CO-EDS LOSE TO WINDHAM HIGH

GIRLS PLAY A RATHER ROUGH GAME

Windham Shows Good Floor Work; Connecticut Ability to Shoot Foul

As a preliminary to the Trinity-Connecticut basketball game, Saturday, January 10, the co-ed quintet engaged in combat with the Windham High Girls' team and emerged on the short end of an 11 to 8 score.

The co-ed team sprang a pleasant surprise on the Etruscan by their fine showing as it was assumed that the Windham girls, with five wins to their credit, would have no difficulty in defeating a team that was making its debut.

Both sides played a fast and rugged game, and one spectator was so impressed that he inquired as to whether or not Marquis of Queensbury rules were in use. The Windham team showed a working knowledge of jujitsu, but they had nothing in that line that the co-eds could not improve upon.

Miss Wakeman was the individual star of the Housekeepers but was given a close run by Miss Arnold. The Windham High team had good floor work and scored ten of their points from the field.

Lineup: Conn. Co-eds. Windham High Linton, Miner RF Larive Hallock LF Lynch Wakeman C Williams Smith RG Welsh Arnold LG MacFarlane Field Goals: Williams, 2; MacFarlane, 2; Lynch. From foul line, Wakeman, 8; Lynch, 1. Referees: Schwartz and Donahue.

BETTER MAIL SERVICE ASKED FOR STORRS

A petition is being circulated for better mail service at Storrs. An application has also been sent to Postmaster General Burleson.

As conditions stand, mail for Storrs and the surrounding country, covering quite an area, comes in bags to Eagleville at 7:00 A.M. Much time is taken in Eagleville sorting the mail and it is 10:00 or 10:30 o'clock before it reaches Storrs.

Being a state institution and the home of the State Extension service, the delay in mail service is a decided disadvantage.

THE CONNECTICUT CAMPUS
PUBLISHED WEEKLY DURING THE COLLEGE YEAR
Vol. VI STORRS, CONNECTICUT, SATURDAY, JANUARY 17, 1920 No. 15

MORRIS CAPTAIN OF FOOTBALL TEAM

STAR PLAYER OF THIS YEAR'S GAMES

Trained for Athletics in Many Different Places

At a meeting of the "C" men in Hawley Armory, Friday night, January 9, Arthur M. Mitchell, '22, of Washington, Conn., was elected Captain of the 1920 football team. Mitchell is one of the best players to have worn the molekines at Connecticut Agricultural College, and was the individual star of this year's team. His playing at right tackle and his backing up of the line during the last games of the season was largely responsible for the victories of the white and blue over U. B. and Rhode Island State.

"Mitch" does not confine himself to football but is prominent in several branches of athletics. He is a tower of strength on the sophomore hockey, volley ball and basketball teams.

Mitchell started his football career at Gunnery School in Washington, Ct., and immediately developed into a first class player. Upon completing his course there, he entered Dean Academy at Franklin, Massachusetts. There he continued his fine playing and was one of the five players on the 1917 champion football team, who were awarded gold footballs in recognition of their excellent work.

In the fall of 1918 he joined the S. A. T. C. at Syracuse and played on the service team there as first string center until an injury forced him out of the game for the season. When the S. A. T. C. was disbanded at Syracuse, he came to Connecticut Agricultural College.

Captain Mitchell says that he expects to have a winning team next year. The candidates are to be called back before the opening of college and expect to be in good shape for the first game at Trinity on September 27.

The team only loses three veterans, Hopwood, Gleason and Maguire. Coach Guyer already has men who can acceptably fill these positions.

Write for the "Campus"

GILBERT SPEAKS TO STUDENT BODY

MIDDLETOWN MAN HEARD ONCE MORE

Opportunity for Men on Farms Was His Subject

Students and faculty were glad to welcome Rev. G. B. Gilbert of Middletown as the speaker at President's Hour on January 14.

Mr. Gilbert's coming to Storrs is looked forward to by all as he is a very entertaining and interesting speaker.

Between thoughts of a serious nature the speaker kept his audience in fine humor by his funny stories. His talk in part was as follows.

"There are times when the young man in college begins to think of what he is going to do after leaving college. There are several different types of farming that a young man may practice.

One of these types is the managing of a rich man's farm. This should be done only until the young man can save money to buy a farm for himself. It is unfortunate that there are so many rich men's farms for them to break up the small landholder idea and almost make us think of a feudal system.

(Cont. page 2 col. 2)

JARVIS RESIGNS—STODDARD IS BACK

Alfa King Replaced by Woodbridge Man who has been Trustee Before

Honorable Charles M. Jarvis has resigned as Trustee of the College, and Clifford I. Stoddard has been appointed by the Governor in his place. Mr. Jarvis has been a Trustee of the College for ten years. He was president of the American Hardware Company for a number of years and later has been much interested in agriculture, owning a large farm at Berlin, Conn. At one time he had over a hundred acres in alfalfa and was styled "Alfalfa King" in Connecticut.

Clifford I. Stoddard is a resident of Woodbridge, Conn., where he operates a farm. Mr. Stoddard was a member of the Board of Trustees for a number of years, receiving his appointment from the State Board of Agriculture.

STATE COLLEGE WINS THIRD GAME AT HOME

PUTNAM AND ALEXANDER STAR FOR AGGIES

The Aggies made it three in a row by defeating Trinity in a rather slow game by the score of 25 to 17. Both teams were badly off color in shooting and missed easy shots repeatedly.

Connecticut got the jump and led 4 to 1 when they suddenly seemed to lose their pep and the Hartford boys crawled up tying the score 8 to 8 just before the half ended.

All efforts failed to remedy matters and Trinity jumped to a 14 to 8 lead. At this point Captain Grunowoldt was forced out of the game by fouls and hope almost departed from the loyal rooters present.

But a miracle seemed to transform the blue and white and confidence returned. Putnam dropped the ball in three times in succession and tied the score. Then the Aggies smashed the city lads, rolling up 11 more points while Trinity could only find the hoop for 3. The Trinity team expected to win as they had defeated Middletown easily while we only held a four point margin but they were disappointed.

Dick Dillon was supposed to referee the game but was unable to get over the Bolton hills so Edwards the Trinity coach officiated. Here's to Edwards—he is a man of the highest type and in the hard position of refereeing a game of his own team, he gave the fairest deal imaginable and the Aggies have nothing but praise for him.

The lineup: Conn. Aggies. Trinity

Lockwood R.F. Van Orden

Alexander LF Leek

Gronowoldt, Sickler C

Orden Lord LG Nordland

Sickler Putnam RG Tansill

Field Goals: Lockwood 2, Alexander 3, Gronowoldt 1, Sickler 1, Putnam 3, Van Orden 1, Leek 1, Cammer 1.

Foul Goals: Lockwood 5, Cammer 11.

Referee: Edwards.

STUDENT YEARBOOK

SUBSCRIBE TO THE "Nutmeg"
The board in charge of the Nutmeg has been on the job and plans for the coming year book are beginning to materialize. The committee and the printing of the yearbook has been let to Tuttle, Morehouse & Taylor of New Haven. The manufacture of cuts and electromytes will also be handled by this firm.

During the Christmas recess the carpenters placed a new bulletin board in the hall of the Main Building, just over the large mail box. This bulletin board is the property of the Nutmeg and will be used for all Nutmeg business announcements.

The main purpose of the board is to publish all interesting data and information, and will be used for all Nutmeg business announcements.

The contributions placed on the board are discarded to the bulletin board, but the mail authorities will soon move the box to the other corner of the hall.

The contributions to date have been very few and many more are necessary to the success of the publication. Pictures of the recent Connecticut Rhode Island game are in special demand.

The largest part of the student body has already pledged to buy year books. Four of the fraternities have pledged 100 per cent, but as yet no class has registered a total subscription. At present the Juniors lead, followed by the Seniors, Sophomores and School. The Freshmen are on the bottom rung of the ladder.

Dinneen, the Nutmeg photographer, began taking individual pictures on Monday, December 12. He will be at work on the Hill for about two weeks.

The date and time for all sittings and appointments for pictures will be posted on the Nutmeg bulletin board.

If you want to keep tabs on CONNECTICUT’S BEST AND BIGGEST YEARBOOK, WATCH THE NUTMEG BULLETIN BOARD.

Dorothy R. Dick ’22 has been suffering from an attack of grippe this past week at the home of Dr. Sinnott.

Louis H. Collins was on the Hill this week attending a meeting of the Shakespearean Club on Thursday evening.

Viola Ericson ’22 went to her home in New Britain early in the week because of an attack of appendicitis.

DR. S. G. SKINNER

The staff for the football game for 1920 is complete with the exception of one date which Assistant Manager Dow is having trouble in filling, due to the fact that it must be a home game.

The schedule is as follows:

- Sept. 25: Trinity at Hartford
- Oct. 2: Mass. Aggies at Amherst
- Oct. 9: Worcester Tech at Storrs
- Oct. 16: Open
- Oct. 23: N. H. State at Storrs
- Nov. 10: Boston Univ. at Boston
- Nov. 17: Army at West Point
- Nov. 20: R. I. State at Storrs

Practice House students have been given the day off to arrange the team's schedule, and the entire team will endeavor to beat their traditional rivals from "Rhody."

The opening football game offers Dartmouth, Tufts and Brown, but did not think it advisable for our team to serve as practice for such heavy aggregations, as there must not be any injuries to our players.

Write for the "Campus".
In the interclass league the Freshmen defeated the Sophomores in one of the most exciting games ever seen in Hawley Armory by the score of 12-9. This is the first athletic contest that the Class of 1922 has ever lost on the Hill. Baxter was the individual star of the game and much of the Sophomore's defeat can be laid to his floor work.

Sophomores
Beisigle RF Baxter
Dean LF Mullane
Mitchell C Dehne
Wooster RG Daly
Bowers LG Lillery
Field Goals: Baxter 1, Dehne 2, Daly 1, Dean 2, Lord 1.
Four Goals: Dehne 4, Beisigle 2, Lord 1.

The second game resulted in a 10 to 7 victory for the Juniors over the School Five. The game lacked the speed and excitement of the other contest and most of the spectators departed before it was over.

Juniors
School
Chattman Wallace RF. Blanchard
Osborne LF Trost
Johnson C Schlott
Alexander Blevins RC Bendlohas
Bowers LG Rickets
Field Goals: Alexander 1, Osborne 1.
Four Goals: Alexander 4, Johnson 1, Osborne 1, Blanchard 7.
Referee: Swartz.

An A. A. meeting was held on Monday, January 12, at 7:30 P. M., in Hawley Armory for the purpose of electing an assistant football manager. The men who had tried out for these two seasons and who were selected by the nominating committee as eligible for nomination were: E. Johnson, E. White and V. Pinkham.

The results of the vote was E. White 332, Johnson 95, Pinkham 4.

Putnam introduced a motion which was passed, that each class contribute $8 toward the construction of sideboards for the pond so that a hockey team might be started here.

Immediately after the A. A. meeting a Student Org. meeting was held for the purpose of voting on the cooperative book store agreement. After considering the plan carefully a vote was taken and the measure passed unanimously.

**REFERENDUM VOTE TAKEN JANUARY 13**

**RESERVATIONS POPULAR**

Faculty and Student Vote
Bears Great Similarity

The Intercollegiate Treaty Referendum vote taken throughout the United State on Tuesday, January 13, was taken at this college at noon hour. The final summary of the votes cast showed that the students and faculty of the Connecticut Agricultural College were overwhelmingly in favor of the Treaty with certain modifications.

That the students had thought seriously of this matter and were well informed is shown by the fact that the great majority of the students voted for the same propositions as did our faculty.

The students, on entering the Dining Hall at noon, were handed a blank which they filled out and returned before leaving the Hall. The committee in charge, composed of A. E. Upham and H. H. Gleason, took care of the votes of the Faculty and students not in the Dining Hall.

The four propositions voted on were as follows:

**Proposition One.** I favor the ratification of the League and Treaty without reservations or amendments.

**Proposition Two.** I am opposed to the ratification of the League and Treaty in any form.

**Proposition Three.** I favor the ratification of the League and Democratic reservations in order to facilitate the ratification of the Treaty.

The results of the voting were as follows:

**Faculty Students**
Proposal 1 4 14
Proposal 2 0 36
Proposal 3 4 100
Proposal 4 19 94

Total No. Voting 27 244
Grand total of votes cast 271
Total student registration 254
Total number faculty 37

MID-YEARS EXAMS

A timely word regarding mid-years exams may not be out of place. This year a whole week is abated to the ceremony. By judicious planning one ought to be able in that amount of time to make up for much of the studying he has not done before, if he applies himself well to it. Those who have done their work as it came along should be able to have a little leisure time in which to catch up some of the absent material he is studying. No one can possibly have a full schedule of examinations covering the entire week, so all should plan their work such that they will finish all assignments and ends of things and be ready to start the second semester in good form.

GIRLS BASKETBALL

Another phase of athletics has come back into its own, the co-ed basketball team. Time was when we did not have material enough from which to pick a team, but Coach Guyer has found in the freshmen and sophomore gym classes a quintet which is doing very creditable work. Their first appearance before the student body was when they clashed with a team from Windham High last Saturday night. The girls displayed and everyone recognized their first appearance before the student body was when they clashed with a team from Windham High last Saturday night. KAMPUS KLIPS

Miss Whitney must intend to hunt rabbits. At present she is scouting around for a "Ferret."

Why did Alexander want Mitchell to walk home with Goodearl and — after the movies last Friday night?

Major Alexander had better coach his band up a little, judging from the music at the dance last Saturday.

What? That was the College Orchestra! We beg your pardon, Major.

"Jack" Taylor is becoming very religious. He's around "Church" about 23 hours a day.

Soph: "Who won the Senior-Sophomore game?"

Senior: The time-keeper, of course.

Another shipment of "diamonds" is expected to arrive at Storrs next week.

Sergeant Freedman took his overcoat out of "cold storage." Pay day came last week.

Owing to the congestion in the dormitory wash-rooms during the 15 minutes daily when the water is turned on, the editor proposes that the Student Council issue permits to use the 4 gallons of water. He also proposes that each student desiring a bath for 74 days.

I promise not to ask for another bath for 74 days.

Signed

The Book Store has a big advantage over the Dining Hall: People buy food in the Book Store and then go to the Dining Hall and take up room going through the motions of eating it.

A little advice to an inexperienced Freshman who admires a certain Junior girl:

"Never pose for moving pictures on the Valentine House veranda. Curtains tell stories."

1st Co-ed: "So — has a crush on you, has he? Well, you ought to be satisfied, he is a man after your own heart!"

2nd Co-ed: "He may be after it but that's no sign he is going to get it."

Question: When a certain student fires nights does he get so interested in the midnight lunch he finds in one of the girls' dorms that he forgets to stoke the furnace?

Miss Doris Linton entertained the Misses Louise Anderson and Beatrice Linton, both of Hartford, over the week end.

Electricity—
the Master Force in Manufacturing

THE marvels of electricity have revolutionized our manufacturing industries. With belts and pulleys replaced by electric motors operating automatically—almost human—machines, many a slow and tedious process has been eliminated. The factory worker's task of yesterday is made pleasant by his command of this magic power.

The Crane Company's plant at Chicago—electrical throughout—is a model of industrial efficiency. Its 10,000 horse-power of driving energy is brought by three small wires from a distant power plant. Then electricity drives the machinery which handles the coal for heating, cuts the steel, sifts the sand and sorts the material—in fact does everything from scrubbing the floor to winding the clock.

Such an institution is marvelous—superhuman—made thus by the man-multiplying force of electricity. The General Electric Company has been instrumental in effecting this evolution. First, by developing successful electric generating and transmission apparatus to furnish economically this modern form of power. Secondly, through many years of active co-operation with hundreds of manufacturers, it has mastered the art of applying the use of electrical energy to a multitude of needs. And finally, through branch offices and other distributing channels, its products are made accessible to all.

FARM NOTES

Prof. H. L. Garrigus recently sold three purebred Shropshire ewes from the College flock to R. L. Harris 17, while at college he was popularly known as "Zeke" Harris. He is now managing his own farm at Lambertville, New Jersey. Harris' idea in buying the three ewes is to breed up a purebred flock of sheep to replace the grade flock he now has.

Monday, January 12, the Seniors and Juniors in Animal Husbandry made a trip to the Hereford farm, known as Ridgewood, belonging to Samuel Russell, Jr., of Middletown. The college auto-truck, well fitted with tarpaulins, straw and blankets, served as the means of conveyance. The college auto-truck, well fitted with tarpaulins, straw and blankets, served as the means of conveyance.

Mr. Russell welcomed them into a bungalow formerly used by farmettes. A cheery log fire in the fireplace and plenty of steaming hot coffee accompanied a lunch of sandwiches, apple pie and fruit. After this encouraging, the group adjourned to the barns where Mr. Russell explained to the class the stages at which the several groups of cows, heifers and steers were, in his program. Of the fat cattle, the group of baby steers were of special interest. In the breeding lots two heifers bought at the last International sale took everyone's eyes.

During the afternoon informal discussions were held, led by Mr. Russell, Professor Garrigus, Mr. Skinner, State Commissioner of Livestock Whitley and County Agent Fay.

The party left Mr. Russell's about 4:00 P.M. and arrived at Storrs about 8:00. Although the day was quite cold the group had a jolly time while traveling. Mr. Ellis managed to keep comfortably warm with numerous blankets and heavy coats.

EXTENSION NOTES

B. W. Ellis, formerly county agent of Windham County, Connecticut, has accepted a position at the main office of the extension department here. He will be assistant county agent here. This is a new office in the department. Mr. Ellis is to assist R. E. Dodge, who is county agent here. The scope of Mr. Dodge's work has become so great that he required an assistant. Mr. Ellis has been a county agent for some time and his faithful service has been recognized. Mr. and Mrs. Ellis expect to move here about the middle of the month.

Henry Dorsey has resigned his position as extension agronomist to take up a position as resident instructor. This fills the vacancy caused by the resignation of Max F. Abel.

In the past, market reports have been sent out from the various cities under the direction of the extension department. This has been changed and hereafter they will be sent out from the main extension office.

DAIRY NOTES

L. E. Stoughton of Warehouse Point is doing inspection work for the department. Mr. Stoughton is a member of the 1919 class, School of Agriculture.

A pair of twin Holstein grade calves were born last week. Nora Segrest, one of the department's grade Holstein cows is the dam. These are the first twin calves born in our dairy for seven years.

Mr. Rhea of the Extension Service, has resigned his position as Dairy Extension man. He is going to Missouri, his home state, and will enter the banking business there. He has been with the department for about one year and his work in connection with the college has been of a very high standard.

Prof. R. C. Fisher has been doing institute work during the Christmas holidays in a condensing and powdered milk plant in Charmond County, Pa. This plant is operated by the Nestle Food Corporation and one of the factories in which educational work is carried on.

Because there was no market available for the creamery's milk during the holidays, the milk was used almost entirely for butter making. A total of 600 pounds of butter was made and is now on sale. Students wishing to purchase butter to send home may obtain it at the creamery at less than market prices.

Prof. G. C. White has now returned from Windover Farms, Bernardville, New Jersey, where he has been for the past week.

ETA LAMBDA SIGMA

A. C. Eaton ex. '22 who is the star of the Freshman hockey team of Dartmouth College has been elected captain of the team. "Pops" has fully recovered from an operation for appendicitis which he underwent this fall.

Barney Houston is expecting to make this a banner year in his nursery business in Mansfield Depot, Conn.

Ernest E. Carpenter ex.-21 has closed up his farm in West Granby. He sold the greater part of his stock and the remainder he moved to Coldbrook Farms, Bloomfield, Conn., where he is now managing.

J. H. Wood '13, Professor of Poultry Husbandry at the University of Georgia, Athens, Ga., spent his Christmas vacation at his home in Somerville, Conn.

V. G. Aubrey '12 is sole agent in the New England states for one of the largest semi-solid milk concerns in the United States with offices at 14 Broadway, New York, N. Y. "Jimmie" Goodrich, ex-'20, spent his Christmas vacation on the Hill. Lloyd King, ex-'19, will be on the Hill this week end.

W. Chapman '21 and E. A. Osborn, '21, while on a poultry judging trip to New London paid a visit to "Dick" Starr '15. "Dick" intends to visit the Hill in the near future.

SIGMA ALPHA PI

Douglas A. Evans '20 recently spoke to the fraternity on his trip to the Student Volunteer Convention held in Des Moines, Iowa, December 31 to January 4.

R. L. Newcomb '19 has returned to his home in Hadlyme after ten months in the west and southwest working for the Food Research Laboratories of Cincinnati, Ohio.

Rudolph Seymour ex.-'21 has resigned his position in Rockville and is now landscape gardener on an estate in Hamden, L. I.

W. B. Smith '17 is again testing for the college.

R. A. Smith '13 has left C. E. Hough of Washington, Connecticut, and is now testing for the college in Long Island.

John Collins Taylor '21 left Wednesday for Trenton, New Jersey, where he will judge on the college judging team.

DEBATING CLUB

At a meeting held Tuesday night it was decided to take in new members as soon as possible, so that debates could be arranged between members and also with other colleges during January and February. All students who desire to try out for the club should hand in their names to E. J. Slanetz, secretary of the club. The club which existed last year has been abandoned and the club now under way will take its place. More activity will manifest itself in the new club and it is the ambition of its charter members to make it one of the finest and most constructive organizations on the Hill.

Similar organizations exist at every other college and are recognized as a valuable asset both to the individual participating in the programs and to the college through the advertising it receives. It will be of much benefit to every man in the college to become better acquainted with the club and its aims and to give it a boost at every opportunity.

PHI MU DELTA

Francis Ryan spent Wednesday visiting on the Hill. He is enjoying vacation from his studies at Syracuse University.

Walter Barnes is recuperating from an attack of influenza. He is at his home in New Haven.

James Stuart who was formerly employed by the Mitchell Dairy Company of Bridgeport has taken a position in Springfield, Mass.

Harold Belcher is back with Cheney Brothers of South Manchester.

William Brown is running his father's farm in Danbury.

Zabriskie T. Banta is with Frank Campbell, Civil Engineer and Surveyor, of Hackensack, N. J.
SULLIVAN YEAR

'They'd sit on the bridge in teith in one way or another, many
And the years
And the lights along Broadway
A delicious meal and a pleasant even­
ting were enjoyed by those present.

'Twas down by the Lehigh Vall ey,
On he was a stude in the college,
He was a stude in the college,
In the days of Seventeen,
He'd got his degree and his shing le s,
Came up o'er Turkey Hill.

Came up o'er Turkey Hill.

Oft in the Injun Summer
When the shadows fell away,
They'd sit on the bridge in the twilight
At the end of a perfect day.
'Twas down by the Lehigh Valley
When in Need of Sporting Goods

INTERESTING CHRISTIAN ENDEAVOR MEETING

Social Hour After the Meeting
Enjoyed at Mr. and Mrs. Baker’s Home

On Sunday evening last a very helpful and interesting meeting of the Christian Endeavor Society was held. Elmore Ashman ’23 of Guilford led, taking the regular topic which was on building strong characters.

Many useful personal suggestions were given by several present. A group of freshmen girls sang “Day is Dying in the West.” W. B. Gerhardt gave a report of the Willimantic Union meeting of C. E. presidents, which he attended as a delegate. He spoke of plans for the future resulting from that meeting.

President Keeler reported on a meeting of the local society with some society in Willimantic to be held in the near future, and stated that further announcement would be made a little later when plans were more nearly completed.

Mr. and Mrs. H. J. Baker welcomed the society to their home directly after the meeting and a social hour around the cheery living-room fireplace was enjoyed. The freshmen girls had charge of the social program which consisted of humorous readings and games.

ETA LAMBDA SIGMA

The cast has been chosen for “Oli­ver Twist” and Miss Wallace is very busy with rehearsals.

The fact that all available dramatizations were too large for Hawley Armony stage is largely responsible for the delay in picking the cast. Miss Wallace has been obliged to practically dramatize the whole thing herself in order to make it fit local conditions.

Vernon Castle David Pinkham, who has been a member of the Dramatic Club for some time but who one account of his diminutive size has never before fitted into any of the College plays, will take the part of “Oliver.” This arrangement is very satisfactory to Mr. Pinkham, who is a somewhat talented actor, but objects to playing “girls’ parts.”

A number of others in the cast will also make their first appearance in this play.

Ralph E. Fairchild was a recent visitor to his alma mater.

—-)

Gladys V. Goldthorpe ’22, who underwent an operation for gout at the Elliott Hospital, Boston, shortly after Thanksgiving, is once more back at college and feeling fine.

ANCIENT HISTORY

BAPTISM AHEAD IF ICE BROKE

1 Was a Slick Slide Across the Pond or a Cold Bath for the Losing Team

Considering the weather of the last few days, how would the present freshmen feel if the following article applied to them? Yet a year ago this was the very article that faced the freshmen of that year as they picked up their college papers. It was a serious matter then too, now we can see the funny side of it. Not only did they live up to the rules, but they all broke through the ice and got a dose of the duck pond when the germs were below incubation temperature. So there were some advantages.

The annual Freshman-Sophomore rope rush is to be held Monday afternoon, January 26. It is to be held under rather different conditions than usual, owing to the fact that college usually opens in October when the lake is open and the rope rush is held immediately afterward, so that one class usually gets through the pond.

This year, however, it is to be held over the ice. The ice it is thought, will be quite solid on the above date and should hold one of the classes. It is hoped that both classes will not be on the ice at the same time.

Following are the rules drawn up by a committee composed of G. E. Durham, H. L. Clark, and D. Hirsh, and accepted by the senior class.

1—The Freshman-Sophomore rope rush shall be held Monday, January 27, over the ice at the West end of Swan Lake.

2—The Sophomores shall pull from the North Bank, and the Freshmen from the South Bank.

3—All able-bodied Sophomores shall pull against an equal number of Freshmen.

4—No cleats, spikes, or anything of that nature shall be worn in the shoes.

5—No braces shall be used by either side.

6—The rope shall be provided by the Senior class.

7—The losing class shall reimburse the Senior class within 10 days after the rope rush.

8—Mr. G. W. Fraser shall act as starter and timekeeper, and Mr. W. L. Slate, Jr., shall render the decision as to which class is the winner.

9—The contest shall last ten minutes.

10—The class farthest across the lake at the end of the ten minutes shall be declared the loser.

11—In case neither class enters or goes upon the lake, that class having the greatest amount of rope in its possession at the end of the ten minutes shall be declared the winner.

12—Every member of the losing class, unless excused because of sickness, shall cross the lake.

Now is a Good Time

To take some pretty pictures of Winter Scenes at C. A. C.
