EIGHT MEN RECEIVE INVITATION TO MEMBERSHIP IN GAMMA CHI EPSILON

THREE SENIORS AND FIVE JUNIORS AWARDED HONORSHIP

Scholarship and Activities Form Basis for Eligibility to Honorary Fraternity.—Men Elected are Considered Leaders in College and Class.—Dean E. W. Sinnott Presents Invitations.

Three seniors and five juniors received notice of their election to Gamma Chi Epsilon, the honorary scholarship fraternity, at President's Hour, Wednesday. Dr. E. W. Sinnott, Dean of the Science Division and an honorary member of the fraternity, presented the invitations.

Membership in the fraternity is considered one of the highest honors that can be awarded a man at Connecticut College, and the men chosen are considered leaders in scholarship and activities.

From the class of 1924 the fraternity chose Wilfred DeLisle Burgess, William Francis Dunahoo, and Russell Asa Palen. The five members from the junior class are John Henry Balock, Thomas Joseph Kennedy, John Wells Goodrich, John Ricker Jacoby and George Edgar Wells.

The following is the activity record of the men elected.

Thomas Francis Dunahoo
President, Athletic Association, (4); Varsity Club (4); Varsity Football (4); Dramatic Club (5, 4); Campus Band (4); Major, College Battalion (4); Class Football (1); Class Baseball (1, 2, 3); Class Basketball (1, 2, 3, 4); Student Senate (3); Moderator (3, 4); Nutmeg Board (3); Chairman of Mid-Year Informal Dance, (3), Honor Roll (1, 2, 3, 4).

Wilfred DeLisle Burgess
President, Ag. Club (4); Secretary, Treasurer, Glee Club (4); Livestock Judging Team (Eastern States) (4); Dairy Cattle Judging Team (Syracuse) (4); Ag. Club (1, 2, 3); Glee Club (2, 3); Dairy Cattle Judging Team (Eastern States) (3); Nutmeg Board (3); Third Prize, Ratcliffe-Hicks Essay (2).

Russell Asa Palen
President, Student Organization (4); President Student Senate (4); News Editor, Campus (4); Campus Board (2, 3); Debating Club (3, 4); Pi Kappa Delta (4).

John Henry Balock
Varsity Football (3); Captain Varsity Basketball (3); Football Squad (1, 2); Baseball Squad (1, 2); Varsity Basketball (2); Interclass Debating Team (2); Basketball Squad (4).

John Wells Goodrich
Class Vice-President (3); Junior Week Executive Committee (3); Dramatic Club (2, 3); Track Squad (1, 2, 3); College Orchestra.

John Ricker Jacoby
News Editor Campus (3); Rifle Team (1, 2, 3); Varsity Track (1, 2, 3); Campus Board (2); Varsity Cross Country (2); Glee Club (2); Class Cross Country (1).

Thomas Joseph Kennedy
Business Manager, Nutmeg (3); Assistant Manager, Baseball (3); Chairman, Mid-Year Formal (3); Captain Class Basketball (2, 3); 2nd Lieut., R. O. T. C. (3); Alpha Tau Phi Fraternity (3); Manager, Class Baseball (2); Class President (1); Blackguards (1); Honor Roll (1); Class Basketball and Baseball (1).

George Edgar Wells
Varsity Football Squad (1, 3), Class Basketball (3); Dramatic Club (1, 2, 3); Dramatic Club (1, 2, 3); Honor Roll (1, 2, 3); Baseball Squad (2); Basketball Squad (1, 3); Ag. Club (1, 2, 3).

SIXTY COUPLES ATTEND INTERFRATERNITY DANCE

About sixty couples attended the Interfraternity Dance given on Friday evening, March 21. The Peerless Orchestra of Willimantic, which rendered music for the dancing, played an amusing role as the maitre d'hôtel. "Petey" Balock, Oscar D'Esopo, and Milton Moore took the "harold" for a "ride" in college style, and the entire ballroom took the same for sundry Campus notables. "Tony" Grady and Kenneth Little, as (Cont. on page 4 col. 2)

MODERN DRAMA CLASS PRESENTS O'NEILL PLAY

"Ile," a sea tragedy by Eugene O'Neill, was presented last Wednesday in President's Hour by members of the Modern Drama class. Martin Schmidt, in the role of David Keeny, the skipper of the whaling ship, was well supported in his part by Phyllis Smith, as his wife. The action in the play was carried out in the hospital room, with parts carried out by the same group. The charge of arrangements was Valerio Johnson, chairman, Maxon Eddy and Raymond Keeler.

EXTENSIVE PLANS FOR FIRST CO-ED WEEK

DECORATIONS PERFECTED

Cast Chosen for "Yokohama Maid"—Candidates Out for Staff of Co-ed Issue of Campus.

With the unanimous backing of every Co-ed the plans for the first annual Co-Ed Week are rapidly and successfully materializing. At a recent meeting of the W. S. G. A., Isabella Moddel, chairman of the social committee, gave a definite report on the decorative scheme to be used at the Formal. The Easter colors of lavender and white will be carried out into the overhead, canopy and streamers as well as in the flowers to be used in the two long boxes on either side of the floor which will seat the sister classes and their guests. The conventional seasonal requirement of Easter eggs and Easter rabbits will appear in the favors and refreshments. As usual, the programs will be original; the customary proving highly successful and offering an excellent originality.

The cast for the "Yokohama Maid" was chosen last week and regular re-hearals are now in progress under the direction of Mrs. M. J. Farrell. The production is the first of its kind ever given on the Connecticut stage and looks forward to a new issue in Co-Ed dramaties.

Candidates for the Co-Ed Week Prom staff are hard at work "tramping out" for the various positions. The assignments will be announced in the near future.

SCHOOL PROGRAMS FOR CLOSING EXERCISES

Class Day Senior Reception and Graduating Address Form Program for Two-Year Commencement.

School of Agriculture graduation exercises begin Friday, April 4, with the class day exercises in Hawley Armory. The program for class day will comprise the class history by Paul Tuchty; the class will be Walter Schmidt; the prophecy by Richard Gleisberg and the farewell address by President Dwight B. Downs.

Friday evening at eight o'clock the class reception will take place in the Armory. On Saturday morning at eleven o'clock President R. D. Hetzel of the University of New Hampshire will deliver the graduation address.

The class of 1924 is one of the largest classes ever graduated from the School.
OUTDOOR WORKOUT FOR
AGGIE BALL Tossers
TWENTY-NINE MEN REPORT

Four Letter Men form Nucleus of Team. — Captain to be Chosen in Near Future.—Seven Home Games and Eight Trips on Schedule.

Connecticut Aggie ball tossers began work in earnest Monday when for the first time this season, Coach Dole was able to have outside practice. Candidates have been at work in the cage the past week, but due to the soggy condition of the field it was impossible to hold any outside workouts until Monday.

As in football and basketball, Coach Dole is faced with the problem of building his team from green men. Graduation took six of last year's team, and Captain Makofski, of whom much was expected this year, withdrew from college. But four letter men remain as a nucleus around which the team may be built, and as the freshman rule is effective at the present time, the team will have to be recruited from the members of the three upper classes.

Twenty-nine men reported for the first outdoor workout, which consisted of light batting and throwing practice, to limber up the men. With less than two weeks before the opening game with Harvard, the squad will have a workout every day from now on, and it is expected that the team will rapidly take form within the next few days.

"MAMMY" LAUSCHER
Veteran Aggie Twirler

The Aggie twirling department received a severe blow last week, when Lautscher, one of the best bookends of the Nutmeg outfit, and a veteran of three seasons, was confined to the infirmary for an indefinite period. It is feared that his services may be lost to the team for the entire season. This would leave but five men, White, Wells, Dickens, Minnun and Spiro, to carry the pitching burden, and of the five, White is the only letter man.

The withdrawal from college of Captain-elect Makofski leaves the team without a captain at the present time, but according to Manager Platt, one will probably be elected in the near future, possibly before the first game with Harvard.

FROSH BALL SQUAD
IN ARMYRHY PRACTICE

Experienced Candidates Lacking for Twirling Position.—Large Number Report for Practice.

During the past week freshman baseball candidates have been working out during free periods in the Armory.Because of weather conditions outside practice will not be held until next week.

As yet no one with twirling experience has reported to Coach L. A. Alexander, and the present outlook is that this position will be the hardest one for the coach to fill. Both Kramer and Palmer are out for the position but are not experienced frosh men. Marion, Higgins and Morgan are candidates for the catcher's berth. Other men out for the squad are Scofield, Reynolds, Tiernan, Grey, D'Antonio, Yardley, Houdley, Bolden, Horwitz, Roberts, Lane, Daly, Flaxman, Baron, Higgins and Morgan ing, Peterson, Hopkins, Mullanig, Hebbron, Murphy, Kelly, Gauger, Way, Strauch, Reeves, Radinsky, Ajello, Holstein, Mernstein, Dunleavy, and Ryan.

At present there are but three letter men from last year's team working with the squad. "Kid" Brandings, who captained the team last year, will be available and in his old position at left field again this season. "Gramp" White will be ready to take his turn on the mound again and he may draw the Harvard game as his first assignment. "Billy" O'Brien will be available for short stop. Other candidates who have shown promise up to the present include Dickens, Wells, Spier and Minnun, pitchers; Ballock, Donahoe, Warde, Seymour, Girourd, and Gilbert, catchers; H. Abena, J. Abena, Eddy, Allard, Lawson, Purple and Swem, infielders; with Emigh, Radomski, Hill, Donovan, Moore, Saymon, Robinowicz, Littleworth and Marsh as outfielders. Emigh did not play last year, but is a letter man of two seasons ago.

The schedule of games as announced by Manager Platt, which contains seven home games and eight away, is as follows:

(Cont. on page 4 col. 2)

ALPHA GAMMA RHO WINS SEMI-FINALS
Defeats Phi Mu Delta in Two Out of Three Strings.—Finals with Alpha Phi Next Week.

Alpha Gamma Rho defeated Phi Mu Delta in the semi-final match in the interfraternity bowling tournament by the scores of 262-275, 265-267 and 274-259.

Phi Mu Delta won the first match by a small margin, but their opponents soon hit their stride and won the next two strings thus eliminating Phi Mu Delta from the tournament. The winners must now play the undefeated Alpha Phi team for final honors. The team representing the winners was composed of Nanfeldt, Holderidge and Littleworth. Flinsner, the individual star for the winners was ill and his place was taken by Nanfeldt who made a very good showing for a substitute chosen at the last minute. Holderidge was the high man of the evening with a score of 274.

The Mu Delta team consisted of Minnun, Poter, and Higgins and the matches were slow and uninteresting, neither team showing any great skill in downing the pins, but a large audience attended and applauded at every opportunity.

FIRST INTERCLASS SWIM
COMING MONDAY NIGHT

On next Monday night Connecticut will see its first interclass swimming meet in the Dunkin Pool. Owing to the lateness of the season there will be only one meet.

Each class will be allowed to enter as many participants as they wish. It is hoped that each class will be well represented. Those wishing to enter should give their names with the events in which they wish to engage, to Mr. Gayer before Monday night.

The freshmen have some good swimmers but the upperclassmen intend to furnish enough opposition to make the swim interesting.

The list of events will be placed on the bulletin board in Hawley Armory. The meet will get under way at eight o'clock.

1924 TRACK SCHEDULE
ANNOUNCED BY MANAGER
Middlebury Newcomer on Aggie Track
—Trinity Back on Schedule.—Two Home Meets.

Completion of the 1924 track schedule has been announced by Manager R. E. Wing. The schedule includes two meets at Storrs, two intercollegiate meets, and two dual meets at other colleges.

The dates are as follows: May 10—Eastern Intercollegiate Track Meet at Springfield; May 13—Middlebury College at Storrs; May 15—Rhode Island State at Kingston; May 20—Mass. Aggies at Amherst; May 26—New England Intercollegiate Meet at Boston; and May 31—Trinity at Storrs.

A new arrival on the Aggie track schedule is Middlebury; Trinity is back on the schedule after a year's absence.

Baseball Schedule
Apr. 7—Harvard at Cambridge
Apr. 12—Brown at Providence
Apr. 17—St. Stephens, Ammondale
Apr. 11—West Point, West Point
Apr. 24—Maine at Storrs
May 3—Wesleyan at Storrs
May 7—Tafts at Medford
May 10—Springfield at Storrs
May 14—Clark at Storrs
May 16—Mass. Aggie at Storrs
May 21—Trinity at Storrs
May 24—Rhode Island, Kingson
May 27—Mass. Aggie, Amberst
May 30—Springfield, Springfield
June 7—Rhode Island at Storrs

RALPH BRUNDAGE
Varsity Outfielder and Former Capt.

TWENTY CANDIDATES FOR FRESHMAN TRACK SQUAD

Coach Daly has twenty first year men out for the Freshman track team. The candidates have been working in the Armory for some time, and are fast rounding into shape. There is a considerable amount of good material among the yearlings, and "Steve" Daly is confident of putting out a well balanced team.

Arrangements are under way for meets with other college freshman teams, high school and prep school teams.

BASEBALL SCHEDULE
ANOTHER WIN FOR
AGGIE SEXTETTE

Co-eds Win Last Game of Season.—
Hartford Y. W. C. A. Bows to 25—
19 Score.

The last court game of the season,
which was played against the Hartford
Y. W. C. A. girls in Hartford,
ended with another victory for the
co-ed sextette. Due to the fact that
the team was considerably weakened
by the loss of Charlotte Wood as for­
ward, the opposing team led with a
score of 7—4 at the end of the first
quarter. Gaining an advantage in
the next quarter, the co-eds took the
offensive and held the upper end thru­
ducing a final score of 25—19. Lucille
Norton, who played left forward, de­
fated for Charlotte
M. Hall

"Bill" Groenwold, '21, was a recent
visitor on the Hill. At present he is
representing the James Manufacturing
Co., makers of barn equipment.

CHANGES AND ADDITIONS
MADE BY FOOTBALL
RULES COMMITTEE

Changes and additions to the
football rules made at the an­
nual meeting of the National
Football Rules Committee, in
brief, follow:

1—Abolition of all mua or artifi­
cial tees.

2—Advancement of the kick­
off from the 40 to the 30 yard line.

3—Decision to place the ball on
the 3-yard line instead of the
5-yard line for attempt to score
after touchdown.

4—Granting of power to refer­
eree to refuse to take time out
when delaying of game is ap­
parent.

5—Increase in penalty for
more than three times out in
each half from two to five yards.

6—Recommendation that gun
shall be fired at end of each quarter.

7—Clarification of rule against
on-side kick.

8—Warning to players form­
ing passive interference for
screen pass.

9—Provision for declining of
penalty when forward pass
touches ineligible player and is
recovered by eligible man.

10—General tendency toward
speeding up the play and encou­gagement of use of run or pass
to convert point after touch­
down.

SILVER CUP STIMULATES
RIVALRY IN CO-ED SPORT

Inter-class rivalry among the co­
eds for the silver cup offered annu­ally
by the Athletic Association appears
to be very keen at the present time.
This is the first year that a cup has
been offered to the girls for inter­
class meets. The sports required to
be played include basketball, bowling,
swimming, baseball and tennis. One
point is allotted for each win and is
counted toward possession of the cup.
The season of basketball has been
completed and bowling will be con­
cluded with the freshman-senior game.
Schedules for swimming, baseball
and tennis are being formulated by
the girls' athletic council, and will be
announced as soon as the last bowl­
ing match is completed.

“Best Paid Hard Work in the World”

Is the way a John Hancock salesman described
his work. He is a college graduate and in five
years has put himself at the very top of his
business. He never yet has called upon a pros­
pect without a previous appointment. The best life
insurance salesmen today work on that plan, making
it a business of dignity, such as any worthy and ambi­
tious college graduate can find satisfying to his mental
needs, and highly remunerative as well.
The man above quoted is the John Hancock’s
youngest general agent. This shows what college
graduates of the right type can do in this business,
how they can build up earning power and at the
same time provide for an accumulated competence
for the years to come.

Graduation is a vital period in your life and you are
liable to hold to the business you start in. It
would be well before making a definite decision to
inquire into life insurance as a career. Address,
"Agency Department."

GAMMA CHI EPSILON
The honor conferred upon eight men last Wednesday by Gamma Chi Epsilon is one of the greatest which may be gained by a man while at Connecticut. The privilege of wearing the key of the fraternity signifies that the wearer has distinguished himself from his class mates in that he has made the most of his college career and excelled in scholarship while doing his share in undergraduate activities.

Scholarship alone does not make a man eligible for the fraternity, nor do activities when college grades are low. Both are essential and are significant of a well-rounded college life. The honor is one, which is conferred upon few Connecticut men, is one well worth obtaining. Too many have learned from this lesson. It is for you to profit by their mistakes by starting now to make yourself of the caliber from which Gamma Chi Epsilon chooses its members. You will benefit by so doing and the reputation of the college will also be enhanced.

AGAIN—THE NUTMEG
Some two weeks ago the Nutmeg started a drive for subscriptions. The success of this drive may readily be seen when the fact is made known that not half of the student body has subscribed to the annual.

The lack of cooperation between the student body and the 1923 Nutmeg was apparent last Saturday night.

AGGIE DEBATEERS TO MEET SPRINGFIELD
Forensic Clash at Storrs Early in April.—Connecticut Team Chosen.

A team representing the Springfield College Debating Society will clash with a team defending the local club at Howley Armory during the last week of April or the first part of May. Connecticut will present the negative side of the following question: "Resolved, that the United States enter the World Court according to the Hughes Resolution."

Manager L. A. Loeb, '26, has announced that the following lineup will debate for Connecticut: John 'Pete'y' Balock, '25, Malcolm I. Stephenson, '27, and Louis S. Mintz, '27. The alternate member will be chosen later.

Springfield is expected to present a strong team as they have been hard at work for some time in preparation. Recent dope from the rival camp is that by an elimination plan, they now have six or eight men remaining, and from these the team will be chosen.

The Aggie aggregation is hard at work, and with "Pete'y" Balock in the lineup, Connecticut supporters believe that they should repeat their victory of last year.

FINAL CUTS IN GLEE CLUB LEAVE SIXTEEN

Final cuts in the personnel of the Men's Glee Club were made last week, leaving sixteen men and an accompanist who will constitute the club for this year.

About twenty-five men tried out for the Club when the first call for candidates was made earlier in the year, and the process of elimination has taken place since that time until the final cuts were made last week. Those who will form the Club are Laboucher, Wing, Holckles, Burgess, Baldwin, Devingramen, D'Espou, Weiss, Warrek, Tisbaut, Ahern, Hitchcock, Wegner, Saxe, Higgins and Young, with Reynolds as accompanist and Mr. F. W. Sweet as director.

When a play was given to clear the debt incurred by that publication. Obviously this procedure cannot go on from year to year. There must be a halt called some time and that time should be RIGHT NOW!!

Why not put the 1924 year book on a sound financial basis by subscribing now to assure the editors that the student body is back of the work, not only with praise, but with money as well.

Edison Lamp Works at Harrison, New Jersey, Visited by Conn. Engineers on Recent Inspection Trip

PROF. H. A. SECKERSON WRITES AGGIE SONG
New Production First Heard at "Satires of 1924"—Tune is Popular Opera Song.

With the closing of the "Satires of 1924," the play given by the "Storrs Hall Theatre Guild" for the benefit of the 1923 Nutmeg, a new song which should become very popular among the Aggie students, was introduced. The song was written by Professor Howard A. Seckerison, head of the English Department at this institution. The song is written to the tune "Prince of Pilsen," the drinking song from the opera "Heidelberg."

Hail to the flag that thrills our hearts
With love that is strong and true;
Fair as the light in our banner bright
In her colors white and blue.
Long may it wave whether winter
Or Summer be bright and gay,
O'er the stately walls of our dear old home
The shrine of our hearts for aye.

Chorus:
We'll fling our banners to the breeze,
And loud our voices raise,
Until the echoes ring again
With Alma Mater's praise;
We'll pledge her love and loyalty
And proud we'll ever be
Her name to bear, her emblem wear
Of truth and purity.

The years will come and the years will go,
And many a care they'll bring;
But we'll never forget the college days
And the songs that we used to sing.
0 Alma Mater, long be thy life,
And many thy children true;
And great be the fame of thy peerless name
And thy banner of white and blue.

SOOTCH PLAYERS HERE TUESDAY, APRIL 1

The Cotter's Saturday Night" to be Staged.—Musical and Dramatic Production.

"The Cotter's Saturday Night," a musical and dramatic production by six of the leading Scotch singers in the East will be given in Howley Armory, on Tuesday evening, April 1. The sketch closely follows the poem of Robert Burns in theme as well as in setting. It is full of short Scotch humor and has combined with it vocal and instrumental selections. The scene takes place in the kitchen of the Cotter's home during the period of 1790.

The college has recently had an addition to its livestock of a black filthy colt. The colt, sired by Dragon, is from Favorite Lady, a purebred, prize winning Percheron mare owned by the college.

NEW COLLEGE CATALOG IS NEARLY COMPLETION

Proofs for the new edition of the college catalogue have been read and the catalogue is expected on the Hill in two or three weeks, according to information obtained from the office of the secretary. The general plan of the catalogue is similar to the last issue. Changes in courses and a few new courses will be announced in the new edition. A Rockville concern is doing the work of printing.

The work of shearing the college flock has been started by the shepherd, "Joe Pritchard."
LIFE saving methods demonstrated in pool

FANCY DIVING EXHIBITED

Capt. Bryant Under Red Cross and War Department Visits C. A. C.,

Shows Efficient Handling of Drowning Persons.

Captain Carroll Bryant of the American Red Cross Life Saving Corps gave an exhibition of life saving and fancy diving on Thursday evening in Dunham Pool. Captain Bryant, formerly of Springfield College, then coach of swimming and track at Crosby High School, is one of ten men giving life-saving instructions and demonstrations for the Red Cross at the request of the War Department of the United States. The object of the movement, which was organized ten years ago under Commodore Longfellow of the U. S. Navy, is to deal with water-front problems by finding efficient methods of lifesaving and exploding old fallacies.

Captain Bryant, in his demonstration, went through all movements with explanations on the edge of the pool; then performed them on men in the water. He showed three methods of approach to a drowning person, namely the surface approaches from the front and rear and the under-water approach from a surface dive. Next he demonstrated three methods of towing a person in the water, by one arm across the chest, by holding the head under the chin, and by holding the hair. Breaks for the so called death holds, ways to assist a tired swimmer, and the Shaffer method of artificial respiration were explained and demonstrated. In his remarks the Captain stated that if a person cannot swim good enough for two he had better not go after a drowning person because, though he himself may be a good swimmer, he may not know how to handle the distressed one, and put himself in danger, or make two drownings where only one is necessary. After the demonstration, there was an exhibition of fancy diving by Capt. Bryant and the students assisting him, who were S. Squires, J. Breitweiser, C. Clark and D. Young.

First Fling: “Been on a hike?”
Second Fling: “No, on a tram.” Ex.

Fresh: “Professor, why is there so much electricity in my hair?”
Prof.: “That is because it is attached to a dry cell.”

BEWARE OF STRANGERS

It was during an informal dance at the summer hotel.

Mr. Fauxpas, who was on the lookout, turned to the stranger by his side and asked:

“Who is that disagreeable-looking old girl with the piano?”

“Why, that’s my sister.”

“Pardon me, I mean the one next to her.”

“Oh, that’s my wife.”

Submitted by J. B. FULLERTON CO.
Assignments to positions on the editorial and repertory staff for the co-ed issue of the Campus were completed by the Campus judiciary board. Those appointed to positions for the special issue are:

Editor-in-Chief—Hazal Pierpoint
Managing Editor—Irene Cook
Associate Editor—Phyllis Smith
News Editors
Pauline Graf, Dorothy Stelkenwerf
Reporters
Christine McMenemy, Margaret Hutton, Dorothy Hughes, Mildred Brockett, Sally Croll, Frances Hopkins.

Now comes the season of baseball and broken windows.

"What's the use of it?"

Michael Faraday saw the real beginning of the age of electricity nearly a century ago when he thrust a bar magnet into a coil of wire connected with a galvanometer and made the needle swing.

Gladstone, watching Faraday at work in his laboratory, asked, "What's the use of it?" The experimenter jestingly replied, "There is every probability that you will soon be able to tax it." The world-wide use of electricity that has followed the Faraday discovery abundantly justifies the retort to Gladstone.

Faraday's theory of lines of force is constantly applied in the Research Laboratories of the General Electric Company in devising new electrical apparatus of which Faraday never dreamed. Every generator and motor is an elaboration of the simple instruments with which he first discovered and explained induction.
AG CLUB HEARS TALK ON FRUIT PRODUCTION

MASS. AGGIE MAN SPEAKS

Enumerates Points in Successful Fruit Growing.—Speaker is Manager of Large Connecticut Fruit Farm.

Harold M. Rogers of Southington, addressed the Ag Club on the subject, "Success in Practical Fruit Growing," Thursday evening in Main 7. The speaker is a graduate of Mass. Aggie in the class of 1915.

Mr. Rogers based his talk mostly on his experiences, stressing the points leading to successful fruit growing. The points which he enumerated as leading to successful fruit growing were as follows: efficiency, economy and wise planning were the first essentials. The major group included accounting, the choosing of a good location for a farm, the necessity of having plenty of capital before starting to run a farm, the improvement of the farm yearly, and the developing of one's ability in honest salesmanship.

The Lake View Farm of which Mr. Rogers is a manager grows 15,000 fruit trees. Mr. Roger stated that cattle were raised on the farm, but due to the small returns, the proposition was abandoned. Placing the right man on the job, cutting out everything from the farm which is unprofitable, giving his men enough vacation, and experimenting, were the practical ideals of the speaker.

Before concluding, Mr. Rogers referred to the need of having academic courses in college, courses which will make men specialists in their own fields. The speaker mentioned the fact that, "The returns one gets from agriculture are not great financially, but instead, health, happiness, and beautiful surroundings are greater returns." "Success," according to Mr. Rogers' definition is, "He who is happy has attained success."

In concluding, the speaker spent a few minutes in comparing the condition of the farmers in the west with those of Connecticut, also stating his opinion that the best section in the world for fruit growing is in southern New England. "A college graduate must be a leader, but he must not expect large returns in the beginning," said the speaker. A few witty remarks made the evening more than educational.

Give the Varsity nine and the track squad encouragement at practice by watching from the side lines. Applaud a good play or a good finish.

Henry H. D. Boaz, '22, has recently been placed in charge of a large dairy of fifty cows on the Chopboard Farm at New Canaan, of which an alumnus, E. L. Thompson, is manager.

FACULTY CLUB HOLDS ANNUAL LADIES' NIGHT

A formal picture hanging was the feature in the entertainment at the annual Faculty Club Ladies' Night held in the Armory last Tuesday evening, Dr. E. W. Simont, Professor C. A. Wheeler and Lieut. G. H. Passmore conducted the ceremony, each giving an interesting talk on one of the paintings. Two of the three pictures, "Capri" and "Autumn," were gifts of Lieut. G. H. Passmore; the third picture, "Peace" was purchased by the Club.

Music for dancing was furnished by the freshmen orchestra, and card games added to the evening's entertainment. Refreshments in the form of ice cream and cake were served at the close of the evening.

Strangers of the Night," a Fred Niblo production of Walter Hackett's successful stage play, "Captain Apple Jack," will be shown in moving pictures on Saturday evening. The romantic adventure in the story is provided by the complicated plot which revolves around an old sea story. Louis B. Mayer's all star cast appears in the picture.

He Reached the Top

The Vice-President of a great life insurance company who began his career as an agent has this to say to seniors who are about to graduate from college:

"If you love work and desire to pursue an honorable, useful and lucrative mission in life this is the business for you to take up. Life insurance salesmanship offers a fine field for the energies of the splendid young men in our colleges. "That this is true is demonstrated by college men who have taken up life insurance for they have shown that the college man is fit for this kind of a job and that the job also is fit for the college man. "The work of the life insurance salesman is distinguished by independence and opportunity for directing his own. It gives all possible opportunity for individual initiative and a chance to make an ample income at an age when most fellows are struggling on a wage pittance."

That is the story of one who began at the bottom and reached the top without the help of a college education. The advantages are with you who graduate from college. Before deciding your career make inquiries of the "Agency Department."

A. I. WEINSTEIN ELECTED TO SIGMA XI

Gains Distinction at University of Wisconsin.—Prominent in Aggie Activities While on the Hill.

News has recently reached the Hill that Arthur I. Weinstein, former Aggie student and instructor, has been elected to Sigma Xi, the honorary national science society. Elections to this society are made from graduate students and staff members only.

"Art" at present is at the University of Wisconsin doing graduate work and acting as instructor in Botany. During his four years at Connecticut he was very prominent in student activities and held many offices, including the presidency of Gamma Chi Epsilon, president of the Student Organization and Student Senate. Weinstein while on the Hill achieved the distinction of obtaining both his B.S. and M.S. degrees in his senior year, an accomplishment never before attained at Connecticut.

AT OTHER COLLEGES

Oxford University has recently practiced a new theory of emphasizing the development of the individual. Students are not required to attend lectures or classes, their standing in college is based on their final examinations in their senior year.

The Hon. Henry C. Wallace, Secretary of Agriculture on President Coolidge’s cabinet, addressed the students of Rhode Island State College at a special assembly.

The large, new building to house the medical school at Western Reserve University is nearing completion.

Eleven members of the senior class at Colby College were recently initiated into Phi Beta Kappa.

An intercollegiate debating tournament has been inaugurated at the University of New Hampshire.

Federal Board students at the Georgia School of Technology have started their own paper which will be called the "Rehab Shrapnel."

The student body at Johns Hopkins University recently began a campaign to raise $6,000, the sum necessary to finance spring sports.

Several co-eds at the University of Maine have taken upon themselves the task of walking eighty miles in two months as a means of gaining points towards their numerals.

Eucenie: “I understand that Florence is seeking a divorce.”

Meenie: “Yes she says that she has been hugging a delusion.”

GET THE HABIT OF BUYING YOUR OWN.

The opportunity of a life-time to lay in a stock of “cigarettes of the better quality” by taking advantage of the big sale on Fatimas. During the coming week this distinctive brand of smokes will be offered for sale at the remarkable price of fifteen cents per deck, or a saving of twenty-five per cent.

Two cases are available at this figure so come early to get in on this buy.

The winter has been a hard one on fountain pens and many appear to be among the missing from the signs on the bulletin boards. Lost pens are never found, so drop your hopes in that direction and visit the College Store during the coming week where Parker, Waterman and Moore pens may be obtained at a reduction of twenty cents on the dollar for all styles and sizes.

Prof: “What is velocity?”

John Apiculture: “Velocity is what a fellow lets a bee with.”—Ex.

Weiss: “Say Richie, they tell me that you are in love again.”

Richie: “Not me. I loved a girl once and she made a fool out of me.”

Weiss: “Some girls do leave a lasting impression, don’t they?”

(Cont. from page 1 col. 1)

"Hiram," took various standard subjects for satire and played them for what they were worth. "Duke" Longo with his, "Hey, Roy, where’s the ‘terrin’?" and "Cooky" Reeves with his "Swingin’" (Go! But these foreign languages IS hard," contributed their characteristic roles with vim. "Billy" O’Brien sang "Aready," with his usual skill. The big "nature" of the evening, however, was delicately portrayed by Robert Lacey as Professor Sweet Pickle. The act ended with a new Connecticut flag song by the whole company.

The music was furnished by the Freshman Orchestra. Bernard Sussman acted as companionist. The stage managers were A. Tretto and R. E. Boveridge.

Trips are being planned by State College Players for after toasts to Willimantic, Lebanon, North Haven, Torrington, Central Village, Somers, Guilford and Pomfret.

After an unusually busy season of producing plays, they have been on a vacation from acting for the past two weeks.
