AGGIE GRADUATE
FIRST FRESHMAN COACH

LOUIS A. ALEXANDER, '23
NAMED BY TRUSTEES

While at Connecticut Made Brilliant Record as All-Around Athlete—Formerly All-New England Basketball Forward.

Appointment of a freshman athlete coach for the first time in the history of the college was made by the board of trustees last July. Louis A. Alexander, of Waterbury, Conn., who received his B. S. from Connecticut last June was the man named.

Alexander, during his college career was one of the greatest all-around athletes who ever wore the blue and white. Coming to Aggie as a three-letter man from Crosby High School, Waterbury, he immediately won a place as end on the football team. He played forward in basketball and pitched for the varsity nine. Alex won his letter in all three of what were then the major sports during his first two years.

In his junior year Alexander captured the best basketball team ever turned out here, and won a forward's berth on the All-New England team. From then on injuries hampered him, but he continued to play varsity basketball and baseball. Alexander was rated as one of the best forwards playing college basketball.

Following his appointment as freshman coach to handle freshman var-

ATTENTION ALUMNI!
The “Campus” Needs Your Support

A copy of the first number of the Campus is being sent to every member of the Alumni Association, together with a subscription blank and it is hoped that every loyal alumnus will fill out the blank and return it with two dollars to the subscription manager. The Campus needs your support and you, in turn, need the Campus. It is the only way to keep in touch with the activities on the Hill and should be in the hands of every graduate of Connecticut who is at all interested in the affairs of his or her Alma Mater.

The Board admits that in the past there have been many mistakes in delivery of the paper and that numerous subscribers have been rightly indignant over its non-arrival. For this we are truly sorry and have done all possible to rectify the mistakes. For the present year, however, we have completely revised the circulation end, installed two men who have the task of attending to circulation and subscription alone, and we trust that mistakes will be reduced to practically nil. Give it a fair trial for another year and we will guarantee you will get your paper regularly, be closely connected with the College by this means and at the same time aid in supporting your college publication.

PRESIDENT'S RECEPTION
WILL OPEN SOCIAL YEAR
FIRST EVENT OF YEAR
FRIDAY IN ARMORY

President and Mrs. C. L. Beach Will Receive—Members of the Senior Class to Act asushers—Dancing to Follow Reception.

The social year on the Hill will be opened on Friday night when the annual President's reception to the student body will take place in Hawley Armary at eight o'clock. This event has always been an important one in the Connecticut calendar in that it is the first of the new year and enables old friends to meet each other and at the same time to get acquainted with the new members of the student body.

The reception will start at eight o'clock with President and Mrs. C. L. Beach, together with other prominent members of the faculty in the receiving line. During the reception a concert will be given by the Peerless Orchestra of Willimantic, after which dancing will be in order for the remainder of the evening.

One of the largest entering classes in the history of the institution will enroll in the various divisions of the college on Tuesday, September 18. There are at present more than 150 applications for registration in the secretary's office, which augurs well for a large Freshman class. Forty-five of the new students will take the Agricultural course; eighteen will be special students; and the Agricultural Science and Mechanical Engineering departments will attract thirty and twenty-two respectively.

It will be a big problem to find suitable quarters for the incoming students, since it is very probable that the men's dormitories will be insufficient to accommodate all those desiring rooms. The same conditions will no doubt exist at Holcomb Hall for there will be approximately thirty-five new co-eds. Two enrolled in Science, the remainder in Home Economics, which is a slight increase over last year's entering class.
FOOTBALL

Trinity First

Big Squad Working Hard for Trinity Game

FORTY MEN REPORT FOR EARLY FOOTBALL PRACTICE ON DOW FIELD

Forty men answered the call for football practice which was sounded for Monday, September 14, and intensive training has been in order for the past week on Gardner Dow Field under the direction of Coach Sumner A. Dole and Freshman Coach Louis A. Alexander. The program for the week has consisted of a light workout in the morning, regular practice in the afternoon and blackboard talks in the evening.

Eyes, John Kielmasser, Roland Wohger, “Silver” Allard, “Chippy” Purple, Oscar Nanfeldt, “Wallie” Johnson and “Pete” Hohn. In addition to this number several additional candidates are expected with the opening of college which will give Coach Dole a wide field to choose from when he makes the selection of those who are to clash with Trinity in the opening game of the season at Hartford.

“Daley” is back at the post as train-

FOOTBALL CODE ADOPTED AT CONNECTICUT

A code which represents the standard of Connecticut football has been drawn up by Coach Sumner A. Dole, Freshman Coach Louis A. Alexander, and Captain Martin L. O’Neil, and according to those in charge it will be rigorously adhered to during the coming season.

The article, which is posted on the college bulletin boards reads thus:

“\The player who intentionally violates a rule is guilty of unfair play, and whether or not he escapes being penalized he brings discredit to the good name of the game and dishonor.\”

WELCOME TO 1927
Each June marks the passing of a class from Connecticut and each September the beginning of a new class to the Hill. The members of the new class are the ones who will, in a few years, be the leading figures in college life and it will be their task to uphold the standards and traditions of Connecticut.

The Connecticut takes this opportunity of welcoming the incoming freshmen to the Hill and wishing them the best possible success during their career on the Hill. Work hard and play hard and there can be no doubt as to the advantage of a college education.

LET'S KEEP OUR CAMPUS THE WAY WE FIND IT
On returning after the summer recess every one is attracted by the natural beauty of the Hill, its green lawns and winding walks. Everything is bright green and the entire campus is spotless. The question is, "how long will it remain so?" In former years the few weeks have been sufficient to scatter small bits of paper and establish various short cuts over the velvet lawns. The time to keep the Hill looking its best is now. It's up to you to get back. Start right and you will never go wrong. The walk is often the shortest way and waste baskets are distributed plentifully over the campus. Our age is the age of improvement and now is the time to start to keep the Hill the best looking college campus in the country.

NEW RULES AND CUT SYSTEM DURING THIS YEAR
Cuts will be Penalized by Reduced Credits.—Perfect Attendance and Good Marks to be Rewarded by Bonus.

New rules governing absences and the grading of college work go into effect with the opening of college today. In view of this a brief extract of the more important of these rules is given in order to familiarize the students with the new system.

From now on, no absences will be excused for any cause whatever. This marks a radical change from the policy followed in the past when absences due to sickness, trips of athletic teams or other similar reasons, were excused. Under the new system, presence is made whereby a bonus of one-tenth the credit carried by each course is offered for perfect attendance. Thus any student who attends a three-credit course perfectly for one semester, receives not three but three and three-tenths credits. For every absence, one-tenth of a credit is deducted. One may therefore be absent from a three-hour course in a semester and still earn three credits. According to the report sent out from the secretary's office, a student carrying a normal schedule will be able to take seventeen cuts without getting any less credit for his semester's work.

A student who enters a course late will be penalized for all the classes he has missed, and the same holds true for students who change courses. Absences which prolong a three-hour giving, Christmas, or Easter recess will carry a penalty of two-tenths of a credit for each class missed. Absences which prolong a three-hour recess, and are for the honor roll who will be penalized only one-tenth of a credit.

Excessive cutting will be penalized by reduction from the credit of a course, probation, or suspension.

Two cuts a semester in College Assembly will be allowed without penalty for college students, and one for students in the two-year classes, that is, if given the second 

 Cutting a semester examination means a record of failure in the course.

As work lost through absence must be made up as promptly as possible by arrangement with the instructor.

Ranking System
The letter grades A, B, C, etc., are abolished. The grade of E, or "conditioned" is abolished. Hereafter, the only opportunity for obtaining credit in a course which has not been passed will be by repeating it; no condition examination will be given.

Monthly and mid-semester grades will not be reported to the students.

Exemption from semester examinations is discontinued, except in the case of seniors in the second semester, who have been actively columnized or in writing, depending upon the instructor's recommendation.

Grades will be reported at the end of a semester according to a student's rank. Fair and impartial grading is the standing in the class in the order of excellence, beginning with first, second, third, and so on, to the student of lowest standing.

Students of unusually high standing will be given extra credit, and a deduction will be made from the credit of students of low standing. This will be done in accordance with the following scale:

<table>
<thead>
<tr>
<th></th>
<th>in a class of 100 receive</th>
<th>in a class of 100 receive</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>1.2 times the credit of the course</td>
<td>0.8, except that those who fail, regardless of their rank, receive no credit.</td>
</tr>
<tr>
<td>2</td>
<td>1.1 times the credit of the course</td>
<td></td>
</tr>
<tr>
<td>3</td>
<td>1.0 times the credit of the course</td>
<td></td>
</tr>
<tr>
<td>4</td>
<td>0.9 times the credit of the course</td>
<td></td>
</tr>
<tr>
<td>5</td>
<td>0.8 times the credit of the course</td>
<td></td>
</tr>
<tr>
<td>6</td>
<td>0.7 times the credit of the course</td>
<td></td>
</tr>
<tr>
<td>7</td>
<td>0.6 times the credit of the course</td>
<td></td>
</tr>
<tr>
<td>8</td>
<td>0.5 times the credit of the course</td>
<td></td>
</tr>
<tr>
<td>9</td>
<td>0.4 times the credit of the course</td>
<td></td>
</tr>
<tr>
<td>10</td>
<td>0.3 times the credit of the course</td>
<td></td>
</tr>
</tbody>
</table>

The grade of "In" will be given when the work already completed is satisfactory, and when there is every good reason for the student's failure to complete all his work in the allotted time.

1923 HANDBOOK APPEARS ON THE HILL

The 1923 Handbook made its first appearance on the Hill today and will be distributed to the members of the Class of 1927 this evening, preceding the annual "pearede." This marks the third anniversary of the book which entitled "Hill" and better than any other book this year and this fall has blossomed forth in a leather cover on which is stamped the regulation C.

The book contains over one hundred pages and is full of important facts concerning the college and contains many handy spaces for information such as schedules, telephone numbers, etc., and the like. This year, the Handbook was edited by Frederick W. Metzger, '24, and the business end was handled by Lawrence B. Koons, '24. The printing and binding was done by the S. Z. Field Company of New Haven.

A member of the books will be offered for sale to members of the Faculty and upperclassmen for the very low price of fifty cents and may be obtained from the business manager.

SENIOR HEADQUARTERS WILL OPEN TONIGHT
Koons 1 to be Scene of Initial Receptions Given by Fearless Quintette and Allied Organizations.

The senior class will hold its first semi-official gathering this evening in the hallowed confines of Koons Hall when the far-famed members of the Honor Roll will assemble after the long and quiet summer vacation. All the seniors are expected to be on hand and the following have positively stated their intention to be on deck when the festivities commence: "Pa" Stalpiott, "Stat," Bamford, "Fred," Metzger, "Larry" Lawson, "Choose," Eddy, "Swede," Nelson, "Chippy," Purple, "Cutter," Richardson and "Gus" Palen.

CLASS OF 1927 WILL ENTERTAIN TONIGHT
TRADITIONAL PAJAMA PARADE STARTS AT 7:30

Large Number to be in Line.—Ceremonies on Cemetery Hill Wednesday Evening.—26 in Readiness for Big Affair.

The male members of the Class of 1927 will make their debut before a Connecticut audience this evening. When the traditional Pajama Parade will wind its devious way from the men's dormitories over the hill past the pond and thence to the front of the sacred and hallowed confines of Holmes Hall and Valentine House. It is expected by the directors that a large procession will be in order for the evening.

After the distribution of Frosh hats, Handbooks, and the like, the parade will form with its right resting on Koons Hall, from which structure it will move out at approximately seven-thirty. "Across the road" the usual program will be enacted and the members of the new class will be given a "regular Connecticut Pajama" reception. The upper classes will, in turn, spell out for '24, '25 and '26 in the first Aggie cheer of their young career on the Hill. On the return journey a ball will be called and various Connecticut principles will be expounded to the new men by Lewis C. Richardson, president of the Student Organization.

On Wednesday night the march will be taken up again, this time to the crest of Cemetery Hill where the frosh will receive their second lesson in the art of becoming true Connecticut men. Illuminated by the light of a large beacon fire, Lewis C. Richardson, president of the Student Senate, accompanied by the senior members of that body will read and explain the frosh rules to the new men. After this ceremonial the evening will then descend to the twinkling lights far below on the plain and the tired frosh will seek their bedrolls.

An expectant audience of over thirty received the returns of the Dempsey-Firpo battle in the wireless room of the local station last Friday night. A loud talker was used and everything from the ovation given the fighters to the clang of the bell was clearly heard. Reports of the coming world's series will be received in the same manner.

MEN WANTED FOR THE CAMPUS
The Campus is one of the best activities on the Hill.

The time to get going is now.

There are several opportunities for men interested in publication.

If you can write or desire to learn how, send in your name to E. L. Collins as soon as you get settled, if not sooner.
AG. CLUB PLANS FOR BIGGEST YEAR EVER

Membership Campaign to Start at Once

The Agricultural Club has already formulated plans to make the year 1923-24 a banner year in the history of the College. For the benefit of the enrolling class, last spring a movement was started to make this one of the leading activities on the Hill. Several joint meetings were held between heads of the Agricultural Departments and active "Ag" men. At these meetings it was concluded that the "Ag" Club is an essential and vital part of this College, and a program was formulated to make it such an activity. This year's features will include an entirely different and original fair, live social gatherings and meetings with well-known outside and local agricultural leaders. Previously the faculty were not members, but now President Beach and nearly all of the members of the staff are members. They are waiting for the student body to do its part.

To do this all the real live "Ag" students on the Hill must get back of the "Club", into it, and push. To you especially, the members of the incoming class of 1927, the "Ag" Club is looking for active "boosters" of one of the best activities of the college. Freshmen should become members of the club at the start, as it is the activity that can most truly give you the training you are on the Hill for. With the exception of athletics and publications it is the best means of showing the public what we are accomplishing here, and thus we can put our Alma Mater on the map.

DUNHAM POOL OPENED FOR FIRST TIME IN AUGUST

Spacious Tank Now Ready for Use—Football Men Enjoy Swimming After Practice.

The New Dunham Pool in Hawley Armory which was dedicated last commencement was opened for use during Farmers' Week early in August and has been used by the summer residents during the balance of the vacation.

Students returning to the Hill will have their first opportunity of clearing the inviting waters of the commodious pool which is now in full working order. The first group of men to show their skill as swimmers have been the Aggie football hopes who find that a plunge after a hard practice does much to keep them in fighting form.

A regular schedule of the hours during which the pool will be open to the student body at large will be posted in the near future. Classes in physical education will also make use of the tank as swimming has been added to the course of instruction in this department.

KEELE r AND WHITE PRESSING, CLEANING, MENDING, CLEANING A SPECIALTY
KOONS 7
THE COLLEGE TAILORS

He watched the pot as it boiled

Thousands of people had watched the boiling pot, but Count Rumford wondered why it boiled. He did more than wonder; by scientific research he found out for himself.

And Rumford laid the foundation of the greatest generalization the human mind has yet conceived—the law of the conservation of energy.

Scientists in the Research Laboratories of the General Electric Company are devoting their lives to pure research, carrying on the work of Rumford and other pioneers of modern science. By methodical investigation, the frontier of scientific knowledge is being pushed steadily forward.

GENERAL ELECTRIC
TO THE CLASSES OF '24, '25 AND '26

It is a freshman rule that each of the entering class shall subscribe to the Campus. This is an excellent regulation and insures the paper of at least one hundred and fifty subscriptions. However, many members of the upper classes find it much easier to read their room-mate’s paper than to part with their own shekels and read their own. Why let some one else buy a paper “for the room” and thus deprive the Campus of its means of existence. With due regard for the delay of the past year in securing subscriptions, which discouraged many prospective buyers, there were still several who withheld their Iron boys when they could have been easily utilized by the paper.

This year the Board promises that each and every member of the student body will be approached by a representative of the Campus during the first week of college so have your two dollars on the fire. Start the year right—and if this hasn’t touched you, consider—what would the college be without a paper?

RULES OF NEW ENGLAND COLLEGE CONFERENCE

Connecticut a Charter Member.—First Year for Aggies Under the New Ruling.

With the opening of college this week, the code of the New England College Conference on Intercolligate Athletics, of which Connecticut is a charter member, becomes effective. The conference, which includes the state colleges of Maine, New Hampshire, Massachusetts, Rhode Island, and Connecticut, was formed for the primary purpose of bringing about closer cooperation between the various New England colleges in the maintenance of high standards of eligibility and in the administration of intercollegiate athletics. Some idea of how well the conference will accomplish its purpose may be obtained from the following rules of eligibility which are taken from the conference code.

Only bona fide students, regularly enrolled as a candidate for a bachelor’s degree or its equivalent, may play on varsity teams.

Students who have played on a varsity team of another college and then transferred, must be in residence one year, including a full season of the sport in which he last participated, before he shall be allowed to play on a varsity team.

No man who has made a varsity letter in one institution and then transfers to another college shall be allowed to play.

No freshman shall be allowed to play on a varsity team.

No person shall be allowed to play who receives any gift, remuneration, or pay for his services on a college team.

No person shall be allowed to compete in varsity intercollegiate athletics for more than three years in the aggregate.

No graduate students shall be allowed to play.

No person shall be allowed to play unless under assumed name.

No person delinquent in studies, as defined by the regulations of the college in which he is registered, shall be allowed to play.

No person shall be eligible to play who, during the college year, has engaged in any athletic contest not connected with his institution. Exceptions are made to this rule in the case of students playing summer baseball, provided they play on teams which are not under the control of the National Baseball Commission, and in the case of students who are members of alumni teams of the preparatory schools.

The above rules are in effect at present and here at Connecticut, the work of the teams under the new regime will be closely watched by all interested in the athletic welfare of the college. The consensus of opinion among followers of Aggie sports seems to be that the first year will find Connecticut teams under a handicap, due largely to the new freshman rule, but as pointed out by others, this disadvantage will be largely overcome when beginning this year, the freshmen will receive an intensive and thorough grounding in the fundamentals of the game which will make them valuable varsity material.
LITTLE COUNTRY THEATRE
HAS MANY ENGAGEMENTS
State College Players Appear at Fall Fairs

The "Little Country Theatre Movement," started by Professor H. A. Seckerson this spring, has been very successful during the summer. A small group of students with Professor Seckerson made two tours in June presenting programs to five Pomona Granges. During Farmers' Week at Storrs the State College players gave three plays. "The Trysting Place" by Tarkington, "Sham" by Tompkins, and "How We Lied to Her Husband" by Shaw. The same week they went to Mansfield Center, and on August 23 they played before the New England Granje Lecturers' Conference at Amherst, Massachusetts. The time has been too short to fill all the engagements asked for. However, during the week preceding the opening of college the following program was carried out: Tuesday night at Andover, Wednesday at Storrs, Thursday at Coventry Grange Fair and Friday and Saturday at Wolcott Fair. The troupe hopes to be able to continue its work throughout the year so that it will be in readiness next fall to fill its engagements and especially at the Eastern States Exposition at Springfield and at several local fairs.

GI'LS' Glee Club Plans Year's Novel Features

The Girls’ Glee Club is ready to begin work. The regular time for meetings has been Tuesday from 4:30 to 5:30. Unless something interferes with this plan will be continued and the first meeting will be Tuesday, September 25th, in the Assembly Room in Holcomb Hall. All freshmen in any way interested in the club are urged to come to this meeting. General plans for the year will be discussed. The program will contain one or two novel features following the success of last year's Musical and May Day Carnival.

Mrs. M. J. Farrell was the director of the Glee Club last year and is willing to help us again this year. Try-outs will be held in the near future.

WHAT THE CLASS OF 1923 IS DOING

Leaside "Joe" Bemond—Instructor of Poultry, McGill University.
James W. Mullan—Insurance, Hartford.
Bertram Smith—Superintendent of Vegetable Gardens, Storrs, Conn.
Walter P. Clark, Manager Storrs Garage, Storrs, Conn.

Paul "Hap" Sterling—Extension Economics, Storrs, Conn.
Maurice P. Daley—Cadet, U. S. Military Academy, West Point.
William C. Baxter—Teacher, New-

ORGANIZATION OF CO-ED ATHLETICS FOR YEAR

Advanced Class in Physical Education for Women

Organization of co-ed athletics has been poorly managed in past years and plans for betterment made will be made for the coming year.

Although basketball is the only sport in which co-eds compete with other colleges, field hockey, indoor baseball, bowling and tennis are played extensively and intersquad schedules have always been attempted. The difficulty in carrying them out has been the initiative has been a sufficient number of girls. Also no one has been directly responsible for the teams, with the result, that once a season one team has been a game when the other didn’t know that one was supposed to be played. And sometimes one class with a good baseball team has wished to play baseball captain or manager another which has not had even a try.

To try to remedy this condition, a girls’ athletic meeting will be held in the Assembly Hall at four o'clock in the afternoon, Wednesday, September 26, and some sort of a system adopted. Mr. Guyer hopes to have golf clubs, baseball bats and balls, and tennis balls, which can be left in the dormitory for the use of the girls if there is someone who can oversee the use of them.

The swimming pool has been used all summer and will be opened for the use of the co-eds two afternoons and evenings a week, probably Tuesdays and Thursdays.

An advance class in physical education for women will be given this year. It will deal somewhat with sports but chiefly with the development of leadership in games and drills.

WILLIMANTIC WOMEN’S CLUB ENTERTAINED

Wednesday afternoon the Storrs’ Women’s Club entertained the Willimantic Women’s Club in the Armory at Storrs. About a hundred and fifty people were present. A delightful lunch was artistically served on tea tables. A program was given as follows:

Vocal Solo—Mrs. Skinner
Violin Solo—Armen Bulbulian
(Accompanied by Mrs. M. J. Farrell)
Play—"The Trysting Place"

Cast
Mrs. Curtis—Phyllis Smith
Lancet Briggs—Donald Lawson
Mrs. Briggs—Hazon Pierpoint

R. O. T. C. IN READINESS
FOR A BUSY YEAR
Many Additions Made in Equipment.
—Two Hour Drill Period on Monday Morning.—Twenty Juniors in Advanced Courses.

During the summer all the equipment of the local unit of the Reserve Officers' Training Corps has been overhauled and cleaned and a new store room in the basement of the Amory has been fitted up as a gun room. In addition a large supply of ammunition has been received which will allow actual firing of the 37 mm. machine gun, automatic rifle and 45 automatic. Sergeant Zimmerman has been in charge of cleaning and moving the equipment and reports that it is in the best possible condition and that the Connecticut battalion will be one of the best outfitted units in the corps area.

Captain C. R. Crim will be commandant for the year and will have as his assistants Lieutenant G. C. Passmore, together with Sergeants Zimmerman and Garvey. Sergeant Garvey is a newcomer and will be in charge of supplies and assist in drill.

One of the most important changes for the year is the two hour drill period which will replace the former schedule of two one hour sessions. By means of the new system more work will be accomplished and it will also be a great convenience to students as it will necessitate donning the O. D. for only a single day in the week.

At the present time it is expected by those in charge that there will be twenty juniors in the advanced course which will be a considerable advance over previous years, as in 1922-23 there were only six and Connecticut had the smallest enrollment of any New england College at the summer camp.

(Cont. from page 1 col. 3)

Mr. G. S. Torrey, the college registrar, and his assistants are making adequate arrangements to handle 400 students on registration day. The new system of marking and the loss of credits through absences will have a tendency to prevent a number of those late arrivals which have been so common in past years. It is also expected that the increase in scholarship to students living outside of Connecticut will materially decrease their number, and so make it possible for the college to care for the ever increasing number of young people throughout the state who desire the kind of education that their state college affords.

Twenty-seven young men have already signed their desire to enroll in the Two Year Course in Agriculture, and no doubt many more applications will be in the secretary's office before classes begin in November. With a fair percentage of Senior Two Year men back and the usual number of special students it is expected that the total enrollment in the college for the school year of 1923-24 will far exceed 500, an increase of 100 percent in the past five years, which is a fair indication of the growth of the college.

THE 1923-1924 HANDBOOK
IS HERE

Over one hundred pages of information concerning the college with space for leather binding and is something for memorandum. Better than ever that no one can afford to be without. A limited number for sale to upperclassmen at fifty cents a copy.
