TWO YEAR MEN WILL GRADUATE NEXT WEEK

PROGRAM OF EXERCISES ANNONCED BY CLASS

Dr. Sidney B. Haskell, Director of Massachusetts Agricultural Experiment Station will Deliver Graduation Address.

The program for the graduation of the 1923 class of the School of Agriculture has been completed and arrangements made for the exercises which will be held on Friday and Saturday, March 23 and 24. The graduation exercises will be held in the local church on Saturday morning, March 24, at eleven o'clock. Dr. Sidney B. Haskell, director of the Massachusetts Experiment Station, will deliver the graduation address.

On Friday evening at seven-thirty o'clock the Two-Year men will hold a reception in Hawley Armory. A luncheon will be served in the College Dining Hall at one o'clock, following the graduation exercises on Saturday.

(Senior class plans for commencement)

President Bennett Chooses Commencement Committees.—Plans to Make Exercises This Year Best in History of Connecticut.

Plans are already in progress to make this year's commencement a bigger and better one than any preceding commencement. Leslie Bennett, president of the senior class, has already chosen three commencement committees. They are as follows:

The executive committee consists of Bernard Jurawiecz, chairman, Paul Reely, George Hildriberg and Harold Bolan; the class day committee consists of James Mullen, chairman, John Oberly and Miss Emma Reed; the cap and gown committee consists of Ralph Collins, chairman, William Baxter and Miss Margaret Dunn.

Bernard Jurawiecz, chairman of the executive committee, will take charge of all the committees and if he finds it necessary, more committees will be chosen. The dance committee will be chosen in the near future.

WHAT THE CAPTAIN SAYS

"Kid" Brundage, captain of the team says: "There is a fine lot of material out this year and the prospects look exceedingly bright for a successful season."

STATEMENT MADE BY SECRETARY MEREDITH TO STATE LEGISLATIVE APPROPRIATIONS COMMITTEE

Discussion Arises from Hearing on Bill Calling for $815,000 for New Construction at Connecticut.—Joseph Alpox, a Trustee of the College, Testifies as to Cramped Conditions.

With Yale at the point where it says how many freshmen may enter that university and Wesleyan and Trinity approaching the same stage, "we are facing a situation that is serious," stated Mr. A. B. Meredith, secretary of the State Board of Education to the Legislative appropriations committee, according to an article that recently appeared in the "Hartford Courant." Mr. Meredith also stated that 3,900 students of Connecticut went outside of Connecticut last year to get college training during the last year.

The article continues, in part, as follows:

A. B. Meredith, secretary of the state board of education, told the legislative appropriations committee yesterday that 3,900 Connecticut students went outside of Connecticut last year for college training. With Yale now at the point where it says how many freshmen may enter that university and Wesleyan and Trinity approaching the same stage, we face a situation which is serious," he said.

Fear Departure from Agriculture

The statement was made following a discussion before the committee of what was considered by some to be a tendency at the Connecticut Agricultural College to branch out too sharply from the teaching of agricultural subjects.

House Chairman Keith of the committee asked Secretary Meredith if he advocated an expansion of the training course at Storrs along lines of other than agricultural.

Mr. Meredith said he was not prepared to say. He pointed out, however, that under the statutes, the Connecticut Agricultural College has authority to go as far as it likes as long as it does not exclude training in agriculture and the mechanic arts. He pointed out that some students go to college and never finish their college education at one of the larger colleges or institutions.

The discussion arose during a hearing on a bill carrying appropriations of about $816,000 for new construction at Storrs College. Several members of the committee indicated by their questions throughout the hearings that they were interested in determining if the scope of the college should be limited or expanded.

3,900 STUDENTS OUTSIDE OF CONNECTICUT FOR COLLEGE TRAINING LAST YEAR

Large Squad Turns Out for Nine in Early Workouts at Hawley Armory

Many Veterans and New Players Promise Much Material to Carry Our Hard Schedules

Practice Starts in Earnest Following Close of Basketball Season.—Captain C. R. Crim Will Coach Team.—Captain Brundage Will Fill Old Berth in Garden.—Many Battery Candidates Among New Men.

With the close of the basketball season last Friday, baseball at once began to occupy a prominent place in Aggie sport life. Altho battery practice has been going on for at least two weeks, it was not until last Saturday that the work began in earnest, and at present fully fifty men are at work daily in Hawley Armory in preparation for outdoor practice which three year veteran and captain for two seasons, will occupy his usual position behind the bat and his famous whip will no doubt discourage many budding base-steelers during the coming season.

Alexander May Play

At present it is uncertain whether "Louis" Alexander will be able to participate in the national pastime or not but if "Alc" gets into the game Connecticut will be assured of a good pitcher or infielder and also another bad man with the stick. At bat Alexander is a sure and hard hitter and can be depended on to come thru when hits mean runs.

Veteran Backstop

James B. "Jim" Mulhane Backstop and First-Sacker

will be held as soon as the athletic field gets rid of its heavy burden of snow.

Up to the present the work has consisted of getting arms in trim with "salt and pepper" in addition. The batting cage has been erected and batting practice has been started during the last few days. Pitchers and catchers are gradually getting their prize arms warmed up and many of the candidates are losing their surplus weight, accumulated during the winter months.

Many Veterans

Several veterans are out this year and will form a nucleus for the team. Foremost of these is Captain Ralph Brundage, star outfielder for three years. The "Kid" has been a sure fielder and wielded a wicked war club which will lead this year in the Aggie attack. "Socco" Metelli, another

varsity and is equally good at either the initial sack or behind the bat, having played in both positions with the same degree of skill. "Jim" also has a good batting eye and will help to make up the Aggie "Murderer's Row." "Phil" Lord, another twirler who has done good service as a mound artist, will be out in a few days and will bolster the pitching staff considerably.

Regulars Out

Also from the team of last year are "Bill" Makofski, "Snappy" Ganem and "Billy" O'Brien. All three men held regular berths on the varsity and should be strong contenders for the varsity again this season. Makofski played as both outfielder and infielder with equal ease and seems at home in any position including pitcher. Ganem and O'Brien both played on the windy corner last year and are sure fielders.

From the subs of last year Dickens, Nelson, Wells and Minnum are candidates for the pitchers staff, with Ba-lock and Donahue out for the receiving end. In the infield Feldman, Cohen and Eddy will make strong bids for a permanent position. The outfield

AGGIES DEFEAT ALBANY LAW IN FINAL GAME BY 32 TO 13 COUNT

CAPTAIN LORD SHINES IN LAST BASKETBALL GAME FOR BLUE AND WHITE
Balock and Radovich Drop in Many on Opponents Slowing up Conn.

In the last game of the basketball season of 1922-23 the Connecticut Aggies sent the Albany Law College back to Albany under a 32 to 13 defeat. The game was the most interesting game seen on the Aggie court this year as the Albany team did not display a grade of basketball that was fast enough to cause the home team to exert themselves and consequently the Aggies did not roll up the score that they were capable of. There were only a few bright spots in the game, when Balock put in four baskets with three, and when Radovich got in the last part of the first half, and the first few minutes of the second half. For Connecticut the leading scorers were Balock with five baskets from the floor, Radovich with three from the floor and a like number from the fifteen foot line; and O'Brien with nine from the free throw line. Albany was able to gather but three baskets from the floor, most of their points being successful free throws by Burns who made good seven out of eleven attempts.

The game at the start was fairly evenly contested, Burns tying up the score with a field basket soon after Krason broke the tie with a double. Three baskets in a row by Balock then put Connecticut on the long end of an 8-2 score. Two foul goals by O'Brien made the score up 16-2. Burns then dropped in one from the fifteen foot line and Petey made another basket from the floor. At the time the score was 22-11. Radovich replaced Krason. He started off strong and made two shots at the net good, but neither of these counted due to technicalities. This did not worry the Territorry boy at all and he dropped in another basket which chalked up two points for Connecticut. A foul shot by O'Brien and a field goal by Burns ended the half with Connecticut in the lead, 15 to 6.

In the second half Albany started off the scoring when Burns made good a free try. Radovich then put in a double count, and soon after added another which did not count because Albany was holding. O'Brien made good one of the two shots from the fifteen foot line. Fouls were rather numerous on both sides and for the next few minutes the game was a foul shooting contest between O'Brien and Burns, with the honors about even. At last the spell was broken when Makoski put in a basket from scrimmaging, followed by a field shot by Burns, Radovich added two more points by a long shot that dropped through clean. Two more foul shots by O'Brien and a field basket by Petey brought the score up to 29-11. At this point Moe Daly replaced Billy Aggie at guard. Albany was able to add only

AGGIE FIVE CLOSES SUCCESSFUL SEASON

MAJORITY OF GAMES WON DESPITE HANDICAPS
Guard, and "Louie" Alexander, Star Forward, Lost by Graduation—Prospects Good for Next Season.

Friday night's victory over Albany Law closed a successful season for the Connecticut basketball team. Considering the tremendous handicaps under which the players labored, the team did remarkably well. For a greater part of the season there was no full time coach available and repeated injuries kept some of the best players out of the game. After the game with West Point, which resulted in a disastrous defeat, Coach Tasker resigned, and as yet no regular coach has been appointed to take his place. Physical Director Guyer has been in charge and has helped out a great deal, but owing to illness and the demands of his many other duties, he has been unable to give the team the amount of attention necessary. "Louie" Alexander, all-New England forward of last season, has been out of the game since the victory over Holy Cross. During his absence three games with Brown, Rhode Island State and St. Michaels were lost because of the lack of a capable foul shooter. "Louie" has played his last game for the Blue and White and his graduation will mark the passing of the player who has done more than any other to give Connecticut the prestige she now enjoys in the basketball world.

During the season Connecticut won from her old rivals, Trinity twice and Rhode Island once, also defeating Holy Cross, Albany Law, Harvard and New Hampshire State. The games with West Point, Springfield, Wesleyan, Brown, St. Michaels, and one with Rhode Island State were lost. The Aggie quintet chalked up eight victories to seven defeats, scoring 430 points to 433 for the opposition. A review of the games lost was by a small margin while of particular merit was the victory over Harvard for the second consecutive year.

Next year the coach will have to develop a new machine. "Phil" Lord, captain of this year's team and the finest stationary guard seen on the local floor in years, and Alexander are the last of the old guard to go.

The new team will be built around Makoski, and Balock. Makoski alternates between forward and center, doing good work in either position, accounting for more points than any
the first concert of the year given by the Girls' Glee Club in Hawley Armory today. This is indeed a novelty for Connecticut. Moreover it bespeaks of an awakening among the girls that has been only a dream for a long time past. Truly they now have and have always had much of the good ability, but most of it has lain dormant as far as the general college was concerned. The new era is bringing about changes that are good indicators as well as good benefactors to the institution and to the girls themselves. Such good work is deserving of the best support from all of the co-eds and from every other individual who is interested in supporting the college.

EX-SERVICE MENS' CLUB

An ex-service men's club will be organized at Connecticut for the benefit of the Veterans of the World War. Such an organization has many possibilities and should be heartily supported by all the ex-service men in college.

C. A. Masseck speaks at presidents hour

Has charge of advertising for Standard Oil Co.—Speaks on "Agriculture and Advertising."

C. A. Masseck, in charge of advertising for the Standard Oil Co., was the speaker at President's Hour this week. His topic was "Agriculture and Advertising."

"Advertising," said Mr. Masseck, "is closely related to agriculture. In a large analysis, advertising is a business of practical economics. Psychology is the first study of advertising. A knowledge of the racial, religious, and social characteristics of the community must be obtained. Nearly most advertising can be started. The advertiser seeks to find out all there is to know about the people he is selling to."

Mr. Masseck told of his experience and of the various kinds of information he had to secure before starting an advertising campaign for cosmetics in central Oklahoma.

ETA LAMBDA SIGMA

Holds annual banquet

The Eta Lambda Sigma fraternity held their annual banquet at the fraternity house last Saturday night. About thirty alumni from Massachusetts, Connecticut, New York, and New Jersey were present, representing classes from 1896 to 1928. The festivities started at ten when the banquet was served. Following the banquet informal speeches were made by Frank E. Von Tobel, T. R. Cromer, '96, Thomas H. Desmond, '96, Harry G. Hanks, '06, A. G. Clark, '07, Byron D. Houston, '08, Herbert A. Gillett, '08, Martin S. Hungerford, '08, Victor J. Aubrey, '12, Walter T. Clark, '18, Philip F. Dean, '22, Louis G. Metelli, '23, and Reginald T. Putnam, '26.

POINTS OF INTEREST VISITED BY ENGINEERS

WEEK TRIP IN NEW YORK PROVES INSTRUCTIVE

—White Star Liner "Majestic" and Cunard Liner "Tyrrhenia" are inspected from Keel to Crow's Nest.

During the week just passed eight of the students enrolled in the Mechanical Engineering course made an inspection trip to New York under the supervision of Professor A. H. Dresser. Leaving the campus on Monday afternoon, March 5, at five o'clock, the party motored to New London and then on to the big city by boat. A demonstration of lighting and lighting equipment was studied.

Tuesday afternoon the works of the Westinghouse Electric Company in Harrison, New Jersey, where the Madia electric lamps are made, was the center of interest. Here much almost human machinery was seen in operation and the process of manufacture of the lamps was studied from start to finish. This factory can turn out about thirty-five thousand bulbs of any size in a day.

The following morning the offices of the American Telephone and Telegraph Company were visited. Here much was learned about long distance operation, wiring, signal systems and other details connected with the business that was of interest to the engineers. The party was treated to luncheon in the dining hall that is owned and operated by the company for the benefit of its employees. A cost of about thirty cents for regular dinners is charged.

In the afternoon the laboratories and museum of the Western Electric Company were seen. Here several demonstrations and testing processes were studied as were the developments in the telephone and other similar electrical devices, the chief of which was the sea phones that were used during the World War for detecting submarines.

Thursday morning the White Star Liner "Majestic" was visited and studied from stern to stern. This vessel of 64,000 tons, 555 feet long and 100 feet wide was designed and built by Germany prior to the World War and was known as the "Bismark."

Friday morning the "Tyrrhenia," one of the new Cunard line vessels, was visited. All parts of this ship were seen, explained to and studied by the students.

Eta Lambda Sigma fraternity

Holds annual banquet

The Eta Lambda Sigma fraternity held their annual banquet at the fraternity house last Saturday night. About fifty alumni from Massachusetts, Connecticut, New York, and New Jersey were present, representing classes from 1896 to 22. The festivities started at ten when the banquet was served. Following the banquet informal speeches were made by Frank E. Von Tobel, T. R. Cromer, '96, Thomas H. Desmond, '96, Harry G. Hanks, '06, A. G. Clark, '07, Byron D. Houston, '08, Herbert A. PHI MU DELTA ADDS TWO MORE CHAPTERS

National Fraternity Grants Charters to Maine and Illinois University Local Organizations.

Phi Mu Delta fraternity announces the induction of the Gamma Gamma chapter at the University of Illinois on Saturday, February 24, and of the Nu Epsilon chapter at the University of Maine on Saturday, March 2. These two additions make the seventh and eighth chapter on the roster of the fraternity.

PHI MU DELTA OBSERVES FOUNDERS' DAY

In honor of Founders' Day the members of Phi Mu Delta at Connecticut wore orange and black ribbons on Saturday and Sunday, March 3 and 4. The local house on Saturday evening held a formal banquet at which the fraternity was represented by the officers and members. The theme of the occasion was "The Bag and the Robe." A formal reception followed the banquet on Sunday evening.
"Pep" Williams: "You never asked for a second helping at Mrs. Johnson's boarding house, did you, Herb?"

"Herb" Ellis: "No, I always asked for thirds."

First Soph (to student who flunked course): "Do you want to sell your English book?"

Second Soph: "No, I gave the d-n thing away."

Student: "You know I'm an agnostic."

Benny Brown: "If that means d-n fool, I agree with you."

Just when we had made up our mind that this girl who had the continued temperature of 114 degrees was a warm baby, we found that she used a flesh-colored hot water bag.

Three Epigrams from Mr. Masseck's Speech in College Assembly:"

"I was told that you had here co-ed—and college students."

(Referring to women) "They clothe themselves, at least partially."

"(Cosmetics) ... that walter of what-not by which the weaker sex thinks itself the stronger."

None of our star scribes have been able to detect any engineers with the rooks of the resourts sun-burnt since the recent trip to New York, although Seaberg had to buy a low collar button to let his head bend further back ward.

Still waters run deep and as yet all that "Herb" Eyre will do is to smile when asked about the "Follies."

"Wandering Charlie" Stocking acted in the role of alarm clock and night watchman during the stay at the Hotel we are told. "He rumored that bedbugs aren't even a comparison to this gentleman when it comes to keeping people awake nights.

English Prof.: "Young man, who is your favorite writer?"

Freshman: "My father."

English Prof.: "How did you come to that conclusion?"

Freshman: "Well, he writes the checks."

Hootch Man: The minister met Tom, the village ne'er-do-well and, much to the latter's surprise, shook him heartily by the hand. "I'm so glad you've turned over a new leaf, Thomas," said the good man.

"Me?" returned Tom, looking at him dubiously.

"Yes, I was so pleased to see you at the prayer meeting last night."

"Oh," said Tom, light breaking in on him, "so that's where I was, is it?" —Adv.

Submitted by J. B. FULLERTON CO.

NORTHEASTERN MEET TO BE HELD MARCH 26

Personnel of Squad Not Yet Announced by Coach Daly—Connecticut's First Indoor Intercollegiate Meet.

On Thursday, March 26, Coach "Steve" Daly's track team will journey to Boston to meet the track team of the Northeastern University. This will be the first time in the history of the college that Connecticut has ever had an indoor track meet.

The fact that Northeastern University has recently defeated Mass. Aggies in a dual track meet, does not dishearten Coach Daly in the least. The interclass track meet recently run off disclosed some very good material among the freshmen and from all indications, Connecticut ought to come home with the bacon. About thirty men who will make the trip, just who will be taken has not been revealed by Coach Daly.

The dog is considered the best friend of man, and in the United States he is a pet and guardian of the household. In other countries, dogs are used as beasts of burden but it remained for J. Bradford Ricketts to make the dog a partner in business. "Brad" and Rusty, a faithful Airedale, are in the "picking up" business and, from the looks of the "bone yard" around the Phi Mu Delta house, "Brad" ought to realize an enormous return from his product."

(Cont. from page 2 col. 4)

has its share of old men out, with Radosky, Purple, Swen, MacDonald and Hill as contenders for garden positions.

Newcomers With Ability "Tex" Caviitt, '23, and "Grampa" White, '24, both men who have transferred to Connecticut since last year are also out for the twirling staff and the each has played college ball for their former alma mater, it is thought that they will give a good account of themselves in Aggie diamond circles. In addition to the number of upper classmen who have reported, there is also a strong aggregation from the freshmen who have presented some likely material which will make the contest for regular positions keen and a matter of much speculation.

Many Candidates Battery candidates among new men are Mohaffey, Caviitt and Ende, pitchers, and Seymour, catcher. A number of men are out for infielid places and among them are Ahoern, Moore, Nafeldt and Wave, 1st baseman; Allard, Levyter, Fitzgerald, Duggan and Clark second; Radovich, Gilbert and Filmer, short. For the garden position the contestants are CChuck, Holtz, Donovan, Moreland and Wegher.

While the season is yet in its infancy and there has been no actual workout of the team, it is the general consensus of opinion on the Hill that with Captain Crim as a coach and with the abundance of excellent material on hand that a successful season is ahead for the Aggie horse-hide chasers.

Mention was made of the work that the church has been doing during the year and the recognition that this work is receiving throughout the United States and other countries on both sides of the Atlantic. Near the close of the evening's program a quartet composed of Messrs. Farrell, Tiebout, Bates and Ahern, rendered two selections. The dinner was prepared under the supervision of Mr. L. B. Crandall.

"Shadows," an interesting melodrama, starring Lon Cheney, will be the picture shown Saturday evening in Hawley Armory. This is one of the best pictures of the year, and has been well received at other places. The usual Saturday night dancing will follow.

The Best Business Career

Is what every ambitious senior is thinking about at the present time. Life insurance is one of the best, one of the most desirable, and one of the most satisfactory as a permanent calling.

In assets and volume of business, life insurance is one of the three leading businesses of this country, yet the field is comparatively under-developed. Only 7 per cent of the economic value of human life in the United States is covered by insurance. This gives an idea of the big field still to be worked, especially business insurance for firms and corporations.

As to remuneration: Reports of college graduates who have entered business indicate that life insurance is at the very top as a source of income. Now is the time for you to consider what you are going to do after graduation. If you are ambitious and willing to work hard and are interested to know about life insurance, address

FROSH WIN CLASS COURT
TITLE BY ONE GAME

TWO-YEAR FIVE
WINS SECOND PLACE

Keen Rivalry Throughout Season.—
Juniors Have Hard Luck and Fail
To Win a Single Game.

The inter-class basketball season has come to an end and the speculative
chances of each class have been determined by the results. The fresh-
men won the series, winning seven games and losing one. Next in order
was the School of Agriculture with six wins and two defeats. The seniors
failed to maintain the prestige of other years but came out third, winning
five games and losing three. The sophomores squeezed out two victories
but tallied fourth by losing six games.

Last but not least were the juniors who played an up-hill game all season.
Many times during the season victory was snatched away from them,
and the loss of all the games is against their standing.

Keen Interest Shown

The interest in the inter-class series was maintained throughout the sea-
son, and as in other years the series has given the coaching staff an oppor-
tunity to look over material for the varsity. There was keen rivalry be-
 tween the teams of the five classes and this rivalry lent energy and pep
to the games. The freshmen and School of Agriculture ran close to-
gether during the season and if it had not been for one defeat at the hands
of the seniors the School would have tied for first place. Until the last
game was played Monday night no one was certain of the outcome of the
series. The sophomores-freshman game in which the freshmen were victorious
decided the series in favor of the C's.

Win Lost
Freshmen 7 1
School 6 2
Sophomores 3 6
Juniors 0 8

other player in the season just closed.
Balock has played both guard and
forward but with his keen eye for
the basket and clever floor work, there
is little doubt but that his regular
position is forward. A brilliant player
in steals but with a tendency to be
eratic, Krasow showed great im-
provement during the season, and un-
der a capable coach should make a
good running mate for Balock. In
the last few games O'Brien had a
chance to show his wares and with
the brand of basketball he displayed
should have little difficulty in winning
a berth on next season's outfit. "Billie" also made good in his attempts from
the fifteen foot mark. There is a
wealth of material in the freshman
class, with Radovich, Gustafson,
Bil-
good and Seymour all available for
next year's team. From this array
talent a five will no doubt be de-
veloped that will be up to the stan-
dards of former years.
Mystery Surrounds

MUCH TALKED OF DANCE COMING ON APRIL 20

Armory will be scene of dinner dance and other novel attractions that evening.—Committee guards activities with great secrecy.

Shrouded in mystery, the Co-Ed Formal is approaching with an unusually brilliant outlook. At a special meeting of the Girls’ Social Committee, March 13, at Holcomb Hall, general plans were discussed but the secrets were carefully guarded. Only the social committee, whose chairman is Miss Isabel M. Meddell, and assistants appointed from each class, will be fortunate enough to know all beforehand.

Since the dormitory was far too small to harbor the possible sixty couples who will attend, the Armory has been definitely secured for the evening of April 20th. The affair will be of a quainter diner dance type, and plans to make it a marked improvement over last year, are under way.

In order to carry out the breezy outdoor idea, the girls have decided to wear simple evening gowns and the boys will have an opportunity to introduce their Junior Week white flannels. The eight piece Peerless Orchestra has been engaged to play from eight until eleven-thirty, and although the number of dances is still to be considered, each one will have a place on an individual and original program. After careful consideration it has been thought best to limit the feminine attendance to the co-eds; the girls hope to make the dance a yearly tradition and it is hoped that this action will be taken in the right spirit.

Interclass Co-Ed Schedule Out Soon

Next on the Girls’ athletic program comes bowling and baseball and lastly tennis. Each class will probably have a bowling team, and the tournament will be arranged as soon as possible. Last year it ended in a tie between the freshmen and sophomores. The baseball schedule is not ready for print yet, but each class will be represented. The class of ’24 were the winners at baseball last year. The first co-ed tennis tournament was arranged last year but due to a crowded schedule it was never finished. There are many enthusiasts among the freshmen and evidently there will be quite a little competition this year.

Miss Mildred Gay, ’22, was a visitor on the Hill over the week end. She is teaching in Windsor.

The Party

Saturday night, high on a hill
H appy-go-lucky fellows and girls
A way from the halls of knowledge,
K indled the spirit of college.
E veryone talked and everyone played
S prung the latest tickle-box tumbler;
P oetic genius they all displayed in
A autograph books without number.
E membrances of this jolly frat,
T he Co-eds won’t lay far away,—
Y o u or “Shakes” may be sure of that.

Girls’ Glee Club

APPEARS TONIGHT

Full as excited as if they were appearing in a metropolis, the Girls’ Glee Club will make its first appearance in Hawley Armory tonight. As it is the first attempt of anything of this sort many things are dependent on the outcome of tonight’s performance.

The members of the chorus and all fans are to take part have been rehearsing faithfully during the past weeks and all indications assure a successful concert.

Girls’ Quintet Loses

FINAL GAME OF SEASON

New Haven NormalWins by Count of 38-10

Last Saturday, March 10, the girls’ team went to New Haven and played their last and hardest game. Although the score ended very much in favor of the New Haven girls, 38-10, our girls did their best and should be congratulated on their splendid defense.

The opponents had been playing under boys’ rules all the season, while this is the only game our girls have played under those rules. Dr. Arnold’s school is a normal school of gymnastics and in major studies are athletic. The girls are always picturesque in their red and white uniforms. Miss Clark was their star player.

OUR EASY PAYMENT PLAN
IS GOING BIG

There's lots of young fellows like yourself that long to get out on the open road with a motor cycle and enjoy big days of this regular out door sport.

COST? Less than that of an average show. Some of these fellows have investigated our easy pay-as-you-ride plan on new and rebuilt motorcycles. As soon as we told them how easy it was for them to own a motorcycle on this plan, it didn't take them long to pick out their motorcycle.

Come on over tonight. Here in this big stock of ours is your motorcycle. You can select your machine and begin to ride this week.
