Mr. Watson reported to the Trustees for the Finance Committee. He reviewed the status of capital projects on the campus and at the branches, indicating the amount of funds involved, the source of construction funds, and percentage of completion.

He also reported on the Committee's review of the many financial operations of the University and indicated that the University administration will prepare for his Committee's consideration the following:

(a) The present status and allocation of student fees and such recommendations as seem indicated by the administration regarding any adjustment in fees;

(b) An analysis of salary schedules for the professional staff as compared to other institutions, as well as the changes recommended by the administration.

The President distributed two documents basic to the review of salaries to be made by the Finance Committee:

(1) Complete professional staff roster of the University of Connecticut, indicating names, titles, dates of appointment, and present salary.

(2) Summary by classification of the salaries actually paid to the members of the professional staff.

He also discussed with the Board the need for acquiring the James Goodwin property (polo field) adjoining the Hartford Branch. He indicated that this matter was before the State Bond Commission and could be financed out of funds authorized by the 1957 session of the General Assembly for land purchases.

He discussed again the need for acquiring the Allen property to the west of the Hartford Branch campus. This matter is under consideration by the present owner and her attorney and the Connecticut Bank & Trust Company. It is hoped that the owner will sign the necessary documents giving the University (the State of Connecticut) the first opportunity to purchase in the event of her death.

The President was authorized to review with the Business Office the availability of free funds that might be used to purchase the Walker, Fitts, and Nutmeg properties or to secure options on these properties, and/or the possibility of purchasing them on a delayed basis - in other words, making annual payments over a period of time. The President will report on this matter at the next meeting of the Board.

13. The President discussed with the Board of Trustees the ROTC program which requires attendance of all physically fit males during the freshman and sophomore years.

Petitions for exemption from the National Defense requirement on the grounds of conscience presented by Paul Ferraro and Paul Jaeger were not approved in accordance with the present two-year requirement.

The Trustees approved of the President's action. The President indicated that last year and this year, the University of Connecticut through appropriate channels had indicated disapproval of the "disclaimer clause", urging that it be repealed. In the meantime, however, the scholarship funds

had been received and distributed on the basis of student needs. It was felt that the students should not be denied acceptance of loan funds to enable them to attend college.

16. The President advised the Trustees of a communication received from the State Building Program Commission requesting a priority listing of capital requests to be presented by the University to the 1961 Legislature. The President reminded the Trustees of the approved schedule of capital projects which was presented to the Building Commission on August 1, 1958 for action and presentation to the 1959 session of the General Assembly.

THE BOARD VOTED approval of the President's suggestion that this document be reviewed with the Finance Committee of the Board along with such suggested changes as recommended by the administration.

17. The President presented for the Trustees' consideration a communication from Mr. Clarence F. Baldwin, Auditor of Public Accounts. The communication had to do with the responsibility of the Auditors of Public Accounts for "pre-auditing."

In each of the items voted, the information would contain the name of the employee, the title of his position, the term of his employment, if limited, and the annual or bi-monthly salary.

Mr. Baldwin, speaking for the Auditors of Public Accounts, stated in his communication that, "This will in no way affect the present procedure on unclassified employees between the University of Connecticut and the Personnel Department."

18. THE BOARD AGAIN VOTED to authorize the President to present to the fiscal authorities of the State the need for activating the closed educational TV facilities at the University. The teaching load at the institution and the indicated economies underscore the importance of activating the facility at the earliest possible time.

19. The Governor's letter and attached memo to the Governor prepared by the State Budget Department in response to the President's expressed concern about teaching loads and salaries at the University, were discussed at considerable length. It was felt that the President should prepare an analysis of the supporting memorandum prepared by the State Budget Department.
