JUNIOR WEEK OPENS WITH CLASS PARADE AND BANQUET

SOPHOMORES HAND FRESHMEN ANOTHER SETBACK
OLD CUSTOM REVIVED

Youngsters Show Little Aptitude at Dempsey's Trade. Few Casualties

The cannon scrap revived last Thursday after having been more than ten years, was won by 1923. The contest was formerly scheduled between the senior and junior classes but this year was arranged between the two lower classes to make up for the traditional freshman-sophomore banquet which has been cancelled this year. Nearly all the members of both classes were on edge during the time allotted for the firing of the cannon, looking for advance information. When the report was heard about 4:20 p.m. they were still on their toes, except that geographically the sophomore toes were by chance a great deal nearer to the scene of action than those of their rivals.

The cannon was set off in the pine grove near the main road and many of the Sophomores were in that vicinity while the majority of the Freshmen were on Tower Hill in earnest consultation. The cannon was con-veyed from its hiding place to the field by Ashman, the Sophomore president, surrounded by a body guard of class huskies. The retiring and bashful spirit of the Freshmen was painfully evident at this time as very little opposition was encountered by the Sophomores in getting the cannon into the truck and moving away. All desire on the part of the Freshmen to get a good look at the cannon was frustrated. (Cont. on page 5 col. 1)

FACULTY REVISES EXAM SYSTEM FOR MAKEUPS

Only One Chance to Makeup Al- lowed Men by New Schedule. No Exams for Two-Year.

A number of important matters were acted upon at a recent meeting of the faculty, and recommendations for degrees and diplomas to be awarded at Commencement were made at this meeting. These recommendations were forwarded to the Trustees, who have final authority in the matter of awarding degrees to the graduating class.

The faculty decided that in the past there had been too much laxity in the matter of giving the students make-up examinations in order to work off conditions acquired during the previous semester, and radical changes were made in the system. Hereafter a student had three chances to work off a condition, but in the future only one chance will be given and that will come early in the next semester.

Any condition acquired this June will have to be made up by an examination to be taken on the second or third Saturday of the next college semester, these dates being October 1 and October 8 for next fall.

Saturday, May 28, will be the last day to work off conditions acquired during the first semester of this year and make-up examinations will be held in Room 13, Horticultural Hall, at 2 p.m. Those planning to take make-up exams must secure their blue cards from the Secretary's office before Thursday night.

Plans for all required field trips

We are now in the midst of Junior Week, that most gay and joyous time of all the college year at Connecticut Agricultural College, and we welcome our visitors in participating with us in the many well-planned activities scheduled for these days. The purpose of Junior Week is at least three-fold: first, to entertain guests from all the "home towns" in the state and elsewhere; second, to give the Junior Class opportunity to show its ability in staging the big events of this week; and third, to unite the whole college and its friends in a series of festivities and good times.

Underlying the prevailing spirit of fun there is a deep feeling of pride in our Alma Mater, which is decked out so beautifully; in the Junior Class, which is the governing force promoting such "big doings"; and in our visitors, who are "the best in the world." It would be a shame to miss any of the events, for that is a big part of college life, and especially to the Seniors, about to graduate, it is an honor to attend these last class activities before Commencement.

The big week is here! Go to every one, have a good time!

(cont. on page 5 col. 1)

JUNIOR COLORS AND CANES PROMINENT AT COM- MENCEMENT OF FESTIVITIES—CAPTAIN METELLI RECEIVES FLORAL PRESENTATION.

Openly auspiciously with bright sunshine weather and an attractive display of Green and White, not to mention a good baseball game and a splendid Junior-Senior Banquet—the Junior Week of the Class of 1922 promises a variety of pleasures and entertainments for the remainder of its program.

The Week formally opened yesterday at half-past three, when the Junior class, headed by its officers, marched around Gardner Dow Field to places reserved in the stands. Captain Louis Metelli of the baseball team was presented with a floral bouquet at this time to give good luck to the games of the week and the rest of the of the season. The class colors, green and white, were attractively displayed in the parade. The Junior canes appeared at the formal opening and will be dangled by the male members of the class throughout the Week.

The baseball team of Trinity, which had been shut out for several seasons on a Connecticut diamond, was given a frightful drubbing before a crowd of 2,000 and its president, the baseball team, was presented with a bouquet of flowers. The game was played through in the parade.

The Interclass Track Meet was held last night at the College Dining Hall. It was the largest and best of all the Interclass events and the hall was beautifully decorated with the class and college banners and palms and flowers from the greenhouses. The class presidents and honorary members of the classes and college spoke humorously and seriously after the festive board had been cleared, and the snakes circulated.

Today carries as its main features the Interclass Track Meet, in which some choice running, jumping, hurling and throwing should be witnessed. Preliminaries for this meet have been already held. Those men who will represent Connecticut in the coming meets with Rhode Island and Trinity will show the spectators considerable speed. After the strenuous exercise of the afternoon the Ching-a-Ling Band-Mandolin Concert Co., who are performing at the benefit of the 1920 Nutmeg, should provide a pleasant evening of entertainment.

MANY RACQUET WIELDERS NOW USING COURTS

Maintained at Expense of Faculty Tennis Association

Tennis on the Hill has been revived for the season and a privilege of using the tennis courts has been extended to the students by the members of the Faculty Tennis Association.

Three courts were built and were maintained at private expense by small independent groups of the faculty for their own use. This plan proved satisfactory but the members of the faculty realized that it did not encourage tennis to any great extent at the college. Finally the several clubs were organized into one association to which only members of the faculty were eligible. Two additional courts were built by the students but were not kept in playing condition. The association wishes to promote tennis at the college by making it possible for everyone to play at the least possible cost maintaining the courts.

The rules for members of the Association are:

Members of the faculty are eligible on payment of an initiation fee of $5 and annual dues of $3. Association members have preferred claims on courts one and two every day from 3 to 6:30 p.m. and on courts one, two and three on Saturdays from 2 to 6:30 p.m.

The rules for non-members:

Other members of the community are privileged to play on payment of fifty cents a month or $2 for the season. No initiation fee is required. Non-members may use court four at any time; court three any time except Saturday from 2 to 6:30 p.m. and courts one and two any time except from 3 to 6:30 p.m. and on Saturdays from 2 to 6:30 p.m.

(Cont. from page 1 col. 3)

next year must be submitted to the Secretary by the second week of the semester for which they are planned with the approximate dates of the trip. These will be referred to the committee on scholastic standing, which will endeavor to distribute them more evenly throughout the college year. As far as possible, all required field trips will be outlined in the next College catalogue, to be issued about July 1.

There will be no schedule of final examinations in the Two-year Course this year, but at the last regular meeting of the class in each course, an examination will be given by the instructor in charge of the course.

SOPHOMORE-FRESHMAN
DANCE LAST FRIDAY

Hostilities between the two lower
classes ended last Friday evening
when the annual Sophomore-Freshman
dance was held in Hawely Armory.
The Armory was divided by the
large net, the half nearest the stage
being used. The decorations were
very simple, consisting of the class
banners of 1923 and 1924. Music was
furnished by the college orchestra,
from 7:30 until 11:00 o'clock.

During the intermission, Elmer G.
Ashman, president of the sophomore
class, welcomed the freshmen and was
thanked by Waldo P. Brown, the
Freshman president.

The patrons and patrons were
President and Mrs. Beach, Major and
Mrs. Buyers, Mr. and Mrs. A. G.
Skinner, G. Torrey and Miss Tapley,
Prof. L. Vining and Dr. H. Denlinger.
The committee was composed of
Alain P. Bates, chairman, Marion
Toole and Kenneth Hartman.

CONNECTICUT HANDBOOK
TO BE A REALITY
Mathewson and Webb to Pub-
lish Book — Will be Official
Freshman Guide

A publication to be known as "The
Connecticut Handbook" will be print-
ed this summer under the supervi-
sion of Mathewson and Webb of the Junior
class. There has been much talk of a
hand book in past years, but this is
the first actual attempt on the part
of the students to publish one. Nearly
every other college has its official
handbook and it is probable that from
now on ours will be published yearly.

This year's issue will be the size of
a pocket diary, will contain some fifty
pages and will cost about seventy-five
cents. Among other features it will
contain a Greeting to Freshmen, Hi-
nts to Freshmen, Freshman Rules,
History of the College, College Tra-
ditions, Who's Who, Student Activi-
ties, Student Org., A. A., Frats,
Clubs and Societies, Rushing Rules,
College Sings and Cheers and a blank sched-
ule card.

The book will be sent to press this
summer in order to be ready for dis-
tribution next fall at the opening of
college. It is intended primarily for the
enlightenment of freshmen, but it
is expected that there will be a
large demand for copies from upper-
classmen as well. The book has been
adopted by the Class of 1924 for dis-
tribution to next year's incoming
Freshmen in place of the usual rule
book.

REV. H. S. McCREADY OF
WILLIMANTIC SPEAKS AT
COLLEGE ASSEMBLY

The speaker at College Assembly
May 11 was the Rev. Harry S. Mc-
Cready of Willimantic, who is well
known to the student body and who
has spoken at College Assembly in
the past. Instead of taking a topic
for an address, Reverend McCready
told his audience one of the newer
short stories by Harriet Prescott
Montague, entitled "England in
America."

To a hot-blooded and active Amer-
can of today, an Englishman often
seems reserved and unemotional,
and many Americans have a national
antipathy to the phlegmatic English-
man. But many Englishmen use this
mask of reserve to cover much deeper
feeling or emotion.

This point was brought out clearly
in Reverend McCready's story which
kept his audience in suspense as to
the nature of the coldness and con-
straint which the English family
showed toward the young American
officer who was spending his first
leave with his Captain's family in
England. The end of the story re-
veals a suppression of emotion al-
most impossible for an American
under similar circumstances, and shows
the sacrifice of an Englishman "for
America."
A LITTLE LIGHT ON THE MYSTERY

That Promenade Day, May 20, will be Tap Day for the Druids, the new senior society, has been announced by the organization. Last year the Campus reported that it was rumored around that such a society had been organized for some time but nothing had been formally announced until this time. As it is, the Campus was not given a great deal of news concerning it but surely enough to let everyone know that there is such a secret society and that it will tap seven Juniors on May 20.

The Druids is strictly a senior society and men are elected to it in their junior year. Eligibility for membership is based primarily upon activities, work and personal character. It is non-political and similar to senior societies in other institutions. Its work consists in promoting any and all college work and projects.

It has not been announced just how the tapping will take place, but, whether it is private or public, it will certainly add greatly to Junior Week. There is an unconfirmed rumor that the Druids will appear in special regalia at the Junior Prom.

At the regular meeting of the Agricultural Club, held on Thursday evening, May 12, Professor W. L. Bake, an ex-president of the college, said that the conditions of the country as to the amount of commercial fertilizer to be had, making special reference to the use of nitrogen.

FOUR YEAR COURSE in Agriculture, designed to train young men as Scientific Farmers, Teachers, and Agricultural Experts. Entrance requirements, four-year high school course. B. S. degree.

TWO-YEAR COURSE in the School of Agriculture, for those who have not the preparation, time, funds, or inclination to take the four-year course. Graduating those who have completed the work of the common school.

FOUR YEAR COURSE in Mechanical Engineering. Four years of high school work required for entrance. B. S. degree.

FOUR-YEAR COURSE in Home Economics. Open to young women who are high school graduates. B. S. degree.

SHORT WINTER COURSES in Agriculture. Recent appropriations have provided additions to lands, buildings and equipment valued at $960,000. Expenses low. No tuition charge to residents of Connecticut. Military instructor. A catalog will be sent upon request.

Charles Lewis Beach, President.

A De Laval Separator can bring prosperity to your farm.

A De Laval Separator saves and serves twice a day, every day in the year. It is the producer of a steady, never-failing cash income during every month regardless of season or weather. Its saving of butter-fat alone is so great that the De Laval pays for itself in a short time and then the extra profit is yours—to provide more comforts and conveniences, to buy new stock or equipment, or to save. The De Laval Separator eliminates the drudgery of gravity skimming. It saves the cream wasted by an inefficient separator, and it lasts a lifetime. It is the most economical separator to buy. That's why there are more than 2,500,000 De Lavals in daily use.

See your De Laval Agent now about getting a new De Laval. The De Laval Separator Company, New York, Chicago, San Francisco, 165 Broadway 29 E. Madison St. 41 Beacon St.

CAST FOR COMMENCEMENT WEEK PLAY SELECTED

Many New Members Chosen to Play in "A Tailor Made Man"

The committee on the play which the Dramatic Club will present at Commencement has made its selection, and the College Thespians will put on "A Tailor Made Man" on June 10. Mrs. A. G. Skinner, who for several years has coached dramatic productions of the College, will direct the play, and has already started rehearsals.

Try-outs were held last Tuesday, and several of the characters chosen were taken from among student who were taken into the club this year.

The "Tailor Made Man" has been on the road for several years and was only recently released and allowed to be used by amateur organizations. The cast of characters in order of appearance is Herbert Huber, Franklin Peters, John Paul, Fred Peterson, Sonoma, George Hilldring, Ponsor, Robert Howes, Stanlaw, Marcus A. McCarron, Westlake, Paul Beere, Julian, A. Lewis Richardson, Nathan, William Graf, Whitcomb, E. Selden Clark, Kessell, Theo. Gardner, Wheating, K. R. Ranney, Grayson, W. E. Brockett, Fitz-Maurice, Robert Keeler, Carrol, Lawrence Parker, Crane, Donald Lawan, Fireman, A. Shenker, Tanya Huber, Id A Hartenberg, Mrs. Stanlaws, Alfaretta Moore, Corinne, Florence Thos, Kitty Empey, Gladys Goldthorpe, Bessie, Ruth Chapman, Miss Shayne, Salome Smith, Maid, Leah Gittelbe, Mrs. Fitz-Maurice, Id A Waterbury.

Seniors Hold Final Class Smoker

The Class of 1921 wound up its series of class smokers Friday evening in the Cosmopolitan Club room. Every year the class has held three or four such affairs and it was generally agreed that the last one was the best of the lot.

An informal discussion of Commencement and various other senior interests was held and it was decided that the class as a whole join the alumni association at graduation. Refreshments were served and the party ended at a late hour.

Debating Club Meets

A meeting of the Debating Club was held last Thursday evening with very few members present. The new constitution was adopted to go into effect next year. The articles for a triangular debating league were also accepted. President Faulkner is endeavoring to get Wesleyan for one member of the league.

Chine and Churn Club hears Prof. Judkins of Mass. Aggie

The monthly meeting of the Chine and Churn Club was held in the reading room of the Dairy Building on Thursday evening. The club was privileged to hear a talk by Prof. H. F. Judkins, Professor of Dairy-feeding at the Massachusetts Agricultural College. Prof. Judkins was formerly a Dairy professor at this college, having left in the spring of 1918. Since that time he has been in the west and came to Massachusetts a little over a year ago.

Prof. Judkins was in his usual jovial mood and gave a very interesting survey of western conditions of dairy-feeding as well as outlining opportunities in this line of work as he knew them. His trips through the west have served to make him more loyal to the east and he made the remark that Stors was nearer to home than he had been in a long while.

Prof. R. E. Fisher showed that the creamery department could put out a superior brand of ice cream, if the rate of consumption by the club was any indication of its quality.

Y. M. C. A. Notes

Thanks to the interest shown by Mr. Blake, the Y. M. C. A. room in the Armory has been finished, and work is well under way towards making it a trophy room of which we may be proud. The trophy case will be moved in from its dark corner in the hall, the cups will be kept on the mantel piece, and pictures of our former team, procured by Roy Guyer, will be hung around the room. The furniture, which was purchased last year, is already installed, so that in a short time the room will be ready for use.

Dr. E. Sinnott, who with P. Jaquith has charge of the Y. M. C. A. on the Hill, says that the room will hereafter be known as the Trophy Room. It will be a community room and may be used at any time by any club or organization. Keys will be in the hands of Pres. C. L. Beach, G. Turvey, Dr. E. Sinnott and R. Guyer. The furniture and equipment are the property of the students and it is hoped that the best of care will be taken to keep everything in good condition. If this is done and other plans work out satisfactorily, a campaign for funds will be run next year, more rugs and furniture will be bought and by 1922 we will have a fully equipped and well furnished Trophy Room.

Northern Lights

Damage Telephones

The beautiful display of northern lights which were seen last Saturday night are reported to have done considerable damage. Nearly all of the telephones on the campus were affected, some being put out of order for several days. This was not confined to the college alone, as reports from outside indicate a similar damage all the way through New England. This is a very unusual occurrence and has not as yet been fully explained.
**LOCAL GROUPS HARD AT WORK ON FORTIETH ANNIVERSARY PLANS**

**Willimantic Local**

The second meeting of the Willimantic Alumni Group was held Saturday evening, May 14th at the Storrs Church Vestry. While the number attending was not large, considerable business was done. After some discussion on the topic “College Algebra” lead by Dr. Denlinger, reports were made on the matters of business outlined at the last meeting. The first report was on the attitude of the Legislature on this area of the requested college appropriations. The general attitude was very favorable.

Regarding the matter of getting students from this area, a committee of two was appointed to perfect plans and put them into operation.

A week prior to Commencement a committee was appointed to organize and stage such an event. With John Fitts as chairman, the group urging them to come back for Commencement on this fortieth anniversary. Some personal follow-up work will be done in addition.

In order that this group may put on a better one.

**NAUGATUCK, BRIDGEPORT, HARTFORD AND NEW YORK LOCALS OUT FOR BANNER REPRESENTATION. DISCUSS ALUMNI SECRETARY**

After a very good supper, the group listened to the reports of the committee appointed at the last meeting.

A tentative constitution was accepted. This constitution names the group “The Naugatuck Aggie Alumni” and provides a three dollar membership fee, two dollars of which shall be for one year’s subscription to the alumni paper.

Plans were discussed briefly regarding the group being represented at Commencement, interesting students for “Aggie” and a summer field day.

The next meeting of the group will be held in August at the call of the Executive Committee and will be a field day, the place of meeting to be decided later.

The second meeting of the Bridgeport Alumni Group will be held at the office of the Mitchell Dairy Company Friday, May 20 at 7:30 p.m. (We assume this is Standard Time.)

**Hartford Local**

The fun of meeting with old graduates, swapping reminiscences and telling yarns featured the get-together of the Hartford County Local Connecticut Agricultural College Alumni Association on Monday evening, May 2nd.

President George Hollister was in charge of the business meeting. In the course of the meetings, various members reported on what they had done in the campaign to see that the college secures adequate support.

There was in evidence a determination to see the matter through to a finish, if not now, then two years later.

Among other matters taken up and arranged for, at least tentatively, were the making of arrangements to have a large attendance at the Commencement of the college this year; plans to see that every prospective student of the college in Hartford County had full information about the college and understood the opportunities for him there.

**New York on Deck**

With thirty present at the second meeting of the New York group some real ideas were developed regarding the future work of the Alumni Association.

President Beach spoke to the group about the growth and needs of the college, while Dean Stalne mentioned the need of an effective organization if a comprehensive job is to be done.

Dr. A. F. Blakeslee, formerly of Naugatuck, Bridgeport, Hartford and New York, was present and voted into committee membership. His argument for active membership was that he was in reality a student while at Storrs.

The New York bunch are strong for an Alumni Secretary and suggested to get their library started. They have asked for reservations for twenty people for Commencement and seem sure that his number will arrive.

**ALUMNI NOTES FROM HERE AND THERE**

Sanford B. Morse, ’18, reports that everything is going fine in the Milk Products Co., at Onomahga, New York where he is enjoying his work as bacteriologist.

James Case, ’16, is at Camp Eustis, Va., where he is acting as an instructor in vocational agriculture.

Captain C. T. Senay, ex-12, who was cited for bravery in France during the World War, is now at the Infantry School at Camp Bennington, Georgia. Senay, it may be noted, was the man that stole the cannon from the Class of 1910.

Herbert Alcock and Norman Parcells spent the week end on the Hill. Arthur Gillette, ’10, has purchased a farm near Spring Hill.

On May 14, Howard B. Goodrich, ’20, and Margaret Mitchell, both of Portland, Conn., were married at Trinity Episcopal Church in Portland.

Arrangements were pushed forward to see that every graduate and former student of the college living in Hartford County was invited to join the group and put in touch with the latest developments at the college.

There seemed to be a general belief that the college has suffered to a great extent because many former students have lost their contact, and have not known very well what is going on at the college or what the development of the institution or its plans are.

It seemed to be accepted as true that one of the chief functions of an organization such as this local is to keep that contact closer.

Brief talks were given by Professor Kirkpatrick of Manchester, who told of some of the things that are going on at the college and expressed the gratification of those who live at the college at the support that the Alumni organization gives.
