24 HOUR SILENCE PERIOD TO OCCUR PRIOR TO PLEDGING

BEGIN DECEMBER 7 AT 5 O’CLOCK AND CONTINUES UNTIL PLEDGING IS COMPLETE.—ABSOLUTE SILENCE TO BE ENFORCED BY MEDIATOR BETWEEN FRESHMEN AND UPPER-CLASSMEN

At five o’clock on Wednesday afternoon, December 7 the Main Building bell will announce the beginning of a twenty-four hour silence period between upperclassmen and campus freshmen which will extend till the time that the Freshmen leave the Armory after turning in their signed or unsigned bids to the Mediator at 5:00 o’clock on Thursday afternoon, December 8.

AG. CLUB FAIR TO HAVE SOMETHING NEW

High School Students to Judge at Fair.

For the first time in the history of the College, ten Agricultural High Schools of the state will enter students in the High School judging contests which will be a feature of the sixth Annual Winter Fair to be held by the Connecticut Agricultural Club in Hawlley Armory, Dec. 2nd and 3rd.

In past years, judging contests for the college students have been held in connection with the Ag. Club Fair, but this is the first time that High School students have been invited to visit the College and compete in judging contests with students from other agricultural schools. Western agricultural colleges make this an annual practice, and the publicity given the event secures many desirable students for the State Colleges.

The agricultural high schools sending judging teams to Storrs are: Gilbert School, Winsted; Woodbury High School; Middletown High School; Loomis Institute at Windsor; Killingly High School; Washington High School; the Ruggs School at Lakeville; New Milford High School; North Groton Normal High School; and Simsbury High School. Graduates of the Connecticut Agricultural College are teaching agriculture in several of these schools, and are cooperating with the Fair Committee in bringing the teams to the fair.

“MAKERS OF AMERICA”

The Rev. Elrill O. Mead will give an address on “Makers of America” Sunday morning at 10:45, December 4th at the church. Mr. Mead was sent for the Pacific Coast last year, to speak for the Congregational World Movement, and was one of the speakers at the last General Conference of this

THE EXECUTIVE

ABSOLUTELY SURE for the success of the game this fall they embarked on a whirlwind tour through Dixie, have left the hill of New England to the Association a little, but very

THE VOL. DOW

DOW AND JOHNSON HIKE THROUGH DIXIE STATES

1921 GRADUATES NOW AT JACKSONVILLE, FLA.

Former Editor of “Campus” and Star Aggie Twirler Find Life Very Pleasant Below Mason and Dixon Line.

Many collegians are often sorely obsessed with the notion of “traveling,” that is, the idea of seeing the marts and populations, the lone trails and fascinating areas of the world, and frequently they are heard to swear by the shades of R. W. Service, Balboa, Captain Cook and other noted adventurers, that,—when they procure their degrees from their particular college, they will sever the apron strings that have been tightly binding them to their Alma Mater and launch themselves upon the roads and oceans of the globe and proceed thereafter to hang their hats and coats on the points of the compass.

Unfortunately or fortunately, many of these young dreamers fail to consider whether the world is really meant for them or not. Now and then, however, graduates are produced who possess the gypsy instinct to such a remarkable degree, that they turn their backs on the possibility of living a little, little, little, little, little, little, comfortable jobs at home to wend their way over the continents and leave their footprints on the “edge of civilization.”

Of such a caliber must be two of our once famous 1921 alumni,—E. D. Dow of Hartford, Connecticut, who at one time was a noted activity leader of the college, being editor of the Campus, and prominent in the Dramatic Club and the Blackguards, and his chum, J. Peter Johnson of Shelton, Connecticut who held the position of President of the Athletic Association in his Senior year and who, many a time and oft, has used his sturdy left wing for the glory of Connecticut on the baseball diamond.

These two Aggie men, possessed of a little, but very little coin of the realm and an insatiable ambition to explore the sky line to the southward have left the hills of New England to wander through Dixie, the once proud section of the Confederacy and the land of coons and molasses.

Starting from Storrs after the Trinity game this fall they embarked on a Connecticut river steamer for New York where they stopped just long enough to renew a dusty acquaintance with the Hippodrome and the Aquar.

MANY VISITORS ATTEND ANNUAL FOOTBALL HOP

FLOOR IN EXCELLENT CONDITION FOR DANCE

Hunting Lodge and Football Box Included in Box Decorations.

The first formal dance of the college year was held on Tuesday evening, November 22 when one hundred couples, consisting of students and a large number of visitors, whiled away the time from 8:30 till 2:00 in the Armory at the annual Football Hop.

Long blue and white streamers constituted the overhead decorations. The fraternities divided in the centers and on the sides of the Armory floor were finely decorated as usual. One fraternity Streched the spirit of the Hop by arranging large letters “CU” on the outside of their box with the trophy footballs of the season suspended in the center of the letter. The hunting lodge, which caused comment at the Football Hop of 1920, was again presented as a fraternity box contribution to the decoration scheme.

The Executive Committee responsible for the success of the dance under P. F. Dean, Chairman, were: Herbert Beisiegel and Louis Alexander, Franklin Hawley, chairman of the decorating committee had as his assistants Ralph Brundage and Carl Dooss.

The patrons and patronesses were President and Mrs. Charles L. Beach; Professor and Mrs. G. H. Lamsom; Coach and Mrs. J. W. Tasker; Major and Mrs. E. E. Boyers and Mr. and Mrs. A. G. Skinner.

CONVENTION OF LAND GRANT COLLEGES AT NEW ORLEANS

President C. L. Beach; H. J. Baker, and E. W. Jenkins Represent Connecticut

President C. L. Beach, H. J. Baker, Director of the Extension Service, and E. W. Jenkins, Director of Experiment Stations have recently returned from the Thirty-fifth Annual Convention of the Association of Land-Grant Colleges, which was held at The Grumewald, New Orleans, La., on Nov. 8-10. This conference is held on alternate years at Washington, D. C., and on the following year at some point designated by the previous convention. For the second time in the last few years the meeting has been held in the South.

AGGIE OFFENSE WEAKENED BY WET FIELD--R. I. STATE VICTORS, 27-21

TWO SEVEN TO TWENTY ONE SCORE OF GAME FOR WHICH CAPTAIN MITCHELL'S ELEVEN HAD BEEN WORKING FOR THREE WEEKS. GAME FILLED WITH SENSATIONAL BREAKS WHICH UPSET ALL CALCULATIONS

In a game filled to overflowing with dramatic turns of fortune which seemed to favor first one eleven and then the other, the Connecticut Aggie gridders went down in defeat before the fast Rhode Island State aggregation at Kingston Saturday Nov. 19, after a tussle of a sort on a soggy field which worked to the disadvantage of both elevens but particularly so in the case of Captain Mitchell's warriors who were relying on the use of open Play and the fleetness of "Ching" Hammill as one of their main offensive factors.

"Swede" Johnson was the star of the Rhode Island State outfit making by far the biggest part of the distance gained by the Kingstonian's, throwing the crossbar thing in the kicking attack, making two of the Rhode Island touchdowns, one of these being the result of a run from Rhode Island's 40 yard line where he received Captain's kick, in the last of the second quarter. He weaved his way through the whole Aggie eleven which was seemingly stuck in the mud and crossed the goal posts without any trouble.

"Ching" Again Makes Good

"Ching" Hammill again covered himself with glory and showed that fighting Aggie spirit which would not let him quit despite a bad leg which handicapped him greatly and caused him to wince with every step. His wonderful and almost uncanny execution of delayed passes was a sight for sore eyes and added greatly to the offensive power of the Blue and White eleven, more ground being gained in this manner than through straight line plunges. Under his command the whole Aggie eleven, surcharged with the "Beast Rhode Island" spirit, which had been generating in the student body for a while, seemed to beod like demons and proved their superiority and the right to a win. Excuses for defeat are futile, however. Rhode Island seems to have profited greatly of the game throughout, of this there in no doubt nor is there anyone to gainsay the fact that it was through these breaks that the game was won. Yet it was due in almost every case to closer following of the ball that Rhode secured the breaks.

"Moe" Daly at fullback was the biggest factor in the Aggie attack. Time and again he went plowing through the Heavy Rhode Island line for long gains, refusing to be downed even with three or four Rhode Island defenders struggling vainly to bring him to earth.

The ability of the Rhode State out-fit to get through the Aggie line in time to block Eddy's punts on three occasions was also a big factor in Connecticut's defeat. A formation which sent in six men to block the punt was used and brought very effectively a great deal of ground being lost in this manner.

Captain Mitchell at right tackle and

ASHMAN at right guard were important men in the Aggie's offensive line, opening up hole after hole for the backs.

Rhody Scores First

Rhode Island took the aggressive in the first quarter waking the ball into Connecticut's territory on several occasions and securing a touchdown in the first few minutes of play by means of a long forward from Johnson to Kennedy after a triple pass had netted six yards, the ball having been kicked to Connecticut's thirty two yard line by Eddy from her own yard line where a kick by Johnson had gone offside. Gilky kicked the goal. When the quarter ended it was Rhode Island's ball on the Aggie forty yard line.

How It Happened

Connecticut came back strong in the early part of the second quarter. Rhode Island recovered her own fumble, Chandler made one yard through the line, Johnson could only make a half a yard and then he kicked offside on his thirty five yard line. The ball went to Connecticut and Hammill sent a pretty forward to Eddy for fifteen yards, Daly made nine on a line plunge and Hammill added one. It was first down for Connecticut. Hammill tried the line but gained nothing, a delayed pass failed and then Hammill sent Makofsky out for a forward which netted twenty-five yards. The ball was then lost on downs and Johnson kicked to his forty yard line. It was Connecticut's ball. Daly made five through the line, Makofsky added three, an offside penalty was given but a pass netting twenty yards from Hammill to Stull gave the Aggies first down. Daly made five, then added three, Hammill took the ball around the end but was forced offside on

Rhode Island's seven yard line. A five yard penalty for offside brought the ball to the two yard line; Daly made one and a half yards and Makofsky went over for a touchdown. Eddy kicked the goal.

Johnson kicked off to Connecticut and a fumble was recovered by Perry the Rhode Island right tackle who raced under the cougars for another Rhode Island score Johnson kicked the goal. Rhode Island followed this up almost immediately with another tally when Captain Connecticut had failed to gain through the line Eddy kicked to Johnson who broke through the entire Blue and White eleven for a touchdown.

Second Half Opens

The second half opened with the Aggies showing a renewed lease of life. Eddy kicked to Johnson who was brought down on the twenty yard line. Johnson kicked offside on the Rhode Island thirty-eight yard line. A forward from Hammill to Eddy netted twelve yards and first down for Connecticut. Hammill made three through the line Hammill to Stull netted eleven yards and first down. Daly failed to gain through the line, Hammill made five, Stull failed to gain. An offside penalty on Rhode Island brought the ball to the three yard line. Daly then took it within six inches of the Rhode Island goal posts and Hammill went the rest of the distance. Eddy kicked the goal.

Connecticut followed this up with another almost immediately. Johnson kicked to Ashman who lost the ball when tackling, Chandler recovered it and the ball went to Rhode Island on the Aggie thirty yard line. Johnson lost ten, being brought down before completing a delayed pass, a forward failed, Chandler made five and an attempted drop kick was blocked.

Johnson lost ten, being brought down before completing a delayed pass, a forward failed, Chandler made five and an attempted drop kick was blocked.

MANAGER JAYNES ANNOUNCES SCHEDULE

Harvard, West Point, University of Maine Newcomers

With Football out of the way the attention of the Providence crowd is now being devoted wholly to the prospects for the Aggie quintet during the coming season. Over thirty-five candidates turned out in answer to Coach Tasker's first call, and it is rumored which was sounded at the first of last week. It is probable that the squad will be cut down to about twelve men in the near future as Coach Tasker believes that he will be able to secure the best results with as small a number of men as possible.

Last year's season was looked upon by many as the most successful that Connecticut has seen in a good many years but it is expected that last years record will be exceeded by the new squad, which is expected to produce victories, something which has been held not to be a nature of which would merit the selection of the outstanding players by any means, and Coach Tasker is completely in the dark at the present time in regard to the lineup which he will use in the Harvard game which starts off the Aggie schedule, occurring December 4th at Cambridge.

Schedule Announced

The schedule as arranged by Manager Harold Jaynes is of a very high caliber, probably the stiffest that any Aggie quintet has ever encountered.

Sixteen games are called for at present with the probable addition of at least three more when the Eastern State and State games, arrangements for which are now under way. Games have been scheduled with Harvard, West Point, Brown, and University of Maine, all newcomers and all Aggie schedule. The first three games of the season are away from home and if the scores of previous seasons mean anything Captain Alec's five will have their hands full.

The student body is confident however that the Blue and White five will be able to stack up against these teams and come home with the bacon.

The schedule as announced by Manager Jaynes is:

December 6, Tues. Harvard at Cambridge.
December 10, Sat. West Point at West Point.
January 7, Sat. Wesleyan at Storrs.

January 20, Fri. Tufts at Medford.
January 21, Sat. New Hampshire State at Durham.
January 24, Tues. Springfield at Storrs.
January 28, Sat. New Hampshire State at Storrs.

(Cont. on page 3, col. 5)
CAPTAIN DANIEL M'KAY SPEAKS AT ASSEMBLY

Gives Interesting Talk on Experiences in Northwest.

Captain Daniel McKay formerly of the Royal Canadian Northwest Mounted Police was the speaker at College Assembly on Friday morning November 18th.

Captain McKay told of the history of this famous organization which so thoroughly guarded the great Northwest in the early days of settlement and turmoil, of its traditions and its wonderful discipline.

In a very interesting way Captain McKay told of his training and some of the incidents of his early career on the force and of his later experiences while on patrol duty.

MILITARY DEPARTMENT ADDS MORE EQUIPMENT

With the addition of a 37 mm. gun, a Stokes Mortar, and a machine gun to its equipment, the military department is in a position to give advanced and more complete instruction to the Senior men of the R. O. T. C. Instruction with this equipment will occupy 30 per cent of their time. The 37 mm. gun is a small gun, and equipped to be drawn by either horse or man power. These pieces of equipment are most promising.

Ammunition was sent here from the Raritan Arsenal at Metuchen, N. J.

(Cont. from page 2, col. 3)

Daly. Johnson kicked to Connecticut's fifty yard line, Daly made one yard. Hammill failed to gain around right end, a forward from Hammill to Makofski brought the ball to the thirty yard line. Makofski lost five and a pass from Eddy to Daly netted fifteen yards. Hammill made fifteen yards before being downed, Daly failed to gain and Hammill again took the ball over for a touchdown.

It looked as if neither eleven would score a victory for the ball went to midfield where it saw-sawed back and forth with only a few minutes to play. The ball went to Rhode Island's Connecticut's thirty yard line and a long pass from Gilkey to Haslam was the beginning of a drive which the Aggies seemed powerless to stop and which ended when Johnson went over for the winning tally. Gilkey missed the goal.

Connecticut at Fairfield, Pennsylvania, later in the season, and at New London. He and the ball are ready to be put to work by the Dramatic Club with the name of Black and Blue. He will be a star in the team and will do his best to make the team a success.

Other members of the cast were Marcus McCarron, the blistering old truckman always ready for a drink, Andrew Schenker who took the part of Le Coq de Roche with his peculiar sense of humor, Paul Steele and Lawrence Parker as friends of Peyton and "Beano" Graf as Fritz the handy man.

The play was well directed due to the energies of Mrs. A. G. Skinner as director. Mr. M. J. Farrel was the make-up-artist.

The "powers that be" have announced a few more of the details of the plans for the Ag. Club Fair. Those in charge of the straw ride to be held on the evening of December 2 and on December 6 have it understood that, although they dislike to disappoint the most exacting patrons of the Fair, that due to roads, the ride will not be taken in limousines. Three or more stout good teams of horses will be depended upon and lack of automobile facilities and good to furnish locomotion and the route to be taken will lead from the college eastward to Galesville thence northward up the Penton River Valley, over hill and dale to Middletown and back to the campus. Tickets for the ride will be sold later for fifty cents each.

(Cont. from page 4, col. 1)

February 2, Thurs. Tufts at Storrs.
February 3, Fri. Clark at Storrs.
February 10, Fri. Springfield at Springfield.
February 15, Wed. Trinity at Hartford.
February 21, Tues. Maine University at Storrs.
February 25, Sat. Open.
March 4, Sat. Trinity at Storrs.
"FAIR AND WARMER"

Are we dewhearted after the Rhode Island defeat?

Changing the usual answer to this query slightly, for editorial reasons, we would venture to say, "Absolutely not!"

The pangs of defeat, during the vacation, have been eusticed by the pangs of fasting but faithful digestive system after we had failed to gauge our capacity by about two or three helpings.

Strange to say, with all our preparations for the Kingston encounter we failed to invite Dame Fortune. Consequently, she showed her resentment by showering her favors into the all too alert hands of our rivals. But anyway, it's all over now, there's no use in chowing the same piece of gum twice. This isn't the last season that football will be played; good as our team was this year, we will produce a better one next year.

Athletically—the weather looks bright.

Although the time seems short in which to work the hoopsters into shape for the hard games on the early end of the schedule, beginning with Harvard on December 6, Aggie can have no doubt that she is not a dead game in trying to forecast the basketball season, since we possess three veteran stars who have carried the Blue and White in the past. But if the basketball season is a success, it is truly must, the baseball season will be no less so, if present indications are not parading around under false pretenses. "Doc" Sawin, the old Aggie pitcher who used to have Trinity eating out of his tricky right hand, will again be in the thick of the Connecticut College fray, and Cooper will have "Lou" Alexander in forming as pretty a pair of slambom as any college would care to possess. As in other sports, the new material will be drawn on heavily to strengthen the nine. Nothing is being said about the schedule as yet, but word comes from authoritative sources that the Aggies will be out of the state in the month of February. No one is wishing away an unsuccessful track season.

Yes, we have the coaches, the men and the spirit.

Could we possibly put down any other forecast than, "Fair and Warmer"?

(Cont. from page 1, col. 1)

ium. Waving good-bye to the Statue of Liberty, they boarded a train, possibly a freight car, for Philadelphia, perhaps en route to the market streets of the city. A trip to New York on February 16 would be necessary in order to catch the New York train back to Boston. No one is worrying about an unsuccessful track season.

Yes, we have the coaches, the men and the spirit.

Could we possibly put down any other forecast than, "Fair and Warmer"?

SILENCE!

Connecticut has developed a very efficient system of handling bids. Other colleges have been interested in our plan and this year there have been rumors that fraternities will at last make Connecticut College plain and all the boys near by are coming in on our pledge day to see how our method works.

The whole thing operates on the one main principle of "Silence." From 5:00 o'clock on Wednesday afternoon, December 8 until 5:00 o'clock the time when campus freshmen leave the Armory after signing their bids on Thursday, the names of freshmen who are kept must be maintained between campus freshmen and upperclassmen. Twenty-four hours of silence. During this time no campus freshman shall confer in any way with any upperclassman or fraternity man. It will go hard with any man found breaking this rule. The success of the system depends on the maintenance of silence.

All bids will be handed to the freshmen at the Armory in the manner described on the front page of this paper. There will be no excuse for anyone who may claim that he has not heard the exact procedure. Everything has been thought of. According to Medicine makes it a matter of honor that the silence be strictly maintained. Any man who breaks the rule will be considered a "slacker."

SALVETY VALVE

To the Editor of the Campus:

The Connecticut Agricultural College Alumni Association of Massachusetts through its officers wish to congratulate Captain Mitchell, varsity squad, Coach Tasker and coaches upon the consecutive football victories over St. Lawrence, Worcester Tech and St. Stevens, the tie games with Trinity and Pennsylvania Military College and for their splendid showing against Yale.

Coach Tasker and coaches developed a fast eleven, utilizing many new men who developed learned and played football, were in great shape physically and played hard and clean football to the last whistle.

The season marked Connecticut's new day by its first football victory over Wesleyan in years and by breaking up Trinity's annual string of victories over Connecticut with a 0-8 game.

When 1922 starts Coach Tasker will have a nucleus for an eleven and under graduates will see to it that their freshman is at C. A. C. to don the breast sho.

For Connecticut In Victory In Defeat and for all time—

From recent reports that have come via postal card, parcel post, etc., we learn that they have reached Jack-

villie, Florida after having a first class time with friends at Mercer University in Macon, Ga. The next stop will probably be New Orleans, from whence they can go no further as pedestrians will not be permitted on the Gulf of Mexico.

So far their tour has been one great galaxy of hotels, tents, Y. M. C. A.'s, Southern peaches, barrels of molasses, niggers, automobiles, monuments, cotton gins, corn whiskey, visits and entertainments cigarettes and sore feet. And y'all as we have followed in school just have to envy for a while yet, until the books and dorms are far behind and we are singing, as probably the two who are trudging through the Phenadoosh often sing, "For here we are and there we are but who the deuce cares where we are, as long as its fair weather and the Rovers are together."
Heard in the New London Station
"See the people in the rear car of that train. They look as though they were actors. I wonder what you would call it?"

Webb: "I guess that is the stage coach."

Buck: "Have you seen Mr. Torrey yet?"

Mac: "I don't know. Is he the butcher?"

Buck: "What gave you that idea?"

Mac: "I received a card from him today concerning Cats."

First Stude: "A fool can ask more questions than a wise man can answer. Isn't that so?"

Second Stude: "I can't answer you."

Upon checking up the crowd after its return from the R. I. game, we are glad to welcome Mr. and Mrs. Walter Wood, Mr. and Mrs. Samuel Kostolasky, Mr. and Mrs. Raymond Wing. The Rev. W. I. Graf tied the knots.

Visitor: "What does the chaplain do here?"

Soph: "Oh, he gets up in Assembly every Wednesday at 11, looks over the freshman class, and prays for the college."

Junior: "If I should kiss you, would you scream?"

Co-ed: "Yes, but please don't mind that."

AT KINGSTON
He: "Say, you didn't see me yesterday, did you? I saw you twice."
She: "I never notice people in that condition."

W. STEMMONS IS MASTER OF MANSFIELD GRANGE

Students and Faculty Members Elected to Offices.

At the meeting of the Mansfield Grange No. 68, held Monday evening, November 7, officers for the year 1922 were elected. The results of the election were as follows:

Walter Stemmmons .............................. Master
F. Y. Williams ............................... Overseer
L. C. Crane ................................. Steward
E. E. Weeks ................................. Assistant Steward
Frederick Bauer ............................ Chaplain
Miss P. M. Kittner .......................... Lecturer
C. A. Wheeler ............................... Treasurer
F. P. Miller ................................. Secretary
B. A. Brown ................................ Gate-keeper
Miss G. Atbee ............................... Caree
Miss H. Weeks ............................... Pomona
Mrs. Amy Pritchard ........................ Flora
G. B. Durham ............................... New member Executive Committee
Mrs. Myra Crane ............................ L. A. Steward

It was announced that the State Grange Meeting will be held this year at the invitation of Excelsior Pomona Grange of Waterbury, at Temple Hall, Waterbury, on January 10, 11, and 12.

---

**How Were X-Rays Discovered?**

**SIR James Mackenzie Davidson** visited Professor Roentgen to find out how he discovered the X-rays.

Roentgen had covered a vacuum tube, called a Hittori or Crookes tube, with black paper so as to cut off all its light. About four yards away was a piece of cardboard coated with a fluorescent compound. He turned on the current in the tube. The cardboard glowed brightly.

Sir James asked him: "What did you think?"

"I didn't think, I investigated," said Roentgen. He wanted to know what made the cardboard glow. Only planned experiments could give the answer. We all know the practical result. Thousands of lives are saved by surgeons who use the X-rays.

Later on, one of the scientists in the Research Laboratory of the General Electric Company became interested in a certain phenomenon sometimes observed in incandescent lamps. Others had observed it, but he, like Roentgen, investigated. The result was the discovery of new laws governing electrical conduction in high vacuum.

Another scientist in the same laboratory saw that on the basis of those new laws he could build a new tube for producing X-rays more effectively. This was the Coolidge X-ray tube which marked the greatest advance in the X-ray art since the original discovery by Roentgen.

Thus, scientific investigation of a strange phenomenon led to the discovery of a new art, and scientific investigation of another strange phenomenon led to the greatest improvement in that art.

It is for such reasons that the Research Laboratories of the General Electric Company are continually investigating, continually exploring the unknown. It is new knowledge that is sought. But practical results follow in an endless stream, and in many unexpected ways.

PROF. A. W. MANCHESTER
LECTURES TO AG. CLUB

His Subject is "How to Choose and Manage a Farm."

At the last meeting of the Ag. Club, held Thursday, November 17, Prof. A. W. Manchester addressed the members on the subject of "How to Choose and Manage a Farm." The subject being a vital one to many of the members, there was a good number present.

Prof. Manchester said in part, "We should know the best time in our lives to start in the business for ourselves. In many cases, men wait too long before they dare to start in. We should be sure that we have enough knowledge and experience and then wait no longer than is necessary. Though it may take a few years to secure enough capital to start, it is foolish to spend much time getting capital. The men that start in early and with little money succeed the best in the long run.

There are usually two possible ways to begin: to borrow money and buy a farm; or to rent a farm. Figures show that it is more profitable for a man with little capital to rent than to buy." (Cont. from page 1 col. 2)

TWO HUNDRED PRESENT

The delegations to the meeting were made up chiefly of the Executive heads of the various land grant colleges and Experiment stations, as well as Directors of the Extension Services. The meeting this year consisted of two hundred men and women, who are playing prominent parts in the organization and direction of the Agricultural work of our county. This number was for some reason much smaller than it has been in the past. At this meeting the President of the University of Louisiana, was elected as President of the Association for the coming year.

EXECUTIVES MEET

The conference was divided into four specific sections consisting of Experiment Station work, General Agriculture, Engineering, and Home Economics, which really resolved on the classification of Resident Teaching, Extension and Experiment Station work. Although there were divisional conferences with special reference to different types of work, the conference was in many ways very general and was a meeting of executives to work out plans and methods for present and future procedures. Professor T. H. Eaton of Cornell, formerly a member of the staff at C. A. C., was found among the speakers at the Tuesday section of the Agricultural Teaching Division, speaking on the Possibilities of Improvements of Teaching in the College of Agriculture.

Dean H. L. Russel of the University of Wisconsin and retiring President of the Association made a memorable address on the need of liberal support for agricultural investigations. This search. President W. L. Thompson of the Ohio State University talked on the service that the Land-Grant college performs for the country.

DAN CUPID BUSY DURING THANKSGIVING HOLIDAY

Three Engagements are Announced as Result.

Mr. and Mrs. E. L. Gay of Willimantic have announced the engagement of their daughter, Mildred Louise Gay, of Willimantic, to Philip Barber Jaquith of Hartford, who is also a member of the Senior Class.

The engagement of Franklin Wheeler Wooling '20 of North Haven, to Miss Bertha E. Gilbert '23 of Newton was also announced during the Thanksgiving holiday.

The engagement of Miss Dorothy Missos, class of 1922, to Mr. F. Allen Collister was announced on Thanksgiving day. Mr. Collister has for several years been superintendent of Dodge Farm, Washington, Conn. Miss Missos is teaching this year in the high school at Charlestown, N. H.

EXTENSIVE REPAIRS ON COLLEGE CHURCH BEGAN

The only indication of the work is the roof which has just been reshingled, but through local initiative and the co-operation of outside organizations the long delayed plans for renovating the church are actually in the hands of the workmen and are being carried out as rapidly as possible.

The heating system is to be improved and modernized. The re-decorating of the interior will proceed as far as may be possible, without stopping the use of the church auditorium.

At a church meeting it was decided to spend immediately the sum of $5,500.00 upon repairs. $1,175.00 of this amount was raised by Rev. Dawson, chiefly as a gift from the Congregational Church Building Society.

At its last meeting, early this month at New London, the State Conference of Congregational Churches adopted recommendations, calling the attention of the denomination, and of the people of the State to the fact that the college church has need of a new organ, a new parish house, and ultimately, a new church auditorium. The completed structure, as sketched by the College Architect, would cost between $125,000.00 and $175,000.00. This project is now favorably launched, and it should be only a matter of time before the people of the State eventually provide the campus with a Church plant in harmony with the permanent structures used for College purposes. The plans of the new plant are in the President's Office. It is expected that the funds for the church auditorium will be received in the form of a memorial gift. The effort to raise the funds for organ and parish house will begin without delay.
FARMERS TO HOLD FORTH
AT AG. CLUB DANCE

The Armory will be appropriately
Decked Out in Rustic Scenery.

"How d'yee come? Buzzy?" "No,
Hooray; an' dern glad Icome," is the
way one Willimantic firm is advertis-
ing the Ag. Club Fair and Masque-
rande Dance for Saturday, Dec. 3rd. And
those who do not go will sorely regret
it when the nightly "hashing parties"
meet in dormitory rooms to discuss
happenings and mis-happenings of the
"Farmers' Ball."

Held amid a rustic setting of corn-
stalks, jack-o-lanterns and pumpkins,
the first Annual Harvest Costume
Dance to be given by the Agricultural
Club promises to be a fitting climax to
the best fair ever put on by the stu-
dents at C. A. C. The nature of the
decorations suggests a barn dance, and
the committee in charge has arranged
to carry out this effect, with the novel-
ty of a masquerade thrown in.

Every one is to come masked and in
costume; the men to be dressed as
farmers, and the women in whatever
costume they fancy dictates. The
"hicks" and "rubes" and "Ma-
ry Poppins" and "Mary Jane" of the modern stage will be
put to shame by the only originals
who will appear in Harvest Harvest
Dance on that evening. Boxes of candy will be
awarded for the three prettiest
girls' costumes at the masquerade.

And the men need not be at a loss for
farmers' costumes, for the Church-
Reed Co. of Willimantic has kindly
consented to furnish overalls and
jumpers to all who place their orders
early.

Dancing commences at eight o'clock,
and sixteen numbers of harvest jazz
will be furnished by the genuine
Hill-Boulanger six-piece Orchestra of Hartford. Paul
Jones's and Jack O'Lantern waitresses willvary the usual program, and a
grand march with judging of cos-
tumes will take place before the in-
cognitos unmask at the end of the
seventh dance. Nifty programs for the
dance are in the form of yellow pum-
pkins, with the order of dances printed
on the reverse side.

And to those who have not the skill
or the partner or the wherewithal to
do "Squads East and West" to the
tune of "Turkey in the Straw," the
Midway will guarantee to extract
their money painlessly and with far
less effort than does the cashier in the
"Grabeteria" restaurant.

"Everybody wins tonight" is the
slogan, and you can't resist taking a
chance on a baby doll or a blanket
that ought to be yours. The last tick-
et on a box of chocolates," the last
one," who wants the last one? How
often have you been disappointed in
that "last one" and yet you pay your
dime and the wheel goes around again.
You watch it fascinated, as the disk
gradually whirls slower and finally
stops. "38!" Your lucky number is at
the top! You grasp the box and hasten
off to share your spoils with the favor-
ed one of your choice, who is not your
roommate, be it said here.
