1922 NUTMEG

The time limit on the copy for the 1922 Nutmeg is fast nearing and the staff has announced that any organizations wishing a change in the set-up of their respective pages must arrange the same with the Editor-in-Chief before Saturday March 4. Any organizations or fraternities wishing additional space must also have their application in at that date.

STATE CLUB LEADERS
CONVENE AT NEW HAVEN

SEVERAL NOTED MEN SPEAK AT CONFERENCE

College Well Represented at This Meeting. Two C. A. C. Students Speak.

The Connecticut Agricultural College was well represented at the Conference for State Club Leaders which was held in New Haven on Tuesday, February 28. President C. L. Beach attended the conference with A. J. Brundage, who is acting in the capacity of state head of clubs, H. J. Baker, director of the extension service of the college, Miss Elsie Trabue, assistant club leader for the state, and Marion Eggleston and Sherman Iverson from the College. This meeting was the first of its kind to be held and it object was the formation of an organization for club leaders. There were club leaders from four counties at the conference, with Middlesex county having the largest representation.

President Beach gave an interesting talk on "The Rural Problem of Today"

BLACKGUARDS MAKE HIT IN STAFFORD

Put on the Scene of the Valentine Meadow Golf Club.

The curtain rises to disclose the members of the Valentine Meadow Golf Club, but this time in the distant town of Stafford Springs. There under the direction of Michael J. Farrell a show was played that brought down the house in applause and laughter. First to finish the show was marked by clever jokes, and excellent singing. The Bucskgaard orchestra was on hand to accompany the singing and they played after the show for dancing.

AGGIE SPIRIT RUNS HIGH AT ANNUAL FOOTBALL BANQUET

PREP AND HIGH SCHOOL MEN VISITING COLLEGE ATTEND GALA EVENT

Aggie spirit touching the heights. That, in a nutshell describes the third annual football banquet, served to two hundred and seventy-five persons in the college dining hall last Friday evening at nine o'clock.

For the first time prep and high school men were present at the banquet. Dean Academy of Franklin, Mass., Cushing Academy of Ashburnham, Mass., Crosby High of Waterbury and Plainfield High of Plainfield were represented.

After the "heavy work" of the evening had been finished, the College Blackguards took the floor. "Bananagrams," Heidmarch scored an immediate hit with "Cry Baby Blues." He was followed by Donald Bassett, whose rich voice held the audience spellbound as he sang "Only One Pal After All." "Buck" Van Buren gave "Tucky Home" in his usual effective way. As a climax the Agony Quartet sang several harmonious songs.

Doctor Henry K. Denlinger, toastmaster of the evening, had his usual fire, with a few extra sparks thrown in. The doctor introduced William I. Graf, '22, president of the Varsity Club, who delivered a strong address of welcome.

President Charles L. Beach in a masterly speech analyzed the inter-collegiate athletic situation as it now exists. He stated that in spite of the recent unfavorable criticism which college athletics have received, he is strongly in favor of them because of their man-making qualities.

Coach J. W. Tasker's speech, delivered in the coach's deadly earnest way, was the high light of the evening. He said that when he took charge of the football squad last fall, he knew none of the men, but that now he knows them through and through. Although this is his first year at Connecticut, he sincerely hopes it will be not his last. The spirit and fight of our athletes is exceptional, and their spirit, which was best manifested in the Penn. Military College football game, carries them through successfully against some of the best teams in the East. With a slight amount of pardonable pride the coach said that in twenty-six starts since he took charge of Aggie athletics last fall, only six have been dropped, and we have been up against the biggest in the game. In closing, Mr. Tasker expressed the wish that the visiting athletes would find some course to their liking and enroll here next fall, but told them sincerely and straightforwardly that he didn't want them.

(CONT. ON PAGE 8, COL. 1)

MONTEITH CONCERT POSTPONED

Tickets and invitations are being issued for the Monteith Concert which will come some time during the third week in March.

The concert will be an instrumental and a vocal one and has been arranged by Miss L. Monteith, of the Hartford Conservatory of Music. Miss Monteith is the daughter of Professor Henry Ruthven Monteith for whose portrait fund the concert is being given.

At the beginning of the present college year, the student members of the college secured Harold A. Green of Hartford to paint the portrait of Professor Monteith and instituted a fund for the portrait toward which the students, faculty and alumni are contributing. The Monteith Concert on Thursday evening will go to make up the major part of the students' donation. The Dramatic Club of the college has already pledged $100 toward the fund.

It has been necessary to postpone the date of the concert from Thursday, March 9 to a later date because of the sickness of one of the players and the inability of other players to appear here on the 9th.

DEBATING TEAM CHOSEN FOR TRIANGULAR MEET

DEBATING TEAM CHOSEN FOR TRIANGULAR MEET

Last Thursday the personnel of the two debating teams which are to enter the triangular debate with Mass. Aggie and Rhode Island State on March 16 was announced by a committee of faculty judges. Tryouts for the teams were held earlier in the week, and on the decision of the judges was based on these tryouts, and on previous debates by members of the Club.

The affirmative team is composed of Henry Commins '25, of Hartford, Joseph L. Rikvin '25, of Hartford, William A. Hutton '25 of Southington, and Aaron S. Entin, '25 of Boston, Mass., as alternate. The men on the negative

HANDBOOK WILL CONTAIN VALUABLE INFORMATION

Many New Features to be Added to 1922 Edition.

Plans for the 1922 edition of the Connecticut Handbook are being formulated and the editors have already made considerable advance in the work they are carrying out.

The new edition of the book is to contain all of the items of last year's volume plus several new features. A list of track records made by the students of the college, history of several of the associations of the college, information concerning many historical and traditional points around the campus, a picture of President Beach and a Who's Who of the student body and college faculty will be some of the new items in the book.

(Cont. on page 8, col. 3)
TRINITY LAST OPPONENT OF AGGIE MACHINE

Nutmeg Machine Eager to Avenge Defeat Suffered at Hartford Two Weeks Ago.

Sixling under the defeat at the hands of Trinity of two weeks ago Coach Tasker's blue and white warriors are determined that the Hartford boys have a sad surprise in store for them when they line up against the Aggie machine in Hawley Armory Saturday night, for the last game of the 1922 season.

Dame rumor has asserted that Captain "Louie" Alexander will be able to appear in the lineup, but latest reports fail to confirm this rumor. In all probability the same combination that defeated the strong Worcester team will again be in action Saturday night.

Casper, the flashy Trinity forward will be held down by the careful guarding of "Phil" Lord. In the game against Trinity in Hartford, Casper succeeded in getting but a single basket from the floor and Lord is expected to equal that record in the coming contest.

SATURDAY, NOVEMBER 28

CO-EDS TROUNCED 25-7 BY BRIDGEPORT HIGH GIRLS

Poor Shooting by Co-eds and Team Work of Visitors Responsible For Bridgeport Victory.

As part of the entertainment for the high school men who were invited to the banquet, the co-eds played the Bridgeport High sextet in Hawley Armory last Saturday afternoon. Our team appeared to be off form and we were beaten by a score of 25 to 7. Miss Whitney of Bridgeport was the main star, netting seven field goals and 9 out of 16 tries from the free throw line. Miss Reed starred for the losers with 2 field goals while Miss Waite also was able to make but one.

Although our team played a hard and consistent game they were unable to break up the teamwork of their opponents. The co-ed team seemed to have hard luck on all its shots, as time and again they would roll around the hoop only to roll off.

Summary.

Connecticut 7 Bridgeport High 25

Miss Waite rf. Miss Whitney Miss Reid rf. Miss Evans Miss Dunn sc. Miss Rega Miss Teeter re. Miss Atherton Miss Wattle mg. Miss Stone Miss Hallock ig. Miss Lehany Goals: Miss Whitney 7, Miss Reid 2, Miss Evans 1. Goals from fouls: Miss Whitney 9 out of 16, Miss Waite 1 out of 19. Substitutions, Miss Parker for Miss Wattle, Miss Hurst for Miss Miss Rega, Miss Lehany, sending his produce to Boston for Miss Rega, Miss Stanley for Miss Atherton, Miss Grehan for Miss Lehany. Time keeper Miss Flannigan,Reforee Shaw.

JUNIORS HAND SCHOOL QUINTEL SECOND DEFEAT

All Around Teamwork of College Men Baffles 'Ag Team.

The juniors ran away from the School team, 25-14, in the second game on last Monday evening's card. The juniors were going like a house afire and the Ag team never had a look-in. Emigh and Mullan, the junior forwards, dropped in baskets from angles. "Jim" Mullan getting five while "Nick" gathered four. Juralewicz at center played a good game with "Moe" Daly and Patterson keeping the School's fast forwards from getting any comfort in the big game, holding the mighty Berry in check at all times and himself dropping in a two point counter. Captain Berry was the star of the Tech five, his spectacular dribbling taking the ball well into the Ag. He scored times and time again.

Handicapped by Captain Louise Alexander's absence from the line-up, the Aggie quintet came thru with one of the most thrilling victories ever given on the Armory floor, Worcester Tech being on the short end of the 29-26 tally. The game was closely contested from whistle to whistle and the result was in doubt until the final few minutes of play. Both teams travelled at top speed the whole distance and any shots the spectators with a brand of basketball that was interesting and most exciting. "Bobbie" Berry, filling Alexander's shoes at left forward, starred through out the game. He played a quartet of field goals and playing an excellent floor game. At times he outshone his brilliant brother, Captain Tom Berry of the Tech quintet. And at the other forward position, there had been a night game, getting five beautiful baskets from difficult angles and counting seven times from the foul line.

Phil Lord was the heart of the Aggie defense with Putnam and Balock sharing the honors at the other back position. Freddy Stull proved to be one of the most thrilling victories ever given on the Armory floor.

The line-up:

Connecticut 29 Worcester Tech 26

FROSH FIVE DEFEAT CUSHING ACADEMY 20-10

Krasow is Shining Light of Connecti cut Aggregation, Totalizing 12 Points.

Last Friday night at 7:30 the frosh men defeated the Cushing Academy team by a score of 20-10. This was the first game of a series of games the freshmen are to play, and was played as part of the entertainment for the prep and high school students. Krasow was the big gun for the winners with three field goals and six out of eight tries from the foul line. Eddy also added four points to our score.

Connecticut 20 Cushing 10

Earl Kath "K" of West Acton, Mass., is planning to put down more acres of his land to asparagus this spring. Kath is now a truck gardener, sending his produce to Boston market.

SENIORS WIN INDOOR MEET BY WIDE MARGIN

Win Five First Places and Total 35 Points. Frosh Win Second Place With 22 Points.

A large portion of the student body and a number of the visiting high school athletes saw the first inter-class indoor meet held in the armory in Hawley Armory Saturday afternoon. While no collegiate records were broken, some very good time was made by the many athletes of all classes and the judges.

The men who have been training under Coach Daly for the last three weeks made especially good records and in most every event the winner was a man out for varsity track.

Much to the surprise of everybody the formidable seniors proved to be the superior of the meet by piling up a total of 35 points and claiming four first places. The freshman came second with 22 points including two firsts to their credit. The juniors came third with 11 points and last but not least the sophomores with but 3 points.

Outstanding features of the meet were the sensational running of Wood for the seniors and the throwing of the shot by Frostholm. Wood won first place in both mile and one half mile run. Clark of the school was expected to leave "Woody" far in the rear but gained the lead early in the mile run and kept it through out. In the one half mile run the freshman class took the lead from Wood in the first lap but in the final lap Wood came through with an unusual burst and scored a few more points to the senior's lead.

Frostholm threw the shot over a foot farther than the other competitors, averaging 31.6 feet in three tries.

The Events of Indoor Meet

20 Yard Dash: Quigley, first; Heath, second; Goodearl, third.

40 Yard Dash: Heath, first; Warrick, second; Goodearl, third.

45 Yard Hurdle: Smith, first; Hawley, second; Goodearl, third.

Quarter Mile: Steere, first; Hawley, second; Boulanger and Bryant tied for third.

Half Mile: Wood, first; McKeever, second; Steere, third.

Sprint: Wood, first; Jacobi, second; Steere, third.

Shot Put: Frostholm, first; Haig, second; Juralewicz, third.

High Jump: Holdridge, first; Webber, second; Boulanger and Goodearl tied for third.

GOGGIN AND NEWBURY BOX NO-DECISION BOUT

After the games Monday night there was only one bout fought and that was between C. F. Newberry and F. Goggin. They fought 3 two minute rounds without a clear in either. The first round was even, the second went to Newberry and the third went to Goggin. It was a fast and exciting bout all the way through, many good blows being exchanged between the two. Newberry drew blood from Goggin's nose in the last round.

Referee Shaw, Time keeper Goyer.

STUDENTS HELP TO BUILD EMINENT PULPIT AT C. A. C.

Dr. Jefferson says, "The sermon is not the voice of an isolated individual, but the utterance of a body of men. . . . The sermon comes not out of the preacher alone, but out of the church. The preacher gives back what he receives."

The presence of thoughtful young men and women, in the congregation of the Community Church at Storrs, is helping to build a pulpit that is on the road to distinction. In time, this pulpit should become one of the great pulpits of the State. The students at the Connecticut Agricultural College have it in their power to make, or retard, the development of the local church, by their presence at, or absence from, public worship.

WHAT EMINENT AUTHORS AND THINKERS SAY OF THE PREACHING AT THE COMMUNITY CHURCH AT STORRS:

Chas. R. Brown, Dean, Yale School of Religion:
"I greatly enjoyed the account of your sermon in the Boston Transcript. It is good stuff to spread before the eyes of men."

Dr. J. W. Buckman, Author and Teacher:
"What a choice piece of nature-interpretation is that yours in the Transcript! Artistic in form, timely in adaptation, full of spiritual suggestion."

Dr. Wm. F. Bade Author and Teacher:
"... it reveals a fine power of analysis and an engaging way of putting things."

Wm. L. State, Jr. Dear Mr. Dawson:
"I am wondering if it will be possible for me to secure a copy of your sermon. . . . I would like very much to send this to my fraternity magazine."

JUNIOR WEEK COMMITTEES

CO. B GATHERS LAURELS
OF COMPETITION DRILL

Picked Squares composed Chiefly of Freshmen.

Company B won the competition drill staged under the supervision of Major Boyers in Hawley Armory last Friday morning. Two squads, composed principally of freshmen, were picked from each company and the detachments were drilled by a junior officer for twelve minutes. The work consisted of squad and company movements, manual of arms with and without numbers and one firing position.

This drill is the preliminary to the final competition for the Amory cup that is awarded to the best drilled company each year during Junior Week.

(Cont. from page 1, col. 4)

The affirmative team will debate against a negative team from Rhode Island State at Kingston on March 16, and will uphold the subject: "Re­solved, that the Philippines should be granted their independence within two years." On the same night the negative team will remain at home, debat­ing the same question with an affirmative team from the Massachusetts Agricultural College.

CHOOSING A COURSE

In the recent affair which came up before the Student Council several courses of action were possible. The Council felt itself forced to a decision, -make no mistake about that. Forced to the sense that coun­cils of colleges are responsible for situations that cannot be overlooked and that must be taken care of by student government. Unless such a govern­ment wishes to relieve itself entirely of responsibility and to leave such jobs to a faculty disciplinary committee.

That the student affairs committee of the college was ordered to investi­gate the affair by the administration indicates that if the council did not operate in the matter, faculty author­ity would.

We quote from a letter received from the chairman of the faculty com­mittee, Dr. Lewis Beach, and turned in its recommendents: “Furthermore, I think the men involved may well be grateful that the penalty was not a heavier one. I think it would have been unjustified if the council had been left entirely to our com­mittee these men and pos­sibly some others who are not on this list would have fared worse.”

The council then was forced to come to a decision. Of the factors influenc­ing this decision, probably many men in the student body are aware of but half. Three members of the council were present at the affair, two of them are basketball varsity men. No stu­dents at this college realized more ac­cately than the members of the coun­cil the numerous factors which enter into this decision of a nature. To think that the council members saw only one side of their duties. To think that their decision was the result of weighing the whole matter carefully. It was no easy matter for them to turn in a decision, detrimental to the student classmates, but that decision, in the opinion of the council, was the best method of hand­ling the circumstances in view of what happened in view of the responsibili­ties of student government and in view of future conditions at Connecticut.

PETERING OUT

The stretch of college activity from Christmas vacation to Easter vacation is always the hardest portion of the whole college year. The ambition en­dured during the holidays great deal. The Christmas vacation is soon dissipated in the strenuous action of early January and from then on we tend to be going at a fast clip that along with a laminate of work, spending no real effort, getting no real effort, getting nothing in return.

About the first week in March we begin to get into the last throes of deadness and the printed page cannot stimulate us, the routine has a somnolent effect, we descend into the depths of Sleepy Hollow.

A sad condition, -brought about through lack of judgement in expending our energy and a lack of physical and mental endurance. Spasmodically we threw powerful energy to the winds after coming back from a hard Christmas vacation. We spent and then we commence to won­der what's the matter with the college, what's the matter with the dining hall, what's the matter with everything.

If we were efficient workers; If we knew how to study, knew how to play, knew how to get the most out of col­lege life, we would be going at full speed instead of mooching along with the velocity of a coal barge when we should be travel­ling at the high speed of a torpedo boat. A third of these men and pos­sessions of student government and in view of future conditions at Connecticut.
What Is Water Japan?

JAPAN— not the country but a metal-coating varnish—
and your morning bottle of milk. Totally unlike, yet
associated!

Ordinary japan consists of a tough, rubbery, tar-like "base"
and a highly inflammable "solvent." The solvent dilutes
the base so that the metal may be coated with it easily. The
presence of the solvent involves considerable fire risk, espe-
cially in the baking oven.

Milk is a watery fluid containing suspended particles of
butter fat, so small that one needs the ultra-microscope to
detect them. An insoluble substance held permanently in sus-
pension in a liquid in this manner is in "colloidal suspension."

The principle of colloidal suspension as demonstrated in
milk was applied by the Research Laboratories of the General
Electric Company to develop Water Japan. In this com-
pound the particles of japan base are colloiddally suspended
in water. The fire risk vanishes.

So the analysis of milk has pointed the way to a safe
japan. Again Nature serves industry.

Connected with the common things around us are many
principles which may be applied to the uses of industry with
revolutionary results. As Hamlet said, "There are more
things in Heaven and earth, Horatio, than are dreamt of in
your philosophy."

---

At the class meeting of the fresh-
men, held last Wednesday night in
Main 7, "Bill" Murray was elected
manager of class Track. It was also
manager of class track. It was also
should award the football numerals for
basketball as N. Rowly, who was
football manager, has left college.

"Klipper" notes that the number of
"needy" students desiring work in the
Farm Management office has increased
by leaps and bounds since Prof. Man-
chester made his speech at the Foot-
ball Banquet. As the breakfast food
barons aptly put it, "There's a rea-
son."

COLLEGE LOOKING FOR STATE GROWN PEANUTS
To Give Big Dinner Composed Entirely of Connecticut Products to Editorial Association in July.

Do you know that the College is looking for Connecticut grown peanuts?

Not only Connecticut grown peanuts, but Connecticut grown hickory nuts and cranberries, and white flour made from wheat grown in the Nutmeg state.

The reason for the college's anxiety in this respect is apparent when we know that in July, 1922, the Connecticut Editorial Association will meet at Storrs and that the editors have been promised a big dinner composed entirely of Connecticut grown products.

They will get it too, says W. E. Stemmons, publicity agent of the college, vice-president of the association, and incidentally chairman of the dinner committee.

"The really surprising things," says Mr. Stemmons, "is that the job is so comparatively easy. When one sits down to list the great number of ingredients that go into a single meal the result is startling. The housewife converts cans and sacks from the corner store as well as to garden and pantry. The food we eat comes from all over the world. And yet, given time, it would be possible to prepare a satisfactory meal without using any solitary item that was grown or prepared outside the state."

"State pride is back of this growth in Connecticut dinner. The college plans to present Connecticut's possibilities for growing its own food, or 'eating at home.'"

LACK OF FUNDS DELAYS THE PROMOTION OF NEW CHURCH FUND
A letter which is practically a promise to begin the promotion of the new church before next November has been received by Rev. Marshall Dawson from the chairman of the State Conference Committee on co-operation with the church at Storrs, Dr. Rockwell Harmon Potter. In the meantime, the project is going through stages of publicity to prepare the public mind for its reception. The lack of a campaign fund hinders Mr. Dawson from going out, in advance of such expected promotion himself. Reports from all quarters, coming from those whose business it is to get money for public purposes, are to the effect that it is not advisable to begin a campaign immediately. The approval of the project has been secured and capable men assigned for co-operation when the time for action comes.

In regard to the development of the church work locally, a meeting is being planned between student leaders and the church trustees to talk over the situation and see what can be done to enlarge the opportunity for the religious life here.

UNIQUE CHART INDICATES NATURE OF ASSIGNMENTS
System Perfected by Prominent Senior Used in College Departments.

"Sam" Kostolefsky has perfected a unique but highly efficient chart for the purpose of keeping tabs on class assignments and appointments for several months ahead.

The plan of this chart is as follows:

Across the top, the months are laid off, each month being subdivided into columns for different subjects and general heads under which appointments will be listed. The chart is divided horizontally by thirty-one numbered lines representing the days of the month. At the left edge of the chart is a key consisting of colored pins and the significance of each color or combination of colors whether representing written or oral assignments and the subject is designated. Thus by placing a pin of the color indicated by the key in a date on the chart a person can tell at a glance just what has to be done and when; also, he can tell at a glance what spare time he will have and when he must meet his appointments without going through a bunch of loose papers.

A card index is kept in accordance with the words of the key and information of detail is kept herein.

LITTLE INTEREST SHOWN IN AD CLUB TRYOUTS
S. Kostolefsky reports that, although the Ad Club was received with much favor by the students, only one man has reported to try out for a position in this club. There is a good chance for several men to gain a great deal of valuable business and advertising experience in trying out for the Ad Club.

Mr. Kostolefsky states that men trying out must submit ideas for sketches, designs, and write-ups for different forms of advertising in competition. Members will be elected according to the results of this competitive work. It is also stated that men trying out for the Nutmeg board would gain a great deal of practice in advertising to be done by the Ad Club.

PROFESSOR HOLLISTER SPEAKS AT NEW HAVEN
Professors S. P. Hollister and R. H. Patch attended the meeting of the Tree Protection Institute of the Connecticut Experiment Station held at New Haven last week. Professor Hollister was one of the speakers on the program and the subject he chose was "The Pruning and Spraying of Fruit Trees."

Lloyd King '17, L. H. Rotman '09, F. S. Hoff '09 of Mills, Mass., are planning to auto to C. A. C. and take in the Trinity game next Saturday night. E. C. Eaton '12 has left the Scott Dairy farm of Groton and is back at his former business as orchardist, with headquarters at Auburndale, Mass.

HIGH SCHOOL DAY ONCE FAMOUS IS NOW EXTINCT

Many High School Seniors Visited C. A. C. During Spring Months

One of the institutions which has disappeared during the past few years at C. A. C. is what was known as High School Day. This was usually held sometime in the spring when the campus was at its best, and the baseball season was on. The High School Day was a method of publicity which was used by the college. High School Seniors throughout the state were invited to visit the Hill. After arriving at Willimantic the guests were met by autos of various shapes and sizes. The more lucky ones were taken in some of the facilities, while their less fortunate brothers and sisters were compelled to undergo the somewhat perilous ascent of Spring Hill in the old bus, which was then in operation. Those who arrived safely on the Hill were taken over the campus shown the main building, the botanical gardens, the swimming pool, and the site of the new girl's dorm which was to be. After being saturated with these delights, the visitors were taken to the A. A. field where the C. A. C. baseball nine invariably defeated Trinity.

In the evening, there was a dance in the armory, and of course all the college men were very kind and considerate and willing to give a high school man a dance with the fair coeds in return for one with one of the visiting girls. And then after the dance—but of course those were the good old days before the eighteenth amendment.

PROFESSOR MONTEITH SPEAKS AT ASSEMBLY

Tells of College Life and College Days

Greeted with a warm welcome by the student body, "Connecticut's Grand Old Man," Henry R. Monteith, prof. of history, and Connecticut's first Professor Emeritus, occupied the speaker's chair at President's Hour, yesterday.

Prof. Monteith spoke in a general way on college life and college days. "College experiences," said the speaker, "are the beginning, and are a part of the path of letters and the realm of scholarship. College life in the middle ages had the same purposes as those of today. Life in that time was expressed in terms of Poology. During the period of the Renaissance, the conception of life was changed, and after that period life was expressed in terms of art."

"At about the time that I graduated from college, the world saw the era of another change. Today, we express life in terms of science, and this has succeeded both theology and art. The manners and traditions of college life, however, remain the same, despite these changes. The mark of college life impressed upon the students, remains the same."

RIFLE TEAM TO COMPETE WITH NORTHWESTERN UNI.

Fifteen Freshmen to Shoot Against Frosh of University

Conditions governing the rifle competition to be held between the freshmen of Conn. Aggie and the freshmen of Northwestern University have been satisfactorily arranged and the final shoot is to be held March 6-8.

The following conditions govern the match:

Entries: A team of fifteen freshmen duly enrolled in the R. O. T. C. Rifle: Any 22 caliber weighing not more than ten pounds.

Ammunition: Any .22 caliber rim fire.

Distance: Fifty feet.

Positions: As described in Rife Marksmanship.

Targets: Any not containing glass.

Time: Slow fire, an average of one shot per minute.

Scores: Four stages, two sighting shots for each stage.

1. Stage record 10 shots slok fire Prone.

2. Stage record 10 shots slok fire Standing.

3. Stage record 10 shots slow fire Kneeling.

4. Stage record 10 shots slow fire Sitting.

The highest ten scores will count for record.

The team will be picked as soon as possible and commence practice under the direction of Major Dixon.

FROSH EASY WINNERS IN GAME WITH SENIOR FIVE

Sixth Straight Win for Underclassmen

The freshmen chalked up their sixth straight win in the interclass Monday evening, the seniors furnishing the opposition. The game was slow and uninteresting, the play being marked by the absence of the usual pep and fight. The Frosh lacked the teamwork and fine passing shown in former games. "Billy" O'Brien and Entin starred for the freshmen. "Billy" counting three times from the floor and six times from the foul line while Entin sunk a trio of double counters.

Captain Beisiegel did the best work for the upperclassmen, accounting for five of their seven tallies. Pinkham also played a good game at the back position.

The line-up:

Frosh 20 Seniors 7

Entin rf. Beisiegel

Eddy c. Lord

Quigley pg. Pinkham

O'Brien ig. Keeler

HOLY CROSS WANTS GAME

Holy Cross asked for a game to be played Feb. 25 but we were unable to give them a game as we played Worchester Tech on that night. If Alexander is able to play, we may try to get a game with them after we finish our schedule, but without Capt. "Louie" probably nothing will be done about a game.

(Cont. from page 1, col. 3) unless they were ready to hit things hard, because Connecticut is going straight to the top with that kind of spirit.

That great tackle and magnetic leader, Arthur M. Mitchell, who has played his last game of football, said that although he had attended three ties in rooms, no candy-making on Sundays, no calls from young men, no campus cutting, and there will be no other offense.

At the University of Montana paddies and paint will appear as a means of punishing the offenders of the cutting rule. At Storrs the rule will have her nose painted black, so that the students will have a chance to see that she is an offender.

The girls at the University of Wyoming have changed the slogan of the florist, "Say it with flowers," to "Say it Yourself John." They are asking the men not to send flowers when taking them to a dance, thereby lessening the pressure on the men's pocketbooks, and also taking compassion on the flowers.

The records for the first semester at Northwestern University show that the co-eds have a higher average academic standing than the men. Two girls were classed as "perfect," which means that during the first half year they received an "A" in all their studies.

The student commissioner and the student body of the University of Colorado propose publishing the names of those students who use dishonorable methods in examinations.

The making of a new set of rules at the Colorado State Teachers' College has caused a heavy gloom to settle on a majority of the students, a few of the don'ts listed are:

- No dancing, no jazz music, no parties in rooms, no candy-making on Sunday, no calls from young men, except on Friday and Saturday evening, no visitors after 10 o'clock and no music in the dormitories after 8 o'clock on school nights.

H. L. GARRIGUS PRESIDENT OF STATE FAIRS ASSN.

The Connecticut State Fairs associations held a meeting in the capitol building at Hartford last week and elected officers for the coming year. H. L. Garrigus, professor of animal husbandry, was elected president of the organization.

Besides electing officers the association adopted resolutions on the death of the late Colonel W. H. Hall, a former trustee of the college.

(Cont. from page 1, col. 1) and a Look Ahead." Mr. H. J. Baker then spoke upon the subject "Carry the College to the People of the State."

Following these speeches a banquet was held in the Hotel Taft during which four club members, including Miss Figielston and Mr. Ives, spoke upon "What Club Work means to Me." Gary Miles, a former student at C. A. C. also spoke on this subject.

After the banquet Milton Danziger, the head at Washington, gave a talk on "Why We Should Interest Boys and Girls in Club Work." Mr. Danziger was followed by Mr. George L. Farer, State Leader of Massachusett setts, on "What Club Work Means to Young People." Mr. Brundage and Miss Trabue spoke upon the same subject—"Club work in Connecticut."
