"THE GHOST STORY" IS TARKINGTON AT HIS BEST
DANCING AFTER PLAYS
To be "All Junior" Cast.—Irene Cooke and Russell White Take Leads.—"The Finger of God" to Conclude Evening's Program as Representing State College Players.

The rehearsals of Booth Tarkington's "The Ghost Story," the Junior play, show considerable improvement and it is felt that the play will be admirably presented. The leading parts will be taken by Miss Irene Cooke and Russell White. Both parts are wholly within their scope so that their interpretations are exceptionally natural and effective. "Bill" Hutton and Oscar D'Esopo also lend atmosphere to this clever play by their humorous dialogue.

"The Finger of God" by Percival Wilde, will also be presented by the State College Players in conjunction with the Junior play. "The Finger of God" is a serious one act play but will be thoroughly enjoyed because of its excellent dramatic quality and presentation. The casts for the two plays are as follows:

"The Ghost Story"
Anna ............ Irene Cooke
George ........... "Ruddy" White
Grace ............ "Kay" Manchester
Lennie .......... Cora Lavallee
Mary ............ Pauline Gray
Tom ............ George Warek
Fred ........... Paul McCarron
Floyd .......... "Bill" Hutton
Lynn ............ Oscar D'Esopo

"The Finger of God"
Strickland ....... Milton Moore
A Girl ........... Phyllis Smith
Benson, a valet .... Russell White
The play is scheduled to start at 8:15 in Hawley Armory. Admission will be seventy-five cents. Following the plays there will be dancing until 12:00. Music will be furnished by Sullivan's Palmer Gaiine Orchestra.

STUDENT ORGANIZATION DISCUSSES ASSESSMENT
At a meeting of the Student Organization held Friday night, President Russell A. Palen read a suggestion to the effect that the entire student body be assessed two dollars at the beginning of the first semester in order to cover deficits of the non-self-supporting activities. President Palen also spoke on the matter of the Connecticut Day program and Clements Diemond urged the student body to strain every effort to put the "Nutmeg" over the top.

CONNECTICUT IN GALA MOOD AS JUNIOR WEEK OPENS
WITH PROGRAM OF SPORTS, BANQUET AND DANCING
JUNIOR PROM TONIGHT
MUSIC BY PALAIS ROYAL ORCHESTRA OF HARTFORD
Many Visitors Will Attend Most Colorful Event in Weeks Activities.—Nineteen Numbers Furnished on Dance Program.

The Junior Promenade, the most colorful event of the entire college year, will take place in Hawley Armory tonight as the outstanding feature of the Junior Week program. Music will be furnished by John Cavallo's nine-piece Palais Royal Orchestra from Hartford. From eight until eight-thirty the orchestra will give a concert. Promptly at eight-thirty the Promenade will begin, led by Maxon A. Eddy with Miss Priscilla Swan of Hartford. Beginning at eight-forty five dancing will start and continue until two o'clock. Eighteen numbers and one extra are on the program. All the numbers are fox trots with the exception of the Good Night Waltz. Five of the fox trots are moonlight numbers.

The college colors of blue and white will furnish the overhead decorations, while from the center will hang a large basket of electric lights. Around the edge of the Armory the fraternity boxes with their multi-colored decorations will serve as a background for the moving color of the dancers. Oscar D'Esopo will be served during the intermission between the eighth and ninth dances. A new scheme is in force this year through which each fraternity will furnish two freshmen to act as waiters for its box. The patrons and patronesses on the Cont. on page 4 col. 4

CLASS OF 1925 IS HOST TO COLLEGE

Canes, White Flannels, Swagger Sticks, and Class Colors of Purple and Gold Prominent

Junior Promenade Takes Place in Armory Tonight.—Druids Will Make First Public Appearance.—Nutmegs to Be Distributed Tomorrow.—Tree Planting, Tea Dance, and Junior Class Play Mark Closing Events in Week's Activities.

The Class of 1925 holds sway. Junior Week, with its connotation of gayety and pleasure, of classes and studies forgotten, is theirs. The week when Connecticut displays herself in her best to the visitors and friends who attend this outstanding social event of the college year; the week when the colors of college and class vie with the green, and when the college colors are gone, there are the pink and white of advancing spring to furnish a setting in keeping with the occasion; the week when the joy of music and the dance reigns on the Hill, is theirs to be proud of and to linger long in memory.

Beginning with the game yesterday afternoon when Connecticut met Clark University on Gardner Dow Field, the class colors of purple and gold had been much in prominence. In keeping with tradition, the class formally opened the Week by presenting the baseball captain with a large floral horseshoe, symbolic of good luck for that game and for the Week. With the men wearing white flannels, blue coats, and carrying their canes, and the women dressed in yellow dresses trimmed with purple, and carrying their swagger sticks, the class marched in a double line from the Armory, past Dr. E. W. White and Hazel Clark, president and secretary, respectively, of the class. Miss Clark made the presentation and Capt. W. W. White received the floral tribute for the team.

After the horseshoe had been presented, the class marched to the grandstand and witnessed the game in a body.

In the College Dining Hall at eight o'clock last night the seniors sat down as the guests of the juniors to the Junior-Senior banquet.

Professor A. W. Manchester, junior class faculty advisor, acted as toastmaster for the occasion. President R. S. White, '25, welcomed the senior guests, and President Ronald Barningood responded for the class of 1924. On the speakers program was Dr. H. K. Denlinger, who responded as faculty advisor for the seniors. Among other speakers were Dr. E. W. Sinnott, and Walter Stevenson. Music was furnished by the College Orchestra. Bouquets of flowers on the table furnished the decorations for the banquet.

This morning on Gardner Dow Field the three companies of Connecticut's R. O. T. C. battalion competed in drill for possession of the Armory Cup. Another silver loving cup was presented to the platoon that excelled in platoon drill, while a medal was awarded the squad leader who best handled his squad in squad movement. In addition, a baker's dozen of freshmen whose marks and drill work placed them at the head of the class competed for the medal offered the individual for excellence in the manual of arms and movements in the school of the soldier. Two officers from the Rhode Island State College R. O. T. C. unit acted as judges.

On Gardner Dow Field this afternoon Connecticut is meeting Mass. Aggie in the second baseball game of Junior Week.

Tonight in Hawley Armory comes the gala event of the entire week's program, the Junior Promenade. Scheduled to begin promptly at eight o'clock, John Cavallo and his Palais Royal Orchestra of nine pieces will
W. W. WHITE ELECTED BASEBALL CAPTAIN

Elective Held to Fill Vacancy Caused by Captain-Elect Makofski's Failure to Return to College.—White a Veteran of 1923 Nine.

Webster W. White, of Jonestown, Me., was elected captain of the 1924 baseball team to fill the vacancy caused by the withdrawal from college of Captain-elect Makofski. White, who transferred from the University of Maine last year, is a veteran of last year’s team, a good pitcher, fast fielder and one of the best hitters on the squad. He has been playing regularly this year, alternating between right field and pitch. Captain White is active in football as well as baseball, being on the varsity squad last season. He is a member of the Eta Lambda Sigma Fraternity.

SPRINGFIELD WINS INTERCOLLEGIATE MEET

CONN. PLACES FIFTH

Capt. Johnson Wins High Hurdles.—

Jacoby Takes Two Mile Run for Second Time in Two Years.—New Record Made in Discus and Javelin Throw.

Connecticut made a very good showing at the Eastern Intercollegiate A. A. track meet which was won by Springfield, at Springfield last Saturday, capturing two first places, a second, and one fourth. Captain Johnson won the high hurdles after getting away fast. His time of 16.9 seconds was very good considering the condition of the track. Squires tied for second place in the running high jump doing 5 ft. 7 in. In jumping for the medal he did 5 ft. 8 in. the same height as the winner. “Jake” was another point getter for the Aggies, taking the two mile from a large field, among them Eldridge of Springfield, who holds the record on that track, his time being 10:2 3-4. Jacoby won this race after the prettiest run of the day. After trailing Eldridge for six laps on the 1-4 mile track, he caught up to him on the seventh and lead the last lap, crossing the tape fifty feet ahead of Eldridge, his nearest opponent. Quigley was the other Connecticut point getter, placing fourth in the 229-yard dash. This was very well as the men entered last Saturday were all fast, Oosting of Springfield holding the Eastern Intercollegiate record.

Every Blue and White man qualified in the trial events, thereby having a chance in the finals.

Brooks of Northeastern broke two Eastern Intercollegiate records by throwing the discus 120 ft. 11 in. and the javelin 154 ft. 11 in.

The scores in order were: Springfield 83 1-2, Northeastern 36, Mass. 17, Conn. 11-1-2, Const. Aggies 13, Rensselaer Polytechnic 4, Trinity 3.

Boston College, for four consecutive years winner of the annual meet did not enter this year and Holy Cross was also out of the event.

AGGIES LOSE FIRST MEET AT KINGSTON

JACOBY FIRST IN MILE

Capt. Johnson Leads in Low Hurdle Event.— Hankwitz Makes Good Time in Quarter-mile.—Meet Provides Thrills for Spectators.

Coach Daly's protests failed in their attempt to duplicate last year's victory over Rhode Island at Kingston, on Wednesday afternoon, when the Blue and White track men lost by the score of 62—72.

Jacoby furnished the sensation of the meet, when he won the mile run from Swang with a five yard lead. "Jake" toyed with his opponent from the start, and after following Swang for the greater share of the race, sprinted ahead to the lead, which he maintained to the finish. In the two mile run, however, he was forced to take second place but only after he had made a brilliant sprint to gain the lead.

Capt. Johnson also provided the "Rhody" men with a snappy lead as he flashed across the tape, the winner in the 220 low hurdles. In the 120 yard high hurdles Johnson was disqualified.

Brooksett, Hankwitz and Quigley, for the Aggies and Hudson and Tower for the Rhode Island team, only helped to swell their team's score, but added to the events in which they were entered.

The events were as follows:

100 yd dash—Quigley, 1st; Tower (R.I.) 2nd; Hudson (R.I.) 3rd. Time 10 4-5 sec.

220 yd dash—Quigley and Tower tied for 1st place, Kane 2nd. Time 23 4-5 sec

440 yd dash—Hankwitz 1st; Brink 2nd, Cruickshank 3rd. Time 53 4-5 sec.

1 mile—Brooksett 1st, Squires (R.I.) 2nd, Bring 3rd. Time 2 min 53 4-5 sec.

2 mile—Swang 1st, Jacoby 2nd, Stocking 3rd. Time 10 min 34 3-5.

120 high hurdles—Hudson (R.I. 1st, Hall (R.I.) 2nd.

220 low hurdles—Johnson 1st, Hudson 2nd, Tower 3rd. Time 27 4-5 sec.

Shot put—Giffer (R.I.) 1st, Longo 2d, Wardle 3rd. Dis. 36 ft. 3-4 in.

Hammer—Perry (R.I.) and Bitgood tied for 1st, Wardle 2nd. Dis. 87 ft. 9 in.

Discus—Lawton (R.I.) 1st, Bitgood 2nd, Hudson 3rd. Dis. 112 ft. 5 in.

High jump—Squires 1st, Hall and Gifford tied for 2nd. 6 ft. 6 in.

Broad jump—Hall 1st, Johnson 2nd, Bitgood 3rd. Dis. 19 1-2 ft.

Pole vault—Haslam (R.I.) 1st, Tower 2nd, Terriss 3rd. 10 ft. 6 in.

CLARK DEFEATS CONNECTICUT 8-1

RAGGED GAME

Worcester Outfit Takes Full Advantage of Aggies Mishaps.—Many Errors.—Aggies Out-hit Clark but Fail to Connect in Pinches.

In a rugged exhibition of baseball, the Aggies went down to defeat before Clark University nine yesterday, by a score of 8—1. Nanford, on the mound for Connecticut, allowed the Clark batmen only four hits in the seven innings he pitched but poor fielding and wild throws gave the Worcester outfit enough runs to win the game by a wide margin.

The game got under way immediately after the Junior Class Parade, and the presentation of the floral horsehoe to Capt. White, and for the first two innings it looked as though the horsehoe was going to count for something.

The Aggies, although collecting 7 hits off Anderson, were unable to connect when they were most needed. In the fifth inning there were three men left on the bags when the aide was retired and in the sixth there were two.

Wells replaced Nanford in the middle of the eighth inning, striking out three of the six men who faced him for the remainder of the game.

Lautbecher, a veteran of past sessions, was on the mound yesterday for the first time this year. Recent sickness has prevented his playing up to this time.

Student: "But, darling, don't you want to marry a man who is economical?"

Co-ed: "I suppose so but it's awful hard being engaged to one."

RAIN POSTPONES PLANS
FOR CONNECTICUT DAY

COMING NEXT TUESDAY

Original Plans Not Changed.—Per-
sonnel of Each Gang Posted in Main
Building. — Meeting of Foremen
Soon.

Continued rainy weather which left
the ground in such a condition that it
could not be worked caused the post-
ponement of Connecticut Day from
last Tuesday until next Tuesday, May
20. Official announcement of the
change was made public Monday.

The plans as originally outlined by
the faculty committee and the Student
Senate have not been changed. Two
large gangs will work on the two new
athletic fields, and each of these gangs
has been divided into smaller groups
with a definite job for each group.

Two seniors have been named as gen-
eral foremen for each job, while each
smaller group will also be in charge
of a senior foreman. The preliminary
work of plowing has already been
done on the new field in front of the
Valentine House. It is planned to
have some of the preliminary work
on the other field completed before
next Tuesday.

As originally planned, there will be
no outdoor supper on the athletic field
Tuesday evening after the day’s work
is completed. The men who work in
the dining hall will be relieved of their
duties by the co-eds both at noon and
again at night. Similar to the cus-
tom of previous Connecticut Days, the
co-eds will serve doughnuts during the
day to the men on jobs.

The personnel of each gang has
been posted on the bulletin board in
the Main Building since last Monday
so that each man knows where he
will work. The foremen of the vari-
ous groups are as follows: General
foremen on new athletic field, Metzger
and Cronin, T.; removing stumps,
Bremness; plowing, Emigh; stone re-
moval, Keeler; removing small trees,
O’Neil and Lawson; cutting trees, J. J.
Clark; digging the drainage ditch,
Dickens in charge with Castiglione,
E. Eddy and Domahue as his assist-
ants.

The general foremen in charge of
the new field in front of the Valentine
House are Baldwin and Purple. The
foremen in charge of the smaller
gangs are: first gang, L. B. Parker;
second gang, Kenneth; third gang,
Wing; fourth gang, Hotchkiss; and
fifth gang, Post. Leon Kaplan will di-
rect the gang in charge of tools and
equipment. The work of dynamiting
stones and stumps will be under the
direction of F. W. Knipe.

President R. A. Paulen of the Stu-
dent Senate, who is in charge of both
large gangs, will call a meeting of the
foremen before next Tuesday and
give final instructions to each man.

Whatever your “Choice of a Career,” college training has increased
your economic value, and whatever business or profession you enter,
adequate life insurance is a proper self-appraisal of your powers in that
direction.

The traditions, practices, and financial strength of the JOHN HANCOCK
Mutual Life Insurance Company are such that a college man can take
especial pride in having a John Hancock policy on his life. It is also
a distinct asset from the start. It will pay you to buy it; and later on,
should you think of joining the field corps of this company, it will also
pay you to sell John Hancock policies. Our representatives will tell you

THE NEW REGIME

We take this opportunity to outline the policy of the 1924-25 Campus Board. Our policy will not differ from the policy of the Board except that we wish to emphasize and develop certain ideals of college life. We rely on the student body to actively help us in the promotion of these ideals, in this way we hope to make the paper a bigger leader of college spirit, a more insistent agitator for cooperation and a true mirror of college thought.

1. Fairness.
2. A better organized schedule of college activities.
3. The discouragement of false rumors on college affairs.
4. The investigation of current criticisms.
5. A campaign for more and better songs.
6. A firmer hand with freshmen.
7. Better education of freshmen on college traditions, etc.
8. Better relations between co-eds and male students.
10. More cooperation and a better understanding between faculty and student body.
11. A proper treatment for the chronic "razer" and "ultra-criticizer."

A REAL MEMBEOH

Almost every student in the college has a memboy or is collecting various keepakes of college life. Has anyone ever thought of the "Lumboy" as a memboy? Not only is it a memboy, but the only absolutely complete and artistic account of a college year any one student or group possibly can.

Everyone really wants a "Nutmeg" any one, it is hoped, expects to buy a Nutmeg at some time or another but every year the board has to pass through a nerve-straining period before the delinquent ones respond. Everyone should make a special effort to subscribe immediately.

A NEW INSIGNIA SIGNIFIES

At the A. M. meeting last week the girls secured the much coveted insignia for basketball. It is an Old English "C" which is beyond dispute a more pleasing decoration than the one it replaced. In other words, it is an improvement over the old letter and, if we interpret correctly, we have improved girls' basketball team. Next year, however, we will definitely observe this improvement and it is ardently hoped that the new letter will not grace a mediocre squad.

THE GALA WEEK

Junior Week stands out with most prominence among the many social events that occur at Connecticut during the college year. For the week a new classroom and the worries of study are momentarily laid aside for the joy and pleasure of this gala occasion. It is primarily the junior's week because their planning and effort made it possible. But it is for the college to enjoy.

Junior Week is more than an event; it has become a tradition... It is the one time during the year when paining efforts make the college appear its very best. Connecticut men and women take pride in their rich heritage and in their college to the Week's visitors, in giving them an inkling into the life and spirit here on the Hill. It is a week when old friendships are renewed and new ones made. When the bustle and hustle of the Week is over and the seemingly endless round of dances has finally run its course, there will remain memories that will linger a long while; memories that will add to the joy of retrospection.

R. O. T. C. COMPANIES IN AMORY CUP COMPETITION

Another Cup and Medal Awarded the Best Platoon and Individual Soldier - War Maneuvers Demonstrated.

The Reserve Officers Training Corps will complete the year's work with the annual competition drill on Gardner Dow Field Friday morning. Captain Cram has secured several prominent army officers to act as judges and to award the cups and medals. As usual, the Amory cup will be awarded to the winning Platoon of the company. The freshman cup has been secured this year and will be competed for by the platoons of the sophomore company. The freshman cup will be competed for a medal that will be awarded on the basis of personal appearance, conditions of equipment, and the School of the Soldier. Captain Cram has selecteddział F Company as "A" Company, Hitchcock of "B" Company and Griffin of "C" Company to strive for the medal which is to be given to the squad leader who will be graded on the basis of personal precision, commands, ability as instructor, and correctness.

give a concert until eight-thirty. At that time the Promenade will begin and dancing will start at eight forty-five. The program of eighteen numbers and one extra will continue until two o'clock.

One of the features of the Prom will be the appearance of the Druids, the senior secret society, whose members will reveal their identity for the first time this year by the red ribbon worn diagonally across the body. Sometime during the evening, unobserved by anyone, the seven senior Druids will "tap" the seven juniors who have been chosen to receive this honor, one of the highest that can be given a Connecticut man.

Tomorrow morning at ten o'clock the 1925 Nutmeg will be distributed in the Armory. At ten-thirty the junior class will hold its tree adoption and college sing in front of Holcomb Hall. President White will speak, as also will Oscar D'Esopo, junior class historian. A maple tree in front of Holcomb Hall will be formally adopted as the class tree. The women members of the class will entertain at a tea dance in the Armory tomorrow afternoon from one-thirty until five-thirty. Cavallaro's nine piece orchestra will furnish the music for dancing. A concert will be given from one-thirty until two, with dancing from two until five-thirty. Refreshments will be served by the junior girls and the senior girls will pour. The Armory will be decorated in the class colors.

The concluding event of Junior Week will be the class play, "The Ghost Story" by Booth Tarkington, presented by a cast from the junior class in the Armory tomorrow evening at eight o'clock. The play will be followed by dancing until eleven-thirty to music furnished by Sullivan's Imperial Casino Orchestra of five pieces.

In charge of the entire Junior Week program is the executive committee consisting of John W. Goodrich, chairman, Miss Catharine Manchester, Maxon A. Eddy, Oscar D'Esopo, Raymond M. Keeler, George R. Warreck, Carl W. Schmitz and Theodore Hilton.

Mr. G. S. Torrey is planning an extensive trip for his class in plant classification. A party of about ten will spend a week or ten days in the White Mountains, chiefly on Mount Washington, for the purpose of studying and collecting mountain plants. They have had instruction in collecting, mounting and filing plants, and some will start herbariums of their own. The trip was planned for the latter part of June, but will be postponed until the Appalachian huts are opened.

He first made water from gases

Henry Cavendish, an eccentric millionaire recluse, who devoted his life to research, was the discoverer of the H and the O in H2O. In fact he first told the Royal Society of the existence of hydrogen.

He found what water was by making it himself, and so became one of the first of the synthetic chemists.

Cavendish concluded that the atmosphere contained elements then unknown. His conclusion has been verified by the discovery of argon and other gases.

The Research Laboratories of the General Electric Company have found a use for argon in developing lamps hundreds of times brighter than the guttering candles which lighted Cavendish's laboratory.

ART COLLECTION AS  
MRS. BEACH MEMORIAL

PRESENTED TO COLLEGE

Three Oil Paintings Form Nucleus of  
Collection.—To be housed in Hol- 
comb Hall for the Present.

There have recently been hung in  
the small reception room at Holcomb  
Hall three oil paintings, presented  
to the College by President Beach  
in memory of Mrs. Beach.

The three pictures are all land- 
scapes. “Rockport Harbor” is a ma-

rine by Miss Edith Stevens of Hart-
ford, a graduate of the Hartford Art  
School who has been very successful  
and has given a number of exhibitions  
of her work.

“A Swiss Landscape” is by the late  
James Wells Champney (1843-1903)  
an American painter born in Boston,  
where he first studied wood engraving  
and who later studied at the Antwerp  
Academy and in Paris. His paintings  
include many landscape and genre  
subjects, but he is perhaps best known  
for his pastel portraits. His etchings  
and illustrations are also popular.

Over the fireplace is “Winter Even-
ing”, an exceptional beautiful land-

scape by Daniel T. Wentworth and  
one of his latest works. It was rec-
etently exhibited in Hartford, where  
it attracted much favorable attention.

Mr. Wentworth is a Connecticut  
artist, now a resident of New Milford  
but who for forty years had a studio  
in Hartford. He was one of the or-
ganizers of the Connecticut Academy  
of Fine Arts in 1910 and at present  
is President of the Academy. He  
studied in Paris and Munich and is a  
member of many art societies. Ex-
amples of his work were shown at  
the St. Louis Exposition and at the  
Pan-American Exposition. Two of  
his pictures, “In the Forest of Allia”  
and “In the Lane”, are in the per-
manent collection of the Wadsworth  
Atheneum and works is represented  
in the Morgan Memorial Collection.

Mr. Wentworth was awarded the  
popular prize at the Twelfth Exhibition  
of the Connecticut Academy in 1922.

His pictures are much prized and  
hung in many homes and private gal-

eries.

These three paintings constitute the  
nucleus of the Louise Cromble Beach  
Memorial, to which Mr. Beach is  
planning to add from time to time.  
The collection is to be housed for the  
present in Holcomb Hall but as its  
sizes increases it is hoped that a spe-
cial room may be set apart for it in  
one of the new college buildings.

Dr. J. P. Davis, supervisor of educa-
tion in the State of Connecticut,  
spoke at President’s Hour Wednesday  
on the subject of education and suc-
cess. Dr. Davis emphasized some of  
the important factors which contribute  
to a successful career, laying partic-
ular stress on those factors which the  
individual himself must furnish.

LEBANON SURVEY PROJECT
IS COMPREHENSIVE STUDY
STUDENTS AND FACULTY COOPERATE

Project Results Will be Basis for Complete Study of Connecticut Aiming at an Ultimate Sound Agricultural Program.—Work is Progressing in Encouraging Manner.

Research Studies in Agricultural Economics which have been carried on since last summer in Lebanon have produced even more satisfactory results than anticipated, according to Prof. I. G. Davis, economist of the Storrs Experiment Station.

The Storrs Station, which is the research division of the Connecticut Agricultural College, has undertaken a long-time project, the purpose of which is to make facts available and to have a sound agricultural program for the state as a whole.

The complete study comprises the following phases:
1. Statistical studies of Production in the state as a whole.
2. Studies of the receipts from outside areas upon our markets.
3. Studies of the cost of production in different parts of the state.
4. Complete detailed studies of type areas in different parts of the state to give a complete future of agricultural conditions in those areas.

The second and fourth phases of this study are being developed. The first area to be studied is Lebanon. There Mr. Morgan of the New Haven Station and Professor Albert E. Moss of the College have carried a complete study of the soil and the use of the land. Also Clarence I. Hendrickson of the Economics Department, assist ed by Vernon Pinkham, '22, and James Clark, '23, have made a complete economic study of the farms, economic institutions and conditions of the town.

A supplementary study of home conditions and standards of living is also being conducted and the following students have made substantial contributions to this study: Mrs. Edith M. Hilliker, '25, Miss Marion Eggleston, '24, Miss Louise Ferries, '24, Miss Sarah Fuller, '24, and Miss Irene Cooke, '25.

Professor James L. Hynes is undertaking a sociological study based on the study of soil and economic studies before mentioned.

The Waterbury market study has been conducted by Mr. Paul Mehl of the Extension Service with some help from Professor Allan W. Manchester and Samuel Putnam, '23, of the Farm Management Department.

During the summer the study will be continued and Russell Palen, '24, Allen Hotchkiss, '24, Charles Matthews, '25, and Vincent Doolittle, '27, will assist in field work. It is expected that the Lebanon Survey will be completed by October. Mrs. Edith M. Hilliker and one or two other students will be employed on this work.

Preliminary results seem to indicate that these studies will yield results of far greater significance to the state than has been anticipated.
