Mr. Lyman rendered a report of the Gilbert Farm Committee as follows:

"REPORT OF THE GILBERT FARM COMMITTEE.

Charles E. Lyman, Chairman.

Since the last meeting of the Board of Trustees there is little of importance to report from the farm.

Mr. Eaton has been pushing the work on the Domestic Building so called, making ready to feed the boys.

There will be necessary a somewhat larger expense to properly fit up the building than was at first estimated. Mr. Eaton now estimates the expense will foot up to about $1,000.00.

The Poultry Department is getting into good shape. Mr. Eaton reports 2500 chickens hatched and an estimated hatch from the incubators of possibly 1000 more.

Your Committee under advice from a Boston hog specialist, has inoculated about half (50) of the smaller pigs on the farm, as a precau-
tion against hog Cholera.

The larger hogs which will probably be ready for market within six or eight weeks, we were advised not to disturb.

Almost no planting has been done on the farm as yet owing to the lateness of the season.

Charles E. Lyman, Chairman."

Voted: That the report of the Committee be accepted and that the recommendations regarding the Domestic Building be adopted.

Voted: That the next meeting be held on Tuesday, June 13, at the College.

The meeting then adjourned.

Attest:

C. F. King
Secretary.
