LARGEST REGISTRATION IN HISTORY OF STATE COLLEGE COMPLETED WEDNESDAY
FRESHMAN DORMITORY MORE THAN FULL
Two Hundred and Seventy-Five Underclassmen and One Hundred and Seventy-Five Freshmen Enroll for College Year 1924-25.

With nearly 500 students in the total registration, approximately 17% of whom are freshmen, the largest registration in the history of the college was practically completed Wednesday.

Some of the old fellows returned last week to be on hand for work and to watch the early practices of the football squad. On Sunday the real return of the Aggies began. The campus lost its appearance of being deserted except for an individual here and there—groups formed on the lawn in front of Koos Hall where an exchange of greetings was in progress. All day Monday and Tuesday morning the liveliness of the campus increased until by Tuesday noon the old bunch was present with a considerable addition, inasmuch as the seniors of 1924, who numbered about 50, were replaced by a freshman class of about 200 members.

Storrs Hall, reserved for a freshman dormitory, was more than filled, the barracks in the rear of Storrs Hall were utilized, the "Campus" office in the barracks was commandeered by College officials to house the newcomers, and some of them found their way even into Koos Hall, the almost exclusive domain of the three upper classes.

The freshman girls numbering about 45 have caused considerable change in Holcomb Hall. Miss E. Sprague, Dean of Women, has changed the Practice House, located in the rear of the Valentine House, to a dormitory.

SOUPS LAY DOWN IRON-CLAD RULES
FRESHMAN RULES HAVE MANY NEW ADDITIONS
Wily Sophs "Do the Boys Right"—"Magnanimous Concession" is Feature of Rules—Will March to A. A. Field in Lockstep—Koons Hall Front Taboo.

The Freshmen Rules compiled by the Sophs this year are "bigger and better" than ever before. The poor fellows have a hard row to hoe of them. Following is the proclamation complete:

YE SHALL:
1. Show proper respect to all members of the faculty, and to all members of the upper classes.
2. Respond willingly and immediately to all requests of upper classmen, A. A. managers, etc.
3. Attend all athletic contests on the Campus; sit in the cheering section, and cheer.
4. Attend all Student Organization, A. A. and Mass Meetings, and be present at all Freshman labor work.
5. Join the Athlete Association, and subscribe to the Campus and Nutmeg.
6. Greet everyone with a cheery "Hello."
7. Wear coats and ties to all meals and to all classes throughout the year.
8. Carry a box of matches at all times during the year, and respond willingly to all requests for their use.
9. Wear the prescribed identification tag during the first two weeks of the year.
10. Assemble in front of Storrs Hall 15 minutes before each home football game, and then march in lockstep to the A. A. field under direction of a committee from the Sophomore Class.
11. Keep your empty heads when passing any member of the faculty, as long as ye wear the Freshmen caps.
12. Address all Proctors as "Sir," and obey them as ye have your mothers.
13. Write all Freshman rules in your feeble intellects, and learn all college songs and cheers. This ye must do within two weeks of your insignious arrival.

FRESHMAN REARS RECEIVE TRADITIONAL CHASTISEMENT ON EVE OF PEERAGE
INITIATION IS ORDERLY
Fresh Have Time of Their Lives.—No Casualties.—Sophomores Control Large Class With Ease.—Pres. Johnson of Student Senate Gives Talk on "Pond" Tradition.

EXTRAORDINARY NUMBER OF SUMMER MARRIAGES
ONE STUDENT WEDDING
Miss Gladys Wheeler weds Capt. Caspar R. Crim.—Miss Gladys I. Scharfenstein becomes bride of Clarence I. Hendrickson.—Miss Anne Larsen and Louis A. Alexander, Miss Cecilia Morin and Connie Mahoney, and Miss Helen Downs and Milton Moore Figure in Summer Marriages at Storrs.

One of the outstanding features of the past summer was the extraordinary number of marriages which took place.

Miss Gladys C. Wheeler, secretary to the registrar, and Captain Caspar R. Crim, professor of Military Science, were married at Miss Wheeler's home on Faculty Row on September 13. Dr. Henry K. Denlinger, professor of History at C. A. C., performed the ceremony, and music was furnished by Miss Isabelle Montieh, daughter of Henry Rutherford Montieh, former Professor Emeritus here, and Mrs. H. D. Newton, wife of Dr. Newton, head of the Chemistry Department. Captain and Mrs. Crim are living in Storrs and will continue in their former positions.

Miss Gladys I. Scharfenstein, professor of Home Economics, and Clarence I. Hendrickson of the Economics Department, were married in Rockford, Ill., early in August. Both Mr. and Mrs. Hendrickson are continuing their work here.

"Connie" Mahoney '20 and Miss Cecilia Morin, were married in Willimantic in June. Miss Morin is a graduate of Brown University and has been teaching in the Windham High School. They are living in Storrs.

Louis A. Alexander '23 and Anne H. Larsen '21 were married in Hartford. They are living in Storrs where Mr. Alexander is serving this year in the dual capacity of Alumni Field Secretary and Freshman Coach.

Milton A. Moore '26 and Helen R. Webb '26 were married in Hartford on June 9. Milton has returned to C. to continue his studies.

Tickets for the Mass. Aggie game at Amherst Saturday Sept. 27 may be purchased at the coach's office for $1.00 any afternoon. At the gate the tickets will cost $1.60.
GRIDIRON WARRIORS SET FOR MASS. AGGIE COMBAT
CAPT. O'NEIL ON DECK
Practice Called September 15.—Coach Dole Pleased with Material and Workouts.—"Bill" Makofski Returns to Aggie Fold.—Brinks Injury will Not Keep Him Out of the Game.

Twenty-five men answered the call for football practice which got under way Monday Sept. 15. Hard workouts have been held daily on Gardner Dow Field under the direction of varsity coach Summer A. Dole. The program for the past week was about the same as last year with light workouts in the morning, regular practice in the afternoon and blackboard talks in the evening.

Among the letter men who are back are: Capt. "Red" O'Neill, "Little Cheese" Eddy, "Wallie" Moreland, "Carlos" Brink, "Petey" Baylock, "Raby" Filmer, Paul Bitgood, Tracy Swem, "Kid" Fieneman, Oscar Nanfeldt, and "Bill" Makofski. In addition to these regulars there are several varsity sub and members of last year's freshmen team of whom a great deal is expected. Those included in this array are: Longo, Thompson, Eyre, Kielwasser, Allard, Hohn, Quigley, Baker, Zollin, Daly, Lunsberg, Reeves and Lorentzon.

"Bill" Makofski's return to the hill after a year's absence is a promise of a great deal of added strength to the Aggie offense for the upperclassmen will remember how "Mac" could rip through the line.

The line will be strengthened by the return of Carl Brink, star end on last year's eleven. Brink's return to the game this year was doubted very much on account of an injury received while pole vaulting last spring, but things turned out for the best and "Carlos" will be in the lineup.

Fieneman, another crackerjack end, who was ill, is feeling better and is back to claim his old position.

Between now and Saturday Coach Dole must pick eleven men to clash with Mass. Aggie, a team never beaten by a Connecticut eleven until this coming year. In order that the right men are picked, scrimmages are being held daily to give each man a chance to show what position he is best qualified to fill.

There will be no training table this year due to several reasons, but common sense training rules have been drawn up and will be enforced by Trainer Daly.

Freshmen coach Alexander calls the practice Wednesday, Sept. 24. He has very little to say about the coming season except that he expects to have a large squad and good material. The Freshmen schedule has been made harder by the addition of Pomfret Prep., a strong team.

ON THE SIDELINES
The onlooker cannot help but feel that the Football squad this year will fill his fondest expectations.

There is plenty of snap and "Pep" to the whole squad.

Capt. O'Neill is showing the same "Pep" in the backfield, that has always characterized his playing in the line.

Twelve letter men are back this year.

CHANGES IN FOOTBALL RULES
Following are the new changes in the football rules printed for the benefit of those who may wish to brush up on them before the first big game of the year:

1. Abolition of all mud or artificial kicking tees.
2. Advancement of the kick-off from the 40 to the 50-yard line.
3. Decision to place the ball on the 3-yard line for attempt to score point after touchdown.
4. Granting of power to referee to refuse to take time out when delaying of game is apparent.
5. Increasing in penalty for more than three times out in each half from two to five yards.
6. Recommendation that gun shall be fired at end of each quarter.
7. Clarification of rule against on-side kick.
8. Warning to players forming passive interference for screen pass.
10. General tendency toward speeding up the play and encouragement of use of run or pass to convert point after touchdown.

"Her laugh was a succession of short sobs such as are sometimes given out by a bearing in need of oil."

NEW ATHLETIC FIELD PROJECT TO CONTINUE
MANCHESTER, CHAIRMAN

Ardent Need of more Athletic Space.—Student Labor will be Pledged.—Girls Athletic Field Given Over to Freshmen Squad.

The need of more space at Connecticut for athletics has long been felt, but doubly so since the Freshman Rule came into force. Only those who were on the Campus can realize how difficult it was and under what disadvantages our coaches worked last year during football and baseball seasons while they attempted to coach two large squads on the same small field. Furthermore, soccer and baseball for the class teams and free play has been necessarily neglected because of the lack of space.

The Girls' Field

The girls, now numbering over one hundred, are playing field hockey, baseball and doing track work, so last spring on Connecticut Day a very satisfactory field was made for them just across the road from Valentine House. This will be given up by the girls this fall to Coach Alexander for his Freshman football squad. It is scarcely large enough, but it will be very much better than being crowded on the Varsity field.

Need is Urgent

For at least five years we have been planning and money has been promised by the State Finance Committee for the development of a new field, but it has not yet materialized. The need is now becoming so urgent that President Beach and the Athletic Council, with the help of the students, are going to find some way of making a new field this fall. Indeed, a beginning was made last Connecticut Day when a large number of students and faculty laid out the field and removed the trees and stumps. The real work will begin as soon as school opens. Tools have already been purchased and other plans are being made. Of course, this is going to take some money, we scarcely know how much, or where it is coming from. By rigid economy in team equipment, the Athletic Association hopes to be able to meet the need.

ye ar, which bids well for Connecticut's success. Also the squad is further strengthened with some of the last year's Freshmen team.

"Wally" Moreland, last year's quarterback is showing his usual efficient manner.

Makofski, a veteran two years ago, is back, and is bidding high for a berth in the backfield.

"Cooky" Reeves, Freshmen halfback last year, is showing up well in fast company.

"Da-Da" Daly, is working hard to obtain a berth as center.

Coach Alexander has some fine material for his Freshman team. A large class has made this possible, and we are looking forward to another undefeated Freshman team this year.

The team needs encouragement of the right kind from the sidelines. Let's get out there every night and give them a little help.

With 53 candidates for the freshman squad it looks like another banner year for Coach Alexander.

Six freshmen are still on the waiting lists for football suits.

The Eddy family seems to run toward football players.

able to contribute from five to eight hundred dollars while five hundred more has been added to the Physical Education budget for this purpose.

Student Labor

It is planned to call a meeting of the students and ask them to pledge themselves to put in about two hours per week from now until Christmas vacation.

Near Present Field

The new field will lie south of the old field on the rise above the tennis courts and will extend almost to Whitney Road, leaving just about one hundred feet for a parking place between the field and the street.

General Development

When this field is complete further athletic field development will take place. Eight or nine tennis courts are to be built between the Armory and Whitney Road immediately back of President Beach's home. Then, what is now thought to be the best for a Varsity field, will be made between the above mentioned new tennis courts and the field now being built. It will take in all of the present tennis courts, and extend westward to Whitney Road. The grading will necessitate quite a large terrace between these two fields which will no doubt be taken advantage of for a natural grandstand.

Connecticut is growing rapidly and we need this field space if athletics are to hold the high place that they should.
1924 FOOTBALL
The beginning of the football season two weeks before college opened presented us at a disadvantage with such colleges as Mass., Aggie, Tafta, and Maine, who, not being members of the New England College Alliance, are not affected by the ruling which says that no member can begin practice any earlier than two weeks after college opens. This is by way of information. No great prominence need be attached, however, to the most brilliant gridiron seasons in the history of the Connecticut Agricultural College. Every man of us knows the story now.

A REMINDER
There are activities for all the freshmen in the college who can participate. As a reminder, this list may be valuable. For those who can do anything in athletics, there is more leading, football, cross-country, basketball, track and baseball with possibilities of a gymnastic team. For those who have no interest in that line, there is the dramatic club, the glee club, the "Brush and Scroll" which is advertising all the time, the roll of honor, the "Campus," the "New Graduate Nurse," and the handbook. For those still not covered, there is the alumni association, the swimming club, the tennis club, and a whole legion of other activities.

LIBRARY RULES TO BE ENFORCED THIS YEAR
Certain rules and regulations of the library are published in this issue of the Campus in order to give each student his own copy of the same. The capacity of the library is small, and the number of those using it is comparatively large. This makes it necessary for each one to know and obey as far as possible these few regulations. Students who willfully and persistently disregard these rules must be deprived of library privileges.

1. Talking or visiting in the library is not permitted.
2. Reference books may be taken out when the library closes and kept only until the library opens.
3. Encyclopedias, bulletins, current periodicals, bound volumes of periodicals, and certain books of reference are not to be taken from the library.
4. A fine of two cents a day must be paid for all books kept out over two weeks.
5. Students, with the exception of seniors, are not allowed in the stacks, evenings.
6. Students will not be permitted to remain in the library after regular hours, nor shall they be permitted to enter out of regular hours except by permission of the librarians.
7. By General Statutes No. 6,221 misuses of library books or periodicals is forbidden under penalty of the law.
8. Students are requested to show their fiction as far as possible during the day rather than at night.

The library hours are as follows:

**Week Days except Saturdays**
8:00 a.m. to 12:00 Noon 1:00 p.m. to 9:00 p.m.

**Saturdays**
8:00 a.m. to 12:00 Noon 3:30 p.m. to 6:30 p.m.
6:00 p.m. to 9:00 p.m.

**Sundays**
1:00 p.m. to 3:00 p.m.

The hours of the reference and bulletin (in the basement) are 9:00 a.m. to 12:00 Noon—1:00 p.m. to 5:00 p.m.

Students are always welcome at the library, and are urged to consult freely the librarian and the library assistants, who are glad to help and advise in every possible way. Learn to know the "sweet serenity of books" and a never failing source of growth and happiness will be yours.

Edwina Whitney, Librarian.

FOUR NEW INSTRUCTORS ADDED TO FACULTY RANKS

New Graduate Nurse

Four new instructors, and a new Graduate Nurse, have been added to the personnel of the college staff since school closed last June. Two instructors have been added to the English department, and the places left open by Instructors Sweet and Christoph, and two instructors have been added to the Home Economics department.

Wirthley is a graduate of the University of Connecticut, in the class of 1923, where he secured a B. A. degree. He comes to C. A. C. as an instructor in English.

George Brandon Saul is a graduate of the University of Pennsylvania, in the class of 1923, where he secured a B. A. degree. He was an assistant in the English department of the University of Pennsylvania in 1922-1923; engaged in the insurance business in Philadelphia in 1923-1924; and comes to Connecticut as an instructor in English in 1924.

Miss Elizabeth Hamilton is a graduate of the Connecticut Agricultural College in 1924, when she received a B. S. degree in Home Economics. Miss Hamilton will instruct in House Care, and assist in Cooking and Textiles.

Miss Marion B. Gardener, instructor in Costume Design, and Interior Decoration, comes to Storrs from the Iowa State College at Ames, Ia. She is a graduate of Pratt Institute at Brooklyn, and the Chicago Art Institute.

Miss Nellie L. Peck is the new Resident Nurse. She comes to Storrs after service with the New Haven Visiting Nurses Association. She is a graduate of the Nurses' School of the New Haven Hospital.

LIBRARY IMPROVEMENTS

Basement is Renovated to Hold Research Work Bulletins.

The basement of the Library is being altered to serve as a depository for Government documents, especially those concerned with the Department of Agriculture. The new basement will be fitted with steel stacks and new tables and chairs. Approximately ten thousand volumes will be available for those engaged in research work. This part of the Library, which according to present plans will be ready about January 1, 1925, will close at six p.m. The removal from the main floor of the Library of the first four stacks will result in the enlargement of the reading room and the availability of much-needed air, space, and light.

(Cont. from page 1, col. 1)
Ever hear of the Scotman who played golf for fifty years, but finally gave up the game because he lost his golf ball?

The tackling dummy has no show,
The athletes knock him for a row;
And yet, he's lucky, for Alas,
He doesn't have to go to class.

It's nice to sit and think and fish,
And fish and sit and think,
And think and fish and think and wish
That you could get a drink.

"Yea, I had a beard like yours once,
And when I realized how it made me look,
I cut it off, gosh!"

"Well, I had a face like yours once,
And when I realized that I couldn't cut it off, I grew this beard, by heck."

Question: "How much whiskey can a Scotchman drink?"
Answer: "Any given quantity!"

As early as Monday noon one green little freshman inquired where he could buy a freshman cap.—We trust he found out by Tuesday night.

The absence of senior moustaches was noticeable at the "Surveyor's Ball."

The close of the party was followed by the usual stroll in the moonlight to Holcomb Hall, though the moon gave way to rain.

It is reported that Head Proctor Daly, who is also trainer for athletic teams, has already lost sleep worrying about his charges; and, with the help of his assistants, M. O'Neill, T. Swem, and H. Eyre, is trying to devise some checking system which will enable him to locate any athlete or freshman at any time.

He: I love you more than life itself!
She: That's nice.

From the Intelligence? Quizzes:
Q. What sort of a joint is used in fastening the leg of a table to a rail? Ans. (1) A ball and socket joint. Ans. (2) A Bolt.

Q. In what direction should wood be sandpapered? Ans. Up and down.

Q. Which is the supposedly favored class in railway service? Ans. Those who ride in parlor cars.

Q. How wide is the trace of a buggy harness? Ans. A yard and a half.

Q. What is the relation between a horse and a mule? Ans. A donkey.

If father did the washing just once!

If every father did the family washing next Monday there would be an electric washing machine in every home before next Saturday night.

For fathers are used to figuring costs. They'd say: "The electricity for a week's washing costs less than a cake of soap. Human time and strength are too precious for work which a machine can do so cheaply and well."
GRAPH CO. The camp itself is more than the name implies as it comprises not only an encampment, but also an exhibit exemplifying 4H Club work together with team demonstrations and judging work. Besides this, it brings together a group of the country's most promising rural youth upon whom we must call to help solve our problems, and give them enthusiasm and inspiration and encouragement in their work.

The Poultry Club work received special attention in the exhibit this year, and showed many phases of the work from the incubation of the eggs to the way to make palatable chicken sandwiches. One of the features of this exhibit was the "log cabin" poultry house of Clarence Pierce of Roxbury, Connecticut who after four years of continuous effort, got his hens to lay 100 eggs per bird, in a house that most poultrymen would consider impossible. Clarence by "making the most of what he had." "This, by the way, was Roosevelt's" recipe for success. Not only was his log cabin on display with the kind of stock he started with, but also a photograph of his new house, and some of his Hollywood White Leghorns he recently obtained. Clarence was on hand to tell how it had been done. The tale of his exhibit was from the log cabin to the white house, his good stock being housed in this colored house.

Another part of the exhibit supplied from Connecticut was put on by the Out-to-Win Poultry Club of Cromwell under the leadership of Edmund Petersen, who plans to enter C. A. C. in the fall of 1925.

Altogether, the week at Camp Vail of the Eastern States Exposition with the camp life, exhibits and team contests along with the unusual opportunity afforded by the Exposition for instruction and entertainment does in reality give all the young folks attending a good basis for saying we've had the time of our lives.

The Exposition is to be commended for their policy of giving every possible encouragement to the farm boys and girls.

PROFESSOR WHEELER ENTERTAINS SURVEYORS

Professor C. A. Wheeler gave a party at his home Monday evening to the members of the surveying course, Math. 7. The "surveyors" have been working in the course since September 2. During the first part of the evening Professor Wheeler entertained with a stereopticon lecture on his trip to London. The lecture was followed by music and dancing. Refreshments were served during intermission.

Already the Frosh are learning to pick up a loose ball.

The use of the freshman field in front of Holcomb Hall saves considerable congestion on the varsity A. A. field back of the Armory.

There are chances for a good cross-country team this year. Freshmen are eligible as cross-country is not a major sport.

CONN. R. O. T. C. UNIT SHOWING IS CREDITABLE

LEADS RIFLE COMPETITION

Unit Gets Third in Pistol Competition—Jacoby Wins the Two Mile in Track Meet—Hutton Places in Mile—Two Day Hike and Sham Battle Feature Field Training.

With only five men attending the 1924 R. O. T. C. Camp at Camp Devens, Massachusetts, Connecticut made a most creditable showing against the eleven "New England colleges and universities and six outside colleges and military schools represented. When the dust of the six strenuous weeks had cleared Connecticut led the field in the rifle competition with every man allowed to shoot qualitied. In the pistol the college stood third and would have again headed the list but for the hard luck of one man who failed to qualify less than one per cent.

The general Camp competition which included contests in the rifle, pistol, baseball, track, dramatics, dancing and student publications was won by the University of Vermont (Montford) to the satisfaction of all the other Infantry units.

Against a fast field of track stars Connecticut entered two men. Jacoby came in first after a prettily contested two miles and Hutton placed third in the mile. The six points thus gained put Connecticut ahead of some of her oldest rivals.

The Camp (June 14-27) covered practical work in a majority of the subjects taught by the Department of Military Science, with the opportunity to comm and troops in the field and to see nearly all branches of the Regular Army at work under service conditions.

Except during range and potato whittling practice work was over at 3:30 p.m., and at noon Saturday, Baseball, swimming, riding, movies and exploring occupied time off duty. Boston, only thirty-nine miles away, and the beaches attracted many over the week-ends.

A two day manoeuvre and hike was one of the features of the field training. On the first day the Infantry units forced a crossing over the Naseau River, assisted by the Yale and Harvard Artillery and the Massachusetts Tech Engineers and chased the Massachusetts Agitese and Culver Cavalry all over the map. Long practice on the Connecticut hills and in hoofing it from Poultry to Armory in ten minutes showed its results. Every Connecticut man came in on his feet and in good condition.

With the new system working more smoothly, next year's Camp should be even more of a success and a larger representation expected the College should give them all a run for their money.

The following men attended this year: Hutton, Jacoby, Kennedy, McCarroll and Radomarsky. Warrecc's Regular Army service excused him from camp and Beebe was granted permission to attend after graduation.

CAMPUS PHILOSOPHER

Idiotic Idioms and Conversational Knick-Knacks.

Yea! Senior—how dignified. Hello Junior—out for fame! How are you Soph—quite officious I see.

And you, poor infant—what is your name?

—CP—

The C. P. welcomes you all.

—CP—

During "Farmer's Week" a gentleman, old enough to know better informed as to the whereabouts of the Dinosaur egg-laying allantians.

—CP—

"It's good to see the Co-eds back and new ones following their tracks."

True to its reputation the C. P. baptizes the first issue with a crude two lines to our women students.

—CP—

Do not go to the Secretary's office to find out where your old Co-ed is or where you can find a new one. The office is too busy to handle other affairs.

—CP—

The old Campus sure does look its best during the fall.

—CP—

That new hydrant in front of Storrs Hall marts the beauty of the lawn a bit. But then we can claim that the Bldg. Dept. has an artistic soul.

—CP—

The C. P. extends its heartiest congratulations to participants in the recent matrimonial allantians.

The captain may be a veteran of many conflicts but such an enterprise is often a big test for any soldier, sans tunic or weapon.

—CP—

Holcomb Hall now has a "House Papa."

—CP—

It may be correct to state here that the Campus Philosopher column is a place where a lot of miscellaneous stuff is printed to instruct, suggest, and amuse the worthy reader. Here is the "melting pot" of ideas and the cradle of crude "cracks," unepigrammatic epigrams, and so-called Satiric, your criticism is invited, your attention commanded. To be continued next week.

The percentage of the men from various colleges who qualified at least as marksmen on the rifle range is as follows:

<table>
<thead>
<tr>
<th>College</th>

ALUMNI NEWS

John Beers, '21, was married to Miss Katharyn Wells, Wednesday afternoon, September 3, at the home of the bride’s parents in Bethel, Conn. The ceremony was performed by Reverend Gilmore of Easton, N. J., an uncle of the bride, and took place out of doors. The wedding party, 21, is making a circuit of the Fairs in the State this fall. He is in charge of the exhibit of the Connecticut Dairy and Food Council. His father, Mr. Beers, who attended the Washington Fair on August 29, and served on the Sheep and Swine Committee. “Mitch” reports progress in his recent experimental packaged milk products at the Mitchell Dairy Company at Bridgeport.

Ralph Chafer, '22, has been appointed Assistant Live Stock Superintendent at the Connecticut State Fair and Assistant Sheep and Swine Superintendent at the Eastern States Exposition.

Thomas F. Donahue, '24, has secured the position of Physical Education Coach at the New York Institute of Applied Agriculture, Farmingdale, L. I.

“Limber” Fellows, '16, and wife, recently returned from a week’s vacation at Lake George to their home in Norwichtown.

“Rube” Blossom, '23, is managing a dairy herd for some friends at Woodsedge Cottage, Norwich, who recently returned from their camping trip by auto, and will return soon.

E. M. Stoddard, '07, judged the fruit exhibits at the Washington Fair for the second successive year. He is a member of the Jury of the State Agricultural Society this year, and was very successful in winning the prize for New Jersey, where the family moved to short time ago the family moved to outside of New London.

Russell Harris, '17, with his wife and two children, returned to their new home at Quaker Hill, just outside of New London.

“Brad” Ricketts, '21, is currently a student at the University of Illinois.

“Spuds” Crowley, '16, is now the proud father of “Spuds” Junior. A short time ago the family moved to New Jersey, where “Pop” Crowley will be in charge of a large stock farm.

“Dave” Radinsky, ex-'23, known better as “Finnegan” graduated from New York University in June. After passing State Bar exams, he started practicing law in New York City.

“Wait” Clark, '18, has purchased a home at Gales Ferry where he will soon take his family.

“Kid” Brundage, '24, is coaching and teaching at Danielson High School at Danielson, Conn.

George Hollister, '02, besides his duties as Superintendent of Kenee Park, Hartford, is now in charge of his maintenance of all other city parks. Keene Park was only recently turned over to the city.

“Eddie” Ryan, '18, is again in the regular army, formerly stationed at Camp Meade, Md., will take a course in engineering at Worcester Tech in the fall.

“Fred” Newberry, '25S, is located at Torrington, Conn., where he has been successful in the poultry business. He is also sales agent for the western section of the Connecticut Egg Marketing Association.

If You Were Actually Milking Cows This Fall—

instead of studying about it, you’d be facing the situation of higher milk prices and higher feed prices. And you’d plan your fall and winter campaign on the only sensible basis: culling your herd of its low producing cows, and feeding only the profitable ones on an economical ration which will make the most of all the feed that you have. It’s a pity that there isn’t a way to do it this way all the time.

Diamond Corn Gluten Meal

being the cheapest source of milk-making protein on the market, is the protein feed to use as the basis of any economical mixture for cows.

As you continue along your college course it will become clear to you why Diamond is IN EVERY LIVE DEALER’S STOCK AND EVERY GOOD DAIRY RATION

CORN PRODUCTS REFINING CO.

New York Chicago

Also Mfrs. of Buffaloe Corn Gluten Feed.

(Cont. from page 1 col. 4)

If it were not for the regular Connecticut, no one would ever be able to milk cows and have them produce milk. The corn gluten meal is the best way to milk cows, and the best way to get the most milk out of your cows. It is the cheapest way to milk cows, and the best way to milk cows.

If you were actually milking cows this fall, you would be facing the situation of higher milk prices and higher feed prices. And you would plan your fall and winter campaign on the only sensible basis: culling your herd of its low producing cows, and feeding only the profitable ones on an economical ration which will make the most of all the feed that you have. It’s a pity that there isn’t a way to do it this way all the time.

INTERNATIONAL 4-H SCHOOL VISITS COLLEGE
A. J. BRUNDAGE AND MISS ELSIE TRABUE ON STAFF

The members of the Second International 4H Training School, financed by Horace A. Moses, President of the Strathmore Paper Co., visited the College on September 8 and 9. The Training School was made up of two 4H club members from each of the thirteen eastern and southern states. They were chosen because of the good home work they had done and the characteristics of leadership they showed.

The Training School is in reality a part of Camp Vail of the Eastern States Exposition starting a week prior to the Exposition and continuing through it. The first week is given over to the study of principles underlying successful 4H Club work and how it may be done. Visits are also made to farms, factories, the Federal Land Bank and Phillips Publishing house and the like. During the second week the training school representatives assisted with the conduct of Camp Vail, thus giving them experience and training that will enable them to serve more at home.

The Connecticut delegates were Sherman Ives, '24, and Marion Eggleston, '23 both from Litchfield County.

While at Storrs, the group was met by President Beach, Director Ellis, Director Slate, and Walter Stemmons. After enjoying the pool, the young folks returned to Springfield.

The course was under the direction of A. J. Brundage, of the Extension Service, Elsie Trabue also of the Extension Service, and Raymond A. Turner, State Club Leader of Michigan.

The school will probably become an annual event and should play an important part in the training of leaders to help carry on the type of work which the Extension Service is doing.
