: L. K. Burwell, ex '17; C. G.
Crocker, '12; A. F. Forbes, '12; S. D.
Hollis, '16e; R. A. Smith, '13; C. W.
Hewett, '17.

ALPHA PHI.

Harold Brand s age, '13a, was married to
Miss Jean Griswold, '13, on March
15, at the bride's home in New Haven.
John Pease, '15, was recently married.
Harold Ellis, '15, is working in Bres-
tol as the superintendent of the fruit
farm of Dr. Desmarais.
Truman Spencer, '14, is working for
the Mutual Life Insurance Co. of Neu-
walk, N. J.
Willis Homer, '15e, was recently in-
itated into the fraternity.

PHI EPSILON PI.

T. M. Teas, of Crosby High School,
Waterbury, spent the week of April
10th to 16th with his brother at the Col-
lege.
M. Horowitz, '15, has been pledged to
the fraternity.

COMMUNS CLUB.

On the night of March 17th the Club
held open night. President Beach and
Professors Smith and Wheeler were there.
A very enjoyable evening was spent by all. President Beach spoke on the school that is to be started at
Georgetown, where city boys may ob-
tain some farm experience before at-
tending college.
On the night of April 8th, Professor
Wheeler gave a very interesting il-
rated talk on page 4)

Alumni Attention

It will be the policy of the Campus, as
far as is practical, to print the
Notices by classes. But for some reason
all are requested to send notes and
notices for publication to Walter T.
Clark, Alumni Editor, who will
classify them for printing. An Alumni
Department is never successful unless
all co-operate to make it so. If each
and every one of the Alumni will do his
best this feature of the Campus will be a success.

Alumni Notes

1915.

The following 1915 men were at
the College for Alumni Day: Leo Marks,
W. T. Ackerman, H. B. Ellis, W. A.
Horgan, G. R. Blake and E. F. Parn-
ham.

F. W. Windsor is engaged to Miss
Frances Ritchie Sherman of Cam-
bridge.

John F. Kilm er is with his father
in the piano business in Boston.

1913.

F. D. Hewett, M. F. of the Maine
Forestry School, of Michigan, has ac-
ted as a position for forester for the
Canadian Government with head-
quarters at Toronto.

Earl L. Curtis, fullback on the '10
varsity football team, is playing center
on the basketball team of the First
Corps Cadets in Boston.

William Curtis, jr., Michigan Agri-
cultural College, 1915, is with the
Stone & Downer Co., custom brokers,
in Boston.

R. B. Young, Jr., is with the San-
tary Engineering Construction Com-
pany, of Boston.

A. J. Blackhall is doing F. G. work
in landscape gardening at the Massa-
chusetts Agricultural College.

H. F. Reavely is with the Gloucester
Fish Company, of Gloucester, Mass.

1912.

James A. Ghee ap is a member of the
Boston Council of the Knights of
Columbus.

E. C. Eaton is a member of the Mas-
achusetts Forestry Association.

Curt M. Shapiro is a farm superin-
tendent at Milford.

1909.

H. E. Winship is in the dairy busi-
ness for himself at Paterson, N. J.

Arthur P. Rolf, formerly assistant
professor in poultry at the College in
1910 is the head of the poultry depart-
ment at the Missouri Agricultural and
Mechanical College.

H. W. V. Card is owner of the Zolot
Farms at West Orange, N. J., where
he is breeding "open-air bred" White
Leghorns and White Plymouth Rocks.

Lewis W. Rich is managing several
commercial orchards at Carmel, N. Y.
He is a member of Glenelida Grange,

"THE COLLEGE"

Editorials

Our old friend Pro Bono Publico is with us again. He touches a subject that is close to our hearts, namely, our campus. The billing ball has always been a favorite subject of attack from all sides but the Campus is like Switzerland, strictly neutral. There is a situation here, however, that means a good deal to us and P. B. treats it as follows: "There have been several attempts this year on the part of the students to have some method arranged whereby the meat-books might be placed on the monthly bill. This privilege, if such it is, seems to have been abused in the past in various ways, and because some limitation was seen to be needed it was decided that these books could be obtained only on a cash payment.

This, of course, causes some inconvenience, both at home and at the College. Many of the students have thought it rather unfair to take such a radical step and there were various methods suggested that would tend to protect the College, eliminate the abuses, and, in a measure, satisfy both the students and the people at home.

The writer has recently noted a condition of affairs which suggested more forcibly to him the advisability of legislation to cover this subject. It seems that the students can procure jewelry, such as seal pendants, watch fobs, lavalleries, etc., at the bookstore and have the charges placed on the bill under the heading "Stationery and Supplies." They can, in some cases, run up several dollars at a clip.

This seems unjustifiable indeed. The practice is subject to the same abuse as that of consisting of meat-books. In fact, it is subject to more. How many young ladies are there at home who are wearing rings, bracelets and the like that were paid for by fond parents under the impression that they were laying out good money for a new German reader or English dictionary or other necessity for their boy at school?

Is such conditions allowable it would seem as if some agreement could be reached whereby the office could give out meat-books during the selected periods on the presentation of certificates from home, and the boys could blow themselves to a real meal once in a while rather than spend their best girl a good (?) brooch and get away with it."

Now that spring is at hand and the piping of the frogs is heard in the mudholes, we may expect to see the "Keep Off the Grass" signs evident before long. The practice of cutting campus has not had its usual bad effects this year, because of the fact that the ground was covered with snow a good deal of the time, but now that the lawns are clear the habits seem to hang on to us like beggar's ticks. It is hard to teach an old dog new tricks, but if all will bear in mind that the sidewalks are now their only protection allowing their use, and also that the grass will make a fine place for loitering later on, perhaps the two will have a chance where there was but one—or none before.

The majority of the copy for this issue of the Campus was written by members of the Freshmen class or new men trying out for the editorial board. The second issue of this month is the last chance anyone will have to try out as the annual election of the Board will take place about the 1st of May. These new assignments for the next issues should see the Managing Editor at once.

In these days of political cueing and discussing it may not be out of place to link the mention of the State Highway Commissioner's name with a certain quotation of Burns, which runs somewhat to the effect that "smokers shall be damned unless they mend their ways."

Juniors' Prom

EARLY PLANS FOR A BIG TIME.

Present indications for this year's Junior Prom are that it will be the best in the history of the College. The date decided on is May 12th, and the following committees have been chosen: Executive—Robert Neenmark and Hoffman, ’17; Decorative—W. H. Smith, ’17, Ryan, Morse, Collins, Stanford, Francis, ’18, and Ely. The Tempo orchestra of Hartford has been engaged to furnish music, the quality of which is assured by the satisfaction which they have given here at some of the past dances. The refreshments will consist of a light buffet lunch. As the Prom will come in the middle blossom time, it is expected that these flowers, together with ground pine and cedar will furnish ample material for decorations.

The dance will be formal, as usual, and the complete subscription price will be $2.50. The committee expects that about eighty couple will attend. It hopes to continue the dance until 2:00 A. M., as is the custom at such affairs.

C. A. C. RIFLE CLUB

(Continued from page 1)

doubt that in a year or two we can again be in a position to challenge any team in the New England collegiate division and have no fear of a severe defeat.

Lieutenant Amory has acted as official Judge and coach throughout the year and both the club and team feel very grateful for his active interest and assistance.

Although the official season is over, it is planned to shoot a members' match in the near future under N. E. A. regulations, and in which suitable prizes will be given to the winners.

The executive committee is also planning to hold a "smoker" at a later date to finish the year and lay plans for next season. Speeches will be heard from the outgoing officers, and plenty of "smokes" and light refreshments will be served, so that an interesting meeting and a general good time is assured. As only paid up members will be eligible so few delinquents should take early opportunity to settle their dues.

The officers of the C. A. C. Rifle Club are as follows: President, - - - C. E. Lee, ’16; Secretary, - - - A. W. Miller, ’17; Treasurer, - - - G. L. Friddle, ’17; Team Captain, - - - R. Knight, ’17; Official Judge and Coach, - - - Lieutenant Charles B. Amory, U. S. A.

5 - Iowa State College.

"What's the row next door?"
"Only a wooden wedding."
"Woolen wedding?"
"Yes, a couple of poles getting married."

The faculty ruling at Princeton that prohibits an athlete from engaging in more than two sports, is challenged for the reason that it hinders interest in winter sports. Most of the men who play football are valuable material for other teams also, but on account of the two sport rule, prefer to wait to engage in the spring sports.

LaFaro Field at the University of Minnesota, has been converted into a skating rink. Special music is furnished during the evenings that skating parties are held.

If Smoking

interferes with your business don't give up either—it simply means that you're not smoking the right tobacco.

Now, Tuxedo is heavily charged with just the spunk, sparkle and pep you need to fit you to walk right up to your business cares and dispose of 'em like a curly wolf disposes of a lamb.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Tuxedo is the right brand for the man who wants the full flavor and rich relish of Burley leaf—and that brisk, quick-step animation you puff through a pipe stem when "Tux" is in the bowl.

And it's the right brand for the man who wants to smoke often or once in a while. Go as far as you like with "Tux"—smoke it all day—the original "Tuxedo Process," used only in Tuxedo, takes all the bite and parch out of the leaf and leaves it mild, smooth and pleasant.

Scattering.

G. M. Stock, '97, is a horticulturist with headquarters at Still River, Conn. C. R. Green, '95, is librarian at the Massachusetts Agricultural College. Wm. T. Schofield is in the grocery business in Naugatuck, Conn.

Abelardis Pacheco, '96, is president of an Agricultural College in Ambato, Ecuador, South America.

A. E. Wester, '93, is busy filling contracts with the State Highway Commission for the building of fences along the highways in the western section.

S. T. Harvey, '90, is superintendent of a farm in Hingham, Mass.

C. E. Pomroy, '90, is still engaged in the dairy business at Wilton, Conn.

E. M. Stoddard, '07, is an assistant botanist at the New Haven Experiment Station. Mr. Stoddard was one of the speakers at the Alumni dinner.

C. J. Woodruff, '93, is proprietor of a garage in Washington, Conn.

J. A. Gamble, '93, is joint author of Bulletin No. 564 on Milk and Cream Contests, issued March 7th, by the Dairy Division of the Bureau of Animal Industry of the United States Department of Agriculture.

Earl Remis, '97, has been traveling through the west for several years past, finding employment among the experiment stations in the several states. He visited among others the State Colleges of Arizona, Kansas, Wisconsin, Colorado, New York, where, he says, he has been a prettier campus than we have here at Storrs.

The recent meeting of the directors of the Clinton National Bank, Mr. S. B. Burdette Reed was chosen as cashier. Mr. Reed entered the employ of the bank in 1911, and for the past year has acted as cashier. Previous to his appointment, he had been in the employ of the W. L. Andrews Estate, of Ellimont, as a salesman. Mr. Reed graduated from the Connecticut Agricultural College in 1907 as a great favorite among his classmates, and as evidence that his popularity has not decreased, is the fact that his advancement was requested from a large number of the patrons of the farm. While a college student he was a member of the Eta Lambda Sigma Fraternity and later identified himself with Jephtha Lodge, No. 35, A. F. & A. M., Hartford Lodge, 1, O. O. F., and Midian Encampment.

Senior School Banquet

(Continued from page 1)

Speaker of the evening, G. A. Wheeler, the class poet, was called upon for his interpretation of the mise. The pathos was convulsed with hilarity at his droll and satirical representations of members of the faculty and others. No better person could have been selected to conduct such an interesting program. Due credit must be given to his brother Buel, who handled the affair in a most energetic and able manner. No opportunity was lost to make every moment one of life and movement. The committee in charge, S. A. Butler, and H. M. Crompton, was given a rousing cheer. The party broke up in the wee small hours of the morning after singing the Alma Mater.

The following forenoon the dairymen of the class visited Pine Hill Farm in Newington. In the afternoon the same men made a tour of inspection of Bryant & Chapman's city milk plant.

Freshman-Sophomore Smoker

A LIVELY TIME AT THE 18-'19 GET-TOGETHER

The first Freshman-Sophomore smoker in recent years was held last Wednesday evening in the rooms of the Commons Club. The object of this gathering was to obsolete any ill feelings that existed between the two classes and to establish a custom to be followed each year in the future. The Sophomores were the guests of the lower class. Both classes contributed toward the entertainment in which were short speeches by Prof. E. O. Smith, honorary member of '19, Mr. J. L. Hughes, honorary member of '18, Barrett, '18, and Crampton, '18. The College quartet rendered several songs.

Bee Keeping

AN INNOVATION STATED.

The Trustees of the College have arranged for a course in Bee Keeping to be given by Mr. E. W. Yates, of Hartford, who is the state inspector of apiaries. The course is elective to students and open to the general public without charge. The classes will be held on six consecutive Saturdays, beginning with April 14th. Lectures in the chapel at eleven a.m. will be followed by a few hours of practical demonstration in the afternoon. The College has eight swarms of bees, which Mr. Yates will use in his demonstrations.

The list of topics to be taken up during the course follows:

April 15—Establishing the apiary.
22—Comb and wax.
29—Spring management.
May 6—Diseases of bees.
13—Increases by Queen rearing.
20—Wintering.

FRATERNITY NOTES

Department Notes

POULTRY DEPARTMENT.

The laying contest that is now beginning its sixth month has a far brighter outlook than any previous competition. The best individual record of 123 eggs on April 1st is 14 eggs behind the best individual score for the corresponding period last year. The best pen record of 594 eggs for a pen of White Wyandottes is 76 eggs ahead of last year’s record and all of the birds taken together are a little over 6,000 eggs ahead of last year’s schedule.

Miss Margaret Hopson, who has been connected with the Poultry Department for the last two years, has tendered her resignation, to take effect April 15th. Miss Hopson has accepted a position in the Yale Library at New Haven.

DAIRY DEPARTMENT.

The Senior cattle judging team under the guidance of Prof. White will take a four-day trip about the first of May to Hood’s Dairy Farm in Lowell, Mass. The managers of the Hood’s Farm are to hold a sale of several animals of nation wide reputation.

FARM DEPARTMENT.

The Georgetown Shropshire flock has been purchased by the College and added to the farm flock. There have also been added two Dorset ewes and two Hampshire ewes from Talmage’s Stock Farm, Dixville Notch, N. H. The Grassland Farm, Chapinville, Conn., has presented the College with two very nice Southdown ewes. The above additions to the original flock have provided excellent material for observation and class work. Seventy-eight lambs have been born to date and prospects are bright for a good season.

It is hoped that additions may be made to the beef herd from the Gilbert Farm stock that is being changed somewhat to meet the requirements of the school that is being established there. The Percheron stallion, Dragon Junior, that has been purchased recently and shipped to the College from Virginia, is causing much favorable comment. He promises to develop into one of the good horses of the breed. He won first at the only fair in which he has been exhibited so far, at Leeburg, in September, 1916. Here he was first in class for stallions for three years and under.

EXTENSION SERVICE.

In a recent number of the Press Bulletin, issued by this division, it was announced that the Trustees of the College had elected Mr. Bernard MacDonald as assistant in Farm Management Demonstrations. “Mac,” who has done good work as a student assistant, has supplemented his farm experience with some office work. “Barney,” is a member of the Eta Lambda Sigma Fraternity, President of the Student Organization, Captain of Company A and graduates this June as the most popular man in his class. He has been receiving congratulations lately and passes round the “Durham.” On April 4th a Farmers’ account book was issued by the Extension Service. The object of this book is to

The Great American Smoke

Full in line with hundreds of thousands of red-blooded smokers of the good old U.S.A. Smoke the cigarette tobacco that’s been an American institution for three generations— “Bull” Durham. The rich, relishy, star-spangled taste of “Bull” Durham puts the national spirit of get-up-and-hustle into your hand-rolled cigarette. “Bull” Durham is the freshest, snappiest, liveliest of smokes.

Genuine “Bull Durham Smoking Tobacco”

“Roll your own” with “Bull” Durham and you’ll find a far greater satisfaction in smoking your cigarette than you ever did before.

Made of the richest, midstest leaf grown, “Bull” Durham has a delightful mellow-sweet flavor found in no other tobacco.

Men who never smoked cigarettes before are now “rolling their own” with “Bull” Durham.

FREE An Illustrated Booklet, showing expert way to roll your Own Cigarettes. Cigarette papers, cigarette papers, will both be mailed free, to any address in U.S. Address “Bull” Durham, Durham, N.C.

The American Tobacco Co.

There is a difference between fruit growing and forestry yet most of the directions for fruit growing are directions for producing rapid wood growth only. This means coming into bearing late and irregular bearing on account of lack of enough available mineral plant food to raise a crop of fruit and to set strong fruit buds in the same season.

POTASH

Two years before the trees are expected to come into bearing the annual production of minerals direct losses, say 50 to 100 pounds. Because of these 50 to 100 pounds of bone, acid phosphate or basic slag per acre, Potash improves the flavor, shipping quality and keeping power as well as the yield of fruits. Write us for Potash prices and for free books with formulas and directions.

is a possibility that Rhode Island is a possibility that it will be held during the week. However, the battalion will break camp on Saturday, May 29, and anybody who wishes to remain in New London will not be obliged to return on the special train.

**Gym Notes**

Now that baseball season has opened Physical Director Chase gives his time to coaching the team. In the meantime the gymnasium classes are in charge of Newmark and Crampton. The team has begun practices and hopes to give another exhibition in the near future. The members of the team are: A. B. McCall, '16; H. A. Schwenk, '14; E. L. Newmark, '17; R. Knight, '17; E. W. Crampton, '19, and B. R. Crawford, '17.

In the total attendance, Columbia University leads all institutions of higher education throughout the country with 11,088 students. The University of California is a close second with 10,506. These are resident students, all branches and the summer school included.

Plans for a national industrial engineering research center at Columbia are fast taking shape. Two sites have already been offered for the proposed laboratories, which will cost $356,000, together with equipment to cost $156,000.

The Harvard Crimson is reported to have criticized editorially the lecture system used in American colleges. The system is declared inefficient and it is understood that if such is the case the two battalions will cooperate in field work.

Lieutenant Amory wishes the Campus to state that under no consideration will anybody be allowed to leave the island during the week. However, the battalion will break camp on Saturday, May 29, and anybody who wishes to remain in New London will not be obliged to return on the special train.

**The Connecticut Agricultural College**
