judging team captures first at garden show

coached by Joe snow

Poultry judging team wins first place in sixth annual intercollegiate judging contest held in connection with the Madison Square Garden Poultry Show at New York. The team, coached by Joseph Snow, '25, was composed of Garry Miles, '25, Nelson Waters, '25, and Clemens Diemand, '25. In competition with teams from the leading agricultural colleges in the East, Connecticut placed first, capturing seven of the ten loving cups offered. Garry Miles won a gold medal for the highest score in standard classes. White Leghorns, and Rhode Island Reds, and White Waterfowls were the grades made on a written test of a possible 2,400 points. The team of crack poultry judges came through with flying colors, and Madison University of Connecticut's team proved to win it but once again to have the second time a team from here. Connecticut's team has won this trophy. We need to make it necessary for someone request you to stop. Let's have the cooperation of everyone!

The student body in general is to be congratulated on the spirit of co-operation they have shown in observing the new regulations on smoking in the college buildings. However, a few students, probably through thoughtlessness, still smoke in the lobby of the Dining Hall and in the Main Building. For the common good, this practice must be stopped immediately. Don't make it necessary for someone to request you to stop. Let's have the cooperation of everyone!

-Student Senate.

board of finance votes appropriation increase to college to receive additional funds

Extension Department and Experimental Station Each Benefit by Action-No Mention of Buildings Funds as Yet.-College Work Appreciated.

The State Board of Finance has recently granted the college the sum of $500,000 per year for maintenance. This is an increase of $100,000 over the amount which we received last year, and is a hopeful sign that the program, which President Beach has been giving a great deal of time to, may be consummated.

When Ex-Governor Bingham made his inaugural address to the legislature, he urged a cutting of appropriations. This would have been detrimental to our growth of the institution, as Ex-Governor Bingham probably would not have been interested in us in a manner which would have promoted the interests of the college to the extent we would like them promoted for future growth and development.

Included in another appropriation was an addition of $10,000 granted the Experiment Station. The allotment now reaches $160,000. Also the Experiment Station benefited by a like action of the committee, when they received an increase of $10,000, bringing their funds up to $160,000.

When asked whether the increased appropriations were to be used for the construction of new college buildings, President Beach said that the Board of Finance had not mentioned the matter, but that the Appropriations Committee were to hold a hearing last Wednesday, and that the subject of new buildings was to be brought up at that time. This result is not yet known as the Campus goes to press.

The work of the college and its needs are better known today than ever before, and the action of the Board of Finance may be taken as an indication of the appreciation of the work of the institution.

mid-year formal committee stake chances on Friday the thirteenth

BEST OF MUSIC BY HOTEL BOND ORCHESTRA

Superstitious Date to Prove Fortunate Occasion.—Hugh Greer Chairman of Arrangements.—Committee Aims to Start Affair at Eight-Thirty Sharp.

COURSE IN RELIGIOUS EDUCATION ANNOUNCED

Dr. Meyers of Hartford School of Religious Pedagogy to Lead.—Old Testament Contents to be Studied—Both Upper and Lower Classmen Eligible.

Subject to the approval of the Committee on Courses of Study, a new course of one credit in Religious Education will be offered this semester under the leadership of Dr. Myers, of the Hartford School of Religious Pedagogy.

Religious Education 1, as it will be known, is scheduled to meet once a week for ten weeks, either Monday 2:30 to 3:30, or Wednesday 2:30 to 3:30, as may prove most convenient (Cont. on page 7 col. 2)

The work of the college and its students.—Committee on appropriations were to be cut back in a manner which would have been most unfortunate for the institution.

Hugh S. Greer, chairman of the Mid-Year Formal committee, with Miss Dorothy Hughes, will step off at the head of the grand march as the clock strikes half past eight on the evening of Friday, the 13th of February.

There is much superstition connected with Friday, the 13th, but on this occasion those at hand in Hawley Armory will be most fortunate for they will be attending the second Mid-Year Formal dance at Connecticut Agricultural College. Up to last year it was thought that the mid-year dance would not be successful as a formal dance. The experiment of having it changed from informal to formal was tried and met with great success. The request it was permanently established as a formal dance; and, judging by enthusiasm shown thus far, the dance this year will be more popular than that of last year.

The friar's box is removed according to the Mediator rotating schedule as follows: starting with the Ela Lambela Sigma fraternity box from which the grand march will be started and following around the floor, there will be the patrons, the Phi Epilon Pi, the College Shakespearean Club, the Alpha Phi, the Alpha Gamma Rho, the Two-Year Club, the Sigma Phi Gamma, and the Phi Mu Delta. The competitions for neat and attractive fraternity box decorations will be kept as usual.

The committee in charge, consisting of Hugh S. Greer, chairman, Ernest E. Sporer, and Sidney Lewis, has procured the services of Heimberger's Hotel Bond Orchestra for the occasion. They will give a concert from eight to eleven o'clock. The program of dances, including four moonlight dances, consists of sixteen dances and two extras.

Program of Dances

1. Fox Trot—Ask her when the shadows fall
2. Fox Trot—Eliza
3. Fox Trot—Insufficient Sweetie
4. Fox Trot—All Alone (Moonlight)
5. Fox Trot—Mandy Make up Your Mind
6. Fox Trot—Me and My Boy Friend
7. Fox Trot—Rose Marie (Moonlight)
8. Fox Trot—Where's My Sweetie Hiding

(Cont. on page 4 col. 3)

mid-year formal plays make big advance

Tickets on Sale a Week Before Performance.—All Casts Rehearse Simultaneously.—Heavy Attendance Expected.

Professor Sheckerson announces an encouraging advance in the work being done on the Mid-Year Formal dramatic venture. The selection of three one-act plays has made is possible to rehearse all casts simultaneously. "Phipps" by Stanley Houghton, "The Mayor and the Manicure" by George Ade, and "A Night at an Inn" by Lord Dunsany, will make up the program for Saturday, February 14. One week before the performance tickets will be on sale in the bookstores at the customary charge of seventy-five cents per person. Early patronage is urged as attendance expectations will be in excess of supply.

VARSITY TO PLAY CLARK UNIVERSITY

Close Game Seems Likely—Clark has 1934 Team Intact—Has Victory on Wesleyan to its Credit.

The varsity team will play two games within the next week, when the Clark University five is met at Worcester Saturday, and the St. Michaels team is played at home next Tuesday. Of the two contests the Clark game appears to be the stiffer assignment of the two.

The Bay Staters have their entire 1924 team intact for this season, and to date a splendid record has been made by the Worcester team. Some idea of the strength of the team can be obtained from the fact that Clark defeated Wesleyan early in the season, though only by a scant one point margin.

Connecticut had but little difficulty in defeating Clark here last year, and inasmuch as the Bay Staters are putting the same team on the floor Saturday, it is a question of how much improvement the Clark team has shown during the year. Unless the floor conditions in the gymnasium of the Worcester College handicap Captain Baylock and his men, the Clark team will have to be much better in every way over last year if they defeat the Aggies.

There is no question as to the superiority of this year's team over the one of last year, all of which means the Clark outfit must show a still greater improvement if it comes out ahead Saturday.

Kalgari, the big Clark center who stands well over six feet, has been the big gun of the Clark offense to date, his extraordinary height enabling him to drop the ball through the hoop when in close range of the basket. He will be closely watched by Eddy, however, and unless he shows up much better than he did at Storrs a year ago, it is doubtful if his work will be a big factor in the Clark scoring scheme.

But little is known of the St. Michaels team that will play here next Tuesday. The Vermont team has played here for the past three seasons, and has always given the Connecticut five a close battle.

ROUGH PLAYING MARS SPRINGFIELD

AGGIES WIN 28-19

JUNIORS ON TOP IN CLASS LEAGUE

A Rally was Staged, However, and Unless He Shows Up Support from Others in the Class who Will Make a Strong Bid for Their Third Championship This Year.

It is too early to make any predictions as to the final outcome of the league race this year, though it is thought by many that the juniors and seniors will prove to be the strongest contenders for the title of class basketball champions. The juniors, or class of 1926, were the inter-class champions in 1923 and 1924, and according to the way the situations shapes up at the present time, they will make a strong bid for their third championship this year.

In Seymour, Donovan and Greer, the juniors have three men who have kept their team well in front with their accurate shooting and fast floor work.

The seniors, while occupying third position at the present time, can make a much better showing in the remaining games provided they are able to put their full strength on the floor. Tom Kennedy and Charles Radomski have borne the brunt of the senior game to date, and with a little more support from others in the class who possess basketball ability, the seniors would undoubtedly be in second or first place at the present time.

Against the juniors last Monday night, the seniors lost a hard fought and thrilling game by one basket, the final count being 29-18. As far as their offensive work was concerned, it was largely a matter of Radomski (Cont. on page 3 col. 3)

CONNCTICUT DEFEATED BY ARMY AT WEST POINT

LAX OFFICIATING HANDICAPS AGGIES

Final Score 30-29, with Roosma's Basket in Closing Moments Deciding Game—Balock Banished from Game for Obijesting Against Lax Refereeing. Rough Contest for Aggies in Several Seasons—Connecticut Makes Strong Bid for Victory in Last Half.

In a rough and tumble game that resembled football at times, the Aggies five went down to defeat before the Army team at West Point, Saturday, January 24. The score was 30-29, and it was only by means of a long shot, caged in the closing moments of the game by Roosma, that the cadets were able to wrest victory from the hands of the Connecticut team.

It was this same Roosma, now playing his fourth year of varsity basketball at West Point, who accounted for a large number of the cadets' points, for he caged seven baskets from the floor, and three from the foul line, for a total of 17 points.

The Aggies suffered a severe loss when Captain Balock was banished in the early stages of the game for remonstrating with Referee Murray on the lax manner in which the officiating was being done. The team was further weakened in the last half when Makofski was sent out because of four personal fouls.

If one is to judge by the method of play displayed by the Army team, it would seem as though the cadets carry their war schooling onto the floor with them for basketball. The game was easily the roughest court game that an Aggie team has experienced in some seasons, with pushing, holding and hacking featured at every turn. The Aggie outfit, which is used to playing according to a strict interpretation of the rules, was greatly handicapped by the pushing and holding tactics of the Army quintet.

Captain Balock called time out after the first 10 minutes of play and remonstrated with Referee Murray on the looseness of the officiating and following a heated argument, the Aggie captain was sent to the sidelines. The cadets had gone into the lead at the start, and at this point were well out in front of the Connecticut team. A rally was staged by the Blue and White shortly after, however, and baskets by Schofield and Eddy cut down the Army lead, so that at half time they were but four points ahead, with the count reading 19-15.

Starting off strong in the second half, the Aggies kept on even terms with the cadet five, and along to (Cont. on page 6 col. 3)

ROUGH PLAYING MARS SPRINGFIELD

GAME AS RIVALS MEET

Connecticut Aggies completely out-classed the Springfield College basketball quintet at Hawley Armory on Wednesday night when they registered their second victory over the Physical Directors by the score of 28-19. The game was marked by heavy fouling, Springfield being the worst offender in this respect. The final result was not as close as was expected.

In the first half both teams put up a strong defense and it was not until four minutes had elapsed that either team scored. Smith of Springfield caged a field goal for the first score of the game. Captain Balock put the Aggies in the scoring column on a foul try. "Bob" Berry then scored another basket for the visitors. The game was then carried on for the rest of the half.

In the second half, the Aggies took the lead and were never headed during the rest of the game. At half time the Blue and White were leading 14-8.

The second half was slowed up considerably by the numerous fouls called, and only three field goals were registered in this period, Connecticut getting two and Springfield one. The Aggie defense was impenetrable to the Springfield team in this half and Captain Loebs for the visitors was the only one to score a field goal. The guarding shown by Makofski and Allard throughout the game was first-class, Schofield and Makofski were the high scorers of the evening for Connecticut.

Bob Berry, former Aggie athlete, and Smith played the best for the Springfield team.

The line-up:

Conn. Springfield
Schofield rf Hanson
Baylock (Capt.) lf Berry
Eddy c Smith
Makofski p Banks
Allard ig Carr

Field goals, Makofski 3, Schofield 2, Baylock, Allard, Smith, Banks, Loebs and Berry; Goals from fouls: Schofield 5, Baylock 3, Makofski 4, Allard, Smith 2, Berry, Crawley and Burr.

Substitutions—Conn.: O'Brien for Baylock; Bigood for Makofski; Springfield: Loeb for Banks; Barr for Hanson; Cuthbert for Berry; Revere, Dick Dillon of Hartford. Time twenty minute halves.
SAFETY VALVE

Dear Editor:

It is with a great deal of sadness that I write this pen in hand in defense of myself and fellow outcasts, the superfluous portion of the Connecticut Agricultural College—the men. Admitting that we do not possess such estimable and not-to-be-criticized virtues as our charming sister students, who have so recently barked the denizens of Holcomb Hall, and with a thousand apologies for having the audacity to attack their ideas, I do earnestly implore them to descend to the level of this lowly scribe and harken to the words of his contribution.

In working so hard for C. A. C. you have not had time to develop your powers of observation as is evidenced by your declaration that O'Neil and Balock are conceited idols of the low brow male population of C. A. C. These two men owe their popularity to the fact that they are not, and never have shown, any sign of conceit. Ever think of it that way?

The writer realizes that all of the inhabitants of Holcomb Hall are not afflicted with the rabid ideas held by two of their sister inmates, and it is well that this is so, for even now as I write I can feel them of their hot-headed assault, my heart yearns for the companionship of one of them. It doesn't matter which one for when I go to Willimantic to a dance I long to be back to the Hill so that I may rip the boards of Hawley Armory with the sulting literati who have so besmeared our fair name.

Note that you know of the esteem which my fellows and I hold for the two co-eds, and others if there be others, I trust that the last blow of the feud has been delivered. If this is to be answered, please be so considerate as to give the honor to some one of the more rational sisters, who will not use this occasion to openly express their personal dislikes and jealousies.—"An Agguye"

To the Editor:
The sarcasm in the "Safety Valve" of the last issue of the Campus has forced me, as it would any red-blooded Agguye, to try to answer, or at least to comment upon, the sardonic outpourings from the pens of the literary genii of Holcomb Hall. In the first place, it is extremely interesting to learn that among the male members of the college there is not one bone individual that our fair co-eds can call ideal. Why girls, have you overlooked Joe Hill?

I've always understood that when a woman—co-ed, or just an ordinary female—acquires a male mate, she, at least, with the blindness of love, thinks him to be an ideal man. I can hardly force myself to believe that with the large number of co-ed chasers that prowl the road, not one of them can look forward to getting his mate from among that gathering of beautiful and talented girls. Oh, well, life surely does deliver some cruel blows. At any rate, I'm sure that the poor, imperfect Agguye would appreciate your enlightening them on the qualities that go to constitute an ideal man.

During the few years I've been on the Hill, I've attended meetings of all descriptions and in not one single instance did I ever see a meeting that resembled "a social smoker or a ten cent galiling." Perhaps another co-ed got her wires crossed and thought she was describing a meeting of the Ground Hogs or some other such exclusive organization. I wonder if said writer was justified in stating that we'd defy even the smallest inquiry that a girl can expect. The Agguye surely do have their weaknesses, but I doubt if any rational person would say that they are as coarse and coarse as "another co-ed" pictures them.

Then again, the C. P. and the rest of the Campus board are merely ordinary mortals doing their level best to put out a college paper. Regardless of their mistakes—and your criticism—they are honestly endeavoring to write something constructive. Seeing that you believe the C. P. is failing to satisfactorily fulfill his job, I would suggest that along with your enlightening of the Aggyes on the qualification of an ideal man, you write each week a constructive column just to show us that you can and will do something besides razz.

—Non-ideal Agguye.

PROF. G. S. TORREY
ADDRESSSES ASSEMBLY
Ski Hobby Interests Many—Rev. Mr.
Alling, College Chaplain, Announces
Parish House Progress—One Credit Course in Religious Educa-
tion Stressed

Mr. G. S. Torrey, our registrar
was an interesting talk in which he
practical pointers on the art of skiing,
in college assembly on Wednesday,
February 4. Skiing is a hobby with
Mr. Torrey and the valiant efforts of
all of the student body he aroun-
ed him to tell us something of the
ways and wherefores of the sport.
He took us up the subject from all
angles, felling both what and what
to do for those who are interested
in skiing, the talk was exceed-
ingly practical on the kind of skis
to have, what kind of snow to go out
on, various positions and how to hold
them. Aside from the practical
standpoint, Mr. Torrey developed his
subject in a way that was interesting
everyone, giving the humorous as
well as the serious side.

Rev. Mr. Alling, who led president's
hour, spoke of the progress made in
placing funds for a community par-
ish house and church. At present
enough money has been received to
begin the building of the parish house
and church. Until the entire amount being
campaigned for is secured will any
work be started. The committee in
charge has had a great many obstacles
to overcome, but these have all been
met successfully and a great deal has
already been accomplished. It will
not be long before Storrs will have
an excellent religious and community
center, in spite of the opposition that
has sprung up in many parts of the
state.

Mr. Alling also spoke of the one
credit course in Old Testament his-
tory to be offered this semester.
Dents interested are asked to meet
in Main 10 on Wednesday afternoon,
February 11, at 2:30.

one’s aesthetic nature, at least, we can
wear the belt close, allowing the
trousers to rest on the hips for their
support. A man’s apparel, as is some-
thing to wear of a prevalent custom among
women, especially college girls.
A tight belt restricts a part of the
body which is most needed when the
dance reigns as no other form
of activity does, it seems essential
that girls should have absolute free-
dom of their limbs.

TIGHT CLOTHING
Tight clothing of any kind which
restricts the circulation should not
be worn. We have gradually come
around to the same medical point
doing so often. The danger is great.

Every freshman class has a batch of
men who are trying to “find them-
sehers.” So far, they have failed to
come to any decision as to their fu-
ture life work. Some of them may
have gone through high school with-
out any definite purpose in mind, and,
perhaps, just passing by the skin of
their teeth. Often they do not know
whether to stay in college or not.
Consequently, they assume a half-
hearted attitude toward the interest-
subjects studied. They get low
marks. Perhaps some of them flunk a
few subjects. The result is dis-
appointment and, finally, they flunk
at mid-year. We speak about these
hapless fellows because some of them
are often of good college timbre.
They have ability and energy, when it
is aroused through a genuine interest
in their work. They are inclined to
label a course as superfluous before
getting at the heart of the subject.
They will not give that the man
professor, a chance. They slide by in
a state of coma. When the course
ends, they will have succeeded in get-
ning what they started off to get-
ning nothing. We can only urge these
men to dig into their subjects and
attempt to work up an interest.
Nine out of ten, they will succeed in
imbibing much good knowledge in
the process, and, eventually, they
will strike something which will in-
terest them more than anything else.
Then they will make it their life’s
work.

All these men need is a bit of per-
vigence to tide them over their
dullness and “lost” period. The rest
takes care of itself.

Of course, there are some men who
seem to be in the above category, but
in reality they are of the stuff which
students should be made of. The
institution of supposed higher learn-
ing should get rid of the men without
ambition, energy, or a serious aim
in life, who are beyond any mission-
ary work because of their evident
lack of capacity for the “higher
tings” in life. They hold the idea
that college is a sort of ultra-play-
ground and side-show extraordinaire.
The quicker they flunk out the better
it will be for all concerned, from
the parents to the president. In
another editorial we will discuss in
details what type of man should go to
college, but here we will only suggest
that the above extreme type should
look for a different berth. As a part-
ning shot, we suggest this: a man
who has the makings of good college
material should avoid the “gentlemen
of leisure” class described above.
Companions have a great deal to do
with one’s career and actions.
Find yourself through the right kind of
companions, professors, and subjects.

CAMPUS PHILOSOPHER
If all the C. P.’s philosophic car-
cass is found in the vicinity of Hol-
comb Hall pinned to the ground by
twenty odd pinetos, just carve an
epitaph to the effect that he died
a misunderstood and abused per-
son.

—CP—

He has been accused of many
things, but never has the odious sin
of self-satisfaction been hurled on his
doorstep and blemished his honor-
bable escutcheon.

—CP—

And in the second hymn of hate
there was some violent language
about the C. P.’s innocent remarks
(borrowed, by the way, from one of
their ranks) about marrying the
girls. The C. P. meant this as a so-
called razz for the males. (Nothing
pains a would-be immortal more than
this to explain an own gibles.

—CP—

Perhaps the wed literatur had in
mind the one about the gentleman
who had married a poor lady be
married one to get even with ’em.
However, the C. P. was looking for
a rise, when he got it, with inter-
est, he was satisfied.

—CP—

But he regrets the fact that a few
of the ladies took him seriously. He
had attempted to aim the bulk of his
arrows at himself and his male friends
but he has come to realize that he has
failed miserably in getting people
to look for the hidden meaning, which
he does not attempt to hide very
much. Evidently that is the first C.
P. column ever read with any degree
of attention. That is one consecration
at any rate.

The C. P. is happy to think that
there are boys and girls interested
even closer to the half-witted
author’s self-appointed philosorlaphy
enough to misconstrue his bunk which
he realizes more than anyone
is more often than not stale, hack-
neyed, forced, crude and incoherent.
His phrases jar upon the ears like
the poetry of Paul Mehl, while his
bun pins fall flat as flat as the bi-
ennial jokes which some of the pros-
regale their classes with.

The C. P. would be delighted for
the sake of the Campus to have this
discussion continued. But he wished
to urge the fair consorts to attempt
a little less hollering and a little more
humor if they really want to be effec-
tive. But if scolding is thought to
be a better weapon, let us scold, girls,
by all means let us scold. But let us
advise each other in our own place,
let us make the C. P. swallow
his self-satisfaction, and let us dwell
upon these penny gaggles, girls with
feeling and (pros) self expectations.

—CP—

This is a good fertile ground for
a regular till. The boys can tell the

(Cont. on page 5 col. 1)

Where I

What electricity is doing for the farmer is only a counterpart of what it is doing for Industry, Transportation, City and Country life or any of the professions. It is a tool ready for your use and which, wisely used, will make the impossible of today an accomplished fact tomorrow.

How electricity does these things is important to the student in a technical school—but what electricity can do is important to every college man or woman, no matter what their life's work may be.

Winning the West

Irrigation by electrically driven pumps has made hundreds of thousands of acres of desert land in the Intermountain West blossom like the rose.

For a few cents a month per acre, electricity—the giant worker—brings the life-giving water from distant lakes and rivers to rainless valleys, producing rich harvests of fruits and vegetables, cereals and forage.

College campuses have become places to which a youth goes to find a proper setting for his racyon coat.

Dude: "Did you join a fraternity?"
Stude: No. I had plenty of clothes.

Dentist: "What kind of a filling do you want in your tooth, son?"
Boy: "Chocolate."

Flip: "What does a bank cashier do?"
Flap: "That would be tending." Late to bed and early to rise makes the college boy sleepy but wise.

Geology Prof: "What's the name of the largest diamond?"
Student: "The ace."

"What a sad looking store."
"Why? Because it has panes in the window!"
"No; the books are in tiers."

My girl is so up-to-date that when she heard about the New Testament she wouldn't even read the Old one any more.
Probably Your Prof. . . .

has some cows of his own. If he has, you can bet he's feeding them for the largest milk production consistent with good health and economy.

Because he knows how to feed cows, the chances are that his grain mixture is getting considerable protein from one or both of these economical sources:

Diamond Corn Gluten Meal and Buffalo Corn Gluten Feed

Ask him anyway. When you're an alumnus, with your own milking herd, you'll do well to follow the feeding methods your Prof. uses now.

"Best Paid Hard Work in the World"

It is a John Hancock salesman described his work. He is a college graduate and in five years has put himself at the very top of his business. He never yet has called upon a prospect without a previous appointment. The best life insurance salesmen today work on that plan, making it a business of dignity, such as any worthy and ambitious college graduate can find satisfying to his mental needs, and highly remunerative as well.

The man above quoted is the John Hancock's youngest general agent. This shows what college graduates of the right type can do in this business, how they can build up earning power and at the same time provide for an accumulated competence for the years to come.

Graduation is a vital period in your life and you are liable to hold to the business you start in. It would be well before making a definite decision to inquire into life insurance as a career. Address, "Agency Department."

HENRY D. BOAS, '22.
KILLED IN R. R. ACCIDENT

Grade Crossing Claims Connecticut Honor Man—Popular in Scholastic and Athletic Activities—Many Student Offices—In Dairy Work at Time of Death.

During the past week, the college has learned with regret of the death of Henry H. D. Boas, of the class of 1922. Mr. Boas, with two companions, was killed in an accident at a grade crossing near Dowagiac, Michigan, on January 29.

H. H. D., as he was called here at college, entered C. A. C. in 1916 with the class of 1922. He immediately began to take part in scholastic and extra-curricula activities, participating in varsity football, track and also class athletics.

Among the student offices which he held he was president of the Ag. Club, secretary of the Student Org., and member of the Mediator, Student Council, Varsity Club, Nutmeg Board, Debate and Dairy Judging teams. As chairman of the Ag. Club Fair committee, he put on one of the best fairs ever seen in Hawley Armory. Scholastically he ranked high man in Dairy for the four years he spent at Connecticut. After leaving college he continued in dairy work, being at the time of his death Milk tester for Berrien County, Michigan. He was a member of the Cosmos Club and Gamma Chi Epsilon, the honorary scholastic fraternity.

To the Editor:

Certainly, modesty is a virtue! That is beyond contradiction. But I think the sages say, and also that it is not an accepted fact, that any virtue overdrawn ceases to be a virtue and becomes a vice.

There is a notable personage on this campus who has undertaken to act as judge in a contest in which he is a rightful participant. Time and time again he has awarded the coveted prize—to others. No doubt he feels that it would be immodest to make an award to ones self. It is out of sincerest respect for that noble feeling that I take the pleasure of awarding the mythical loving cup to George Warrek and Miss Ferriss.

—A Co-ed.
CO-ED NOTES

JUNIOR GIRLS FILL SENIOR VACANCIES

Seniors Vacate Co-ed Offices During February While Practice Teaching Co-ed Columns Maintained by Miss Phyllis Smith as Co-ed Editor.

During the absence of the senior girls, the offices which they hold will be filled by juniors. Miss Olive Nase, vice-president of Women's Student Government, will act as president for the month of February to fill the place vacated by Miss Irene Cooke. Miss Carrie Main, who, up to this time, has been assistant house chairman, will take Miss Hazel Clark's place as house chairman until the first of April, at which time Miss Betty Service will fill the office.

The affairs of the social committee will be managed by Miss Margaret Hutton, who is acting chairman in the absence of Miss Cora Lavalier. Miss Phyllis Smith is filling the position of co-ed Campus editor, assisted by Miss Hutton. Together with the help of the underclass reporters, they will maintain the Co-ed Column.

ANNUAL FACULTY PARTY HAS LARGE ATTENDANCE

Women’s Club Combines with Faculty Club to Make Event a Success.—Peerless Orchestra Furnishes the Music.—Novel Ice Cream Forms Supplied by Dairy Department.

Last Friday night the faculty enjoyed themselves at a faculty party in Hawley Armory. The Peerless Orchestra of Willimantic furnished the syncopation while our sober pros and their wives enjoyed the dancing. Of the former there were refreshments, of which the novel forms of ice cream were one of the features.

The party is an annual event which is given by the Faculty and Women’s Club combined. This year it enjoyed the largest attendance since its institution, and its success is due in part to the efforts of the members of both clubs.

CO-EDS MAY BE FORCED TO BATTLE WITH WILLIAMS MEM. INST.

The co-ed basketball team will meet the Williams Memorial Institute of New London next Saturday at 3:30 p.m. on the home floor in Hawley Armory for the second game of the season.

From the standpoint of securing team-play it is thought that the line-up will be the same as that used in the previous game against New Haven.

The addition of several new members to the squad, coupled with the fact that the Aggie girls have greatly improved their accuracy of passing and shooting in practice point to a fast game for the visitors.

Well anyway, there is always room at the bottom.

POPULARITY OF LITTLE THEATRE CONTINUES

Three Dates for February.—College Club of Middletown on List.—“The Mayor and the Manicure” New Play in Repertoire.

The popularity of the “Little Theatre in this state is still strong, if we may judge from the continued demand for appearance in various localities. Already three presentations have been scheduled for the month of February.

Tuesday afternoon, February 3, the players presented “Ile” before the Woman’s Club of Willimantic. On the 18th the same play will be given for the College Club of Middletown. On the 21st the two plays “Pygmalion and Galatea” and “The Mayor and the Manicure” will be staged in alternate performances.

“The Mayor and the Manicure” is a new play which has not yet been presented on the Hill, but which with two other new acts will be given the Saturday following the Mid-Year Formal. Although several new names will appear on the program, most of the roles will be played by students whose merits have been gained thru previous work.

A DIGEST FROM "THE AMERICAN CAMPUS"

To overcome masculine bashfulness at Iowa University, co-eds have organized a "date bureau" which caters to timid Romes and girls who go on a date for the fun of it. Details about the workings of the bureau may be secured from the Iowa State Green & White.

A West Virginia Wesleyan professor has discovered a new method of culling employed by co-eds. Girls wearing thin flesh-colored stockings had written on their ankles notes which were legible when the fabric was drawn tight.

University of Nevada has abolished cuts for Seniors and Juniors, in recognition of the upperclassmen's sense of responsibility and seriousness.

Indiana University recently conducted a contest to see what brand of cigarettes was most popular. Results showed that many would "walk a mile for a Camel" than to enjoy the "satisfying" effect of a Chesterfield.

Paddling of freshmen has been abolished at St. Lawrence University. The system of Freshman relegation substituted includes clipping of hair, extra duties and confinement to rooms.

Harvard University Freshmen, finding that life had suddenly become dull and uninteresting, recently requested that unrestricted hazing be permitted, and the authorities voted that hazing be officially sanctioned.

Juniors at the College of Emporia have accepted a challenge issued by the faculty for a whisker growing contest to last three weeks. Leeb and Leopold are teaching English and mathematics in jail.

Four Texas men are paying part of their school expenses through a hair oil vending machine in the locker rooms. They advertise their business by posters reading "Use B—oil and get more miles per gal."

Newcomb Faculty Rates Low in Intelligence Test

Young women at Newcomb College in New Orleans, according to a writer in Collier's Weekly, were put through an intelligence test and came off badly. Thereupon they challenged the faculty to a similar test, which proved to be sweet revenge.

Some of the answers from a group of 23 professors were:

Al Jolson is a wrestling champion.
Filet mignon is an opera by Puccini.
Belladonna is a preparation that ladies put into their eyes to make them shine.
Grover Cleveland Bergdoll was a World War hero.
Mussulchins was prime minister of Russia before the War.

Co-ed: "Want to go on a sleighing party?"
Agege: "Sure. Who’re we going to stay, the C.P.?"

"Mine is no idle talk," said the busy freshman as he leaned over for another whack. (Mampus)
