6. Continued

(24) Gift of 215 sets of "A History of Pharmacy in Pictures" from Parke, Davis and Company to School of Pharmacy.

(25) $200 from Stamford High School to provide financial aid to James Giblin.

7. The President advised the trustees of the creation of a "Brien McMahon" lecture series to be sponsored by a member of the Board of Trustees, former U. S. Senator William Benton. Senator Benton has offered to finance a 6-year series at the University and will provide $2500 annually for the lectures which will bring to the University campus some of the outstanding figures in public and academic life.

8. Mr. Brock, Chairman of the Special Finance Committee, presented the minutes of the meeting of the Special Finance Committee held on December 11, 1957. These minutes are made a matter of record in the files of the Board of Trustees.

9. The reading of these minutes resulted in considerable discussion of the question of University fees.

Governor Ribicoff objected vigorously to an increase in fees for in-State students as inconsistent with the State's responsibility for adequately supporting its institution of public higher education. In his discussion he referred to declining employment in the State and the denial of higher education to our qualified Connecticut youth by way of raising costs beyond the student's ability to pay.

The Governor also voiced objection to the legislation passed by the 1957 session of the General Assembly which required that half the cost of academic buildings authorized in this session be financed from student fees. He expressed the hope that this provision in the legislation would be rescinded in the 1959 session of the General Assembly.

THE BOARD VOTED, because of the present economic conditions including the employment situation, not to increase the basic tuition fee to in-State undergraduate students at the present time, final action on this fee to be postponed for about a year. IT WAS FURTHER VOTED that when a meeting is scheduled for a discussion of tuition fees, it should be so indicated in the call for that meeting.

10. THE BOARD VOTED to increase the out-of-State fee to $560 per year, effective with the college year beginning September 1958. The out-of-State fee is not to apply to "regional students" admitted
under the Board's approved statement of policy on admissions recommended by the New England Board on Higher Education.

THE BOARD VOTED to approve the recommendation of Provost Waugh, W. B. Young, Dean of the College of Agriculture, and A. A. Spielman, Associate Director of the Storrs Agricultural Experiment Station, that Professor H. F. Kuschner of the U.S.S.R. Academy of Science be invited to carry out tests as a result of assertions of some Russian scientists that they can modify the genetic constitutions of organisms by the experimental manipulation of metabolic factors. This invitation must be extended with the understanding that the project will be carried on without cost to the University and, furthermore, that Professor Kuschner will receive clearances by the appropriate Federal agencies for admission to the United States and for carrying on scientific investigations in the United States.

Mrs. Mahoney, who was unable to attend the meeting because of an important meeting of the National Council of Catholic Women in Washington, mailed a report on the matter of "compulsory class attendance" which had been referred to Mrs. Mahoney and to Mr. Watson. The special committee recommended that the Board not rescind its action on compulsory attendance for students enrolled in the 100's courses. The committee believed that "the experience of one year is scarcely adequate to base a decision"... for rescinding the action.

THE BOARD VOTED to accept the recommendation of the committee.

The statement on "Residence", tabled at the November 20, 1957 meeting, was taken from the table.

THE BOARD VOTED to adopt the statement on "Residence", effective September, 1958.

The President presented to the Board of Trustees a statement of policy recommended by the New England Regional Board on Higher Education.

THE BOARD VOTED to approve this statement of policy. This statement and the correlative information is made a part of the records of the Board of Trustees.

THE BOARD VOTED to accept the report of the Special Senate Election Committee and approved the following changes which will require changes in Section X F 1 of the Laws, By-Laws, and Rules of the Board of Trustees as follows:
15. Continued

1. That in addition to the existing eligibility requirements for elected membership in and voting for the members of the University Senate, tenure shall also be required for eligibility.

2. That the number of elected members of the Senate be changed from three times the number of members of the Provost's Council to the following:

   The number of elected members shall be four times the number of members of the Provost's Council with a maximum of sixty members, except that, if the number of members of the Provost's Council is twenty or more, the number of elected members shall be three times the number of members of the Provost's Council.

16. The President presented a report on the existing "University Personnel Structure". This statement is made a matter of record in the files of the Board of Trustees. It was the sense of the meeting that no changes in the existing structure relative to the administration of "classified personnel" should be or could be made at this time.

17. The President presented a communication from L. C. Riccio, University Comptroller, requesting Board approval to complete transactions on the purchase of property as indicated below:

   White property, Lodgebrook area. Purchase of land and building, approximately $26,000 (per appraisal). 6.4 Rental Property.

   Kirkpatrick property, on East Road in Mansfield and on Route #195. Land and buildings, approximately $25,350 (per appraisal). Approximately eighteen acres. 6.4 Plant Science.

   Mason property, on Route #195 in Mansfield. Front piece consisting of a lot roughly 150x150 feet and one dwelling, approximately $34,000 (per appraisal). The rear piece of approximately one acre and a small dwelling, approximately $14,000 (per appraisal). General Fund.

   Wright property, north of the orchard. Consisting of 2 1/2 acres, approximately $3,000 (per appraisal). General Fund.

   Copeland property, off Route #195 in Mansfield. Consisting of a five-room dwelling and approximately 1/3 of an acre of land, approximately $20,000 (per appraisal). General Fund.
17. Continued

Kerwin property, on Route #195 in Mansfield. Consisting of a parcel of land of 79 feet on Route #195 and a depth of 229 feet, and a 9-room dwelling, approximately $29,000 (per appraisal), General Fund.

THE BOARD VOTED to authorize Mr. Riccio to proceed in the acquisition of the properties indicated but within the funds as authorized, namely, up to but not exceeding $50,000 from 6.4 in accordance with Public Act No. 423, and $60,000 of General Funds authorized by the 1957 General Assembly (Special Act No. 671), and as provided in the deeds to staff members (Ledgebrook and Willowbrook faculty residential areas).

18. The President presented a communication from L. C. Riccio, University Comptroller, recommending an increase of $20 per year or $10 per semester in dormitory rates.

THE BOARD VOTED to approve Mr. Riccio's recommendation, the new rates to become effective beginning with the school year 1958-59.

19. Comptroller L. C. Riccio recommended an increase in rental housing rates (faculty and staff) of $5 per month beginning in September of 1958.

THE BOARD VOTED to table this recommendation for additional information from Mr. Riccio.

20. THE BOARD VOTED to authorize L. C. Riccio, University Comptroller, to sign an agreement between the University and the Town of Mansfield regarding the maintenance and right of way of the South Eagleville Road.

21. The President recommended that the Board devote a full meeting in the near future to review and appraise the programs and services of the University in the light of:

(a) Future needs for providing higher education to an increasing number of our qualified youth

(b) Costs of present programs and services

(c) Changes in the industrial, agricultural, and professional needs of our state

(d) The need, if any, for changing emphases in present programs and services

(e) Our responsibilities to recognize and serve the national interest as well as the state's interest
21. Continued

It was the sense of the meeting that the Board of Trustees devote time to a discussion of these matters.

22. The President distributed to the Trustees the following items for the information of the Board:

(1) Copies of the Second Report of the President's Committee on Education Beyond the High School,

(2) University Newsletter, December, 1957.

(3) University Bulletin - School of Pharmacy.

(4) PHARMA CONN.

(5) Fee statement report.

(7) Tuition charges at Land-Grant colleges and state universities.

(8) Crash Programs Not the Answer.

(9) Statement - Federal Scholarships.

(10) Statement - Federal Fellowships.

(12) Resolution of American Association of Land-Grant Colleges and State Universities.

(13) Washington Report - by Russell B. Thackrey, Executive Secretary, American Association of Land-Grant Colleges and State Universities.

(14) Salary data for presidents, deans and faculty in Land-Grant colleges and state universities.

23. A proposed recommendation concerning an increase of the President's salary maximum was fully discussed. Recognizing
the Board has full jurisdiction in such salary matters, it was the unanimous opinion the maximum be increased. No definite amount was decided upon at this time. The timing of such an event poses a problem and after some discussion, and due to the lateness of the meeting, it was suggested we pursue this subject at our next Board meeting.

Respectfully submitted,

J. Ray Ryan, Secretary
