FRATERNITY RUSHING RULES ANNOUNCED TO UNDERCLASSMEN BY THE MEDIATOR

FIRST YEAR MEN MAY NOT SIT AT TABLES WITH FRATERNITY MEN UNTIL AFTER PLEDGE DATE

Twenty-four Hour Silence Period to be Maintained Between All First Year Men and Underclassmen Previous to giving out Bids in Hawley Armory on Date set by Mediator.

The Mediator has published the fraternity rushing rules for the season of 1922 and a copy of these rules has been distributed to every new man in the college. The rules are similar to those published at the beginning of the two preceding years. The twenty-four hour silence period is included among the other rules and a freshman will be able to decide for himself without any interference from fraternity members. This rule has met with favor during the last two years and is strictly a Connecticut innovation.

The rules are:

1. No man shall be pledged to a fraternity until a pledging date in December set by the Mediator.
2. All bids must be in writing and given out on the day and hour designated by the Mediator.
3. No man shall be considered pledged only when having given a written affirmative answer to his bid, and wears the pledge insignia of fraternity publicly. No verbal promises shall be valid.
4. The wearing of the pledge insignia publicly binds the wearer to join the fraternity whose insignia he wears, and by this he shall never be eligible to membership in another fraternity at the Connecticut Agricultural College unless released by the fraternity to which he is pledged. No more than one initiated member shall be released by a fraternity in any one year.
5. No campus freshmen will be allowed to sit at table with a fraternity man until after the pledging date.
6. No fraternity once signing these rules shall withdraw until two weeks after the opening of college in 1923.
7. A schedule of fraternity smokers shall be drawn up by the Mediator and posted on the College bulletin board in the Main building immediately after its ratification by the fraternities. On the night which any fraternity has its scheduled smoker, no campus freshman shall be allowed in any of the other fraternity rooms.
8. On all nights with the exception of Saturday and Sundays and authorized smoker nights, fraternities shall be closed to all campus freshmen.

CONNECTICUT LIVESTOCK CAPTURES THREE GRAND CHAMPIONSHIP PRIZES

ANIMALS SHOWN AT EASTERN STATES EXPOSITION MET COMPETITION BUT CAME THRU WITH LAURELS

Saturday 1:00 p.m. Nutmeg

MANY NEW STUDENTS ENROLLED IN COLLEGE

AGRICULTURE LEADS WITH FORTY FRESHMEN

With the figures of enrollment not yet completed or the lists in final form, it is certain that the college now has the biggest enrollment in its history. The total enrollment of new and important recommendations from the faculty or from student organizations.

Activities in the student body started off in full swing last Thursday night when the Student Senate held its first meeting and adopted several rules and a second prize and two third prizes. The judging team composed of R. Probst, G. E. Tucker, C. D. Prentice, P. N. Beardley and R. K. Mills, was awarded fourth place in a field of eight competing teams. In horse judging, C. R. Probst was high man of the contest.

Burgess High Man

Connecticut and the New Jersey team tied for third place in dairy cattle judging with ten teams competing. W. D. Burgess was high man in the dairy cattle judging, placing second on Guernseys, first on Jerseys and third on Holsteins. Representing Connecticut in the dairy cattle judging were W. D. Burgess, Frank Brengle and J. J. Clark.

Flintstone Model Wins

Flintstone Model, grand champion Milking Shorthorn bull at a former Springfield showing was again awarded the grand championship at this year's fair. He was shown in what was said by Judge H. H. Batten to be the strongest Milking Shorthorn show in history. Rosebuds Model, a senior heifer, the first daughter of Flintstone Model, was sold at the Exposition for $1100.

The Hereford steer herd exhibited by the college won the grand championship in that class. The college herd won over an Angus herd shown by Pennsylvania State College, a herd that contained the grand champion steer of the show. Four head of Herefords and Shorthorns exhibited by Connecticut sold at auction at an average price of $500.25.

A college bred Hereford calf, Storks Woodford 4th, shown by Wesley Garrigus, son of Prof. H. L. Garrigus of the Animal Husbandry Department, won the grand championship in the Boys and Girls Baby Beef Club. At auction this steer sold at forty cents per pound.

(Cont. on page 5 col. 2)
PRIZES FOR NAMES OF LAKE AND ROADS

“CAMPUS” STARTS UNIQUE CONTEST FOR NAMES

Best Names to beAnnounced Each Week—Contest to Last for Three Weeks.

During the past few years several new roads have been laid out on the campus and during the recent summer a new lake was made on the southern portion of the Hill. All these are without official names and have been known by such affectionate names as “Mosquito Alley” and the like. For the purpose of obtaining titles suitable for these places, which may be inscribed on the college map, a contest has been inaugurated by the Campus.

This will not only be of advantage to the college but will enable some student to have the honor of naming a road or the lake, to which he can refer with pride in future years. As an added prize the Campus will also offer a free subscription for the best names suggested.

Names are in order for the New Lake, the road known as “Mosquito Alley” and the road directly to the south of it that was built during the past summer.

The contest will last for three weeks and each week the Campus will print the best three names, as judged by the committee, that are suggested for each of the roads and the lake. At the end of this time the three winners will be chosen from the list of names which has been compiled.

The affair has the full sanction of President Charles L. Beach and three members of the faculty have consented to act as judges for the contest. The judges will be Dr. H. K. Denlinger, Dr. H. D. Newton, Professor G. H. Larson with Headley M. Groosbeck and Byrd E. Standish from the Campus board.

Rules governing the contest are:

1. All persons connected with the college are eligible with the exception of members of the Campus board.

2. Proposed names with the full signature of the contestant shall be sent to the Campus in care of the Contest Editor, Box 54, or may be left in the Campus office on the top floor of the Main Building.

3. A committee composed of five men, three from the faculty and two from the Campus board shall judge the names which are entered in the contest.

4. This contest will begin tonight and will end three weeks from this date.

By the end of this week the O. O. T. C. unit of the college will be completely outfitted. All except new uniforms have been cleaned by the Norwich Steam Laundry, and are in first class condition. The unit is starting the year with 225 members.

Drill was supervised last Monday by Sergeant Zimmermann, who is handling the classes in Military Science until the arrival of the new Commandant.

CONNECTICUT TO MEET TUFFS ELEVEN SATURDAY

Many Changes Expected in Connecticut Line-up for Next Saturday's Contest

Coach Tasker's changes will journey to Medford and line up against the Tufts' College Eleven for the second game of the season next Saturday afternoon. Rumors reaching the Aggie camp state that the Bay State eleven is a strong aggregation. The Tufts team is being coached by "Eddie" Casey, former Harvard player and All-American halfback for two years.

Connecticut's exact line-up for the Saturday contest is yet unknown but in all probability there will be some radical changes from the line-up that played against Maine on last Saturday.

NEW EMPORIUM WILL OPERATE AFTER HOURS

Cookies, Sandwiches and Home Made Pastry will be Dispensed by Competent Chef.—Music and Souvenirs on Opening Night.

Keeping up with the ever-advancing rush of the modern world, the enterprising manager of the college store, Francis J. Mahoney, '20, will inaugurate a night lunch department in his emporium, beginning a week from Monday. Plans have been completed for the operation of the new department and equipment will soon be on the Hill for the opening.

The College Lunch will be open at seven-thirty each evening and remain open as long as the patronage warrants. A counter will be in charge of a competent chef who will be able to serve all comers in "big league" style. Included in the menu are home made pies, coffee, hamburg sandwiches, in short all the appetizing dishes which may be obtained in Willi after the dance or at any other time.

Included in the equipment of the Lunch will be a new range and a hundred and twenty-five dollar coffee urn. Seating facilities will be either of the folding table type or light movable benches which may be installed after the regular day's patronage is over. "Connie" states that he hopes to see all his old patrons and many new ones as customers at his new project. An orchestra has been hired for the opening night and souvenirs will be given to all those making a purchase of twenty-five cents or over.

Major Boyers, formerly at this college is now Professor of Military Science and Tactics, and Commandant at Peekskill Military Academy at Peekskill, New York.

CONNECTICUT ELEVEN BOWS TO MAINE UNIVERSITY IN INITIAL CONTEST

BLUE AND WHITE MACHINE HUMBLED BY 14 TO 0 SCORE AT ORONO LAST SATURDAY AFTERNOON

Connecticut went down to defeat in a hard fought contest at the hands of the University of Maine eleven at Orono last Saturday by a score of 14-0. The game marked the opening of the season for both colleges and was played under conditions for too hot for football. The Aggie team showed excellent form and was in the game from start to finish, keeping Maine on the jump until the final whistle. From tackle to tackle the Connecticut line was practically impenetrable and Maine was unable to make any substantial gains in that direction. The team played well with consistent work in the line aided by brilliant runs by the entire backfield led by Daly and Cohen. The contest was marked by the absence of passing, Maine relying on straight football, while Connecticut attempted six over-head plays, one being successful.

In the first quarter neither team could gain to any extent in line plunges and an exchange of punts left the situation unchanged. Near the end of the quarter, however, Cohen, the aggressive Aggie quarter, made two fine runs which landed the ball in the middle of the field. On the opening of the second period, the Aggie line held and Blair was thrown for a loss, which was regained when he went thru tackle for fifteen yards. Small then went far enough left for thirty yards and carried the ball over for Maine's first touchdown. The count was then increased to seven when he kicked a goal from placement beyond the line of scrimmage.

In the third quarter Captain Daly's charges had things their own way and started a procession down the field.

TWO OF CONNECTICUT'S LINE MEN WHO PLAYED AGAINST MAINE UNIVERSITY

ELMORE ASHMAN

BERNARD JURALEWICZ

Right Tackle

with successive gains thru the line by Daly, Ryan and Rennehan. The march started on Connecticut's 25 yard line and a touchdown seemed imminent but Maine held on their 18 yard mark and obtained the ball on downs.

In the final period Maine staged a vigorous comeback and took the ball down the field for two first downs. Another end run netted twenty-eight yards and on the next play Gruen went over for the final touchdown. Small kicked another goal from placement. Connecticut tried several passes in the few remaining minutes of play, with one from Cohen to Daly netting ten yards, but the final whistle blew with the ball in Maine's possession near the middle of the field.

H. A. BRIDGEMAN PRAISES
WORK OF SHORT COURSE
Effective Massachusetts Man Lectures to Short Course Students and is Impressed by the Work of the Extension Service.

"The special distinction of Storrs is that it is the seat of the Connecticut Agricultural College, which within the last few years has imitated some of the little new republics of southwestern Europe and lived up to a remarkable degree," states Dr. H. A. Bridgeman of Lawrence Academy, Groton, Massachusetts, in an article that appeared in a recent issue of the "Boston Post." Dr. Bridgeman visited C. A. C. and lectured to the students in the Junior Short course that was held at the college under the supervision of the Extension Service during the past summer. The work of the Extension Service as well as other departments of the college impressed Doctor Bridgeman as he listened to the words of his article will show.

"I came away from this sightly hill-top deeply impressed with the worth of the work which these leaders are doing for the boys and girls of Connecticut, duplicated in many states. It makes the boys and girls more contented to stay in the small towns and on the farm. It teaches them to cultivate the soil and to raise animals. On such work as this depends the future of many a rural community. Hats off to Mr. Brundage and his capable staff. They ought to have many a rainbow in their souls as they go on with their work quietly and perseveringly.

DR. ROBERT NORWOOD TO
SPEAK AT ASSEMBLY

Dr. Robert Norwood of Philadelphia, a Canadian author and noted Chautauqua lecturer, will speak at College Assembly next Wednesday, October 4. Dr. Norwood, a Nova Scotia by birth, has published several books, and is a direct, forceful and humorous speaker.

MANY HOME ECONOMICS GRADUATES IN GOOD POSITIONS

The present status of the Home Economics Department of our college is a development of the last five or six years. Prospective students are continually trying to find out something about its possibilities. We are proud to be able to give this information about the nine girls who were graduated last year's class, 1922: Miss Mary Belden has a position in Danbury as head of the Home Economics Department in the public schools. Miss Katherine Potter is teaching in Deep River. Mrs. Percy Lyman Sanford, formerly Miss Mable Bennett, president of our Woman's Student Government Association, is living in her own home at 226 Atherton Street, State College, Penn. Miss Viola Ericson is working in Hartford County under Miss Buckley as assistant dietitian. Miss Gladys Goldenhofer is assistant dietitian in New Haven county. Mrs. Everett Dow, formerly Miss Louise Ransom, "Chick, is living in Meriden. Miss Merle Tuttle is teaching Biology and Physics and Home Economics in Bloomfield. Miss Mildred Gay is teaching in Windsor High School. Miss Mary Beegly, who announced her engagement to Mr. Arthur E. Lanston last June, is staying at home this year.

The first President's Hour of the year was held Wednesday, September 27, at eleven o'clock with Dr. Denlinger presiding. After a hymn and a prayer the service was concluded. The invitation picture was taken immediately after. Cards were distributed for the purpose of finding out what moving pictures the majority of students would like to have shown in the Armory on Saturday nights.
ATTENTION FRESHMEN!

The Campus Board is anxious to get all the recruits available on its rolls. The Editorial Board can offer excellent opportunities to any number of good wide-awake men or women who can write on anything they are willing to try to write about. The Business Board has opportunities for several good active men in every department. Without question the publicity game is the biggest one on the Hill that anyone can enter. It gives excellent training and is an interesting up-to-the-minute sport.

Freshmen who are interested in trying out for any of the positions on either the Editorial or Business Board should see any member of the board or leave their address on the Campus office on the top floor of the Main Building. Work will be assigned to the men and at the end of the first semester in some cases, before the end of the year, or in some cases, before the end of the term, the men who have made a good showing will be elected to responsible positions on the respective board for which they have worked.

CO-ED ACTIVITIES

The girls are forming a Glee Club and it is rumored that a literary club is to be started by the fair sex of the college in the near future. Such a development is desirable "happy medium" for the girls to take upon themselves various responsibilities that the men have experienced for several years past.

If the girls assume the proper attitude the Glee Club should accomplish much and should be a source of recreation for the girls. The literary club would be of great value both from an educational and a recreative point of view.

The entire co-ed body should give this new movement its strongest support. It is such work that makes college life, college spirit and makes us better men and women for having been given the opportunities offered at Connecticut.

PROBATION

College activities are designed for the purpose of broadening the mind, training men to work and think along more than one line. In short, college activities are dedicated, in the task of developing a real college spirit and in making those who participate in it better, stronger and more able to battle with the problems of the world.

When activities or athletics are the cause of a man's downfall in his scholastic standing they become an evil and in no way do they carry out their purpose.

When the ruling that no man on probation should hold any office in student activities went into effect several men were forced to resign their coveted, and, in most cases, hard earned positions. This does not mean that men are to cease trying for positions in the student affairs. It does mean that they must exercise judgment and not let the activity eclipse their studies. It means that they must be capable men whose work both in the class room and in activities warrants a reward of a student honor position.

For a long time no athlete on probation was allowed to play on any of the colleges. The Business Board has opportunities for several good active men in every department. Without question the publicity game is the biggest one on the Hill that anyone can enter. It gives excellent training and is an interesting up-to-the-minute sport.

Freshmen who are interested in trying out for any of the positions on either the Editorial or Business Board should see any member of the board or leave their address on the Campus office on the top floor of the Main Building. Work will be assigned to the men and at the end of the first semester in some cases, before the end of the year, or in some cases, before the end of the term, the men who have made a good showing will be elected to responsible positions on the respective board for which they have worked.

COLLEGE ACTIVITIES

A college education is said to be composed of two parts — the class room and the part that is gained through our activities while in college. Probably the greater part of the college tolls should consider the scholastic standing of the man before the election is made and in this way there will be no hardships and the activities will be carried on so as to give the maximum efficient training as they are bound to when properly handled.

FRATERNITY RUSHING

The Mediator has announced the rules governing the rushing and initiated by the fraternities for the coming year. In years past these or similar rules have proved beneficial to all concerned in the selecting of the new men. It has been proved that it is better for the individual, the fraternity and the college that the doors of all fraternity rooms be closed to campus freshmen at 8:30 p.m. except on Saturday, Sunday and smoker nights; that a twenty-four hour period before the pledging be observed; that the men shall not be pledged until a certain date in December and that they shall not be initiated into a fraternity until sometime in the second semester.

Strict observance of these rules may bring about a little hardship to some individuals at times but if the wagon is to run smoothly the upperclassmen and the freshmen must cooperate in carrying out the ruling. A little bit of thoughtfulness on the part of either may cause trouble, so everyone should do his part in order that things may go smoothly and through the correct channels.

There is a senior secret society, The Druids, who according to reports, choose men in their junior year who have been leaders in the affairs of the student body.

Theta Alpha Phi, the honorary dramatic fraternity, awards a pin to men doing exceptional work in dramatics. Alpha Chi Rho, the honorary philosophy fraternity, awards a key to those who obtain high marks in the engineering course.

There are rewards in all of the activities. For the girls, your story appear on the front page of the Campus, sending out stories to newspapers for the Press Club, making up programs and scholarships for athletic games and activities for the Ad Club, successfully managing an Ag. Club Fair, singing in the Glee Club, playing in the college orchestra, holding the audience spell bound with a dramatic selection, or putting on a skit for the Blackguards' show—all these are good rewards.

The real value of activities is not the superficial awards of keys, pins or membership in honorary organizations; it is the educational and recreative qualities they offer to the individuals. It is the training, the broadening of the individual that makes the man. It is the part of our college education that is obtained away from the class room, worth while.

Freshmen should choose the activity they think they can best succeed in and stick to it and work at it as they do at their studies. Be alert; keep your eyes and your ears open and your mind sharp until you are upperclassmen, then you can say all you want to in your special line. Remember the reward of a honorary key or pin is membership in some one of the honorary societies that will come if you start early, pursue your studies faithfully and work hard in the activity that you choose.

The activities will be sending out calls for candidates as soon as help is needed. Don't fail to show up somewhere, freshmen, the desire to be true wide-awake, hard working Connecticut men or women.

ALUMNI ACTIVITIES

Robert E. Johnson, '22, is at Iowa State College, Ames, Iowa, where he is taking graduate work in the Dairy Department.

J. Collins Taylor, '21, has returned from an extended trip to the Pacific coast to resume his duties as extension poultryman.

William L. Graf, '22, has registered for graduate work at Springfield Y. M. C. A. College at Springfield, Mass. Donald H. Johnson, '23, has returned to college for a year of graduate work.

Webster Chapman, '21, and Evington Osborne, '21, returned for a short glimpse of their Alma Mater Tuesday.

Professor W. F. Kirkpatrick, chairman of the Faculty Committee on Student Affairs entertained the members of the Student Senate at an informal reception at his home last evening.

PRESIDENT’S RECEPTION
HELd LAST FRIDAY NIGHT
President and Mrs. Charles L. Beach
gave their annual reception to the
entering class in Hawley Armory last
Friday evening. The Peerless Orches-
tra of Willimantic played for a con-
cert from 8:00 to 8:30 and for dancing
from 8:30 to 11:30. A large number
of students greeted the president and
enjoyed the dance. The floor was
tastefully decorated with palms by the
social committee.

BOOK STORE ABOLISHES LIGHT LUNCH DEPT.

Late Risers Must Seek Elsewhere for Nucleus of Morning Meal.

No longer may the late riser obtain the nucleus of a morning meal at the Book Store for the powers that be have decreed that the "Java, sinker and breakfast corner" of the college store shall be employed for some other purpose. It was indeed a sad awakening for the upperclassmen on their return to the Hill to find their favorite ten o'clock haunt deserted save for the ordinary soda and book patronage.

To many of the old patrons it meant the departure of an extra hour or two of sleep for many would have faced the terrors of a six bell rise and a hurried journey to the Dining Hall rather than go without their morning meal.

Last year between the hours of nine and ten the interior of the Book Store reminded one of the bargain counter of the local "Boston Store" during a widely advertised ninety-eight sale, and many were the steaming cups of juncoh, dozens of crisp doughnuts, and fresh made sandwiches which were consumed by hurrying students.

The chief reason for the change is that the College Dining Hall suffered from the custom, for while many breakfasted at the store, a few who had no early classes did not care to present themselves at the regular eating place. The Dining Hall depended upon the amount of patronage while the store had several other lines more important than the lunch business, so it has retired in favor of its less fortunate competitor.

TEMPORARY STRUCTURE TO HOUSE TWO YEAR MEN

Dormitories Filled to Overflowing Necessitates Building Extra Rooming Accommodations.—Second Barracks Probable.

Army barracks are being erected in the rear of Storrs Hall to accommodate the overflow of students from the dormitories. These barracks are only temporary and the number of students to occupy them has not been ascertained yet.

The barracks are of the type used by the government during the war. The one being built now is 90 feet long and 20 feet wide. It is to be divided into six rooms which will house twenty-four men. Ground has been broken for another barracks slightly smaller than the one that is being built now and lumber is now at the college to put up this second building if the number of students make it necessary.

The barracks will be heated from the central heating plant and lighted by electricity. The rooms will be furnished similar to the rooms in the dormitories except, perhaps, double-deck beds which the purchasing department contends for buying.

The housing conditions in the two dormitories are very cramped and it is expected that with the arrival of the dormitory men and students who have applied and not yet registered, the dormitories and the arracks will be crowded to the limit.

FROSH CO-EDS SHOULD BE CONSIDERED OF CLERKS

While the freshmen co-eds are strong in numbers and not altogether wanting in good looks and personality they are addicted to many mannequins which are not exactly collegiate. For example they should know that it is very foolish to spend a perfectly good nickel on a "bucket of soda" in order to keep their plumage before the spacious mirror which is directly behind the fountain. In fact their money would be much better off in their little tin bank.

Also there are no bargains in the store and it is perfectly useless to inquire the price of an article more than ten times a day. They never go down. According to college ethics, the person who asks to see the jewelry and after examining it for a few hours suddenly buys a cake of Palm Jove and then walks out with a malicious smile, is a fit subject for the lake. Along the same line we have those who ask for the most complicated connection, which our expert soda dispensers are able to dispense and then when it is before them, they suddenly change it to a lemon and lime.

All this is very annoying and denotes childishness. Be considerate of the poor overworked clerks and do not annoy them.

(Cont. from page 1, col. 2) of the Campus and The Nutmeg were elected to the Publications Advisory Board. The duties of this board are to advise measures and to supervise the finances and policies of the publications at Connecticut.

The seniors that were elected were:

Byrd Standish, Editor-in-Chief of the Connecticut Campus;
Paul Brelsford, Business Manager of the Connecticut Campus;
George Sneidman, Business Manager of the 1922 Nutmeg and Harold Steck, Editor-in-Chief of the 1922 Nutmeg.

Ad Club

Recommendations from Samuel Kostofsky, President of the Ad Club, for the officers of the club for this year were read. Roger Sherman, a special student who failed to return to college this year was recommended for president and Eli Collins, '25, was recommended for secretary-treasurer. Mr. Collins, who has been acting in capacity of President since college opened, was elected president for the coming year and the Senate has asked for recommendations of men to fill the remaining office of the organization.

Room Assignments

During the past few years there have been many calls in the Secretary's office for single rooms in the dormitories from men who are doing graduate work at the college. Undergraduate students often desire these rooms and the question arises as to what preference should be given to a man during graduate work. The Student Senate passed a recommendation that the Secretary should treat these men in the same way as seniors in the assigning of rooms in the dormitories.

HOUSE CHAIRMEN ELECTED

Anne Flannagan elected Chairman of Social Committee

The first meeting of the Woman's Student Government Association was held at Holcomb Hall on Wednesday afternoon with President Margaret L. Dunn presiding. The present rules made by the association were read and changes in them discussed. A committee will consider these changes and report at the next meeting.

GERTRUDE FLAKES, '23, was chosen as chairman with Isabella Moddel, Natalie Hallock, Helen Levitow and Pauline Graf as assistants. A committee was elected to manage affairs given by the co-eds and is composed of Anne Flannagan, chairman, Isabella Moddel, Cora LaValle and Celia Prescot.

The present officers of the Women's Student Government Association are: Margaret Dunn, president; Elizabeth Hamilton, vice-president and Laura Kitten, secretary.

GIRLS' GLEE CLUB IS NOW BEING ORGANIZED

Under the direction of Mrs. M. J. Farrell the Women's Student Government Association is forming a Girls' Glee Club. It is the plan of the Association to inaugurate more co-ed activities at the college this year as the girls are showing much enthusiasm in the work it is expected that a literary club will be formed in the near future.

FROSH CO-EDS TASTE DISCIPLINE OF SOPHS

Upper Regions of Holcomb Hall Scene of Amusing Stunts Last Wednesday Night.

The upper regions of Holcomb Hall, seat of all mysterious co-ed proceedings, witnessed the introduction of many of the fair members of the class of 1926 to C. A. C. All this occurred in the silent watches of the night on the eve of September 20.

Blindfolded frosh, piloted by stern sophomores, were led amid groans and shrieks thru the unused sections of the fourth floor to seats in the presence of the curious and expectant upperclassmen. This part of the affair put on chiefly for the amusement of the onlookers, was a revelation as to the talent and good sportsmanship of the participants. Dancing, instrumental and vocal music, together with various stunts originated by '25 provided unique entertainment for all present.

After several cheers and the singing of Alma Mater the infants were led back the long and tortuous way to their rooms.

At the first meeting of the frosh this year the '25 men won the affair in Ben, Louis E. Hartford

The boys from Connecticut College have their new organization men trying out for the annual Frosh Frolic.

Frosh Frolics of the past have been held at the residence of Joseph W. Sprague, 143 Appleton Street, New Haven, and were always a success. This year's Frosh Frolics will be held in the same place.

The Frosh Frolics are to be held on October 15 and will consist of a dance and a buffet supper. The guests will be entertained with music by the Connecticut College Glee Club and the Connecticut College Orchestra.

The Frosh Frolics will be open to all members of the frosh class and their guests. Tickets will be sold at the entrance for $1.00 each. All proceeds will go to the Frosh Frolics Fund.

Shoes that we dare to recommend to all the boys and girls who are looking for stylish and comfortable footwear.
