Home Economics Scholarship Awards, effective upon the expiration
of the letter agreement dated August 28, 1944 - $1,500.

5. The President discussed with the Board "Action by the Personnel
Board ratified by the Finance Advisory Committee and to be announced
on February 4 approving a ten per cent cost of living increase for
all full-time employees in the classified service. A copy of the
plan approved for all classified employees is made a part of these
minutes. (See attached #1)

The President presented a similar plan for the members of the
professional staff of the University. A copy of this plan is made
a part of these minutes. (See attached #2)

THE BOARD VOTED to approve the plan submitted by the President granting
a 10% "cost of living" increase for all full-time members of the
professional staff.

THE BOARD VOTED to authorize the President to make "cost of living"
adjustments to the salaries of those staff members not included
in the temporary cost of living increase program adopted in the pre-
ceeding action, but only in cases where real injustices would occur.

The President presented a statement indicating a number of adjustments
which will have to be made in the budget for the current fiscal year
and for the second year of the biennium in order to provide

(1) Approved "temporary cost of living" adjustments based on economies
to be made in the administration of all University activities

(2) Adjustments needed to provide an educational program to meet
minimum acceptable standards

A copy of the statement is made a part of these minutes (see attached #3)

The Board of Trustees expressed grave concern that the temporary pay
adjustments approved for the classified workers would under the
present financing plan of the University impose the financial
burden for increases to 307 employees of the 714 classified workers
on the students (6.4 account). It was pointed out that the students
have already paid their dormitory fees and board fees for the second
semester of the current year. Therefore, to request the students to
pay additional dormitory and board fees at this time would be in effect
a violation of contractual obligations between the University and
the students.

THE BOARD VOTED to instruct the President to take up this matter
with the Governor and the Commissioner of Finance and request that
the $17,843 for the "temporary cost of living" increases for 307
employees for the remainder of the current fiscal year be covered by
additional funds provided by the State.
6. Dr. Barker and the President reported to the Trustees on the conference held in the Governor's Office regarding the organization of the Agricultural Experiment Station work in this State. The meeting was attended by a subcommittee representing the New Haven Experiment Station and Dr. Barker and the President representing the Board of Trustees. The following proposal (see attached #4) was presented by the Governor.

THE BOARD VOTED to approve the plan presented by the Governor. A copy of this proposal is made a matter of record in these minutes.

7. The following matters had been brought to the attention of the Trustees prior to the meeting. Pertinent materials had been mailed out with the agenda.

b. Dining Hall operations and plans sheet for the fiscal year 1946-47. (See attached #6).

l. Letter addressed to members of the University staff regarding group life insurance and salary increases (see attached #13).

m. Copy of statement appearing in the January 1948 issue of "Occupations" showing the training needs in a number of professional areas. A copy of this summary is made a part of these minutes. (See attached #14).

n. Copy of Advanced and Graduate Course Announcements
8. A summary of professional salaries shown in chart form was presented to the Board. (See attached #15 - 1 and 2) The President expressed dissatisfaction with the classification of "assistant instructor". The President recommended that the University be permitted to employ "laboratory technicians" under the title "University Laboratory Technician" rather than to use the title "assistant instructor" in order to have necessary freedom in the selection of this type of personnel. The same problems exist in the employment of "house mothers" and "resident dormitory counselors".

THE BOARD VOTED to authorize the President to take this matter up with the appropriate agencies for clarification and change.

9. The President advised the Board that he has ordered copies of the Reports of the President's Commission on Higher Education for each Trustee.

10. The President presented a letter addressed to Commissioner Greene on graduate work. It was the sense of the meeting that the suggestions made in this letter presented excellent suggestions for integrating publicly supported higher education in this State. (See attached #16)

11. The President presented the matter of use and occupancy insurance. THE BOARD VOTED to authorize the President to discuss with the State Comptroller the revaluation of all University buildings and further to take up the need for "use and occupancy insurance" in order to protect the University's bond retirement program based on dormitory and faculty housing income. A schedule showing the book values of all University buildings is made a matter of record in these minutes. (See attached #17) Also suggested "use and occupancy" insurance schedules (See attached #18).

12. The matter of faculty housing was discussed. Because of the need for immediate steps to provide adequate fireproof faculty housing, the BOARD VOTED to authorize the President to enlist the assistance of Mr. B. M. Pettit of the Real Assets Division of the Comptroller's Office in determining the best type of multiple housing to meet the University's needs and further to ask Mr. Pettit's assistance in commissioning an acceptable architect in order that faculty housing may be designed and under construction at the earliest possible date.

13. THE BOARD VOTED to approve the statement of "Regulations Governing Actions of Student Organizations" approved by the University Senate November 10, 1947. A statement of these regulations is made a part of these minutes. (See attached #19).

14. THE BOARD VOTED to postpone action on the recommendations for changing the Laws and By-Laws of the Board of Trustees. It was suggested by the President that this matter be made the first order of business at the next regular meeting of the Trustees.

Respectfully submitted,

A. N. Jorgensen
