(16) Gift of large collection of phonograph records to College of Pharmacy from Dr. A. L. Omohundro, Bridgeport. Placed in music room of Student Union Building.

(17) Gift of purebred Morgan mare to College of Agriculture from J. Harry Wood, St. Louis.

(18) Gift of two books to College of Pharmacy from Vincent Giampietro, Stamford.

(19) Gift of mortars and pestles, antique porcelain drug jars, and ceramic urns to College of Pharmacy from Edward Mogull, Bridgeport.

(20) Gift of $25.00 from Simon Collier, New York, to purchase books for University Library, in the field of industrial administration.

(21) Gift of collection of herbarium sheets of seed plants and ferns to Botany Department from Charles C. Hamner, East Hartford.
9. THE BOARD VOTED to approve the following research project to be carried on by the University staff and financed by the agency indicated:

(1) $5000 grant from Dr. Salsbury's Laboratories to continue research study of infectious bronchitis under the direction of Animal Diseases Department.

10. The President discussed with the Trustees the adoption of official school colors for the University. THE BOARD VOTED to adopt as official school colors National Flag Blue and White, the shade of navy being Cable No. 70077 on the Standard Color Card of America, 9th Edition, as recommended by a special committee appointed to study color standards.

11. THE BOARD VOTED to approve the following transfers in accounts:

(1) $2,213.92 from Project 8.547, College of Pharmacy, Addition of East Wing, to Project 8.388, Construction of Pharmacy Building.

(2) Allotment from State Bond Issue Account 3.20 of $2,516.08, to 8.388, Construction of Pharmacy Building.

(3) $8,871.59 from 6.4, Self-supporting Activities Fund, to Project 8.149, Student Union Building.

12. THE BOARD VOTED to amend the termination date of Samuel Bourne, Instructor in Mathematics, from February 1, 1953 to December 1, 1953, as determined by the office of the Attorney General of the State after reviewing the tenure policy of the Board of Trustees.

13. The President reviewed again the designation of honor scholars. The Board voted on May 16, 1951 to approve the plan for honor scholars but did not, at that time, vote on the waiving of the $150 fee for each of the ten scholars indicated in the plan recommended by the Faculty Senate of the University.

After considerable discussion, THE BOARD VOTED to recognize high scholarship achievement on the part of the ten honor scholars by waiving the fee of $150 per year. Mr. Elmer S. Watson was recorded as not favoring the vote.

14. The President discussed with the Trustees the "memorandum of understanding" between the Connecticut Agricultural College Extension Service and the County Farm Bureaus. The annual meeting of the State Farm Bureau Federation was being held at the same time the Board of Trustees was in session. The President indicated that the "memorandum of understanding" was to be studied by a special committee to be appointed by the State Farm Bureau Federation to determine if the memorandum could be changed or whether there should be an organic separation of the Farm Bureau Federation from the Agricultural Experiment Station, which has now taken place in all states but six, in order to permit the County Farm Bureau organizations to engage in insurance, cooperatives and other business enterprises which appear to be contrary to the restrictions set forth in the memorandum.

It was clearly understood that the relationship of the University and the Farm Bureau is excellent. Therefore, the reason for the study does not stem from the loss of confidence of one contracting party in the other.
15. The President presented a letter from Mr. W. B. Young, Dean and Director of the College of Agriculture, covering a request from Dr. E. A. Perregaux written under the date of November 10 and received by the Dean on November 14, for an extension of leave in order that he may continue as Chief of Food and Agriculture Division of the Mutual Security Agency located in Paris, France. This was the first indication that there might be a request for another extension of Dr. Perregaux' leave and plans had already been made for his return, including assignment of research and teaching responsibilities.

After some discussion, THE BOARD VOTED to approve Dr. Perregaux' leave until September 16, 1953. The letter should indicate, however, that no additional extensions to his leave will be granted and that the lateness of the request has complicated University planning of research and teaching assignments.

16. The President discussed a communication received from Mr. W. B. Young, Dean and Director of the College of Agriculture, regarding a request from Mr. Clifford Goslee, Chief of the Dairy Division of the Department of Farms and Markets, for the University to consider the processing of dairy products needed for inmate consumption at the Mansfield Training School.

After considerable discussion, THE BOARD VOTED to instruct the President to advise Mr. Clifford Goslee that the University stands ready to be of assistance in any way possible to any State agency within the facilities available to the University and if it is clearly in the interest of better service and in the interest of economy. THE BOARD FURTHER VOTED to approve of the University processing dairy products for the Mansfield Training School if our new facilities are adequate to take on this additional service and if it is clearly more economical for the State to provide service to the Mansfield Training School in this way.

17. The Board discussed the magnitude of laundry service required by the University AND VOTED to instruct Mr. L. C. Riccio, University Comptroller, to request consideration by the appropriate State agency for the Mansfield Training School or some other State institution to provide laundry service for the University if desirable quality standards can be assured and if it is clearly indicated that it would be more economical to handle the University laundry service in this way.

18. The President read to the Board of Trustees a beautifully prepared tribute from the members of the Student Senate of the University of Connecticut. A copy of this tribute is made a matter of record in these minutes. The Trustees were unanimous in their expressions of appreciation for this tribute from the students with reference to the new Student Union Building facility and IT WAS VOTED to instruct the President to address a letter to the Student Senate indicating the appreciation of the Trustees for the tribute.

19. THE BOARD VOTED to instruct Mr. Ray Brock, Acting Chairman of the Board, to address a communication to Mrs. Jorgensen expressing appreciation for her assistance in the selection of furniture for the Student Union Building.

20. The President planned to distribute mimeographed material to the Trustees before adjournment. It was decided that this material would be made a part
20. of the minutes and forwarded to the Trustees. This material comprises

(1) A copy of a statement covering biennial budget requests for the biennium 1953-55 which was forwarded to the Budget Department. This statement incorporates the decisions made by the Board of Trustees at the meeting on September 17, 1952.

(2) A list of members of the professional staff and the present salary of each, which incorporates all adjustments in lieu of the Barrington reclassification study recommendations for the professional staff.

Respectfully submitted,

A. N. Jorgensen, President

For

J. Ray Ryan, Secretary
