EGG RECORDS SMASHED IN LAYING CONTEST

WHITE LEGHORNS AGAIN
FINISH IN FIRST PLACE

Three Pullets in Pen Average 253
Eggs Each.—Rhode Island Reds
Lead Contest for Thirty-One Weeks.

—Hilltop Farm at Suffield had
Highest Scoring Connecticut Pen.—
Rhode Island Red and Hen Wins Indi-
vidual Honors for Highest Number
of Eggs Laid.

Two records at Storrs have been
smashed to smithereens. A forward
pass on the last down resulted in a
net gain of twelve eggs for C. T.
Darby’s pen of White Leghorns from
North Branch, N. J., and made them
winners of the thirteenth annual con-
test at Storrs with the remarkable
record of over 2,531 eggs, an average of
over 253 eggs for each pullet in the
pen. The best previous pen record of
2,352 eggs was made in 1918 by ten
birds from the Oregon Agricultural
College at Corvallis. Rhode Is-
land Red was owned by Fernside Farm
at Attleboro, Mass., led the laying contest
for thirty-one weeks. They looked like the
pennant pen until the Date for the
speaker’s are as fol-

There is a big crumb of comfort for
lookers who have procured for President’s
hour the outstanding speakers listed
for Thirty-One Weeks. It is difficult to select
best pen out of a total of 1,280 pens
of Eggs Laid.

in these conditions with the limited funds with
which the committee has to work. We
are particularly fortunate also in having in our own faculty, members,
who will bring to us interesting
messages.

On the schedule as it is drawn up
for the remainder of the year 1924, we
find Dr. Tweedy of Yale, Dr. Wil-
liam S. Raindor, the great African
hunter, and Edwin S. Smith, promi-
inent economic expert, among the prom-
inent speakers. The State College
Players will also favor us again with
one of their one act plays, which are always welcome to the students.

Dates for the speakers are as fol-

November 5, Doctor Henry A.
Tweedy of Yale University will speak
on “Modern College Ideas.” This
should be of interest to everyone.

November 12, Edwin S. Smith of
Harvard will talk on The Human Fac-
or in Industry. Mr. Smith is a prize
winner and a general personal ex-
pert, and should be of importance to all.

November 19, Henry L. Bradstreet,
Principal of Hartford Adult School,
will talk on the problems of the move-
ment for Adult Education.

November 26, Richard E. Dodge,
Dean of the School of Agriculture,
and prominent author of several geog-
raphies, will address the assembly. R’c
on page 6 col.

A n entertainment known as the In-
terfraternity Frolic arranged by the Mediator through the R. F. H.
Theatrical Club of New Haven, the
entertainment was given Thursday
evening during the twenty-four hour
silence period maintained between up-
perclassmen and freshmen at the close
of the fraternity rushing season.

The program contained six acts, four
of which are now playing in New
York, but which the R. F. H. Theatri-
cal management has obtained by
special arrangements. All of the acts
were by professional players.

To defray the expense of obtaining
these entertainers the mediator
charged seventy-five cents admission.
All upper-classmen in the college,
members of the faculty and members
of the School of Agriculture were in-
vited.

The six acts were as follows.
1. A sister team—dancers and

2. Rockway—Piano Accordion.
3. Erada Fricco—A little girl with

a big voice.
4. Rita Caplin—A singer of “Blues”
5. Billy Lyons—A story, song and
dance act.
6. Ben and Sam—A wop and a
brakeman.

Miss Sarah Fuller, ’24, who is
teaching Home Economics in the
Bethel High School, spent the week-
end on the “Hill.”

FRESHMEN, PLEASE NOTICE!

Your attention is called to the “Silence Period” beginning five o’clock
Thursday and ending at same time on Friday.

Kindly remember that Upperclassmen and yourselves are not to con-
verse during this period.

UNDEFEATED AGGIES
TAKE ON SPRINGFIELD

Directors Have Won Four Games and Lost One.—Due to Injury, "Bob" Berry, Former Aggie Star, may not Play.—Game at Springfield.

The "Aggie" eleven travels to Springfield this Saturday to battle the directors in what is expected to be the hardest game remaining on the Connecticut schedule.

Springfield has made a very good showing so far this season winning four victories and tasting defeat only once and that being the first game of the season.

"Bob" Berry a former Aggie star and who starred at Springfield last year may be able to help the directors Saturday due to an early season injury.

The Aggie warriors have been driven at top speed by Coach Dole the past week as he realizes that his charges must be in top shape to defeat the Bay State boys.

Cooky Reeves an Aggie halfback who was injured in the Norwich game will perhaps be able to get into the fray but there is little chance of him starting.

FROSH WHITENASH
TRIUMPH EARLINGS

The Conn. Aggie Freshmen made it their fourth straight victory, when they easily whitewashed the Trinity Freshmen after the Varsity game here last Saturday with a score of 20 to 6.

Coach Alexander's team outclassed the Trinity team from the start, and would have rolled up a bigger score, if the second half was not made shorter, because of the lengthening evening shadows.

Conn. Freshmen started a rapid fire offense in the first half, scoring two touchdowns in the first period and one in the second period. "Pop" William scored two touchdowns on straight line plunges and one on a pass. He also played a good defensive game. He kicked two of the three free tries for the extra points after the touchdowns.

Trinity's first year men displayed a flashy overhead attack in the second half, but lacked the punch to

NORWICH SOLDIERS EASY PREY
FOR BLUE AND WHITE WARRIORS

GAME LOOSELY PLACED DUE TO WEATHER CONDITIONS

"Tracy" Swem and "Oscar" Nanfeldt Score Touchdowns.—Brilliant Broken Field Running is Feature.—Aerial Attacks Prove Worthless by Both Sides

Many Substitutes used by Coach Dole.

Coach Dole's Aggie warriors won their fourth game of the season last Saturday by defeating Norwich University, 21 to 0. Though the Aggies outplayed the soldiers in every department of the game, they did not play up to the standard that has been responsible for their previous successes of the season. The weather conditions were better suited for baseball explains largely the loose playing of both teams.

The game, however, was not lacking in thrills as three long runs featured the victory. "Swemmy" was the shining light of the game with two dashes through the entire Norwich team for touchdowns; one for one yard, and one for seventy yards. Oscar Nanfeldt, the Aggies two hundred pound tackle, brought the crowd to its feet, when he picked a Norwich forward out of the air in the second quarter, and raced fifty yards to cross the Vermonters goal line for the first score of the game. "Cheese" Eddy's toe was good for three points as he made good each time, his try for the point after the touchdown.

Norwich kicked off, "Swemmy" receiving the ball, which he ran back for fourteen yards. On the next play the midget halfback put the pigskin around left end for a gain of forty yards. The Aggies failed to gain and the ball went to the soldiers on downs. Norwhich was unable to penetrate the Connecticut line and Sherman punched to the 35 yard line. Again the Aggie offensive failed to work and Eddy punted, gaining twenty-five yards. Norwich was able to make little headway and punted to Moreland, who ran the ball back fifteen yards. The quarter ended with he ball in midfield, neither teams making any scoreable gains. In the second quarter Norwich opened an aerial attack which brought them disaster, when Nanfeldt intercepted a pass and galloped down the field for the first score of the game. "Cheese" made good the goal. Norwich again kicked off to Connecticut, Moreland receiving the ball. The Aggies then went through the Vermont's line for two first downs and then lost the ball on a fumble. Norwich failed to gain and punted. At this stage of the game the whistle blew for half time.

The second half opened with Nanfeldt kicking behind the visitor's goal line. After making first down the upstarters failed to advance further and punted the ball to Swem, who ran it back five yards. Connecticut attempted a forced passing attack, which failed, and Eddy was called back to punt. The soldiers, realizing the impossibility of gaining through the Orange line, again attempted to gain by the over-head rout but lost heavily for the second time, when "Tiny Tracy" pulled the ball out of the air and dashed fifty yards for the second score of the tie game. And for second time "Cheese" sent the leather sailing between the uprights. Norwich kicked off to Moreland, who ran the ball back thirty yards. On the next play the elasive Tracy gave a great exhibition of open field running by tearing around left end and dashing seventy yards for the third and final score of the game. Norwich brought the score to 21 when he sent the ball through the goal posts for the third time.

The final period started with the upstarters kicking off to Connecticut. With a series of end runs and line plunger the Aggies completed three first downs, but lost the ball while a long forward was intercepted. Norwich failed to gain after trying several end runs and forward passes, and the ball was punted to Makofski who ran the ball back ten yards. In the next play Makofski made nine yards and Cooky Reeves made it first down on a line plunge. A pass, Moreland to Eddy, gave the Nutmeg team a gain of twenty yards. Another pass, Moreland to Reeves sent twenty-eight yards and brought the ball to the Norwich three yard line.

Connecticut failed to gain on a line plunge and lost the ball when a forward was grounded in the safety zone. Before the next play could be called the whistle blew and Connecticut's slate was kept clean with its fourth win of the season.

Coach Dole used nearly two teams in the game in order to save his men for the Springfield game coming this coming Saturday.

SOPH'S WIN ANNUAL
CLASS TRACK MEET

COACH DALY SEES
GOOD MATERIAL

Classes Well Matched.—Enthusiasm High as Events are Close.—Frosh Fight Hard.

The Sophomores avenged the defeat of the Rope Pull when they won the annual class track meet on Monday afternoon with a 68-43 score. At one time in the meet the yearlings were leading their elder brothers, but they lacked the men in many of the later events to put them across as winners.

As usual Coach "Steve" Daly was there to look over his new material, and by his congenial smile it looks as if "Steve" will have some good material. Mol, a pole vaulteer for the frosh showed especial ability, when he cleared the bar at 8 ft. 4 inches. In descending however, he threw his arm out of joint and had to be removed to the infirmary.

Many events proved thrillers to the interested class spectators, feeling running high from both sides. Both classes had entries, of about the same ability, which made the affair this year more exciting.

The summary of events and the winners is as follows:

Run—Lundberg '27, Mulligan '27, Gangst '27, Time 5.11 3-4 sec.
100 yard dash—Haverock '28, Watson '28, Smith '27. Time 10.4-5 sec.
Half mile—Gallant '27, Lundberg '27, Rome '28. Time 2.22 1-5.
Quarter mile—Atwood '27, Watson '28, Anderson '27. Time 57 sec.
Two mile—Lundberg '27, Mulligan '27, Smith '27. Time 11.39.
Discus—Eddy '28, Lundberg '27, Carle '28. Distance 84 feet.

THE CONNECTICUT CAMPUS

Aggies Win Fourth Straight From Norwich

WE'VE ONLY GOT
A FEW
WEEKS LEFT.
FROSH LOCK HORNS WITH SPRINGFIELD SATURDAY

Frosh Ready for Hard Clash.—Real
Opposition Expected from Heavy
Springfield Frosh.—Line up Same as
Last Week—Mertens Back at Quarter.

Saturday afternoon at 2:30 on
Gardner Dow field, the undefeated
freshman eleven will lock horns with the
strong Springfield College freshman
outfit. Coach Schaefer's grid-
iron warriors after a strenuous week
are ready for the battle, and
feel confident of annexing their
fifth consecutive victory.

This game may be considered the
hardest game on the freshman sched-
ule, and a victory for us will probably
mean another undefeated freshman
football team.

The probable lineup is as follows:

Even, I.e., Logan, I.t., Hayes, c.,
Wilkes, r. g., Watkinson, r. t., and
Heller r. e.

In the backfield will be Bitgood, q. b.,
Brown, I. b. b., Williams, f. b., and
Eddy, r. b. b.

Mertens, who recently injured his
shoulder, will be ready to enter the game
if necessary. Durham and Sullivan
will also be ready to enter at the
spur of the moment.

Two-year course is to train men for
farming or for positions as farm
superintendents. The work of each
term is prescribed, and each student
takes all the work arranged for the
term. The work is, however, so plan-
bed that a major agricultural subject
(dairying, livestock, horticulture, and
poultry) occupies about one half
a student's time. The rest of the time
is devoted to closely related subjects
that experience has shown to be most
helpful.

The course is a practical one, ar-
 ranged in time to accommodate stu-
dents who are engaged in farm opera-
tions during the growing season.

The entering first year men are:
Earl C. Abramson, New Britain
Daniel N. Beard, Shelton
Samuel W. Botick, Branford
Roger E. Carter, Stamford
Holger T. Cohn, Hartford
Jesse N. Cox, Devon
Loyd Eaton, Union
Raymond T. Griffiths, Sterling
Ivan R. Harney, Jr., Bridgeport
John O. Hatch, Danbury
Henry C. Hurlbut, Roxbury
Stephens, Wallingford
John J. Mannan, Meriden
Lawrence Moore, Union
William O'Neill, East Hartford
Frederick B. Smith, Hazank, Westfield
Stewart T. Smith, South Manchester
Pern Sternberg, New London
John V. Visny, Bethel
Howard A. Whitney, New Haven

STATE ROAD COMPLETED

New and more Direct Route to Hartford.

Within the next week, the finishing
touches will be added to the new state
road running from the Storrs garage
to Mansfield Four-Corners. Here it
will connect with the new road being
built from Hartford to Springfield.

This new road when completed will cut
off about ten miles on trips to Hartford.

The need for this road has
been greatly increased with the popu-
laritv of the automobile, and all
people traveling in the vicinity of
Hartford and beyond, will certainly
appreciate the shorter route. When
both roads are completed, it is rumor-
ed that jitneys will make the trip to
Hartford at regular intervals during the
day.

Work on the stretch near the College
started last spring, but due to
certain unexpected delays, the work
was hampered and was not completed
as soon as planned. With a change in
inspectors, certain sections had to be
dug up and laid over again. Also the
road had to be widened six inches
along the edges. Troubles began in
earnest when the truck oilers arrived,
and it was not until one from Prov-
dence was secured, that the tarring
in front of the College could be com-
pleted.

EXCHANGES

Does this ever happen in "The Gem"
in Will?

Suddenly upon the stillness of the
moving picture house came a series
of yells. The door of the Odeon was
pushed open by a dozen, small, dirty
hands and a mob of little boys filled
the doorway. Haltered but a moment
by the ticket man, who tried to de-
tain them, they rushed to the front
of the show in a truly collegiate tyle.

Where else could this happen but in
a college town? Could their busy
minds plan such daringness? Well,
hardly. Despite overalls and dirty
faces they were but small replicas of
that great mass they worship so much,
—the College Man.—"The Northern
Review."

The roadbed consists of three layers
laid on a good, firm, foundation. The
first coat is eight inches of hard
packed gravel. Next is a six inch lay-
er of crushed stone tared on
top, while the final coat was made of
fine crushed stone with a good lay-
er of tar to hold it in place. Next
spring another layer of tar and stone
will be added.

At present the road gang are grad-
ning the shoulders and building drains
and fixing stairs and driveways.
When these are completed, the gang
will leave this section and go to work
on the stretch beyond the four cor-
ners. Another company has this con-
tact and have already dug down and
graded off the roadbed.

OPPORTUNITY

There is an old proverb that says: "Opportunity knocks at a man's door but once." If this is true, opportunity is not always taken advantage of at once or it is lost forever. Righ now opportunity is rapping at the door of every Connecti­can.

For several years, there has been an urgent need for another athletic field to cope with our rapid athletic expansion. The necessity for the funds to construct a field, and seeing the opportunity for the student body, col­lectively and individually, to display some thing really big for their Alma Mater, the college leaders suggested that the new field be made by volun­teer student labor.

Needless to say, there was an enthusi­astic response from the majority of the students and every week one or two persons in several hours of hard work. Nevertheless, many men did not respond. Fifty failed to sign up, and thirty more that signed failed to report. It is for these few that this editorial is written. Strange as it may seem, the shirkers are not all fresh men as there is a liberal sprinklin­g of sophomores, juniors and senior names in the list of the delinquents. The members of the football team, who have placed Connecticut on the map this fall are, besides playing games, doing their bit each week to­ward this new field. They are giving their all! Can’t you back them up by helping to give them a good field to practice on? This new field will be a permanent memorial to the spirit and loyalty of every man that helps in its construction. Do you want to be pointed out as a slacker? We are sure that you will be very sorry to see this field clos­ed, and you will have no one to blame but yourself.

ATTENTION, FRESHMEN

The 1924 fraternity rushing season is now a matter of history. Undoubt­edly it is with a sigh of relief that the upper-classmen welcome the termina­tion of one of the necessary evils of college life. It is yet to be determined whether or not the Mediator made a wise move in reducing the season to five weeks in length. Each one of you pledged feels that the fraternity whose bid you have accepted is the best one on the Hill, and it is only natural that you should believe so, but don’t over­look the fact that other fraternities have their good points and good men. Don’t limit your friendship to your fraternity brothers for you will miss some of the best men in college. Loyalty to your fraternity is expected and desired. But when loy­alty to the fraternity conflicts with the best interests of the members, the true Connecticut man will place the welfare of his Alma Mater above everything else.

Freshmen can, and should, now buck down to real work. Rushing has probably made your few weeks of college a round of card playing, pool shooting and other such past­times. But all that, except to obtain an im­mense degree, should now be past. Mid-year exams will not be long in ar­riving, and it is imperative that you do some real earnest studying if you don’t want to be listed among the missing after the powers that be weed out the undesirables at the end of the semester. Extra curricular activities are now ready to receive you. You’ve had plenty of time to look them over. Choose the one best suited to your interests and liking, and endeavor to determine your best and suc­ceed. In this way you will justify the faith your fraternity had in bidding you and that simply entertain. Just where the picture "Bill" fitted in would be hard to say. Possibly when it was filmed back in the remote days and the Marine adventures, it was intended to both amuse and instruct prehistoric man. Wednesday, November 5.

The ADMIRAL has been approached about the Campus Subscriptions and it seems the worthy senior is rather peeved about something. Fair prom­ises have not moved him but we hope the "gobs" will be back of us this year. How about it, boys?

The C. P. would like to stand in with the Navy because they are famous for their hospitality and the hardiness of their elder.

Once upon a time their lived a man who thought he had a great mis­sion in life. His purpose was to teach­men the details, the small things, which are so often overlooked. And it came to pass that he spent so much time on the details that there was no time left for the bigger things, the really vital things; but he was happy in the thought that he was accomplishing his mission.

Once upon a time their lived a man who thought he had a great mis­sion in life. His purpose was to teach­men the details, the small things, which are so often overlooked. And it came to pass that he spent so much time on the details that there was no time left for the bigger things, the really vital things; but he was happy in the thought that he was accomplishing his mission.

DOINGS OF THE WEEK

Monday, November 3—Open.
Tuesday, November 4—Fraternity Meetings.
Wednesday, November 5—Open.
Thursday, November 6—Ag. Club Meeting.
Friday, November 7—Mass Meeting.
Motion Picture: "The Battleship Potemkin.
Sunday, November 9—Co-ed Sunday School 9:45.
Church Service 10:00.
Christian Endeavor 7:00 p. m.

Evidently the C. P. thinks that feeling, in order to exist, must be given expression through words and circulated by means of a publication. Then he has still to realize that often the strongest sentiments, whether of resentment or otherwise, are not published, for the reason that there are some few who appreciate the futility of mere words.

S. E. C. '27

SOMETHING NEW AT LAST

To fly through college is the aim of the Frosh. The reason for this is that there are some few who appreciate the futility of mere words.

The Storrs Navy has arrived and their two year cruise begins with Ad­miral Needham on deck.

The admiral has been approached about the Campus Subscriptions and it seems the worthy senior is rather peeved about something. Fair prom­ises have not moved him but we hope the "gobs" will be back of us this year. How about it, boys?

—CP

The C. P. would like to stand in with the Navy because they are famous for their hospitality and the hardiness of their elder.

THE Sentence of the Week

"I’m for the people!"

Any Candidate.
Co-ed—Mr. Moon’s full again.
Aggie—Yep—gets that way every month.

It’s only a cynic who would suggest that the Co-ed’s train of thought is usually a male-train.

First Aggie—It’s as cold as—as—
Second Aggie—Yes, just as in sum-
mer, it’s as hot as—as—
First Aggie—Yes, that’s it.

Professor—Er—my dear—what’s the meaning of this vase of beautiful
flowers on the table to-day
His wife—Meaning? Why, to-day’s your wedding anniversary.
Professor—Indeed? Well, well! Ah—pray let me know when yours is so I

First lawyer—What lead the great
detective to decide that the fatal dose
was carried by a waiter?
Second lawyer—The thumb prints
in the soup.

This stem says married men com-
mit suicide more often than single.”
“Well, science enables a man to do almost anything these days.”

“What makes you think Mah Jong
would never do in the army?”
“Every time anybody yelled
“Chow!” the players would all get up
and run.”

Professor in history class—What
happened in 1854?
Student—I don’t remember, sir.
Prof.—Then where would you go if
you want to find a date?
Stude—to the library.

First Aggie—Gee! Myrtle’s quite
the berries, isn’t she?
Second Aggie—Yes, elderberries.

When a girl looks sweet enough to
eat, don’t give her the opportunity.
—Ex.

1st Stude—I’m looking for someone
to lend me ten dollars.
2nd Stude—Well, it’s a nice day for
it.

The average man is proof enough
that a woman can take a joke.

An ancient car chugged painfully
up to the entrance of the A. A. field.
The gate-keeper, demanding the usual
fee for automobiles, called:
“A dollar for the car.”
The owner looked up with a pathetic
smile of relief and said:
“Sold.”

Patroness: She’s dancing with aban-
don.
Patron: (meditatively) Is that what
you call it?

She: (invitingly) Have an apple?
He: Yes, if it won’t kill me.
Another He: (aside) I don’t like
the symbolism of that.

Beacons of the sky

Between Cleveland and Rock Springs, Wyo., along the night
route of the air mail service, tall
beacons have been placed every
twenty-five miles.

Revolving on great steel towers,
General Electric searchlights, to-
taling 1,992,000,000 candle-power,
blaze a path of light for the air-
plane pilot.

What the lighthouse is to the ocean
navigator, these beacons are to the
conquerors of the air.

CLEMENS DIEMAND WINS GAMMA CHI EPSILON PRIZE

Given Annually for Scholarship and Activities.—Presentation Made by Dr. E. W. Sinnott.—Amount of Prize was Sixty Dollars

The presentation of the Gamma Chi Epsilon prize to the student, who through scholarship and participation in college activities, had been of the greatest benefit to the institution, was made last Wednesday morning at President's hour. Dr. E. W. Sinnott, Dean of the Science department, made the presentation to Mr. Clemens Diemand, present Senior class president. In announcing the winner Dr. Sinnott explained that the prize was given annually by the Gamma Chi Epsilon fraternity to any member of the college who had completed either four but not more than five semesters of work. Eligibility depends on scholarship and activities alike so that the winner must be a caliber capable of handling or participating in both sides of college life.

The amount of the prize offered was sixty dollars. In presenting it to Mr. Diemand, Dr. Sinnott announced that it had been given this year to Mr. Diemand because of his class leadership for three years scholarshiply; for his participation in class activities; and for his work as Associate Editor of the Campus and Editor-in-chief of the Nutmeg.

Miss Louise Ferrias, "24, was on the "Hill" Saturday, for the games. She is teaching Home Economics in the Deep River High School this year.

LARGE AUDIENCE LISTENS TO NOVEL MUSICIANS

First Entertainment by Social Committee a Success.

The first of the entertainments offered by the Social Committee was well received in Hawley Armory Wednesday evening. An interesting and unique concert was given by the Scandinavian Bell Ringers, a group of five men, who entertained a very appreciative audience. The "instrument" used by these five men consists of 125 bells ranging in weight from a few ounces to seven pound. Not only was the music good, but the manner in which it was produced was extremely interesting to the audience. The five Bell Ringers moved about quickly, catching up the bells and with a swift twist of the wrist causing them to ring out clearly and sweetly with never an error in tone.

While watching the Bell Ringers one could not but wonder at the many months of practice necessary to acquire such seemingly easy and simple technique. The fingers of a skilled pianist could not work together with more perfect precision than can the ten hands of these five Bell Ringers.

It could be said without exaggeration that the men in the company were real artists in their profession. Their tonal effects and harmony merit only the highest praise, while their selections and the manner of their interpretation revealed rare musical genius.

Of course, everyone has the privilege of being dumb, but some people abuse the privilege.

If You Were Actually Milking Cows This Fall—

instead of studying about it, you'd be facing the situation of higher milk prices and higher feed prices. And you'd plan your fall and winter campaign on the only sensible basis: culling your herd of its low producing cows, and feeding only the best to any member of the college, had been of the greatest benefit to the institution, was made last Wednesday morning at President's hour. instead of studying about it, you'd be facing the situation of higher milk prices and higher feed prices. And you'd plan your fall and winter campaign on the only sensible basis: culling your herd of its low producing cows, and feeding only the profitable ones on an economical ration which at the same time could be relied on as safe and productive over a long period.

300 lbs. Diamond Corn Gluten Meal 600 lbs. Bran 100 lbs. Oilmeal would do it.

Diamond Corn Gluten Meal being the cheapest source of milk-making protein on the market, is the protein feed to use as the basis of any economical mixture for cows.

As you continue along your college course it will become clear to you why Diamond is

IN EVERY LIVE DEALER'S STOCK AND EVERY GOOD DAIRY RATION

Corn Products Refining Co. New York Chicago Also Mfrs. of Buffalo Corn Gluten Feed.

(Cont. from page 1, col. 1) tests started at Storrs back in 1911. Harold F. Barber's pen of White Rocks from Dover, Mass., was an easy first in their class with a margin of more than 350 eggs over a Missouri pen that was next nearest in line. Barred Rocks staged a more interesting race.

Edgar Stoughton of Wapping, Connecticut, finished first with 2,096 eggs, while Purdue University at Lafayette, Ind., was a half mile ahead of a New York pen that ran second. There were entered in the contest 100 pens of ten birds each, a total of 1,060 hens, from eighteen states and the province of Ontario. They laid a grand total of 167,713 eggs.

The table below shows the number of birds in each of the principal varieties, the average individual egg yield for the year, and the general average for all varieties that took part in the contest.

<table>
<thead>
<tr>
<th>Variety</th>

CO-ED NOTES

NEW PLAN FOR CO-ED DRAMATICS

Try-out Playlets Given for H. E. Faculty and Co-Eds

A movement for better dramatics, under the direction of Miss Pauline Girard, is being tried out at Holcomb Hall. Under this plan the Freshman girls are divided into groups of ten, each group being obliged to present a playlet, original or otherwise, at specific intervals. These playlets are presented before the Home Economics faculty and the co-eds.

It is hoped that this movement will be successful in bringing out whatever talent may be among the girls in designing, costuming, acting, and managing.

The next of these playlets is to be presented by Miss Catherine Charters, chairman, Henrietta Castle, Sophie Hubey, Ruth Watrous, Florence Sterry, Lillian Ansley, Ruth Monrad, Margaret Bost, Dorothy Northrop, and Betty Healey.

This arrangement has been so successful that plans are being formulated for dividing the upper class girls into similar groups.

GOOD FORECAST FOR CO-ED BASKETBALL

Girls' basketball practise will start next Tuesday, Nov. 4, and will be held every Tuesday and Thursday, from seven to eight in the evening. It is hoped that a large number of girls will come out for the practise, whether or not they have had previous experience.

Katherine Manchester the manager, has already some fine games scheduled and is looking forward to an especially good year for the basketball team, which will be under the able captaincy of Irene Ellis.

At present the schedule is not fully arranged, but those games which the manager has secure dates as follows:

Mar. 7–R. I. at Kingston.
Mar. 14–Tufts College at Tufts.
Mar. 21–Maine—here.

AG. CLUB FAIR WILL HAVE H. E. EXHIBIT

The Ag Club Fair is to be held the 12th and 13th of December. Plans are being made to make the Home Economics exhibits better than usual.

The committee in charge consists of Alice Hubbard, Hannah Jensen, and Carrie Main. They hope to have each department of the Home Economics course represented by an exhibit. Suggestions for exhibits would be appreciated by the committee and it is hoped that the girls will co-operate to make the Fair a success.

College would be a wonderful place if it weren't for classes.

W. S. G. A. MEETING AROUSES INTEREST

Co-eds Plan to do Their Bit in A. A. Field Endeavor

At least one motion of campus-wide interest was passed at the last meeting of the W. S. G. A. last Thursday afternoon, the 24th. This decision was that all the girls do their bit for the new A. A. field by helpin prepare and serve refreshments to the boys working there every afternoon. Each girl will sign up for her free hours just as the men have done and an efficient schedule will be worked out.

After this motion had been successfully passed, several of the girls spoke. The President o the W. S. G. A., Irene Cooke, explained that the student Council is not merely to punish, but is primarily an organization planned to keep things going smoothly in regard to the welfare of the girls and the house. Pauline Graf told the girls of a new committee, the Executive Council, which is made up of representatives of every activity, and which will formulate a schedule for the meetings of all organizations.

Cora Lavallee, chairman of the Social Committee, spoke about the Halloween party in the dorm, and she said that the girls would give a dance in the Armory on November 15. Christine McMeneny, House Chairman, complimented the girls on the care they have taken in obeying house regulations, and she also asked the girls to come to the song practices. Then Alice Hubbard spoke of the Ag Club Fair, and urged all the girls to make suggestions. Kay Manchester spoke last, in behalf of the Brush and Scroll, by urging all those with any talent in drawing to try out for the club.

P. E. VENTURE AT SOUTH WILLINGTON

Started in Connection with Advanced Physical Education Course—Mr. Gayer Supervises Work—Classes for both Young and Older Girls.

In connection with the course offered in advanced Physical Education, girl's gymnasium classes have been started in South Willington, at the Hall Memorial school. Hazel Clark, '25, Irene Cooke, '25, Alice Hubbard, '25, and Olive Nase, '26, have charge of this work under the supervision of Mr. Gayer.

The classes are held on Tuesday evenings. One class is from seven to eight o'clock, for the young school girls, and the other one is from eight to nine o'clock, for the young women of the community.

As there is no apparatus to work with, the lessons have composed mostly of marching, breathing exercises, and playing games. Much interest has been shown by the classes in starting a basketball team.

EXTENSION WORKERS HOLD CONFERENCE

Attended by Seventeen County Workers and Twenty-Four Specialists.—Record Work Accomplished in New London County.—Work Centered in two Major Lines.—Home Economies Girls Serve Supper.

The Annual Extension Conference was held at C. A. C. October 23, 24, and 25th for the purpose of going over last year’s work and formulating plans for the new year. This is an affair held here each year by the extension workers of the state, of which there are seventeen county workers and one on the trip.

It is interesting to note that ten of the extension staff are Connecticut graduates. Of special interest was the talk by Miss Florence E. Ward, who has charge of Programs and Projects in extension work in the ten Eastern states, and also the talk by Mr. F. S. Beveridge, Vice-President of the Fuller Brush Co.

This year’s conference centered its interest on the concentration of county work into two or three major lines, instead of dividing attention among a larger number. An example of concentration was the placing of two hundred and fifty five public-spirited citizens in Connecticut counties last year; one hundred and twelve going to New London county. These figures establish a new record in the U. S. and show what can be done by having but one major project.

The conference was under the chairmanship of Mr. B. W. Ellis, director of the extension service.

There was a social side to the conference also, in care of the institutional management class. A supper was prepared and served by the seniors in the Home Economics department Friday evening in the church parlors.

TEXTILE CLASSES VISIT STAFFORD SPRINGS MILLS

The Textile classes took a trip to Stafford Springs on Monday October 28th, where they went through the Cyril Johnson mill. Mrs. C. I. Hendrickson with four cars of the girls went on the tour. As the course included the study of wool from its source to the customer, the trip through the mill proved very interesting as well as instructive to the girls.

REMEMBER—VAUDEVILLE AND PICTURES EVERY WEDNESDAY

LAST WEEK we thanked you for past favors.

THIS WEEK we want to ask another favor, hoping that it may result to our mutual advantage.

We remember hearing a long time ago about somebody, somewhere, who packed all of his choice apples on top of the barrel, and then forgot to mark it “open this end.”

It is the policy of all stores which sell style garments to open the season with the choicest of the seasons production, gradually replacing the garments which sell with others less expensive in order to meet the requirements of those who make late purchases.

The favor that we wish to ask is that you make an early call and see our variety of coats and dresses at its best.
